## U. S. A. IS PREPARING TO FIGHT ANYWHERE

### FRIENDS OF JAKE SANDEFER OF BRECKENRIDGE ARE URGING HIM TO ENTER RACE FOR CONGRESS

Strong pressure is being brought to bear on J. D. (Jake) Sandfer of Breckenridge to enter the race for congress.

Thus far Mr. Sandfer has steadfastly refused to allow his name to be placed before the people as a candidate from the 17th congressional district, but letters are said to be still pouring in urging him to allow the use of his name and to agree to give his time, talents and well-known ability to the office—should the people choose him as their representative in the congress of the United States.

However, his decision must be made soon, since June 1 (next Monday) is the last day for candidates to have their names placed on the ticket.

W. W. Wallace, prominent Cisco oil operator, who has known Mr. Sandfer for a number of years and is well acquainted with his work and influence as a leader of independent oil men in this part of Texas, thinks Sandfer would run a good race should he consent to being drafted for the job. And he would only consent to serve for patriotic reasons, should he consent at all, thinks Mr. Wallace.

A number of reasons were given by Wallace as to Sandfer's chances to win. In the first place, he has unusual ability. Being well trained in the educational institutions of the country, he thinks straight and has the ability to express himself fluently. He is liked by the oil men of the state, both independent and major companies. He has been in Washington many times, remaining there for weeks at a time, fighting the battles of the oil industry. He is a hard hitter for what he wants and knows how to organize his forces in order to win, says Wallace.

Mr. Sandfer is well known over the district, being the son and namesake of his deceased father, who won much distinction as an orator and as an educator while serving many years as president of Hardin-Simmons University. Young Sandfer (about 40) is now chairman of the board of the university and wields great influence with his fellow workers for the school.

As head of USO work in thirteen counties of this part of the state, his ability as an organizer and willingness to work for his fellowman and government, is being demonstrated. He is donating much of his time to that work just now.

For many years Sandfer has been a prominent Lion and has made an enviable reputation as an after-dinner speaker and as a presiding officer and toastmaster at club luncheons and programs. With all these favorable connections and his known ability and willingness to do whatever work he sets his hand to accomplish, Wallace thinks Sandfer should make a winning candidate, and a worthwhile congressman for the people of this district—if he can be prevailed on to make the race.

### SEYMOURS IN DALLAS FOR SHORT STAY

Rev. and Mrs. Leslie W. Seymour and daughter, Lillian Ross, will attend a meeting of the board of trustees of Texas Wesleyan College, of which he is a member.

Saturday the Cisco minister will attend a meeting of the Methodist young people's conference for Central West Texas. Mr. Seymour will return to Cisco Saturday night and will occupy his pulpit at the First Methodist church Sunday morning.

### 3 JOIN IN JUVENILE SCHOOL

Beginning Monday morning at 9 o'clock a Daily Vacation Bible School will be held in the First Presbyterian church, with the First Methodist, First Christian and First Presbyterian churches cooperating.

This is for all children of the town between the ages of four and fourteen years, and it is hoped a large number will attend the school.

It will continue each day for two weeks from 9 to 11 o'clock except on Saturdays, and will consist of class work, project work and supervised play and recreation.

Miss Ruby McDurmon, religious education director, will be the general superintendent and director of the school, assisted by the following staff of teachers and workers.

Beginner's Department—Mrs. Jimmy Allen, superintendent; Mrs. P. R. Warwick, Mrs. Troy Powell, and Mrs. C. E. Paul.  
Primary department—Mrs. A. E. Jamison, superintendent; Mesdames J. E. Hickman, Bob Sanford, Homer Slicker, Lonnie Shockley, and Misses Lillian Shertzer, Marilyn Shertzer and Doris Jamison.

Junior Department—Mrs. B. S. Huey, superintendent; Mrs. F. A. McMillan, Mrs. Jack Elkins, Misses Eula Mae Jackson and Barbara Grist.  
Intermediate Department—Mrs. Edward Lee, superintendent; Mrs. Neil Lane and Mrs. Gary Smith.

Mrs. W. F. Watson, purchasing agent.  
Parents may send their children with the assurance they will be well taken care of, and will spend an interesting and profitable two hours each day.

### COUNTRY CLUB DANCE FOR 50 SOLDIER BOYS

Offers to furnish week-end homes for 50 soldier boys from Camp Bowie are coming in nicely, said Mrs. W. W. Wallace, chairman of the homes committee, this afternoon.

As stated in the Daily Press of Thursday, Lieut. Kenneth W. Gardner will accompany the visitors from Camp Bowie and they will arrive here about 8 o'clock Saturday night.

Arrangements have about been completed for the dance at Cisco Country club Saturday night. Mrs. Edward Lee is hostess chairman and George P. Fee will be in charge of the music.

Chaperones for the social event will be Mrs. Robert B. Carswell, Mrs. W. W. Wallace, Mrs. John Brice, Mrs. J. T. Anderson, Mrs. H. E. McGowan, Mrs. Leon Maner, Mrs. J. J. Tableman, Mrs. E. L. Graham, Mrs. J. D. Lauderdale, Mrs. K. N. Greer, Mrs. Charles S. Sandler and Mrs. Edward Lee.

Cisco girls who will attend the dance will meet the chaperones at the chamber of commerce rooms at 8 o'clock and all will go to the Country club in a body.

THE GOOD OLD DAYS ARE BACK—Blacksmith Frank Jackson pounds the anvil as it rings out a merry tune in Mentor, Ohio, where he's reaping a harvest in trade as dobbin returns to the highway in wake of rationing of tires and gasoline. Forseeing the turn of events, he had forged thousands of horseshoes in preparation for the expected rush.

