

Daniel Webster once said: "That which makes a man a good Christian makes of him a good citizen." True Christianity cannot but result in a citizenship which is a blessing to its government. There is no surer way of keeping our cherished heritage than by a consecrated Christianity.—W. H. SYMANK.

## BOY SCOUT ACTIVITIES LOOM IN IMPORTANCE AS COMMITTEES SEE REPORTS; OFFICIALS NAMED

Scout executives from towns over the Comanche Trail met at Brownwood last Sunday afternoon and went over the financial budget for the year 1941, finding that all work had been conducted in an economical manner. Plans were made for the coming year and new programs outlined, says Pete Nance, finance chairman for Cisco.

Scouts have been active in various national defense measures, such as gathering aluminum, 9,000 pounds of which was gathered last spring; distributing defense posters and salvaging waste paper over their various towns. Carrying out their motto to always "Be Ready," they are fitting into programs everywhere.

At a recent meeting in this district, John Kendall, Ranger, was made district chairman; J. D. Lauderdale, Cisco, vice chairman; Donald Kinard, Eastland, vice chairman; Grady Phippen, district finance chairman; Pete Nance, Cisco, chairman; A. D. Anderson and James Harvey, committeemen on camping and activities; E. L. Jackson, health and safety; Guy N. Quill is executive secretary for the Comanche Trail, with Homer Tudor assistant.

Local scout masters are Ernest Hittson, Sim Ledford and John Smith.

## POPULAR NAVY HYMN BE SUNG BY METHODISTS

A hymn of special interest will be sung by the congregation and choir of First Methodist church at the preaching service this morning, "For Those in Peril On the Sea," recognized as the hymn of our navy, according to the pastor, Rev. Leslie Seymour.

The words of this hymn were written by an Englishman, William Whiting. The tune is the same as that to which Kipling's "Recessional" is generally sung with the familiar refrain, "Lord God of hosts, be with us yet, lest we forget."

The first verse of the hymn to be sung today is as follows:

Eternal Father, strong to save,  
Whose arm hath bound the restless wave,  
Who biddes the mighty ocean deep  
Its own appointed limits keep;  
O hear us when we pray to Thee  
For those in peril on the sea.  
Each verse closes with the two line petition for those on the sea.

## CLASSES IN FIRST AID ARE A BIG SUCCESS

The first aid classes inaugurated by the local Defense Guard and conducted by Dave Franklin, safety engineer for the Humble Pipe Line company, closed Friday night with an average attendance for each of the five nights of approximately 100 people.

The classes were held at Cisco Junior college for two hours on Monday, Tuesday, Wednesday, Thursday and Friday nights and the hearty turn-out each evening was highly pleasing to the executive committee of the Defense Guard and also to Mr. Franklin, who generously volunteered for the work and who entered into the labor with patriotic enthusiasm.

Forrest Wright, chairman of the Defense Guard executive committee, extends to Mr. Franklin and the Humble company Cisco's most sincere thanks for this highly important war-time cooperation.

## CLASS ROOM INSTRUCTION YEAR ROUND

AUSTIN, Jan. 24.—The board of regents of the University of Texas Saturday considered adopting a plan that would provide class room instruction every week in the year save one.

Born of war needs, the proposal would place in operation an inter-session—between the summer and long sessions—with emphasis on chemistry, engineering, physics and other courses pertinent to defense work.

Thus, a student could complete his college education in two years and eight months, but he would not be barred from taking the customary four-years' training if he preferred it.

The plan for an inter-session was approved Friday by the administrative council, representing the general faculty.

## CUT IN SUGAR ALLOWANCE IS COMING SOON

WASHINGTON, Jan. 24.—Household consumption of sugar will be cut approximately one pound per week per person under a war-time rationing plan due within a few weeks, Price Administrator Leon Henderson said Saturday night.

Of the nation's normal 6,000,000-ton sugar supply, about 1,000,000 tons were imported from the Philippines and approximately 900,000 from Hawaii. The Philippine supply has been entirely cut off and the imports from Hawaii reduced sharply.

Government officials believe increased purchases from Cuba will compensate for losses from Pacific sources, but the bulk of the Cuban crop will not be available until next month or later.

