FDR'S SPEECH TONIGHT IS EAGERLY AWAITED

WELFARE BOARD AND NURSERY SCHOOL TO HAVE CHRISTMAS TREES ON DECEMBER 18 AND 22

At the regular meeting of the City Welfare Board this morning plans were made for the annual Christmas tree program for the children of families who look to the Welfare association for help. The association is providing for one tree for all of the children who are six years of age and up to twelve, this tree to be at the city hall on Monday, December 16 at 2 o'clock.

SEATTLE FOLK RUN WILD AND AID BLACKOUT

SEATTLE, Dec. 9.—Smashing show windows and looting displays, a crowd of more than 1,000 persons enforced Seattle's first wartime blackout in defiance of police Tuesday.

CHANCE FOR WAR VETS

Down Mexico way, north of the border, at Uvalde, home town of John Garner and at Crystal City, Texas' largest spinach-growing section, it is planned to establish Veterans' Homestead Colonies, where a veteran with a small pension or other income will be sold ten acres of rich irrigated soil and a 4- or 5-room house with conveniences where, with vegetables from his winter and summer garden, eggs and chickens from a flock of two hundred chickens, milk, butter and calves from a herd of four or five cows, the veteran can become independent from the efforts of himself and his family.

ASLEEP AT THE SWITCH

WASHINGTON, Dec. 9.—A declaration that someone responsible for the defense of Hawaii was "asleep" at the time of Japan's lightning attack on Pearl Harbor was made in the house naval committee Tuesday by Representative Vincent of Kentucky.

FEW FACTS OF JAP SITUATION MADE KNOWN

WASHINGTON, Dec. 9.—President Roosevelt's address to the nation tonight will be devoted largely to a discussion of the "Nazi pattern" of the present war as it involves the U. S., the white house said today.

Secretary Stephen Early said the chief executive would spend most of the day working on the address and that it would deal more with the "Nazi pattern of over-all situation" than with Japan in the Pacific.

MANILA, Dec. 9.—The United States defense forces officially reported today to inflicting "considerable" losses on Japanese air squadrons attacking the Philippines, but officials still withheld comment on reported enemy land operations on the islands of Luzon and Mindanao.

Lieut. Gen. Douglas MacArthur, commander-in-chief of the American forces in the Far East, said the Japanese "sustained considerable aerial losses in their attacks on island objectives, including Nichols Field, south of Manila. The attacks ranged from Luzon Island, on which Manila is situated, to Davao on Mindanao Island in the south. Clark Field, near Manila, was reported heavily damaged, while Iban and Taguerebaro were heavily bombed.

WASHINGTON, Dec. 9.—Senator Charles W. Tobey, New Hampshire Republican, said today it is "reported on the senate floor that a large part of the Pacific fleet has been wiped out" and demanded that the American people be informed of the true situation.

Spreading Pacific hostilities raised squarely today the question of whether Germany and Italy will give direct aid to Japan. A Japanese spokesman in Tokyo made this statement today: "Of course, Japan expects Berlin and Rome to declare war on the United States. Furthermore, if needed, we expect substantial aid from our allies."

It is expected that Berlin will make known its position Wednesday. The German embassy today burned its secret papers at Washington, which is the usual prelude to severance of diplomatic relations or of war.

TONIGHT'S CC MEET IS OFF; NEXT TUESDAY

There will be no meeting of the directors of the chamber of commerce tonight, Vice-president J. D. Lauderdale announced today on account of the Christmas carols to be sung by Cisco public school children at the Methodist Park Christmas tree at 7:30 o'clock.

The chamber of commerce meetings have been off schedule for some weeks on account of a formerly deferred meeting, and these meetings have been held on the same Tuesday night as that of the city commission. Deferring until next Tuesday night will put the schedule back to its proper time and members may attend both city commission and CC meetings.

The city commission will consider matters of importance to the city and other detail matters tonight, it was stated.

PHONEY TIP

WASHINGTON, Dec. 9.—War department officials said today that the air raid alarm in New York resulted from a phoney tip that set into motion the planes and equipment which have been ordered held on a constant alert basis. An official told reporters that the information from Mitchell Field, Long Island, was that an unidentified tip at that base said enemy bombers were off New York.