### EASTLAND COUNTY HAS 1,241 ON OLD AGE ASSISTANCE ROLLS; INCREASE OF 15 OVER APRIL

In answer to the question: "Why doesn't every aged person draw \$30 per month old age assistance?" J. B. Green, Jr., department of public welfare, points out the practical problem of financing such a program and the fact that Texas would lose federal grants-in-aid, by which it is now paying one-half of the expense, if such a law were passed.

"The 1940 census reveals that Texas has 345,120 aged persons over 65," he declared. "If each of these were paid \$30 per month, without any allowance for administrative costs, it would require \$10,353,600 each month, or \$214,243,200 per year. The 47th legislative appropriation money to supply one-half the amount needed each month to pay grants to aged persons meeting the laws qualifications, specifying that no more than \$1,750,000 should be used in any one month." With federal matching funds, this makes possible a maximum expenditure of \$3,500,000 for old age assistance. This month \$3,374,649 were distributed to 172,324 recipients and the rolls continue to grow, despite losses due to death and ineligibility."

A fundamental requirement of the federal government is that all grants shall vary according to the individual needs of an applicant; therefore if \$30 per month were paid to all aged persons, the federal aid would be lost, Green stated.

Texas is now making monthly cash assistance payments to three groups of needy people.

These are men and women over 65, blind people and dependent children who have lost the care or support of one or both parents.

Mr. Green stated that the amount of the cash payment which each needy person receives is decided by the local welfare office after a careful and thoughtful study of each person's situation.

Three general facts considered by the local office in making this decision are: The resources which the needy person has at his disposal, how much he needs to live on and the statutory maximums which can be granted.

There are now 1,241 aged persons receiving old age assistance in Eastland county, an increase of 15 over the month of April. Grants average \$18.63 in the county and total \$23,120.

Eastland county has 22 blind persons receiving a total of \$433 in average grants of \$19.68.

### L. D. MITCHELL WILL SUPPLY FOR BAPTISTS

The pulpit supply committee for the First Baptist church has announced that Rev. L. D. Mitchell of Brownwood will preach Sunday morning, there being no church service in the evening, at which time Dean Coby Hall of Texas Christian University will preach the baccalaureate sermon to Cisco Junior college graduates in the building.

The pulpit committee further announces that Mr. Mitchell will be the regular supply pastor until such time as the church calls a regular pastor, or some one else is invited to occupy the pulpit.

SAN ANTONIO, May 29.—The Texas Bankers association was on record Friday as endorsing the stand of Governor Stevenson in opposition to gasoline rationing in Texas. This would be an economic "error" at present, said the resolution which nevertheless expressed a willingness to sacrifice the State's gasoline privilege if President Roosevelt should deem it necessary at some future time.

P. R. Doty, president of the First National Bank of Beaumont, was elected president and Fort Worth was chosen for the site of the fifty-ninth annual convention in 1943.

### FLEWELLEN TO SPEAK AT LOCAL CHURCH

Judge L. H. Flewellen of Ranger will speak at the Twelfth Street Methodist church Sunday morning at 11 o'clock and the public is invited to hear him, says Rev. Seba Kirkpatrick, the pastor.

Mr. Flewellen is district lay leader of the Cisco district and an entertaining speaker, Kirkpatrick added.

### MASONIC NOTICE

There will be a special called meeting of Cisco lodge No. 556, A. F. & A. M., at 8 o'clock Monday night, for work in the entered apprentice degree. Visiting brethren welcomed.

### 50,000 BARRELS DAILY

AUSTIN, May 29 — Between 40,000 and 50,000 barrels of gasoline per day can move from Texas into the shortage-stricken East Coast area within 90 days after passage of the Mansfield Florida pipe line bill now before congress.

That was the statement Friday of Ernest O. Tompson, chairman of the Texas Railroad commission, who has just returned from Washington where he testified in favor of the bill before the house rivers and harbors committee.

Tompson said that representatives from Texas, Louisiana and Florida "put a good case" before members of the committee. "So good, in fact," he added, "that the committee unanimously voted the bill out favorably."

Tompson said that 42 barges and 14 towboats would be required to haul the oil from Texas to the Florida coast, where it would be transported by pipe line across Florida, and thence by barge up the Atlantic coast. He said that those barges and towboats now are available.

"This bill incorporates the same thing that I have advocated for years," Tompson said. "I am very, very pleased."

### HOUSEKEEPING AIDE PROJECT IS VALUABLE

The housekeeping aide project sponsored by the city of Cisco is making an effort to reach all the homes in Cisco where services are needed due to illness of the homemaker or other members of the family, says Miss Anne Buckley, supervisor.

The aide's work consists of cleaning, food preparation, child care, health, home improvements and general help. The aide also helps families with victory gardens.

Those eligible for the help are low-income families, but they do not need to be on relief or W.P.A. Anyone desiring information about the work may call the project rooms, telephone 532, or contact Miss Elsie Glenn, case worker, telephone 151, or Mrs. B. S. Huey at the Cisco welfare office.

The report of the project operation for the fiscal period from April 15, 1942, to May 13, 1942, is submitted as follows by Miss Buckley:

Total number visits by housekeeping aides in the low-income homes of Cisco, 262.  
Total number families receiving help due to illness of mother or other member of family, 46.  
Total number of families aided for first time this fiscal period, 17.  
Total number of man hours worked, 2,396.  
Federal pay roll, \$948.20.  
Sponsor contribution, City of Cisco, for utilities, house rent, food, etc., \$153.81.

### MORE THAN 50,000

NEW YORK, May 29.—Undersecretary of War Robert P. Patterson said Thursday night the United States would produce more than 50,000 airplanes this year. Referring to President Roosevelt's call for 50,000 planes, Patterson said many people believed it "a fantastic impossibility," and added: "But this year's production of planes by American industry will surpass the 50,000 figure by a healthy margin."

