## "FLYING LOBOES" FINISH LOCAL TRAINING

### THIRTEEN OTHERS WILL COME UP FOR FINAL EXAMS IN JULY; BE KEPT INTACT AS A GROUP UNIT

While Houston and other cities have been forming their cadet air corps to avenge Pearl Harbor, Cisco has likewise formed a unit to be known as the "Flying Lobos" who will be making history soon, according to Haywood Cabaness, chairman of the Cisco Aeronautics association.

Eight of the flyers who have been in training at the Cisco airport training field under the direction of Reg Robbins, completed their exams at the training field Monday and became enlisted cadets to be sent to Kelly Field, where they will be joined by others who will complete their training here in July.

All these trainees will be kept intact in a group unit to be sent to the front when all training is completed.

Those completing their training and enlisting in the reserve air corps of the United States army were as follows:

#### Finish Local Training.

Roy Lee Brock.  
John Gilbert Mashburn.  
Charles Edmon McDonell.  
Douglass Bell Ogburn.  
Olin Otis Odum, Jr.  
Earl Edward Prange.  
Clifford Leroy Thomas.  
J. C. Paschall, Jr.

#### Finals in July.

The following will be given finals in July and will join the Flying Lobo unit:  
Robert Zed Cozart.  
Harry Philip Grozier.  
Marvin Leslie Ivie.  
Joe Dan Johnson.  
Frank Cane Judia.  
R. L. Brown, Jr.  
Wilbert Eugene Norton.  
Richard Paul Steyer.  
Lewis Desmond Springer.  
Claude Lee Tucker.  
Charles Edward Yates.  
Cecil Claude Edmondson.  
Jerrel Warren Hammons.

### 6-YEAR CHILD, \$22.50

"We have reasons to believe we have missed enrolling a number of children in the six-year-old class for this scholastic year and since each scholastic year is worth \$22.50 to the school, we are very anxious to enroll each one so missed," said Supt. R. N. Cluck today.

All children who were six years of age after Sept. 1 of last year or will be six before the first day of Sept. 1942, should be enrolled and draw money for Cisco's public school, Mr. Cluck emphasized.

"And they must be turned in not later than tomorrow," Cluck said.

"If anyone knows of such children, please call 132 or 241 immediately," Mr. Cluck said.

#### O'DANIEL HEADQUARTERS.

FT. WORTH, June 9.—Mrs. W. Lee O'Daniel was to arrive in Ft. Worth today to establish headquarters for her husband's campaign for re-election to the U. S. senate. The senator is due to arrive in Texas tomorrow and probably will confer with Jesse McKeel, Fort Worth oil man and staunch O'Daniel supporter. Mr. McKeel said the headquarters might be established in the old O'Daniel Flour Co. warehouse on E Broadway. It was announced yesterday that the senator would campaign with his old friend, Hal H. Collins, Mineral Wells hotel man, who himself is running for governor. This double campaigning would be in the interests of tire conservation, it was said.

#### VACATION BIBLE SCHOOL.

Church of the Nazarene Vacation Bible school will start Monday at the church on west Seventh street, continuing two weeks. Children from four to fourteen years are invited to participate. The school will start at 9 a. m. daily. Rev. L. H. Clegg, pastor of the church, will supervise the school.

### BRITISH POUND AWAY

LONDON, June 9.—With probably 450 planes participating, British airmen dropped tons of explosives over a 300-mile front of Hitler-occupied territory Monday night, raiding the great industrial Ruhr, the Dieppe docks and railways and airdromes in France and Holland.

The Britishers lost 18 bombers. In the raids over France and Holland — aimed at diverting German defenses from the RAF's main objective — American-made Boston bombers exploded an ammunition dump on the Schiphol airdrome and pock-marked the runways with direct hits.

Another pilot derailed a freight train engine and a Hurricane fired cannon shells into six other locomotives. The raids continued the RAF's virtually ceaseless attacks on German rail systems, so vital to Nazi control of Western Europe.

The losses were the gravest reported since the 1,000-bomber raid on the great steel city of Essen last week, but were believed well below the dangerous 10 per cent figure which makes raiding unprofitable.

