pledge allegiance to the Flag of the United States of America and to the REPUBLIC for which it stands, one indivisible with liberty and justice for all."

# THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

"I therefore believe it is my duty to my Country, to love it, to uphold its Constitution, to obey its laws, to respect its Flag and to defend it against ALL enemies."

VOLUME XXII.

CISCO, TEXAS, FRIDAY, MAY 15, 1942

NUMBER 182

## 28,000 ADDITIONAL WAR WORKERS EACH DAY

### Moody, Who Hopes to Defeat O'Daniel and Allred for U. S. Senate, Speaks

Gov. Dan Moody, in his campaign for the United States senate with a address over WFAA the Texas Quality Network from San Antonio Thursday night, said he will, if support any measure he believes will contribute to winning the war, vote against any measure which the chances of bringing victory.

Moody says that he follows the president as he understands his responsibility in conducting the war and defeating every political faction that opposes the president's effort to wage a successful

for excess spending money, if inflation is to be avoided, and that this should be in the war effort. Moody declared against an isolationist policy after the war, saying that the United States must assume its leadership and discharge its duties, standing with its allies to see that the aggressor nations are disarmed and that the principles of the Atlantic Charter are put into effect. Peace-loving nations must band together committed to the principles of maintaining peace, even by the use of force if necessary, he said, and freedom of the seas must be preserved to all nations.

Moody said his radio broadcast cost \$416, which he paid out of his personal funds, and said it would be in the interest of good government and fair policies if the senatorial candidates would state when using the radio and cost who is paying the bill.

### CLAIM 4 U. S. SHIPS

BERLIN. (From German Broadcasts), May 15.—The German high command announced Friday that its air force, flung into battle on the Arctic supply line to Russia, had destroyed a United States cruiser and destroyer as well as a 3,000-ton icebreaker and a 2,000-ton merchant vessel.

The special communique said also that a 10,000-ton freighter was set afire from stem to stern in a connected action while at a southern English port bombers destroyed four British merchant ships totaling 7,500 tons.

The communique said the cruiser was of the 9,100-ton Pensacola class (which normally carried 663 men) and identified the naval formation as an American squadron operating between the north cape of Norway and the Arctic island of Spitzbergen.

(The locale of the action—apart from the German claims, which might have been drawn to gain information on disposition of United States naval power—was the first indication that American fleet units were operating so deeply on the supply route to Murmansk and Archangel.)

The communique gave no details. DNB, the news agency, however, said that the cruiser was bombed on Thursday, took fire and sank at midnight. One of several accompanying destroyers was hit and sunk, the agency reported.

The German radio, quoting a German military source, said that the United States "flotilla" was sighted by German reconnaissance planes Thursday morning and that bombers attacked at about 5 p. m.

"The German formation broke through a heavy antiaircraft barrage and heavy bombs dropped on the ships which fled on a zig-zag course," said this account.

"A heavy United States cruiser received several direct hits and was in flames immediately. At midnight the whole flotilla was stopped. Destroyers brought help, but the cruiser had received such heavy damage that it sank 187 miles north of North Cape, according to the observations of a German reconnaissance plane.

"One of the four escorting destroyers picked up survivors of the United States cruiser. As was seen later, one of the destroyers received fatal hits, the others turned westward steaming at full speed."

Mr. and Mrs. E. Sublett, route 4, Cisco, have been advised by the U. S. marine corps that their son, Henry W. Sublett, is missing.

Sublett was only recently cited for bravery by the navy and awarded a purple heart medal. No report of his death has been received, the official communication said, hence he may be a prisoner of war. He was on duty in the Manila Bay area when the United States forces there capitulated to Japan.

GLIDING MARINES—The situation will be well in hand when these U. S. Marines land on enemy territory. Augmenting the parachute corps these lads are being trained at Parris Island, N. C., in the manipulation of gliders for invasion without tell-tale roar of plane motors.

### BROTHER OF CISCO WOMAN IS MISSING

Charles C. Sweetman, 22 years of age, a son of Mr. and Mrs. J. C. Sweetman of Chillicothe, Tex., and a brother of Mrs. Arlin Birt of Cisco, is reported missing by U. S. naval authorities.

Sweetman was on duty with the marines in the Manila Bay area when American forces capitulated to the Japanese recently. There has been no report of his death, the department stated, hence the family can hope that the young man is a prisoner of war.