### BEFORE SUN SETS ON THIS TERRIBLE STRUGGLE, U. S. FLAG BE SYMBOL OF WORLD FREEDOM

WEST POINT, N. Y., May 29. — Gen. George C. Marshall, army chief of staff, declared here today that American troops are "landing in England and they will land in France."

Addressing the graduating class of the U. S. military academy, Marshall said that Americans are fighting in all parts of the globe and then made his cryptic reference to future action in France.

His statement seemed especially significant in view of the U. S.-British military talk now going on in London. That a second European front is being planned — when the time is ripe — to ease Russia's war burden by diverting German forces somewhere in western Europe.

Marshall disclosed for the first time that the army had raised its goal for 1942 and that there would be nearly 4,500,000 soldiers under arms by the end of the year rather than the 3,600,000 originally planned at the start of the war.

"Your utmost endeavor, backed by high and unselfish purpose, will be required to bring this struggle to a triumphant conclusion," Marshall told the graduating cadets.

"No compromise is possible, and the victory of the democracies can only be complete with the utter defeat of the war machines of Germany and Japan."

Marshall recalled that prior to Dec. 7, members of congress, seeking his justification for expansion plans for the army, wanted to know "where American soldiers might be called upon to fight and just what was the urgent necessity for the army that we were endeavoring to organize and train."

### FEDERAL DEBT HAS PASSED 74 BILLION

WASHINGTON, May 29.—The federal debt passed \$74,000,000,000 Friday as the month of May drew near a close. During the month treasury borrowing totaled approximately \$3,500,000,000, a new record for any month in American history.

The treasury said its total obligations, including direct debt and guaranteed securities of government corporations, reached \$74,051,902,287 this week. This is nearly \$20,000,000,000 more than the debt of a year ago.

Most of the borrowing was accomplished through sale of regular treasury bonds and bills to big investors, but incomplete reports also indicated that war bond sales to small investors and the general public would reach the announced goal of \$600,000,000 for the month. War bond sales for the first 27 days of the month amounted to \$564,980,578.

Treasury borrowing has been speeded up by the rising rate of war expenditures, which has been widening the margin between treasury income and outgo. So far this fiscal year (since July 1, 1941) the treasury has spent \$27,554,080,369, including \$21,758,038,595 for war activities but tax receipts were only \$10,246,840,236.

"In reply I usually commented on the fact that we had previously fought in France, Italy and Germany; in Africa, and the Far East; in Siberia and Northern Russia," Marshall said. "No one could tell what the future might hold for us. But one thing was clear to me, we must be prepared to fight anywhere, and on short notice."

"The possibilities were not overdrawn, for today we find American soldiers throughout the Pacific, in Burma, China and India. They have flown over Japan. They are landing in England, and they will land in France. We are determined that before the sun sets on this terrible struggle, our flag will be recognized throughout the world as a symbol of freedom on the one hand and of overwhelming power on the other."

### HAIR OPPOSES ATTY. GENERAL

DALLAS, May 29.—A 65-year-old Austin lawyer, J. F. Hair, said Friday he is a candidate for State Attorney General in opposition to Gerald C. Mann, third term candidate.

Hair said he had little criticism to make of Mann's administration, but believes older men should fill public offices during the war, stepping aside for younger men when the war is over.

Pointing out the present Attorney General is a former SMU athlete and much younger than Hair, the candidate suggested a slogan: "Mann's the man for Uncle Sam."

WHAT'S THE DIFFERENCE?

Deciding whether a killer is insane is a good deal like determining whether a man is drunk. Everyone is sure he can do it, but in many cases it is actually impossible. The practice has been to get the testimony of experts, hired by one side or the other. The testimony is often conflicting and the jury may well doubt any so-called expert who is paid for his particular testimony.

The whole system is wrong, according to Dr. James K. Hall, president of the American Psychiatric association. Speaking before the Boston convention, he inquired: "Why do we ask medical men to engage in psychiatric diagnostic surveys and pronouncements with a jury, in a courtroom or elsewhere? It is unscientific, undignified, fatuous and discreditable alike to law, medicine and civilization." And the doctor is right, of course.

As a matter of fact, many people are coming to feel that it makes no real difference to society whether the one who kills unnecessarily is sane or insane in either case he is a menace to the public and should be put away permanently. The main point would seem to be to determine whether the killing was justified from a legal standpoint.

The army will "keep a soldier's faith" and a civilian's faith should be just as sacred.

RUBBER ECONOMY

It is common knowledge now that the worst shortage in this country is in rubber. Also that most of the rubber is in automobile tires and tubes. There are about 1,200,000 tons of it in this form, with ownership scattered among 25,000,000 people, using the rubber on their automobiles and trucks. When its gone there will be no more—until the Japs have been whipped.

Now, a reasonable person, say one newly arrived from Mars, would suppose that in this sad situation everybody would take good care of his tires, using them as little as possible and running his car or truck at moderate speed. This is important because experts say a car driven at 60 miles an hour wears out the tires three times as fast as one driven at 30 miles an hour.

Yet a lot of drivers are still bowling along at 50 or 60 as if they had access to all the rubber in the world. And some of them drive as fast as 80 or 90 miles, at which speed the tires are probably giving only about one-eighth or one-tenth of the service they have in them.

It is a curious fact, too, that the fellows who drive the fastest usually seem to be those in least need of haste.

"More things are wrought by prayer than this world dreams of," and also by courage.

NO SMOKING CARS

Time was when a train had one section of one car, less than one-half of its length, turned into a room where smoking was allowed. The gentlemen gathered there with their thick cigars, played cards and told stories of their adventures. Nowhere else in the train was smoking allowed.

Later the cigar entered the picture, then the lady smoking the cigarette and all cars became smoking cars. Now riders are asking railroads if it would be too much to ask to set aside one coach on a train to be marked plainly, inside and out, with the sign "No Smoking."

