COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO, TEXAS, TUESDAY, MARCH 10, 1942

NUMBER 134

"I therefore believe it is my duty to my Country, to love it, to uphold its Constitution, to obey its laws, to respect its Flag and to defend it against ALL enemies."

## KNIFE MEN AND RAPE WOMEN

### RODENT DRIVE O. K.

M. K. Retlike, government exterminator heading the local rat-killing campaign, is well pleased with results so far secured in the business area of Cisco.

Many rats, and all as dead as the proverbial door nail, are being found at or adjacent to points where the poison baits have been placed.

And while the campaign was launched as a strictly Cisco drive, farmers of the Cisco area have been asking for and obtaining the same and are now beginning to announce excellent results therefrom.

John McKinney, a farmer who resides southeast of Cisco, found 6 dead rats under an old chicken house. Will Farmer, well known farmer northeast of Cisco, has found at least 46 rats, he stated today.

Fifty dead rats were removed from the A. & P. storehouse; five at the Savoy Cafe; 20 at Laguna Hotel; two at Ruby's Cafe.

There has been no complaint of odor, Mr. Retlike said.

RUBINOFF and his \$100,000 Stradivarius violin.

### PRINCE AIDS RISING STAR IN REVIVAL

Rev. Judson Prince, pastor of the Cisco Baptist church, will assist Rev. Herbert Christian, pastor of the First Baptist church at Rising Star, in a two-week revival which started yesterday.

Mr. Prince will speak at the evening services, which start at 8 o'clock.

The Cisco minister spent today in Rising Star and spoke at both of the city's schools.

### BILL SUBLETT WRITES HOME FROM THE WAR

Mr. and Mrs. Elliott Sublett, Cisco route four, near Dothan, have just received a letter from their son, H. W. (Bill) Sublett, who joined the United States Marines on March 8, 1941.

He was born in Cisco in 1919 and attended school here in 1938 and 1939. The letter was written January 27 and received here on March 6.

The letter is largely of a personal nature, but the young man says he is doing nicely, in no danger as long as the marines are around and asks that his parents and friends do not worry about him.

### SOLDIERS AT HOME FOR A SHORT VISIT

Sgt. Walter V. Preston, member of the U. S. air corps and stationed at Norfolk, Va., is home for a short visit with his parents and sister, Mr. and Mrs. W. G. Preston and Mrs. T. B. Johnson. Mrs. Johnson, the sister, is ill in a Ranger hospital.

Sgt. Clarence Parton, also of the air corps at Norfolk, is visiting here with Sergeant Preston.

Another son, Private John N. Preston from Camp Wolters, spent the week end here with his family.

### LAWSON WRITES HOME

Mr. and Mrs. O. G. Lawson of west Ninth street have received a letter from their son, Melvin, who left San Francisco two months ago for the war zone in the Far East.

Young Lawson, who was reared in Cisco, was an employee of the Humble company and roughnecking on a rotary drill in Louisiana when he joined the army some 13 months ago. In part the letter said:

**Plenty to Eat.**

"Your getting this letter will mean I have arrived safely and have my feet on solid ground again, for all letters will be packaged and mailed from our destination, though the postmark will be San Francisco. Censorship rules are of course in effect.

"The voyage so far has been very pleasant and uneventful. We are eating in an old cabin class dining room and, for 50 cents, are getting food you would pay \$3 a day for at the Texas hotel in Ft. Worth. Menu is crowded with delicacies such as fresh strawberries, Hawaiian poi, juicy steaks, squash, ice cream; but the best is the 'Bird's Eye' frozen foods I introduced you to when I came home from Louisiana. These peaches, are processed the same way. They are not the Alberta canning type, but the kind you buy at home. They look and taste exactly like the kind you used to have and it makes me a bit homesick to eat them, but I order double every time they are listed.

**Keeps a Journal.**

"We also have use of the ship writing room and library. I have been reading a good deal and keeping up my journal. The journal I will be able to keep, but will have to turn in the completed parts periodically. They will file the sheets away and I will get them at the end of the war.

**Fresh Water Scarc.**

"So far, I have not been the least bit seasick and the days have passed very quickly. Since the fresh water supply is limited, we are washing, bathing and shaving in cold salt water. Makes the skin a bit sticky. We can manage for a little fresh water to brush our teeth and to wet the shaving brush. Will be glad to get to land and have a nice soaking bath in fresh hot water.

"Please do not worry and, as I said, your receiving this letter will mean I have landed safely."

Victor Lawson, a brother, is attending government school at Keesler Field, Miss., where he is training for an airplane mechanic.

### SOLDIERS IN CAR WRECK VERY LUCKY

Sgt. Harry M. England and Private Clarence M. McCafferty of Camp Bowie were painfully injured Saturday night when their car turned over several times while descending the hill just west of Williamson dam at Lake Cisco. A third soldier in the car with the two injured men escaped unhurt.

The wounds of the two were dressed at Graham Sanitarium and McCafferty was dismissed, but an army ambulance carried Sergeant England to the Camp Bowie hospital, where he will probably be under treatment for ten days or two weeks.

The men were extremely lucky, according to those who saw the car following its roll down the rocky hillside.

TIN CAN HARVEST FOR UNCLE SAM—Empty tin cans will no longer be tossed on the city dumps to rust away. Uncle Sam has asked American women to save this metal for eventual collection and conversion into the war effort. This group complies as they salvage cans in restaurant.

### GEORGE A. LEE OF HUMBLE CO. IS RECOVERING

George A. Lee, assistant division superintendent of the Humble Pipe Line in West Texas, with headquarters at Midland, is slowly recovering from an operation performed at Graham Sanitarium, here, some two weeks ago.

He is getting along nicely now, said J. E. Caffrey of the Humble company, this morning, but it will probably be two weeks before Mr. Lee can return to his home in Midland.

E. J. HIERHOLZER.

### KITE FLYERS ARE WARNED OF DANGERS

It's kite-flying time again! And the West Texas Utilities, momentarily forgetting the problems of war in many lands and the difficulties of maintaining good service in the face of wartime handicaps, is taking time out for a humanitarian war it has waged for long years in the past.

Instead of a conflict to inflict injuries, it's a fight to prevent injuries.

The company again is calling attention to the dangers of kite-flying, repeating a familiar slogan: "Have fun with your kite—but fly it safely!"

