NUMBER 152

# MORE NAZI TANKS TO RUSSIA

## FIVE NORGE SHIPS REACH GREAT BRITAIN

United Nations braced against new Jap attacks in the Philippines and Burma following severe fighting on both fronts and British retirement from Prom in Central Burma.

There were reports in Chungking that President Roosevelt might be urged to intervene in an effort to bring about a settlement of the India dispute, and the Axis radio reported that China's Chiang Kai-shek again had urged settlement. But dispatches from New Delhi said Indian nationalists are still not satisfied with arrangements for direction of their home defense, election of constitutional assembly and provisions that might result in creation of two dominions.

**PHILIPPINES**—American and Filipino defense lines have been restored and enemy units were mopped up after a heavy attack in which a superior number of Japs pushed forward on Bataan peninsula. Defense casualties were reported slight, but the usual morning communique was lacking.

**AUSTRALIA**—War Minister F. M. Forde has been named to inspect American forces preparing for the battle of Australia and an eventual counter-offensive. All men between 18 and 60 have been called for compulsory civilian defense unless otherwise in war activities.

**RUSSIA**—Fighting increasing as Germans move more tanks and planes into Russian fronts, presumably in an effort to get the long-threatened southern offensive into action. However, the Red Army reports killing another 24,000 Germans, mostly at Leningrad.

**LONDON**—British air attacks report knocking out big German-held auto plants at Matford, for months, as a result of low-level bombing.

**LONDON**—The Royal Air Force, using both bombers and fighters, bombed German positions on or near the French coast this afternoon within 12 hours after the Luftwaffe attacked England's southern coast in perhaps the biggest night-time raid on England.

**LONDON**—The attempt of Norwegian ships to escape from Swedish waters to England during a snow storm was partially successful the ministry of information said today.

Stockholm dispatches reported two ships sunk, one run aground and another fired, while two others fled to Goteburg. It is indicated that four or five ships reached Britain.

"AIR RAID" IN NEW YORK—Only a drill, but the "real thing" as far as these air raid wardens were concerned, debris is removed from injured "victim" after "air raid" in mid-town New York.

## C. & N. E. R. R., Child of Personal Effort and the Oil Boom, Checks Out

The C. & N. E. railroad, product of the boom days of 1919 for Cisco and the Breckenridge country, is soon to be no more.

It has already ceased to operate a crew of about 18 men under tractor Edwards are now taking up steel and ties north of Breckenridge. After these materials are salvaged south to Breckenridge, the crew will then establish headquarters in Cisco to finish the work, to be completed some time in June of this year.

The road was promoted by the R. Q. Lee, ranchman, oilman, banker and later congressman in this district. Mr. Lee became president of the road and the satisfaction of seeing it become the most prosperous road mile in the United States during its first year of operation, with slumps in transportation, the advent of trucking, the road ceased to pay; so, in the interest of defense operations, which require all available road materials in other sections in which the Texas & Pacific railroad had come into possession of C. & N. E.—operates, it deemed advisable to dismantle the steel will amount to about carloads and will be used in permanent projects, according to B. Cole, local freight agent, who is vice-president of the district.

**HER SERVE**—Used to serving against opponents on the tennis court, Alice Marble, world's leading woman tennis player, serves a friend rather than a foe, as she does her bit as Director of Physical Training for Women under O.C.D. She's sporting new uniform in Boston.

## DEPOSITS NEW YORK BANKS ARE GROWING

NEW YORK, April 3.—Most of the large New York banks reported substantial increases in loans and discounts, deposits and holdings of government bonds in statements covering the first three months of 1942.

The Chase National bank, largest commercial bank in the world, attained new records in deposits and resources. Deposits as of March 31 were listed at \$3,628,257,000, compared with \$3,534,967,000 three months ago and \$3,617,530,000 a year ago.

Total resources of \$3,899,439,000 compared with \$3,811,803,000 at the end of 1941 and \$3,890,245,000 last year at this time. Holdings of government bonds amounted to \$1,364,847,000 at the end of December and \$1,252,185,000 at the end of March, 1941. Loans and discounts stood at \$802,221,000 and \$690,342,000.

The National City bank reported deposits at the end of March totaled \$2,963,805,853, compared with \$2,878,821,222 on Dec. 31 and \$2,967,590,195 a year ago. Resources were \$3,170,716,166, compared with \$3,082,860,582 and \$3,168,918,271. The United States government bond account stood at \$1,137,543,527 and \$1,036,897,905. Loans and discounts were \$630,085,109, against \$618,810,573 and \$568,980,291.

J. P. Morgan & Co., which recently allowed public participation in its affairs for the first time in history by selling a small block of its stock, showed a decline in both deposits and resources. Deposits on March 31 stood at \$637,920,357, against \$689,361,244 on Dec. 31 and resources of \$693,491,887 compared with \$749,725,411 three months earlier. The firm showed a small drop in government bond holdings but a slight rise in loans and bills purchased.

