

"I therefore believe it is my duty to my Country, to love it, to uphold its Constitution, to obey its laws, to respect its Flag and to defend it against ALL enemies."

CLOUDBURST AT FORT WORTH

SUGAR ORDER NO. 3 GIVES RULES FOR CONSUMERS, INSTITUTIONS, TRADE USERS

WASHINGTON, April 24.—Issued Rationing Order No. 3 sets forth the regulations governing rationing to individual consumers and trade users, as well as allowed industrial and institutional users, was announced by OPA.

Consumers, who will register their ration books in their schools throughout the year May 4, 5, 6 or 7, may use one pound of sugar with one of the first four stamps on their ration books. Stamp No. 1 is valid from May 5 to May 17, stamp No. 2 from May 17 to May 31, stamp No. 3 from May 31 to June 13, and stamp No. 4 from June 14 to June 27.

Restaurants and other food establishments will be able to obtain 10 per cent of the amount of sugar during the corresponding month last year, or amount used during March 1941, while bakers, manufacturers of confectionery, ice cream, dairy products, preserves, bottled beverages, desserts and other specialties will be entitled to an allotment of 10 per cent of past use.

Under the regulations, one adult member of each family unit must register for all members of the family.

Consumers who are not members of a family unit should register themselves. Consumers not members of a family are not eligible for registration while confined in a public or private hospital, asylum, prison or similar institution.

Special provisions are made for those who, while not members of a family unit and not confined in an institution, are incapacitated and unable to register for themselves. Such individuals may be registered by the person caring for them or by other persons as designated.

Children born after the registration dates will be entitled to a normal ration of sugar, and may be registered at any time at the rationing board where the parents or guardians are registered.

Consumers who did not receive their ration book at the time of registration because of ownership of more than six pounds of sugar, will receive their ration books by mail after the commencement of the latest ration period during which stamps become valid having a weight value equal to the excess sugar supply owned on May 4, 1942.

transportation difficulties find it a hardship to buy sugar in the quantities allowed during each ration period. Such a consumer may apply to his rationing board for a certificate authorizing him to purchase at one time the total amount of sugar to which he would be eligible during four weeks.

Efforts have been made by OPA not to disturb the traditional arrangement of sugarcane or beets growers who have in the past taken part payment in refined sugar for the crops sold for processing. Such growers may apply to their rationing boards for certificates authorizing them to take delivery of a maximum of 25 pounds for each member of a family unit. They must, however, surrender their war ration books.

Consumers who by reason of illness require more sugar than the normal allowance may apply to their local boards for the additional quantity required. The special application form for the purpose must be accompanied by a doctor's certificate stating the amount of sugar required and explaining why the additional sugar is needed.

Consideration is given to the problem of loss of ration books by consumers. "We have tried to reduce as much as possible hardship in the case of legitimate loss. On the other hand, it was necessary to draw the regulations in such a manner as to avoid an epidemic of losses," OPA officials said.

Under the regulations, consumers may apply to local boards for ration books to replace those lost or destroyed, but replacements will not be made till after two months from the date of the application. "To make a false application," it was pointed out, "is a criminal offense."

Industrial and institutional sugar users, who register at high schools on April 28 and 29, will receive either a provisional allowance or an allotment to cover their sugar needs from the date of registration till June 30, depending on the products for which the sugar is used.

Before issuing industrial purchase certificates, registrars are required to deduct from the provisional allowance or allotment the quantity of sugar in the possession of the applicant. The owner shall be deemed to have the title to sugar regardless of the fact that it may have been mortgaged or pledged, or that its use may have been prohibited by any order of the War Production Board. Every person who owns one or more registering units must include all sugar to which he has title (except sugar held for personal use and sugar in the possession of his vendor) in the present inventories of such registering units.

2D WAR FRONT SURE

Allied aerial blows -- possibly preliminary to bigger counter attacks -- hammered Axis supply bases again today on the Baltic Sea and on New Britain Island, north of Australia.

British bomber squadrons, renewing the RAF offensive against Nazi-held Europe, swept across Germany to the important Baltic port of Rostok, where the explosives started large fires in one of Hitler's main ports for supplying Axis armies in Russia.

In Southwest Pacific the Japanese main base at Rabaul again was battered by American and Australian planes, which attacked shipping and barracks and machine-gunned enemy troops.

Japanese fighter planes were driven off by big bombers.

Aerial operations coincided with two developments that may be of particular importance to the war in Europe this summer. London disclosed that President Roosevelt had sent a message to Prime Minister Churchill expressing complete approval of decisions (understood to include strategy regarding a second European front) reached in Britain during the visit of General Marshall, American chief of staff.