"Fighter command aircraft on intruder operations attacked airfields and railway objectives in Northern France and Holland," the air ministry also said.

"An aircraft of the coastal command destroyed an enemy seaplane over the North Sea."

Terrific Struggle. MOSCOW, June 9.—The Nazis hurled infantry, tanks and dive bombers into strong assaults on five fronts today, from Leningrad to the Crimea, but the Russian army was said to be answering the new challenge with sharp counter thrusts.

While fighting raged around beleaguered Sevastopol, the big Crimean naval base, a new series of Nazi offensive moves was reported 1100 miles to the north.

A dispatch from the northwestern front said the Nazis had launched "large-scale attacks" against Soviet defenses between the Valdai Hills and Leningrad.

The Soviet army organ, Red Star, reported that the ferocity of the Nazi attack on Sevastopol had mounted. It said, however, that the Russians had beaten off unremitting tank and air attacks, and improved their positions in one sector by counter-attacking.

A synchronized German land assault was met by curtains of gun, machine gun and mortar fire, compelling the Germans to bring up fresh troops.

C. O. HARRIS DEAD. SAN ANGELO, June 9.—C. O. Harris, 84, San Angelo attorney and candidate for congress on the Republican ticket in 1936, died Monday.

### WHIPPED JAPS GO HOME

NEW YORK, June 9.—Somewhere in the Pacific ocean today what is left of a once powerful, cocksure fleet from the land of the Rising Sun staggers toward the horizon of the setting sun — bitter and baleful.

It was on last Thursday morning that the greatest naval force the Japanese yellow men ever sent across the international line — said to be the bulk of Nippon's sea power — launched an all-out attack on Midway Island, America's westernmost bastion in the Hawaiian group.

And Saturday what was left of the giant fleet was sinking away to seek safety from Uncle Sam's bloodhounds of the sea.

Contact with the enemy was lost sometime Saturday night, it was announced by Admiral Chester Nimitz, Texas-born commander of the Pacific fleet. But before contact was lost, official reports said the men from America had dosed out this bitter medicine to the ferocious yellow men:

At least three warships sunk, 11 more heavily damaged, and the accompanying air arm practically wiped out.

Against this liquidation of Japanese sea power, announced United States losses were one destroyer sunk, one airplane carrier damaged and some planes destroyed.

Official reports listed these casualties to the enemy in addition to the disastrous blow against its air arm:

Two (possibly three) aircraft carriers and one destroyer sunk. One aircraft carrier (possibly six) cruisers and three transports damaged.

FLYERS COME HOME. SAN ANTONIO, June 9.—The "welcome home" sign was out for the Gulf Coast Air Force Training Center Tuesday as approximately 283 United States citizens returned to native skies as flying students and instructors from the Royal Canadian Air Force.

ITALIAN CASUALTIES. MILAN, June 9.—An Italian casualty list issued Monday said 475 troops were killed, 783 were wounded and 78 were missing in the Balkans during May.

### WESTFALL OF WHIPPED JAPS GO HOME

A Cisco boy, Billy Louis Westfall, 20, has been listed by navy officials as missing somewhere in the Pacific. He was a seaman, first class.

Westfall is a son of Mr. and Mrs. A. R. Westfall, 407 W. Seventh street. He was born at Wichita Falls, July 3, 1920. He

graduated from Cisco high school in the class of 1940. Following graduation, young Westfall volunteered in the navy service, August 3, 1940, and following training in San Diego, was assigned to the U. S. S. Arizona and later to another ship for service in Asiatic waters.

In addition to the parents, Westfall has two brothers, Roy Westfall, Jr., a ground mechanic in the United States air corps at Boise, Idaho; Jerry Paul, at home, and a sister, Mrs. L. A. Cockroft, Houston, and numerous aunts and uncles.

#### GETS TEN YEARS.

LOS ANGELES, June 9.—Dr. Hans Helmut Gros, who told authorities he was sent to the United States by Reinhard Heydrich, claim Gestapo terrorist, and other Nazi leaders to serve as a German agent, Monday was under sentence to serve 10 years in a federal penitentiary. "You were not convicted for acting as a spy," declared Federal Judge Ben Harrison in passing sentence, "but for conspiring to serve as an agent for the German government."

