## KELLY FUNERAL LANE'S CHAPEL SATURDAY A.M.

Funeral services for F. L. Kelly will be held Saturday morning at 10 o'clock in the Neil Lane funeral chapel. The services will be conducted by a minister from Olden, at the conclusion of which the body will be conveyed by a hearse to Langleville, Erath county, for burial in the cemetery there.

Deceased died at Cooper, Texas, Wednesday morning and the body was brought here by a Neil Lane hearse and prepared for burial.

Mr. Kelly's age was given at 56 years, and he is survived by his widow and four children, including a married daughter at Odessa and a son who lives at Olden.

## OIL PIPE LINE FROM TEXAS TO GA. DEFENDED

WASHINGTON, Feb. 20.—The Trans-American Pipeline Corporation produced civilian testimony Thursday that its proposed \$23,000,000 petroleum line from Texas to Savannah, Ga., was essential to the national defense, but official word from the army and navy was lacking.

From counsel for the company came a suggestion that the three-man board studying the project's defense value call on the War and Navy Departments to state their position on the undertaking.

Both the army and navy were represented at the morning session of a hearing before the examining board. Army representatives asked a few questions of the company witnesses and obtained permission for the department, if it is desired, to file a statement later on whether the project would interfere with the war effort.

Thompson, however, said that construction of a pipe line from Texas to the East is imperative.

## JANE GILMAN TO TAKE RED CROSS WORK

COLUMBIA, Mo., Feb. 20.—In order to provide enough instructors for students enrolled in Red Cross classes at Stephens college, here, it has been found necessary to open a class for the training of staff assistants. Twenty-five girls at the college have been selected for this training among them being Miss Jane Marie Gilman, daughter of Mrs. R. F. Gilman, 699 J Avenue, Cisco, Texas.

The course will last twelve weeks and is designed to give her a thorough foundation in the history of the services and development of the Red Cross. In addition to this, there will be a series of lectures by certified members of specific branches of the Red Cross on the subjects covering their special fields.

## CISCO UNIT OF RED CROSS IS PROLIFIC ONE

"We have a shipment of sock yarn now and are expecting another shipment for knitting socks for the soldiers today," said Mrs. H. R. Miller, Red Cross knitting instructor. "We have just finished a number of socks for the sailors and have turned them in to headquarters."

"The need is urgent, Mrs. Miller continued, "and all who can knit are requested to come to the Red Cross work room on Friday and assist in the worthy task. The hours are from 1 p. m. to 5 o'clock. The room is open on Monday and Friday afternoons."

## TULSA UNIONS SHOW THEY'RE GOOD CITIZENS

TULSA, Feb. 20.—Organized labor in Tulsa not only will work as usual through Washington's Birthday, but will waive any claim for overtime pay on defense jobs, it was announced Friday by Harry Schwartz, president of the Tulsa Federation of Labor.

## ALLIES LOSE ISLES

BATAVIA, Feb. 20.—(Telephone to New York)—Japan closed its giant claws on the United Nations' only remaining East Indies base of Java tonight with the conquest of the islands of Sumatra and Bali.

Fighting still is in progress on Bali, where the Jap invasion forces landed after American planes bombed or sank eight of their warships and transports. Resistance is presumably continuing on Sumatra island, too.

But, for all practical purposes, the two islands flanking the Allied main base of Java, both east and west, are gone under the enemy's offensive tide.

## PRIEST SAYS MORAL BLITZ-KRIEG NEEDED

FT. WORTH, Feb. 20.—Return to peace means a return to the laws of God, Rev. Vincent C. Donovan, O. P., of New York, asserted Thursday before a luncheon meeting of the Catholic Federation of Fort Worth at Hotel Texas.

Father Donovan, a lecturer and author, said that a new philosophy of life which includes religion and a "moral blitzkrieg" are needed by the world today.

## TICKLISH TASK IS UNDERTAKEN BY GOV'T

CHICAGO, Feb. 20.—The lowly hog, producer of a popular and normally relatively inexpensive American food, has become the government's pig in a direct test of the government's power to check the wartime cost of living rise without fall resort to the new price control law.

