NAZIS' NEW DRIVE TO SUEZ CHECKED BY REDS

MAY QUOTA WAR BONDS AND STAMPS

We must reach our quota of Bonds and Stamps for the month of May by Saturday night, May 30, 1942. This quota is \$62,800 maturity value and up to this time we have only bought about \$40,000 maturity value. If you have not bought your Bonds or Stamps for the May quota, please rush to your postoffices and banks and do the same before Saturday night.

Our boys are not failing us in the Army, Navy and Air Corps. Our farmers are not failing to produce food to feed our boys and we must not fail them in buying our quota each month to pay for their food, supplies and the tremendous total expenditure necessary in this War.

Be a patriotic citizen and do your duty at once. Your neighbor has done his duty.

Eastland County Chairman.

Cisco's Cattle Auction Sales Total More Than \$6,000 For This Week

Sales at the auction barns took a sharp upward jump this week to reach a more than \$6,000 level, caused by ability of men to get into their pastures and round up their stock. For the past few weeks, it has been almost impossible to drive into pastures, lest the truck stuck in the mud, but with sunshine drying up the muddy places, farmers and ranchmen are busy trading again.

Prices were steady this week, with all stock fat and looking well, according to Paul Booth, secretary of the association.

CANNING SUGAR RUSH

O. J. Russell, Cisco member of the Eastland county rationing board, announces that hereafter there will be some one at the local chamber of commerce to issue certificates for sugar to be used for canning purposes.

At the same time Mr. Russell wants to make it clear that those who do not expect to can right now, need not be in such a rush to secure their certificates or their sugar, since both will be available at any time during the canning season.

This statement was made because of the fact that clerical help could not be secured on Monday and Tuesday, hence there was no one at the chamber of commerce to issue the certificates, and a few people from out of town were disappointed.

Mr. Russell stated this morning that he has now been able to secure the necessary office help and is reasonably certain no one will be disappointed in the future. At the same time, if you don't need the sugar immediately, there is no reason for rushing.

Last Saturday sugar certificates for canning were issued to about 150 people at the Cisco chamber of commerce. Total amount of sugar involved was approximately 2,500 pounds.

JUDSON PRINCE TO READ THE DAILY PRESS

Friends of Rev. Judson Prince, former Cisco pastor, but now pastor of the First Baptist church at Odessa, will be glad to know that the minister and his family are getting along nicely. The following letter is self-explanatory:

The Daily Press, Cisco, Texas.
Dear Friend: Enclosed you will find a check for \$2 for which please send me the Daily Press. I intended to do this before I left, but just did not get around to it. Our work goes fine. We like the work, the people and this section very much.

I want to thank you for courtesies extended me while there as minister and also the consideration which you gave to our church and all others.
With kindest regards I remain,
Sincerely yours,
JUDSON PRINCE.

J. W. BOSHEARS DIED SUDDENLY AT PLAINVIEW

John C. Sherman, former outstanding Cisco citizen, writes to the Daily Press from his home in Plainview to announce the sudden death of J. W. Boshears, who once lived in Eastland county and who probably has relatives in this area.

Sherman's Letter
Plainview, Texas,
May 26.

Cisco Daily Press,
Cisco, Texas.
I have just returned from the funeral services of J. W. Boshears, who died here after a few hours illness about 1 p. m. Monday morning with none of his relatives present.

He was a resident of northwest part of Eastland county with his trading place at Cisco for many years. I am writing that you might be able to get word to some of his people through your paper, as he was well-known there and quite a successful farmer in his day.

His passing takes from my list of living friends one of 38 years' acquaintance and in all that time I have always found him the same congenial friend.

Having roamed the plains of West Texas as a cowboy, he attended the Old Pioneers Reunion here Saturday and Saturday night for his last Roundup on Earth and answered to his heavenly call a few hours later. His friend,
JOHN C. SHERMAN.

GARRETT WAS CHAIRMAN AT LION LUNCH

Lion H. R. Garrett brought the program at the Lions luncheon today, reporting on the district convention held at Breckenridge, May 10-11. He quoted briefly from the address of the main speaker regarding the German philosophy of who should own a country, saying that they thought that if people were not strong enough to repel the invader, they had no right to own the country.