## CO. CHAIRMAN OF PARALYSIS FUND REPORTS

Charles J. Kleiner, county chairman of the annual president's ball, designed to raise money for both local and national infantile paralysis needs, herewith furnishes the Daily Press with a detailed statement of receipts and expense disbursements for the recent celebration.

Mr. Kleiner, who has headed the infantile paralysis drive in Eastland county for the past four years, says the last event was somewhat more successful than those of previous years. Continuing, Mr. Kleiner said:

"It is again my pleasure to submit to the people of Eastland county a detailed statement of receipts and disbursements pertaining to the infantile paralysis fund in honor of the birthday of President Roosevelt.

"I wish to thank each and every individual for their assistance and contribution to this worthy cause, and assure you that each and every one of you have an investment in all of the present and future hopes of those so unfortunate as to need our assistance."

## CHILDREN OF CISCO AND THIS AREA EXPECTED TO HAVE GREAT TIME AT THE EASTER EGG HUNT

### J. C. McAFEE'S ARE MOVING TO FORT WORTH

Mr. and Mrs. J. C. McAfee and children—Carlton, Frank and Suzanne—left this afternoon for Fort Worth, where they will make their home.

Mr. McAfee has been a resident of Cisco since 1922 and is a native of Texas. He was connected with a bank at Rising Star for a brief period before locating in Cisco. Since coming to Cisco he has been engaged in the outdoor advertising business and now has business connections in some twenty counties, mostly in north central Texas. His removal to Fort Worth was occasioned by the fact that he will be nearer the center of his activities. But he will still operate in the Cisco country and will be a frequent visitor to this city.

Since locating here, Mr. McAfee has been active in civic affairs and the removal of this fine family is generally regretted. He is a member of the Rotary club and a past president of that organization and is now concluding a term as trustee of the local schools.

Both Mr. and Mrs. McAfee are members of the First Methodist church. Mrs. McAfee is a member of the Twentieth Century club and, before her marriage to Mr. McAfee, was a teacher in the Cisco public schools.

### LARGEST WHEAT STOCKS.

CHICAGO, April 3.—Warming spring weather, spreading a green blanket over the United States winter wheat acreage, has helped depress wheat to the lowest prices in Chicago's market since before Pearl Harbor.

The crop outlook is unusually bright. Despite a reduced acreage, ordered last fall to keep the nation's wheat bins from overflowing with an unmanageable surplus, a big crop is in sight, if nothing goes wrong.

The latest estimates indicate the carryover of old wheat on July 1, when the new season begins, may be 630,000,000 bushels, by far the largest on record, comparing with 385,000,000 last July and the previous record of 378,000,000 in 1933.

Current estimates of the winter wheat crop range from 631,000,000 to 646,000,000 bushels, the latter a figure released by a private expert recently. Should the largest harvest be attained and should a normally anticipated spring wheat crop of 164,000,000 bushels be produced on the smallest acreage since 1919, the total supply in sight for the 1942-43 season would be 1,440,000,000 bushels. Normal annual domestic requirements are less than half of this.

## MORE CISCO FOLKS WHO SAW CYCLONE

Thursday's Daily Press carried the names of some of the Ciscoans who passed through the cyclone of April 28, 1893, and who are still alive and living here, but many were necessarily omitted in the desire to be as accurate as possible.

Additional names of those here at the time of the great twister, and who are still alive and reside in Cisco now, were handed in today, as follows:

Leroy D. Wilson, George Daniel, E. E. Kean, Mrs. Wm. Reagan, Mrs. Bud DeRossett, Spud Holcomb, Mrs. John Gude, Miss Tommie Clark, Mrs. Florence Clark, Mrs. Emma Schaefer, Mrs. Walter Preston, Miss Alice Bacon, Mrs. C. Owens, Edgar Strickland, Mrs. Dan Smith, Dr. Gary L. Smith, Frank Turknett, Wm. H. Turknett, Mrs. W. H. Kittrell, Jake Courtney.

## CISCO WOMAN IS 95 YEARS OF AGE TODAY

Today is the 95th birthday anniversary of Mrs. M. J. Howard, mother of Mrs. J. A. Jensen, with whom she has made her home since the Jensens moved to Cisco in 1919.

The anniversary dinner is set for Sunday, April 5. One daughter, Mrs. Dolph Grabbe of Garner writes she cannot be present, and the same is true of several grandchildren who live elsewhere. For this reason the dinner of Sunday will be attended only by relatives who live here.

Mrs. Howard was born in Jackson county, Ala., April 3, 1846, and has lived in Texas for 66 years and in Cisco since 1918. She is the mother of four generations, and two babies compose the fifth generation of the family, one of which was born to her great, great granddaughter, Mrs. J. W. Tompkins and husband of Hayworth, N. J., last Monday. This baby's mother is a daughter of Mrs. Howard's great grandson, L. L. Howard and wife. The other member of the fifth generation is the infant of Mr. and Mrs. E. A. Gresham, of Graham.

