

# THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO, TEXAS, THURSDAY, FEBRUARY 26, 1942

NUMBER 126

"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation indivisible with liberty and justice for all."

VOLUME XXII.

"I therefore believe it is my duty to my Country, to love it, to uphold its Constitution, to obey its laws, to respect its Flag and to defend it against ALL enemies."

## JAP LOSS OF LIFE IS GREAT

### WILLIAMS APPOINTS CENSUS ENUMERATORS; SUGAR CARDS READY SOON; TAX COLLECTIONS

The month of March is the time set by law for taking the school census and County Superintendent T. C. Williams has appointed census enumerators and distributed census blanks for the enumeration of school children in Eastland county.

Census enumerators and parents of children should endeavor to enumerate all children in the district age in Eastland county. The state apportionment for each child is \$22.50, the failure to enumerate one child would cost the district \$22.50. All children except those born on or before September 1, 1924, or after September 1, 1936, should be enumerated on the census roll.

RAYMOND REAMES.

**Sugar Rationing.**  
Preliminary instructions to the sugar rationing board have been sent out by the government. Public elementary schools must be the distributing point for Ration Book One.

Complete instructions will be sent within a short time to the primary schools for the sugar-rationing program.

**Hot Lunches.**  
Hot lunch programs for the city are continuing in a satisfactory manner.

More than 2,000 school children receive hot lunches each day. Schools participating in the hot lunch program are cooperating in a county garden.

**Tax Collections.**  
Primary tax collections for the city districts have been received and distributed as follows:

City	\$ 84.16
Central	234.40
East	114.00
North	350.19
South	1,036.64
West	1,696.43
City Roads	229.55

### HEIFER SOLD FOR \$975 AT FARM AUCTION

WICHITA FALLS, Feb. 26.—Mrs. W. J. and J. L. Jinkins of Burmeester paid \$975, top price, for S. Diamond Lady 110th, heifer, sold before Jan. 13, 1941, at the A. W. Burnside Ranch auction here Wednesday.

The Wheeler Ranch of Weatherford bought the top male, Double Return Mischief, for \$525. Nineteen males and 28 females were sold. The females averaged \$855, the males \$284.

### LONE STAR TO REORGANIZE, HULCY SAYS

DALLAS, Feb. 26.—The Lone Star Gas system, which consists of six operating companies, announced Thursday its intention to reorganize into two Texas companies, in the interest of economy and wartime efficiency.

D. A. Hulcy, president of the system, said the revamping measure would go into effect, subject to the approval of the Security and Exchange Commission in Washington, in the immediate future.

Hulcy said the Council Bluffs Gas company of Iowa would be sold and that the Dallas Gas company, Community Gas company and Texas Cities Gas company would be dissolved as such and their assets taken over by the new companies which are to be called the Lone Star Gas company and the Lone Star Gasoline company.

The present holding company for the companies, the Lone Star Gas Corporation, is to be dissolved, Hulcy said. Its stock and the stock of the 15,000 stockholders is to be exchanged for that of the new company at the rate of two shares of the old for one share of stock in the new company.

The service of the company, which supplies some 290 towns in Texas and Oklahoma, will not be affected as the contemplated change will appear only on paper.

### INCOME TAX FLOW.

WASHINGTON, Feb. 26.—The Treasury reports that income tax collections since the first of the year, totaling \$336,000,000, have run more than double the similar period last year. These represented, primarily, the early returns on 1941 income taxes, for which the deadline is March 16.

### FED RAT DRIVE IS ON

M. K. Retlike, working under E. T. Personett of the U. S. department of the interior, rodent control, will launch his anti-rat drive in Cisco early Friday morning.

The campaign to free Cisco of rats and thereby lessen the danger of war-time disease is taken very seriously by the department of the federal government, and Mayor G. P. Mitcham is just as serious and fully appreciative of the importance of the work by cooperating with Mr. Retlike to the fullest extent possible.

The drive will start in the business area Friday morning, with the inspection of premises and the placing of poison where it will do the most good. In the business section the poison will be put out by Mr. Retlike and his assistants.

**Residence Areas**  
The residence section will be divided into two parts—west side and east side—D avenue being the dividing line.

In these areas, residents will be asked to place the poison themselves. And it should be placed the same day it is obtained.

The poison will be distributed on Wednesday and Thursday of next week. The west-siders may get their poison at city hall Wednesday between the hours of 1 and 5. It will be mixed and full directions furnished therewith.

East-siders may apply at city hall for the poison on Thursday of next week, between 1 and 3 o'clock.

**Mayor Warns Again**  
As on several occasions recently, Mayor G. P. Mitcham again warns that dogs and other pets should be confined immediately in order that no valuable animal be lost while the deadly rat is being eliminated.

Mr. Mitcham also wants to emphasize the fact that a general clean-up campaign for Cisco will start as soon as the rodent drive ends.

The success of the clean-up drive, the mayor says, also depends entirely on the public's cooperation.

### FORMER LOBO NOW FLYING FOR U. S. A.

Word from Gardner Field, Tall, Calif., is that Cadet Marcus Lee Hill, Jr., son of Mrs. Minnie L. Hill of Cisco, was graduated from the basic flying school there on February 23 and is now at Williams Field, Higley, Ariz., for a ten-week advanced course in bomber flying. Upon successful completion of this course, Cadet Hill will receive a commission as second lieutenant in the air corps reserve.

Cadet Hill's mother, Mrs. Minnie L. Hill, is business administration instructor at Cisco Junior college.