LARGE NUMBER OF CISCO BOYS MAY HAVE BEEN PEARL HARBOR AREA WHEN JAP BOMBS FELL

The damnable treachery of the Japanese in dropping bombs on American soldiers and sailors stationed in the Pearl Harbor sector of the Pacific while peace negotiations were still under way, has been universally condemned throughout the world, and particularly in Texas, since many Texas boys are known to have been stationed in that area.

Cisco is thought to have a large number of native sons in the generally vicinity of Pearl Harbor, hence many local fathers, mothers, sisters and brothers are anxiously awaiting announcement of the casualty list caused by the savagely ambushing tactics of the detestable yellow fanatics.

Ciscoans in or near Pacific waters when last heard from include the following: Raymond Reames, son of Mr. and Mrs. F. T. Reames; aboard the USS Lexington. Otis Lomax, son of Mr. and Mrs. O. C. Lomax; in the submarine service; Pearl Harbor area. Wayne and Carol Barnhill, sons of Mr. and Mrs. S. O. Barnhill, aboard the Enterprise; Pearl Harbor. Doyle Alsop, son of Mr. and Mrs. J. F. Alsop; Pearl Harbor. Bill Westfall, son of Mr. and Mrs. A. R. Westfall; somewhere in the Philippines. J. T. Culp, son of Mrs. Clyde Mancill, in the Philippines. Tom Morrison, son of Mr. and Mrs. Roy Morrison; aboard USS Lexington. Clifford Dunn, son of Mr. and Mrs. C. M. Dunn; aboard USS Portland. Bob Bacon, son of Mr. and Mrs. Ted Bacon; in the Philippines. Troy Anderson, son of Mr. and Mrs. Leeman Anderson; Pearl Harbor. J. W. Brandon, nephew of Mr. and Mrs. Ed Huestis; aboard USS Saratoga; near Pearl Harbor. James McKissick, son of Rev. and Mrs. J. T. McKissick; somewhere in the Philippines. Ensign Enders Huey, son of Mr. and Mrs. B. S. Huey, assigned to a submarine flagship; whereabouts unknown. Mrs. Huey received a letter from Ensign Huey yesterday.

KIDDIES IN CAROL CHORUS

As the third number of public entertainment by the Merchants Christmas Trade Expansion organization, the public school children from grammar and two ward schools will sing Christmas carols around the lighted Christmas tree at Methodist park tonight, beginning at 7 o'clock, sharp. This will allow for a 30-minute program and still give plenty of time to hear the president's radio address at 9 o'clock, Chairman Pete Nance said today.

The elementary boys chorus is in charge of Mrs. Elizabeth Hughes and other choruses of boys and girls are under the direction of Mrs. K. C. McCasland.

Thursday night of this week is set apart as Women's Shopping Night, when all men shoppers will be fined if found down town. Friday night will be Men's Shopping Night and all women will be fined if they interrupt the privacy of men shoppers. With women police aiding Big Chief D. G. Streater, much fun is expected, especially on Women's Night, when men snooters will be fined or jailed.

It has been hinted that the fines will be minor sums, since fun and not money is the goal sought. Saturday, December 13, is the next date for the appearance of Santa Claus with candy and souvenirs for the children. Monday, December 15, will be Dollar Day with Cisco merchants, when many will be advertising dollar items.

CISCO W. O. W. CIRCLE GUESTS OF COMANCHE

The degree teams of the Woodmen Circle, accompanied by other members and woodmen, attended the district meeting of Woodcraft at Comanche Monday night.

The Circle has a women's team and men's team. A team composed of both men and women was in charge when initiatory work was put on by Cisco, after which the flag drill was given.

The women's team is composed of Mrs. Roy Farley, captain; Mrs. Grace Farnsworth, Mrs. C. B. Hill, Mrs. Nolan Duncan, Mrs. L. G. Ball, Mrs. Melba Lanham, Mrs. Dee Clements and Mrs. R. M. Bates; Miss Joyce Rainbolt, pianist.

The men's team attending is composed of Jake and Leonard Sublett, C. B. Hill, E. C. McClelland, L. R. Rains, Butler, and Roy Farley.

Mrs. J. P. McCannies, district deputy manager, accompanied by Mr. McCannies, accompanied the drill teams.