Livestock men are watching with keen interest progress of this effort to keep the cost of pork products to consumers from soaring too far. Upon this test, they said, very likely hinges similar price control measures affecting other foods as the necessity arises.

## King and Queen Lobo Xth Will Be Crowned at High School Auditorium Tonite

On a white throne, with a huge American flag in the background and American Eagles hovering protectively at the sides, King and Queen Lobo Xth will be crowned at Cisco high school tonight at 8 o'clock.

Their royal majesties will be attended by nobility from east and west ward, grammar school, the freshmen, sophomore, junior and senior classes of high school, junior college and visitors from the neighboring kingdoms of Eastland, Gorman, Breckenridge junior high, Breckenridge senior high, Carbon, Mineral Wells, Goddard, Ranger and Moran and the King and Queen Lobo of 1926 and 1941.

The court will open with the trumpeter, Julie Macias, blowing colors. Miss Liberty (Mickey Howell) and Uncle Sam (James Linton) enter to band and choral accompaniments respectively of "Columbia, the Gem of the Ocean" and "He's My Uncle."

Because of the national crisis, the court festivities will be of a more sober nature this year than formerly, says Miss Lela Latch, who has written the manuscript for the occasion. The program, in which all Cisco schools and Cisco Junior college will have a share, will emphasize the spiritual life of the nation's greatest leaders.

The first episode is a tableau scene of the pilgrims going to church, given by West ward, with Mrs. Elizabeth Hughes displaying the "Star Spangled Banner."

H. J. Steph, junior sponsor, is stage manager and K. C. McCasland, also sponsor, is publicity director. Principal O. L. Stamey is prime minister and Sam Clark and Clyde Cheshire are "spot" men.

The members of the royal party are as follows: Dukes and duchesses are Joanne Brown and H. L. Youngblood from east ward, Francis Ruth Halstead and Billy Bacon from west ward, Jerry Farley and Coise Walker from Grammar school, Dorothy Pugh and Bill Morrison from the freshman class of high school, Mary Francis Ur-

## HOUSE WIVES CAN CLEAR THEIR SKIRTS

WASHINGTON, Feb. 20.—Leon Henderson wants housewives to share their sugar by selling excess supplies either to their grocer or to neighbors.

The price administrator suggested Thursday night that those who have more sugar than they need adopt one of these methods to clear themselves of any suspicion that they have hoarded in anticipation of the rationing program which will go into effect some time next month.

## SHE RESIGNS HOPING TO STOP ATTACKS

WASHINGTON, Feb. 20.—Mrs. Eleanor Roosevelt, wife of President Franklin D. Roosevelt, resigned today as assistant director of the Office of Civilian Defense, so "those who wish to attack me" will not be able to make the OCD suffer because of her continued presence in the agency.

Mrs. Roosevelt, who has been assistant director in charge of voluntary participation since September 29, submitted her resignation, effective immediately, in a letter to OCD Director James M. Landis.

She said she knew that the OCD was in the hands of "completely competent people."

Mrs. Roosevelt explained that by retaining her OCD post, "it would only make possible for those who wish to attack me, because of my beliefs, to attack the agency, which I consider can prove its usefulness so completely to the people that it should be free from attack in order to render its maximum service."

## BUD PATE, 91 EARLY TRAIL-DRIVER, DEAD

ALBANY, Feb. 20.—Samuel James (Bud) Pate, 91, early day rancher and trail driver, died here at 10:50 a. m. Tuesday. Critically ill of heart leakage the past three weeks, he had been in failing health for 12 years.

He was born in Columbia county, Ark., Jan. 8, 1851, but was brought to Weatherford, Tex., by his parents at the age of 8.

Following the cattle business, he first visited Shackelford county in 1873. He came here in 1882 and established a connection with the Monroe Cattle company which continued many years.

Survivors are four daughters, Mrs. B. M. Campbell, Laura and Ruth Pate, Albany, and Mrs. J. T. Lanham, Moran; three grandchildren, including J. W. Campbell, Albany; three great grandchildren; a brother, Jess Pate of Albany; and two sisters, in New Mexico and Wyoming.