Sweetman was acquainted with a number of Cisco boys of his age, having been employed on the Arch Birt farm near Cisco at one time. He was a member of the marine group that was sent to Shanghai, China, more than a year ago to assist in putting down a rebellion, and spent almost a year in China at that time.

### BILL SUBLETT NOW LISTED AS MISSING

Mr. and Mrs. E. Sublett, route 4, Cisco, have been advised by the U. S. marine corps that their son, Henry W. Sublett, is missing.

Sublett was only recently cited for bravery by the navy and awarded a purple heart medal. No report of his death has been received, the official communication said, hence he may be a prisoner of war. He was on duty in the Manila Bay area when the United States forces there capitulated to Japan.

A report received by the parents some ten days ago reported the Cisco boy as having been "slightly wounded while in the discharge of his duty."

MORE RFC POWER  
WASHINGTON, May 15.—Heeding requests of farm bloc members, Chairman Wagner Friday called a meeting of the Senate Banking Committee for next Tuesday to study again legislation designed to give the Reconstruction Finance Corporation broad powers of buy and sell commodities. The committee recently approved the proposal as part of a bill to increase RFC borrowing power by \$5,000,000,000. Designed to aid businesses that might be caught in a "squeeze" between rising costs and price ceilings, the measure would empower the RFC, at the request of the price administrator, to make subsidy payments to encourage production and keep prices down.

### AIR CONTROL EDICT TO HIT STUDENTS

WASHINGTON, May 15.—Domestic airline travel will be placed on a full wartime basis in the near future with the army operating or controlling the Nation's entire fleet of more than 300 transport planes.

The War Department acting on instructions of President Roosevelt, announced Thursday night the army would take over operation of 80 or more of the airliners, while approximately 70 others will be converted into cargo carriers, to be operated by airline personnel for the military.

The remaining planes, about half of those now in service, will continue commercial schedules for the time being but will be considered always available for emergency military missions.

### CATTLE MARKET

The limited numbers of cattle and calves reaching the Fort Worth stock yards for Friday's trading found an active demand with prices strong.

In the hog yards most of the butcher hogs were 10c to 20c above Thursday's levels with the packer top \$14.10 and the extreme top a dime higher.

Good to strictly choice fed steers and yearlings ranging from \$11 to \$14 included a small package of choice steer yearlings at \$13.50 and \$14; one load of choice steer yearlings at \$13; two loads of fed steers at \$11, and one load of steer yearlings at \$11.65. Common to medium slaughter steers and yearlings brought \$8 to \$10.50.

Beef cows cashed at \$7.65 to \$9.25 with canners and cutters at \$5 to \$7.50. Bull prices were nominally \$7.25 to \$9.50.

### PUTNAM HIGH STUDENTS SEE ALL PLANES PAPER PRINTED

R. F. Webb, superintendent of Putnam public schools, headed fifteen of his students in a visit to the Cisco Daily Press office Thursday afternoon. Mrs. E. C. Waddell and Mrs. D. R. Jackson of Putnam were members of the party.

The boys and girls watched the linotype machines operate, saw the type forms made up and placed on the duplex press and then marveled the more when the modern machine began to turn out printed and folded papers in double quick time.

The Daily Press was glad to have these visitors from a neighboring town and herewith extends a cordial invitation to students from other schools to visit this office when convenient to do so. It would be best to make an appointment with the business office, however.

Putnam student visitors included Geraldine Armstrong, Neida Leigh Lowry, Bessie Foller, Jessie Lea McIntyre, James Yarbrough, Douglas Park, Wesley Roberson, Clinton Waddell, Lynn Jackson, Dale Ellis, C. J. Sampson, Jack Williams, Bobbie Parrish, Perry Kennedy and Junior Tatom.

### 7 EASTLAND COUNTY BOYS ARE MISSING

The U. S. navy's list of Eastland county boys "missing in action" from December 7 to the present time, includes the following: Ayers, Roy Lee; father, E. E. Ayers, Cisco.

Westfall, Billy Louis; father, Albert Roy Westfall, Cisco. Kirkpatrick, William Adrian; father, John O. Kirkpatrick, Putnam.