Despite her advanced years Mrs. Howard is still quite active, able to get around the house and attend to her needs, and is still in possession of her mental and physical faculties.

## KNIGHTS TO HOLD EASTER SERVICE HERE

Knights Templar of Cisco Commandry No. 47 will hold their annual Easter services at Cisco Masonic temple at 8 o'clock Sunday morning, the services continuing about one hour.

All knights are expected to be present and a cordial invitation is extended to the general public, says H. T. Huffman, chairman of the arrangements committee. Haywood Cabaness and George T. Lamar are the other committeemen.

The principal talk will be by W. Frank Walker, Mr. Huffman said, and there will be special music.

## BRAZEN UNION HEADS NOW AFTER SEC. KNOX

NEW YORK, April 3.—Two CIO unions protesting the alleged firing of 1,000 merchant seamen since Pearl Harbor by Navy Secretary Frank Knox planned Friday to contest the constitutionality of the law giving Knox dismissal powers.

Trials for 300 seamen, 100 radio operators and 600 shipyard workers said by President Joseph Curran of the National Maritime Union to have been discharged by Knox also are demanded by Curran and Joseph Seely, president of the American Communications association.

Both union heads appeared Thursday at a qualifications board hearing on the appeal of Murray Winocur, dismissed March 10 at Houston, Texas, from his radio post on a tanker. Captain Marshall B. Arnold, senior member of the board at Third Naval District headquarters, would not permit charges against Winocur to be specified, and announced no decision on the appeal.

## TEXAS YOUTHS ARE SERIOUS ABOUT THE WAR

AUSTIN, April 3.—Approximately 100,000 Texas youths and adults are being trained for the Nation's all-out war effort in public schools and night classes. James R. D. Eddy, director of the National Defense Training Program, disclosed Friday.

Eddy estimated that metal work, mechanics and woodwork courses will have turned out 120,000 trained men by July 1 as compared with 79,000 during the last fiscal year.

Public schools, he asserted, were recognizing wholeheartedly to suggestions that they inaugurate courses of all types to train workers to war needs.

To date, 26,930 trainees have been enrolled in supplementary defense classes, 30,491 have taken pre-employment courses, 24,414 have attended out-of-school youth programs courses, approximately 3,000 NYA youths have engaged in training courses and currently there are 22,867 workers enrolled in regular national defense classes.

The director reported that public night schools over the State were accommodating increased enrollments.

## REAL SPEED

DETROIT, April 3.—A new type all-welded tank, 30 tons of lifting power, has been completed in only 47 days, offering a convincing proof that Fisher body work on this project is seven days ahead of schedule, the division of General Motors announced Friday.

The Cisco Daily Press

(Consolidated with Cisco Daily News and Cisco American and Round Up, November, 1937.)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. B. O'FLAHERTY, Publisher and General Manager, W. H. LAHOQUE, Advertising Manager

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representatives, Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside of Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas, outside the above-mentioned counties, \$2.50; \$4.75 in U. S. outside of Texas.

Per year, in advance \$5.00; per week, by carrier boy \$1.00

BAYONET MASTER

Fencing and bayonet fighting are kindred arts, according to Colonel Anthony J. D. Biddle, who has introduced some tricks of swordsmanship into the modern system of bayonet instruction he is giving the U. S. Marines.

An expert in the art of jiu-jitsu, as well as swordsmanship and boxing, Colonel Biddle has devoted a large part of his life to the achievement of perfection as a bayonet fighter. Marines have received the benefits of his instruction from time to time since the first World War.

Abandoning the so-called orthodox method of bayonet fighting, the colonel teaches his Marine pupils certain jiu-jitsu tricks which are valuable in disarming or gaining the mastery over an opponent.

He understands thoroughly and can demonstrate every knack in the art of hand-to-hand fighting. His book, "Do or Die," is a military manual of the advanced science of individual combat.

Colonel Biddle is a member of the renowned Philadelphia family which had rendered distinguished service to the nation for more than two centuries. His son, Anthony, Jr., is the attorney general.

As a youngster going to school in Spain, the senior Biddle learned a number of knife tricks. Later he learned fencing in the Madeira Islands, and afterward took up boxing and jiu-jitsu. He was once a famous amateur boxer and sparred with such fighters as Philadelphia Jack O'Brien, the great Bob Fitzsimmons and others.

Realizing that there was a definite similarity between all methods of hand-to-hand combat, whether it was a mere boxing bout or a life-and-death struggle between two individuals on the battlefield, he began to coordinate methods of attack and defense.

He proved his theories in the days of the first world war when he gave boxing and bayonet instruction to young Marine Corps officers at Quantico. Later, he served overseas.

His group of Marine bayonet fighters was one of the attractions of the Sesqui-Centennial Exposition at Philadelphia in 1926. At other times he has taught individual combat methods to young Marine Corps officers or to men preparing for service with the F.B.I.

