Uncle Sam Must Have All the Scrap Metal, and in Shortest Time Possible

"The government drive for scrap metal and old rubber is daily becoming better organized and therefore more intense," said John Kleiner, co-chairman for Eastland, Callahan and Shackelford counties, Saturday.

"Governmental reminders that the scrap must be kept moving to war factories and mills, with as little delay as possible, reach us almost daily."

Shackelford county has shipped 31 carloads, the most of this coming from Moran. In fact, said Kleiner, there is comparatively little scrap iron left in Shackelford county.

Telephone call to the Cisco Lumber & Supply company, local scrap dealers, revealed that approximately 50 carloads of scrap have been shipped out of Cisco since the first of the year. Charles S. Sandler, owner, estimates he has about 10 carloads of scrap in the yards at the present time.

The Eastland Iron and Metal Co., H. Pullman, owner, shipped 26 carloads in April and to this date in May has shipped 18 cars—a total of 44 carloads since April 1. (Ranger scrap iron goes to Eastland, it is said.)

Intensive Effort.

Additional evidence that the government proposes to actually scour the countryside for scrap metal is shown in an announcement by S. D. Steed, WPA head at Ft. Worth, that collection of metal and rubber from rural areas of north Texas will start immediately under WPA supervision.

Farmers may sell their scrap or donate it, under provisions of the plan. WPA trucks and labor will be used to assemble materials for shipping. The government plans to pay 25 cents per hundred pounds for any kind of scrap metal and half a cent a pound for rubber.

Steed, outlining plans for the salvage of many farm materials, said each farmer is requested to assemble his metal at some convenient place near the road so that WPA crews may pick it up easily. WPA laborers will assemble the collected metal at convenient railway shipping points where it will be auctioned to the highest bidder. After that it must be shipped to war factories and mills within 60 days.

"If farmers donate their scrap," said Steed, "all money from its sale goes to the government. If the scrap is sold the sales value goes to the farmer in Defense Stamps or in government checks, whichever is preferred."

Steed stated persons in rural areas intending to sell their scrap over the WPA plan should go over their old machinery and remove any usable parts which might be needed later.

He said that the government is not concerned with whether the farmer disposes of his scrap through a dealer, but he emphasized the importance of getting the scrap moving toward the factory.

PRESB'TER'NS PROTEST 7-DAY WORK WEEK

MILWAUKEE, May 23.—Leaders of the Presbyterian church in the United States Saturday were petitioned to "urge our president to take immediate steps to stamp out immorality in the vicinity of any and navy camps."

The suggestion was voiced in an overture presented at the general assembly of the Presbyterian church in the United States, which is in session in Milwaukee.

Also asked was that a representation be made to President Roosevelt against the seven-day work week in munitions plants, a direct violation of the fourth commandment, it stated.

PIONEER OF CISCO RESTS IN OAKWOOD 2 SHIPS AND 13 PLANES

The funeral of Mrs. Dan J. Smith, 85, who died Friday morning at her home in this city, was held from the residence of a daughter, Mrs. W. E. Spencer, 501 1 avenue, at 4 o'clock Saturday afternoon.

Rev. Judson Prince, former Cisco pastor, but now pastor of the First Baptist church at Odessa, preached the funeral sermon in the presence of a large circle of lifelong friends of the deceased.

Burial was in the family lot at Oakwood cemetery, with her husband and two children, a son and daughter—Dan J. Smith, Jr., and Miss Elva Smith. Surviving children are Mrs. W. E. Spencer, Cisco; Mrs. Audrey L. Carey, San Francisco, and Carl Smith, Penryn, Calif.

Deceased was born in Camden, Ark., March 1, 1857, and came to Cisco in 1884.

Pallbearers were Homer Bible, Clyde Karkalits, Alex Spears, Paul Poe, Billy Huestis and L. A. Harrison.

Green's funeral parlor was in charge of the body.

GAS RATIONING PLAN IS DUE NEXT TUESDAY

WASHINGTON, May 23.—The office of Defense Transportation today perfected plans for nationwide gasoline rationing and a streamlined, war-time transportation policy as possible solutions to the critical rubber shortage.

The rationing proposal, under study for the past week, is expected to be submitted to the War Production Board on Tuesday for final approval.

Key points in the transportation program would be pooling of existing facilities—buses, trucks and railroads—and elimination of unneeded or duplicating services.