## TUESDAY NIGHT PROGRAM TO BE INTERESTING

An interesting program will be given in the auditorium of Cisco High school Tuesday night, January 27.

The program will be sponsored by Grammar School Parent-teacher association and proceeds will be divided between PTA and Infantile Paralysis funds.

Included in the program will be musical numbers by the west ward rhythm band, Drago studio, east ward rhythm band and Junior College boys' quartet. Grammar school students will be presented in a play. The high school orchestra will play several numbers; Mr. King will sing vocal solos; Miss Peggy Jean Gallagher and Wylene Bint will be presented in accordion numbers and a boys' chorus will give selections, accompanied by Melvin Sandler, at the piano.

The price of tickets to children under 12 years of age will be nine cents; to students over 12 years of age, 10 cents; adults, 25 cents. Tickets are on sale by students and the four selling the most tickets will each receive a prize of \$1.25 worth of defense stamps.

Mrs. Yancy McCrea, Mrs. James Haynie and Mrs. Sutton Crofts also have tickets for sale.

## CATTLE MARKET

The very light supply of cattle and calves that reached Ft. Worth for the week-end trading found a steady market, quality considered. Hogs were steady to 10c lower and steady with Friday's packer market with city butchers not buying. No good killing classes of sheep were here.

Medium to good steers and yearlings brought \$9 to \$10.50 with one load of steers averaging 926 pounds at \$10.50 and one load averaging 855 pounds at \$10.25. Common butcher yearlings sold down to \$7.

Beef cows brought \$7.25 to \$8.25 and canners and cutters \$4.50 to \$7. Bull prices ranged from \$7 to \$8.75.

Good fat calves ranged from \$10 to \$11 with common and medium butcher calves at \$7.75 to \$9 and culls at \$6.50 to \$7.50.

Not enough stockers were on hand to make any test of the market.

In the hog yards the top of \$11.25 was paid for good and choice 180 to 280-pound butchers. Several lots of mixed grade butchers cashed at \$11 down and good 150-pound averages made \$10. Packing sows and pigs were steady, packing sows at \$10 to \$10.25 and stocker pigs at \$9 down. Good butchers were selling about 40c below a week earlier.

## CAPTAIN BOREN MADE A GREAT HIT AT LOBO BANQUET; LARGE AUDIENCE IN PERFECT ACCORD

Bringing a musical program before his own patriotic talk, which kept the audience eagerly drinking in each word and enthusiastically applauding high points of the address, Capt. John D. Boren of Camp Wolters made good his reputation at the annual football banquet last night of being able to hold his listeners keyed to the highest pitch while he recounted experiences of the other world war—experiences which showed soldiers needed no boosting of morale, but rather reflected the enthusiasm engendered in the ranks of those of us who remained behind.

"The morale of the soldier is all right, it's the attitude of the public that is for us to worry about—it's the failure to feel the full meaning of such songs as 'America' that causes the worry," Captain Boren said.

L. A. Warren, member of the school board, was toastmaster at this annual affair where Rotarians and Lions paid honor to the football team and coaches of the year 1941, in a meeting that found all seating room in the big roof garden of the Laguna taken by the 110 men who made the event possible.

Mr. Warren told of the purpose of the gathering and introduced heads of groups who had played, not on the team, but equally as hard on the sidelines. Some made brief talks, others stood and were recognized. They were O. L. Stamey, president Lions club; Edward Lee, president Rotary club; R. N. Cluck, superintendent of schools; Orbie Dee Jacobs; Leonard King, band director; A. B. O'Flaherty, Daily Press, and Coaches Mike Murphy and K. C. McCasland. Members of the school board were also recognized.

Mr. Murphy introduced members of the football team, telling something of each player. He said he felt they had done their best, but were handicapped in many ways. Mr. McCasland stated he was proud to serve under Coach Murphy and with such a fine group of boys.

Mr. Warren then introduced Captain Boren, who is chaplain in the army, and Mr. Boren introduced his four members of the program. They were Corp. Robert Sommer of Milwaukee, who led the song "America" preceding the invocation which had been given by Rev. L. W. Seymour at the opening of the program; Corp. Francis De Long, of Louisiana, pianist; Private Bruce Warnock, cornetist, of Chicago, and Private Wilbur Isaacs, of Baltimore, who captured the audience with his basso voice in rendering "Home On the Range."

