BRITISH BLOCK U-BOAT EXIT

CLEAN-UP WEEK IS HERE

This will be clean-up week, according to the war-time, health-time proclamations of Gov. Coke Stevenson and Mayor G. P. Mitchell — for all of Texas as well as for Cisco.

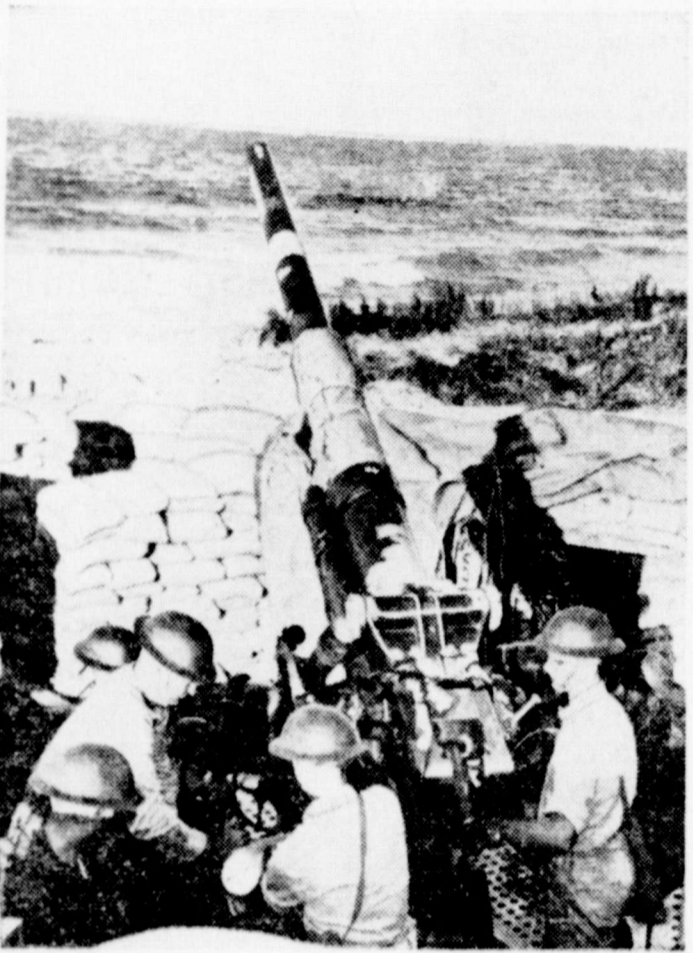

It's not only clean-up, paint-up and fix-up time, but it is spruce-up and dress-up time, say Cisco merchants.

MRS. FORD, 80 DIED AT HOME OF DAUGHTER

Mrs. Drucilla Ford, who would have been 80 years of age on May 15, died Friday night at the home of her daughter and son-in-law, Mr. and Mrs. Joe Tullis, on Sixth street.

KEEP CHICKENS OFF REQUEST OF CHIEF PERDUE

Police Chief Perdue requests the Daily Press to ask chicken owners to keep their fowls on their own premises, as it is now opening time. Those who have wanted gardens will greatly appreciate it if their neighbors will operate with them to the extent of containing their chickens.

WANT LIQUOR BARRED BY SPECIAL ACT

FORT WORTH, March 28.—Action by churches of several denominations in Fort Worth is expected Sunday in response to letters mailed all ministers of the city asking endorsement by their congregations of a resolution calling for a special session of the Legislature to outlaw liquor in Texas for the duration of the war.

MUST WALK CHALK LINE DURING WAR

WASHINGTON, March 28.—The government ordered two arrests to make it bluntly plain Saturday that it would tolerate no suspected sabotage of the morale or loyalty of men in the armed forces.

FIVE PERSONS IN HOSPITALS BRECKENRIDGE

BRECKENRIDGE, March 28.—Five persons were in hospitals here Friday suffering from food poisoning after eating plate lunches at a cafe in Caddo Thursday.

SCOUT DRIVE FOR FUNDS ON TUESDAY

Everything appears to be in readiness for the annual Boy Scout campaign for funds, which is scheduled to start at 7 o'clock Tuesday morning with an "Early Bird Breakfast" at the First Christian church.

FARMERS ARE PLOWING UP GRAIN CROPS

According to C. C. Carey, living north of Cisco, the grain crop is practically a failure. Mr. Carey said his sons are plowing under the oats and expect to begin plowing under the wheat crop, as wheat, while not entirely destroyed by green bugs, as was the oats crop, is of no value.

KLEINER PUSHES DRIVE

John Kleiner, co-chairman of the scrap metal drive for Eastland, Callahan and Shackelford counties, arrived here Saturday from an inspection trip to various points in the three counties and reported encouraging shipments of scrap iron to industrial centers.

CHECK TRUST BUSTERS

WASHINGTON, March 28.—President Roosevelt, in a move to speed up war production, has approved the plan to defer federal anti-trust action which would "interfere" with the output of guns, tanks, planes and ships, the white house announced Saturday night.

The far-reaching plan, which marks a sharp reversal in fundamental administration policy, was submitted to the president on March 20 by Attorney General Francis Biddle, Secretary of War Henry Stimson, Secretary of the Navy Frank Knox and Assistant Attorney General Thurman Arnold, chief trust buster of the justice department.