Some officials believe it will be impossible to initiate the nationwide gasoline program by July 1 when permanent rationing will be established for the 17 east coast states and the Pacific Northwest.

The form of rationing to be used in oil producing areas also presents a troublesome problem, officials said. They point out that although Texas, Oklahoma, Kansas, California and other states have plenty of motor fuel, it is just as important to conserve tires in these areas as along the Atlantic seaboard where gasoline is scarce.

The ODT order yesterday directing four bus lines operating between New York and Washington to pool their services, interchange tickets and eliminate duplicating operations was expected to set the pattern for future transportation orders.

Other ODT actions affecting transportation were:
1. A survey of intercity bus and railroad passenger travel in 101 cities to guide a program of adjusting travel requirements to available facilities.

2. A survey of freight car movements on Wednesday, May 27, which may set a design for "priorities" in moving war and essential civilian goods.

Cities in which the traffic survey will be held include: Amarillo, Dallas, El Paso, Fort Worth, Houston and San Antonio.

M'ARTHUR Headquarters, Australia, May 23. — Allied bombers have knocked two more Japanese ships out of the enemy's potential invasion forces gathering above Australia and have paired his air strength by another 13 planes, General MacArthur's headquarters announced Saturday.

Both ships were in the principal Japanese invasion bases among the islands north of Australia -- a large transport at Rabaul, New Britain, which was reported "left in a crippled condition" and a tanker at Lae, New Guinea, which was "severely damaged."

The Japanese offered only feeble resistance to these new air smashes, part of the positive defense plan by which Allied airmen have hammered at Japan's chief advance concentration centers without respite since the enemy moved into Australia's island roof.

Eight Japanese fighter planes rose to challenge the raiders at Lae, the communique said, but five were shot down and "all our planes returned safely."

Besides the tanker and the fighter planes bagged in flight, two enemy bombers were destroyed aground on the Lae airfield.

At Rabaul the communique said, "enemy interception was ineffective" and "six heavy Japanese bombers were badly damaged."

Official U. S. Treasury War Bond Quotas for June

The above map of the country shows the War Bond Quota by states for the month of June totalling \$800,000,000. Everybody every day is expected to invest at least ten per cent of his income in War Bonds to aid in financing America's offensive against the Axis powers.

W. L. PIPPEN IN CHARGE OF POPPY SALES SOLDIER PAY HIKE CERTAIN

Local participation in the 21st annual buddy poppy sale sponsored throughout the country by the Veterans of Foreign Wars of the United States, is being planned here by Cisco Post No. 3359, according to Commander Booth.

At the last meeting of the post Commander Booth announced the appointment of the 1942 Buddy Poppy distribution, a part of the money will be utilized for the benefit of men in the armed forces.

Proceeds of the Buddy Poppy sale are devoted exclusively to relief activities. This year, for the first time in the history of the Buddy Poppy distribution, a part of the money will be utilized for the benefit of men in the armed forces.

GOOD FELLOWS HAD FINE TIME AT LAKE PARK

Some 35 or more men of First Methodist church had an evening of food, fun and fellowship at Lake Cisco park Friday night when the Good Fellows class provided a picnic supper for all comers.

Clarence Hickman, chairman of the committee on arrangements, saw to it that every person had an ample serving of barbecued beef with all the trimmings, pickles and coffee.

Following supper, the men engaged in pitching washers, dollars being out of the question, according to J. J. Porter, president of the class. Several players of championship caliber forged to the front in the contests, but final winners of high honors were Charles Yates, Howard Evans, Tom Stark and James Moore.

Rev. J. D. Hendrickson, non-combatant and innocent onlooker, served as referee and umpire on all disputed points, states the pastor of the church, Rev. Leslie Seymour.

Suggestions were made that all of the men put forth diligent effort to be present regularly for the Sunday morning sessions of the Good Fellows class which meets at 9:45 with A. L. Osborn as teacher.

Mr. and Mrs. Ray Miller and small son, Jordan Harris Miller, returned to their home in Odessa, Saturday after spending the week with her parents, Mr. and Mrs. W. J. Armstrong.

2,000 PLANES NEEDED

KUNMING, China, May 23.—Brig. Gen. Claire L. Chennault, leader of the American volunteer group, said today the United States could "wipe out" the Japanese air fleet if it would send 2000 planes to the Far East.

He predicted that the United States probably would begin an air offensive against the Japanese within the next six months and he had no doubt that it would be successful.