Hill, Cisco high school graduate, was a member of the Lobo football team and his many friends here will be glad to know he is forging forward in the service of Uncle Sam.

### U.S. Training School For Army Flyers Be Operated From Cisco Port at Once

At a meeting at the Cisco chamber of commerce last night, which was attended by about 20 men, Mayor G. P. Mitcham told of plans for beginning at once the operation of the airport north of the city as a non-college civil aeronautics training school for young men between the ages of 18 and 25 who desire to join the air force of the United States government.

They would finish the course offered here and then take the additional training to make them full-fledged lieutenants in the U. S. flying force. Only a high school education is necessary.

The Cisco port has been officially accepted as a civil aeronautics training and emergency landing field for army planes. It is the third such field to be established in Texas, the others being at Odessa and McAllen.

**Twenty Students.**  
The capacity of the school for the first term will be 20 students—five of whom will be sponsored by the city. That is, their tuition and other expenses will be paid from public contributions. The other 15 will be financed by the government. After the first term it is possible that the government will care for all students. Practically all funds needed by the city was raised at last night's meeting.

**Students will be accepted not only from Cisco, but from the territory included in a radius of 15 miles of Cisco.**

**Nilson Says "Go."**  
Final announcement by the mayor last night came after he had received the "go" signal from Ed Nilson, head of Texas Civil Aeronautics division, following a number of letters between the mayor and Mr. Nilson, and attendance at a conference in Washington by Mr. Nilson.

"It's up to Cisco, now, to see if she wants such a project," said Mr. Nilson.

**Must Follow Through.**  
Young men must agree to follow through on this training, with completion of this course and the courses to follow. This will entitle graduates to the rank and pay of U. S. army flyers.

Applicants should go to the city hall Friday afternoon, 2 o'clock, where blanks may be obtained and where they can meet Reg Robbins, operator of the flying school, together with a representative of the government.

LOST BUT FOUND—Having become lost from U. S. fleet during recent attack on Japanese Gilbert and Marshall Islands, U. S. patrol bomber taxis to rescue ship which spotted it after the seaplane had rested on water, with most of the gas supply gone, for 14 hours.

### JUDGING OF PRIZE ANIMALS TO BEGIN FRIDAY AFTERNOON; SHOW TO BE WELL ATTENDED

### VISITORS GIVE PROGRAM FOR CISCO ROTARY

Rotarians from Abilene presented a program at the regular Rotary luncheon in Cisco today. The group included members of the educational committee for the Abilene club and those present were Walter Jarrett, chairman; George Foster, Tom Eplin and Hiram Arant. All were guests of E. P. Crawford, program chairman.

Walter Jarrett introduced each of the committeemen who spoke briefly upon their assigned topics, in the following order: George Foster, "Classification and Programs in Rotary;" Tom Eplin, "Duties of Attendance for Rotary Membership;" Hiram Arant, past district governor, "Privileges of Rotary Membership."

Each of the speakers dealt briefly, but thoroughly, with factors involving the ideals of Rotary International and the basic principles of service to every community as expressed through Rotary as an organization.

A hearty welcome was given each of the visitors present and a sincere invitation to return to Cisco often was extended.

Special greetings were extended P. W. Campbell, first president of the Cisco Rotary club, organized 22 years ago. Rotarian Campbell attended today's luncheon with Rotarian Ed Stuart, also from Abilene.

Others present were Earl Bender from Eastland, J. L. Gully from San Antonio, and P. S. Allen of Ft. Worth.

A. C. Green is scheduled to have charge of the program next week, with R. L. Ponsler as program chairman for the following week.

### ENEMY AGENTS FLY ABOUT AT WILL, SEEMS

WASHINGTON, Feb. 26.—As many as 15 aircraft, "probably commercial airplanes operated by enemy agents," caused the air raid alarm early Wednesday in the Los Angeles area, Secretary of War Henry L. Stimson said today.

Stimson told a press conference that on the basis of reports received by Gen. George C. Marshall, chief of staff, the planes over Los Angeles were "other than American army or navy planes."

**GOOD IDEA**  
NEWTOWN, Conn., Feb. 26.—Municipal Judge Harry F. Bradley has ordered a 10 p. m. curfew for automobile riding youth under 20 years of age to end "this carousing around" and to save tires.

### CATTLE SALES GOOD

"It was a great sale," was the statement of Paul Booth, secretary of the Cisco Livestock association, in speaking of this week's auction sale.

Receipts totaled \$5,925.50 and there was spirited bidding on a large number of entries.

There were 175 cattle, 30 hogs, 28 sheep, three goats, five horses and a mule.

Top sale was that of H. A. Freeman of Eastland, who sold 29 cattle for \$1,814.50.

A. J. Anderson of Woodson paid the top price—\$3,785.25 for 80 cattle.

### MAYNARD IS DIST. CLERK CANDIDATE

Claude (Curley) Maynard, who was a candidate for the office of district clerk four years ago and who ran a close second, has again pitched his hat in the ring for that position, subject to the will and wishes of the voters at the Democratic primary of July 25.

Mr. and Mrs. Maynard and daughter reside at 114 E. Hill street, Eastland.

**His Statement.**  
Four years ago I asked the people of Eastland county for the office of district clerk. The office at that time was being vacated and the incumbent was not an applicant for re-election. I lost the race by the close margin of 202 votes.

Upon conceding my defeat, at midnight, August 25, 1938, I went with my family to the home of my opponent, who was elected, and congratulated him. I carried, through the press, my sincere appreciation for the wonderful vote I received and stated that I had no ill will against anyone who had voted against me.