## SOVIET CLAIMS SOAR

MOSCOW, Feb. 20.—Russian storm troops have forced the Germans back 240 miles in one sector on the Central Front and recaptured 4,888 settlements along the 1,100-mile battle area since they launched their winter counter-offensive, a usually reliable "front news" bulletin reported today.

Soviet spearheads advanced westward toward the Latvian border as the army organ, Red Star, claimed Russian troops had seized the balance of power and disrupted Germany's entire plan for a major spring offensive.

The Red Star predicted collapse of German resistance, claiming the Soviets have captured "many important points" that the Nazi intended to use as springboards in their next offensive.

In some states, one person of each 350 was a recognized "mental case" last year. The rest of us were somehow overlooked.

## SCHLAEFFER SAYS MARINES READY TO GO

Mr. and Mrs. Louis J. Schlaefper have just received a letter from their son, Frank R. Schlaefper, in Pearl Harbor. Excerpts from the communication are as follows:

"Dear Mom, Dad and All: I hope you are getting along all right. How is Dad feeling now? Hope he is better. I have a card from Aunt Nancy. Would write her, but she failed to give her address. Please let me know should any of the family get sick."

"Tell Dad and Junior to write to me. And, Mom, ask Aunt Nancy how she knew what Ann sent me for my birthday? Tell Vivian that while he is waiting to register for the draft he might write me."

"Tell every one not to worry about the war; that it is as good as won as soon as they turn the Marines loose."

Your son,  
FRANK R. SCHLAEFFER.

## WORLD HAS NEW MEN OF HIS TYPE

WISCONSIN, Wis., Feb. 20.—Richardson works at a dairy here during the day, but at weekends and on holidays he goes to the city where he is serving a one year term for negligent homicide.

### WORK FOR ALL

Small manufacturers who are discouraged by their plants being idle, or threatened with idleness, may come out all right. This hopeful view is expressed by Floyd B. Odium, economic adviser to the War Production Board.

He urges the worried business men to hold fast to their organizations and keep them alive until the government gets around to them. He expects most of them to be enlisted in new production.

It is hard for the owners and employees of stricken plants to be cheerful in the face of shut-downs, but with patience and alertness to new opportunities they can be woven into the new production system.

### PRICE CONTROL

The new price control bill has an unusual distinction: It places no one. It is a complicated hedge-podge of conflicting points of view, and most economists are exceedingly doubtful of its ability to really hold down prices.

In the light of this, a report recently made by a sub-committee of the Retailers' Advisory Committee is of great interest. It observed that there is no such thing as a good price control plan and that when price control becomes necessary as a result of scarcity, the only fair method is to apply a cost-plus system.

It then cited four policies adopted many months ago by the nation's organized retailers, chain and independent alike, designed to safeguard the consumers' interest in these unpredictable times.

1. The retailers have discouraged speculation and scare advertising, either one of which could have caused serious and unjustified price increases.

2. Inventories have been kept on a reasonable basis.

3. Prices have been based on the cost of goods, and not on a replacement system.

4. When increased sales made it possible, merchants have absorbed increased costs out of their own profits. That accounts for the fact that many large retail systems are doing a greatly increased business—but are showing little if any increase in net profits.

The results of these policies are clear. In the food fields, for example, the price paid farmers has increased 56.2 per cent since June, 1939, and wholesale food prices have risen 31.5 per cent. Yet retail food prices have risen only 19.2 per cent.

The future of legislative price control is shrouded in mystery. In the meantime, the consumers of America owe a vote of thanks to the thousands of far-sighted retailers who are battling price inflation with all the weapons they possess.

### COLD COMFORT

A doctor in Stanford University, who has been using 800 students as guinea pigs in studying colds, gives some interesting results.

Weight seems to be as good a protection as anything. The heavyweights have colds only half as often as the light-weights.

## WE CAN HAVE TIRES

Babson Says Tire Policy Wrong. (Copyright—1942)

EN ROUTE TO WASHINGTON, February 20.—During the past two weeks, I have been making a careful study of the tire situation. I am convinced of two things:—(1) The American people can have tires if willing to go without certain other cotton and rubber products. (2) The American people are willing to go without almost anything if they can avoid putting up their cars.

Transportation. When Washington—on the spur of the moment—says we can't have tires for the duration, it is playing with a buzz saw. Transportation is fundamental. It always has existed and is more needed today than ever.