Garrett then mentioned two weaknesses of Americans—physical manhood and lack of education in fundamentals, one of which was lack of the ability to write ordinary letters to friends and loved ones, to say nothing of intelligent business letters.

Lion Garrett then followed up with short classification talks by some of the newer members of the club who had not lived in Cisco very long. These talks were interesting.

Lion Charles S. Sandler reported on the progress of the USO fund for Cisco.

A meeting of the directors was called to follow adjournment.

PLEDGE SIGNERS URGED

Cisco Defense Guards are urged to be present at the regular Thursday night drill at Lobo football park. New movements will be up for practice preparatory to an exhibition drill planned for the near future.

"The men who attend the drills regularly are making fine progress," said a company officer today. "But the trouble is we are not having the attendance we should have, considering the number of Cisco men who solemnly pledged themselves to do their bit in creating a sizable, honest-to-God defense guard for Cisco."

"We don't know what to do to bring them out. It would appear that nothing short of enemy air raids will awaken a large percentage of local citizens to their duty to family and country."

There will be refreshments following the drill tomorrow night. Guards had been asked to bring their own sugar, but this will be unnecessary, since all the sugar needed has been secured from other sources, it was said today.

MEXICO NABS GERMAN AND JAP ALIENS

MEXICO CITY, May 27.—Mexico was purging enemy agents today, the eve of a formal declaration of war against Germany, Italy and Japan for torpedoing her merchant ships.

Fifty-four Axis citizens, including some of the most dangerous agents in Mexico, were rolling toward the United States in two heavily-guarded train coaches. They included 21 Germans, 23 Japanese and 10 Italians, and were the first Axis subjects to be sent from the country since Mexico broke relations with the Axis last Dec. 11.

Congress meets tomorrow to consider President Manuel Avila Camacho's demands for a declaration of war and emergency powers to prosecute it.

J. J. Holder of Stanton, was here Sunday, guest of Mr. and Mrs. Carlton Holder. He also visited his daughter Miss Sybil Holder, deputy in the district clerk's office at Eastland.

WAVES OF GERMAN TANKS AND PARACHUTE TROOPERS HALTED BY EVER-VIGILANT SOVIETS

RUSSIAN troops early Wednesday were reported thrusting forward in the key Izyum-Barvenkova sector south of Kharkov, advancing into enemy positions in the area where the Germans are making their biggest attempt to wreck Marshal Semyon Timoshenko's Soviet offensive as the Axis started a drive toward Suez.

The Red Army was said to have advanced several miles on one sector after halting the Germans' own counter-offensive started by Gen. Viktor Schroedeler with waves of tanks and parachute troops dropped from Junker-50 transport planes.

The new Russian success—in a sector more vital than the battle-front before Kharkov itself—was reported by the Russian Army organ Red Star as the war in the North African desert suddenly flared up, with indications that Nazi General Erwin Rommel has started a new offensive toward the Suez Canal.

Rommel's Axis forces, including tanks, were said in a British communique to be advancing toward the British line, about 150 miles inside the Libyan border from Egypt, supported by squadrons of dive-bombers, which were blasting British front-line and rear positions.

British military leaders have been warning for 10 days that Rommel might launch a new drive as part of a German attempt to envelop the Middle East and the Suez.

In London it was stated that Rommel appeared to have launched

an "offensive of sorts" but that it is too early to determine whether it is a major drive aimed at a sweep across Egypt to the Suez.

If the new Russian counter-thrust in the Izyum-Barvenkova sector, 70 miles south of Kharkov, succeeds in disrupting the German drive it may be the turning point of the summer war on the Russian front, enabling Timoshenko to complete his Kharkov victory and breaking up the men and materials massed by the Nazis for a drive into the oil-rich Caucasus.

It was too early, however, to assume that the Russians had regained the initiative on their southern flank because the Red Star spoke only of "stemming" the German offensive in one important sector at the bend of a river—probably either the northern Donetz at Izyum or the Sukhol which curves around Barvenkova.

