### CISCO JUNIOR COLLEGE WILL CROWN QUEEN IN ELABORATE CEREMONIES ON DECEMBER 18

The queen of Cisco Junior college will be crowned in an elaborate ceremony in the auditorium of the college Thursday evening, December 18, at 7:30 o'clock.

Many preparations are being made for this affair by the various committees.

Mildred Kimmell and Marian Jacobs are in charge of the program committee; Helen Louise Reynolds is chairman of the decorating committee and will be assisted by Dorothy Jobe, Troy Faraway and Lenox Byrd.

The entire student body is cooperating to make this a beautiful program.

The queen and her court were selected by Jack Gordon, popular sport writer Press columnist, and Frank Weatherford, manager of Interstate theaters in Fort Worth, on the pictures of about forty-five co-eds of Cisco Junior college.

The girls selected were Totsy Hreet, Eastland; Billie Zellars, Rising Star; Wilma Claborn, Star; Charlotte McKinney, Emory; Henry Etta Moss, and Mildred Kimmell, Cisco.

The identity of the queen is to remain secret until the night of the coronation.

There will be no admission charge and the public is cordially invited to attend.

### ROBINSON WIRE FROM PACIFIC READS: "O. K."

John Smith this morning received a radiogram from his nephew, Howard Robinson, U. S. marine on Midway Island in the north Pacific, which was very brief but thoroughly satisfactory to relatives and friends. The message said:

"O. K."

Robinson is a son of Mr. and Mrs. L. E. Robinson, who are temporarily located in Texarkana, where Mr. Robinson is employed in a government defense job.

As stated in the Daily Press of yesterday, Midway Island is 1,200 miles from Honolulu and is one of many points where the United States is building defense works.

### BOB BAND TO GIVE CONCERT WEDNESDAY

Band Director Leonard King announces the Lobo band's Christmas program will be given at the high school auditorium at 7:30 p. m. Wednesday evening, December 17. The public is cordially invited to attend this free Christmas concert, Mr. King said.

The program in detail will be published as soon as it is definitely arranged.

Mrs. N. A. Brown and Mrs. H. L. Brown visited Mrs. H. B. Poe and Winters Tuesday.

### CISCO IS ON THE JOB!

Mrs. Winnie Lineberger, 1106 A avenue, received word Tuesday from her son, Mickey Lineberger, stationed at the U. S. naval base, San Diego. He is well and in good spirits, the letter stated.

Other Cisco boys in the navy not heretofore mentioned are Vernon Shirley, son of Will Shirley, and Roy Lee Ayers, son of Mr. and Mrs. E. E. Ayers, 1010 E. Tenth street. Both are at Norfolk, Va.

Sergeant Howard Rogan, son of Mrs. Clarence Moon, is a member of the U. S. Marines and stationed somewhere in the Pacific.

Corporal Franklin A. Schaefer, son of Mr. and Mrs. Louis Schaefer, 107 W. Jefferson, is on the USS. Lexington. The Ciscoan is 21 years of age and recently received sergeant rating because of excellent marksmanship.

Bill Grozier, son of Mr. and Mrs. W. M. Grozier, is with the Marine corps—somewhere in the Philippine sector.

### LION SANDLER PRESENTED 2 CLUB NUMBERS

Lion Charles Sandler had charge of the program at the Laguna Wednesday when T. C. Williams presented his Santa Claus program that is being carried to the rural schools of Eastland county through the Cisco Merchants' Christmas Trade Expansion campaign.

The Santa Claus program was a quartet and a reading from the Cisco Junior college. The personnel of this program was a male quartet by Edward King, Troy Caraway, Wilbourn Ghormley and Jack Chambliss. Miss Billie Ruth Akin gave the reading.

Mr. Sandler also presented Mr. and Mrs. A. E. McNeely and daughter, Robbie Jo, in violin, piano, singing and dancing numbers.

Santa Claus presented Lion Cub Dr. J. H. Swanson with his Lion pin as his Christmas gift to that new Lion.

### 300 TO ATTEND SUNDAY SCHOOL WORKERS' MEET

Approximately 300 or more will attend the Workers' Conference at the First Baptist church, tomorrow morning at 10 o'clock. The program will be under the direction of the Sunday school board of the Southern Baptist convention.