"If the United States will direct even a small percentage of its present airplane output to the Far East, the Japanese will suffer a shortage of planes within six months, if they keep on losing as many planes as they have during the last six months," he said.

He said he thought the Japanese were wasting time bombing and trying to capture Chinese bases from which American long-range bombers can rain explosives and incendiaries on Japanese cities. There are too many Chinese bases within striking distance of Japan for the Japanese to capture them all he said.

Commenting on recent attacks by the AVG on Japanese troops and truck columns west of the Salween river in Burma, Gen. Chennault said both bombing and strafing of the Japanese had been "most successful."

He said he believed the surprise assaults on the Japanese had prevented a Japanese drive into Yunan Province of Free China.

Gen. Chennault said Japanese air activity in Burma had decreased lately, and he believed three factors were responsible: A shortage of planes, because of heavy losses inflicted by the AVG; bad weather, and few profitable objectives.

The AVG pilots who have shot down hundreds of Japanese planes, almost always against tremendous odds, have found the heavily-armed Curtis p-40 planes "very maneuverable and effective," he said, and used them for everything — dog fighting, strafing, bombing and observation.

"LAUNCHING OF SHIPS" WILL BE SPEAKER'S TOPIC; ALL CISCO MINISTERS INVITED TO ROSTRUM

The 1942 graduating class of Cisco high school -- 70 in number -- will hear Rev. J. R. Wright, pastor of the First Christian church, at the high school auditorium tonight at 8 o'clock, on the subject, "Launching Ships," from the text found in Psalm, s 104, which reads: "There Go the Ships."

The scripture reading will be by Dr. Gary L. Smith, pastor of the First Presbyterian church. Invocation by Rev. Russell Dennis, pastor of East Cisco Baptist church, and benediction by Rev. L. H. Clegg, pastor of the Nazarene church.

An invitation is extended to all ministers to sit on the rostrum during the services.

Program

- Processional -- Hjalmar Bergh.
- Invocation -- Rev. Russell Dennis.
- Song -- "Come Thou Almighty King," by congregation, led by Cecilian Singers.
- Scripture Reading -- Dr. Gary L. Smith.
- Prayer -- David Guion.
- Song -- Cecilian Singers.
- Sermon -- Rev. James R. Wright.
- Benediction -- Rev. L. H. Clegg.
- Choral Benediction -- Cecilian Singers.
- Recessional.

CONGRESS'NAL WASTRELS GET NEW THOUGHT U. S. SOLDIER UNDER SUSPICION MURDER

WASHINGTON, May 23.—Congressional leaders were reported divided Saturday on whether to send 10 senators and representatives of both parties to England for talks with parliament on war problems and peace aims.

A tentative invitation for the visit was laid before a group of senate and house leaders by an unnamed British spokesman at a secret conference at the capitol Friday.

Democrats were said to have given the idea general approval. However, Senate Republican Leader McNary and House Republican Leader Martin were reported somewhat skeptical about the wisdom of sending such a large delegation to Great Britain at this time.

A reported suggestion at the conference that the leaders of both houses be included among the five republicans and five democrats who would make the trip, probably in July, brought question as to the effect of their absence on the progress of important legislation, particularly the tax bill now pending before the House Ways and Means committee. Few expect the House passage of this measure before late June, placing it before the Senate Finance committee for consideration in July.

STEADY IMPROVEMENT

WASHINGTON, May 23.—President Roosevelt said Friday night that the shipping situation is serious but that the submarine menace is being solved. "We have been, we still are, confronted with a serious shortage of ships to carry the essentials of war," he said in a Maritime Day statement. "Submarines of the Axis aggressors have taken a heavy toll. But that problem, like others confronting us, is being solved. Our ships are going through and will continue to go through in growing numbers."

ALLIED HEADQUARTERS' AUSTRALIA, May 23.—United States military authorities disclosed Saturday that an American soldier is being held in connection with the slaying of three Melbourne women.

The unnamed soldier, a young man, faces a general court martial by United States officers. Conviction on these charges would bring a death penalty.

Under suspicion for almost two weeks—since the half naked body of a Melbourne woman was found in the doorway of a downtown hotel—the soldier was arrested Friday night at a United States encampment somewhere in Australia.

Since the first crime occurred two weeks ago two other Melbourne women have been slain. The most recent took place early this week when a comely member of the faculty of the University of Melbourne was killed.