Each of these young men were active in their line and gave up jobs of importance in their private lives to fight for Uncle Sam and against despotism.

Captain Boren then dropped his role of humor and stepped into the role of fighter for the patriotic principles that should be throbbing in every breast—and would be, according to the speaker, if people

only realized just what being a citizen of the United States really means to them.

When the speaker found that his time for speaking had expired, the audience called for him to go on. Every person present shook the hands of the guests at the close of the program and expressed their appreciation of every feature of the program.

Rev. J. R. Wright pronounced the benediction.

## LETTER FROM N. L. PULLEY SAYS "O. K."

Price Pulley of Moran called at the Daily Press office Saturday, renewed his subscription to the paper and announced he had just received a letter from his son, N. L. Pulley, who is serving in the navy, "somewhere in the Pacific."

Because of censor restrictions, the letter contained nothing relative to progress of the war. He said he was OK and wished his father a happy new year. The letter was written on January 1.

N. L. Pulley was born and reared in Cisco and was a retired naval reserve officer when the present war broke out. He was at once recalled to the colors and was assigned to the U.S. Lexington.

Price Pulley also has three grandsons in the service.

Still, the Nazi propaganda swallowed by Germans is no sillier than some of the radio advertising we get.

## AUSTRALIANS "DERELICTION OF DUTY" IS EXPECTED JAP ATTACK SOON

MELBOURNE (Sunday), Jan. 25.—Australia mobilized all defense forces on a war footing today and braced for a bitter-end battle against an imminent threat of attack by powerful Japanese air, sea and land forces from the north.

The board charged them with "dereliction of duty." The board's opinion was unanimous.

Kimmel was commander-in-chief of the U. S. fleet and commander of the Pacific fleet. Short, at the time, was commander of the army's Hawaiian department. Both were relieved of their posts at the start of the inquiry—nine days after the disastrous Japanese attack.

The commission reported its findings to President Roosevelt through Associate Justice Owen J. Roberts, who served as chairman. The report was given to the press for publication, at the president's orders, without alteration.

In a list of 21 conclusions based upon findings of fact obtained in a 20-day investigation, the report said the responsible commanders had plans at their disposal which, if followed through, would have prevented disaster.

These commanders, however, the report said, "failed to confer with respect to warnings and orders issued on and after November 27 and to adapt and use existing plans to meet the emergency."

The report added that the "state of readiness of naval forces on the morning of December 7 was not such as was required to meet the emergency envisaged in the warning messages." Orders for placing the army on alert, the report said, were similarly inadequate "to meet the emergency."

"Had orders issued by the chief of staff and chief of naval operations on November 27, 1941, been complied with," the report continued, "the aircraft warning system of the army should have been operating, the distant reconnaissance of the navy, and inshore air patrol of the army should have been maintained; anti-aircraft batteries of navy, as well as additional anti-aircraft artillery located on vessels of the fleet in Pearl Harbor should have been manned and supplied with ammunition; and a high state of readiness with aircraft should have been in effect."

SWEETWATER, Jan. 24.—Leaders of the Central, Northwest and North Texas Methodist annual conference will convene Monday at 10:30 a. m. in First Methodist church here to discuss objectives of the church in this area during the ensuing year.

Bishop Ivan Lee Holt, of Dallas, will preside at the two-day conference and speakers for the first morning will include Mrs. Gid J. Bryan, of Waco, president of the Central Texas Woman's Society of Christian Service, and Rev. E. F. Bohmalk, of Sweetwater.

Afternoon speakers will be Rev. H. I. Robinson, of Lubbock; Rev. C. A. Clark, of Sweetwater; Dr. J. H. Groseclose, superintendent of Methodist hospital at Dallas; Rev. J. N. R. Score, of Ft. Worth, and Rev. Harry S. DeVore, superintendent of Dallas district. Night speakers will be Rev. J. O. Haymes and Dr. Umphrey Lee, president of Southern Methodist university.

