DEADLY ALLIED BOMBERS BUSY

BRAZILIANS RAID AXIS STOREHOUSES

RIO DE JANEIRO, March 13.—A rioting broke out in the streets of Rio de Janeiro Friday when police were called to disperse crowds to prevent repetition of Thursday's destructive raids on Axis business establishments. Angry crowds, aroused by Axis bombings of Brazilian ships, again surged through the streets crying "Long live Brazil" and "Long live liberty and property." Police, apparently fearing a general repetition of Thursday's disorders, dealt severely with isolated groups of would-be rioters, dispersing them with shots fired in the air and threatening immediate arrest. Armed guards patrolled the areas where German-owned business houses had been wrecked. It was stated that no Italian establishments were molested by the increased crowds, whose anger reached explosive proportions with official confirmation of the torpedoing of a fifth Brazilian ship. Infuriated citizens manhandled a number of Germans and one of them shouted "Long live Germany" was promptly arrested by federal judge who was passing. Another German, a bank employee, threatened the crowd with hand grenades but was quickly doused and arrested.

NABORS DIED AT NOON

A. S. (Ves) Nabors, popular Cisco resident since 1914 and a candidate for county commissioner from this precinct, died suddenly at noon today at his home just south of Cisco, on the Rising Star highway. Heart trouble caused his death, which came suddenly while Mr. Nabors was sitting in a chair in his home—between 12 and 1 o'clock. Survivors include the bereaved wife, a son, Tom Nabors, of Brownwood; a daughter, Mrs. W. M. Gray, of Delmar, Calif., and a sister, Mrs. C. B. Powell of Cisco. Mr. Nabors was a son of the late Tom J. Nabors and was born in Alabama, July 22, 1886. He came to Texas with his parents in 1893, first locating at Comanche. He came to Cisco from Gorman on August 1, 1914. Deceased was in the furniture business in Cisco for more than 12 years, but moved to his farm two years ago because of the health of Mrs. Nabors. Mr. Nabors was a member of Cisco Masonic lodge No. 556. Funeral arrangements had not been made late this afternoon.

CISCO PEOPLE SHOULD TELL U. S. SERVANTS

Henry S. Drumwright has just received a letter from George McCurrach, New York merchant and manufacturer, which shows the east is also waking up to the fact that something must be done about short hours and strikes on national defense jobs. The letter from McCurrach is herewith reproduced in the hope the idea may be taken up by patriotic Cisco folks and word passed to our senators and congressmen demanding immediate action against all who may in any way impede or delay necessary defense work.

MISS WARWICK HONORED BY DENTON SCHOOL

DENTON, March 13.—A special invitation to attend all sessions of the fourth annual writers' conference held at Texas State College for Women was extended to Miss Brenda Warwick of Cisco. Only a limited number of students who are interested in literature and the technique of creative writing were invited to participate in the conference. Miss Warwick, daughter of Mr. and Mrs. P. R. Warwick, also attended a banquet honoring guest speakers at the conference. A freshman majoring in library science, she was recommended by her teachers to attend these meetings. Outstanding writers appearing on the five-day program were Carl Sandburg, famed American poet; Carleton Smith, music editor of Coronet and Esquire; and Hudson Strode, traveler and writer on South America and the Caribbean Islands.

KALLAHAN TO VOTE ON 14 PERCENT BEER

Kallahan county will vote Saturday, March 21, on the legalization of beer and wine, following filing of a petition with the commissioners court that bore signatures. The county voted dry on July 1st of last year, but at that time the legal sale of 14 per cent beer must be passed on by the state.

SURVIVOR 3 SEA WRECKS CAR VICTIM

NEWARK, N. J., March 13.—The borrowed time on which Capt. Bennett D. Coleman had been living since his schooner was wrecked at sea last week ended abruptly Thursday night in an automobile crash. The 73-year-old mariner three times escaped a seaman's death, but a taxicab in which he was a passenger and an automobile collided Thursday night. Captain Coleman was dead before arrival of an ambulance.

The Letter.

New York City, March 8, 1942. Dear Mr. Drumwright: Enclosed please find a copy of part of a Kaltenborn radio address which had a very profound effect on me.

It made me realize the tragic fact that while our soldiers are losing their lives and their battles for lack of munitions, many of our defense plants are working short hours and are idle on holidays. It's hard to believe this, but it's true.

My brother James and I have sent the following wire to our two senators and our congressman: "The fact that many defense plants do not work on holidays and work longer hours is a tragic crime which our congress should stop immediately. American soldiers on 24 hour service are losing their lives and battles for lack of planes and munitions while heartless people quibble about a 40 hour week."

We sent these wires because we consider it a patriotic duty to register this opinion now.

If you feel as we do, will you please send your senators and congressmen similar wires? Be sure to change the wording.