US OPENS BIG U-BOAT HUNT IN ATLANTIC

WASHINGTON, March 28.—Army bombers and navy patrol boats quartered American waters from Iceland to Panama Saturday in the navy's new counter offensive against the submarine that have sunk some 70 ships off Atlantic and Caribbean shores.

POLL TAXES SHORT THIS YEAR; WAR

AUSTIN, March 28.—Poll taxes payments in Texas this year decreased 115,702 compared with the 1940 total, it was disclosed Friday by George Sheppard, state comptroller, the decline attributed in a large degree to the war and consequent lack of interest in politics.

METHODISTS LAUNCH UNUSUAL TEN-DAY RELIGIOUS PROGRAM IN FORT WORTH AND DALLAS

A unique program of intensive evangelism will be fostered in Dallas and Fort Worth during the ten days from March 27 to April 6, says Rev. Leslie Seymour, when every Methodist church in those two cities and surrounding territory will hold simultaneous revivals.

GREAT BATTLE STARTS SOON IN RUSSIA

The rapidly swelling intensity of preparations for the spring battle of the Russian steppes leaves small doubt that this will be the greatest and bloodiest engagement of the war to date, which means the most terrible of all time.

ROTARIANS TO HOLD CONVENTION IN DALLAS

DALLAS, March 28.—Ira L. McCollister, president of the Dallas Rotary club, announced Saturday Dallas had been chosen as the site for the May 3-5 annual convention of the 128th district of the Rotary International.

SWEDE A TOOL FOR GERMANS; NOW IN JAIL

RIO DE JANEIRO, March 28.—Confession of a Nazi spy that he was ordered "to organize Brazil, then proceed to the United States and do likewise," and the declaration of a Brazilian military judge that Japan could muster an army of 30,000 men in Sao Paulo were the latest developments Saturday in Brazil's campaign to crush Axis espionage and sabotage.

FORT WORTH, March 28.—Action by churches of several denominations in Fort Worth is expected Sunday in response to letters mailed all ministers of the city asking endorsement by their congregations of a resolution calling for a special session of the Legislature to outlaw liquor in Texas for the duration of the war.

FLYING CLASS SHORT

The lack of just one more qualified young man between 18 and 26 is holding up the air training school for Cisco. The full 20 had been secured, but one young chap could not pass the final physical examination and so another must be found to take his place, according to P. R. Warwick, secretary of the chamber of commerce.

SINK A SHIP AT MOUTH OF LOIRE RIVER

VICHY — British forces, including Canadian parachute troops, struck at port installations at the German-held submarine base of St. Nazaire Saturday and one report said paratroops were still fighting in buildings at the mouth of the Loire river.

German sources, however, reported all of the British forces repulsed, captured or wiped out, and that four British bombers or troop air transports were shot down during fighting on the west coast of France.

According to advices received here, the British made land, sea and air attack on the St. Nazaire base, which Germans reportedly used for U-boat and long-range air attacks. Submarine attacks have extended as far as the American coast.

Germans said the British commando attack from the sea was repulsed, with the explosion of a former American destroyer, loaded with dynamite, which the British sought to ram into the Loire estuary lock gate.

The spectacular thrust recalled the sinking of British ships to block the Zebrugge U-boat base in Belgium during the first world war.

The Germans also claim to have taken about 100 British prisoners and said British losses were heavy.

But unofficial reports indicate that the raid was at least successful in blocking the channel and that fighting is still in progress.

HEROES—LEADERSHIP

One of the surest things in this crazy and upset world is that people are hungry for heroes. Worship of the average man, even of Walt Whitman's "Divine Average," is gone. There are so many of us little people, and we're so much alike, and we have so many terrific problems to solve and wars to fight, that we naturally look around and reach out for somebody bigger and braver and wiser than ourselves, to take the situation in hand and tell us what to do and point the way ahead. Then we can be brave and effective.

In times past, religion has often solved that problem. But religious faith seems inadequate now to a vast number of people. It is harder to believe even in a "God of Battles" than it was in the time of Joshua or Mohammed or Oliver Cromwell. We need a MAN who can rise to the occasion and galvanize us into strength and action and point ahead and lead the way. With good leadership accompanied by a miracle of personality, we can fight and win.

These are "intangible" things, but none the less real. And it is a mutual operation. The leader inspires his followers and the followers in turn, by their faith and loyalty and new-born energy, magnify the leader's own strength. So we have, in this new and "sophisticated" age, another miracle of leadership and "follow-ship," in the person of a MacArthur, rising from temporary obscurity to lead the English-speaking world and destroy the destroyers of our civilization.

STICKING TO IT

Calls have gone out for volunteers to do all sorts of war work, and the response has been tremendous. Men and women all over the country have signed up to give their time and energy, they have enrolled in training courses, they have started their volunteer jobs. The enthusiasm has been wonderful. But how about the performance? The secretary who arrives on the dot and works hard during the hours she has agreed to give is priceless. The one who casually decides to do personal errands that morning, or stays home with a cold and neither calls the office nor arranges for a substitute, can bail up the working machinery of the organization for a day.