Others of the fraternity attending were L. G. Ball, Nolan Duncan, Miss Frances Hill, Mrs. Mary Abbott, Mrs. Effie Mayhew, Mrs. G. P. Rainbolt, Mr. and Mrs. Jake Sublett and Mr. and Mrs. Leonard Sublett.

At the conclusion of the program of work, refreshments of coffee and cake were served by the host circle, which was followed by a social hour, when games, dancing and other diversions were enjoyed.

The meeting was attended by Mrs. Laura Krebs, state manager, who accompanied the party home, and was the over-night guest of Mrs. J. P. McCannies.

Mrs. Krebs left this morning on her west Texas itinerary of circles at Albany, Abilene and Merkel. She will attend the district meeting at Merkel tonight.

CISCO BASKETEERS WILL OPEN SEASON TONIGHT AT LOCAL GYM AGAINST STRONG DUBLIN TEAM

Cisco high school basket ball, directed by Coach Murphy, will open its season tonight at the local gym in a contest with the Dublin team. A return game will be played at Dublin Thursday night. Admission is ten cents to all.

About 15 boys have reported for training thus far, but Coach Murphy expects a larger squad within the next few days.

So far there is only one letter from the team. This is Bruce Saunders, who is well over six feet in height and was a power in the football line.

Other boys showing up well in training for the team are Bill Dill, W. C. Gardner, Paul Moseley, Donald Shirley, Spec Tompkins, James Wright and Glenn Duggett.

YARGER AT HOME

After an absence of several months in an Illinois oil field, Frank Yarger, well-known Cisco man, has returned home for the winter. He seems to be in fine health, and says he had a very pleasant stay.

It was announced that another tree would be set up at the Nursery school on south D avenue, through joint efforts of the directors of the nursery and the association, this tree to be on Thursday, December 18 at 2 o'clock—or all underprivileged children less than six years old.

Arrangements have been made for barrels to be placed at strategic places in the business district of Cisco to receive toys, bundles of clothing and other gifts which citizens are urged to contribute or distribute at Christmas time.

Ev. Gary L. Smith and Rev. Leslie Seymour were made responsible for this part of the undertaking.

Other committees named by the Lane board chairman, are: Andy supplies, P. R. Warwick; apples and oranges, Mrs. B. C. Letcalf; toys, Mrs. Garland Nance; sackage and sacking, Mrs. L. E. Aught; transportation, R. N. Luck; decorations, Mrs. H. C. Anderson; Miss Alice Bacon, Mrs. N. A. Brown, Mrs. Sam Kimball; distributing and program committee, Mrs. H. B. Hensley; Mrs. S. L. Cook, Mrs. Yancy McCreary, Mrs. B. E. Morehart, Mrs. J. Tableman, Mrs. W. W. Wallace, Mrs. Emmett Green; joint committee to confer with nursery directors, Mrs. L. E. Vaughn, Mrs. E. Caffrey, Mrs. W. D. Hazel. It was decided that for the sake of avoiding confusion, all children who expect to attend the tree at the city hall will be issued Christmas tickets or passes at the office of the City Welfare association and they are expected to call for them there.

Chairman Lane expressed appreciation for the excellent response to the recent "bundle day" appeal, when large quantities of food and clothing and other supplies were brought in.

50,000 ARE BORN EARLY SANS BIRTH RECORD

WASHINGTON, Dec. 9.—Registration officials fail to record the births of nearly 250,000 children a year, nationwide test conducted by the census of bureau discloses.

Registration was best in the northern and Pacific coast states. In the south and southwest it fell as low as 75 per cent.

Today there are 60,000,000 persons in the country without birth certificates because they were born before the establishment of a reliable registration system.

Some of these persons are unable to get jobs in defense industries because they cannot prove their citizenship.

Others are encountering difficulty in filing social security claims because they cannot produce a birth certificate to prove their age conclusively.

Old family, church and census records are often acceptable when birth certificates are not on file.

Mrs. E. H. Muller spent Monday in Mineral Wells.

POLITICAL PORK BARREL MUST BE BURIED.

We are actually at war now and no time should be lost in burying the political pork barrel. Congressional heads should wake up and get the idea firmly fixed that this MUST be done. Taxpayers and consumers—and that means all of us—DEMAND such action. Is economy in non-defense federal spending possible? One of the highest official authorities, Secretary of the Treasury Morgenthau, recently said Yes—and then he showed explicitly where some major cuts can be made. The secretary's testimony was given before the congressional economy committee—a committee which, if it succeeds with its objectives, will render every citizen of this country a tremendous service.