Railroads are being reminded that now with the scarcity of gas and rubber, more people are forced to ride on trains, and it's hard to have to travel long periods in crowded, smoke-filled cars. One answer would be to send to any complaining lady a carton of cigarettes. If she, too, smoked, she might not notice the smoke. But that would be a flippant reply to a real problem. There will always be some people on trains

who cannot stand the blue and choky air. Mothers with small children head the list. Elderly ladies, also, who have never acquired the habit. Convalescents, and a few others.

No Nazi can tread on a Mexican sombrero and get away with it.

Joint Income Return

Southwestern Banking & Industry: By a vote of 13 to 10, the ways and means committee of the house of representatives has adopted a provision of the new revenue bill requiring husbands and wives to file a joint income tax return and to pay taxes on the sum of their respective incomes at the same rates applying to a single income of the same amount. This does not mean that the provision will be enacted into law, but it had been hoped that the testimony presented to the committee convinced a majority of its members of the injustice of the measure and that it would be disposed of without going to the floor of the house.

It turns out that a bare majority of the committee remained unconvinced, so the effort to persuade the members of congress that the amount of revenue this measure would raise is not sufficient to warrant the injustice it would inflict must be continued.

As we pointed out last month, this measure, if enacted into law, would affect vitally the community property states—including Texas, California, Louisiana, New Mexico, Arizona, Nevada, Idaho, and Washington. As a matter of fact, it is aimed especially at these States, but it would also affect married women with incomes of their own, whether in the form of salaries or other income, in all other states as well. As Judge Sarah Hughes pointed out in an article in last month's SOUTH-WESTERN BANKING & INDUSTRY, it penalizes marriage, requiring a woman to pay a much higher rate of income taxes because of the mere fact that she is married. However, its chief impact will be upon the people of the community property states, where all married women own half of the family income. The members of the two houses of congress from these states constitute a relatively small minority, and it will be necessary to win over members from other states if this measure is to be defeated.

Last year the house ways and means committee reported out a similar provision, but it was stricken from the bill in the house itself by a vote of 242 to 160. This encourages us to believe that it can be beaten again, and the effort to convince members of the wisdom and justice of such action should be continued with persistence and patience.

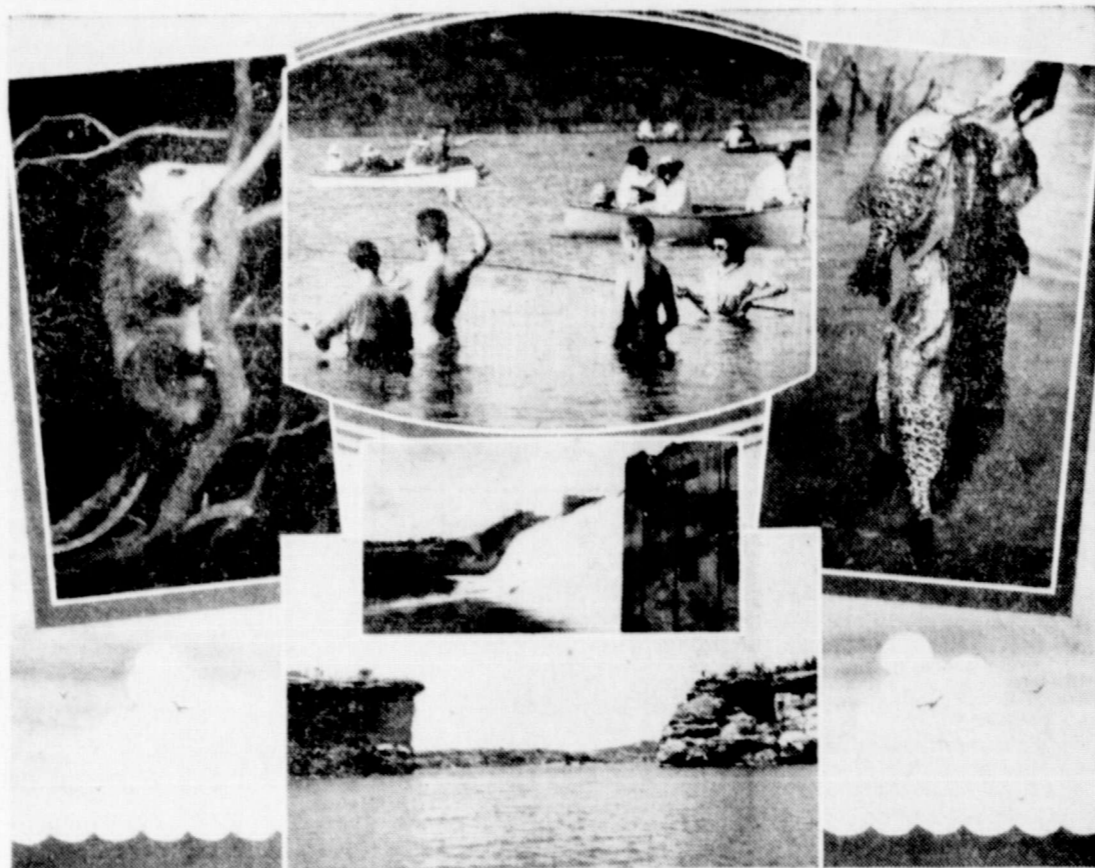

The circumstance that the proposal has the powerful support of the treasury department is the only reason that many members are inclined in its favor. But this is not the only mistaken measure that the department has supported. It also supported the proposal to levy federal taxes on state, county, and municipal bonds, but the ways and means committee rejected this emphatically. We believe that a majority of the members of congress can be convinced that the treasury department is mistaken in this matter also.