Roosevelt's communication was presumably a formality following Marshall's visit, which is said to have swung the British further toward an aggressive attitude this summer, but regarded as another sign of United Nations' preparations to strike at the Continent as soon as possible.

In the United States, Lord Beaverbrook, British lend-lease coordinator, urged in a speech that a second European front be opened to aid the Red army, because "Russia may settle the war for us in 1942."

CAMOUFLAGED—Decorated with foliage to camouflage it from the "enemy," the above U. S. Army "peep" crosses a stream during combat maneuvers in Panama's jungle. Note the machine gun mounted and ready for action.

87 FT. 3 INCHES WATER

With seven days more to go, April has probably broken all records for Cisco as it rains.

Precipitation for April has already given us 10 1/2 inches and clouds looked at noon today as though there might be more water in store for those of us who never quite get enough moisture, regardless of how much it rains, since people reared in this part of Texas have spent most of their lives wishing for rain when it was dry, and the rest of the time wishing it would quit after it got started.

For the first three months of the year, local rainfall measured less than one inch and many old-timers were freely prophesying another drought for this area.

But now farmers in the south and south-western portions of the Cisco Country are wondering if they will ever get an opportunity to even plant their crops, or find them for the grass, should they get them growing.

O. Gustafson said at noon today that Lake Cisco was at its highest point for all time, standing at 87 feet and 3 inches on the dam marker. The former high mark was around 82.5 feet, according to Mr. Gustafson.

Reports show the rain has been general, but lighter to the north than toward the south.

LAKE CISCO FISHING FREE TO SOLDIERS

All those wearing United States army uniforms may fish at Lake Cisco or in other city waters free of any charge, City Secretary George W. Downie said today.

This thoughtful action was taken by the city commission recently in order to extend a special courtesy to soldiers home on furlough or to those who might be here from nearby army camps for the week-end.

The fishing season will open May 1 and extends to February 28, Secretary Downie stated.

CISCO GUARDS DRILLED AND ATE ICE CREAM

Between 50 and 55 guardsmen were out for drill last night, despite the threatening weather. They assembled at the fire station and the drill was held on the paved streets.

G. R. Lay, ice cream dealer, surprised the patriots by appearing on the scene with a very generous freezer of ice cream, his gift to the men who are putting in time each week in an effort to equip themselves for any call that may come from state or national officials.

RUTH EL DUFF IS LIEUT.

Second Lieutenant Ruth El Duff of Cisco has just reported for duty at the Lubbock Army Flying School, according to Col. Thomas L. Gilbert, commanding officer.

At the Lubbock school, where the air corps is training heavyweight aviation cadets to fly its big bombers and transport planes, Lieutenant Duff has been assigned to the large post hospital.

A graduate of Cisco high school, Lieutenant Duff is the daughter of Mr. and Mrs. Chester C. Duff of Cisco. She is a graduate of the Lubbock sanitarium training school for nurses.

U. S. WANTS 10 PER CENT OF ALL WAGES

WASHINGTON, April 24.—Uncle Sam wants the 50,000,000 Americans who get a regular income to put at least 10 per cent of it into war bonds.

Secretary of the Treasury Morgenthau said in launching the campaign Thursday night that all those who have been earning especially high pay in war industries should put up even more than 10 per cent.

NANCE IS SUGAR ADVISOR

O. J. Russell, Cisco member of the Eastland County Rationing Board, told the Daily Press this morning that Garland (Pete) Nance has been designated by the board as local advisor in the rationing of sugar.

Mr. Nance will meet with Cisco school authorities and registrants on April 28 and 29, when owners and managers of hotels, drug stores, cafes, etc., are expected to sign up. In the meantime, Russell said, Mr. Nance will aid all those who need help in filling out the government blanks.

Those who do not have the official blanks may obtain them from Arlin Bunt, principal of west ward school.

GORDON SHERMAN JOINS AIR NAVAL FORCES

Gordon Keith Sherman was among members of a class of naval aviation cadets-to-be reporting April 23 to the Grand Prairie naval air base for primary flight instruction, it was announced today.

Sherman, enlisted by the Navy Aviation Cadet Selection Board Allen building, Dallas, will be commissioned an ensign in the naval air arm upon successful completion of both primary and advanced training.

Mr. Sherman, 22 years of age on March 20, is the son of Mr. and Mrs. K. E. Sherman, 808 W. Ninth street, Cisco, and has been a resident of this city for about seven years. He is a graduate of Cisco high school, is popular and capable and was in the employ of the West Texas Utilities company until he resigned to join the armed forces.