Among rules children should observe are these: Watch out when crossing streets with a kite in tow. Keep to the open spaces and away from wires of all types. Don't use wire or metal on any part of the kite. Don't use string with wire in it. Keep the kite dry. Don't climb poles if the kite becomes caught in wires.

"Serious and even fatal accidents have resulted from kites coming in contact with high tension wires," cautioned N. C. Huston, WTU local manager. "We want to help keep all children safe from harm."

Mr. and Mrs. O. W. Hampton are leaving today for a few days' visit with relatives at Whitney and Hillsboro.

### INTEREST IN MONTH-OLD REVIVAL GROWS

E. J. Hierholzer of Beaumont, who has charge of the All-Churches revival which has been in progress here since February 7, said yesterday that he has no closing date in mind, since the interest is steadily growing, with people coming from hundreds of miles to the healing services he conducts each Tuesday and Friday nights.

Sunday night, the evangelist stated, the altar call brought 36 people forward. The spirit of the meeting, he stated, is at a very high pitch.

Every Monday night is holy ghost night, with the laying on of hands for the reception of the holy ghost.

The meetings are held in the building at 103 W. Ninth street, nightly at 8 o'clock, and the general public is invited.

### S. B. WRIGHT HERE TODAY FROM DUNDEE

Mr. and Mrs. S. B. Wright passed through Cisco today enroute to their home at Dundee, where Mr. Wright has charge of the state fish hatchery.

Mr. Wright was in charge of the Cisco fish hatchery from November, 1927, until 1935, going from here to Brownsville.

He took over the work at Dundee last December.

### TICKETS TO GO ON SALE WEDNESDAY

Tickets for the Rubmoff violin concert program sponsored by the Cisco Lions club, at high school auditorium at 8 o'clock, March 23, will go on sale at the Red Front drug store and by Lion members, Wednesday of this week, at noon. General admission tickets may be exchanged at the Red Front for reserved seats.

D. G. Streater, general chairman of arrangements, announces that a number of reserved seats have already been reserved, so it is important that reservations be made at once.

General admission for the lower floor is \$1.10, which includes tax, student tickets, balcony, 50 cents, including tax; reserved seats, center section only, lower floor, 35 cents additional for general admission.

### FIRE DAMAGED MISSION HOTEL AT PUTNAM

Cisco and Baird fire departments responded to a fire alarm at Putnam yesterday afternoon. Clarence Tune took a truck from Cisco and six men of the Baird department were at work when he arrived.

The scene of the fire was the Mission hotel, owned by Mrs. Mary Guyton, who said the blaze originated from burning grass near the building. Mrs. Guyton had started the fire.

A telephone message from Putnam said the damage would amount to a few hundred dollars.

The Mission hotel, the most pretentious structure in the town, was built early in the 1900's by the Holland syndicate, when it was hoped to make Putnam a health and recreation resort by the reason of its mineral water. It was later purchased by Dr. R. G. Milling, who operated it for a time as a sanitarium. Later Mrs. Guyton purchased the property and has operated it as a hotel.

### SINGLE HEAD IS LIKELY

WASHINGTON, March 10.—Senator Bennett C. Clark, Missouri Democrat, today introduced a bill to unify land, sea and air forces under a department of national defense headed by a special cabinet board.

Senator A. B. Chandler, Kentucky Democrat, and a member of the senate military affairs committee, had said he believed the administration was considering creation of a single supreme commander of the army and navy.

### HOGS AT \$13.65

Hogs again advanced sharply on the Fort Worth livestock market Tuesday, scoring gains of 19 to 25 cents to a top of \$13.65. The packer top rested at \$13.60. Most classes of cattle and calves were about steady. Beef steers and yearlings were slow, with some bids on the low side. Some heavy slaughter calves drew weak to unevenly lower prices. All classes of sheep and lambs were steady.

Good to choice fed steers and yearlings sold at \$10.25 to \$12. Three loads of fed steers sold at \$11.50 and two loads at \$11.25. Common to medium slaughter steers and yearlings drew \$7.50 to \$9.75.

Good beef cows cashed at \$8.25 to \$9; butcher cows at \$7.25 to \$8 and canners and cutters at \$4.50 to \$7. Bulls cleared at \$7 to \$8.

Good to choice stocker steer calves cashed at \$10.50 to \$13.50, similar heifer calves from \$12.50 down. Common to medium stocker calves ranged at \$7.50 to \$10.25; stocker yearlings at \$7 to \$11, and stocker cows at \$6.75 down.

Good and choice 180 to 220-pound hogs sold mostly at \$13.50 and \$13.60. Good and choice 150 to 175-pound averages brought \$12.60 to \$13.40. Packing sows were 25 cents higher, selling at \$12 and \$12.25. Stocker pigs were 50 cents advanced at \$9.50 to \$10.50.

Sales in the sheep yards included medium and good wool fat lambs at \$10.50 to \$11; shorn lambs at \$9 down; shorn yearlings at \$8 and \$8.50; shorn 2-year-old wethers at \$7 and \$7.25; shorn aged wethers at \$6 to \$6.50. Woolled fat ewes at \$6.75, and a few feeder lambs at \$9 down.

### DRIVE STARTS TO INDIA AND AUSTRALIA

Japan drove toward India and Australia today, but on European fronts the RAF and Russian army hammered new blows at Axis forces.

British troops in Burma fell back northward toward a juncture with strong Chinese forces now in Central and North Burma.

Rangoon, razed by fire, is held by the Japs.

It is admitted that the Japs now have powerful air and sea bases with which to challenge control of the Indian ocean and send raiding bombers over the northeast Indian metropolis of Calcutta.

Jap planes blasted at Port Moresby, the strategic New Guinea point only 350 miles from the Australian mainland and the key to the control of Torres strait, the ocean passage off Australia's northeast coast. There have been additional landings of Jap troops on the north coast of New Guinea.

**Developments.**

**DUTCH INDIES**—Some Dutch forces believed still holding out, despite capitulation of the main Dutch army at Bandoeng. Overwhelming Jap air superiority and a huge landing force are blamed for the loss of Java.

**AUSTRALIA**—Australians prepare to send a mission to the United States to request rush of preparations to meet expected attacks on north coast points.

**INDIA**—Statement by Prime Minister Churchill on political concessions to India are promised for the next sitting of parliament.