That was the first time I had ever asked the people for a public office, and because of the wonderful vote given me in 1938 I feel no hesitancy in announcing my candidacy for the office of district clerk.

I deem it unnecessary to tell the people about myself, other than to state that I am 47 years of age and have a family consisting of my wife and my daughter, Norma Jean, who is fifteen years of age. I believe that, as an automobile salesman for the past twelve years, and as a salesman of farming and ranching equipment prior to that, I have become acquainted with most of the good people residing in and voting in Eastland county, as well as in the adjoining counties.

This, together with my education in high school and two years of study in college would qualify me to make you a good district clerk.

In asking the people of Eastland county for the office I am seeking, I realize fully the national conflict, with friends and loved ones serving our country, and my campaign will be conducted in such a manner that it will not be embarrassing to anyone, and I solicit your vote and support in the kindest way possible. Your friend, CLAUDE (CURLEY) MAYNARD.

### FBI NABBED 60 ENEMY ALIENS FLORIDA AREA

MIAMI, Fla., Feb. 26.—The FBI continued its raids Wednesday night on enemy aliens in the Florida resort area, arrested 29 persons in the Palm Beach and Fort Lauderdale districts and seized quantities of guns, cameras and two written codes.

R. G. Danner, FBI agent in charge, reported that 55 residences in Palm Beach and Broward counties were raided.

The raids brought to at least 60 the number of persons arrested in three nights in the wealthy tourist section of the Southeast Florida coast, from Palm Beach to Miami.

Mr. and Mrs. G. D. Oldham arrived this week from Michigan for a visit with his mother, Mrs. M. W. Oldham.

### 7 ENEMY U-BOATS LOST IN ATLANTIC

American and British forces struck punishing new blows at the Axis in the Pacific, Atlantic and Mediterranean today, but the Japanese rolled forward in their Burma and Java offensives.

Land, sea and air fighters of the United States took leading roles in the new attacks that inflicted what Secretary of War Stimson described as an "appalling loss" of life on the Japanese, in addition to the sinking or damaging of seven U-boats in the Atlantic.

Dispatches from the main fighting fronts showed:

**JAVA**—American flying fortresses batter newly arrived Japanese invasion fleet, including destroyers and cruisers, off the southeast coast of enemy-held Bali island, only a mile from Java. United States submarines torpedoed two enemy transports, auxiliary ship, freighter and probably a warship in two days of attack on the invaders.

**PHILIPPINES**—Gen. Douglas MacArthur's forces on Bataan peninsula, in a surprise attack, drove back the Japs and captured enemy positions in an advance of several miles. Fighting continues.

**MANDALAY**—British forces fought stubbornly against a strong Jap drive toward Rangoon today, and the British are believed to be pivoting northward to form a new east-west defense line protecting approaches to Mandalay.

All-India radio reported no new developments on the northern Burma front today. It said two Jap air raids reported from Rangoon and that 21 Jap planes had been shot down in past 24 hours. Japanese forces said to be moving north along the east bank of Tittang, presumably as a result of the British pivoting movement.

Rangoon itself is reported to be burning from British demolitions carried out under the scorched earth policy.

The Cisco Daily Press

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.)

Entered as second class matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. R. O'FLAHERTY, Publisher and General Manager. W. H. LAROQUE, Advertising Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas.

National advertising representatives, Texas Daily Press League, Dallas, Texas.

Subscription Rates: \$2 per year by mail (outside of Cisco) in Eastland, Stephens, Shackelford, Calahan, Brown and Comanche counties, Texas; outside the above-mentioned counties, \$2.50; \$4.75 in U. S. outside of Texas.

For work by carrier boy... \$6.00 per year, in advance.

TIME TO ACT

Two reports of the most pressing importance to the people of this country have recently appeared. One, made by the Senate Economy committee, of which Senator Byrd is chairman, shows specifically where reductions in non-defense expenditures in excess of \$1,700,000,000 can be immediately effected.

The failure of congress up to the present time to make a single important cut in non-defense spending of any kind, is a national disgrace. It places the national economy in jeopardy. It raises the specter of ruinous taxation. It shows a tragic lack of understanding of the grim demands of the times we live in.

Will those who make our laws, act—or will military victory be lost in bankruptcy?

SECURITY

The American public, naturally enough, has set up a clamor for war protection. We seem to want safety everywhere for everything and everybody. And it soon becomes evident that this is an impossible ideal.

We can't protect all our borders and coasts and we can't be secure against air invasion. If we tried to attain perfect security we couldn't get anything else done, and in the effort we would lose much of the security we have.

One of the first things to be understood is that the main defense areas are not at home but beyond our borders. We must win on the seas and islands, in the Atlantic and Pacific and on the other side of the world.

It is a matter of basic strategy to wage not a merely defensive war but an aggressive war, to fight the enemy where he is and beat him back to where he belongs. Our soldiers and sailors, flyers and submarine men may be trusted for that work, while we civilians keep the home fires burning and the factories and railroads running and do some defending ourselves.

EMPTY AUSTRALIA

The "white Australia" policy has its drawbacks. For years the Australians have discouraged any immigration except British, and especially select British at that. They hoped to escape the problems of race and over-production. They certainly succeeded as to over-population. A country almost the size of the United States has only seven million people, less than the number living in New York City. That this was dangerous, they have often been warned.