A team of four is conducting similar meetings in every association in the state and every state in the south is included.

Two specialists in Sunday school work will be in the team—Andrew Allen and Miss Pauline Hargis, of Nashville. The other two members of the team are District Missionary Littleton and Dr. W. M. Turner, pastor of the First Baptist church, Nashville.

The purpose of the meeting is to give new emphasis to Sunday school work and seek the solution to problems facing Sunday schools.

### WOMEN'S AND MEN'S SHOPPING EVENTS POSTPONED FOR WEEK; DOLLAR DAY NEXT MONDAY

Women and Men Shopping Nights—set for tonight and Friday night—have been postponed until next Thursday and Friday nights on account of the rainy weather, according to Charles Sandler, chairman of the arrangements committee for the Christmas shopping campaign.

Merchants will advertise their Dollar Day bargains in Sunday's issue of the Cisco Daily Press, it was announced.

Dollar Day will be Monday and as many merchants as will are urged to list their bargain offerings for the Dollar Day event.

Saturday of this week has been designated as General Shopping Day for Christmas-gift items with Cisco merchants.

Gift items have been hard to buy and still harder to get delivered on, business men say.

Now that actual fighting has reached the American nation, last-minute orders will probably not be filled at all, merchants say.

The slogan is SHOP IN CISCO—EARLY!

### HITLER DECISIONS

LONDON, Dec. 11.—Adolf Hitler told the German people Thursday that up to Dec. 1 the German forces had taken 3,806,365 Russian prisoners and captured or destroyed 21,381 Russian tanks, 32,541 guns and 17,325 aircraft.

### PUPILS HELP IN DEFENSE

One hundred and twenty-five pupils from the Cisco Grammar school, chaperoned by their teachers—Mrs. K. C. McCasland, W. W. Lamar, H. C. Elliott and C. J. Turner—visited the Cisco postoffice in a body at noon today and purchased Defense Savings Stamps.

The students formed three lines and were thus served quickly and without confusion by Postmaster L. H. McCrea and two postal assistants, Joe M. Witten and Frank Clamitt.

Miss Louise Poe of the Daily Press staff was present and took the names of those who bought stamps and thus evidenced their deep interest in Uncle Sam's defense work. They are:

### EASTLAND COUNTY QUOTA IS \$5,000

E. E. Freyschlag, Eastland County Chapter, American Red Cross.

Again the American Red Cross is called upon to serve our nation in war.

Both nationally and locally we face vast and definite responsibilities for service to our armed forces and for relief to distressed civilians.

To provide essential funds, the Red Cross today is launching a campaign for a war fund minimum of fifty million dollars.

The president will issue on Friday — a proclamation supporting this appeal.

Your chapter quota is \$5,000. The Eastland county chapter should at once devote full efforts to raising its quota in the shortest possible time.

Please report action taken. We must not and will not fail in this crisis.

NORMAN H. DAVIS.

### U. S. DECLARES WAR AGAINST AXIS POWERS

WASHINGTON, Dec. 11.—The United States today went to war against Germany and Italy, making it an all-out battle against the Axis, including Japan.

President Roosevelt sent to congress his second war message within 70 hours and legislators snapped through the resolutions recognizing the existence of hostilities with Germany and Italy.

"The long known and long expected this takes place," the president told congress in his message, read separately by clerks in each house.

"Forces endeavoring to enslave the entire world are now moving toward this hemisphere," the president said.

The United States went to war unannounced, there being no dissenting votes to either of the resolutions. However, Miss Jeanette Rankin, Montana Republican, voted "present" instead of "yea" or "nay." She voted against the Japanese war resolution on December 8.

The senate jigg-timed the German resolution through to the tune of 80 to 0 and voted 90 to 0 for war with Italy.

The house vote on Germany was 393 to 0, with Miss Rankin voting "present." On Italy, the house voted 399 to 0, with Miss Rankin again merely "present."

The first move in the Atlantic may be a race for seizure of neutral islands which Germany or Italy could use as bases for aerial attacks against the richest and most populous seaboard in the world—the Atlantic coast of the United States.