**RUSSIA**—Heavy Soviet reinforcements move across frozen Lake Ilmen to strengthen attack on the encircled Germans at Staraya, Russia.

**LONDON**—Foreign Secretary Anthony Eden told the house of commons today that Japan committed atrocities against military prisoners and civilians at Hongkong that rival the notorious barbarities of Nanking. Eden said that five officers and men of the British army were bound hand and foot and then bayoneted to death. Both European and Asiatic women were raped and then murdered.

### ORAN CLARK IS A HAPPY BENEDICT NOW

Miss LaVerne Shelton of Kerens became the bride of Sgt. Oran Clark of Corsicana in a Saturday night ceremony read by Rev. E. T. Miller, pastor of the First Baptist church, in the pastor's home in Corsicana. The bride is the daughter of Mr. and Mrs. J. B. Shelton of Kerens. Sergeant Clark is the son of Mr. and Mrs. A. L. Clark of Cisco.

The young couple will make their home in Corsicana, where Sergeant Clark is located in the U. S. Air force.

### What Should You Save To Help?

WASHINGTON, D. C.—The following table issued by the Treasury Department is intended as a savings yardstick for the average income earner. It suggests how everyone of the 48,000,000 employed persons in the United States may participate in the war effort through the systematic purchase of Defense Savings Bonds.

"The job ahead of us is far bigger than most of us realize," Secretary Morgenthau declared in making the table public. "I know that the American people are ready to do their part to win the war. One of the ways we can do more is by intensifying our effort in the purchase of Defense Bonds."

While persons without dependents may be able to set aside more than the suggested figures, persons with several dependents, or with other heavy family obligations, may be unable to save at the suggested rate, the Treasury Department pointed out.

### BRIEFLY TOLD

Mr. and Mrs. Coleman Williams of San Angelo are spending a few days with their parents, Mr. and Mrs. T. C. Williams.

The Guyle Greynolds family received a telephone call last week from Parks Bailey, former Cisco Lobo, in San Francisco, Calif. He said he was leaving that night for active duty and wanted to know

how everybody was at home. He stated that he had seen Robert Cone in town that night.

Mrs. Neil Seabourn, the former Miss Irma Perdue, left early Saturday morning to join her husband who is stationed with the U. S. army at Camp Polk, La.

Miss Helen Crawford is spending the week-end with friends in Houston.

A. D. Anderson, Luther McCrea and Charles Roberts departed for Dallas Saturday morning on a business trip. They expected to return Saturday night.

County Superintendent T. C. Williams and Mrs. Williams, Mr. and Mrs. O. L. Stamey and Miss Lela Latch attended the teachers convention in Sweetwater this week-end.

Mrs. H. J. Locke of Moran was a business visitor in Cisco Saturday.

Mrs. B. E. Allison who has been visiting her sister and husband, Mr. and Mrs. R. L. Ponsler the

last few months, will leave Monday for a visit with relatives in Tulsa, Okla., before returning to her home in Detroit, Mich.

Miss Marie Winston, teacher in Abilene high school, is a guest of her parents, Mr. and Mrs. W. R. Winston over the week-end.

Mr. and Mrs. H. C. Henderson accompanied by Miss Olga Ford left Saturday for a visit with Mr. and Mrs. Eugene Henderson in Lubbock. While away Mr. Henderson will visit his parents at Plainview.

James McCracken made a business trip to Abilene Saturday.

Mrs. Ida Shelton and daughter, Mrs. J. W. Wilson and her small daughter, Kay, were Eastland visitors Friday.

Mrs. M. C. Stivers and little son, Norman Lee Stivers visited her aunt, Mrs. Chas. Murphy and her grandfather, J. T. Walker in Eastland Friday.

Mr. and Mrs. Maurice Mancill of Dallas are guests in the home of his father, R. W. Mancill.

Guyle Greynolds, Jr., who has been ill with pneumonia for the past six weeks, is now improving.

Mrs. Gary L. Smith is visiting her son and daughter-in-law, Mr. and Mrs. Clyde Smith, at Sweetwater. She will also visit her son-in-law and daughter, Mr. and Mrs. Sam Baugh, on their ranch near Rotan while away.

Marvin Fonville, student of John Tarleton college, Stephenville, is spending the week-end with his parents, Mr. and Mrs. Roy Fonville.

Mr. and Mrs. Jack Shaw of Beaumont are week-end guests of his parents, Mr. and Mrs. R. L. Shaw. Mrs. Shaw will remain for a few days and go to Oklahoma for a visit with her parents before returning to Beaumont.

Mrs. L. A. White is visiting her sister in Abilene, who is very ill.

Virginia Ann Yancy of Eldorado, who sang over KGKL, San Angelo, last Saturday, dedicated her song to her sister-in-law, Mrs. Curtis Yancy.

### CATTLE MARKET

Very light supplies of cattle and calves arrived for Saturday's trade on the Fort Worth stockyards. Mostly steady prices prevailed.

The hog market ruled steady to 13 cents below Friday's average with the Saturday top \$13.10.

Receipts in the sheep yards were mostly ewes and feeder lambs that were unsold on early rounds.

No mature steers were on sale. Odd lots of common to medium butcher yearlings brought \$7 to \$9.25. No good fed yearlings were available.

A few beef cows brought \$7.25 to \$8.25 with campers and cullers at \$4.50 to \$7. Old bulls cashed at \$7 to \$9.

Good to choice fat calves were quoted at \$10.50 to \$12 with plain and medium butcher calves at \$8.25 to \$10 and culls at \$7 to \$8.

Not enough stockers were on hand to test the market. Three loads of plain stocker steers arrived and were carried over to Monday's market.

While the hog top was \$13.10, packers stopped at \$13 and most of the good and choice 180 to 280

### SNOWBIRDS OF CANADA

FROM the young men who used to spend their winter weekends skiing on the snow-covered hills of Canada, the Dominion has created a body of ski troops who are second to none. Long experience in this popular sport made it easy for these men to adapt themselves to the conversion of skiing from a pastime to the sterner purposes of war. Already they have proved their value in Iceland and many thousands of them are ready to demonstrate their merits in other theatres of war if necessary. The photographs show a platoon of ski troops on manoeuvres and a sniper who would be very difficult to spot.

Porting message for you. Tune in — W. H. SYMANK, Pastor.