HONOR ROLL

Creation of an honor roll of cities which enact modern fire prevention ordinances so that they may be better prepared to minimize the destruction of material resources at a time when they are vital to defense and war, was recently announced by W. E. Mallon, general manager of the national board of fire underwriters. That honor roll should swiftly become a long one. The growing list of priorities and scarcities shows the incredible demand on the nation's resources that modern mechanized war makes unavoidable. Everything we have must be utilized to the limit today and in the years to come. Production in a hundred fields must be stepped up to an unprecedented pitch. And

TRUSTING THE PRESIDENT

Babson Says We Are Too Impatient.

(Copyright—1942)

Babson Says We Are Too Impatient

BABSON PARK, Mass., Feb. 26.—Last week I appealed to the 4,000 men in Washington who determine what we can buy. I begged them to be reasonable because the war will finally end—not by lack of men or munitions, but because the home people of some nation will get sick of war. Let not that be our people. I explained that above almost everything else our people want transportation. I repeat, there is no earthly reason why readers need go without 3,500-mile tires. May Washington use sense.

Let's Use Sense

Now, let me urge my 4,000,000 readers to use sense also. We have a right to demand tires, but Washington has a right to run the war without interference or complaints from us. Too much advice is being given columnists, commentators, and parlor gossips. Washington has a carefully-mapped-out campaign which will win the war and bring your boys back home if you'll only be patient.

When I read the papers and listen to the radio I get blue and discouraged; but when I study statistics on steel production, tools, and electric power I become a rip-roaring optimist. The United Nations surely will have a wonderful victory if we people will just be patient and let our government alone. Be content, readers, to operate your jalopies and let President Roosevelt run the war.

Time Needed To Prepare

The best thing parents can do is to give the United Nations TIME. The Germans and Japs have been preparing for years just how to lick us. Now, let us take all the time we need in preparing to lick them. Mr. President, don't let any Congressman or would-be Presidential Candidate hurry you. I know your plans; they are sound. Stick to them. Take your time. Don't be bullied into making a move until you are ready.

Let me add that your president wants to protect your boys not only from shells, but also from tropical diseases. This means eating their well-hardened before fire—in the home, fire in the factory, fire on the farm, fire anywhere—is one of our most dangerous enemies.

All authorities on fire are convinced that an un-to-date, rigorously-enforced prevention ordinance must be the starting point of any fire prevention campaign that is to succeed. It is as important in a small town as in a great city. It is a powerful community weapon.

Some 840 organizations, including insurance agents' groups, fire departments, state fire marshals, chambers of commerce, business and civic groups, etc., are advocating universal adoption of the suggested fire prevention ordinance prepared by the national board. Every town should seize this opportunity to deal fire a punishing blow—and to do its part to make certain that fire will not be permitted to hamper war production.

ACHIEVEMENT

In less than seven weeks following the attack on Pearl Harbor, some 600,000 troops were moved within the boundaries of the United States. That feat is unparalleled in the history of the country—and, as David Lawrence writes, it "must be credited to the railroads of America, their executives and their workers. Nearly all of the railroads, involving more than 200,000 miles of track, were used. Seventy-five per cent of the soldiers actually had sleeping accommodations, and the remainder traveled in day coaches, so not a single company had to be moved in freight cars, as was the case in the first World war.

The colossal job is difficult to describe. It was a mammoth task in planning and administration. The Association of American Railroads, acting for all the railroads, sent out orders and worked on a 24-hour basis. The odd part of it was that the public hardly noticed the movement because delays to civilian traffic were the exception rather than the rule. There was no confusion, no lost trains—every moment in the day the authorities could keep track of every contingent.

The railroads get half fare for the troops and it probably cost them a great deal of passenger revenue, but when the government called every thought except the military purpose was subordinated. It was a masterful achievement.

Twenty years of planning since World War I went into that achievement—20 years of work and preparation. The railroads didn't wait for war to come before adapting themselves to war. They were ready long before the first enemy bomb fell in the Pacific.

they leave this country. He is your best friend. I say this not only as a statistician but as one who in 1940 ran against him and got a terrible licking!

Face The Facts

A calm view of the mess in which our country now finds itself may briefly be summed as follows:

1. England, Russia, China, and our other Allies are absolutely dependent upon us. If, at any time, we should quit the war, England would starve; Russia would collapse; and poor China would be conquered.

2. The United States and Canada must not quit until the Hitler, Mussolini and Japanese gangs are completely eliminated. The TIME needed to do this is of secondary importance.

3. Mr. Churchill has enviable powers of persuasion; but he is working for England and not for us. He is asking of our president more than he expects to get.

I especially have in mind Churchill's apparent present efforts to throw the Battle of the South Pacific into our lap. As a student of Climatic Statistics, I say that Churchill should not decide where our boys should go. We cannot win this war by going off "half-cocked." Our enemies have been years in preparing every detail. We should now adopt the same policy and thereby avoid the tropical trap which has been set for us.

This Is a Different War

Twenty-five years ago our boys fought in Europe in a climate and with a people to which they were adjusted. Hence, they were not subject to strange diseases. With World War II, the outlook is entirely different. Churchill's present plan appears to be to send boys from Canada and all parts of the United States to Asia, Africa, and the Tropics of the Pacific. With our greatly superior productive facilities we can conquer our enemies if we will only be patient and cut out politics. Parents don't want to appear unpatriotic and are keeping their thoughts to themselves; but many are questioning whether their boys should be sent to these hot and diseased countries, at least until more adequately prepared.