First, he said, the \$95,000,000 reclamation allowance and the \$209,000,000 rivers and harbors item should be reexamined in the light of defense needs. The \$968,000,000 farm-aid program for 1942 and big appropriations for other farm projects such as rural electrification, should be heavily cut. The 1943 highway appropriation of \$139,000,000 should be canceled. And heavy reductions should be made in the budgets for such welfare agencies as the CCC and the NYA.

Following the secretary's advice in reducing the spending for these activities alone, would save upwards of \$1,000,000,000 a year. And that would mark only a beginning. In every branch of the government there is waste, overlapping, duplication of effort that supports thousands of political hangers-on. Dozens of minor bureaus could be entirely abolished without eliminating any necessary government function.

And those "government in business" agencies, such as the various electric power authorities, are a menace to free institutions which our defense program is designed to perpetuate. Here is a real opportunity for the wise lawmaker who wants to win the war quickly and with as little hardship to the people as possible. Lawmakers should know that we cannot long carry the financial burden of war and the financial burden of political "spending as usual."

The far-seeing secretary of the treasury has urged an economy program which should be started as soon as possible—in the interest of NATIONAL SOLVENCY.

HONEST LIVING. There is still an occasional American who can't see what the real issue is between the totalitarian countries and the democratic countries. Apologists for the hard-boiled Nazis and Fascists, including the Japanese, insist that these are "have-not nations" which must fight for more natural resources and opportunities in order to live.

The answer to their attitude is simply that it isn't true. There are, of course, real private advantages, and some public advantages, in

owning areas containing important natural resources such as iron, rubber, copper, tin, and so on. But in general, and by natural processes of trade in normal times, such natural resources are readily exchanged for goods manufactured in countries less mineralized but more industrialized. And certainly Germany, Italy and Japan were all prospering much more while they followed this normal procedure than they have been, or are likely to be, from turning predatory and trying to get rich by robbing their neighbors. This is made plain by an article on the "Raw Materials Hoax" in The Nation. Gabriel Javits writes:

"Switzerland, densely populated and without access to the sea, finds sufficient creative ability among its people to enable it to enjoy the highest per capita income in Europe next to Sweden. Sweden in turn has a higher per capita income than the United States with its virtually unlimited resources and thinly populated territories. Obviously the size of a country and the number of its inhabitants bear little relation to the wealth and well-being of its people. The organization of production and distribution is the important factor. In a liberal world economy, in time of peace, all states—great and small—do in fact enjoy free access to the raw materials of the world, on equal terms."

The way for the rebellious "have-not" nations to prosper is to disband their ruinous military forces and turn their energies to productive work, making an honest living.

THOSE RUSSIANS.

We don't expect to get much fun out of anybody's war, but the Nazis lately have given the free world a good chortle. Several different explanations have come from the Hitler leadership regarding the retreat from Rostov under heavy Russian pressure. The most definite excuse was this:

The German army had to evacuate Rostov and adjacent territory because of "the Russians' inability to understand that they were defeated." Maybe General Timoshenko and his troops are just that dumb. If so, the world is witnessing the miracle of a nation saved by its own stupidity. Those dumb Slavs simply don't know when they're licked, but go right on fighting as if they were winning. And the natural result of that is that they DO win.

They continue fighting, complains the German radio, "even when it is impossible for them to continue without being completely destroyed." And when that happens, as if by some miracle there are more Russians there to take their places. It seems that even the dead rise up to defend their country.

NEW TRAFFIC LAWS.

TALLAHASSEE, Fla., Dec. 9.—Thousands of winter tourists to Florida will find pleasant driving conditions because of legislation altering the state's traffic laws to conform with those of most other states. The new law standardized road regulations and set top speed for daylight travel at 60 miles per hour and 50 for night driving.