#### CREMATE JAP BODIES.

SYDNEY, Australia, June 9.—The bodies of four Japanese recovered from the wreckage of a midgeet submarine which attacked Sydney Harbor were cremated here Tuesday with full military honors.

### WHIPPED JAPS GO HOME

Representatives of numerous local organizations met at the chamber of commerce this morning to transact business and hear the report of the executive secretary, Mrs. B. S. Huey, who announced a donation from Humble Pipe Line company of \$125 to the Cisco Welfare association.

It was also announced that the next meeting would be held August 11, at which time plans for the fall drive would be launched. A suggestion from P. R. Warwick of the chamber of commerce, that the chamber send out cards calling attention to the meeting, was accepted.

Organizations represented were: Red Cross—Mrs. W. W. Wallace. Presbyterian church—Mrs. J. E. Caffrey.

First Baptist church—Mrs. W. D. Hazel. City of Cisco — Mayor G. P. Mitcham.

Delphian club—Mrs. E. Hooks. Nazarene church — Mrs. S. L. Cook.

Lions club—W. H. LaRoque. Chamber of commerce—P. R. Warwick.

Mrs. Huey called the roll and read reports as given in the minutes of the last meeting. Her report follows:

"Since the executive board did not meet in May, this report is for two months, during which time 618 people were in the office.

"Received 96 pair of shoes, 494 garments, and 319 household articles. Distributed 78 pair of shoes, 616 garments, 152 household articles, and 14 jars of food.

"John Kleiner gave 2,000 pepper plants, hot, sweet and pimento, and most of them have been distributed. Most of our families have real nice gardens this year.

"Gave 14 orders for medicine, 3 orders for groceries, and bought groceries and medicine for a baby. Helped the American Legion Auxiliary buy \$6 food stamp book for an old Mexican woman whose sole support, her grandson, was drafted and has gone to the army.

"Have written 25 referrals for the Housekeeping Aid.

"Bought groceries for some transients from Michigan (2 women and 3 children) who were stranded here."

**THE NEED FOR NURSES.**

It takes a young woman with a strong physique, a poised mentality, a willingness to do anything necessary and take whatever comes, to make a good army nurse. It takes training, too; but given the first qualifications of good steel, hospital discipline will temper and polish the tool.

It takes high qualifications to make a good soldier, too, but the discipline of the army camp turns basic abilities into strong powers, ready to use.

Many young women, with other careers in mind as first or second choices, will be going into nursing this year and next. They will find that in the long run they will lose nothing. Nursing experience and training will deepen and strengthen whatever powers they had to start with. After the war, they can enter the postponed careers and make a success of them, just as the boys will do. They will be bigger and more adequate people, starting in their chosen fields, than if they had entered those fields a few years before. Time will soon be regained.

If they choose to remain in nursing, they will have a competence over and above that of the girls who have known that field only in easier times. As wives and mothers of families, they will find their duties easier.

The need at the present time is very great. Graduates of schools and colleges this June should take it seriously.

Tip to young men: Learn to make or produce something. That, as Columnist Paul Mallon observes, is the way to safeguard your future.

**NO EARLY PEACE.**

Neutrals are beginning to say that the Nazis are licked. Not that the war is over, or anywhere near that consummation. But it looks increasingly now as if Germany cannot win, and many of the Nazis themselves begin to think so. If they had not accepted that view before, the tremendous Allied bombings lately may have driven the point home.

Yet there is no talk of giving up, and will not be for a long time to come. Hitler himself, presumably, will insist on fighting it out to the last Nazi. And other Nazis of power and influence doubtless have good reason to insist on fighting on as long as there is a possible chance of victory, or stalemate, or a peace on generous terms.

Unfortunately for the latter group, made up largely of those who have profited or sought to profit by war, the Allies are unlikely to let them get away with their loot.

That loot includes \$30,000,000,000 to \$40,000,000,000 of wealth that the Nazis have carried off to the Fatherland from the countries they have crushed and looted.

This war may end when the last German church bell is melted down and shot away.