Congress cannot run the war. Certainly, Congress was way behind the President in foreseeing and preparing for the war. If Congressmen had thought less of getting appropriations and jobs for themselves and had taken F. D. R.'s advice three years ago there would have been no Pearl Harbor tragedy. Now, Congress should not make another mistake and too suddenly throw our boys into the conflict ill-prepared. Parents won't stand too many wretched Congressional errors.

How To Win

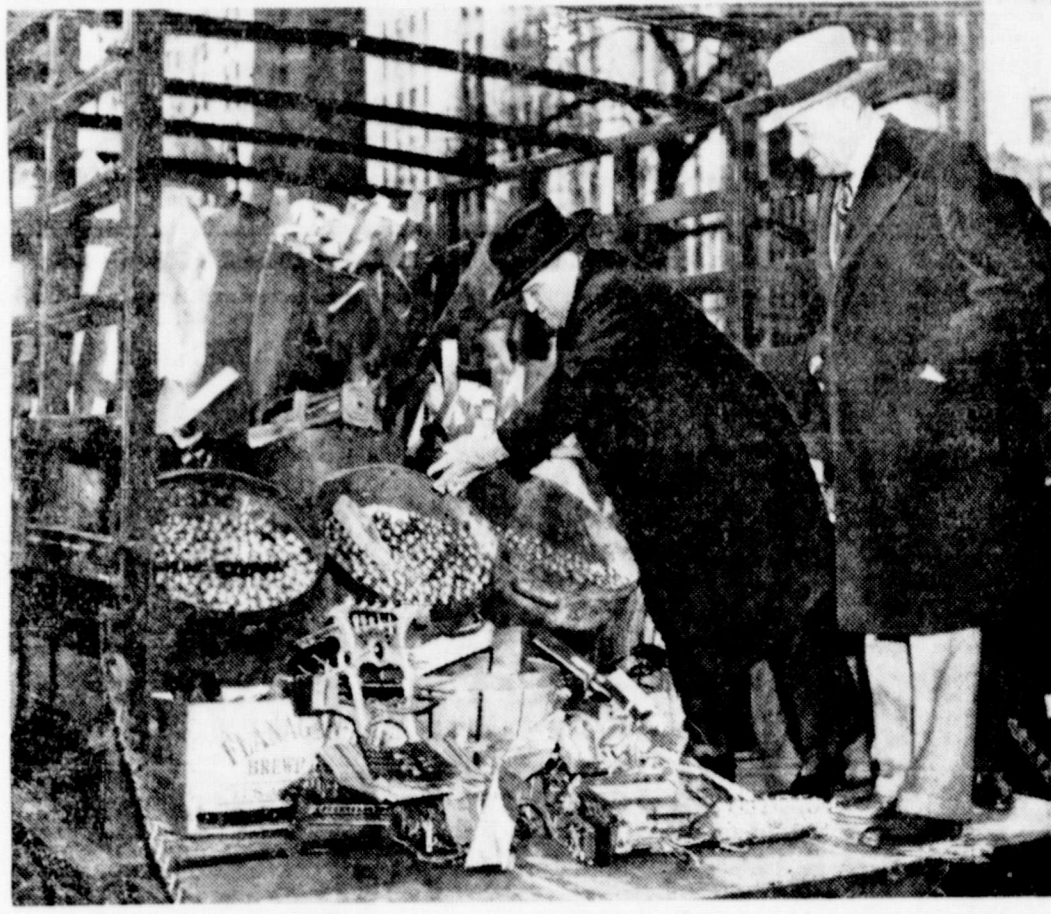

We should confine northern draftees to naval and air work and insist that English Colonials do shore work in the Tropics. Our sailors and flyers can afford fighting risks there as they can be fed good American food and would be free from tropical diseases. Military experts will tell you that Germany, Italy, and Japan can be annihilated by our navies and air forces. If Russia will continue to stand firm, and Turkey the Danubian, we may be in too much hurry to win the war. Perhaps disease will do the trick if we are patient. If the war can be won at less risk and by taking a longer time, shouldn't this be done? We do not want to unnecessarily send boys from snow drifts into tropical jungles too hastily.

Climatic Dangers

Let us benefit from climate and biology rather than have these used to crush us. Americans can safely be sent to Alaska and Russia. It is also okay to have them in Ireland. But it is good strategy to send our infantry now to Africa and the South Sea Islands. Let us plan for a long war, giving our enemies time to commit suicide. If it is our job to lick the world, let's sit in the driver's seat, give the orders to Churchill and tell HIM where to send HIS men.

When in the Orient two years ago, I was told it would be suicidal to send northern troops there except they live on battleships and carriers. When the truth is out, it may show the climate, rather than "hordes of Japs" caused Singapore's surrender. We can make our best contribution by working with natural law instead of bucking it. As Alexander Quarry says: "Democracy gives the President and Congress the freedom of choice; but they cannot free us people from the sad consequences when they make a bad choice."

PROBATE CASE DISPOSED OF BY COUNTY COURT

The following probate matters were disposed of in the county court:

Mrs. Mattie L. Barton, administratrix of the estate of J. B. Barton, deceased, application to pay claims owing by the estate. Approved and payment authorized.

Mary Reber Gorman, guardian of the estate of David James Gorman et al. minors, petition for increased allowance for support and maintenance of wards. It appears to the court that the allowance of \$30 per month heretofore ordered is insufficient, it was ordered that the allowance be increased to \$50 per month.

E. A. Agnew, guardian of the estate of Ethel Atkinson, incompetent, petition for authority to pay taxes due by the estate. Approved and payment authorized.