Possum Kingdom Lake Opens to Fishing and Boating June 1

Beautiful Possum Kingdom Lake, situated about 45 miles west of Fort Worth on Brazos River in Palo Pinto, Young, Stephens and Jack counties, built and owned by Brazos River Conservation and Reclamation District. The district conveyed 6,000 acres to the State Park Board, which is constructing recreation centers and parks. The 24,000-acre lake has been stocked by the State Game, Fish and Oyster Commission, which will supervise fishing under protective legislation designed to perpetuate good fishing in the lake. Followers of Isaac Walton may fish in the lake on and after June 1. Opening of the fishing and boating season will be celebrated at Possum Kingdom State Park on the afternoon of June 1. A news report from Baird concerning the accident follows: "Robert Henry Holder, Jr., 19-year-old Baird high school freshman, was burned fatally in an explosion on an oil lease about eight miles north of here Monday morning. He was taken to the Callahan county hospital at Baird, where he lived until 4 p. m."

Twin baby girls, born to Mr. and Mrs. Owen Cloud Tuesday, were buried in the Albany cemetery Wednesday afternoon. Rev. J. A. Owen, pastor of the Matthews Memorial Presbyterian church, officiated. The baby girls were born in an Austin hospital Tuesday, May 26. The bodies were brought to Albany by Bill Couger and Swenson King. The mother is reported in a critical condition.

Dr. W. R. White, president of Hardin-Simmons University, Abilene, delivered a very inspiring baccalaureate sermon to the members of the Albany high school senior class Sunday evening at 8:45. The large auditorium was filled for the service, as all churches of the city had dismissed for the baccalaureate sermon. "Your future will depend on your resourcefulness, type of character and a great social consciousness," Dr. White told the 64 members of the class. His subject, "Your Future," centered around Hebrews 12 and Matt. 9:29, emphasizing faith in God, faith in man and faith in the democratic principles of life.

Funeral services for Mrs. Sarah Obedience Bowman Todd, 80, was held at the family residence Tuesday afternoon with Rev. H. M. Weidon, pastor of the First Baptist church of Albany, officiating. Burial was in the Albany cemetery. Mrs. Todd was found dead Monday afternoon in the front yard of her home four miles southeast of town on the Ibeex road. She had gone out to pull weeds and died of heart attack. She had been in failing health for several years. Sarah Obedience Bowman was born September 26, 1861, in Rutherford county, Tenn. She was married to James Henry Todd November 4, 1883. In 1902 they moved to McLennan county, Texas, and from there to Shackelford county in 1906 and purchased a small ranch, which has been their home since. Mrs. Todd united with the Methodist church when very young and was an ac-

tive member until her health failed. Survivors are her husband, two daughters, Mrs. W. E. Tucker and Mrs. John Lynch, and a son, Luther Todd, all of Albany, 7 grand-children and 3 great grand-children.

Hubert Brewster of Moran, who has been in the navy 14 years, was a chief petty officer on the Blakeley, U. S. destroyer torpedoed near Martinique Monday by enemy submarine action. He is a son of Mrs. B. B. Brewster of Moran, and a brother of Deputy Sheriff E. J. Brewster of Albany. His wife is attending a business school in Fort Worth. Chief Brewster's wife wired the navy department Wednesday for information about her husband, and received a return wire informing her that Chief Petty Officer Brewster was not among the casualties listed. Mrs. Brewster called Ed Brewster here Wednesday night, giving him the information she had received. Chief Petty Officer Brewster is a graduate of the Moran high school, joining the navy soon after finishing high school.

CROSS PLAINS

Callahan County

Along with three other veterans of the last war, County Commissioner H. B. Straley, of Oplin, Monday enlisted in the United States marines. It was reported from the Abilene recruiting station at Abilene that the quartet of veteran "leathernecks" would do guard duty in the continental United States. Following Mr. Straley's resignation as county commissioner, his wife was named to fill out his unexpired term. She assumed duties of the office immediately and sat with other commissioners Thursday as a member of the county equalization board. Although the law delegates power of appointment to the County Judge in filling vacancies in the county's official family, all members of the court were consulted and had a hand in the naming of Mrs. Straley to serve out her husband's unexpired term. These huge 60-ton heavy tanks cost \$120,000, and America's automotive and locomotive plants are turning them out on a never-ending assembly line. Our army uses light tanks, weighing 14 tons, and medium tanks of 28 tons also, but we favor the medium tank over the other two.

These heavy tanks are needed for certain phases of modern warfare, and with their thick armor and heavy-gauge guns they are almost unstopable. They are considered superior in gun power, in maneuverability and in the power of their huge tractor motors to Axis tanks. After missing the mumps for 85 years, A. J. Sawyer, who lives with his son, Will Sawyer, five miles west of Cross Plains, is now suffering full effects of the maldy. He is reported, however, to be responding normally to treatment and is expected to be completely recovered in a few days. So far as is known here Mr. Sawyer, an octogenarian, is one of the oldest persons on record to be bothered with the mumps, usually considered a juvenile disease.

A heifer calf bought 11 years ago has paid Rev. J. R. Williamson, who lives three miles west of town, a total of \$710. The Rev. Mr. Williamson reports that from the heifer he has sold \$225 worth of cream, \$235 worth of calves and still has \$250 worth of her stock on hand. The jersey which was a four month old calf when first bought is now 11 years of age and yet productive.

CURTIS

The past few days of sunshine is thrice welcome to our farmers. All rushing the work of getting their peanuts and feed stuff planted.

Everybody in this community is enjoying good health since the recent seige of measles that affected many of the families.

Mr. and Mrs. Homer Sims of near Romney visited Mr. and Mrs. Carl Spellers Sunday of last week.

Mr. and Mrs. Frank Marsh and family were business visitors in Cisco last Friday.

Mr. and Mrs. A. V. Notgrass and baby spent Thursday of last week with her parents, Mr. and Mrs. O. E. Pierce. On their return home her sister, Burline, accompanied them for a few days' visit.