**DUTCH HARBOR.**

The war draws nearer in the Pacific, with the Japanese attacks on Dutch Harbor. It is a logical place for the enemy to strike, being a sort of military half-way station between eastern Asia and the Alaska mainland. It points like a bent gun barrel from the end of the Alaskan Peninsula, toward the long string of Aleutian islands curving up toward Russia, with Japan off to the southwest. It is a thousand miles closer to Japan than is Hawaii. American strategists have expected that when the Japanese moved definitely toward the American mainland, they would approach by that route.

The fortifications at Dutch Harbor have been greatly strengthened. It can be assumed that there are strong land, air and sea forces there, ready for such a contingency as now seems to be developing. And it is no secret that the long string of islands and defensive land positions, up to the Canadian coast all the way from Puget Sound, and out along the Peninsula to Dutch Harbor, is strong-

ly defended by American troops and guns, eager for action.

Neither is it any secret that the great coastal, island and water route is a two-way road. Our fighting men are just as eager to follow the curved finger westward as the Japs are to follow it eastward. Perhaps more so. The drama now opening in that area will be thrilling as it unfolds.

Hitler is the military Pied Piper of Hamelin.

**ICE BOXES.**

Back to the old-fashioned ice box. Many families, especially those just setting up housekeeping, are going to find that electric refrigerators are not to be had. While the War Production Board has not forbidden the sale of those in retailers' hands, it has stopped the manufacture of more, at least for civilian consumption.

So ice boxes will come into their own again. Families in the country with wells may find them a real asset for cooling purposes. When winter comes to some sections of this land, the people will not seem to follow the example of their fathers or grandfathers, and cut their ice from ponds.

In this respect as in others, our whole civilization is turning back to simpler days. With all their disadvantages, they had their points, but today's comforts will be heartily appreciated when they return.

Rubber, sugar, coffee, tea—all victims of the war. Now is the time for the old-fashioned isolationist to rise and proclaim that we have no concern with what happens in the rest of the world.

**HIRED HELP IN LUCK.**

These are good times for servant girls. Pay is up and hours are down. The eight-hour day is coming to be the rule in most parts of the country, and the employer has as much to say as the employer about which hours their situation is reversed; the hired help decides which hours she will work and the employer adjusts the household situation to fit.

Employees indeed, according to current reports, are growing as tractable and accommodating as the girls themselves were formerly expected to be. They take what they can get in the way of service and are grateful. They share domestic workers for half-days. They let the girls go on Sunday and get their own dinner. They accept a schedule by which the lady of the house gets the breakfast regularly and the servant reports at 11, remaining to get the evening meal and wash the dishes.

One vacation place is still open, unrestricted by rationing of cars or trains—the back yard. Most of us have spent vacations in far less comfortable places.

**DETECTIVE STORIES.**

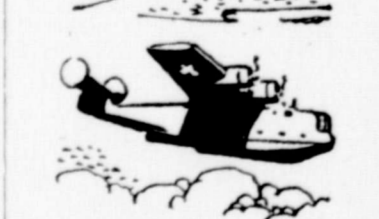

Since 1935 the Nazis have banned detective stories. It is easy to see why. The lesson above all others that is taught by detective stories (an argument for considering them the most moral of all books) is that crime does not pay. No matter how carefully the criminal covers up his misdeeds, or how highly entrenched he is in business or society, his crime is brought home to him and he receives the punishment that is due.

No wonder the Nazis do not want the Germans doing that kind of reading.

To Leon Henderson: Don't overload the mule and thus make the American public jittery. If you merely FEAR that coffee and shoes will have to be rationed in late August, wait until you are CERTAIN before making the announcement.

**What You Buy With WAR BONDS**

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every day. Put at least ten percent into Bonds or Stamps and help your county go over its Quota.

**Lack of Courage?**

Dallas News: It is difficult to see anything but the poorest sort of expediency in the decision of the University of Texas board of regents in the controversy at the medical college at Galveston, Dr. John W. Spies is to remain in his present position as dean, but the new office of executive vice-president will be created and will have full powers, duties and responsibilities for administration of the college.