If you feel as strongly as we do, perhaps you will go further and telephone and write to as many friends as you can, asking them to send wires or letters.

This letter is going out to 8,000 people. If only each of you would write to twenty friends, our combined telegrams would bring action.

Ninety-nine per cent of the people want action in the matter; only our indifference and inertia permits it to lag. Please don't be one of the indifferent ones in a matter which means the life of our soldiers.

Yours very truly,
GEORGE MCCURRACH.

FORMER ANNIE LEE WARD IS DEAD AT WACO

Mrs. J. M. Rush of Waco died at her home in that city at noon today and will be buried there tomorrow afternoon. Deceased was the former Miss Annie Lee Ward of Breckenridge and was a sister of the late Alex. Ward of Cisco. Joe Ward, also a brother, notified Mrs. Alex. Ward, here, of the death.

BIKE QUOTA IS PLACED AT 200,000 NOW

WASHINGTON, March 13.—As 80 per cent of the best shoe soles were set aside for the armed forces and a bumpy road of detour faced the American motorist, bicycle manufacturers Friday were allowed to turn out about 200,000 adult bikes between now and June 30.

Most of the vehicles will be "Victory models"—weighing not more than 31 pounds and stripped of all nonessential gadgets and bright work and containing no metals other than iron, unalloyed steel, silver and gold.

The bike provision was contained in an order banning juvenile models after March 31 and drastically regulating production in order to save critical materials and release more of the industry's facilities for war production.

An overall curtailment of 42 per cent of normal operations was ordered, but with elimination of the juvenile two-wheeler adult bike output will sharply increase from 22,500 a month to about 63,000 monthly.

Under the WPB's order, manufacturers between now and March 31 may produce 42 per cent of the number of bicycles they built during the comparable period of 1941, with the provision that none of them may weigh more than 47 pounds, compared to the normal average of 57 pounds.

PAYMASTER SAFE

MELBOURNE, March 13.—The British army pay corps, with \$350,000 (\$1,400,000) in cash and its pay records intact, has reached Australia from Singapore, it was announced Friday. The paymaster's ship was attacked by divers-bombers and barely avoided running aground of a Japanese invasion fleet which was bound for Sumatra.

PRAIRIE FIRE DOES DAMAGE NEAR PUTNAM

PUTNAM, March 13.—A prairie fire did considerable damage to pastures north of the Texas & Pacific railroad last week including a garage, barn and contents. Originating about one mile east of Putnam and fanned by a strong south wind, the blaze spread rapidly burning a garage and damaging the residence on the place where the late C. C. Elzay lived, and destroying large areas of grass before it could be checked.

The smoke was so dense that it checked traffic on the Bankhead highway. Blinded by the smoke the cars of Mrs. Edgar Smith and Dr. McCall collided, wrecking both machines, during which Mrs. Smith received a broken arm and minor injuries.

Jumping the highway, the blaze continued north, burning the barn of Adolph Brandon and contents of 1,500 bushels of oats. Arriving late in the afternoon the Baird fire department finally extinguished the fire.

39 HEREFORDS AVERAGE \$385 AT AMARILLO

AMARILLO, Texas, March 13.—The sale of fat steers concludes the Panhandle Hereford Breeders Association here ribbon auction Friday. Thirty-nine bulls and eleven females sold Thursday for an average of \$385. Top animal was Sir of Gageby and sold to John T. Craig of Dalhart for \$1,125. Top female, Capitola Carlotta, was consigned by Combs and Worley of Pampa and sold to Mrs. Lee Bivins of Amarillo for \$625.

ZIEHRS DOING THEIR FULL SHARE IN WAR

W. F. Ziehr, route two, Cisco, called at the Daily Press office this morning and renewed his subscription for another year.

Mr. Ziehr owns 240 acres of land near Cisco and was born thereon, just 53 years ago. Mr. and Mrs. Ziehr have four children and raise cotton, corn, peanuts, a few hogs and a few cattle. They also have 300 chickens.

In line with the government's request, the Ziehers expect to move up their production of farm products this year.

The higher prices received for farm stuff is of course an incentive, said Mr. Ziehr, but the desire to maintain the American way of life should be the motivating cause for extra effort, this good citizen added.

The Dunn Produce company recently offered a series of three prizes for the best letter telling "Why I Should Use Purina Poultry Feed." All letters were to be in not later than March 10. Among the great number of letters were three that were judged in the order of prizes offered, and they were awarded prizes by impartial judges selected for the purpose.

Second prize—50 baby chicks awarded to Mrs. Elbert Ezzell, 709 A avenue, Cisco. Third prize—25 baby chicks awarded to Mrs. J. C. Hudson, route 1, Rising Star. Official announcement will be found on another page of the Daily Press.

JAP INVASION FORCES SPREAD ACROSS MANY APPROACHES TO AUSTRALIA TO STOP SUPPLIES

Japan's invasion forces spread across approaches to Australia today, while on the European fronts the Allies were battling to hold the initiative against the Axis.