CLEAN-UP NEEDED.

GALVESTON, May 23.—A searching inquiry by University of Texas regents into dissension which has racked the medical branch for months moved into its second day behind the closed doors of a conference room here Saturday. Board members and university President Homer P. Rainey expressed the hope the investigation would lead to permanent settlement of a bitter controversy between Dr. John W. Spies, medical school dean and central figure in the dispute, and groups of the faculty, the student body and others.

TEXAS MAY HELP HIM

ABILENE, May 23.—Without being in any way singled out from his fellows, Private Lew Ayres, who portrayed Dr. Kildare and many other roles for the movies, will be trained for service in the medical corps at the Camp Berkeley medical replacement center.

TUNNEY PREACHES

The average life span in America has been increased seven and one quarter years in the past two decades, despite a vast increase in tobacco consumption, and allegations that smoking hastens the end of life are generally false. Dr. Louis E. Bisch, psychiatrist and physician, writes in the July issue of Click Magazine.

In his article Dr. Bisch takes issue with Gene Tunney, former boxing champ and now a lieutenant commander in the navy, contending that Tunney's crusade against tobacco, while reasonable for athletes in training, is not commendable for conditioning athletes. Tunney recently published a tirade against tobacco, urging parents to send soldiers athletic equipment instead of cigarettes.

Dr. Bisch writes: "The facts are, Mr. Tunney, that the boys in uniform and in the factories are not there to train for football, baseball or the prize ring. They are being conditioned for war—a total war in which mental conditioning is every bit as important as physical conditioning."

"In the last analysis what the fighting men today need even more than physical perfection is an alert mentality. Mechanized warfare, the airplane and the parachute largely do away with long marches and the dangers from exhaustive fatigue.

"The war will not be won by physical supermen, but by the preponderance and superiority of equipment and the brains to use it effectively—the biggest and bravest things are often done, not by muscular giants, but by small, often even weak, people."

Recalling that Tunney cited Ty Cobb, William Muldoon, the late Knute Rockne and himself as evidence that non-smokers are not "goody-goody," Dr. Bisch points out that Admiral Hart, Generals Marshall, Knudsen, Stillwell and MacArthur, President Roosevelt, Cordell Hull, Prime Minister Churchill and Donald Nelson are all smokers.

"I'm astonished at Tunney's bad timing," Bisch writes, "in advising a nation, warned repeatedly to become toughened for war, to send its sons a baseball mitt or boxing gloves instead of cigarettes. The lieutenant commander apparently is unaware that we are fighting, not for a world series pennant or a world's heavyweight championship, but for the American way of life."

WALLACE'S IDEA

Vice-President Henry A. Wallace recently lined up our American Revolution with other great events in the progress of liberty down to the present hour.

"The march of freedom of the past 150 years," he said, "has been a long-drawn-out people's revolution. In this great revolution of the people there were the American Revolution of 1775, the French Revolution of 1792, the Latin-American revolution of the Bolivian era, the German revolution of 1848, and the Russian revolution of 1918. Each spoke for the common man in terms of blood on the battlefield. Some went to excess. But the significant thing is that the people groped their way to the light. More of them learned to think and work together."

"The people are on the march toward ever fuller freedom than the most fortunate peoples of the earth have hitherto enjoyed. No Nazi counter-revolution will stop it. Those who write the peace must think of the whole world. There can be no privileged peoples. We ourselves are no more a master race than the Nazis."

BROWDER ON TRIAL

This is probably a time for amnesty where it is possible, and the freeing from prison of Earl Browder, leader of the Communist party, shows a generous and forgiving spirit on the part of government and public. It remains for Mr. Browder himself to justify liberation by his future conduct.

One thing about his punishment was rather unfortunate. The technical procedure was a subterfuge. He was imprisoned for misrepresentation in obtaining a passport. That punishment was legal. But everybody knew that his real offense was his intolerable defiance of government and his interference with national defense in a time of danger. It would have been more realistic to convict him on that score.

All that, however, is past. Browder is freed evidently to promote national unity. He is quoted as saying he is eager to be of service to the country. If he has learned his lesson, and will avoid bad company hereafter, he may be useful.

ACTION COMING

Disillusionment and worry in Germany are reported from many sources. It was a great shock to the German people when Hitler declared war on the United States, and that shock has been growing more intense with the vastness of American preparations.