The man who signs up to be an air raid warden should mean what he says when he writes on the chart "Available from 8 p. m. to 2 a. m." First Aid students should be thorough in their study and not depend on a skimmed lesson to carry them through an emergency. Nobody is asked to do an unreasonable amount of volunteer work. But the volunteers are expected to be businesslike about what they do offer to do. If they are efficient, the civilian defense organizations can be invaluable. If they are not it would be better not to offer help at all. Slackness in individuals can pull down a whole organization.

TECHNOCRATS

"Technocracy" is appearing again. Ten years ago Howard Scott, engineer and lecturer, spread all over the country this scheme whereby the country would be run entirely by engineers according to engineering specifications. With our recovery from the banking crisis the project lapsed. Now full page advertisements of the plan have been appearing in newspapers. Like many other ideas, it is appealing in some ways, but it is not clear just what steps are in order to adopt it. Merely to elect engineers to office, within the framework of our present constitution, doesn't seem to get us very far along. The chief value of the technocratic movement may be that it sets people thinking. If there is good in the idea, it will probably be taken up by one of our existing parties. That has happened before to reforms first advocated by minority groups. And if the project is foolish, we have enough faith in American common sense to feel sure that its folly will be detected. In any event, it seems

unlikely that Howard Scott will be placed in charge of the country.

JIG - SAWS

Jig-saw puzzles are on the up. Once more as you drop in on your friends, you will see the card table spread out with a multitude of gaily colored wooden pieces of distressingly different shapes. Father has got together all those he can find that have straight edges, and is trying to construct the border. Mother has a lot of curved red and white fragments with yellow spots; they must go together, or do they? Sister and Junior are contending as to who will put the bird-cage together, and the two-year-old makes occasional raids at the table to see if he can carry off a piece before he is stopped.

Yes, the jig-saw is here again. If you can't drive and must hoof it to the movies, you may actually have to stay at home some nights. The jig-saw may be preparation for the larger and inevitable putting together of the world after the war.

Let's stop thinking about what we'll do when the war is over and start thinking about what we are going to do now to prevent it from being all over for us.—Donald M. Nelson.

Small business is a giant of unsuspected and unbelievable capacity, not in the production of tanks, ships and airplanes, but for producing the bits and pieces without which tanks, airplanes and ships cannot be built.—DeWitt Emery, manager, National Small Business Men's association.

OTHER EDITORS

People Worried, Too. Kansas City Star. We have seen an interesting picture letter written by a worried congressman to a friend back home. He reports that his mail now and the mail of all his friends on Capitol Hill is heavier than ever before. And everybody is sore. The letters show no hesitancy about the war. They agree that it must be won at all costs. His correspondents, he says, are sore at Congress, sore at the President, sore at almost everybody except MacArthur.

They think the government is wasting money on nonessentials. They think it is paying too much attention to pressure groups. They think production is not moving with the speed they have a right to expect. They think they are going to have to give up their cars because the government has been asleep on the synthetic rubber situation.

Such letters, the congressman says, are coming to senators and representatives in large numbers from every part of the country. He is too old a hand to kid himself about their origin. Most of the letters are from the grass roots all right, and they have him worried. Many of the complaints he thinks are justified. But he doesn't know what to do. The answer, we should say, is fairly obvious. It is for Washington to correct the conditions complained of in the letters; to correct them vigorously and in a hurry. If it doesn't convince the country that it is doing the job there are going to be a lot of new faces in the next Congress.

In a contest Monday afternoon between Howard Payne football team of Brownwood, and Britton Training School team, the score was a tie of 0 to 0. While there was not a very large attendance, those who went out were well paid for their time and money, as the game was exciting all the way through.

INDUSTRY TO COLLECT OWN SCRAP METAL

DALLAS, March 28.—Industrial leaders were today asked to cooperate in a southwest-wide industrial scrap collection campaign to help the war production board to "get in the scrap." Announcement of the co-ordination of all southwestern industrial scrap collection activities and appointment of George C. Gibbons of Dallas as their regional director was received here from George T. Weymouth, chief of the WPB's industrial salvage section in Washington. The southwestern industrial scrap program will use chambers of commerce, trade associations and other bodies already prepared to help their members collect, trade bodies and other groups. The campaign does NOT conflict in any way with the general domestic scrap drives. In fact, it will supplement these so as to get large quantities of scrap back to the mills needing it, in the shortest possible time.

DEFENDANTS FAVORED IN ANNULLMENT

In the annulment suit tried in the 88th district court this week to set aside the divorce decree granted G. C. Dunham vs. Mrs. Adda Dunham by Judge Ed. A. Hill in 1920, under an instructed verdict the jury found for the defendants, Mrs. Edna Smith Dunham and her daughter, child of Dunham's second marriage. In his instructed charge to the jury to return a verdict in favor of Mrs. Edna Smith Dunham, the second wife, Judge B. W. Patterson ruled that since Mrs. Adda Dunham possessed knowledge of the suit and the divorce decree, and had not filed any protest within the two- and four-year statute of limitation, she was stopped from attacking its legality now, notwithstanding the evidence showed that she had been a good, moral woman, and not an immoral wife as alleged by Dunham in his petition for divorce in the original case.