JAP FLYERS UNEQUAL TO U. S. FIGHTERS

CAIRO, Egypt, April 24.—If the Allies can get one-third as many planes as the Japanese into action in vital theaters of the Pacific, they "can knock them right out of the air and hamper if not stop altogether their land advances," William D. Pawley, co-founder of the American Volunteer Group now fighting in Burma, declared Friday.

The feats of the AVG's "Flying Tigers" have demonstrated, Pawley asserted, that numerical superiority or even equality are not necessary to ground the Japanese air force.

BUSINESS ON NORTH SIDE IS WIPED OUT

A cloudburst at noon today in Fort Worth sent Marine Creek out of its banks for the second time in five days.

North side business district -- heart of the great stock yards -- was inundated and it appeared as if the flood crest might reach a greater height than it did last Monday.

It was still raining in Fort Worth at 1:30 p. m.

Jimmy Brown, radio shop operator, was said to be moving his equipment out as fast as he could and operators of the Isis theater had cancelled the afternoon and evening showings.

Water stood at 3 feet on the midway at the Ft. Worth exposition grounds and was steadily rising.

Business men in the area -- losers by close to \$1,000,000 in Monday's inundation -- closed their shops and fled to higher ground.

SCIENCE GETS A NEW RECORD AT EXECUTION

JEFFERSON CITY, Mo., April 24.—A ballad -- crooning negro murderer executed in Missouri's ethal gas chamber Friday left or science a film record of the last, spasmodic beats of his heart.

The 36-year-old negro, Ernest Tyler, hummed quiet snatches of "Frankie and Johnnie" while doctors from Washington University, St. Louis, strapped microphones on his chest so they could hear him die.

The gas was released at 12:14 a. m. Tyler was unconscious in a minute. In three minutes his life peep through the heart changes a normal man experiences in his last 20 years, and Tyler was dead.

"I am not interested in seeing what happens to individuals under conditions of execution," said Dr. William Kountz of Washington University, one of the inventors of the new device for studying heart muscles.

RUBBERLESS JARS

The fruit jar made wholly of glass, needing neither metal nor rubber to seal it, but only a little paraffin, has been invented.

This new jar is described as having an inner shoulder at the top on which a glass cover fits loosely. Paraffin is poured through a small perforated cone in the center of the lid.

WHO PAYS THE BILL? An incident took place in a small western town recently that contains food for thought.

A farmer went into the local pool hall and found a number of shipyard workers playing pool on a week-day holiday.

Government has no money to pay anybody anything until it first collects it from the people.

It is a pity that any person thinks government pays for waste or exorbitant charges of any kind.

ANESTHETICS FOR CHINA The Chinese are asking for anesthetics for their army hospitals.

What illness and surgery must have been before anesthetics are difficult for an American to imagine.

Pain and the necessary handling which brings more pain are inevitable concomitants of war.

check, too. The Red Cross will distribute benefits where most needed. Designate and apportion as you like.

ELECTRIC POWER

There is only one way possible to obtain maximum production of electric power for the war effort. That way lies in honest, equitable cooperation between the private utility industry and the various government power-producing agencies.

The government has built a number of great power dams, in the Southwest, the Far West, the Midwest and elsewhere.

Writing in Public Utilities Fortnightly recently, Herbert M. Bratter said: "Warfare today depends upon industrial power, which in turn depends on electric power."

RISEING STAR

The war struck home to Rising Star the past week when Bob Evans, of this city, received a wire from Washington advising him that his son, Arnold, was reported "Missing in Action."

Her many friends here will be interested in learning that Miss Willie Ray McDonald, daughter of Mr. and Mrs. A. L. McDonald, president of the San Antonio teachers council.

Intermediate Auxiliary In Good Program

Intermediate girls' auxiliary of the First Baptist church met in the church Tuesday evening.

The scriptures which are to be memorized in attaining degrees were given by several members.

Those present were Cathryn Shepard, Shirley Parker, Bonnie Jean Wilson, Louise Norris, Alice Farley, Sylvia Hazel, Jocile Kelley, Jeanette Burnam and the sponsor, Mrs. Hazel.

Joint Meeting Held Wednesday By Class and WMS

The Molly Greer class and women's missionary society of the Church of the Nazarene met jointly Wednesday afternoon in the home of Mrs. Lee Busby.

The afternoon study was then conducted. Topic discussed was "Our Other Sheep." The program followed with Mrs. A. L. Jensen and Mrs. J. E. Hamilton taking parts.

assembled was given as a surprise shower for a member of the Molly Greer class.