"Already the Germans are getting uneasy at the militant offensive spirit of the British and American people in the matter of a second front," says Sir Stafford Cripps. "The Germans will, I believe, show something more than nervousness when our two governments translate that militant spirit into offensive action, as they certainly will do at the moment they judge opportune."

The moment is rapidly approaching. A few more weeks, and the Nazis, already shocked and stopped in the East by Russia, will be facing two strong fronts. We shall learn then whether they can "take it."

The Cisco school board has called a meeting of all parents of Cisco school children to be held at the high school auditorium tomorrow afternoon at 2 o'clock. "While it will probably not last more than 30 minutes," Supt. R. N. Cluck said, "it will be the most important meeting of any kind held in Cisco in years. He added that he wanted more than 600 parents to be present. The meeting has been called to help maintain the present school apportionment for next year. "This does not mean," Supt. Cluck said, "that anyone will be asked to contribute to any sort of fund or to make any pledges." It does mean, though, that the school patrons, together with the school board and the faculty, will do their best to help not only this but all Texas schools to receive an apportionment of \$16 per capita next year.

The three baby bears, born to a Cisco zoo mother and raised on the bottle, with the assistance of a mother dog who has adopted the alien babies with a fervor that is remarkable, will be seen in the windows of the Moore Drug company Monday. The bears were placed in the keeping of Mr. and Mrs. Dave Perry at Humbletown a few hours after they were born. Mrs. Perry who is head nurse at the Graham sanitarium fed the youngsters with a milk formula manufactured for babies and the cubs have thrived wonderfully. A small dog belonging to Mr. and Mrs. Perry took charge of them and now guards them with a jealousy as sincere as she would accord her own puppies.

CATTLE MARKET

Cattle and calves were in very light supply at Fort Worth Saturday, and prices ruled about steady on most of the sales, quality of the cattle considered. Hogs were steady to 10c above Friday's levels at a top of \$14.20 paid by packers. No good killing classes were offered in the sheep yards. No mature steers arrived on the cattle market. A few medium to good yearlings cashed at \$9.50 to \$11.75 while common butcher yearlings sold down to \$8.50. Beef cows brought \$7.75 to \$9 and canners and cutters cleared at \$5 to \$7.50. Bull prices ranged from \$7.50 to \$9.25. Fat calves turned at \$9 to \$12.75 and culls at \$7.50 to \$8.50. Stocker supplies were too few to test the market. Prices were notably steady. Most of the good and choice 180 to 280 pound hogs were purchased by packers at \$14.20, while hogs weighing 160 pounds sold downward to \$13.50. Packing sows were steady at \$12.75 to \$13.

LONG BRANCH

Royce Kinard and Cloyd Walker are now working at Brownwood. Miss Lucile Furr spent the week-end as a guest of Mrs. Bruce Campbell in Cisco. Mr. and Mrs. Tom Poe visited relatives in Cisco Sunday. Mrs. Sallie McCracken who had an operation on her eye recently had to return to Austin for treatment the first of the week. Her brother, Bob Ellis of San Sabal accompanied her on the trip. Mr. and Mrs. Rufus Been had as guests Sunday, Mr. and Mrs. Lee Duke and their daughter, Marjorie from Coleman. Mr. and Mrs. John Foley and their son-in-law, Virgil Ghormley drove to Comanche Sunday where they visited in the home of Mr. Foley's sister, Mrs. Ed Simms. Willie Hazel was attending the Southern Baptist National convention he was not here for preaching on the third Sunday as usual. A heavy rain and some hail fell in this community Sunday evening and there has been some rain each day this week. The fields are so wet that farmers can not resume their plowing or planting. But one often hears the remark that too much rain is not so discouraging as a drouth. The fruit in this section is blighted from hail and is being damaged by the worm. Gardens, too, are being held back by the worms. This is thought to be caused from too much rain. Miss Frances Woods, daughter of Mr. and Mrs. D. B. Woods was married to Melvin Benson Saturday. Young Benson is in training at Fort Sill, Oklahoma. The ceremony was performed in Eastland. Mr. and Mrs. E. N. Marsh and Helen drove to Ranger Sunday afternoon. Enemy agents can burn our forests and risk nothing worse than a fine or jail sentence, while Stalin shoots mere thieves. Aren't we still a bit soft?