Evans, Arnold Napoleon; father, Jim Bob Evans, Rising Star. Sublett, Henry W.; father, E. Sublett, route four, Cisco. Bacon, Bobby T.; mother, Mrs. Ted Bacon, Cisco. Awalt, George T.; mother, Mrs. J. R. Poplin, Cisco.

### HALF THE MEN IN U. S. BETWEEN 20 AND 65 WILL BE IN ARMY OR IN WAR WORK BEFORE END OF '42

WASHINGTON, May 15. — Fifty per cent of the men in the United States between 20 and 65 years of age will be in the armed forces or else at work in war industries before the end of 1942, if present plans progress as scheduled.

The above statement was made by a prominent manpower official at a conference this morning.

The job of moving 10,000,000 workers into war production jobs is proceeding at an average rate of 28,000 a day, the official said.

Achievement of the goal -- to double the present number of war workers this year -- will bring home to millions of Americans President Roosevelt's warning that "the price of civilization must be paid in hard work and sorrow and blood." It will leave only a few million of the adult male population in non-essential activities, and a great portion of these will be men who are ineligible for armed service or war production work.

It will force hundreds of thousands of women to leave their homes for the noise and dirt of factory assembly lines. It will force rigid control over the nation's highly concentrated manpower resources, perhaps government action to "freeze" workers in jobs for which they are best fitted.

Brig. Gen. Lewis B. Hershey, selective service director, has said that the job would be "a challenge to the flexibility and strength of American democracy."

General Hershey said as much as possible of the essential war work should be left to men with dependents. Hershey told the house military affairs committee that his agency was "going slow" in calling into military service men with dependents, and he recommended that congress enact no legislation which might be construed by draft boards as meaning that men with dependents should be given no more consideration than single men.

Last January there were 7,000,000 persons employed in war production activities. That figure has been boosted to 9,000,000. It must be boosted to 17,500,000, including 2,000,000 women, by the end of the year to meet Mr. Roosevelt's production schedule.

Simultaneously, approximately 2,000,000 of the finest men must be absorbed into the armed forces to bring the army's strength to 3,600,000 and the strength of the navy and marine corps to 1,000,000. But that is only the 1942 goal.

Hershey said at Detroit Monday that the army eventually may be boosted to 6,000,000 or 8,000,000 men. Chairman Carl Vinson, (Democrat, Georgia), of the house naval affairs committee recently used similar figures.

Of the 38,800,000 men in the country between 20 and 65, the 1942 manpower mobilization program will leave approximately 18,800,000 in activities other than the armed forces or war production. Approximately 9,000,000 of them are agricultural workers, who, though they are classed as essential, are not included among war production workers because the war did not create their jobs.

That leaves 9,800,000 of the adult male population in non-essential work. Included in it are police and firemen, druggists, street car conductors, grocers, and hundreds of other workers whose activities cannot be eliminated, though they may appear at first to be non-essential.

To build an army of 8,000,000 men, government manpower agencies—principally the new war manpower commission—must find approximately 3,500,000 new workers to replace men who would have to be drawn out of war production jobs.

A great part of these will be housewives, loyal enemy aliens and other persons not now considered part of the labor force. And such workers are available in large numbers—some estimates run as high as 12,000,000.

### HOME BREAK DOWN THREAT TO NATION

SAN ANTONIO, May 15.—Churches in the Southern Baptist convention have paid off approximately \$10,000,000 indebtedness within the last six years, E. P. Allredge, statistics officer of the convention, said here Friday.

Allredge, whose home is in Nashville, Tenn., is in San Antonio to attend the annual meeting of Southern Baptists opening here Saturday.

The Baptists, he said, increased the value of their property within the last six years by \$30,842,401, or an average of \$5,168,480 a year.

Although there was an increase in the number of churches and in church membership in 1941, there was a decrease in the number of baptisms, Allredge reported.

Records show, he pointed out, that more new ministers were ordained in 1941 than in any previous year in the convention's 96-year history.

Contributions for 1941, he said, amounted to \$44,857,607, of which \$37,035,267 went for local church work, while \$7,822,340 went to missions and benevolences.

"This is the largest amount ever given since the depression," Allredge pointed out.

The three same evils that caused the fall of the great Roman empire today threaten to topple modern civilization, Rev. Roland Q. Leavelle, pastor of the First Baptist church in Tampa, Fla., warned in an address Thursday night at the pastors' conference of the convention.