ELECT 4 C. OF C. HEADS

The work of the city commissioners last night at their regular meeting at the city hall was concerned almost entirely with matters of a detail nature.

However, directors were elected for the Cisco chamber of commerce, to fill vacancies occurring in that body.

L. A. Warren, A. B. O'Flaherty and J. R. Deen were elected to fill out the terms expiring at the end of 1942 and William Reagan was elected to fill the vacancy expiring in 1943.

The city commission also allowed expenses for four firemen to attend the firemen's convention which meets at Corpus Christi, June 9, 10 and 11.

Firemen who will attend as delegates from Cisco are Clarence Tune, Arlin Agnew, O. Gustafson and either Chief W. W. Sledge or Assistant Chief Fred Grist.

Commissioners present were Mayor G. P. Mitcham, Charles J. Kleiner, A. V. Clark, Neil Lane, George Boyd and Henry Drumwright, according to Secretary George W. Downie.

JAPS NO. 1 ENEMY

SAN ANTONIO, May 27.—Japan, not Germany, is our most powerful enemy, in the opinion of Upton Close, former newspaper editor in the Far East. A quick end to the war with Japan is possible if the United States can get the support of Asiatic peoples, Close said, but it will be an almost endless struggle if American aims are not made clear and such support is lost.

General Meet Held Tuesday By Society

Women's missionary society of the First Baptist church held a general meeting Tuesday afternoon in the church at which a mission program was enacted with business meeting following.

The program was directed by Mrs. A. B. Cooper, program chairman on circle five. The meeting opened with a hymn followed by scripture reading from Philippians by Mrs. Joe Britain. Perla and Pearlina Farley favored the assembly with a vocal duet, with piano accompaniment played by Mrs. Ben Krauskopf. The afternoon topic, "Think on These Things," was then given. Taking part were Mrs. J. R. Barnett, Mrs. B. B. Black, Mrs. J. A. McLain and Mrs. Cooper. A vocal trio was sung by Helen Hay, Mary Lois Hay and Robbie Joe McNeely, accompanied at the piano by Mrs. A. E. McNeely. The program was concluded with prayer.

The meeting was then turned to Mrs. M. F. Underwood, society president who conducted the business session. Minutes were read by Mrs. B. B. Hurst and adopted by the society; routine business followed. A gift of ten dollars was voted to be sent for relief fund of aged ministers; members were requested to assemble dona-

Council Group One With Mrs. Shockley

Group one of the First Christian church council met Tuesday afternoon in the home of Mrs. F. E. Shockley with Mrs. Fred Steffey presiding. The meeting opened with group singing of the hymn, "More About Jesus" following which the Lord's prayer was spoken in unison.

A frozen dessert was passed by the hostess at the close of the games. Guests and members present were Mrs. W. W. Milner, Mrs. I. A. Brunkenhoefer, Mrs. E. E. Lennon; Mrs. H. J. Moyer, Mrs. Irene Hallmark, Mrs. Gregg Simpson, Mrs. Leonard Burzinski, Mrs. Laila Smart and the hostess, Mrs. Black.

To the Public of Cisco---

I will accept a position with anyone in Cisco where their men have to go to war and leave their place vacant. Anything that I can do as well as anyone, and EVERY ONE WHO KNOWS ME KNOWS ABOUT WHAT I CAN DO. I NEVER LOST A JOB BECAUSE I DID NOT ATTEND TO BUSINESS. THE CITY OF CISCO KNOWS THAT.

It was never out of water because I did not keep the pumps in operation. Of course we all have breakdowns that the engineer cannot always avoid.

When I was engineer at the light plant I made good. If there is a vacancy there I will accept the position with Mr. Jess Proctor. He knows what I can do.

I understand the ice business also. There are a lot of things around Cisco I can do if their help has gone to war—and I will turn their job back to them when the war is over, which I hope won't be long. This war is an awful thing.

Please let me hear from some one needing help.