LONG BRANCH

Royce Kinard and Cloyd Walker are now working at Brownwood. Miss Lucile Furr spent the week-end as a guest of Mrs. Bruce Campbell in Cisco. Mr. and Mrs. Tom Poe visited relatives in Cisco Sunday. Mrs. Sallie McCracken who had an operation on her eye recently had to return to Austin for treatment the first of the week. Her brother, Bob Ellis of San Sabal accompanied her on the trip. Mr. and Mrs. Rufus Been had as guests Sunday, Mr. and Mrs. Lee Duke and their daughter, Marjorie from Coleman. Mr. and Mrs. John Foley and their son-in-law, Virgil Ghormley drove to Comanche Sunday where they visited in the home of Mr. Foley's sister, Mrs. Ed Simms. Mr. and Mrs. Babe Mitchell and Eddie, and Mrs. Cecil Tilley and two sons, Bobby Lee and Jimmie were in Rising Star, Saturday. Mr. and Mrs. Reb. Gregg and son, Larry Gene and Miss Uthadale Gregg from Rising Star visited in the home of Mr. and Mrs. Earl Marsh Sunday. There will be preaching at Long Branch Sunday. As Rev. Willie Hazel was attending the Southern Baptist National convention he was not here for preaching on the third Sunday as usual. A heavy rain and some hail fell in this community Sunday evening and there has been some rain each day this week. The fields are so wet that farmers can not resume their plowing or planting. But one often hears the remark that too much rain is not so discouraging as a drouth. The fruit in this section is blighted from hail and is being damaged by the worm. Gardens, too, are being held back by the worms. This is thought to be caused from too much rain. Miss Frances Woods, daughter of Mr. and Mrs. D. B. Woods was married to Melvin Benson Saturday. Young Benson is in training at Fort Sill, Oklahoma. The ceremony was performed in Eastland. Mr. and Mrs. E. N. Marsh and Helen drove to Ranger Sunday afternoon. Enemy agents can burn our forests and risk nothing worse than a fine or jail sentence, while Stalin shoots mere thieves. Aren't we still a bit soft?

FINE WAY FOR KIRKPATRICK TO CARRY ON

FORT WORTH, May 23. — Charles Maxey Kirkpatrick, 24-year-old former Texas Christian University Bible student who is now a member of Jehovah's Witnesses, was expected to make \$1,500 bond Saturday on a charge that he failed and refused to report May 14 to Selective Service Board No. 8 for induction. Arraigned Friday before United States Commissioner Milam, Kirkpatrick explained that he failed to report because of conscientious objections based on religious scruples of his sect. Board Clerk Pace, however, pointed out that Kirkpatrick had gone through the processes of selective service, including his physical examination, without indicating his objection to military service. Why advertising has to be a good buying guide For You!

WHEN a business man runs advertising in this newspaper for a product, he in effect signs a contract with you that the product is as he represents it.

Then the normal operation of our Free Competitive Enterprise System gives you further guarantee that the factors of price, service, and quality are kept in line.

For instance: If a business man gets his prices too high, then an alert competitor comes in with a lower price. If a retailer gives poor service, people

leave him and trade at a competitive store.

If a manufacturer puts out poor quality products, people just stop buying from him and the business man goes broke.

Thus, the American Way works automatically for you—the consumer—that's why it's the best way!

So when you see a product or a store consistently advertised in your

newspaper, you can be pretty sure that that advertiser is giving you the MOST for your MONEY.

WHAT TO DO

Use advertising as your buying guide because advertising automatically protects you.

And when the point comes up—give a plug for the system which makes this possible—The Free

Competitive Enterprise System which has given us Americans the world's highest standards of living.

Mrs. Fewell Was Club Hostess At Final Meet

The Thursday Forty-Two club held the final meeting of the season in the home of Mrs. W. W. Fewell Thursday afternoon. Decorations of sweet peas and other seasonal flowers gave a festive appearance to the rooms where guests and members enjoyed the afternoon games. Mrs. W. H. LaRoque won high score for members and Mrs. J. L. Thornton high for guests.

The hostess passed refreshments of ice cream and angel food cake to the guests at the conclusion of the games.

Guests and members present were Mrs. E. L. Pugh, Mrs. J. L. Thornton, Mrs. B. B. Hurst, Mrs. C. Owen, Mrs. Connie Davis, Mrs. D. Ball, Mrs. Bill Childers, Mrs. G. M. Stephenson, Mrs. J. W. Mancill, Mrs. T. J. Dean, Mrs. W. H. LaRoque, Mrs. Chas. Hale and Mrs. Fewell.