## RODENT DRIVE O. K.

John K. Rethke, government expert heading the local rat-killing campaign, is well pleased with results so far secured in the business area of Cisco.

Many rats, and all as dead as the proverbial door nail, are being found at or adjacent to points where the poison baits have been placed.

And while the campaign was launched as a strictly Cisco drive, farmers of the Cisco area have been asking for and obtaining excellent results thereon.

John McKinney, a farmer who resides southeast of Cisco, found 6 dead rats under an old chicken.

Will Farmer, well known farmer northeast of Cisco, has found at least 46 rats, he stated today.

Fifty dead rats were removed from the A. & P. storehouse; five at the Savoy Cafe; 20 at Laguna Hotel; two at Ruby's Cafe.

There has been no complaint of rats, Mr. Rethke said.

## LAWSON WRITES HOME

Mr. and Mrs. O. G. Lawson of west Ninth street have received a letter from their son, Melvin, who left San Francisco two months ago for the war zone in the Far East.

Young Lawson, who was reared in Cisco, was an employee of the Humble company and roughnecking on a rotary drill in Louisiana when he joined the army some 13 months ago. In part the letter said:

**Plenty to Eat.**  
"Your getting this letter will mean I have arrived safely and have my feet on solid ground again, for all letters will be packaged and mailed from our destination, though the postmark will be San Francisco. Censorship rules are of course in effect."

"The voyage so far has been very pleasant and uneventful. We are eating in an old cabin class dining room and, for 50 cents, are getting food you would pay \$3 a day for at the Texas hotel in Ft. Worth. Menu is crowded with delicacies such as fresh strawberries, Hawaiian poi, juicy steaks, squab, ice cream; but the best is the 'Bird's Eye' frozen foods I introduced you to when I came home from Louisiana. These peaches, are processed the same way. They are not the Alberta canning type, but the kind you buy at home. They look and taste exactly like the kind you used to have and it makes me a bit homesick to eat them, but I order double every time they are listed."

**Keeps a Journal.**  
"We also have use of the ship writing room and library. I have been reading a good deal and keeping up my journal. The journal I will be able to keep, but will have to turn in the completed parts periodically. They will file the sheets away and I will get them at the end of the war."

**Fresh Water Scarce.**  
"So far, I have not been the least bit seasick and the days have passed very quickly. Since the fresh water supply is limited, we are washing, bathing and shaving in cold salt water. Makes the skin a bit sticky. We can manage for a little fresh water to brush our teeth and to wet the shaving brush. Will be glad to get to land and have a nice soaking bath in fresh hot water."

"Please do not worry and, as I said, your receiving this letter will mean I have landed safely."

Victor Lawson, a brother, is attending government school at Keesler Field, Miss., where he is training for an airplane mechanic.

TIN CAN HARVEST FOR UNCLE SAM—Empty tin cans will no longer be tossed on the city dumps to rust away. Uncle Sam has asked American women to save this metal for eventual collection and conversion into the war effort. This group complies as they salvage cans in restaurant.

## SINGLE HEAD IS LIKELY

WASHINGTON, March 10.—Senator Bennett C. Clark, Missouri Democrat, today introduced a bill to unify land, sea and air forces under a department of national defense headed by a special cabinet board.

Senator A. B. Chandler, Kentucky Democrat, a member of the senate military affairs committee, had said he believed the administration was considering creation of a single supreme commander of the army and navy.

## HOGS AT \$13.65

Hogs again advanced sharply on the Fort Worth livestock market Tuesday, scoring gains of 10 to 25 cents to a top of \$13.65. The packer top rested at \$13.60. Most classes of cattle and calves were about steady. Beef steers and yearlings were slow, with some bids on the low side. Some heavy slaughter calves drew weak to unevenly lower prices. All classes of sheep and lambs were steady.

Good to choice fed steers and yearlings sold at \$10.25 to \$12. Three loads of fed steers sold at \$11.50 and two loads at \$11.25. Common to medium slaughter steers and yearlings drew \$7.50 to \$9.75.

Good beef cows cashed at \$8.25 to \$9; butcher cows at \$7.25 to \$8 and canners and cutters at \$4.50 to \$7. Bulls cleared at \$7 to \$8.

Good to choice stocker steers cashed at \$10.50 to \$13.50, similar heifer calves from \$12.50 down. Common to medium stocker calves ranged at \$7.50 to \$10.25; stocker yearlings at \$7 to \$11, and stocker cows at \$8.75 down.

Good and choice 180 to 280-pound hogs sold mostly at \$13.50 to \$15.60. Good and choice 150 to 175-pound averages brought \$12.60 to \$13.40. Packing sows were 25 cents higher, selling at \$12 and \$12.25. Stocker pigs were 30 cents advanced at \$9.50 to \$10.50.

Sales in the sheep yards included medium and good wool fat lambs at \$10.50 to \$11; shorn lambs at \$9 down; shorn yearlings at \$8 and \$8.50; shorn 2-year-old wethers at \$7 and \$7.25; shorn aged ewes at \$6 to \$6.50, woolled fat ewes at \$6.75, and a few feeder lambs at \$9 down.

## ORAN CLARK IS A HAPPY BENEDICT NOW

Miss LaVerne Shelton of Kerens became the bride of Sgt. Oran Clark of Corsicana in a Saturday night ceremony read by Rev. E. T. Miller, pastor of the First Baptist church, in the pastor's home in Corsicana. The bride is the daughter of Mr. and Mrs. J. B. Shelton of Kerens. Sergeant Clark is the son of Mr. and Mrs. A. L. Clark of Cisco.

The young couple will make their home in Corsicana, where Sergeant Clark is located in the U. S. Air force.

## DRIVE STARTS TO INDIA AND AUSTRALIA

Japan drove toward India and Australia today, but on European fronts the RAF and Russian army hammered new blows at Axis forces.

British troops in Burma felt back northward toward a juncture with strong Chinese forces now in Central and North Burma.

Rangoon, razed by fire, is held by the Japs.

It is admitted that the Japs now have powerful air and sea bases with which to challenge control of the Indian ocean and send raiding bombers over the northeast Indian metropolis of Calcutta.

Jap planes blasted at Port Moresby, the strategic New Guinea point only 350 miles from the Australian mainland and the key to the control of Torres strait, the ocean passage off Australia's northeast coast. There have been additional landings of Jap troops on the north coast of New Guinea.