"Doolittle and Do It Now"

Brig.-Gen. James H. Doolittle

When Brigadier General James H. Doolittle and his 79 American

fliers skimmed over the housetops of Tokio and dropped bombs on Japanese docks, ships and munition plants the first installment was paid in avenging the treacherous attack on Pearl Harbor. For two days the fires from Doolittle's bombs devastated Tokio's war industrial plants and those of other Nipponese cities. Tojo's propagandists attempted in vain to stem the panic of the people by trying to belittle the importance of the attack. But the war lords of Tokio know that attack will be repeated—that American bombers will return again and again and the day of vengeance for Pearl Harbor is in sight. The Medal of Honor for General Doolittle and the Distinguished Service Cross for each of his intrepid aviators, bestowed by President Roosevelt, represent every loyal American citizen's gratitude for this most brilliant exploit in aviation history.

BILL RUSSELL RELATES GOOD SNAKE STORY

Bill Russell, Cisco Daily Press carrier boy, reports killing a big diamond back rattlesnake more than four feet long and having ten rattles, out at the N. D. Gallagher country home just east of the city limits on highway 80, Monday afternoon.

Young Russell says the snake was between two rocks on which one of the boys in the group was standing. He told the boy to stand still while he shot him, between the boy's feet. It is needless to say the boy did some tall jumping when he found what was going on.

The snakes—rattlers and copperheads—are so numerous on the hill in the pasture that rabbits keep to the lowlands and valleys to avoid them, young Russell said.

POTATOES ARE OFF THE BLUE STAMP LIST

Blue stamp foods available during June to families taking part in the food stamp program in Eastland county are announced by P. M. Miller, acting area supervisor of the agricultural marketing administration.

The foods for June are the same as those listed for May except for fresh apples and fresh pears, removed because of a seasonal short supply position, and Irish potatoes, removed because an increasingly favorable price position, no longer warrants additional market support. With these changes, the complete list, as issued by the Agricultural Marketing Administration for the period June 1 through June 30 in all stamp program areas, is as follows: shell eggs, butter, fresh oranges and grapefruit, sweet potatoes, fresh vegetables (does not include Irish potatoes), corn meal, dried prunes, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour,

Fold in stiffly beaten egg whites. Pour into a greased tube pan and bake in a moderate gas oven (350 degrees F.) 45 to 60 minutes.

America is learning its Vitamins, thanks to the Yardstick-Diet-Advertising, to help win this war... and gas cooking with its speed and flexibility is geared to war time meal-preparation.

If you're fortunate enough to have an Automatic Gas Range in your kitchen for the duration, use it smartly for smooth cooking. Use its science to turn out meals to make a family thrive. On top of these advantages, the operating cost is especially low, because of the economy of Natural Gas.

LONG MAY HER PERMANENT WAVE!

ME: Hello... that you, Helen? Listen. I forgot to tell you to send the car over for greasing and an oil change.

SHE: Oh, all right Bob, but what about the tires and the battery and all the other things it might need?

ME: Right... everything should be attended to. Gosh!... can't you take some responsibility for the car?

SHE: All right, smarty... I have taken the responsibility. I joined the Once-a-Week Club today.

ME: Great Caesar's ghost! Another club! Didn't we just agree last night to cut out unnecessary expenses?

SHE: That's exactly what we are doing. This is a club without any dues, fees or anything.

ME: I'm listening... proceed with caution!

SHE: Well, you know that nice Conoco station over on Myrtle Street? I went in there this morning and Mr. Blevins, the Mileage Merchant, told me he would go over our car every Thursday morning; check the tires, the battery, water... in fact, everything... and if he saw anything needed, he would write it down for me.

ME: Atta girl! This war will make a business woman out of you yet!

SHE: Oh, yeah? Well, I may be a business woman, my dear, but I'm going to get a permanent this afternoon just to prove I'm still a female... and the price will be charged up to the extra life of our car and the savings we're going to have because of that Conoco Once-a-Week Club.

Pick up your phone or drive by and tell Your Conoco Mileage Merchant to let you in on his Once-a-Week Club. Ask him about changing to his Conoco Nth motor oil, to give your engine the great big change to OIL-PLATING. Continental Oil Company

FOR THE DURATION of your car
Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you when these services are needed. I am here to help you get the maximum service and life from your car at the least possible cost and trouble to you.