1930 Bridge Club.

The home of Mrs. R. W. Mancill was the scene of a happy party Thursday afternoon when Mrs. Frank Bell and Miss Nora Shelton entertained the 1930 Bridge club, the Tri-K club and additional guests. The rooms were beautifully arranged with cut flowers. Six tables of bridge were in play from 3 until 6, then the hostesses served a salad course and iced tea. The guests present were Mrs. Neel Gene Bell, W. C. Patterson, H. West, J. H. Brice, K. H. Pittard, Cheatum, Frank Blankenbecker, Mark Stamps and Thidaule of Mexico. Misses Beryl Huey, Mary Fee, Lottie Beesley, Bess

MOTHER.

Mother is a little girl who trod my path before me. Just a bigger, wiser little girl who ran ahead— Bigger, wiser, stronger girl who always watches o'er me, One who knows the pitfalls in the rugged road I tread. Mother is a playmate who will always treat me kindly— Playmate who will yield me what true happiness demands. She will never let my feet stray into brambles blindly— Mother's just a bigger little girl who understands. Mother is an older little playmate who'll befriend me— Yesteryear she travelled in the path that's mine today! Never need I fear a foe from which she might defend me— Faithful little pal who ran ahead and learned the way!

DO YOU REMEMBER?

(Cisco American, April, 1922.)

The first comprehensive radio receiving station to be installed in a Cisco place of business will be conducted within the next thirty days when the Daniels hotel lobby possesses itself with one of these modern apparatus extracting messages from the air, according to E. T. Gunther, manager of the Nunn Electric Co., who will perfect the installation. The equipment will have a capacity to receive any and all transmissions of speech or sound from any broadcasting station within the United States having sufficient wave length power to penetrate Cisco's ether. It will mean that this popular hostelry will no doubt become a rendezvous for sport fans, who will be able to receive the latest scores from any and all national events where broadcasting stations are maintained, as well as individuals and parties who desire to "listen in" to concerts, grand opera, pulpit deliveries and other agencies of instruction and entertainment in the great cities. Markets, oil news and every interest of commerce and play can be taken over the station, and will no doubt be made available to the Cisco public when the installation is perfected. The equipment when installed complete will cost about \$300, according to Mr. Gunther. This authority states that so great has become the demand for any and all types of wireless receiving and broadcasting equipment, that all American manufacturers are six months behind delivery of orders now on file, and that the European people are clamoring for some of our domestic production. The first radio receiving equipment to be installed in Cisco was that in Humbletown, which is said to have fallen into disuse.

Entertained Class. Mrs. C. W. Buchanan entertained her Sunday school class with a forty-two party Friday afternoon at her home on W. Eighth. The hostess served a delicious salad course with iced tea to the following: Misses Ruby Kate Richardson, Addie Lewis, Johnny Mae Moore, Freda Mae Abbott, Velma Nichols, Joyce Peoples, Vivian Cearly, Gwendolyn Clements and Bernie Chesley.

MRS. E. HOOKS IS LEADER OF ART PROGRAM

Mrs. Eugene Lankford presided and Mrs. W. V. Gardenhire was hostess when the City Federation held the regular monthly meeting Monday afternoon in the club house. In keeping with the program, roll call responses were from recent current events on art. Mrs. E. Hooks directed the afternoon program on "Art" and gave an interesting talk on "Modern Art." She illustrated her talk with paintings by modern artists.

Mrs. Randolph Lee Clark favored the group with a vocal number and also a piano selection, "The Boat Race," by Liszt.

Mrs. C. H. Fee gave the counselor's report. Mention was made that Boy Scouts are gathering old papers to help the defense program and citizens are requested to have bundles of papers tied and on front porches, Wednesday afternoons.

Mrs. Wm. Reagan invited the Federation to hear Mrs. Phillip Pettit review "White Cliffs" at the Twentieth Century club rooms next Monday.

Those present were Meses. Eugene Lankford, Mrs. C. H. Fee, Mrs. E. Hooks, Mrs. W. V. Gardenhire, Mrs. Wm. Reagan, Mrs. E. L. Pugh, Mrs. Randolph Lee Clark, Mrs. R. E. Pentecost, Mrs. E. McCracken, Miss Alice Bacon and Mrs. H. A. Bible.

Miss Myrick Is Hostess to SDC Club Saturday

Miss Jeanette Myrick was hostess Saturday afternoon at the regular meeting of the S. D. C. club. Plans were made for a dance to be given in the near future. Various games were entertaining features during the afternoon.