Mr. and Mrs. Forrest Harrison of Colorado City were guests of Mrs. Harrison's parents, Mr. and Mrs. O. D. Vowel Sunday.

Archie Joe Brawley and his dogs had a fine chase after a big black wildcat last Sunday. While Archie was playing with his dogs down the roadside he discovered the animal, but didn't realize what it was. However, he set the dogs after it, and a fine chase followed. Thors at the house heard the dogs barking after their prey, but supposed they were chasing rabbits. They came so near that Mr. Brawley looked out the window and saw the cat. The dogs were crowding it so close it ran into the yard. But it gave the dogs the dodge and escaped into the brush.

They enjoyed another cat chase Wednesday when Mr. Brawley and sons Lewis and Clifton were at work in the north field the dogs jumped a bob cat at the edge of the brush. The dogs chased it a short while when it freed Lewis chunked the cat out, and a real cat chase followed, but the brush and briars were so thick that the cat eluded the dogs again. Mr. Brawley stated they would give him another chase soon, but next time he would take his shot gun, as he has too many small pigs to let these predatory animals have free range. These cats catch pigs, young calves and kids, and all should join in the hunt and get rid of them.

J. V. Heysler of Cisco spent Monday and Tuesday on his farm in this community.

Mr. and Mrs. Owen Swinney have their son Jack visiting them for a few days. He finished a machinist course with 206 hours on the lathe at Wichita Falls, May 20. He also has 100 hours on a drill press and 100 hours of bench work, a total of 406. His plans are to go to San Francisco to work in an airplane factory. When he finishes his course and gets his diploma, he says he will be ready to help lick the Japs.

## OTIS SKILES SAYS PEOPLE READ THE ADS

Do they read the ads in the Cisco Daily Press?

Even in this modern age, when millions are being spent for ad-

vertising in the newspapers by those who check closely to see if proper results are forthcoming on their advertising money, we still find people now and then who say they wonder if advertising pays.

Well, the answer would seem to hinge on just one thing: Do you have anything worth advertising, and do you have prices on those goods that will sell them?

Otis Skiles and Davis Fields had some used rugs to sell. They advertised them under the name of Otis Skiles in last Sunday's Cisco Daily Press. Up to Monday

noon they had more than 25 calls in response to the ad.

Mr. Skiles stated this morning that they were still having answers to the ad, notwithstanding the rugs have all been sold, several days ago.

"I am sure I have had at least 60 calls in answer to that ad. Evidently advertising in the Cisco Daily Press brings results. They read the ads," Mr. Skiles said.

Patriotism is like religion. If it isn't willing to give everything, it is only a camouflage to escape hell by trickery.

## PHILPECO COUNTRY CLUB IS READY FOR THE GOLF TOURNAMENT THAT STARTS JUNE 5

Officials of Philpeco Country club announce readiness for the annual golf tournament which begins Friday, June 5, with a barbecue and Calcutta Pool Friday night. A number of Ciscoans always attend the social functions and usually hand in some mighty good scores during the course of the play.

Philpeco Country club grounds are between Rising Star and Cross Plains, near enough to be claimed by either town. They are usually kept in good condition and golfers enjoy playing on them, as well as liking the fellowship of those they meet on the greens.

Those expecting to attend from Cisco include N. C. Huston, R. L. Ponsler, J. L. Thornton, Garland (Pete) Nance, C. B. Shaw, W. W. (Red) Milner, W. C. McDaniel and I. J. Henson.

**List of Committees.**

With Jake Huntington as general chairman, the following committees will handle the tournament:

Entries — W. E. Tyler, A. A. White, Fred Tunnell, Buster Richardson, P. J. Usery and Claud Hammett.

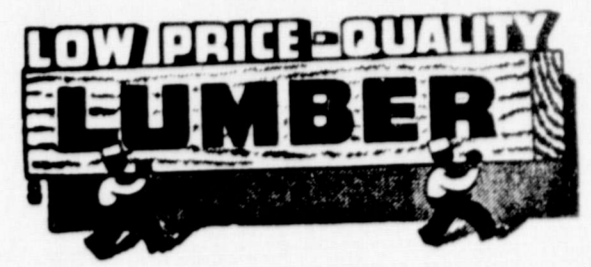

Pairing — Bill Tunnell, Jack

Scott and Robert Gibson. Long Driving — "Son" Sipes.

Paul Huntington and Pete Fore. Barbecue — Dutch Shults, W. P. Small, Jr., and E. L. Gaines. Calcutta Pool—Chas. Rutherford, Edwin Baum and F. R. Anderson.

Rules—Bill Tunnell, Fred Roberts and Lester Strawn, Sr. Prizes—Jay Koonce, Fred Roberts and H. E. White.

Unpreparedness explains our diplomatic defeats, too. It seems we were short of diplomats.

### Reddy Kilowatt Says:

"Whether or not you care about two movies for the price of one, there's another kind of double feature that you—every one—is enjoying.

"It's the electric service you use—a continuous bargain, right around the clock and the calendar. The West Texas home today gets about TWICE or THREE times as much electricity for its money as it did just fifteen years ago.

"In fact, electric service is about the only household item that isn't higher now than even a year or two ago.

"You may not realize that it costs you only about half what it used to—you've added a lot of useful new appliances over the years and you're using more and better lamps.

"The appliances are serving you well—and saving you work. The better light is making it easier on your eyes.

"All this has been made possible by careful business management of your electric company... the same good non-political management that now is serving our country in time of its greatest peril by providing electric power where it's needed, when it's needed."

#### Joint Meet In Cearley Home of WMS and Class

The Molly Greer class of the Church of the Nazarene held its regular monthly social and business meeting jointly with the women's missionary society Thursday in the home of Mrs. Wray Cearley.