In the matter of the estate of W. W. Lufkin, deceased. It appearing to the court that A. O. Hinman, having been appointed temporary administrator of said estate, it was ordered that the temporary administration be made permanent. O. C. Lanier, E. T. Eubank and G. C. Love were named appraisers of said estate.

Eldridge A. Agnew, petitioner to probate will of H. K. Agnew, deceased. Approved and petitioner was named independent executor as directed in said will. W. A. Stiles, G. M. Harper and Earl Bender were appointed appraisers, and oath administered to petitioner as executor. Inventory approved as filed.

In the matter of the estate of

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 2 pints a day.

Let us benefit from climate and biology rather than have these used to crush us. Americans can safely be sent to Alaska and Russia. It is also okay to have them in Ireland. But it is good strategy to send our infantry now to Africa and the South Sea Islands. Let us plan for a long war, giving our enemies time to commit suicide. If it is our job to lick the world, let's sit in the driver's seat, give the orders to Churchill and tell HIM where to send HIS men.

Improved 57 acres on paved highway just out city limits for sale at bargain if sold by 28th of Feb. for cash. E. P. CRAWFORD AGENCY 108 W. 8th. Phone 453.

W. B. Cotten, deceased. Petition of Mrs. W. B. Cotten for letters of administration. Approved and letters issued. Inventory approved as filed.

Mrs. Frances Ann Monk, petition for letters of administration of the community estate of herself and Hiram H. Monk, deceased, and for appointment of appraisers. Approved and letters ordered as petitioned for. N. C. Houston, Tom B. Stark and Jack Anderson were named, whose report was approved as filed.

Petition of Louise Trammell and Carlton Meredith, independent executrix and executor, to probate will of C. W. Trammell, deceased. Approved and will ordered probated.

In the matter of the estate of Wilma Henrietta Burrows, minor; inventory and appraisal of estate approved as filed by W. V. Whitlock, C. C. Love and W. I. Campbell.

A. M. Foote, administrator of the estate of Mary Elizabeth Foote, deceased, petition for authority to distribute certain funds that have come into the hands of the administrator, to the legal beneficiaries of the estate, all of whom are of legal age, and for a guardian ad litem for Arlie Hubbard Foote, incompetent. Petition approved, funds ordered distributed, and T. M. Collie named guardian ad litem.

Nellie C. Martin, community survivor of the estate of herself and deceased husband, N. A. Martin, filed her resignation as administratrix, showing to the court

that she has conveyed to the beneficiaries all their interests and made a full accounting of the manner in which she has administered the estate. Approved.

NEIL LANE FUNERAL HOME 300 W. 9th Street—CISCO—Phone 167 In the Service of Others

THE 40-HOUR WEEK. WASHINGTON, Feb. 26.—Work stoppages in war factories brought an angry demand in congress Thursday for cancellation of the 40-hour week and of time and a half for overtime. Representative Smith of Virginia asked the house to suspend 17 laws on the work week and overtime pay. His proposal was contained in an

amendment to the second war powers bill, slated for a vote before the day was out. Auto service stations in 1939 did 6.7 percent of the nation's total retail business. An estimated 750,000 washing machines in the U. S. will have to be replaced in 1942.

WE'RE PROUD OF OUR SHERWIN-WILLIAMS SWP HOUSE PAINT. Some of the nicest looking houses in this town are Sherwin-Williams SWP House Paint jobs—and we're proud of them. You can't beat the combination of SWP and a rattling good painter if you're out to buy yourself a handsome, lasting paint job. Drop in at our store for a color card. Ask us, too, about the new SWP Undercoater that seals, 'blenketts', smooths out roughest surfaces!

**Friday.**

Junior girls' auxiliary of First Baptist WMS will meet in the home of their sponsor, Mrs. W. W. Fowell, at 4 o'clock.

The XXth Century club will meet in regular session in the club rooms at 3 p. m.

The County Federation of Women's clubs will meet at 3 p. m. in the Methodist church at Carbon, Friday, February 27.

**Mrs. Lucy Abel Entertained Matron Class**

Mrs. Lucy Abel was hostess Tuesday evening to the Fidelity Matron class of the First Baptist Sunday school which met in her home, 709 W. Thirtieth street. The meeting opened with prayer by the teacher, Mrs. J. R. Burnett. Mrs. J. E. Mayhew class president, had charge of the brief period of business.

A splendid devotional was brought by Mrs. Stedman Strickland, after which the president appointed a committee of Mrs. Lucy Abel, Mrs. Weldon Wood and Mrs. J. T. Richardson to nominate new officers; a discussion was held on securing new members for the class. Mrs. E. J. Poe, superintendent of the Young people's department, closed the meeting with prayer.

A social hour followed during which a number of interesting games were played. Lovely refreshments were passed at the meeting.

**G. A. Group Has Election Of New Officers**

The intermediate girls auxiliary of First Baptist W. M. U. met in the church parlor Tuesday evening with the president, Cathryn Shepard, in charge. Committees appointed were as follows: Personal service, Sylvia Hazel and Betty Fay Grist; mission study chairman, Louise Norris; program chairman, Billie Jean Hall; library, Gene Graves; social committee, Jeanette Burnam, Sylvia Hazel and Gene Graves; parliamentarian, Shirley Parker; pianist, Jeanette Burnam; treasurer and stewardship, Shirley Parker; reporter, Jeanette Burnam.

After the reading of the minutes it was decided to order manuals. Duties of the maiden and the lady-in-waiting were discussed.