It may be wondered what will be the function of Dr. Spies who remains on the pay roll as dean. In view of the bitter controversy that has raged, it may be wondered how successful the board of regents will be in obtaining a competent man to take the new position. In view of the obvious compromise which leaves all parties to the bitter controversy on the faculty and administrative staff, it is to be wondered whether there is a man in the country competent enough to restore harmony and efficiency, even assuming one could be found to accept the position. Conclusively, it is to be wondered if the decision of the regents will not muddy, rather than clarify, an already difficult situation.

The medical college at Galveston does not belong to its faculty or administrative officials, but to the board of regents or to the medical profession. It belongs to the people of Texas. What the people know about this affair is that a controversy of such bitterness has been raging that the prestige of the institution has been seriously impaired. Somebody ought to be held responsible and there ought to be application of a remedy more drastic than that adopted by the board. If the board found both sides blameworthy, then the logical compromise would have been the discharge of the responsible ones on both sides which would have cleared the way for successful administration by their successors.

At any rate, the board owes the public a comprehensive report on what it discovered during its recent lengthy investigation at Galveston. This much was promised by the board when the investigation was begun.

**OPEN FORUM**

**We Wonder, Too.**

Hon. James V. Allred, twice governor, twice attorney general and late federal judge, opened his "drive for the U. S. senate the other day in a long declamatory speech full of censure, sarcasm and abuse. He tells the public over radio that Texas is in need of "a war Senator" to help win the war. Surely, the war will not be lost if Texas fails to elect a new senator. To win this war will require more than a battle of words. And speaking of getting things done in Washington, no one senator can get anything done.

Since going to Washington, Senator O'Daniel has tried to get the senate to enact an anti-strike law like Texas has, and a late report from Washington says the supreme court upheld the O'Daniel anti-strike law as constitutional. We wonder if Mr. Allred will mention in his next public address what the supreme court thought of O'Daniel's anti-strike law.

**December, 1927**

H. O. Tatum, secretary of the Baird chamber of commerce, was in Cisco Thursday afternoon and for the first time revealed part of the plans for the big celebration to be held at Baird Saturday marking completion of the Bankhead highway from Dallas to Abilene. Building of the gap between Baird and Clyde, including paving of the main street at Baird, and opening of the highway between Clyde and Abilene complete the paved highway between Cisco and Abilene, and both of these cities will take part in the celebration. The Cisco High Lobo Band will go to Baird Saturday morning to parade and furnish music for the occasion along with the famous Simmons University Cowboy band of Abilene. The West Texas Utilities company orchestra from San Angelo will also be on hand with music. Several hundred Cisco business men are expected to go to Baird for all or part of the celebration which will mark a step in the progress of Cisco as well as that of Baird and West Texas in general.

CHICAGO, Dec. 2.—In open defiance of four drastic government drives against crime in Chicago, gangland answered today with the roar of machine guns. The newest victim was found in an airway today, his head shattered with bullets. All marks of identification had been removed from the clothing and pockets.

**LONG BRANCH**

Only a few hours before a terrific blast shook a great area as a bomb wrecked a building in the vice area.

Cisco firemen at a meeting Friday night were awarded the bonus donated early in the year to be paid the firemen on a basis of \$2 for each wet fire attended by each individual. Cisco established an unusual fire record during the last ten months, during which the bonus offered was in effect, when only 16 fires where water was used occurred. Only three of the firemen answered all 16 of the alarms, those being H. C. Wippen, "Mickey" Stewart and B. T. Redies. These three received the maximum of \$32 allowed under the bonus plan, and others received various other amounts, according to the number of wet fires they attended. The bonus fund was raised early in the year by the Cisco Daily News as a means of increasing interest in the volunteer fireman's organization and also to show some appreciation for the work the men are doing. It was realized that \$2 a fire was not nearly enough to recompense the firemen for their efforts, but this amount was intended to care for pressing their clothes or paying for other personal damage incurred during a fire.

At the meeting Friday night, the firemen passed resolutions thanking the people of Cisco for their generous donations to the fund and especially thanking A. B. O'Flaherty for his services in raising the fund. The bonuses were awarded just at this time so as to provide "Christmas money" for the firemen.