The program opened with reading of the fortieth Psalm as a devotional message, followed with prayer by Mrs. L. H. Clegg. The afternoon topic of study was "Out Other Sheep," which was conducted by the women's missionary society. A business meeting of the class was then held in which the following officers were elected: President, Mrs. Robert Jones; vice president, Mrs. S. L. Cook; Mrs. Ollie Rains, Mrs. Lois Dragan and Mrs. L. H. Clegg were elected as flower committee for the joint groups. The session closed with prayer.

Members presented quilt blocks to the co-hostesses, Misses S. L. Cook, Bill Cleveland, L. H. Clegg, Leona Calloway and Wray Cearley.

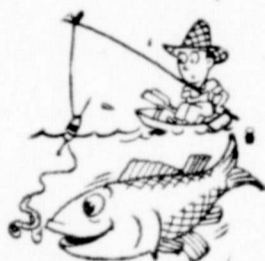

Refreshments of pop-pies and mints were passed to the following: Mrs. Ora Foreman, Mrs. R. H. Horn, Mrs. Mary Stuard, Mrs. E. A. Simms, Mrs. Edna Rains and daughter, Mary Evelyn, Mrs. J. E. Hamilton and daughter, Rose Marie, Mrs. Robert Jones, Mrs. Ollie Rains, Mrs. Vin Gambin, Mrs. Ola McCrary and Mrs. Wray Cearley. Refreshments were sent two sick members, Mrs. Alpha Elder and Mrs. A. L. Jensen, who could not be present.

#### Dinner Celebrates Ciscoan's Birthday

Mrs. Bud Tatom celebrated her birthday Thursday with a dinner in the family residence at 704 W. Ninth street. The honoree was presented with a number of pretty gifts and good wishes were made for her health and happiness during the coming year.

Guests present were Mrs. J. G. Rupe, Mrs. Belle Smith, Miss Delia Smith, Mrs. M. E. Kimmel, Misses Laurine Jones, Zoselle and LaVelda Cagle, and the honoree.

#### Picnic Honors Miss Hazlewood On Birthday

Mrs. E. L. Hazlewood entertained a few girls with a skating party at Lake Cisco Thursday, the event being in honor of the birthday of her daughter, Yvonne Hazlewood.

After the girls had skated, they ate a picnic lunch which was spread in the park. Following lunch a hike was taken and upon their return gifts received by the honoree were opened.

Mrs. Hazlewood was assisted in entertaining by Mrs. W. D. Hazel.

Those enjoying the activities were Yvonne Hazlewood, Betty Grist, Frances Hanrahan, Sylvia Hazel, Dorothy Jackson, Betty Ann Scott, Gloria Henson, Mary Edith Puppen, Patsy Jim Putnam, Ernie Jo Sykora, Doris Thomas, Kathryn Johnson, E. L. Hazlewood, Jr., and the chaperones, Misses Hazel and Hazlewood.

#### Mrs. J. E. Elkins Was Hostess to Group

Mrs. J. E. Elkins was hostess to group four of the First Christian church council which met Tuesday afternoon in her home on West Tenth street. The hostess brought a splendid devotional message, following which the lesson taken from the mission study book, "The Upper Room," was directed by Mrs. Troy Powell. Mrs. Sam Kimmel, Mrs. George Atkins, Mrs. L. D. Wilson and the hostess, Mrs. Elkins.

#### West Ward PTA In Last Meeting Of School Year

The final meeting of West Ward Parent teacher association was held last Wednesday with a splendid attendance. The incoming president, Mrs. W. V. Gardenhire was in charge of the meeting, which was opened by repeating the Lord's prayer in unison.

During enactment of the program Mrs. Elizabeth Hughes led the group in two patriotic numbers, "Star Spangled Banner" and "America." Mrs. James Moore, grammar school teacher, conducted a class in civics in which several of her pupils participated. Taking part in the demonstration were Jim Fry, Joe Tom Poe and Donald Thomas.

Mr. Arlin Bint spoke on the needs of West Ward schools and named instances where the association will be of great help during the next year.

The business session followed. Executive committee read names of their various committees for next year. The room count was taken and winners voted to let the dollar remain in treasury.

The meeting was then adjourned until September.

#### CISCO MOVIES LAUNCH STAMP, BOND DRIVE

Decoration Day (Saturday), which pays tribute to our fighters of past wars, will also be used to honor the armed forces of the present conflict. Both Cisco picture shows—together with some 15,000 theaters throughout the nation—will launch on May 30 a great, all-out campaign to sell U. S. war savings stamps and bonds to the \$6,000,000 moviegoers of America.

Stamps and bonds will be on sale at both Cisco theaters, night and day, including Sundays and holidays.

#### Brass for the Kiss of Death

THE lipstick case being held aloft by pretty Pauline Dechene of Ottawa, Canada's capital city, is a pre-war model but it is first cousin to the .303 calibre cartridge she is holding in her other hand. Both are made of brass, which under wartime regulations can no longer be used for such decorative purposes as lipstick containers. Curtailing and banning civilian use of materials vital to the prosecution of the war, Canada is building a swiftly growing machine to produce the weapons of war as part of its contribution to the United Nations program. In addition, Canadians are fighting side by side with their allies in the field, in the air and on the seas. An impressive part of the picture is the program of financial aid Canada is extending to Great Britain. It includes a direct gift of \$1,000,000,000 in munitions, raw materials and food-stuffs; plus an interest-free loan for the duration of the war of \$700,000,000. These measures, to quote Finance Minister Halsey, "reflect the determination of this nation to contribute everything possible to the general cause."

#### How to Balance Wartime Meals Without Counting Vitamins, Calories

"Being well fed," cautions Dr. Helen Mitchell, Director of the Government's Wartime Nutrition Program, "is not just a matter of having enough to eat, but of having enough of the right kind of foods."