**Developments.**  
**DUTCH INDIES** — Some Dutch forces believed still holding out, despite capitulation of the main Dutch army at Bandoeng. Overwhelming Jap air superiority and a huge landing force are blamed for the loss of Java.

**AUSTRALIA** — Australians prepare to send a mission to the United States to request rush of preparations to meet expected attacks on north coast points.

**INDIA** — Statement by Prime Minister Churchill on political concessions to India are promised for the next sitting of parliament.

**RUSSIA** — Heavy Soviet reinforcements move across frozen Lake Ilmen to strengthen attack on the encircled Germans at Staraya, Russia.

**LONDON** — Foreign Secretary Anthony Eden told the house of commons today that Japan committed atrocities against military prisoners and civilians at Hong-kong that rival the notorious barbarities of Nanjing. Eden said that five officers and men of the British army were bound hand and foot and then bayoneted to death. Both European and Asiatic women were raped and then murdered.

## PRINCE AIDS RISING STAR IN REVIVAL

Rev. Judson Prince, pastor of the Cisco First Baptist church, will assist Rev. Herbert Christian, pastor of the First Baptist church at Rising Star, in a two-week revival which started yesterday.

Mr. Prince will speak at the evening services, which start at 8 o'clock.

The Cisco minister spent today in Rising Star and spoke at both of the city's schools.

## BILL SUBLETT WRITES HOME FROM THE WAR

Mr. and Mrs. Elliott Sublett, Cisco route four, near Dothan, Ala., just received a letter from their son, H. W. (Bill) Sublett, who joined the United States Marines on March 8, 1941.

He was born in Cisco in 1919 and attended school here in 1932 and 1933. The letter was written January 27 and received here on March 6.

The letter is largely of a personal nature, but the young man says he is doing nicely, in no danger as long as the marines are around and asks that his parents and friends do not worry about him.

In regard to not worrying, Sublett said: "I am sure you will worry some, Dad and Mom, but just remember that I am not drinking and am not subject to the dangers that exist in every life at home. I pray every day that the best I know how and I believe the good Lord will answer my prayers."

## GEORGE A. LEE OF HUMBLE CO. IS RECOVERING

George A. Lee, assistant division superintendent of the Humble Pipe Line in West Texas, with headquarters at Midland, is slowly recovering from an operation performed at Graham Sanitarium, here, some two weeks ago.

He is getting along nicely now, said J. E. Caffrey of the Humble company, this morning, but it will probably be two weeks before Mr. Lee can return to his home in Midland.

## KITE FLYERS ARE WARNED OF DANGERS

It's kite-flying time again! And the West Texas Utilities, momentarily forgetting the problems of war in many lands and the difficulties of maintaining good service in the face of wartime handicaps, is taking time out for a humanitarian war it has waged for long years in the past.

Instead of a conflict to inflict injuries, it's a fight to prevent injuries.

The company again is calling attention to the dangers of kite-flying, repeating a familiar slogan: "Have fun with your kite—but fly it safely!"

Among rules children should observe are these: Watch out when crossing streets with a kite in tow. Keep to the open spaces and away from wires of all types. Don't use wire or metal on any part of the kite. Don't use string with wire in it. Keep the kite dry. Don't climb poles if the kite becomes caught in wires.

"Serious and even fatal accidents have resulted from kites coming in contact with high tension wires," cautioned N. C. Huston, WTU local manager. "We want to help keep all children safe from harm."

## S. B. WRIGHT HERE TODAY FROM DUNDEE

Mr. and Mrs. S. B. Wright passed through Cisco today enroute to their home at Dundee, where Mr. Wright has charge of the state fish hatchery.

Mr. Wright was in charge of the Cisco fish hatchery from November, 1927, until 1935, going from here to Brownsville.

He took over the work at Dundee last December.

## SOLDIERS AT HOME FOR A SHORT VISIT

Sgt. Walter V. Preston, member of the U. S. air corps and stationed at Norfolk, Va., is home for a short visit with his parents and sister, Mr. and Mrs. W. G. Preston and Mrs. T. B. Johnson. Mrs. Johnson, the sister, is in a Ranger hospital.

Sgt. Clarence Parton, also of the air corps at Norfolk, is visiting here with Sergeant Preston.

Another son, Private John N. Preston from Camp Wolters, spent the week end here with his family.

## SOLDIERS IN CAR WRECK VERY LUCKY

Sgt. Harry M. England and Private Clarence M. McCafferty of Camp Bowie were painfully injured Saturday night when their car turned over several times while descending the hill just west of Williamson dam at Lake Cisco.

A third soldier in the car with the two injured men escaped unhurt.

The wounds of the two were dressed at Graham Sanitarium and McCafferty was dismissed, but an army ambulance carried Sergeant England to the Camp Bowie hospital, where he will probably be under treatment for ten days or two weeks.

The men were extremely lucky, according to those who saw the car following its roll down the rocky hillside.

## TICKETS TO GO ON SALE WEDNESDAY

Tickets for the Rubinoff violin concert program sponsored by the Cisco Lions club, at high school auditorium at 8 o'clock, March 25, will go on sale at the Red Front drug store and by Lion members, Wednesday of this week, at noon.

General admission tickets may be exchanged at the Red Front for reserved seats.

D. G. Streater, general chairman of arrangements, announces that a number of reserved seats have already been arranged for, so it is important that reservations be made at once.

General admission for the lower floor is \$1.10, which includes tax; student tickets, balcony, 50 cents, including tax; reserved seats, center section only, lower floor, 35 cents additional for general admission.

## FIRE DAMAGED MISSION HOTEL AT PUTNAM

Cisco and Baird fire departments responded to a fire alarm at Putnam yesterday afternoon. Clarence Tume took a truck from Cisco and six men of the Baird department were at work when he arrived.

The scene of the fire was the Mission hotel, owned by Mrs. Mary Guyton, who said the blaze originated from burning grass near the building. Mrs. Guyton had started the fire.

A telephone message from Putnam said the damage would amount to a few hundred dollars.

The Mission hotel, the most pretentious structure in the town, was built early in the 1900's by the Holland syndicate, when it was hoped to make Putnam a health and recreation resort by reason of its mineral water. It was later purchased by Dr. R. G. Milling, who operated it for a time as a sanitarium. Later Mrs. Guyton purchased the property and has operated it as a hotel.