Descendants of G. W. Keathley gathered at his home, 402 I avenue here Sunday for a family reunion, when 47 persons were present. The occasion was for the celebration of his eighty-second birthday. A big dinner was served at noon to the many guests, and the afternoon was spent in recalling old times. Mr. Keathley was born November 25, 1845 at Walnut Grove, Gibson county, Tennessee. He came to Breckenridge with his wife and seven children December 29, 1884. One son was born after the family reached Breckenridge. There had been no deaths in the immediate family until September 30, 1924, when Mrs. Keathley died. All the immediate family were present here Sunday, although 16 grandchildren, four great-grandchildren, two daughters-in-law, one granddaughter, and two grandsons were absent. Those present were: Ernest Keathley, Colorado, Tex.; Finis Keathley, Oney; Miss Clara Belle Keathley, Oney; Mrs. Jo Ella Vannalistic, Graham; Mrs. Ella Walker Breckenridge; Mr. and Mrs. Raymond Walker and son, Breckenridge; Mr. and Mrs. Frank Walker, Strawn; Mr. and Mrs. E. O. McClain, Breckenridge; Mr. and Mrs. Oliver Davis, Ranger; Mr. and Mrs. C. M. T. Bryant, Pearl Bryant, all of Cisco; Fred Keathley, Abilene.

**BRITISH CIVILIAN LOSS.**

LONDON, June 9.—The first two years of war with the Axis cost the British Empire 43,675 civilian lives and 50,346 civilians were injured, Richard Clement Attlee, deputy prime minister, told the House of Commons Tuesday. The figures, Attlee said, include civilians killed and injured

throughout the empire between Sept. 3, 1939, and Sept. 2, 1941. Casualties at sea among merchant seamen and civilians were not included in the total.

Miss Cozart and Lieut. Browning Are Married

The accompanying article from the Mineral Wells Index announcing the marriage of Miss Mary Katherine Cozart of Cisco and Lieut. James A. Browning will be of interest to many local friends of the bride. The newly weds will leave June 12 for a honeymoon trip to Florida, after which they will go to Oklahoma, where Lieutenant Browning will be stationed.

Cozart-Browning.

Miss Mary Katherine Cozart, formerly of Cisco and Lieut. James A. Browning, were married Monday morning shortly after midnight at the home of Mr. and Mrs. Henry West, where she had been residing since she came here several months ago. Rev. Leon Hill, pastor of the Calvary Baptist church officiated.

The bride wore a white dress, with white accessories. Her corsage was of sweetpeas in pastel shades. She is the daughter of Mr. and Mrs. Robert Cozart of Cisco, where Mr. Cozart is in the stockraising business.

Lieutenant Browning is the son of Mr. and Mrs. W. A. Browning of Raiford, Fla., and was educated at Lake Butler school in that state. He attended C. M. T. C. schools at Screven, Ga., and Fort Ord, California. He was assigned to the 52d Training Battalion, Camp Wolters in April.

At present the young couple are making their home at the Jerome hotel.

Standard Nutrition Course Begins

The Red Cross standard nutrition course will begin Wednesday afternoon at 3 o'clock in the home economics department of Cisco high school. The quota of 40 class members has not been reached. Anyone interested may enroll Wednesday. It urged that all the class be present. Junior Red Cross members in high school may enroll.

Mrs. W. C. Hogue of Humbletown has accepted the appointment of nutrition chairman of Cisco. The manuals have not been received as yet, but are expected any day, stated Mrs. J. W. Culwell today.

Bride Elect Complimented With Shower

Misses Marie Tune, Eula Mae Jackson and Geneva Isenhower were hostesses at a personal shower given Monday afternoon in the C. L. Tune home honoring Miss Helen Louise Greynolds, bride-elect of Lieut. R. D. Donham, of Chandler, Ariz. Miss Greynolds plans to leave June 11 for Arizona and the wedding is scheduled to take place in the chapel at Williamson Field, near Chandler, Ariz., on June 14.