Two Honored At Luncheon In Scranton

Celebrating the birthdays of two members, Mrs. Paul Poe and Mrs. T. E. Lisenbee, the Happy Thimble club went to the home of Mrs. Leo Clinton in Scranton Wednesday where they held a covered dish luncheon. The house was gay with decorations of cut flowers placed attractively about the rooms and which centered the quartet tables where guests were seated while eating. The honorees

were each presented with lovely birthday gifts.

After luncheon members enjoyed the diversion of "Forty Two" during the afternoon.

Those present were Mrs. Paul Poe, Mrs. T. E. Lisenbee, Mrs. C. E. Hickman, Mrs. Grady Laws, Mrs. R. W. Merket, Mrs. B. T. Leveridge, Mrs. C. E. Reynolds, little Carlos Hickman and Mrs. Clinton.

Meeting Closed Club Year's Study Program

Closing the year's program of study, the First Industrial Arts club met Thursday afternoon in the club house for the final meeting of the club year. Mrs. H. A. Bible, president, was in charge; Mrs. S. H. Nance was leader of the program.

The meeting was opened with a piano duet by Misses Mona Lee and Nancy Cluck; Patsy Nance then played a piano solo after which the program on "Information, Please" was presented. Mrs. M. F. Underwood gave an interesting talk on "Facts, Frauds and Fads," after which Miss Helen Terry, of Cisco Junior college, a guest, gave a splendid review of "Pied Piper."

Members responding to roll call were Mrs. H. A. Bible, Mrs. F. J. Borman, Mrs. A. P. Clayton, Mrs. R. E. Grantham, Mrs. E. L. Jackson, Mrs. L. J. Leech, Mrs. F. A. McMillen, Mrs. B. E. Morehart, Mrs. S. H. Nance, Mrs. A. J. Olson, Mrs. E. J. Poe, Mrs. J. B. Pratt, Mrs. Leslie W. Seymour, Mrs. John Shertzer, Mrs. O. L. Stamey, Mrs. M. F. Underwood and Mrs. W. W. Wallace.

WASHINGTON, May 23.—The AFL Saturday held out a new offer to its offshoot, the CIO, asking the rival labor organization to come back home "because of the war."

Old wounds in the side of labor immediately became apparent in the response of Philip Murray, CIO president, who said that obstacles to reunion were perhaps the same the organization "had to meet back in 1935."

It was then that John L. Lewis, towering figure in the United Mine Workers, led a dozen unions away from the parent AFL in the unended controversy over the craft versus the industrial union organization.

William Green, AFL president, announced at the end of the organizations' executive council meeting Friday that the council had instructed him to advise CIO representatives that "the peace committee of the AFL stands ready to meet with them for the purpose of negotiating peace and unity."

In Cleveland, Murray cautiously explained that the proposal would have to be submitted to the CIO executive board.

HARD TO BELIEVE

VICHY, May 23.—The Germans announced Saturday that 10 hostages had been executed in occupied France in reprisal for an attack against a German soldier May 19 and that 10 others would be shot if the attackers are not found within eight days. The Nazi notice signed by "the German commander for Greater Paris" and dated Saturday, said: "An attack was committed May 19 in Paris against a member of the German army. The young man responsible for the attack escaped. As reprisal, 10 persons, Communists and Jews and persons closely linked with criminal cir-

cles, were immediately shot. In case the authors of the attack are not found within eight days following publication of the present notice, an equal number of persons will be shot. In addition, a number of persons closely associated with the criminal circle will be transferred to a labor camp."

Creole Beef and Potato Puff

by Dorothy Greig

GRANNIE used to dote on serving dishes that had fragrance and aroma. "There's nothing like a good savory whiff to arouse appetite," she'd say. I thought of that the other evening as I carried this Creole Beef to the dining table. For the aroma it's hot depths gave forth told of the goodness of rich gravy and onion, of well cooked meat, of tomato and feather-light potatoes!

1/2 tablespoons butter
1 medium size onion, chopped
1/2 pound beef, ground
1 can condensed tomato soup
1/2 cup condensed consommé
1/2 teaspoon salt
1/2 teaspoon pepper

Cook the onions in butter until soft, then add the ground beef and

brown. To this add the tomato soup, consommé and seasonings. Cook together 5 minutes to blend flavor, and while mixture is still hot pour into a casserole, then cover with Potato Puff and bake in a hot oven, 425° for 20-30 minutes, until potatoes are puffed and browned.