Rev. Walter M. Vernon, of the central board of education, Nashville, Tenn., will be the featured speaker the morning of January 27. Others will be Hubert Johnson, superintendent of the Methodist Home at Waco, and Rev. Roy A. Langston, of Cisco.

Bishop Holt will deliver the closing address of the conference at 11:15 a. m. Objectives to be discussed include the challenge to women in church work, young people's activities, church education, work of missions, students in Methodist schools, expansion of church schools, and responsibility of pastors.

Mr. and Mrs. J. C. McAtee and children and Mrs. A. B. O'Flaherty and daughter, Mary Sue, are spending the week-end in San Angelo.

WASHINGTON, Jan. 24.—The Presidential Inquiry Board today blamed the December 7 American losses at Pearl Harbor upon Admiral Husband E. Kimmel and Lt. Gen. Walter C. Short.

The board charged them with "dereliction of duty." The board's opinion was unanimous.

Kimmel was commander-in-chief of the U. S. fleet and commander of the Pacific fleet. Short, at the time, was commander of the army's Hawaiian department. Both were relieved of their posts at the start of the inquiry—nine days after the disastrous Japanese attack.

## TICKETS FOR PRESIDENT'S BALL, JAN. 30

Tickets for the President's Ball—the night of January 30—have been mailed to a large number of Cisco people, said Charles S. Sandler, city chairman, Saturday. If some of those who receive the tickets cannot use them personally, said Mr. Sandler, it is suggested they give them to others who can use them and mail in their checks, anyhow, thus aiding a most worthy cause.

The tickets mailed out have not been charged to the parties receiving them. However, if they can't use them and do not see fit to contribute to the infantile paralysis fund, they should be mailed back to the city chairman.

COTTON 19 CENTS.  
McKINNEY, Jan. 24.—Cotton sold on the McKinney market Friday for 19 cents per pound, highest in 12 years, while cotton seed brought \$46 per ton. The large number of bids for purchase of government loan cotton is given as reason for the increased price.

## T. M. SHERRILL DIED SAT'DAY; 85 YEARS OLD

T. M. Sherrill, 85, died shortly after 5 o'clock Saturday afternoon at the home of his son, T. A. Sherrill, 710 W. Thirteenth street.

Funeral arrangements were incomplete Saturday night, awaiting the arrival of a daughter, but the body will be interred in the Salt Tank cemetery, 18 miles from Cisco, where deceased made his home for more than 51 years. Neil Lane will have charge of the remains.

Mr. Sherrill was a member of the Methodist church and a highly esteemed citizen. His wife preceded him in death some two years.

Seven children survive him, as follows: Mrs. C. M. Barrick, Abertown; Mrs. W. J. Martin, May; Mrs. A. G. Johnson, Hurley, N. M.; J. E. Sherrill, Tahoka; Rev. U. S. Sherrill, Quitaque; T. A. Sherrill, Cisco; Ivan G. Sherrill, Rising Star.

FAMOUS FIFTH COLUMNIST.

Sometimes it seems as if all the history we learned at school simply is not so. They tell us now that Washington did not stand up in the boat as the picture shows him crossing the Delaware (if he had stood up, there would have been no Washington), and that Nero was no tyrant, but a misunderstood character.

When, therefore, a new book of Benedict Arnold came out, we expected the worst; to learn that Arnold really meant well by his country, and was not a traitor at all. It is a pleasure, then, to learn from Carl Van Doren's "Secret History of the American Revolution" that new evidence proves positively that Arnold was a traitor of the deepest dye.

What is new is that Peggy Shippen, his beautiful Philadelphia wife, over whom many tears have been shed as the innocent wife of a scoundrel, was in the mess as deeply as her husband, and urged him to betray his country. We are sorry about Peggy, but are glad to have our notions about Arnold confirmed. In these days of change, it is good to have something fixed to tie to.

WORLD'S END.

For 1,500 years the world, when it wanted to know about geography, consulted Ptolemy, the great Greek geographer of the second century. What Ptolemy did not know was not knowledge. What he did know, sometimes, was not knowledge either; for even when he was not wrong, his information was often vague, needing to be interpreted before it could be understood.