Among the islands lying out as stepping stones for bomber attack on the north, south or Central America are the Canaries, which belong to Spain, and the Azores and Cape Verde Islands, belonging to Portugal.

And within our own hemisphere are islands belonging to Vichy; notably the island of Martinique in the West Indies, where a French gold hoard is cached.

The aircraft carrier-Bears and a French cruiser also lie there, and on the flying field are many American planes that were enroute to France when that country fell in June, 1940.

Mr. Monk is still weak and a blood transfusion may be given so that a weak stomach is quite strengthened.

Otherwise his progress is quite satisfactory, it was stated today.

### H. H. MONK IS REPORTED AS CONVALESCENT

H. H. Monk, superintendent of District B of West Texas Utilities, who has been ill for some days, is reported recovering at Graham hospital where he was taken when it was feared pneumonia might develop.

### ANNUAL 'WHITE GIFTS FOR THE KING' SERVICE

The First Baptist church will hold its annual "White Gifts for the King" Christmas service at the Sunday school hour on December 21.

Each year at the yuletide season the church seeks to make a large number of unfortunate families happy by presenting gifts brought to this special service.

The church is expected to be beautifully decorated again this year and an appropriate program will be rendered.

This is always an outstanding event in the church and is joyfully and enthusiastically anticipated.

### RUMOR PROBABLY FALSE.

Radio announcement Thursday morning stated the Japs had sunk the USS. Lexington, in Pearl Harbor. A telephone message from the Dallas office of United Press at 4 o'clock this afternoon said the story was probably unfounded, since the U. S. government has made no announcement to that effect. A number of Ciscoans are attached to the Lexington.

### CISCO HIGH BASKET BALL IN SCHEDULES

Coach Murphy and his high school basket ball team opened the season Tuesday night with the strong Dublin team and suffered a defeat by a score of 41 to 27 but having a good Irish name he refuses to admit a defeat. A return game takes the Cisco squad to Dublin tonight where they will play.

The Loboers are showing up rather well, the coach says, and he is optimistic regarding showings after the team hits its stride.

Other schedules will be announced next week, Mr. Murphy stated.

### County Draftees to Induction Station

Three from the Cisco area were among those sent to an induction station at Dallas by the county draft board from Eastland Wednesday.

CIVILIZATION.

"East Asia is now confronting an unprecedented crisis," said Foreign Minister Togo at Tokyo. Britain, America and other countries still refuse to understand Japan's ideals in the Far East and are hampering Japan's attempt to create a new order in East Asia which aims at attaining permanent peace and prosperity for all.

We understand it, however, only too well. We have seen in China the nature of the "new order" the Japanese imperialists have been trying to establish there.

We know, as the Chinese know, that it means immense seizure of other people's property, immense slaughter if they resist, and in any case the subjection of the inhabitants and owners to virtual slavery.

There might be peace and prosperity for the invaders themselves, if they were allowed to grab and keep all the territory and resources they covet in eastern Asia and the South Seas.

But the American people and government will not be parties to any such aggression and burglary.

We know that modern civilization will fall and the world will go to hell if whole nations are allowed to live by violence, and thieves and killers inherit the earth.

NO ROAD TO RICHES.

No profession performs a greater service for the American people than medicine. Upon the doctor falls the great task of keeping us physically and mentally healthy. And the typical doctor does that job without regard to his own comfort, his own pleasure or his own purse.

To become a doctor takes ten years (or a life time) of rigorous education. And after graduation many more years must go by before the young medico can hope to develop a sizable practice. Yet the financial rewards that come to the average doctor are extremely moderate in the light of the long and costly training he must undergo.

"Medical Economics" recently published a survey of the gross income of some 7,500 representative men of medicine. Slightly more than 50 per cent of these doctors had incomes ranging from \$1,500 to \$6,500 a year. Less than 5 per cent had incomes of more than \$16,500. And only seven-tenths of one per cent enjoyed incomes in excess of \$30,500.

These incomes, remember, are gross incomes. Out of them must be paid all the doctor's heavy expenses—office, supplies, nurses, transportation, etc.—before he has anything left for himself.