Tires are made mainly of cotton with some rubber and a very little wire. Of cotton, we have a great surplus. By switching spindles from something else we are willing to give up, the fabric could easily be made. There is an enormous amount of wild rubber at the upper waters of the Amazon. It will be expensive to gather this; but it can be gathered and floated down on rafts to Para.

Where We Can Get Rubber. This rubber can then be brought in sailing vessels and old steamers to Tampa, Mobile, New Orleans, and Texas ports where the cotton is. Furthermore, these ports are near the naval stores and asphalt supplies which could be mixed with the pure rubber.

The above facts show that everything is available to make tires except the will on the part of our Washington dictators to let us buy them. Moreover, the methods which I visualize will not in any way interfere with the waging of the war.

Is Washington Using Sense? The American and Canadian people are willing to cut their driving 50%; they are willing to go without other cotton and rubber products in order to have tires.

ber products in order to have tires. It especially "gets the goat" of American taxpayers to be told they can have no rubber and, when going to Washington, see these same dictators getting all the tires they want.

War Needs Should Come First. This program does not in any way handicap our boys at the front or retard the making of airplanes, tanks, or any other necessary war supplies.

I have seen the American people in many panics. My first one was in 1903 when Washington thought we would all starve to death because we couldn't get gold even though the West was burning corn.

Panics Start in Washington. Then I remember the panic of 1914 when Washington promised to keep us out of war if we would only make certain sacrifices.

Then I remember "Pearl Harbor" and realize we must make sacrifices. Let us, however, remember the "Gold Scare" of 1893; the "Railroad Scare" of 1907; the "War Scare" of 1914-1918; and the "Wall Street Scare" of 1929.

TEAMWORK WITH RUSSIA. We Americans are still wary of Soviet Russia and many of us doubt whether any good can come out of that country.

IN A FLORIST'S WINDOW. Today I came upon them suddenly— A mist of purple violets banked in fern; My heart went swiftly to a dell I know.

Rebekahs Enjoyed Social Meeting Thursday Night

Rebekah lodge 102 met in regular session Thursday night with Miss Joyce Rainbolt, presiding. After the reading of the minutes, discussion of business and report of sick members, the lodge was closed in regular form.

Members then went in a body to the home of Mrs. L. B. Mayhew where the remainder of the evening was spent in games and a program of music.

Delicious refreshments were passed at the close to Mrs. Paul Jones of Houston, a visitor; Mrs. Ida Duncan, Mrs. Lydia Krauskopf, Mrs. Dee Clements, Mrs. Edith Rainbolt, Mrs. Leah Bates, Mrs. Rhoda Burkett, Mrs. Ethel Moore, Mrs. Laura Jensen, Miss Joyce Rainbolt and Mrs. Mayhew.

Mrs. Shepard House Hostess At Luncheon

A covered-dish luncheon was held Thursday in the F. E. Shepard home by the Double Octet Anniversary club, honoring the birthdays of two members, Mrs. F. E. Shepard and Miss Miriam Ghormley. The house was gay with decorations of spring flowers and a patriotic theme was carried out in the dining room appointments. The meal was served buffet style with guests seated at small tables. Mrs. J. R. Burnett gave the invocation.

Following the meal, guests encircled the honorees and sang the birthday song, after which a business session was held with Mrs. W. D. Brecheen presiding. During the afternoon games of

Luncheon Held Tuesday Honored Mrs. N. G. Garvin

Mrs. Nan G. Garvin was honored by friends on her 80th birthday, Tuesday, February 17, with a covered-dish luncheon in the home of Mrs. J. A. Krisell, 507 W. Eighth street. A patriotic motif was observed in the decorations and refreshments. At the conclusion of the meal the honoree and guests busied themselves with hemming cup towels for an orphan's home and when the task was finished a large three-tier birthday cake, decorated with cherries and topped by the number 80, made with small lighted candles, was presented to Mrs. Garvin. Material for a new dress and a pair of pretty gloves were also given the honoree.