Always a strong advocate of training in preparation for war, he once told an interviewer: "Hand-to-hand combat, as we practice it, is carried out not merely as a preparation for war. It has a deeper purpose than that. Our object is to give a demonstration of perfect coordination of the mind, the eye and the body. We have endeavored to carry this to a point of perfection beyond that which is reached by the skilled boxer.

"Our men are now so self-confident that they can go through all the thrusts and parries of bayonet fighting without any protection whatever and without the slightest danger to themselves.

"This combat demonstration should be regarded only as an athletic activity of the highest type. I believe as a builder of muscular control, mental alertness and self-confidence, it is superior to boxing and other forms of sport."

Today the colonel is in his late sixties, but can tumble about on the ground like a kitten scrambling for a ball of yarn. He is as lively as many of his youthful pupils.

When one of his Marine Corps students springs at him in an "attack," there is the glint of a bayonet in the air, a momentary struggle, and presently the attacker's feet swish overhead in a wide arc before he sprawls to the ground. The colonel himself does not even breathe heavily.

"Tony," as he is known to his intimates, is long past the statutory age for retirement. He is still A-No. 1 as a bayonet instructor. And the Marines will tell you that there is no one in the United States better qualified for the task.

WE ARE AT WAR

There is talk now of an approaching shortage of men, as eligible males are drawn off to fill the expanding army ranks. There will be several millions drafted,

some estimates are as high as 10,000,000.

But there might also be a shortage of women. Already they are pouring into the war industries and many other unaccustomed occupations, in surprising numbers. Thousands take semi-military jobs of various kinds, linking them more and more closely with the armed forces. They are proving able to stand hard physical work and thrive on it. Once toughened, they can tramp all day long like male troops, and carry rather heavy equipment.

Public opinion and biological prejudice will doubtless keep women out of the fighting ranks, except in extreme emergencies. There comes a time in great wars when racial defense, in the form of motherhood, becomes as important as military defense. Otherwise we might really see armies of modern Amazons before this conflict is over. As matters stand, women in uniform may soon be as common in their various kinds of semi-military army work as women nurses are now. They are sure to be an important factor in the war.

LOTS OF SOAP

No shortage of soap is expected to be found in this country. Housewives need not be tempted to pile shelves high with little bars against emergency. There will be lots and lots of soap—and for a curious reason. In modern soap-making glycerine is a by-product, and glycerine is one of the most important factors in producing explosives.

Fine and luxurious soaps, made from imported oils, may have to go for a time. But there will be plenty of good, plain American soap, enough for all possible toilet, kitchen and laundry uses.

Junior is to have no luck escaping the nightly scrub-up. And even MacArthur's little boy had to have his hair shampooed and cut. Hard world!

Maybe beards are going to loom up on the horizon. Razors and razor blades are to be sharply rationed, blades being limited to one a week. Gentlemen with tough beards will find life tough, too. For them the trail may end in whiskers.

John Paul Jones must be leaning over the rail of heaven and cheering, as the Vichy government promises not to give up the ships.

MacArthur's secret of success: Do your darndest with what you've got.

We can't believe the Lord is on the Japs' side, even if German missionaries are helping them in the South Seas.

BLUFF BRANCH

Mr. and Mrs. Kenneth Thompson were Sunday guests of Mr. and Mrs. Lester Agnew.

Mr. and Mrs. W. L. Yeager spent Sunday in Moran with their son, Lee Yeager and family. Mr. and Mrs. Henry Farmer were brief callers at the home of Mr. and Mrs. William Donham Wednesday.

Mr. and Mrs. L. E. Edwards and sons attended the Fifth Sunday singing convention at Cisco Sunday.

Mrs. Winnie B. Johnston spent Thursday night with Mrs. Lester Agnew.

Mrs. J. M. Pence and children, Henry and Eunice, were visitors at the William Donham home Sunday.

Claude Yeager called at the home of L. E. Edwards Sunday evening.

The Quilting club meets Thurs-

NIGHT-FLYING GOGGLES

Taking a lesson from England's R. A. F., American pilots who take to the night skies, are required to spend pre-flight time in a darkened room. These red goggles also condition the eyes.

day with Mrs. Neil Pippin. Grandville and L. C. Agnew were guests of Dee and Arthur C. Edwards Tuesday.

DAN HORN

Thirty-three attended Sunday school Sunday. Those that went to the fifth Sunday singing at Cisco in the afternoon were Mr. and Mrs. W. H. Ervin, Miss Jimmie Nance, J. J. Livingston, Mrs. Charley Livingston, Mrs. M. D. Speegle, Mrs. Tal Horn.

J. M. McColluch left Wednesday for Deming, N. M.

Misses Fay Williams and Kate Beth Speegle were guests of Miss Mary Cloma Morton Sunday.

Mrs. E. S. Townsend and daughter Joan of Cisco spent Monday with Mrs. J. W. Speegle.