### DR. STILES TO PREACH AT FIRST BAPTIST

Dr. Joe Stiles, of Louisville, Ky., will occupy the pulpit at both morning and evening services at the First Baptist church Sunday, according to Asa Skiles, chairman of the pulpit supply committee.

Dr. Stiles is a graduate of a Baptist college in Arkansas and of the Southern Baptist Theological Seminary at Louisville. He is said to be a very fine speaker.

Following his appointment here, Dr. Stiles will attend the Southern Baptist convention which will continue in session at Austin, Texas, until next Thursday.

pledge allegiance to the Flag of the United States of America and to the REPUBLIC for which it stands, one indivisible with liberty and justice for all."

The Cisco Daily Press

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

A. H. O'FLAHERTY, Publisher and General Manager, W. H. LAROQUE, Advertising Manager

Published daily except Saturday and Sunday at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporation under laws of the state of Texas. Editorial and publication offices at 304-308 D avenue, Cisco, Texas.

National advertising representatives, Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside of Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas, outside the above-mentioned counties, \$2.50; \$4.75 in U. S. outside of Texas.

Per year, in advance \$5.00 Per week, by carrier boy \$1.00

STABLE BUSINESS

The New York Curb Exchange has listed the names of firms which have paid dividends for a long time. It finds that 85 concerns have paid for twenty years or more, 52 for thirty years, 23 for forty years and 12 for fifty years.

It is an interesting list, all told. Textiles, shoes, breakfast cereals, aluminum, wireless marine communication, paper and tobacco compete in stability along with the utilities and railroads.

In a world so beset with changes and uncertainties it is satisfying to know that Americans have been buying sheets and pillow cases from one concern for almost a hundred years.

We'll be going back to the living standard of 1932, says Leon Henderson. But there's this difference: Then, while going deeper into debt; but now we'll be saving money.

STRIKING TEACHERS

When teachers strike, it's news. School strikes by pupils over the discharge of a favorite instructor occur every now and then. Now Southern Ohio offers something different. Eight high school teachers have resigned because the school board refused to support the dismissal of an unruly boy.

Teachers do well to assert themselves once in a while. If they have a fault, it is too much of a tendency, when struck, to turn the other cheek. Many people pry into their private lives, and try to regulate their conduct beyond what self-respect can endure.

Benjamin Franklin flying his kite learned something about lightning, but he never thought of putting an engine in it.

THE MARBLEHEAD

"And so she came back, scarred with her wounds, a survivor of what was once the Asiatic Fleet. Her officers and men were tired and quiet, but they had the sure bearing of those who have done a job."

So concludes the saga of the U.S.S. Cruiser Marblehead as told in the New York Times. Those men of the Marblehead brought her through heavy seas with fires raging, holes in her bows, nearly 2,500 miles with her steering gear broken.

More than 200 out-of-town people were in Albany Tuesday and Wednesday, attending the annual district conference of the Abilene district of the Methodist church.

Any war of nerves should be in charge of women who have two or three little kids. They can stand anything. Three stages of life in idealistic America: (1) "How much did he inherit?" (2) "How much does he make?" (3) "How much did he leave?"

FACE TO FACE

They say my house is tumbling down, I am alone and seventy-three; And so it is, but should the town pity me?

I have a footstool for my feet And I have tea and crusty roll; A handful of red bittersweet Feeds my soul.

Heaven is a far-off place No nearer than the farthest star, Unless you meet it face to face Where you are

—ROSEMARY FARRAR.

ALBANY

Shackelford County.

Announcement of the death of Jeff Bible, killed on Corridor, was received here Wednesday by his uncle, W. W. Jackson. Bible lived with Mr. Jackson and family here for several years, and had many friends in Albany who deeply regret that he was called to pay the supreme sacrifice for his country.

In Shackelford county 5,487 applications for war ration books were made the first four days last week in the national sign-up for sugar ration books. Most of these applications were made Monday and Tuesday, and a smaller number waited until Wednesday and Thursday to make application.

Shackelford county had one of its young men on Corridor Island when it fell to the Japs recently. He was D. H. Brooks, son of Jim Brooks of Moran. Brooks, who was reared at Moran, went with his national guard unit from New Mexico when called up, and saw active service on Bataan with MacArthur.