The farther Ptolemy got away from home, the more uncertain he became. But he made one thing very clear: a city called Cattigara lay at the end of the world, and beyond it there was nothing.

Cattigara, after all these years, comes again into the news. For Cattigara, experts think, is none other than Malacca, which the Japanese are impelling. Commanding a famous ocean highway, Malacca has been owned and prized by Malays, Portuguese, Dutch and English. Once at the end of the world, it is now at the very center of the news.

TOLERANCE ABUSED.

Racial tolerance is a virtue, ordinarily, but we Americans seem to have carried it so far as to put ourselves in the "sucker" class. Take this little gem of sweetness and light that the Dies committee has turned up on the West Coast.

It is well known that there are many Japanese in California, but not well known is the extent to which education has been allowed to serve the purpose of Japan. The Dies committee has found nests of fifth columnists widely scattered over southern California, teaching Japanese patriotism instead of American patriotism. Much of the teaching has been in the Japanese language and the schoolbooks are said to have been filled with pictures of Japanese flags and troops and patriotic stories about them.

There was even a story in one of those schoolbooks which taught the Japanese children as follows: "It is our duty to go under the water when the enemy's battleships draw near, and sink them by shooting torpedoes, and at times go secretly to the enemy's harbor and attack his battleships without warning."

COMMUNISM COM-PROMISES.

The most reassuring information we've had lately about Russian Communism comes from former Ambassador Joseph E. Davies in his book, "Mission to Moscow." He went there with an open and inquiring mind and he now reports as follows:

"I do not think that the world is in real danger from Communism for many years to come. Communism won't work. And this Socialism has been modified, and is compelled to accept more and more the methods of capitalism and individualism in order to make the machine work. And the crowd in power, the government, has got

to make the machine work or lose their jobs.

"So old human nature is working. They are therefore constantly forced to modify their methods, with the result that while professing left ideas, they are actually projecting rightist methods."

HUSKY GIRLS.

These women! We hardly recognize the so-called "frail sex" any more. A recent news picture shows girls working along with men building sandbag barricades around an aircraft factory at Santa Monica, Calif., and the way those girls throw the hundred-pound bags around is almost indecent.

They are so rough about it! A spectator is perfectly sure that they're busting a lot of those bags. Why, they act as if it were a scholastic snowball fight. Or you'd think they were playing with beanbags, except for the size of 'em. And while they're having a great time, tossing those heavy bags hither and yon, the men on the job keep at a respectful distance, scared-like. They don't want any bags of sand biffing them on the ear.

The whole business hangs together. Little by little our generation of what we used to call "he men" is learning about women. If we don't look out, the women may be grabbing this whole blooming war and running away with it.

Ann really, that might not be a bad idea. They'd get a quick decision.

DO YOU REMEMBER?

(Cisco Daily News, October, 1931.)

Mrs. Albert Hunt claims the championship for bass fishing with the old reliable hook, line and sinker. Yesterday afternoon, fishing with small perch for bait near the dam, Mrs. Hunt caught a bass weighing seven and one-half pounds. As if that was not enough Mrs. Hunt subsequently drew in another bass weighing three and one-half pounds and two others weighing two pounds each. Bass ranging from five to eight pounds have frequently been caught on flies and other artificial lures at Lake Cisco, but so far as is of record no bass of that caliber has been taken on cane pole tackle.

Mr. Hunt, manager of the Lake Cisco Amusement company, was displaying his wife's catch in the business district this morning.

The First National bank reported today a large increase in deposits over the past few days. Out of the hundreds of banks in group three of the eleventh federal reserve district, including Texas and parts of Louisiana, Oklahoma, New Mexico and Arizona, the Cisco bank was rated by the Federal Reserve bank as sixth in excellence last year. The banks are grouped according to capitalization. National bank examiners this year give the bank an even higher rating.