Refreshments were served at the conclusion of the games to Meses Frances Hanrahan, Bonnie Jo Mapes, Patsy Jim Putnam, Dorothy Jackson, Gloria Henson, the sponsor, Mrs. Yancy McCreia and the hostess, Jeanette Myrick.

Mrs. J. H. Latson Club Hostess December 5th

Members of the Child Study club were entertained Friday afternoon in the home of Mrs. J. H. Latson, 712 W. Fifth street. Mrs. Roy Burnam, president, was in charge and plans were made to have a party in the home of Mrs. H. D. Reese, December 18; names were drawn so that each child will be remembered.

Due to the guest speaker being unable to attend, a round table discussion was held; refreshments of pie and coffee were served by the hostess.

Those attending were Mrs. Paul M. Culp, Mrs. A. G. Gary, Mrs. Davis Fields, Mrs. H. D. Reese, Mrs. C. C. Pippen, Mrs. Chas. Clark, Mrs. B. B. Hurst, Mrs. C. R. Cogswell, Mrs. Tom Stamey, Mrs. Carlos Turner, Mrs. Fred Scott, Mrs. Roy Burnam and Mrs. Lonnie Shockley.

Mrs. Roy Farley Is Hostess to Circle

Circle six of the First Baptist Missionary society met this morning at 9:15 in the home of Mrs. Roy Farley. Mrs. B. B. Hurst opened the meeting with prayer and presided during the business period. The minutes were read and approved. Mention was made of the personal service assignment of the month which is sewing for the Baptist hospitals.

Plans were completed for assisting in entertaining the Sunday school workers of the Cisco Baptist association in an all-day meeting at the First Baptist church Thursday. The circle decided to have a Christmas covered-dish luncheon next Tuesday in the home of Mrs. W. W. Fewell with the afternoon spent in sewing for the hospitals.

Those present were Mrs. E. L.

LETTERS TO SANTA

Dear Santa: I am a little boy, eight years old, and I have been a good boy. For Christmas I want you to bring me a little red tractor, a wagon, football and an electric train. Please bring me some candy and nuts.

Santa, I am a little girl, seven years old and I have been good. I want you to bring me a little red rocking chair, a doll buggy and doll and some baby clothes. Please remember other little boys and girls, too, and don't forget the nuts and candy. We will be waiting for you. JACK LEDBETTER and LETA SIMPSON.

Dear Santa: I am six years old and I like my teacher and my little playmates. I study hard and I am a good boy. Santa, I want a football for Christmas. My sister wants a rubber baby doll and my little brother wants a rubber doll, too. Please remember. BILLY JACK TONG.

Dear Santa: I am a little boy, nearly six years old. I want you to bring me a sparkle airplane, a wagon big enough to ride in, a train and oil car and a pair of overalls like Daddy wears. Hope you visit all the little boys and girls in Cisco. Lots of love to you. JANNIE ESSL.

Dear Santa Claus: Please bring me some levis and a leather jacket, and on the back side of this letter you will find a picture of a gun that I would like to have. I would like to have a reverse engine for my train, but I don't care whether you bring it or not. DARON STREATER.

Dear Santa Claus: My name is Joe. I am eight years old. I want a bicycle, size 26, and anything you want to bring me. Yours truly, JOE CHRISTIE.

P. S.—Don't forget all the other boys and girls.

Dear Santa: Please bring me

a balloon and a magic skin doll. Thank you very much. JANE STREATER.

DOCTORS SPREAD CHEER.

DURANT, Okla., Dec. 9.—Two Durant doctors are publishing a monthly booklet with a circulation of 3,000 copies at their own expense just to "spread cheer and good will and try to convince people there is more to life than money." The booklet, entitled "A Friendly Chat," by Drs. Clay and Clay, contains no advertising, no "come-ons" and no mention of anything to sell. Its contents comprise bits of philosophy in prose and poetry. The Drs. Clay started their publication as a hobby ten years ago. Its circulation has grown steadily.

Mr. and Mrs. M. F. Underwood spent Sunday with his parents near Comanche.