A refreshment plate of sandwiches, cake and iced cocoa was passed during the social hour; favors of potted plants were given to each.

Those present were Mrs. Ola McCrary, Mrs. J. E. Hamilton, Mrs. S. L. Cook, Mrs. R. H. Horn, Mrs. Julia Horn, Mrs. Wray Cearley, Mrs. A. L. Jensen, Mrs. Lavonne Taylor, Mrs. Gladys Rains, Mrs. Mary Edna Rains, Mrs. Vin Gamblin, Mrs. Bill Kleiner, Mrs. L. L. Smith, Mrs. Robert Schlaepfer, Mrs. Hattie Smith, Mrs. Herman Lanham, Mrs. Melvin Travis, Mrs. A. J. Moffett, Miss May Taylor, Mrs. E. A. Simons and the hostess, Mrs. Busby.

Bridge Party And Shower Honors Bride

A surprise shower was tendered Mrs. Leonard Burzenski, recent bride, Tuesday evening by Miss Rivers Greenhaw, who entertained in the home of her parents, Mr. and Mrs. N. H. Greenhaw, 203 E. Fifteenth street.

The guests enjoyed bridge games for a time after which an appetizing supper was served buffet style. Following the meal, gifts which were brought by the guests were assembled and presented to the honoree.

The guest list included Mrs. Leonard Burzenski, Mrs. Gregg Simpson, Mrs. Alton Roan, Miss Nadine Wofford, Miss Bobbie Shirley, Mrs. Norene Moore, Mrs. Wilma Norman, Miss Betty Par-

GRANDMA SERVES—With a son in the U.S. Navy for over 13 years and a grandson now in the army, Mrs. Katherine Orosz, 63, of Cleveland, keeps busy sorting bolts for nearby defense plant.

Baptist Circle Met In Church Tuesday

Circle three of the First Baptist missionary society met in the church Tuesday afternoon for regular meeting and Bible study.

The meeting opened with hymns, sung by members, with Mrs. B. T. Leveridge playing piano accompaniment.

Those present were Mrs. C. P. Cole, Miss Willie Frank Walker, Mrs. Algie Skiles, Mrs. B. T. Leveridge, Mrs. Leon McPherson, Mrs. C. Pittman, Mrs. Elmer Dunaway and Mrs. Kate Richardson.

CATTLE MARKET

All kinds of cattle and calves found a fully steady market at Fort Worth Friday.

Hogs sold mostly at prices 10c above Thursday's average levels with the extreme top \$14.10, while packers paid up to \$14.

No good killing classes of sheep and lambs were offered and no sales were reported on early rounds.

Good to choice fed steers and yearlings ranged from \$11 to \$13.50. This range included one load of choice steer yearlings from Gaines County club boys that sold at \$12.50 and \$13.50; two loads of steer yearlings at \$12.75, and one load of fed steers at \$12.25.

Good beef cows brought \$8.50 to \$9.50; butcher cows \$7.75 to \$8.50; cutter cows at \$7 to \$7.50;

and canners at \$5 to \$7. Bulls sold at \$7.25 to \$9.75. Good to choice fat calves ranged from \$11 to \$13.50; common to medium butcher calves brought \$9 to \$10.50; and cull calves sold at \$7.50 to \$8.50.

Stecker supplies were very scarce. Quotable prices were: Steer calves \$8.50 to \$14.50; heifer calves \$1 less; steer yearlings \$12.50 down, and cows \$6.50 to \$9.50.

Sales in the hog yards included good and choice 180 to 280-pound

butchers at \$14 or \$14.10 with good and choice 160 to 175-pound averages at \$13.50 to \$13.95. Packing sows were steady to 25c higher at lastly \$12.75 down, a few at \$13. Stocker pigs were unchanged at \$11.50 down.

Some of us are so curious about where the smelters are going that we are following them.

We can forgive almost any falsehood a person tells on us unless it is the truth.

BRIEFLY TOLD

Due to inclement weather, the Baptist choir rehearsal which was scheduled to be held in the home of Mr. and Mrs. A. L. Thomas, tonight, has been postponed.

Weldon Pounds, nephew of Dr. J. E. Griffin and Mrs. T. H. Purvis, who had two narrow escapes from sinking ships in the Pacific, has been transferred to the east coast and is visiting his relatives here and his father in Ranger while enroute. He plans to be here several days. Pounds is boatwain's mate of the second class and is ranked as a petty officer.