Medicine, in short, is no road to riches, and all doctors know it. Doctors of great reputation, with very large practices, are often modest earners—because so much of their work is done without pay.

The goal of medicine is service to all.

THE BURMA EXPRESS.

Traffic on that famous

Don't Wait Until

Pyorrhea Strikes

Gums that itch or burn can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fail to satisfy.

MOORE DRUG CO.

Burma Road, like the Mississippi river, just keeps a-rolling along. It is today the life-line of a nation which was great when our ancestors were barbarians, and which is rising to new greatness.

There is romance in that road as there was in our old West, with its cowboys and "pony express" and all the rest of that hectic and glamorous era. But this is more serious business.

On the maintenance of the dirt highway winding up from Rangoon to Mandalay, and onward over big mountains and through perilous gorges for 2,000 miles, rests the destiny of nearly 500,000,000 people.

By that route, while the eastern seaboard is closed by the Japanese, must go the war materials for an army that is brave and capable, but poorly supplied.

By that life-line the destiny of ancient China, friend of new America, will stand or fall.

It is with pride and satisfaction, and an unusual warmth around the heart, that we realize what our engineers and our dare-devil drivers and flyers are doing, and will do to get the goods to Chungking.

Charles Bell of Ranger, acting chairman of the county committee, will preside at a meeting to be held at 7 o'clock this evening at the Cisco chamber of commerce.

The gathering is for the purpose of organizing defense observation posts for the western area of Eastland county.

Volunteer workers to man the various posts will come from citizens under 18 and over 36 years of age, said O. L. Stamey, one of the eight county committeemen.

Approximately 80 citizens will be needed for the posts in this area, Mr. Stamey stated.

**MAKING A THIRD MORE PEANUTS**

(ELMO V. COOK, County Agent)

Do you raise peanuts? If "Yes" is the answer, this article is for you. You are one of the 1,500 peanut growers in Eastland county whose patriotic duty it is to grow and harvest a third more peanuts in 1942 than you harvested in 1941. Don't stop at this but double your yield if you can.

Talk of growing more peanut brings up problems of labor and equipment shortages but who doesn't have problems these days? If you just can't increase your peanut production one-third without more labor or new equipment and you can't get the things needed, notify the county USDA defense board at the county agent's office and all possible help will be given.

**Good Seed.**  
Use the best seed possible to get. Since most of the peanuts grown in Eastland county are infested with Southern Blight, unless you are sure of the quality of your seed, buy them from the Southwestern Peanut Growers' association, as they plan to ship in disease-free seed from South Texas. Local-grown peanut seed that are dark in color should be tested for germination before they are used for seed. Seed will be tested for germination free if a sample of about a pound is sent to the State Department of Agriculture at Austin.

**Inoculated Seed.**  
Yields of peanuts in Eastland county have been greatly increased by proper seed inoculation. It costs very little to use "Nitragin" or any other good inoculant on the seed immediately before they are planted. The inoculation puts beneficial bacteria on the seed which take nitrogen from the air and add it to the soil. The same amount of nitrogen added to the soil out of a sack would cost several times as much as the inoculant. Inoculation of seed will not take the place of fertilizer but will help the fertilizer do its job.

**More Fertilizer.**  
The average Eastland county peanut grower uses about 50 pounds of fertilizer per acre. Demonstrations conducted by growers in the county show it pays to use as much as 200 pounds of fertilizer per acre on peanuts and other crops. If the seed are inoculated the best fertilizer from the standpoint of money returns is probably 4-12-4.

**Don't Fertilize Weeds.**  
It doesn't pay to plant more peanuts than can be kept clean of grass or weeds and properly cultivated especially if fertilizer is used. Weeds sure do grow in a fertilized peanut crop. The farmers who raise the most peanuts

**CASUALTY LIST.**  
WASHINGTON, Dec. 11.—Chairman Walsh of the Senate Naval Committee said Thursday that the navy's Pearl Harbor casualty list had arrived Thursday morning by clipper and that telegrams would be sent immediately to the next of kin. The list will not be given to the public for two or three days.