HER RECIPE.

An aged Scotswoman writing her winks for buddies to Britain, gave this recipe for taking a bombing: "When the air raid warning sounds, I take the Bible from the shelf and read the twenty-third Psalm. Then I put up a wee bit prayer. Then I take a wee drab o' whisky to steady my nerves. Then I get in bed and pull up the covers. And then I tell Hitler to go to hell!" Draft boards are "advised" to do this and that, but you can't build an army by advising you tell 'em.

Local Chapter Of D. A. R. Met In Clark Home

Mrs. Randolph Lee Clark and Mrs. F. E. Harrell were hostesses to the Charles Crawford chapter, Daughters American Revolution, which met Wednesday in the home of Mrs. Clark on College Hill. Meeting was opened by the regent, Mrs. Alex Spears and pledges given to the flag. Prayer by the chaplain, Mrs. Philip Pettit, followed. During the business period, a report was made by Mrs. Frank Castleberry, delegate to the state meeting in San Antonio. It was decided to accept an invitation to visit "Flint Top" ranch in Coryell county, on April 27 for study of "Indian Folk Lore." The ranch is owned by Charles Pettit, brother of Mrs. Frank Castleberry.

At the close of the meeting guests inspected a large collection of pieces of early American pressed glass owned by Mrs. Clark. Refreshments were served to Mrs. Frank Castleberry, Eastland; Mrs. J. E. Caffrey, Mrs. John Elkins, Mrs. F. E. Harrell, Mrs. Philip Pettit, Mrs. Homer Slicker, Mrs. Alex Spears and Mrs. Clark. Labor doesn't oppose high prices for war material. Miscellaneous Shower and Tea Honors Miss King

Mrs. Roy Huffmyer, Mrs. Homer Slicker and Miss Virginia Carter were hostesses at an afternoon tea and miscellaneous shower in the Huffmyer home Saturday afternoon honoring Miss Noma King, bride elect of W. W. Wallace, Jr., whose approaching marriage will take place April 4 in the First Presbyterian church in Cisco. The living room, where the guests were received, was radiant with decorations of yellow jonquills, white candytuft and foliage carrying the bride-elect's chosen colors of gold, white and green. Mrs. Roy Huffmyer welcomed the guests and presented them to others in the receiving line who were Mrs. Homer Slicker, Miss Noma King, Mrs. W. W. Wallace, Mrs. J. C. King and Miss Virginia Carter.

Mrs. Delmar Johnston presided at the bride's book, directing the guests to the dining room where Mrs. Jack Anderson and Mrs. A. E. Jamison. Gifts were received by Mrs. Edward Lee, Mrs. R. B. Carswell and Mrs. A. Z. Myrick who assembled and placed them. The large dining table, covered with maderia linen cloth, held as a centerpiece a pretty arrangement of yellow ranunculus placed on a reflector plaque. Flanking the sides were tall white tapers in silver holders; Mrs. C. H. Fee and Mrs. L. H. Qualls presided at the silver tea service from 3 to 3:30. Mrs. K. E. Sherman and Mrs. W. J. Armstrong poured from 3:30 to 4.

Assisting in the dining room were Misses Anne Buckley, Inka Sherman, Jeanette Myrick, Mrs. H. C. Brown and Mrs. Weldon Isenhower, who passed refreshment plates to the guests. After a time spent in conversation, gifts were brought in by Misses Buckley, Myrick and Sherman and presented the honoree who was seated by her mother, Mrs. J. C. King and Mrs. W. W. Wallace in the dining room. The packages were opened by Miss King and passed for inspection of the group. Approximately 125 guests were present.

All-Bran Prune Muffins Are Breakfast Delight

CRISP and crunchy outside, moist and tender inside are these easy-to-make All-Bran Prune Muffins. Their chief glory, however, lies in their superb flavor—a blending of the nut-like taste of bran and the sweet juiciness of cooked prunes. The recipe is given below:

All-Bran Prune Muffins
 2 cups shortening 1 cup flour
 1/2 cup sugar 1/2 teaspoon salt
 1 egg 1/2 cup bran cereal
 1/2 cup milk 1/2 cup prunes
 1/2 cup soaked, chopped prunes
 Cream shortening and sugar thoroughly; add egg and beat well. Stir in bran cereal and milk. Let soak until most of moisture is taken up. Sift flour with salt and baking powder; add chopped prunes; add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 F.) about 30 minutes. Yield: 8 large muffins (3 inches in diameter) or 12 small muffins (2 1/2 inches in diameter). Note: When sour milk or butter-milk is used instead of sweet milk, reduce baking powder to 1 teaspoon and add 1/2 teaspoon soda.

Friday evening in the Ruppert home. The house was beautifully decorated with large bowls of red-buds and a pastel color scheme was carried throughout. Mrs. Sam Kimmell won high score prize, a fifteen-piece set of glasses and coasters and Martha J. Childress won high cut prize, an eight-piece dessert set, both gifts were presented to the honoree, Miss King was also presented with waffle irons by the hostesses.