The topic for discussion at the meeting of the Music Study club Monday was "Scottish and Irish Music." Mrs. P. P. Shepard was leader of the program which was as follows: "History of Scotch Music," Mrs. W. W. Wallace; "Anne Laurie," sung by the club, directed by Mrs. Ben McClinton; "The Life of Harry Lauder," Mrs. P. P. Shepard; "The Part Played by the Harp in the Development of Irish Music," Mrs. Lawrence Waterbury, Jr.; "Kathleen Maureen," sung by the club, Mrs. Coe McLeRoy directing; "The Life of Michael William Balfe," Mrs. J. R. Almond, and a selection from "The Bohemian Girl," by Mrs. P. L. Ulom. In the absence of the president, Mrs. Leon Mauer, Mrs. Ben McClinton presided during the business session. Mrs. Lee Clark and Miss Edna Andrews were elected to membership in the club. Those present at this meeting were Messdames P. P. Shepard, Ben McClinton, W. W. Wallace, S. E. Hittson, P. L. Ulom, Lawrence Waterbury, Jr., C. O. Pass, Coe McLeRoy, T. Edgar Neal, J. R. Almond and Miss Marian Chambliss.

Benjamin Miley, son of Rev. and Mrs. E. L. Miley, has been selected as a member of the Texas university Longhorn band, according to recent reports. This is Ben's first year at the university, he having graduated from Cisco high school with the 1931 class. He was a member of the Lobo band. The band is planning to make a trip to Harvard the last of this month.

City Engineer Reagan today set permanent corners for the lot on which the Cisco federal building is to be erected at E avenue and Sixth street, and is making the plat of the property required for preparation of the deed transferring the property to the federal government.

Every Patriotic American Salutes His Nation's Flag

During the ceremony of hoisting or lowering the flag, or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention and salute.

Those present in uniform should render the right hand salute. Those men not in uniform should remove their headress

with the right hand and hold it at the left shoulder, the hand being over the heart.

Women should salute by placing the right hand over the heart.

The salute to the flag in a moving column is rendered as the flag approaches the spectator and is held until it has passed.

LONG BRANCH

Miss Essie Lou Marsh, who is employed at the City hospital in Ranger, was in the home of her parents, Mr. and Mrs. E. N. Marsh, over the week-end.

Mrs. Albert Gage and daughter Iona, from Lubbock, visited in the Henry Reed home a few days ago. Mrs. Reed and Mrs. Gage are sisters.

James McCracken and his mother, Mrs. E. McCracken, and Miss Ruby McDurmon drove out from Cisco Saturday evening to 6 o'clock dinner at the Stove farm.

Rev. Willie Hazel filled the pulpit Saturday night and Sunday, delivering at 11 o'clock a sermon from Philippians. "For to me to live is Christ, and to die is gain." He announced he would conduct a Bible class here in the evenings, beginning Monday after the second Sunday in March.

Mrs. Louella Miller, who spent a month in the Rockies near Colorado Springs, returned home Tuesday.

Mr. and Mrs. Paul Poe and children, Joe Tom and Mary Jean, and Mrs. Bernice Hays and Robert Shaw from Cisco were visitors in the home of Mr. and Mrs. Tom Poe Sunday afternoon.

DEFENDER OF A FAITH...

In the Middle Ages, they were called Crusaders --- those defenders of the Right. Today, they're doughboys, and they fight with guns, planes and tanks instead of with swords, horses and armour. But they're only superficially different, for the significant fact still remains---Right still finds defenders! There still are people --- now as hundreds of years ago --- with the courage and vision that it takes to defend the Right. We at the Cisco Daily Press are proud of the boys in camp and of the reasons they're there --- just as you parents are. And we're not only proud, we're interested just as you are. That's one reason why you find such complete news and photo coverage in your paper of the activities of the boys in camp.

### First Christian.

Sunday school at 9:45 a. m., with classes for all age groups and a warm welcome to all who attend. Morning worship at 10:30 and evening worship at 7, with a sermon at both services by the minister. A most cordial invitation is extended to the public to worship with us at all services. "Come thou with us and we will do thee good." JAMES R. WRIGHT, Minister.

### Christian Science.

"Truth" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 25. The golden text is "God shall send forth His mercy and His truth." Psalms 37:3. Among the citations which comprise the lesson-sermon is the following from the Bible: "I, even I, am the Lord, and beside Me there is no Saviour." Isaiah 43:11. The lesson-sermon also includes the following passage:

J. E. Stansell Sells 36 D C

Good hens and proper attention must pay, according to J. E. Stansell of Nimrod, who was selling eggs in Cisco Saturday. He keeps about 200 or more buff Minorca hens which he feeds on laying mash and maize, he states.