Mr. and Mrs. F. L. Shaw and daughter, Julia, of Sweetwater visited with Mrs. E. Ford and other relatives in Cisco this week.

Mrs. Lynn Williams of Putnam was shopping in Cisco Wednesday.

Mrs. Earl Heath and Mrs.

WOMEN AT WAR—While their husbands, brothers or sweethearts are serving Uncle Sam in the armed forces, the above women are busy on the production line. They are shown inspecting propellers being rushed through a New Jersey plant by mass production.

HANG HITLER—Adolf Hitler is hung in effigy in New York with enthusiastic relish by Priscilla Shepard, volunteer ambulance driver, and "shot" by Hugh Mullen with a toy pistol.

CIVILIANS AT WORK FOR U. S. NOW 1,805,186

WASHINGTON, April 24.—The government now employs more than twice as many civilians as at the peak reached in the first World War, the civil service commission indicated Friday in announcing a total executive branch payroll of 1,805,186 on Feb. 28.

The high mark of 917,700 in the last war, reached on Nov. 11, 1918, was exceeded a few months after the fall of France. These totals do not include members of the

armed forces or employees in the judiciary and legislative branches.

Civilian employment jumped a net of 102,067 during February, a new high in hiring war workers. The largest previous increase in federal jobs during a single month was 125,791 last December, but that figure included 60,000 post office department temporary employees.

The war department added 76,420 positions during February, bringing its total of civilian workers to 606,907, or slightly more than one-third of the total payroll and three times as many as were on its rolls a year ago. The navy hired 23,775 persons during the month, bringing its total to 351,680, nearly double a year ago.

The largest decreases in jobs during February were 3,577 in the post office department and 2,034 in agriculture.

The month's payroll totaled \$262,106,959, exclusive of the salaries of 153,974 employees for whom figures were unavailable.

people to the Presbyterian Young People's League meeting held in Fort Worth, Friday and Saturday; Misses Wanda June Bond, Betty Sicker, Doris Jamison and Bob Donohoe.

Mrs. C. W. Melton and small daughter, Julie Ann, returned to their home in Dallas Wednesday after a pleasant visit with her mother, Mrs. Edith Rainbolt and sister, Miss Joyce Rainbolt.

James Johnston with the North American Aviation company at Grand Prairie is in the home of his parents, Mr. and Mrs. W. E. D. Johnston, this week, with a case of measles.

Mr. and Mrs. Yowell Sherrill returned to their home in San Antonio today after spending several days in the home of his parents, Mr. and Mrs. T. A. Sherrill.

C. M. Nevill, local manager of the Community Gas company, is recovering from a set-to with the mumps.

Cisco friends have been notified of the death of Mrs. Elmer Gilbert at her home in Roby. Heart attack was the cause. Deceased was a daughter of the late William Hearn.

SMALL NEWS-PAPERS NEED HELP--A FACT

WASHINGTON, April 24.—Farming out much of the government's printing business to small private plants and the placing of government advertising in newspapers were advocated by Senator Willis of Indiana Thursday night.

A former editor, Willis told an informal roundtable of senators, representatives and members of the National Small Business Conference that small printing plants and newspapers were suffering severely because war priorities had cut advertising revenues, in some cases by two-thirds.

SUGAR ORDER--
(From Page ONE)

hibited from delivering or accepting sugar without surrender of sugar purchase certificates or sugar rationing stamps on or after April 28, regardless of any contract, agreement or commitment even if made before rationing. Also, no wholesaler or retailer may either accept or deliver sugar until it has been registered. Retailers and wholesalers will be permitted to obtain a working inventory of sugar, which, for retailers, will be computed on the basis of one pound of sugar for each dollar of gross sales of all meats, groceries, fruits, vegetables, and similar products made during the week ending April 25, 1942, or one-fourth of the sugar delivered to the registering unit during the month of November, 1941, whichever is smaller. The wholesaler's allowable inventory will be computed by dividing the amount of sugar delivered to the registering

unit in 1941 by twice the number of months it made deliveries of sugar during that year, and adding thereto the quantity of sugar equal to the shipping by which the dealer customarily took deliveries of sugar at December 1, 1941.

Establishments whose present inventory exceeds the allowable inventory, are not entitled to purchase certificates at time of registration, and must surrender to local boards cancellation stamps or certificates equal to their excess inventory before they can accept new deliveries of sugar.

Violations are punishable by maximum fine of \$10,000 or imprisonment of not more than a year, or both. In addition, a violator who operates an establishment using sugar may be required to surrender all stamps or purchase certificates held by him.

The chief aids to good manners are kindness and the fear of being smacked down.