The meeting closed with prayer by Jeanette Burnam.

Those present were Misses Cathryn Shepard, Shirley Parker, Billie Jean Hall, Louise Norris, Betty Grist, Sylvia Hazel, Alice

**Can Eat Anything Without Suffering Misery Afterward**

**Twelve Years of Suffering Was Ended By Hoyt's Compound Says Ft. Worth Matron.**

Mrs. Minnie Shelley, 1204 La Ganda St., a resident of Ft. Worth, Texas, for 14 years, says: "I have been ailing twelve years.

**MRS. MINNIE SHELLEY.**

I seemed to be bothered with indigestion, suffering with gas, sour stomach, belching and was in misery all the time. My limbs and back ached. I had dizzy spells and could hardly see. I was nervous and felt despondent. I had tried all medicines I heard of without results.

"After taking Hoyt's Compound I immediately noticed a distinct improvement in my digestion. Gas didn't form and my stomach was no longer sour and no more belching. I can eat anything without suffering and haven't had a dizzy spell since. I am happy to tell everyone what Hoyt's has done for me!"

Hoyt's Compound is recommended and sold by the Red Front Drug Store and other leading druggists in this area.

**Presbyterian Auxiliary In General Meet**

First Presbyterian auxiliary met in the church Tuesday afternoon at 3 o'clock in regular monthly business meeting with Mrs. Home Slicker, president in charge. New officers elected were as follows: Vice president, Mrs. J. E. Moriart; recording secretary, Mrs. Van-McCrear; secretary of Religious Education, Mrs. Gary L. Smith.

During the business period it was decided to observe the week of spiritual enrichment which will take place March 29 to April 1. Plans were made for the auxiliary officers training class to be conducted by Mrs. T. H. Willis, Abilene on March 24.

Mrs. Gary L. Smith was leader of the program following "Christian Ambassadors." Mrs. R. Warwick brought a splendid devotional; parts were given: Mrs. Willie Bogan Dunne, Mrs. P. Crawford, Mrs. J. E. Cole and Mrs. S. E. Hittson. Mrs. Al Spears led in the pledge to the American flag. Mrs. A. E. Jamison led in the pledge to the Christ flag.

The meeting was dismissed with which prayer.

Those present were Mrs. Home Slicker, Mrs. Gary L. Smith, Mrs. S. E. Hittson, Mrs. J. E. Caffra of the Mrs. A. E. Jamison, Miss Bel aerobath, Mrs. P. R. Warwick, Miss young E. P. Crawford, Mrs. H. L. Jac18 and son, Mrs. F. J. Borman, Mrs. Alr force Spears, Mrs. J. E. Coleman, Minment, Mrs. Stansell, Mrs. Abbie Danie, Mrs. J. G. Ruppe, Mrs. John Klein, Mrs. R. E. Pentecost, Mrs. J. Walter, Mrs. W. W. Wallace.

**OES School Of Instruction Well Attended**

A number of Cisconians attended the Eastern Star school of instruction in Eastland Wednesday and Wednesday night. Among those going were Mr. and Mrs. J. M. Witten, Mr. and Mrs. L. D. Wilson, Mr. and Mrs. H. T. Huffman, Mr. and Mrs. Joe Britain, Mrs. Geo. T. LaMarr, Mrs. A. V. Clark, Mrs. Chas. Clark, Mrs. Anna D. Watson, Mrs. Fred Steffey, Mrs. N. A. Brown, Mrs. Pearl Elliott, Mrs. W. E. Dean, Mrs. W. H. Hayes, Mrs. G. C. Rosenthal, Mrs. J. J. Tableman, and Mrs. A. A. Hansen.

Grand officers present were State Worthy Matron Viva S. Huffman of Houston, Special District Deputy Grand Matron Estelle Cabiness of Temple; Mrs. Bessie Guifford of Cleburne and Associate Worthy Grand Matron Anglin of Luling.

**Council Group With Mrs. G. W. Bailey**

Mrs. G. W. Bailey was hostess to group three of the First Christian church council which met in her home on Eighth street Tuesday afternoon. Mrs. Lonnie Shockley, group chairman, opened the meeting and brought the devotional.

During the business session it was decided to have a covered dish luncheon next Tuesday in the home of the chairman, Mrs. Shockley. The meeting was closed by repeating the missionary benediction.

Attending were Mrs. Lonnie Shockley, Mrs. Audrey Ezzell, Mrs. I. A. Brunkenhoefer and Mrs. Bailey.

**Glassed Fruit Solves Daily Salad Problem**

What to serve for salad is a question that comes up every day of the homemaker's life. A quick solution to the problem is to select the fruit from the wide variety now glassed in convenient duralux jars. Pear halves, for instance, garnished with a little pineapple-and-cream Pracee-mixture, and served on crisp lettuce leaves, make an appetizing dinner salad.

The remaining pear halves may be stored in the original container and served in their own syrup at breakfast fruit.

### BRIEFLY TOLD

Mr. and Mrs. G. V. Litchfield and daughter, Bettie Jean, were stop-over guests today of his brother, J. J. Litchfield and family while enroute to San Angelo to visit a sister. Mr. Litchfield is a prosperous farmer of Greenville, Hunt county. On their way home they will spend some time here.

J. B. King of Brownwood and sister, Miss Noma King of Cisco, left Wednesday night for Denison, where they were called by the grave condition of their father, J. C. King, former MK&P railway agent here. Mrs. J. C. King has been with her husband there for some time. She was joined this week by Mrs. B. C. Metcalf.