Vitamins, calories, minerals, fats—in fact over 70 different chemical substances must be in our diets every day if we are to maintain health. Obviously a busy homemaker can't keep track of all these. And fortunately, she doesn't have to.

A plan, developed under the guidance of Dr. Mitchell, has been worked out to enable the homemaker to balance her meals without counting calories, vitamins, fats, etc. The Five Star Plan, as it is known, is effective regardless of the amount of money the consumer spends for food. According to the plan, you should divide the weekly food money into five parts as follows:

1. One fifth or more for fruits and vegetables.
2. One fifth or more for milk and cheese.
3. One fifth or more for meat, eggs and fish.
4. One fifth or less for bread and cereals.
5. One fifth or less for fats, sugars and accessories.

The plan, compiled in booklet form by General Electric and made available through this paper, gives complete tables on meal planning, shopping, storage and cooking foods under the Five Star Plan. A copy of this booklet, "How To Get The Most Out Of The Food You Buy," may be obtained for 3c by sending in the coupon below.

### CISCO'S 3-DAY INVITATION GOLF TOURNAMENT, JUNE 12-14, WILL BE UP TO USUAL HIGH STANDARD

All preparations are being completed looking to a successful three-day Invitation Golf Tournament beginning June 12, according to N. C. Huston, secretary of the Cisco organization.

At the same time, J. L. Thornton, general chairman on arrangements, says the greens are being put in perfect condition, preparatory to upholding the reputation the Cisco course has of being one of the very best in all this section of the state.

Preparations are complete for the barbecue and Calcutta Pool scheduled for Friday night, June 12. Local players are urged to turn in qualifying scores as early as possible, so the qualifying day may be given over to visiting players who wish to enter the contests.

Tommy Bolt, a Louisiana player, registering from Abilene, was the champion for last year. Since he is not expected to be in this

section this year, there will be no defending champion, it is understood. Committees have been announced and they are working at details for making the tournament a pleasant one. R. L. Ponsler is president of the club, and he has inspired a spirit in members to shoot at high standards for this form of sport and entertain-

ment. His committee is understood to have good prizes for winners in the various flights.

Don't wait on public opinion, Mr. President. It is up the road a piece, waiting for you.

## *To Our Fighters For Freedom—* **A MEMORIAL DAY PLEDGE!**

**T**O the heroes of Pearl Harbor, Wake, Guam and Bataan—to those in all our wars who have given their lives for America's freedom—we owe an everlasting debt.

They died for things some of us had forgotten. Liberty! Like the air we breathe, liberty was everywhere around us, but we no longer seemed to know what it really meant. We had lulled ourselves into thinking that some half-real storybook people called the American Colonists had won it for us forever, and that nobody could take it away.

'Give me liberty or give me death' had become only Fourth of July oratory, with no relation to the world of baseball, business, movies and comic strips.

Then came the new tyrannies with their strategy of terror and torture. China, Ethiopia, Austria, Czecho-Slovakia, France, Poland, Denmark, Norway, The Netherlands, Belgium, Greece, Yugoslavia, Russia—all in turn attacked!

We began to wake up, despite Axis propagandists trying to con-

### Our Commander-In-Chief has spoken:

"We must guard against divisions among ourselves and among all the other United Nations. We must be particularly vigilant against racial discrimination in any of its ugly forms. Hitler will try again to breed mistrust and suspicion between one individual and another, one group and another, one race and another, one government and another. He will try to use the same technique of falsehood and rumor-mongering with which he divided France from Britain. He is trying to do this even now; but he will find a unity, a unity of will and purpose against him which will persevere until the destruction of all his black designs upon the freedom and people of the world."

—PRESIDENT ROOSEVELT

fuse the issue in our minds, to create discord in our midst, to get us fighting among ourselves—labor against capital, Republicans against Democrats, rich against poor, Protestants against Catholics, Christians against Jews, native Americans against the foreign-born. If they caused enough strife among us, these propagandists reasoned, we would forget about our real enemies. We would be too weak to fight for liberty.

Pearl Harbor! At long last we were aroused. The propaganda against our national unity had failed.

Today there is in every American heart a cold, calm determination to see this thing through. No bands, no pep-talks are necessary now. There is a job to be done. America knows where she is going.

We will pay the price. The cost will be measured in mountainous taxes, in frugal living, in long hard hours of back-breaking labor. It will also be measured in broken lives, in death itself. But we are ready.

We are confident of our might. We are confident of the righteousness of our cause. To that cause we solemnly pledge ourselves.

### CATTLE MARKET

All classes of cattle and calves sold to a slow market at Fort Worth Friday with some clean-up sales carrying unevenly lower prices.

Hogs were steady to 15c lower than Thursday's levels with some sales 25c lower. The Friday top was \$14.10.

Spring lambs and shorn lambs were weak to 25c lower compared with Thursday's 25c decline on both classes, with Spring lambs mostly steady and shorn lambs showing a full 50c decline for the two days.

In the cattle yards good to choice steers and yearlings cashed at \$11.50 to \$12.50 with one load of mature steers making the top price. Common to medium steers and yearlings cashed at \$8.50 to \$10.50.

Good beef cows sold at \$9 to \$9.50 with one load of horned ranch cows at \$9. Butcher cows turned at \$8 to \$8.75. Cannors and cutters brought \$5 to \$7.50. Bull prices ranged from \$7.50 to \$9.75.

Good fat calves sold mostly at \$11 to \$12.50 with a few choice calves higher. Common to medium butcher calves cleared at \$8.75 to \$10.50 and culls at \$7.50 to \$8.50.

Stocker supplies were very scarce. Quotably steady prices on these animals ranged as follows: Steer calves, \$8.50 to \$14; heifer calves, \$13 down; steer yearlings, \$12.50 down, and stocker cows \$9.50 down.

"French soil is sacred," said Laval. Well, it seems sacred compared with other French dirt we could mention.