Archie Hill, son of Mr. and Mrs. Sam Hill, who has been seriously ill with pneumonia is slowly improving.

Mr. and Mrs. B. Walker visited in Cisco Saturday.

Mr. and Mrs. Ray Bisbee and children moved to Corpus Christi Monday.

Mrs. George Waters, who was seriously ill in Graham hospital last week, was able to be moved to her home in Corinth community Monday.

Mr. and Mrs. Smith of Putnam recently visited Mrs. Smith's grandmother, Mrs. W. M. Weed, here.

G. C. Taylor made a business trip to Fort Worth the week-end. Miss Jimmie Mae Nance of Scranton spent Saturday night with Mr. and Mrs. J. B. Jessup.

Mr. and Mrs. Van Lee Luttrell of Dallas visited his parents, Mr. and Mrs. L. A. Luttrell, the week-end.

TEXAS LAND BE SOLD ON 7th OF APRIL

AUSTIN, April 3.—If you want to own some land, buying it at your own price, get in touch with Bascom Giles, State Land Commissioner. Giles is going to sell 230,000

acres on April 7. It will go to the persons making the highest offers in sealed bids. A minimum price of \$2 an acre is set on most of the land. Some will not be sold at less than \$10 an acre, but some has a minimum of \$1.50 an acre. One tract in Oldham county of 80 acres will not be sold unless somebody offers at least \$15 an acre for it.

To buy an 80-acre tract, or a larger one, the purchaser will have to pay one-fifth of the total price in cash. After that he will have 40 years to pay out the balance, making equal payments on Nov. 1 of each year. Interest on the deferred payments will be five per cent a year. All cash must be paid on plots of less than 80 acres.

The purchasers will get the surface rights and most of the oil, gas, sulphur or other minerals that may be found. The state will retain a one-sixteenth royalty on oil, gas and minerals other than sulphur. It will retain one-eighth on the sulphur.

Largest single tract to be sold is a parcel of 733 acres in Culberson county. It will not be sold for less than \$1.50 an acre. If you want a little bit of land there is a six-acre tract in Hale county that you

can get for \$3 an acre if somebody else doesn't offer more.

Most of the big tracts are sections. They should contain 640 acres each but in the days when they were surveyed a little land more or less made no difference, so some are smaller than 640 acres and some, like the 733 acre tract, run way over 640.

The land is what is known as "school land." Some of it has been sold before and has been forfeited back to the state because the purchaser failed to meet his annual payments. Most of the small tracts are this sort, or tracts that have been created when more recent surveys showed the area was not included in a former grant.

When Texas entered the United States, part of the agreement was that the land it owned as a republic should be retained. Parts of this land were set aside for a "university of the first class." Part was set aside for schools, and income from it created a "permanent school fund." Interest on bonds in which the school fund is invested becomes part of an available school fund.

Speak your mind about the 155,000 Japs who are free to do as they please in Hawaii. If Hawaii is lost, your home is exposed.

HOGS AT \$13.95

All classes of cattle and calves were active and fully steady on the Fort Worth livestock market Friday. For the week the market was fully 25 cents higher, with spots 50 cents higher on all grades. Hogs were 10 to 15 cents higher, with shippers and city butchers paying the day's top of \$13.95 while packers stopped at \$13.85. Receipts in the sheep yards were mostly lambs, which were fully steady.

Good to choice fed steers and yearlings cashed at \$10.15 to \$12.50, one load of steers and one load of yearlings at the latter figure. A load of heavy heifers brought \$10.75. Common to medium steers and yearlings bulked at \$8 to \$10.25.

Good beef cows sold at \$8.25 to \$9, common to medium beef cows

at \$7.50 to \$8 and canners and cutters at \$5 to \$7.50. Bulls cleared at \$7.50 to \$9.50.

Good to choice fat calves moved at \$10.50 to \$12.50, a few vealers up to \$14 and higher. Common to medium slaughter calves cashed at \$8.75 to \$10.25, culls at \$7.25 to \$8.50.

Stocker steer calves sold from \$14 down, stocker steer yearlings from \$12.50 down and stocker cows from \$9 down.

Good and choice 180 to 280-pound hogs sold at \$13.85 to \$13.95, while good and choice 160 to 175-pound averages brought \$12.90 to \$13.75. Packing spots were strong at \$12 to \$12.50 and stocker pigs were 50 cents higher at \$11.50 down.

Spring lambs sold at \$10 to \$11, but strictly good and choice grades were absent. Medium and good woolled lambs sold at \$10 to \$11, shorn lambs at \$8.50 to \$9, some held far higher prices. Feeder lambs moved from \$9.25 down.

Don't make rules to limit free speech. The rules used to gag a fool are used soon or late to gag a wise man.

Prohibition comes and goes, and tigers replace liquor, but the boot-legal remains a rogue and the truth is not in him.

In Loving Memory of William Joseph Hussey, Who Departs This Life on April 16, 1932.