Harvey Herron of Fort Griffin is following in the footsteps of his father, Henry Herron, in producing fine Herefords. And last week Mr. Herron went to Seymour and brought a very fine herd bull from Buford L. Elliott. It is understood this animal cost Mr. Herron better than \$1,500.00.

Donald Baird, leader of the young people's Baptist training union, will entertain the young people with a social and business meeting at his home east of town Saturday evening, May 16.

The Navy is engaged in constructing bases outside the continental limits of the United States, and is enlisting men in construction regiments, Class V-6, U. S. Naval Reserve, for this duty.

Leonard Swafford, Bayou high school athlete who will attend Cross Plains schools next year, emerged champion of the rural school pentathlon in the Texas University Interscholastic League Track and Field meet in Austin Saturday.

Friends will be gratified to learn that Mrs. Addie Sillix, who has been seriously ill the past two weeks, is recovering nicely in a Temple hospital.

The Specter that follows him—unless you give to Army Emergency Relief

CROSS PLAINS

Callahan County

Moony Scott, son of Mr. and Mrs. Forrest Scott, and Cross Plains high school sprinter, finished second in the 440 yard dash at the Texas University Interscholastic League track and field meet in Austin Saturday.

RISING STAR

With their sponsor, Mrs. R. V. Healy and Messademes W. P. Small and L. H. Morrison as chaperones, 35 members of the senior class of Rising Star high school made a bus trip to San Antonio Monday in celebration of "Senior Day."

E. M. Howard, assistant county chairman, announced yesterday that Cecil Shultz had been appointed to head the local USO drive for funds, beginning Monday.

MEN WANTED.

All types of construction workers are needed: carpenters, concrete men, blacksmith, metal-smith, electricians, welders, plumbers, painters, telephone men, steel workers, equipment operators, and many others.

POLITICAL.

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to action of voters at Democratic primary of July 25, 1942:

- STATE REPRESENTATIVE, 106TH LEGISLATIVE DISTRICT: L. H. Flewellen; DISTRICT CLERK: John White (re-election), Claude (Curley) Maynard; CRIMINAL DIST. ATTORNEY: Earl Conner, Jr. (re-election), Allen D. Dabney, Jr.; COUNTY JUDGE: W. S. Adamson (re-election); COUNTY SCHOOL SUPT.: T. C. Williams (re-election), Homer Smith; COUNTY CLERK: R. V. (Rip) Galloway (re-election); TAX ASSESSOR-COLLECTOR: Clyde S. Karkalits (re-election); COUNTY TREASURER: Mrs. Ruth (Garland) Branton; SHERIFF: Loss Woods (re-election), John S. Hart, John C. Barber; COMMISSIONER PRECINCT 4: Arch Birt (re-election), Jim Flournoy.

TWO SCIENCE CLASSES VISIT FLORIST SHOP

By JANE CANNON
Monday, May 11, under sponsorship of Miss Lela Latch, the two science classes of Cisco high school took a trip to Mrs. Barton Philpott's florist shop.

Absorbed by August.
These experts, forecasting on the basis of reports from 512 manufacturing firms in this area, believe that some 755,000 workers will be required when industries in this area hit capacity output during late spring or mid-summer of 1943.

20 Per Cent Women
Detroit's ability to recruit 165,000 additional workers will be determined partly on its success in providing housing and adequate transportation.

DETROIT FEARS EXHAUSTION OF LABOR SUPPLY
DETROIT, May 15.—This vital war production area soon may be face-to-face with a serious shortage of workers whose skill is necessary to out-produce the Axis.

You'd Gladly Pay—
a few dollars more for complete insurance coverage after your home burned. Do it now and be safe.

Mr. and Mrs. H. B. Fullerton and son, Henry Mack Fullerton of Abilene and Messrs. T. J. Black of Amherst and Silas Black of Lorraine and H. A. McCantles of

**SURVIVES 14 DAYS ADRIFT**—Terrace Bradley, 25, an Australian seaman is carried ashore from Coast Guard rescue plane at Norfolk, Va., after 14 days adrift at sea following torpedoing of Panamanian ship off Atlantic Coast. He's believed to be the sole survivor of ship.