Despite damaging and continuing bombing attacks by American flying fortresses and Australian aircraft, the Japs were reported pushing one arm of an enveloping attack northeastward of Australia and into the Solomon Islands, in an effort to cut the sea route over which supplies and reinforcements come from America.

Fate of the enemy naval force which was sighted off Buka Island, in the Solomons, was unknown as Allied bombers ranged over the approaches to Australia, but it may have prompted the disclosure that Prime Minister John Curtin is awaiting formal reply to a message delivered to President Roosevelt.

The Australian government wants powerful Allied concentrations in the southwest to take the offensive against the Japs, but at last reports both men and material—especially planes and tanks—were still needed in large numbers for defense against an attack expected soon by way of Port Moresby, on New Guinea Island.

American planes and submarines, however, having been playing an important role in offensive blows designed to slow down or shatter the enemy drive into the southwest. Washington communiques reported smashing bombardment of Jap-held airdomes on New Guinea and the submarine sinking of four enemy ships in Jap waters.

In the American flying fortress attack that destroyed buildings and runways at Salamaua and Lae airdomes, five enemy fighter planes were shot down without loss to our forces.

LONDON—Concentration of a number of German vessels, as well as land reinforcements on the Norwegian coast were reported today in connection with recent British aerial attacks on the Nazi battleship Tirpitz, and on the crippled dreadnaught Gneisenau, at Kiel.

Reliable sources said the Tirpitz was accompanied by "other vessels" when she was attacked by British flying boats, Monday, "fairly close" to the Norwegian coast.

Exchange telegraph dispatches from Stockholm quoted the newspaper Svenska Dagbladet as saying "considerable" German troop reinforcements had arrived in Stavanger, Norway. The dispatch said Norwegian schools had been requisitioned to provide housing facilities.

AUSTIN MAYOR TALKS LOUD; WON'T FIGHT

AUSTIN, March 13.—Light and power rates in a rural district near Austin remained unchanged Friday despite fighting words exchanged between Mayor Tom Miller of Austin and B. C. Hardin, spokesman for a group of out-of-town residents. Miller invited Hardin out in the city after the latter asked why a raised rate reduction had not been made. There were, however, no fatalities.

NEWSPAPERS SEIZED

BERN, Switzerland, March 13.—Editions of 10 Swedish newspapers, all of which contained articles on prison-conditions in Germany-occupied Norway, were seized by the Swedish ministry of justice Friday, according to advices from Stockholm. No official explanation for the action was given, but observers recalled that most of the papers involved recently published stories which provoked sharp words in the German press.

INCOME TAXES GAIN

WASHINGTON, March 13.—Daily March income tax collections were reported by the treasury Friday to be 2 1/2 times as much as in a corresponding period of last year. In the first 11 days of March, the treasury took \$208,257,529 compared with \$21,251,741 in the corresponding period of 1941.

AUSTRALIAN LOSSES

SYDNEY, March 13.—Australian casualties in the Malayan campaign, totaling 17,031, it was Singapore, totaled Friday. This figure included 287 officers and men killed and 16,744 missing. Australian casualties in the Middle East were put at 13,335, including prisoners of war.

ROCKWELL BROS. & COMPANY

... Wonder what we're worth on the hoof?

Just in case Joe doesn't know, it cost his country \$211 to equip him. Multiply that by an army, and you have a tidy sum of money. We ought to know. Over 2,400,000 Joes could be completely outfitted with the \$510,000,000 which America's electric power companies paid in taxes last year. That's considerably more than a million dollars a day!

We're glad our stake in Democracy is so large. The freedom America's fighting for is worth whatever it costs. Even though our taxes have been going up, our rates have been going down. Today, the average household electric user gets about twice as much electricity for his money as he did 15 years ago. This record is directly due to the careful planning of the business men who manage the nation's electric companies.

They were prepared when the war emergency came. Prepared to power shipyards, arsenals and plane plants. And they'll stay right on the job of making America POWERFUL until a couple of million Joes go back to civilian clothes again!

TRAINING OFFICERS FOR UNCLE SAM'S "LIBERTY FLEET"

With American shipyards pouring forth an ever-growing number of merchant vessels in a stepped-up effort to combat submarine losses and bolster Allied shipping on the seven seas, the problem of providing crews, both officers and men, for this vast new merchant fleet is a mountainous one. Doing its part in this respect, the recently inaugurated West Coast maritime training school at Port Hueneme, Calif., is schooling young men between the ages of 18 and 24, for careers as officers in the United States Merchant Marine. The 10,000-ton converted merchant ship "American Sailor" serves as the "classroom" in providing practical and actual sea experience in a gruelling seven-months course. The school has facilities for training 320 future sea captains.