Dear William, giving you up can't avoid; Tho to keep you we would enjoy.

God has promised we shall see you again, And that comforts us while we remain.

So, after all, we can really smile. For we shall meet you again awhile.

And the time will not seem very long. Till we meet in that heavenly throng.

On that happy, golden shore, Where parting will be no more. For between us and you chords of love That are drawing us to that above.

Now may the Lord keep our hearts pure and sweet, That we may not fail our duty to meet.

Sadly missed by loved ones.

Do you know the three great services advertising renders You?

To SURVIVE, an industry must serve the people and serve it well. There are many ways in which advertising serves, but here are three of great benefit to you. Advertising constantly operates to improve our standards of living by lowering prices. It does this by making the economies of mass production possible.

You can make 500,000 of an article for much less per article than if you made only, say—100. So you can sell it for less. With these lowered prices, more people can buy things and the standard of living of all the people goes up.

In other countries automobiles are almost unheard of in middle-class families. But, today over 20 million automobiles are driven by our people because with the aid of advertising their prices have been brought down within the means of more people.

Advertising makes possible free competitive enterprise. Through advertising a small business man can expand to the full limits of his value to society. He can take his case before millions, whereas without advertising only a few hundred could be reached. This creates healthy competition between business.

The consumer is always the gainer because competition forces quality and service to be better and prices to be lower. Consider the automobile, radio, mechanical refrigerator or almost any product of 15 years ago and these products today. In every case you'll find quality improvement along with the lower prices.

Advertising helps vitally to perpetuate our Bill of Rights—our Freedom. It does this by helping newspapers, radio stations, magazines, and other means of expression to remain solvent from the advertising revenues received. Without a free press our Bill of Rights would be next to

worthless, because we would never be sure of what was going on. This would leave us wide open for the dictators—much the same as in Germany, Russia and Italy today.

WHAT TO DO Mention these points if you run across an uninformed fellow who misunderstands the importance of advertising in our American Way of Life. And make advertising your daily buying guide—because if you see a firm or product consistently advertised you can be pretty sure that firm or product is delivering you the greatest value for your money in quality, service and price.

Mrs. Olin Odom Complimented With Shower  
Mrs. Wm. Isenhower, assisted by her daughter-in-law, Mrs. Weldon Isenhower of Putnam, entertained in the Wm. Isenhower home Wednesday evening honoring Mrs. Olin Odom, Jr., the former Miss Betty Eida Clark.  
A pre-Easter color scheme of pink, green, yellow and white was followed throughout all decorations.  
The guests were greeted informally by the hostesses and presented to Mrs. Odom.  
After a time spent in friendly conversation, refreshments of open-face sandwiches, olives, mints and coffee were served, following which the honoree was presented with an array of pretty and useful gifts.  
The guest list included Mrs. Olin O. Odom Jr., Miss Lucile Clark, Mrs. Wade Dulin, Mrs. Bruce Younger, Mrs. James Haynie, Mrs. Walter Francisco, Miss Mary Louise Sherman, Miss Noma King, Mrs. R. W. Merket, Mrs. John Shertzer, Mrs. S. B. Parks, Mrs. Jas. Huddleston and Patty Nell Haynie.  
Others sending gifts who could not attend were Mrs. E. J. Poe, Mrs. J. T. Anderson, Mrs. Lee Owen, Mrs. Randolph Lee Clark, Miss Mignon Clark, Mrs. N. A. Brown, Mrs. H. C. Brown, Mrs. Ralph Glenn and Mrs. Fred Erwin.

Arts Club Has Program On P. A. Good Will  
The First Industrial Arts club met Thursday afternoon in the club house for a program on "Pan American Good Will." Mrs. E. J. Poe was hostess and Mrs. Homer Bible presided.  
Mrs. M. F. Underwood directed a program in which the following topics were discussed: "The Pan American Union," by Mrs. L. W.

Arts Club Has Program On P. A. Good Will (continued)  
The club voted to send Mrs. B. E. Morehart as delegate to the general convention of women's clubs, which will be held in Fort Worth, April 27 to May 2. Mrs. H. R. Miller was named alternate.  
Responding to roll call were Mrs. H. A. Bible, Mrs. F. J. Bor-man, Mrs. W. V. Gardenhire, Mrs. E. Hooks, Mrs. E. L. Jackson, Mrs. L. J. Leech, Mrs. F. A. McMillen, Mrs. H. R. Miller, Mrs. S. H. Nance, Mrs. E. J. Poe, Mrs. L. W. Seymour, Mrs. M. F. Underwood and Mrs. W. W. Wallace.  
The dining table was centered with a pretty white birthday cake, topped with four pink candles. The guests encircled the honoree and sang "Happy Birthday to You" after which the cake was cut and served with ice cream.  
The guest list included Malla Qua Prickett, Betty Lou Hughes, Glenda Hughes, Coise Baird, Martha Lee Eady, Ronny Huddleston, Paul Meredith Culp, David Lee Williams, Robert Dale

EPIDEMIC OF MEASLES CONTINUES, TEXAS  
EPIDEMIC 24 S1  
AUSTIN, April 3.—The general picture of communicable diseases in Texas was less florid in the week ended March 28, the Health Department reported Friday.  
A measles epidemic continued with 2,914 cases reported against a median for the week of 545, a new high. Dysentery, pneumonia, poliomyelitis and mumps were above the median for this season. Most other conditions were near normal.