After being welcomed by Mrs. C. L. Tune and Miss Marie Tune, the guests registered in a pretty white bride's book, a gift of Mrs. Tune, which had been made by her and presented to the bride-elect. The book was presented over by Miss Eugenia Jackson.

The group was entertained by a number of games, directed by Miss Tune after which punch, cookies and mints were served buffet style. The table was attractive with floral centerpiece made by daisies, forming an aeroplane. Other flowers used in the decorations were red carnations. Favors were small bags of rice tied with red, white and blue ribbons.

The hostesses then presented a large array of gifts from the guests to the honoree.

Those attending were Miss Helen Louise Greynolds, Mrs. Guyle Greynolds, Misses Mary Caldwell, Eula Mae Jackson, Dorothy Jean Huestis, Geneva Isenhower, Betty Lou Muller, Henry Etta Moss, Wanda Lynch, Mary Sue Mobley, Mary Elizabeth Wright, Bobby Shirley, Rivers Greenhaw, Dorothy Isenhower, Loyce Coats, LaRue McMurray, Bobby Milner, Betty Sue McCantles, Betty B. Adickes of Covington, Ky., Mrs. Skeet Fambro, Mrs. Leonard Burzenski, Miss Melba Wood, and Amy Ruth PPool of Eastland, Mrs. C. L. Tune and Miss Marie Tune.

Those sending gifts who could not be present were Mrs. Paul Huestis, Mrs. J. C. Carr, Miss Brenda Warwick, Miss Edwina Blackwell, Mrs. Ray Miller, Misses Betty Doris and Lois Donham, Miss Ray Nell Laws, Mrs. Sam Henderson, Sr., of Baird; Miss Helen Dragasin, Miss Winnell Jones and Miss Ruby Kent.

Garments For Shipment Are Needed Now

The response to a call for Red Cross sewers and knitters has been most gratifying, says Mrs. H. R. Miller, knitting instructor. "But we want to call attention to those having unfinished garments that June 15 is near at hand. The army and navy boys in the region of Greenland and Alaska are needing these garments now, and shipment must be made at once. All who have unfinished garments out, will please finish and turn in by above mentioned date."

It was also stated that Mrs. W. Wallace, co-chairman of Eastland county is well pleased with the way in which the production department is moving along. The women have been earnest in their efforts to furnish the required quota efficiently and in the required time.

DISASTROUS FIRE.

DALLAS, June 9. — A three-alarm fire swept through the Southwest Tablet company early Tuesday, causing a loss estimated by company and fire officials at \$250,000. Watchman C. C. Fuller discovered the blaze, which originated in a pile of waste paper. The watchman said the entire building was ablaze by the time firemen arrived.

Marshall Field & Co. Qualifies To Sell Bonds

Miss Dorothy Lamour, film star, is pictured above as she sold the first Defense Savings Bond in the Victory Room of the Marshall Field Store in Chicago. The Chicago department store is one of several large stores in the Nation which have qualified as issuing agents for Defense Savings Bonds.

KANSAS BOYS ROB STORE; REACH CISCO

On the night of June 2, M. L. Perdue, chief of police, picked up four boys found walking the streets and acting in a suspicious manner. Taking them to the police station, the chief was soon in possession of facts that lead to their arrest.

The youngsters—15 to 17 years of age—were from Galena, Kansas, and finally admitted that on the night of May 31 they had entered a Galena grocery store by force, rifled the money drawer of cash and a large quantity of cigars, commandeered a 1937 Ford coach and set out for El Paso, Texas.

The chief soon had the Galena chief of police on the phone and a few days later the boys were on the way back home in the custody of a Kansas officer. Mr. Perdue says a Cisco friend of his—a natural born detective—who always has both eyes open, first observed the youthful strangers and tipped him off.

The boys were flat broke and had they not been apprehended, would undoubtedly have attempted to recoup their fortunes by robbing some local business place.

**Hope for folks pestered by KIDNEY PAIN**  
No more getting up at night!  
Swamp Root quickly relieves bladder pain and backache due to sluggish kidneys—makes restful sleep possible.