The cake was then cut and served with tea to Mrs. Nan G. Garvin, Mrs. L. H. Ousley, Mrs. N. C. Paeker, Mrs. W. D. Johnston, Mrs. Andrew Watson, Mrs. Ed Daniel, Mrs. A. Z. Intermediate G. A. Group Met Tuesday

The intermediate girls' auxiliary of First Baptist WMS met in the church parlor Tuesday evening to complete organization. Mrs. Juson Prince, young people's leader of the Cisco Baptist association and Mrs. W. D. Hazel, sponsor of the auxiliary, were present. Officers were elected as follows: President, Cathryn Sheppard; vice-president, Louise Norris; secretary-treasurer, Alice Farley. The president will name other officers at next meeting. It was decided to meet each Tuesday evening at 7 o'clock.

The sponsor, Mrs. W. D. Hazel, brought the devotional which was the entire First Psalm and after the scripture reading the period was closed with prayer by Mrs. Hazel.

Members attending were Misses

Billie Jean Hall, Louise Norris, Sylvia Hazel, Alice Farley and Jeanette Burnam.

MISSION CLOSURES

The East Cisco Baptist mission school closed last night and Rev. Russell Dennis, pastor, says it was

one of the best schools ever held at that church. There was good interest to the very last, Mr. Dennis stated and the enrollment reached forty-five. A contract is largely a reminder. If a man's word isn't good, his contract can't be trusted, either.

A LOOK-SEE AT THE DENTAL SITUATION.

THIS LOOKS EASY, BUT JUST TRY IT.

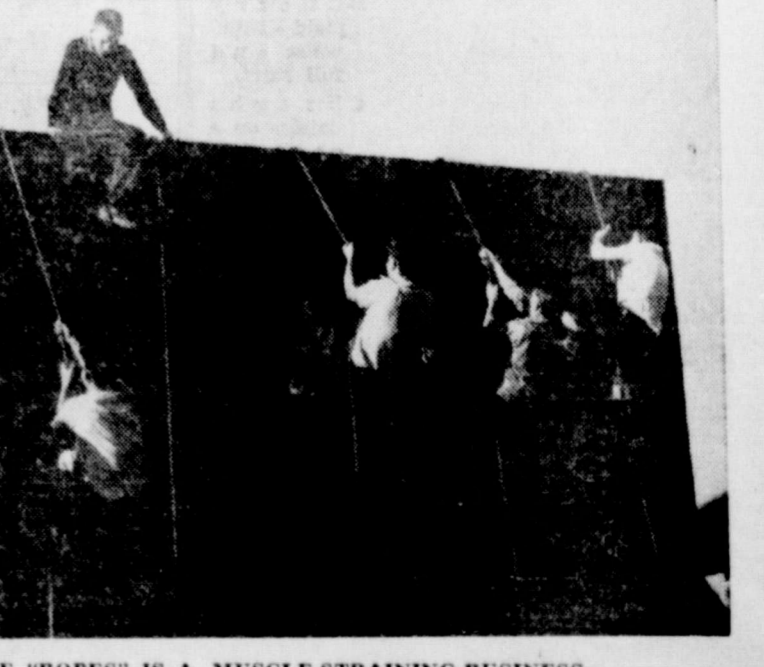

OBSTACLE RACE IS A TIRESOME EVENT.

THOROUGH-GOING EXAMINATION IS IN PROGRESS.

With an eye to correcting physical deficiencies which are today resulting in the rejection of many American youths for Uncle Sam's armed forces, San Jose, California, State College has taken the lead in putting her students through grueling physical training routine. Physical defects which can be remedied are speedily attended to and the "patients" soon join their classmates in rope climbing, cross country running, obstacle races and health drills. Routine army draft medical examinations to which the participating students are subjected, reveal that many of these potential "doughboys" at first pronounced "unfit," have subsequently "made the grade" under the scrutiny of staff physicians. The boys are pictured going through their paces as they await the call to the colors.

LEARNING THE "ROPES" IS A MUSCLE STRAINING BUSINESS.

### CATTLE MARKET

Light supplies of cattle and calves reaching the Fort Worth stockyards for Friday's trading cleared at fully steady prices. Bulk of the supply was made up of slaughter steers and yearlings. Butcher hogs were around 10c to 25c lower with the day's hog top here \$12.75.