Dr. and Mrs. G. M. Stephenson enjoyed visits of their children over the week-end. With them were Sgt. and Mrs. Joseph L. Krebs of San Antonio, Mr. and Mrs. Jack Stephenson of Houston.

Mrs. A. J. Muller of Brownwood is visiting her son and daughter-in-law, Mr. and Mrs. E. H. Muller.

Misses Betty Lou Muller and

Rheda Wray Clark, students of John Tarleton college, Stephenville, are expected to spend the week-end in Cisco with their parents, Mr. and Mrs. E. H. Muller and Dr. and Mrs. F. E. Clark.

Jack Anderson, J. A. Smith and C. K. Padgett left Wednesday night on a business trip to Freeport.

Joe Carroll Parish, son of Mr. and Mrs. J. P. Parish, who was accidentally shot in the eye with a BB gun, last week, is slowly regaining his vision, after intense suffering and hemorrhages.

Mr. and Mrs. Wilbur Inky and Mrs. Nick Nye of near Cleveland, O., arrived Wednesday night for a visit with Mr. and Mrs. W. H. Kirby.

Mrs. O. Gustafson is spending the week with relatives in Stamford.

Mr. and Mrs. C. J. Collins and son Mickey spent Wednesday in Dallas with Mr. and Mrs. Ikey Farmer and son Gene, former residents of Cisco, now living in Entis.

### CATTLE MARKET

Most of the cattle and calves offered at Fort Worth Thursday sold at steady prices but the fed steers and yearlings were very uneven.

Good to choice fed steers and yearlings sold at \$10.50 to \$12.50 with the top price paid for some club yearlings while two loads of fed steers brought \$10.50. Medium fleshed and short fed steers and yearlings cashed at \$8.50 to \$9.75 and a few common butcher yearlings sold below \$8.

Good beef cows turned at \$8.25 to \$9 with butcher cows at \$7.25 to \$8 and canners and cutters at \$5.50 to \$7. Bull prices ranged from \$7 to \$9.

Good to choice fat calves cashed at \$10.50 to \$12 with some veals higher. Plain and medium butcher calves sold at \$8.25 to \$10 and cull calves at \$7 to \$8.

Good to choice stocker steer calves brought \$10.50 to \$12.50 with best heifers at mostly \$11.50 down. Stocker yearlings sold at \$11 down and stocker cows went back to the grass at \$8.50 down.

Hogs were steady to 10c lower than on Wednesday with the top \$12.95. Good and choice 180 to 200-pound butchers sold at \$12.85 with the latter price paid freely by all interests. Good 160 to 175-pound averages ranged from \$11.90 to \$12.65. Packing sows were steady to \$11.50 to \$11.75 and stocker pigs unchanged at \$10 down.

In the sheep yards, shorn lambs were strong and fat ewes fully steady. Good wooded lambs and shorn aged wethers were unsold at 10:20 o'clock. Sales included medium grade wooded lambs at \$10.50 with good and choice grades held above \$11.25. Shorn lambs sold mostly at \$8.50 and \$9 with one lot at \$9.25. Wooded ewes brought \$6.50 to \$6.75.

**GARBAGE WOMAN**—You've seen woman taxi drivers, but now Mrs. Opal Pruitt, 24, of San Diego, Cal., goes a step further as she boards truck after appointment to drive garbage truck.

About one-fourth of the \$2,800,000,000 business done by auto service stations during 1939 was on a credit basis.

U. S. exports for August rose to \$455,000,000 as compared with \$351,000,000 a year ago.

### REDS CLAIM AID TO NAZIS IS CUT OFF

MOSCOW, Feb. 26.—The Russians declared Thursday they had defeated reserves which the Germans were hurling into the flaming battle of the Staraya Russa area, where a Soviet ring of destruction closed tighter upon survivors of the smashed Nazi 16th Army.

One of the reserve units said to have been beaten when it attempted to break through to aid the trapped troops was identified as the 5th Regiment of the German 5th Division.

Dispatches from the front said Russian fliers and antiaircraft guns were breaking up attempts by the Germans to bring supplies into the Staraya Russa area by transport plane.

### CARDINAL IS DEAD; CAREER WAS BUSY ONE

ROME, Feb. 26.—Tommaso Pio Cardinal Boggiani, 68, who had one of the most turbulent careers of any member of the college of cardinals, died Thursday.

Cardinal Boggiani was involved in several sharp theological debates and at one time was the center of a dispute concerning the administration of the archdiocese of Genoa.

The most violent chapter, however, was when the townfolk of Adria stoned him.

Pope Pius X created him Bishop of Adria in 1908 and instructed

him to transfer the seat of the diocese to the more important city of Rovigo. Despite opposition by Adria's townsfolk he made the transfer.

In 1912 he was sent to Mexico

as papal nuncio with the rank of archbishop.

Michigan is considering the

of plastic auto license tags.

**SPEED...**

at a telephone job that is vital

Telephone construction crews everywhere have been breaking records month after month.

Within the space of a year, Southwestern Bell crews completed extensive telephone systems at scores of military or military supply locations in Texas, Missouri, Kansas, Arkansas, and Oklahoma, finishing each job on time... or ahead of time.

In some exchanges where the in-rush of workers in armament plants created an extraordinary demand, these crews have helped to double the number of telephones in service.

All told, 30,000 Bell Telephone folks in the Southwest march ahead these days, doing their best with such materials as are available to give you... and the nation... all the telephone service possible in time of war.

SOUTHWESTERN BELL TELEPHONE CO.