Those attending were Miss Noma King, Mrs. W. W. Wallace, Mrs. J. C. King, Mrs. Roy Huffmyer, Mrs. J. W. Culwell, Mrs. Sam Kimmell, Mrs. Weldon Isenhower, of Putnam, Mrs. Harold McGowan, Mrs. Roy Burnam, Mrs. Jack Anderson, and Misses Virginia Carter, Anne Buckley, Lucille Clark, Martha J. Childress of Rising Star, Mary Louise Poe, Mary Louise Sherman, Marie Hunterman, Madeleine Ruppert, Jacqueline Ruppert and Mrs. H. C. Brown, Mrs. N. A. Brown, and Mrs. George Ruppert.

Mrs. Mitcham House Hostess At Luncheon

Mrs. G. P. Mitcham, Mrs. W. W. Fewell, Mrs. J. W. Mancill, Mrs. T. J. Dean, Mrs. J. Earl Crawford and Mrs. W. H. LaRoque entertained other members of the Thursday forty-two club in the Mitcham home March 26 with a plate luncheon. The spacious house was attractively decorated with potted plants and cut flowers and the large dining table, covered with imported linen cloth, held a pretty centerpiece of sweetpeas and other spring flowers. Following luncheon games of forty-two held the attention of the group during the afternoon. Mrs. J. W. Mancill and Mrs. T. J. Dean tied for high score. Other club members attending were Mrs. Connie Davis, Mrs. Charles Hale, Mrs. J. E. Spencer, Mrs. R. W. Merket, Mrs. D. Ball, Mrs. Neil Lane and Mrs. Leslie W. Seymour.

CATTLE MARKET

Very light supplies of cattle and calves reached the Fort Worth stock yards for Saturday's trading and all sold at steady prices, quality considered. Hogs were steady to 10c lower than on Friday with the top \$13.35. The few sheep offered cashed at steady prices. A few common to medium grade slaughter steers and yearlings cashed at \$7.50 to \$9.50 with occasional good fed steer yearlings up to \$11.25. Good beef cows ranged from \$8.25 to \$8.75 with butcher cows at \$7.25 to \$8 and canners and cutters at \$4.75 to \$7. Bull prices ranged from \$7.25 to \$9 on odd head. Good to choice fat calves \$10.50 to \$12.50 with common to medium slaughter calves at \$8.50 to \$10 and cull sorts at \$7 to \$8. Not enough stockers were on hand to test the market. In the hog yards packers brought good and choice 180 to 280 pound butchers at \$13.35 while good 150-pound averages sold down to \$12.70. Packing sows were steady, mostly at \$12, a few up to \$12.25. Compared with a week ago good butchers were 35c higher. In the sheep yards some woolled lambs were reported at \$10.75 or steady. Too often folks who know all about how to raise children don't have any of their own.

LONE STAR TO ISSUE STOCK NORTHERN CO.

PHILADELPHIA, March 28—D. A. Huley of Dallas, president of the Lone Star Gas corporation, said Friday Lone Star proposed to issue to its 16,000 stockholders 304,500 shares of Northern Natural Gas company as a dividend. The Northern stock, Huley said, would be issued in the ratio of one share for each 18 shares of Lone Star. This proposal, he said, will be made in an amendment to an application on file with the Securities and Exchange commission for approval of a plan of reorganization for Lone Star. In its original application, Lone Star had proposed to sell its holdings of Northern Natural Gas to stockholders at \$19 per share on the 1-to-18 ratio. At that time it was estimated Lone Star would realize \$5,804,500 from the sale of the Northern stock. The 204,500 shares of Northern stock represents about 30 per cent of the total Northern stock issue. Hearings on the Lone Star application have been under way here since Tuesday before Examiner James G. Ewell.

"Reality" is the subject of the lesson-sermon which will be read

in all Churches of Christ, Scientist, on Sunday, March 29, 1942. The golden text is: "A good man out of the good treasure of his heart bringeth forth that which is good" (Luke 6:45). Among the citations which comprise the lesson-sermon is the following from the Bible: "All thy works shall praise thee, O Lord; and they shall speak of the glory of thy kingdom and talk of thy power; To make known to the sons of men his mighty acts and the glorious majesty of his kingdom. Thy kingdom is an everlasting kingdom and thy dominion endureth throughout all generations" (Psalms 145:10-13). The lesson-sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let us learn of the real and eternal and prepare for the reign of Spirit, the kingdom of heaven,—the reign and rule of universal harmony, which cannot be lost nor remain forever unseen" (page 208).

At the close a class of boys and girls are to be received into the membership of the church. The morning sermon by the pastor will be, "The Royal Road to Happiness." At 7:30 in the evening the sermon subject will be, "Jesus, the

Revealer of God." Each night during the week at 8 o'clock Holy Week services will be held. "The Saviour of the World" to be the theme throughout. Monday night devotional music will be supplied by Miss Wilda Drago and her violin ensemble. Tuesday night Hjalmar Beigh and the Ceciliaan music. Wednesday night the choir of the church will present selected choral numbers. The pastor will meet with the boys and girls at 7:30 each evening for play and singing. These special services are for all who will attend. Let us worship God more earnestly during Holy Week.—LESLIE SEYMOUR, Minister.