# HURRICANE OF WAR CASH HITS KEY WEST, FLA.

KEY WEST, Fla., May 15.—The war boom has hit Key West like a tropical hurricane and lifted this southernmost city of the United States from the doldrums of decay.

The navy, which abandoned Key West when the world was talking disarmament and everlasting peace, has repossessed this Gibraltar of the Gulf of Mexico, given it a new coat of paint and, in a period of little more than a year, put some \$12,000,000 in its collective pocket.

Approximately 20,000 persons, not counting army and navy personnel, are crowded upon this island of four square miles. Small apartments rented for \$100 a month and up before rent-control was ordered, if you could find a vacancy. Food and clothing have soared in price.

In 1936 building permits issued here totaled \$65,000. Last year they jumped to \$576,000. Today barracks, mess halls and apartment houses are springing up almost overnight.

To meet the increased population's demand on the city's meager water supply, 1,500 workers are working around the clock laying a \$3,500,000 pipeline through which fresh water will be brought to Key West.

A few tourists—enticed, the population dwindled to 12,434.

In 1939 Key West was dependent upon government relief. With the cigar industry moved to Tampa and rum-running—once a profitable enterprise—ended, the population dwindled to 12,434.

A few tourists—enticed, the population dwindled to 12,434.

In 1939 Key West was dependent upon government relief. With the cigar industry moved to Tampa and rum-running—once a profitable enterprise—ended, the population dwindled to 12,434.

and restaurants, shoppers stand in line for service.

Only 90 miles from the northern coast of Cuba, Spanish is spoken in Key West almost as much as English. Cuban sandwiches, Spanish dinners and "turtletburgers" are featured on every menu.

Bars are lined three deep from dusk to dawn, and many never close their doors. Telephone and telegraph facilities are so overtaxed it sometimes requires several hours to complete a call or dispatch a message.

Now the headquarters for the seventh naval district, this historical city overnight has become one of Florida's most important points. Keywesters already have forgotten the lean years past. Key West is at war.

Breckenridge were guests of Mrs. M. H. McCantles and other relatives in Cisco recently.

Mr. and Mrs. Jim Bob McCantles and babies of Sweetwater visited relatives in Cisco the first of the week.

Private Garth McCantles, son of Mr. and Mrs. S. H. McCantles left Thursday for Monmouth, N. J. where he will receive training at the U. S. Officers' Training Camp.

Mr. and Mrs. R. H. Fechner of San Antonio are guests in the home of her sister, Mrs. J. B. Lottin.

Mrs. E. S. Martin and daughter, Betty Jean Martin, and Mrs. Sam King and children plan to spend Saturday with friends in Gorman.

Mrs. J. D. Hall and Mrs. W. L. Curry were visiting in Ranger Wednesday.

Mrs. Sam King and Mrs. Cora Plumlee visited Mrs. D. P. King in the Ranger hospital Wednesday. They report Mrs. D. P. King doing well after a slight set-back.

Mrs. A. Z. Myrick and son, Franklin Myrick returned Thursday from a visit with relatives in Corpus Christi. They were accompanied home by her daughter, Mrs. Wayman Johnson and baby,

who will spend the next two weeks with them and other relatives.

# SCHOOL MAN'S WIFE KIDNAPED AT GRAPEVINE

GRAPEVINE, May 15.—Mrs. W. F. Cannon, wife of the Grapevine school superintendent who disappeared Wednesday, rested at her home today and told of being kidnaped by two "old men" and taken to Corsicana.

Mr. Cannon reported that his wife talked incoherently after returning home yesterday, able to give only scant details of her experience.

Mr. Cannon found his wife asleep after he was informed by

neighbors at noon that she had driven into the driveway. She said the two men who drove her to Corsicana robbed her of about \$10.

Mrs. Cannon bore no marks of violence. The school superintendent said his wife would cry out in her sleep. "Take the car, but don't take me."

# NIMITZ PLEASD

AUSTIN, May 15.—Gillespie county has received a pat on the back from Admiral Chester W. Nimitz for being the first in the United States to subscribe its USO quota. The commander-in-chief of the Pacific Fleet sent this message to USO National Chairman Prescott Bush concerning his home county: "Received with pride and pleasure your message that Gillespie county oversubscribed USO quota the first day. Be assured the officers and men of the Pacific fleet appreciate this generosity."