Potato Puff: Cook 6 medium-size peeled potatoes in boiling salted water, drain and shake over dry heat. Then mash and beat well. Add 1/2 cup hot milk, 1 teaspoon salt, pinch of pepper, 1 tablespoon butter and 2 egg yolks and continue beating until thoroughly mixed. Fold in the 2 beaten egg whites, drop by spoonfuls on top of meat mixture.

CHURCHES

Grace Lutheran

Sunday school and Bible class 10 a. m. Morning worship 11 o'clock. "From Sorrow to Joy—the program of a Christian Life." will be the subject of the sermon. The annual picnic of the church will be held in the afternoon. Lunches will be taken to the picnic grounds immediately after the morning service. The school children have prepared a program for the entertainment. The picnic will be on Mr. O. P. Weiser's place about 3 miles south of town on the Rising Star highway. We cordially invite friends to our picnic. You are welcome.—W. H. SYMANK, Pastor.

First Methodist.

Today is Pentecost, fifty days after Easter Sunday. It was on this day, nineteen centuries ago that the 120 disciples of Jesus who were waiting prayerfully in the upper room in Jerusalem had the soul stirring experience which sent them forth as flaming evangelists. The pastor's sermon at the morning hour of worship will be, "Our Pentecost." Miss Mary Martha Mitcham will sing as a solo, "One Sweetly Solemn Thought." The choir with Miss Andres directing and Mrs. Statham accompanying will sing the anthem, "Come, Ye Disconsolate," Jack Chambliss to take the solo part. Our congregation will join

with the other churches of Cisco in the common worship service at the high school in the evening honoring the graduating class.—LESLIE SEYMOUR, Minister.

First Baptist.

Dr. Elwin Skiles of Russellville, Ky., will preach at the morning service today. There will be no evening services since the churches of the city are dismissing that hour in deference to the baccalaureate sermon at the high school auditorium. Sunday school at 9:45, F. E. Shepard, superintendent. Training services at 7 o'clock in the evening under the direction of Paul M. Culp.

First Christian.

Sunday school at 10 a. m., with classes for all age groups, and a warm welcome for all who attend. The morning worship at 11 a. m., with a sermon by the minister, and a cordial invitation to the public to worship with us. There will be no evening service at this

church because of the baccalaureate service for the senior class at the high school.—JAMES R. WRIGHT, Minister.

Presbyterian.

WPB TIGHTENS UP ON SCRAP IRON DEALERS

TULSA, Ok., May 23.—A suspension order prohibiting two Oklahoma City scrap dealers from accepting, processing, delivering

or dealing in iron and steel scrap for three months has been issued by the War Production Board, as a penalty for priority violations. Reuben and Ralph Finkelstein, trading as Capital Iron & Metal Co., and Capital Compressed Steel Co., are charged by the WPB with refusal to execute three separate iron and steel scrap allocation orders. The Oklahoma scrap dealers operate yards in Oklahoma City, Tulsa, Springfield, Mo., and Topeka, Kans.

Protecting Wing of Uncle Sam's Eagle
The protecting wings of the American Eagle, symbol of power and strength to carry liberties to all men, in all lands, the seas and the skies, have been spread to encompass the waters and trails that lead to world battles and struggles of down-trodden peoples in Europe, in Asia, in Africa, and on the islands of the seas. Each day we read of daring raids, and victories won, by those raiders of the skies, who are swarming like avenging hornets over the lands of the despots, spreading fear and destruction wherever they fly.
Soldiers have been landed in Europe, in Australia and along the islands that guard the supply trails from the Homeland — America. These soldiers must be fed, re-inforced by other men, supplied with ammunition and other bombers and fighter planes — The way must be kept open.
To do this and to carry out our pledge to suffering people who look to America for their only earthly hope, vast sums of money must be supplied — The great Ford Bomber Factory is in production to turn out one bomber each hour — This will require great shovels of money—not mere thousands nor millions but Billions — And they must not stop.
MR. and MRS. AMERICAN! MR. and MRS. CISCOAN! We and You must buy war Stamps and Bonds as long as we have money, to help keep them fighting --- to feed them and to furnish them with ships, planes and guns.