Grace Lutheran
Sunday school at 10 a. m. Worship at 11 a. m. This is confirmation Sunday. Miss Emma Lee Wendle will be taken into church membership in the service. The sermon is based on the words: "Be thou faithful unto death, and I will give thee a crown of life." (Rev. 2:10). You are cordially invited to attend this confirmation service. A number of the school children will sing: "Let me be Thine forever."—W. H. SYMANK, Pastor.

CLEAN-UP WEEK IS HERE

This will be clean-up week, according to the war-time, health-time proclamations of Gov. Coke Stevenson and Mayor G. P. Mitcham — for all of Texas as well as for Cisco.

It's not only clean-up, paint-up and fix-up time, but it is spruce-up and dress-up time, say Cisco merchants.

Mayor Mitcham, who was given full authority by the city commissioners in regular session last Tuesday night, says citizens are expected to clean their premises thoroughly — pile every thing they can't burn into convenient stacks, so that trucks which will be ready Wednesday, may pick up the trash and cart it away.

Deshers in paints and wall paper say it is a good time to do the job thoroughly by re-staining and brightening up the whole house and premises.

Dry goods men say every one should dress-up a little extra in honor of the spring time and Easter that is to arrive next Sunday.

But city officials emphasize that whatever you do, be sure to clean the alleys and premises and pile the rubbish where trucks can take it away.

MRS. FORD, 80 DIED AT HOME OF DAUGHTER

Mrs. Drucilla Ford, who would have been 80 years of age on Monday night at the home of her daughter and son-in-law, Mrs. Joe Tullis, on Sixth street.

The body was prepared for burial by the Lane funeral parlor. Funeral services were held at 2 p. m. Saturday before Weatherford, where the funeral is scheduled for Sunday morning. Rev. Russell Dennis of East Cisco Baptist church officiated at the local services.

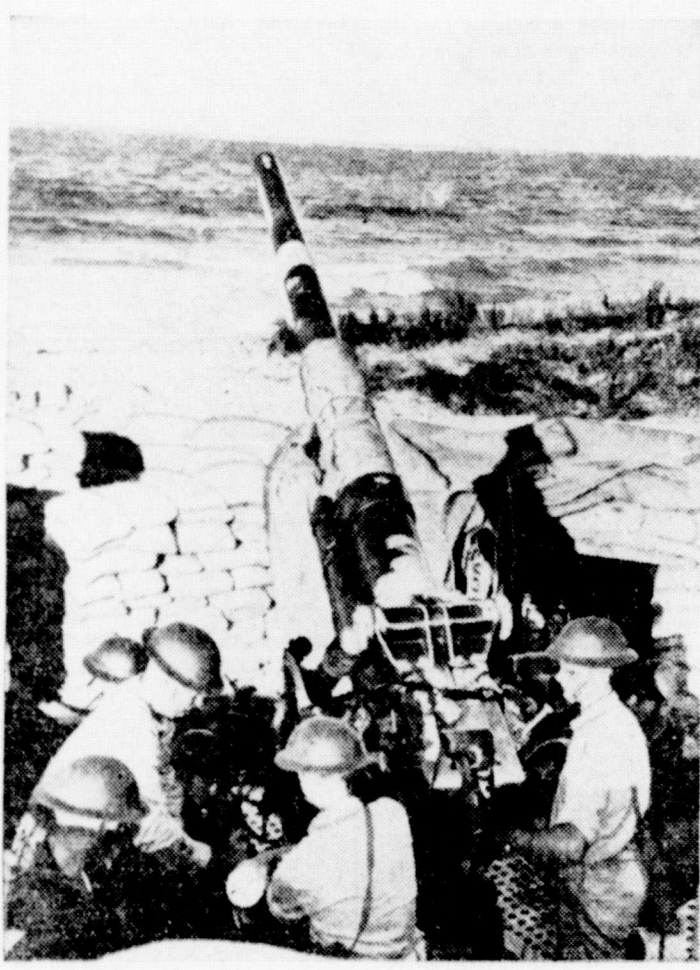

Survivors include two daughters, Mrs. Joe Tullis and Mrs. W. Hickey.

Those who went to Weatherford to attend the burial were Mr. and Mrs. Joe Tullis and son, Mrs. W. Hickey and daughter, Betty Joe Hickey and A. M. Worley.

KEEP CHICKENS UP REQUEST OF CHIEF PERDUE

Police Chief Perdue requests the Daily Press to ask chicken owners to keep their fowls on their own premises, as it is now springing time. Those who have planted gardens will greatly appreciate it if their neighbors will cooperate with them to the extent of confining their chickens.

There is a city ordinance against chickens running at large about gardening time, but the chief believes chicken owners will volunteer to confine their fowls, as he says no one would be so foolish to destroy gardens of their neighbors, and he would like to file complaints to enforce the ordinance.

WANT LIQUOR BARRED BY SPECIAL ACT

FORT WORTH, March 28.—Action by churches of several denominations in Fort Worth is expected Sunday in response to letters mailed all ministers of the city asking endorsement by their congregations of a resolution calling for a special session of the Legislature to outlaw liquor in Texas for the duration of the war.