Thousands of middle-aged folks say Swamp Root helps them sleep like they did when young. Swamp Root cures out painful acid sediment from the kidneys, enabling them to do a thorough job before going to bed. So there's no urge to get up at night.  
In addition, Swamp Root quickly relieves bladder pain, backache and that general "misery" that comes from lazy-acting kidneys. You can't miss its wonderful tonic effect. Swamp Root was originally created by a well-known physician, Dr. Kilmer. It contains 16 herbs, roots and barks—all good ingredients that help you feel better fast. Try this remarkable stomachic and intestinal liquid tonic FREE. Thousands have found relief with only a sample bottle of Swamp Root. Send your name and address to Dr. Kilmer & Company, Inc., Department 501, Stamford, Conn. For a sample bottle free and postpaid. Be sure to follow directions on package. Offer limited. Send today. All drug stores sell Dr. Kilmer's Swamp Root.

## What You Buy With WAR BONDS

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern giants of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your country go over its Bond Quota. U. S. Treasury Department

**From where I sit...**  
by Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska.  
Nebraska certainly is a great State. I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Plenty of wheatfields in Nebraska, too.)  
But the thing that interests me most about Nebraska right now is the very important social experiment the beer people started there several years ago.  
Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame beer wrongly for any misconduct of the customer or the proprietor in a place licensed to sell beer.  
So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate bad conditions in the minority of places whose conduct would reflect on the law-abiding majority.

The beer people urge proprietors of retail places to conduct them properly and to obey the law. They urge consumers to cooperate, and ask the public generally to report law violations to the authorities. They send warnings to careless retailers and if conditions are not corrected they take the case up with the authorities. Naturally the authorities and the public have welcomed this as an added force in building respect for law and order.

That program is now operating in many states—and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somehow, to me, that's a mighty important, public-spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

## HOGS AT \$13.75

All cattle and calves found a very active market at Fort Worth Tuesday. Prices were about in line with Monday's late trade when good to choice fed steers and common to medium grassy and short fed steers and yearlings cashed at prices 25c to 50c below last week's close. Beef cows Tuesday were 10c to 15c lower and caners and cutters 15c to 25c down. Bulls and slaughter calves ruled fully steady. Good to choice replacement cattle were very scarce and fully steady. Common to medium stocker cattle and calves were in very dull demand. Hogs were unchanged from Monday's levels with the extreme top \$13.75 and the packer top \$13.65.  
Good and choice fed steers and

yearlings selling in the \$11.25 to \$13.35 range included two loads of strictly choice steer yearlings at \$13.35 and two loads of fed heifers at \$12.25. Common to medium grassy and short fed steers and yearlings in the \$8.50 to \$10.75 range included two loads of heavy South Texas grass steers at \$10.50. Common light weight cutter yearlings sold downward to \$7.50.  
Good beef cows cashed at \$9 to \$9.50, with occasional heiferette kinds up to \$10.50. Common to medium butcher cows brought \$7.50 to \$8.75. Cutter cows mostly

\$6.35 to \$7.25 and canners \$4.75 to \$6.25.  
Good to choice fat calves sold mostly at \$11 to \$12.50 with a few veals higher. Common to medium butcher calves cashed at \$8.75 to \$10.50 with culls at \$7 to \$8.25.  
Good to choice stocker steer calves were quotable at \$11.50 to \$14 with similar grades of heifers at \$13 down. Common to medium stocker calves sold at \$8 to \$10.75. Stocker steer yearlings were quotable at \$12.50 down. Stocker cows sold at \$6 to \$9.50.

## LEES, CAMERON HERE FROM THE STATE CAPITAL

Mr. and Mrs. Quincy Lee and Horace Cameron, all former Ciscoans but now residents of Austin, spent the week-end here, returning to the state capital this morning, where Mr. Lee and Mr. Cameron are employed by the Burns Construction company. Cameron, 22 years of age and a graduate of Cisco high school, 1937, is a brother of Mrs. Thelma Halstead of this city.  
Lee said that Frank Blankenbecker, also a former Ciscoan, is now operating the leading picture show at Bastrop, boom

town, although still in its headquarters in Austin. Blankenbecker, 33 years old, remains in Austin now appears to be on his way to Mexico City soon.