CIVILIAN BLOOD PLASMA FOR FRONT LINE HEROES

RED CROSS STAGES FIELD TEST IN CAROLINA WAR GAMES

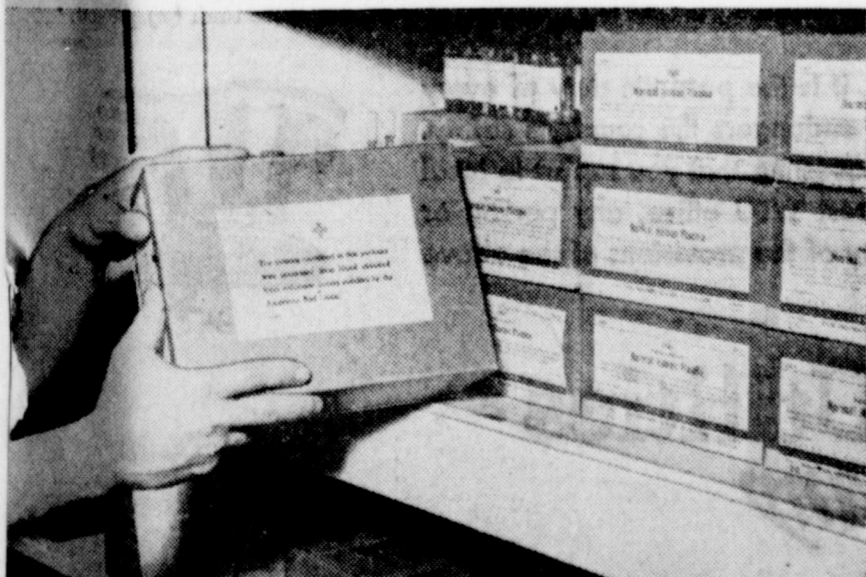

"VICTIM" OF THE FLAY IS FOUND ON CAROLINA FIELD.

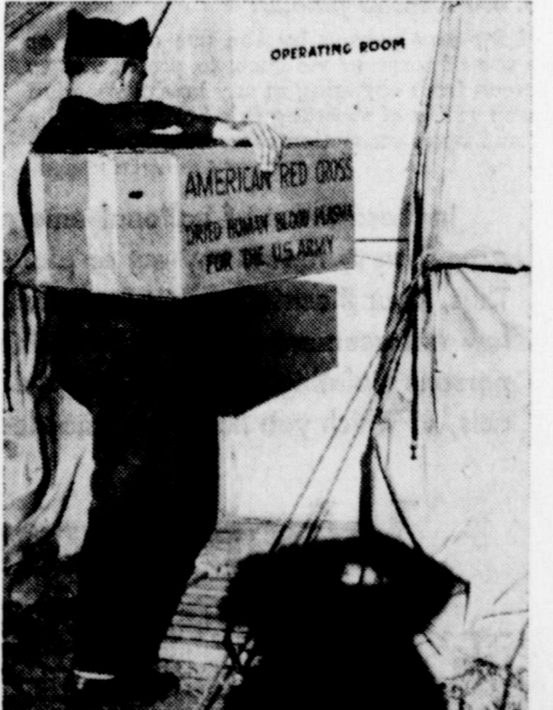

BORNE BY SWIFT PLANE, PLASMA ARRIVES "BEHIND THE LINES."

DISTILLED WATER IS ADDED IN FIELD TENT.