The resolution was passed recently at a joint meeting of the Methodist Ministerial Associations of Fort Worth and Dallas. Rev. Joseph I. Patterson, in letters to the pastors, also asked that personal messages to Governor Stevenson be encouraged.

A strategy group of 25 representative laymen of Fort Worth and Dallas will hold a luncheon meeting in Arlington next week to select a committee which will call on the governor personally to request the special session be called. The luncheon tentatively is set for Wednesday.

MUST WALK CHALK LINE DURING WAR

WASHINGTON, March 28.—The government ordered two arrests to make it bluntly plain Saturday that it would tolerate no suspected sabotage of the morale or loyalty of men in the armed forces.

Prosecution proceedings were instituted in Chattanooga, Tenn., against George W. Christians, organizer of the "Crusader White Shirts," on charges of distributing propaganda which advocated insubordination, disloyalty and mutiny in the army to bring about a "reign of terror."

Almost simultaneous action was taken against Rudolph Fahl of Denver, who was charged with attempting to undermine the morale of the military forces.

Attorney General Biddle announced Friday night that he had directed the two arrests and cited quotations from some of the alleged propaganda. If the men, both native born Americans, should be convicted, they face a maximum penalty of 10 years' imprisonment and a \$10,000 fine.

CHECK TRUST BUSTERS

WASHINGTON, March 28.— President Roosevelt, in a move to speed up war production, has approved the plan to defer federal anti-trust action which would "interfere" with the output of guns, tanks, planes and ships, the white house announced Saturday night.

The far-reaching plan, which marks a sharp reversal in fundamental administration policy, was submitted to the president on March 20 by Attorney General Francis Biddle, Secretary of War Henry Stimson, Secretary of the Navy Frank Knox and Assistant Attorney General Thurman Arnold, chief trust buster of the justice department.

KLEINER PUSHES DRIVE

John Kleiner, co-chairman of the scrap metal drive for Eastland, Callahan and Shackelford counties, arrived home Saturday from an inspection trip to various points in the three counties and reported encouraging shipments of scrap iron to industrial centers.

"However," said the official, "there is a vast amount of scrap metal still on the ground, here and there throughout my area, and it is absolutely essential that it be gotten together and delivered to the buyers of the various counties. It should not be forgotten that this is a MUST job."

Moran shipped two cars Friday.

METHODISTS LAUNCH UNUSUAL TEN-DAY RELIGIOUS PROGRAM IN FORT WORTH AND DALLAS

A unique program of intensive evangelism will be fostered in Dallas and Fort Worth during the ten days from March 27 to April 6, says Rev. Leslie Seymour, when every Methodist church in those two cities and surrounding territory will hold simultaneous revivals.

Between 200 and 300 Methodist ministers will assist in the campaign, meeting daily in Arlington for prayer, counseling, planning and instruction.

Select speakers who will address the assembled ministers in their daily meetings are to be Bishop Ivan Lee Holt, Bishop A. Frank Smith, Bishop C. C. Seaman and Dr. Harry Deunman.

Each participating church is to have a team of workers consisting of the minister who will do the preaching for the ten days, a song leader and some four or five personal visitors and organizers.

Two Cisco ministers have been selected as preachers in this comprehensive evangelistic program. Dr. Roy Langston, district superintendent for the Cisco district, will preach at Boulevard Methodist church and Rev. Leslie Seymour, pastor of Cisco First church will preach each night at Meadowbrook Methodist church.

The announced purpose of this effort is to give the greatest emphasis possible to a renewed faith in God at a time when the nation is awakening to the need for such an emphasis.

Never before in the history of Methodism has such an organized revival been held under the leadership of so many ministers.

Preliminary meetings have been held for the last several weeks, laying the foundation for the major campaign.

GREAT BATTLE STARTS SOON IN RUSSIA

The rapidly swelling intensity of preparations for the spring battle of the Russian steppes leaves small doubt that this will be the greatest and bloodiest engagement of the war to date, which means the most terrible of all time.

Daily it becomes more apparent, too, that this is likely to be the decisive conflict of the war. The Allies and the forces of evil are embattled at Armageddon.

At the outset the Allied problem of manpower must be solved mainly by the Soviet. Russia has the men, but she is short of warplanes and tanks and other vital sinews, and is counting upon America and Britain for every ounce of material which can be rushed to the Red fighting lines.

The White House discloses that President Roosevelt, has ordered a first priority on shipments of war supplies to the Soviet. He has told the War Production Board and the army and navy to release such supplies as soon as possible.

Uncle Sam intends to do better than his best.

"The decisive moment is the year 1942. The decisive place is the front of the USSR. If the Allies will take this road, then the backbone of Hitlerite Germany will be broken this year. The enemy stakes everything on 1942. The task before the Allies is clear—they must also stake all in 1942."

ROTARIANS TO HOLD CONVENTION IN DALLAS

DALLAS, March 28.—Ira L. McCollister, president of the Dallas Rotary club, announced Saturday Dallas had been chosen as the site for the May 3-5 annual convention of the 128th district of the Rotary International.

The 128th district covers North-east Texas and Southern Oklahoma and has 57 clubs. The convention will bring 1,000 Rotarians and wives to Dallas as guests of the 351 members of the local clubs. This, according to McCollister, will be the first time a convention has been held in Dallas since the organization of the club in 1911.