## INTEREST IN MONTH-OLD REVIVAL GROWS

E. J. Hierholzer of Beaumont, who has charge of the All-Churches revival which has been in progress here since February 7, said yesterday that he has no closing date in mind, since the interest is steadily growing, with people coming from hundreds of miles to the healing services he conducts each Tuesday and Friday nights.

Sunday night, the evangelist stated, the altar call brought 36 people forward. The spirit of the meeting, he stated, is at a very high pitch.

Every Monday night is holy ghost night, with the laying on of hands for the reception of the holy ghost.

The meetings are held in the Ludding at 103 W. Ninth street, nightly at 8 o'clock, and the general public is invited.

## What Should You Save To Help?

WASHINGTON, D. C.—The following table issued by the Treasury Department is intended as a savings yardstick for the average income-earner. It suggests how everyone of the 48,000,000 employed persons in the United States may participate in the war effort through the systematic purchase of Defense Savings Bonds.

"The job ahead of us is far bigger than most of us realize," Secretary Morgenthau declared in making the table public. "I know that the American people are ready to do their part to win the war. One of the ways we can do much more is by intensifying our effort in the purchase of Defense Bonds."

While persons without dependents may be able to set aside more than the suggested figures, persons with several dependents, or with other heavy family obligations, may be unable to save at the suggested rate, the Treasury Department pointed out.

**COMMUNISM AND NAZISM**

"Mission to Moscow," a recently published book by Joseph E. Davies, based upon his diaries and correspondence while he was Ambassador at the Soviet Capital, is full of interesting and quotable paragraphs. Opening the book at random, this jumps from the page:

"Both Germany and Russia are totalitarian states. Both are realistic. Both are strong and ruthless in their methods. There is one distinction, however, clear as black and white. If Marx, Lenin or Stalin had been firmly grounded in the Christian faith, and if this communistic experiment in Russia had been projected upon that basis, it would probably be discarded to be one of the greatest efforts in history to translate the ideals of brotherhood and charity as preached in the gospel of Christ into a government by men.

"The point is that the Christian religion could be imposed upon the communistic principles without doing violence to their economic and political purposes, the primary one of which is based upon the brotherhood of man."

"The principles of the Christian religion cannot be imposed upon the Nazi philosophy, without destroying the political base of the state.

"The communistic ideal is that the state may evaporate and be no longer necessary as man advances into a perfect brotherhood. The Nazi ideal is the exact opposite—that the state is the supreme end of all."

Mr. Davies grants throughout the book that the communistic ideal has not been achieved in Russia—which is, as yet, under a hard-headed dictator. But going there without prejudice one way or the other, he finds as he goes along that imperfect as Russia's ways still are, it is struggling towards some sort of democratic ideal. Germany moves in the opposite direction.

**WORKING**

In a big war-production factory, the other day, the boss tacked up on the bulletin boards a passage from Donald Nelson's recent address to the nation. It said:

"I therefore say to you free men and free women on the production line, to the free management of American industry, work as you've never worked before, that we may defeat an enemy more ruthless, brutal and bloody than we ever faced before.

A reporter passing through the plant reported: "The free men and women of the plant didn't even see the printed matter go up. They were working like hell."

That is the spirit of American industry today.

**HOW TO TELL JAPS**

In California they are having trouble in distinguishing the Chinese from the Japanese. They might get an idea from the Book of Judges.

"There we are told that when the Gileadites wanted to detect an Ephraimite, they asked, 'Art thou an Ephraimite?' And if he said 'nay,' then they told him to say 'Shibboleth.' And there they had him. For he said 'Sibboleth' because, in the scriptural words, he could not frame to pronounce it right." So they took him and slew him.

Now the Chinese cannot pronounce the letter "r" and so they say "velly" and the like. As the Japanese can pronounce "r" but not "l," how about trying doubtful cases with the word "Hallelujah?"

**YOUNGER LEADERSHIP**

New life seems to be infused into the British war machine since Sir James Grigg became war secretary in the cabinet shake-up. Sir James seems free from inhibitions and would rather smash precedents than follow them. As a part of his general clean-up there are indications of a great purge of elderly brass hats. Officers up to the rank of lieutenant-colonel who are more than 45 years old may be put where they can do no harm. That would be drastic, but the great conquerors of history were young. Apparently it is to be a young men's war from now on.

**THE SPIRIT OF TEXAS.**

This "Empire of Texas" tradition relates, Was founded by heroes from all other states. In old covered wagons with principles true. Came pioneer spirits (their families, too) Like Austin and Houston, to this virgin soil, And founded this "empire" with blood and with toil. Then o'er this fair land where those heroes repose, The "Spirit of Texas" and Lone Star arose.

The spirit of Texas: Let's honor it then, Because it ennobles our women and men, No greater love ever has any man known Than that which our heroes of Texas have shown For freedom of Texas and Liberty's cause, Our great institutions, traditions, and laws. With character stalwart and purposes true, They builded far better than even they knew.

This Spirit led Crockett of Alamo fame, Who died for our freedom. We honor his name. This Spirit has hallowed our blue Southern skies; Has weilded our people with true, sacred ties; And out in the spaces where bluebonnets grow, On mountains, in valleys—wherever you go— You find this great Spirit in Texans from birth, Which makes them our heroes—the salt of the earth.

The glory of Athens, the pride of all Greece, Its culture and triumphs in war and in peace, Though founded on justice and Liberty's creed, Were ruined by selfish and tyrannous greed. Her glory in ruins, by selfishness wrought, Is food for all Texans' most serious thought. This "Spirit of Texas" all systems indicts Which value the dollar above human rights.

No armies could conquer the legions of Rome When Romans were fighting for honor and home; But Rome became greedy for power and wealth, And avarice weakened her national health; Then crime and corruption, the fruit of all greed, Soon followed in sequence, as corn from the seed. So Rome fell a victim to Vandals of Gaul, And Romans and riches went down with the fall.

In Texas the farmer, the banker, the priest, The cowboy, the statesman—the greatest the least— Must stand on one level, and act on the square; Must fight, if there needs be, must do and must dare. The "Spirit of Texas" means justice to all; Imbued with this Spirit, no nation can fall. So glorify Texas and honor its name— The "Spirit of Texas," let Texans proclaim!

—EUGENE LANKFORD.