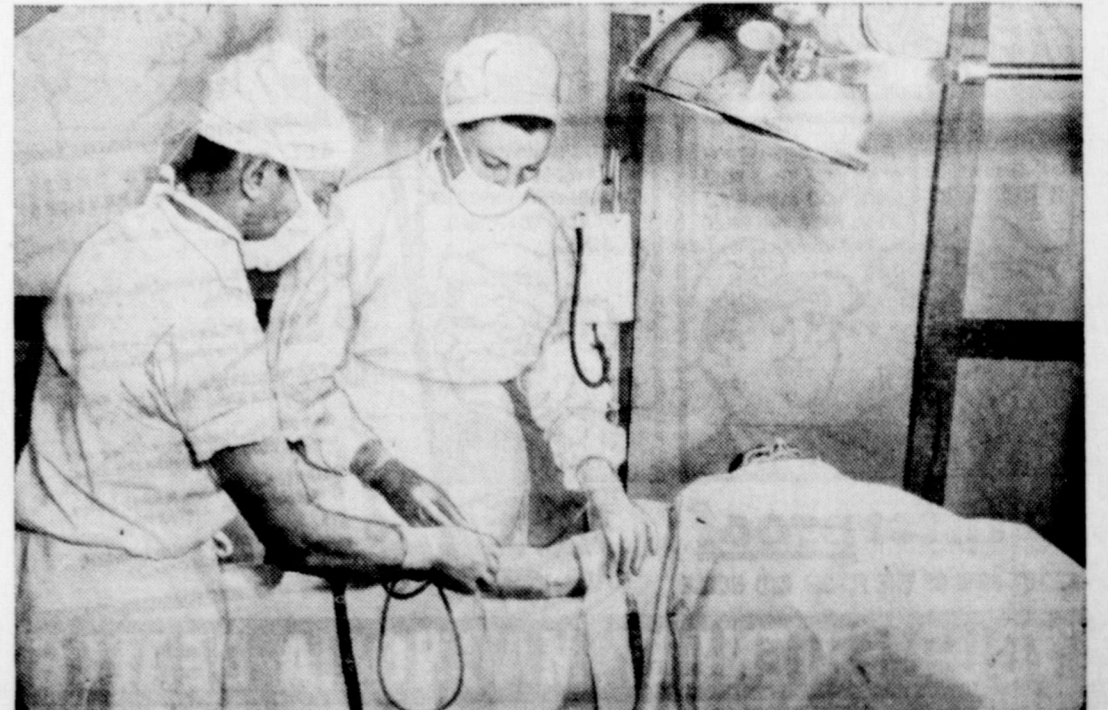

HERE'S THE BLOOD PLASMA READY TO PLAY ITS PART.

READY TO ASSIST BATTLE CASUALTIES.

Dried blood plasma, a modern miracle of science, derived from blood donated by Red Cross volunteers, today stands ready to safeguard the lives of soldiers at the front. Transfusions at the front, heretofore impossible, can now take place by means of special operating tent devised by the American Red Cross. With no cross-typing necessary, precious moments are saved that often mean the difference between life and death. Speedy military planes will transport the plasma, packed in cases of hermetically sealed vials, to scene of emergency or major battle, where by the addition of distilled water in prescribed amount, the plasma is ready for immediate use. Above, surgeon, nurses, "wounded trooper," plasma and plane, play their respective roles, to show America just how it would be done in war-time.

TRANSFUSION AT THE "FRONT" INJECTS VITAL FLUID.

BEES TAKEN SOUTH.

PEMBROKE, N. Y., Dec. 9.—The enterprising father-son apary team of John N. and Jourdain J. DeMuth is at it again—speeding bees to sunny climes. There is no rest of the DeMuth buzzing wards. They must live up to their reputation of being "busy as a bee," and produce honey both winter and summer. This is the tenth year that father and son have headed south with their beehives. Their winter base is Unatilla, Fla.

COTTON FARMERS TO VOTE ON QUOTAS FOR '42

By marking a "Yes" or "No" on the face of the ballot, Eastland county farmers will help write the answer to the question: "Do you favor marketing quotas on the 1942 crop?"

The question will be answered Saturday, December 13, when a national cotton marketing quota referendum is held.

To be in effect, marketing quotas must be approved by two-thirds of the cotton farmers voting in the national referendum. Cotton quotas have been approved for the past four years.

Regardless of whether farmers approve quotas, conservation features of the 1942 AAA farm program will be the same, but loans for cotton cannot be made unless quotas are approved.

bales of the total supply were in the United States. In other words we have 2 years supply of cotton on hand.

The purpose of marketing quotas is to divide a limited market equally among cotton producers. Farmers planting within acreage allotments established under the AAA program are permitted to sell all cotton produced on these acres.

With more than 2-million farmers in the United States planting within cotton acreage allotments they are cooperating in an effort to keep supply in line with demand.

Every producer of cotton is entitled to vote in this election. In view of the fact that we have a two-year supply of cotton on hand and no export trade on cotton, it would seem that we need some control of cotton production.

It is the privilege of every cotton producer to vote in this election. Be sure to vote Saturday, December 13. Polls will open at 8 a. m. and close at 8 p. m. Below is a schedule of the voting places:

Carbon—Methodist church. Cisco—Chamber of Commerce. Eastland—AAA office.

Gorman—Higginbotham store. Ranger—City hall. Rising Star—Higginbotham store.