Fat lambs sold 25c higher and other killing classes of sheep steady to 25c higher.

Good to choice fed steers and yearlings ranged from \$10.25 to \$12.50. Sales in this range included a package of steer yearlings from Knox City that reached the day's and also the week's top; and a load of steer yearlings at \$11.50. Medium grade steers and yearlings ranging from \$8.50 to \$10 included a load of plain yearlings at \$9.25, two loads of steer yearlings at \$10 and one load of fed steers at \$10. Common butcher yearlings sold downward to \$7.

Good beef cows cashed at \$8 to \$8.75, butcher cows at \$7 to \$8 and canners and cutters at \$5 to \$7. Bull prices ranged from \$6.50 to \$9.

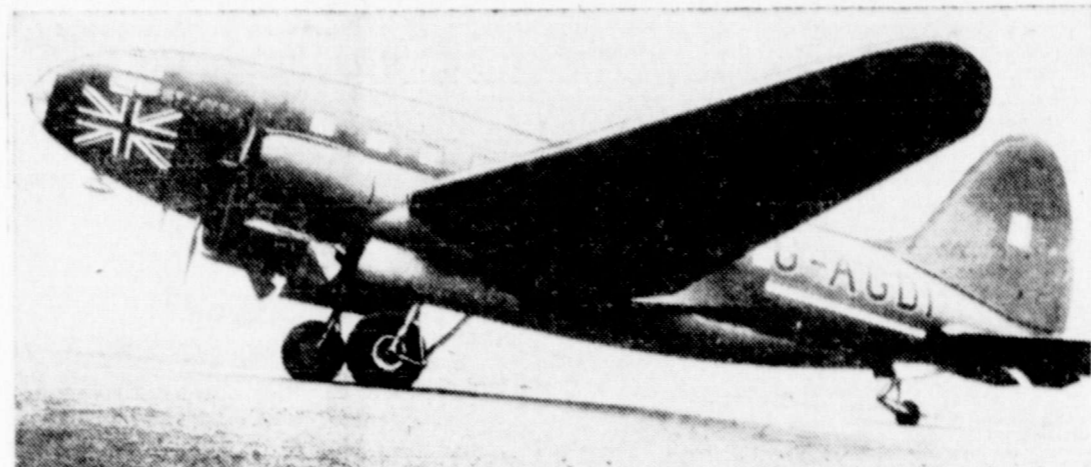

Good to choice fat calves sold at \$10.50 to \$12, common to medium butcher calves at \$8.25 to \$10 and culls at \$7 to \$8.

Stockers were scarce. Best steer calves were quotable at \$12.50 and down.

Lower prices on hogs included good to choice butchers averaging 180 to 280 pounds at \$12.60 to \$12.75 and 160 to 175-pound weights at \$11.90 to \$12.50. Packing socks ruled steady at \$11.25 and \$11.50 and stocker pigs were unchanged at \$10 down.

Sales in the sheep yards included woolled fat lambs at \$11 and \$11.25; shorn yearlings at \$8.25; shorn 2-year-old wethers at \$7.25; shorn aged wethers at \$6, and Fall shorn ewes at \$6. Medium grade feeder lambs were purchased at \$8.50 down.

Civilian defense should include guns. A suicidal demolition force could land and do incalculable damage before being rounded up.

### CENSUS SHOWS POPULATION IS MOVING WEST

WASHINGTON, Feb. 20.—The prairie schooners are gone, but the tide of internal migration is still rolling westward, according to figures compiled by the Census Bureau.

Millions of persons packed their belongings during the 1930s and set out for better soil, better climate, or better jobs. Dust storms and the depression drove them on. Census returns showed that they didn't settle evenly throughout the nation. The population rose 4 per cent in the North, 10 per cent in the South, and 17 per cent in the West.

For the first time in a century immigration was not a factor in the nation's growth. From 1920 to 1930, the United States had a net immigration of 3,207,000. From 1930 to 1940, 47,000 more persons left the country than entered.

Much of the internal migration was the result of population pressures within the country, including exhausted-soil sections of the Cotton Belt and the drought areas. High birth rates have increased this pressure. In the past 10 years the excess of births over deaths