OK PLAN TO QUICKEN THE OIL MOVEMENT

HOUSTON, April 3.—Plan for increasing the efficiency of oil transportation facilities in District 3, including elimination of tank car shipments to all points within 100 miles of a terminal and substitution of tank trucks has been approved by the Office of Petroleum Co-ordinator.  
The plan was submitted to OPC by the transportation committee of District 3, whose chairman, President Harry C. Weiss of the Humble Oil and Refining company, released the announcement from Deputy Petroleum Co-ordinator Ralph K. Davies of approval of the plan.  
The plan calls for:  
Elimination of all tank car movements to all points within at least 100 miles to refinery, water and pipe line terminals, and the substitution of tank truck facilities therefor, irrespective of the fact that truck costs may exceed rail costs.  
The loading and unloading of tank cars and tank trucks on a seven-day per week, 24-hour per day, basis.

# BRIEFLY TOLD

Mrs. Joe Wilson and Miss Marion Chambliss went to Sweetwater Thursday for a brief visit with Mrs. Wilson's daughter there and with Mrs. Everett Duncan at Roscoe.

Mr. and Mrs. Roy Fonville have returned from a visit with their son and wife, Mr. and Mrs. Roy Fonville, Jr., in Houston.

Mrs. Bob McCrary is spending the week with her daughter and family in Childress.

Mrs. J. W. Wilson and small daughter, Kay, have returned to Cisco after a visit with relatives in Houston and Galveston.

Mrs. C. D. Stamey, recently of Aspermont, visited in the home of Mr. and Mrs. O. L. Stamey while enroute to her home in New Orleans where she will join her husband in their new location there.

Mrs. E. L. Graham and son, Emmett Jr., left today for a visit with her sister in Houston and her niece in Galveston.

Mrs. Weidon Isenhower of Putnam visited relatives in Cisco Thursday.

Mr. and Mrs. H. T. Huffman and son, Kenneth Huffman, and Mr. and Mrs. J. J. Huffbman will leave early Saturday morning for College Station where they will attend the Parent-day celebration of the college.

Mr. and Mrs. Joe Clements and daughter, Miss Josephine Miller, arrived today from Texarkana for a week-end visit with Mrs. Clements' mother, Mrs. M. W. Oldham.

Among Cisco firemen attending the convention which met in Colorado City Thursday were Arlin Agnew, Cecil Lamb, Spurgeon Parks, James Huddleston and Willie Thetford.

Mrs. B. E. Morehart went to Dallas Thursday to accompany

her daughter, Miss Martha June Morehart senior in Southern Methodist University, to Cisco to spend the Easter holidays.

Charles Spears and sister Miss Lillian Spears arrived Thursday night from Austin to spend Easter holidays with their parents, Mr. and Mrs. Alex Spears and other relatives in the city.

Miss Alice Slicker, Texas University student, arrived Thursday for a few days' visit in the home of her parents, Mr. and Mrs. Homer Slicker.

Mr. and Mrs. A. E. LeClaire of San Angelo arrived Thursday to visit over the week-end with Mrs. LeClaire's parents, Mr. and Mrs. J. J. Collins.

Miss Ida Mae Collins of Fort Worth is visiting in the home of her parents, Mr. and Mrs. J. J. Collins.

Mrs. Harold Lawrence left Thursday for her home in Texarkana after a three weeks' visit in the home of her uncle and aunt, Mr. and Mrs. S. N. Poe.

A thriving boy baby was born Tuesday evening to Mr. and Mrs. G. W. Wiley, at Graham Sanitarium. Weight at birth was eight pounds, 12 ounces, but the father says he (the son) has gained four pounds since birth.

Mrs. Mary Townsend of Moran, was shopping in Cisco today.

John Dill, who is working in Fort Worth, made a brief visit to home folks this week. He will return to his work Saturday.

Mrs. J. E. Whisenant and Mrs. T. R. Prickett visited in Eastland today.

Lieutenant Joe Slicker, who has completed his senior year's work at A. & M. college, will receive his degree with the 1942 class on May 15. Lieutenant Slicker majored in mechanical and petroleum engineering.