### Church of the Nazarene.

Sunday school, 9:45 a. m. Gordon Wadley, superintendent. Morning worship, 11. Sermon subject, "The Christian's Sacrificial Life." Young People's service, 6:30 p. m. Evening service, 7:15. Sermon subject, "Religion That Works." L. H. CLEGG, Minister.

### First Methodist.

The evening service at 7 o'clock will be the second in a series of special Bible studies. Last Sunday the pastor gave a general introduction to the Bible as a whole. Tonight he will give attention to the historical section of the Old Testament. Some have undertaken this week to read that section of about 500 pages, the first 17 books of the Bible. Those who have not done so, however, will be able to follow with interest the narrative account of Bible history as given tonight. Questions are being asked. It is suggested that all questions be written and submitted to the pastor, who will give due consideration to them in the service. After-church conference about matters of special interest is invited. This is a serious and intensive short course study of the Bible, the book so widely misread and so little read or understood. "Come and enjoy the informal discussions as well as the congregational singing. The morning service is at 10:30 with a sermon by the pastor. Sunday school begins at 9:30; Pete Nance, general superintendent. LESLIE SEYMOUR, Minister.

## MID-CONTINENT OIL-GAS ASSN. STARTS DRIVE

DALLAS, Jan. 24—A drive to collect all the scrap metal and rubber of the Texas petroleum industry was launched today by the Texas Mid-Continent Oil & Gas Association.

The campaign is being undertaken at the request of the Federal Government through its Bureau of Industrial Conservation, George C. Gibbons, executive vice-president of the association, explained. It will be carried out by oilmen leaders in each large producing area of Texas, the Nation's principal oil state.

"The Texas petroleum industry is responding immediately to the government's request to collect for re-use all the old iron, steel, aluminum and rubber which we have on hand," Mr. Gibbons said. "A chairman will be named at once for each important oil-producing county, with a committee made up of leading oilmen from each field in that county. The committee will work with the operators as well as field superintendents and farm bosses to locate all scrap on the leases, in yards or at plants, and make these materials available for appraisal and purchase by scrap dealers and oil supply firms."

At the special request of the government, all scrap will be handled through experienced scrap buyers who are prepared to buy, sort and ship these materials, Mr. Gibbons said. Leading oil supply manufacturers will co-operate in the campaign by sending their own scrap buyers to purchase the materials and send them at once to their own plants for reprocessing into oil field goods, he added.

"In this way," Mr. Gibbons said, "oil field scrap can go back at once into manufacture of new pipe and other supplies vitally needed by our industry to meet war-time demands. The situation of some of the companies making oil field goods is already serious, with only a single day's supply of the necessary scrap on hand. Texas

operators have hundreds of tons of scrap materials on their leases and in their yards and around their refineries. It is a patriotic service to the Nation as well as to our own industry to make these available for re-use. We are sure the Texas petroleum industry will co-operate to the fullest."

A gift to the proud poor is ways an injury. If you send them one worth \$2, they send you one worth \$5.

But the "terrible dive bomber" wouldn't dive if their bombsights were good enough to insure hits from a great height.

**WE'RE PROUD OF OUR SHERWIN-WILLIAMS SWP HOUSE PAINT**

"Some of the nicest looking houses in this town are Sherwin-Williams SWP House Paint jobs—and we're proud of them. We sold the paint and recommended the painter. You can't beat the combination of SWP and a rattling good painter if you're out to buy yourself a handsome, lasting paint job. Drop in at our store for a color card. Ask us, too, about the new SWP Undercoater that seals, 'blankets', smooths out roughest surfaces!"

## INFANTILE PARALYSIS

The Cisco Daily Press today opens its columns for subscriptions to the infantile paralysis fund. This is being done principally for the convenience of those local people who would prefer to mail in their checks, as well as to accommodate those residing in the rural sections. Checks are to be mailed direct to the Daily Press but, for convenience, should be made payable to Charles J. Kleiner, county chairman, or J. D. Lauderdale, treasurer.