**SHIPBUILDING SPREAD**

Not since the Civil War has a naval vessel been launched on the Gulf of Mexico. A new destroyer, the Audick, has just broken this record by sliding off the ramp at Orange, Texas.

This decentralization of shipbuilding is a good thing. If our construction were confined to a few yards, they would offer a shining target. Also if a vessel is to be used in Caribbean waters, quite a few miles will be saved by having it built in the Gulf. Obviously, too, the more yards, the more ships.

**OTHER EDITORS**

O'Shea, Prochaska, Kaz & Co. San Angelo Standard-Times: That is the name of an American firm that until recently was doing business in the islands of Wake and Guam. A colorful and picturesque combination—O'Shea, Prochaska and Kaz! The company is out of commission for the time being, while the Japs thrust their way southward throughout the Pacific, overcoming resistance by force of overwhelming numbers. But you'll hear these names, or names very much like them before long, for there are thousands of O'Sheas, Prochaskas and Kaz's all over the United States.

O'Shea, Prochaska and Kaz are three names selected at random from the list of gallant soldiers taken prisoner by the cohorts of the Son of Heaven. Somehow the trio suggest a Notre Dame backfield of "Fighting Irish." Or, they might be members of a prosperous law firm.

But to us the important thing they suggest is America. These men are symbols of the land they are defending with their blood because it is a country where it makes no difference whether a man's name be Kaz or Cohen or Montmorency Caswell Blythe-Whittington as far as the essentials are concerned.

O'Shea, Prochaska and Kaz are not Mayflower names, but they speak of many ships from every realm under the sun. These boys' grandfathers and grandmothers pinched and saved their pennies looking ahead to the golden day when they might embark in a crowded steerage and sail to the land of promise.

Here in America their forefathers found what they had dreamed about in a narrow, prejudiced Europe—freedom that exceeded even their deepest longings. So sweet was their escape from repression and tyranny that they were willing to fight to defend for their children the new liberty, and in turn their children are ready to resist with their lives the dangers that now menace America.

The roster of prisoners taken at Wake and Guam speaks more eloquently than a congressman's labored words of what the Star-Spangled Banner really means. In our far Pacific outposts Diederich fought beside Tertansky and Zarlonga and Bendinski and Zivko, Japan's Son of Heaven and Germany's Son of Hell look just alike to men such as these.

O'Shea, Prochaska and Kaz carry no manner of racial superiority and hatred. They are the children of freedom fighting for themselves and for the free generations that will be born long after the names of Hitler and Hirohito have reverted to the dust.

**JAVA.**

Java is a land of towering mountains, 125 of them volcanic, some quite actively. Yet Java is the most densely populated country in the world. It has 821 humans per square mile, is twice as thickly settled as Japan which complains that population pressure has forced her to expand.

The island can support the 48,000,000 Javanese because it has been intensely cultivated for thousands of years. Its terraced sawahs (rice fields) are considered by some observers to be the climax of man's art with the earth. Each field must be dammed with wet clay stamped and slapped into retaining walls.

These irrigated sawahs not only virtually cover the island's rolling hills but are built thousands of feet up the side of mountains to the lips of craters. Many villages have their wise men who watch the volcanoes and warn the villagers when they are about to erupt.

The 622-mile long island also has oil, teak forests, rubber and sugar plantations, tin mines and cinchona bark for quinine.

Java's three greatest objectives are (1) Soerabaja with its naval base capable of handling heavy cruisers and its medley of races; (2) Batavia, the former capital and largest city, with its docks, its crisscross of canals, its square Dutch houses; and (3) Bandoeng, army center and refugee capital of the Indies. It is a modernistic metropolis in a bowl surrounded by mountains, 2,300 feet above the sea.

LEGAL NOTICE

RESOLUTION ORDERING AN ELECTION TO BE HELD IN THE CITY OF CISCO, ON THE 14th DAY OF APRIL, 1942, FOR THE PURPOSE OF ELECTING THREE COMMISSIONERS FOR THE CITY OF CISCO.

Resolved by the City Commission of the City of Cisco, Texas, that an election shall be held on the first Tuesday in April, same being the 7th day of April, 1942, at which election the qualified voters of the City of Cisco shall elect three commissioners to hold office for a term of two years.

That said election shall be held at the City Hall of the City of Cisco between the hours of 8:00 a. m. and 7:00 o'clock p. m. to be conducted according to the Ordinances and Charter of the City of Cisco, and in compliance with the election laws of the State of Texas.

Notice of this order shall be given for a period of not less than twenty days next preceding the date of said election by publication in each issue of a newspaper published in the City of Cisco, and approved by the City Commission, on the 26th day of February, A. D. 1942.

G. P. MITCHAM, Mayor of the City of Cisco.

D. W. DOWNIE, City Secretary.

old she wore twin gold and ruby bracelets which belonged to her great grandmother. Only relatives of the two families and a few close friends were present.

The bride who was reared in Cisco, graduated from Cisco high school with the class of 1936. She attended John Tarleton college and received her degree from Texas-Tech college, Lubbock.

Mr. Culwell received his B. S. and M. A. degrees from North Texas State Teachers college, and resigned as science teacher of Cisco Junior college and Cisco high school in January to become instructor at Sheppard flying field, Wichita Falls.

At the reception following the ceremony, Mrs. H. C. Brown presided at the bride's book.

The dining table was laid with lace and the center-piece was formed by a large bowl of snapdragons, sweet peas, and feverfew placed on a mirror reflector. This was flanked by white candles in crystal holders.

The three-tier wedding cake was topped with an arch and miniature bride and groom. The bride cut the first piece of cake, after which Mrs. George Atkins and Mrs. W. J. Armstrong presided at the table. Other members in the house party were Misses Mildred Kimmell, Louise Statham, Anne Buckley, Lucile Clark, Mrs. Roy Burman, and Mrs. K. C. McCasland.

The other rooms were attractively decorated with baskets and vases of spring flowers and lighted with candles.

Out of town guests were Mrs. Alvin Agnell, sister of the bride, of San Angelo; Rev. and Mrs. J. W. Culwell of Crawford; Mr. and Mrs. J. C. Culwell, P. R. Culwell and Jack Culwell, of Denton, brothers of the groom; Wayne Smith of Abilene and Mrs. Allison of Detroit, Mich.

The young people left immediately following the ceremony for a short honeymoon trip. They will reside in Wichita Falls at the close of school.