FLYING CLASS 1 SHORT

The lack of just one more qualified young man between 18 and 26 is holding up the air training school for Cisco.

The full 20 had been secured, but one young chap could not pass the final physical examination and so another must be found to take his place, according to P. R. Warwick, secretary of the chamber of commerce.

However, another is expected by Monday, and Mr. Warwick said that two or three more would be accepted in case others should be forced out.

Improvements have been made this week on the hangars at the airport and everything else is ready for the "go ahead" order from aeronautics headquarters.

After completing this course young men will begin to draw salaries of \$75 per month for the next step and, upon final graduation, will become second lieutenants with the usual salary for that rank.

Meanwhile their expenses and tuition are paid for the local course—five being sponsored by the city and the other 15 by the federal government.

Students who have qualified are as follows:

- Cecil Claude Edmonson.
- Joe Dan Johnson.
- Jerrel Warren Hammons.
- Marvin Leslie Ivie.
- John Gilbert Mashburn.
- Charles Edmond McDonnell.
- Claude Lee Tucker.
- Roy Lee Brock.

US OPENS BIG U-BOAT HUNT IN ATLANTIC

WASHINGTON, March 28.— Army bombers and navy patrol boats quartered American waters from Iceland to Panama Saturday in the navy's new counter-offensive against the submarine that have sunk some 70 ships off Atlantic and Caribbean shores.

Clearing spring weather was expected to aid the hunt in coming weeks. The submarines have less chance of remaining undetected than during winter storms because the frothy wake of a periscope is indistinguishable from white caps of breaking waves. Also, the lengthening days will give the undersea craft fewer dark hours in which to surface and recharge their batteries.

Under the counter-offensive, announced Friday, all antisubmarine forces are grouped in sea frontier commands, with army planes under direct control of the navy. Establishment of the system followed a complaint by Governor J. M. Broughton of North Carolina that there had been a "shocking lack of cooperation" between the army and the navy on the U-boat hunt.

Rear Admiral Adolphus Andrews has the vital Atlantic sea frontier command, from Canada to the Caribbean.

POLL TAXES SHORT THIS YEAR; WAR

AUSTIN, March 28.—Poll tax payments in Texas this year decreased 115,702 compared with the 1940 total, it was disclosed Friday by George Sheppard, state comptroller, the decline attributed in a large degree to the war and consequent lack of interest in politics.

The 1942 poll receipts were 1,144,176, plus 41,526 exemptions, while the 1940 figure, when a general election took place, was 1,259,878, plus 60,700 exemptions. The decrease is about nine per cent.

However, it is estimated total voting strength is 15 per cent more than this as all exemptions are not reported, and Brazoria county payments were not turned in.

SINK A SHIP AT MOUTH OF LOIRE RIVER

VICHY — British forces, including Canadian parachute troops, struck at port installations at the German-held submarine base of St. Nazaire Saturday and one report said paratroops were still fighting in buildings at the mouth of the Loire river.

German sources, however, reported all of the British forces repulsed, captured or wiped out, and that four British bombers or troop air transports were shot down during fighting on the west coast of France.

According to advices received here, the British made land, sea and air attack on the St. Nazaire base, which Germans reportedly used for U-boat and long-range air attacks. Submarine attacks have extended as far as the American coast.

Germans said the British commando attack from the sea was repulsed, with the explosion of a former American destroyer, which the British sought to ram into the Loire estuary lock gate.

The spectacular thrust recalled the sinking of British ships to block the Zeebrugge U-boat base in Belgium during the first world war.

The Germans also claim to have taken about 100 British prisoners and said British losses were heavy.

But unofficial reports indicate that the raid was at least successful in blocking the channel and that fighting is still in progress.

"Reality" is the subject of the lesson-sermon which will be read

in all Churches of Christ, Scientist, on Sunday, March 29, 1942. The golden text is: "A good man out of the good treasure of his heart bringeth forth that which is good" (Luke 6:45). Among the citations which comprise the lesson-sermon is the following from the Bible: "All thy works shall praise thee, O Lord; and thy saints shall bless thee. They shall speak of the glory of thy kingdom and talk of thy power; To make known to the sons of men his mighty acts and the glorious majesty of his kingdom. Thy kingdom is an everlasting kingdom and thy dominion endureth throughout all generations" (Psalms 145:10-13). The lesson-sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let us learn of the real and eternal and prepare for the reign of Spirit, the kingdom of heaven,—the reign and rule of universal harmony, which cannot be lost nor remain forever unseen" (page 208).

Revealer of God" Each night during the week at 8 o'clock Holy Week services will be held, "The Saviour of the World" to be the theme throughout. Monday night devotional music will be supplied by Miss Wilda Drago and her violin ensemble. Tuesday night Hjalmar Bergh and the Cecilia singers will afford appropriate music. Wednesday night the choir of the church will present selected choral numbers. The pastor will meet with the boys and girls at 7:30 each evening for play and singing. These special services are for all who will attend. Let us worship God more earnestly during Holy Week.—LESLIE SEYMOUR, Minister.