Mr. and Mrs. J. C. McAfee returned from San Angelo last night, where they had been at the bedside of Mrs. McAfee's father, Frank Neely. Mr. Neely, a surgery

**BLOSSOM GIRL**—The spirit of Spring blossoms is Miss Mary Marlin, named Hollywood Blossom Girl to preside over California's Spring flower shows. She's perched amid some early blooms.

nearly 29 per cent, greater than the previous record high for this mid-winter two-month period of 1937, or \$7,087,000 greater than the all-time low of 1927, when the total for that two-month period was only \$1,339,000. It was \$5,067,000 greater, or 150 per cent above the 15-year average of \$3,359,000.

The 1942 figure also exceeds the 1941 total of \$2,335,000 by \$3,091,000, or more than 57 per cent.

## GOVERNOR HAS A SMART IDEA ABOUT FARMER

DALLAS, April 3.—Governor Stevenson recommended Thursday that the army induct ranch and agricultural workers and then, instead of assigning them to military outfits, send them back to the soil to win America's food-for-victory campaign.

"Ranch and farm hands of Texas aren't going to wear the brand of slackers, and aren't asking for deferment or exemption from military service," said the Governor, here to address the fifth annual convention of the Texas Restaurant association. "Consequently, our farms and ranches already are feeling the stress of a shortage of labor."

"We are making progress in Texas with the food-for-victory program, but we can't continue to fill the government's demand for more meat and more agricultural products if the armed services take all the men whose skill is necessary to produce these commodities."

## POPE PIUS XII TOOK PART IN LITURGY TODAY

ROME, April 3.—Pope Pius XII took part in a Good Friday liturgy Friday in the Sistine chapel.

The cardinal conducting the mass uncovered the cross and placed it on a violet cushion on the altar steps. The pope then

walked barefoot to the altar and kissed the crucifix. The cardinals and other pontifical dignitaries present, also foot, went through the same ceremony.

patient at Shannon hospital, that city, came through in good shape and will be able to return to his home soon, it is now thought. Mrs. A. B. O'Flaherty, also a daughter of the sick man, will remain in San Angelo a while longer.

Private Winfred B. Shirley, of Cisco, is now taking the course at the air corps gunnery school in Las Vegas, Nevada. He is the son of Mr. and Mrs. J. E. Shirley of Cisco and graduated from Cisco high school in 1935.

Mr. and Mrs. O. L. Stamey, Mr. and Mrs. Carlos Turner and Bruce Younger are attending the county track meeting in Gorman today. R. N. Cluck was present at the session held there Thursday night.

MALLEN, April 3.—Lower Rio Grande Valley farmers received an all-time record total of \$8,426,000 for their farm products in January and early February of 1942, according to the Bureau of

Business Research of the University of Texas. This record was \$1,884,000, or

## A MESSAGE to Refrigerator Users

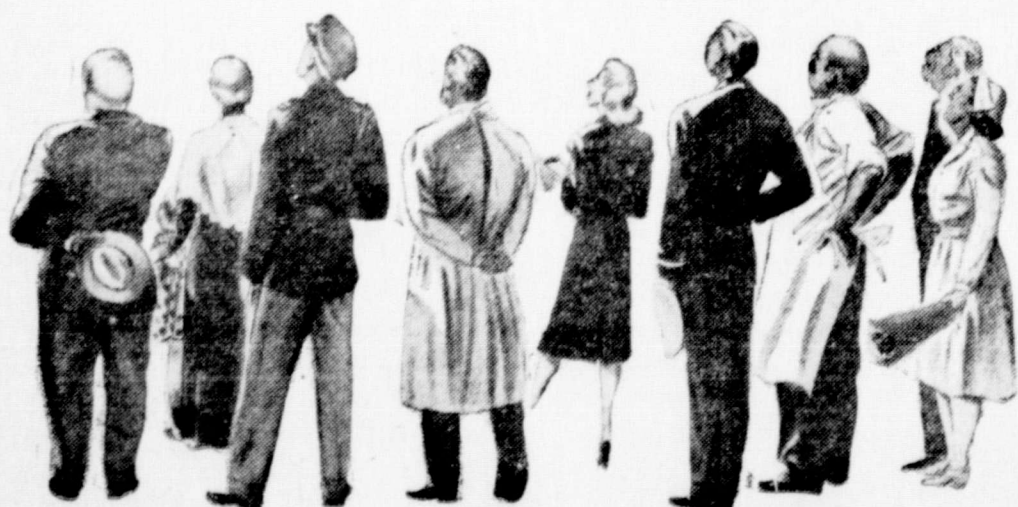

Our government has lifted the ban on sale of electric refrigerators now in the hands of dealers. We are unable to predict how long they will remain unfrozen or to say how many are available for sale.

This company, however, has a few Frigidaires in storage but does not anticipate receiving any additional shipments inasmuch as factories have been converted to production of war materials.

Therefore, we are suggesting that worn-out and irreparable refrigerators be replaced now—before it is too late. If your refrigerator cannot be repaired for the duration, it would be wise to buy a new one in the interest of food conservation. But if it is in fair condition, then make it see you through.

This is one way in which you can contribute to the nation's wartime conservation program.