Federation Had Patriotic Program Monday

Fair representation of the women's clubs of the city was present at the "Texas Day" program given by Cisco Federation of Women's clubs, which held the regular meeting Monday afternoon in the club house. Mrs. Eugene Lankford presided and Mrs. H. A. Bible was hostess.

Announcement of the flower exchange to be held by the Cisco Garden club in the welfare rooms, March 16, was made by Mrs. Jay Richardson; Mrs. G. B. Langston made the Welfare Committee's report; Mrs. Homer Slicker reported on the U.S.O. meeting held at the chamber of commerce; Mrs. Philip Pettit made a report on books and magazines assembled for soldiers at Camp Bowie. It was voted to sponsor the home nursing class, which was begun Monday. Mrs. Pettit gave a report of the county federation meeting at Carbon, February 27.

Mrs. Rosalie Pentecost directed the "Texas Day" program following in which Mrs. J. R. Wright and Miss Mignon Clark were presented in vocal numbers, "Blue Bonnets in Texas" and "Texas Our Texas," accompanied by Mrs. Randolph Lee Clark at the piano; Mrs. Philip Pettit gave a talk on "Texas," poem, "The Spirit of Texas," written by Judge Eugene Lankford, was read by Mrs. F. was held in the Mobley home. A tiered cake topped with miniature bride and groom was placed on the lace covered table. Blue and white tapers lighted the dining room. Miss Joe Gray poured punch and Mrs. C. E. Moore cut the cake after the traditional first piece had been cut by the bride and groom. Girls assisting in the dining room were Misses Helen Louise Greynolds, Christine Prange, Mary Elizabeth Wright, Beth Lynn Dill, cousin of the bride, and Sue Mobley, sister of the bride. The couple left on a trip to South Texas after the reception.

The bride, a graduate of Cisco high school, attended Cisco Junior college and is now employed in the quartermaster's department at Camp Wolters. The groom, a graduate of high school in Lincoln, Neb., attended the University of Nebraska and the University of Ohio. He is now stationed at Camp Wolters with the Fifty-fifth training battalion.

### CEILING FOR BANDIT DEATH PORK FIXED AS OF TODAY

WASHINGTON, March 10.—Government temporarily froze wholesale prices of 90 per cent of the Nation's pork products, including ham and bacon, Tuesday at the highest levels prevailing between March 3 and March 7.

The ceiling, effective March 23, applies to dressed hogs and wholesale pork cuts, and Price Administrator Leon Henderson declared it was expected "to help importantly in holding down the cost of living."

Last year, consumers spent more than \$2,000,000,000 for pork and other hog products. Neither farmers nor retail outlets are covered directly by the emergency price schedule but Henderson asserted both would feel its effects. When prices are fixed on dressed hogs or pork cuts, prices which the packer may pay for the farmers' hogs automatically are limited.

"Pork prices to the retailer are fixed under the regulations," Henderson continued. "OPA will step into the retail picture immediately should present retail price margins rise beyond possibly a slight increase to reflect changes in replacement costs, thus adding to the consumer's burden unduly."

**THREE CHILDREN KILLED.** ODESSA, March 10.—Three young children were killed by electricity while in a bath tub here Monday night. They were all girls and daughters of Mr. and Mrs. L. V. Harry. One of the children pulled an extension light cord into the tub.

Now we see the measure of Hitler's love for Nordics. To help his own conquests, he would deliver half the world to Orientals.

erved four years after being identified as robbers of a bank at Atlanta, Tex., in 1934. Two years later, the same bank was robbed again. In this second robbery, Chapman was shot and captured. Subsequently he confessed that he also had robbed the bank in 1934, and named an accomplice. He and the man named were indicted by a federal grand jury. Chapman escaped and they never were tried.

Granting Southerland and Mathis conditional pardons in 1938, Gov. James V. Allred, now federal district judge at Houston, Tex., wrote:

"This is the most difficult and complicated case I have had to pass upon."

Allred acted on divided opinion from the state board of pardons. Two members decided Southerland and Mathis were in prison for another man's crime. The third board member disagreed. The governor ordered an independent investigation, and the Federal Bureau of Investigation furnished Allred its file on the case, which by then had become celebrated in a detective publication.

**First Pardoned Conditionally.** "After reviewing the entire record," Allred wrote in his procla-

mation. "I am not certain that Southerland and Mathis are the men who robbed the Atlanta bank in 1934. . . . I have seen too many cases of honest mistakes in positive identifications to rely entirely upon this character of testimony."

Allred explained, however, he did not doubt the sincerity of those who made the identification, even if they were mistaken.

Allred made the pardon conditional. The two men were required to report periodically to a parole officer. They did not win full pardons until Sept. 7, 1939. Unless further evidence is turned up in the future, the inquiry into the imprisonment of Southerland and Mathis may never be resumed.

### BE SURE ABOUT THE CARE OF YOUR CAR . . .

### Don't leave it to chance ... Leave it to HUMBLE

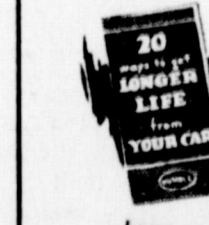

Do you keep a written record, showing just what your car will need, and when, to keep it in top condition? Your Humble service man will do that for you, and remind you, when the time comes, about battery check-up, chassis lubrication, spark plug cleaning—all the things that mean more miles of better service. This is no time to take chances on car or tires, you'll agree. That's why Humble service—planned, complete and thorough, will appeal to you.

Irregular service, or overlooked details may be the forerunners of expensive repair bills—may mean unnecessary wear of an irreplaceable part. If you are not sure your car is getting the kind of planned, experienced care that will keep it in fighting trim—stop at your neighborhood Humble station today. Give your car a chance to do its best—with regular Humble service.

CAR INSPECTION AND SERVICE REPORT

The average car is capable of 10 years performance, if you give regular attention to a few important things—that's what experts tell us. Ask about "20 Ways to Get Longer Life from Your Car" at your Humble station. That's the plan thousands of Texas motorists are following to get more miles of better service. Talk to your Humble service man about it. You'll find him experienced, capable, and anxious to help you. Many of the things he suggests are free, and when your car needs service which requires time and the use of equipment, his charge is nominal.

Here's the booklet that tells in simple, everyday language, how you can keep your car running right and looking good. Ask for your copy today—at any Humble Station.
