"I therefore believe it is my duty to my Country, to love it, to uphold its Constitution, to obey its laws, to respect its Flag and to defend it against ALL enemies."

UNITED STATES PREPARES TO INVADE EUROPE

MILITARY AND IS COMING

A telegram from Walter Elam of the 167th infantry at Bowie, Sec. P. R. Warwick received the information that the 167th infantry band of 29 pieces will accompany the soldier regiment and artillery units to Cisco on July 3, when they are to appear on the program for that day and July 4.

An orchestra picked for this band will furnish the music for the dance to be held Friday night, July 3, on Fifth street, between D and E avenues.

REYNOLDS CO. CONSERVING RUBBER

J. Litchfield storage garage on the corner of D and Fourth streets is a pretty fair travel business. It would seem that it would open on two streets and one from the point of view of space, but for several months it has been jammed with automobiles.

At night, again, all available space is taken up early in the morning with cars from Arkansas, Abilene, Brownwood and other points.

CALLAWAY OF CALLAHAN IS VISITOR HERE

Callaway of Callahan, candidate for the legislature in the 107th electoral district, Eastland and Callahan counties, was a Cisco visitor today called on a number of people in the interest of his campaign.

POST OFFICE, WAR DEPARTMENT WORK OUT INGENUOUS SYSTEM FOR HANDLING OVERSEAS MAIL

The postoffice and the war and navy departments of the United States government are working out a brand new idea for the handling of mail to the men with the overseas forces, says L. H. McCrea, Cisco postmaster.

It will be called the V-Mail Service, and when fully established will be available for the transmission of letters without enclosures to and from our armed forces, only, outside the continental United States.

A standard, uniform and distinctive V-Mail letter sheet will be adopted. The letter sheets will be a combination letter and envelope; each will be a sheet of stationery of standard minimum weight, grade and grain and so constructed and gummed as to fold into a uniform and distinctively marked envelope.

The correspondence side of the V-Mail letter sheet is so arranged as to allow the largest possible space for name and address of person who is to receive the message, for the sender's name and address and for the military censor's clearance.

To further expedite this V-Mail destined for overseas, or from our soldiers overseas to the continental United States, where large volumes and long distances are involved, there will be inaugurated a photographic micro-filming facility, which will mean a tremendous conservation of weight and space. As a result of this operation, 150,000 V-Mail letters, after filming, will weigh 45 pounds and occupy space for one sack of mail.

The original of each V-Mail letter so filmed will be retained by the military authorities until it has been ascertained that the film has reached destination. After the film has reached destination the original letter will be destroyed by the military authorities. If film fails to reach its destination, the V-Mail station will refile the letter and dispatch another film.

U. S. FIGHTERS CLAIMING SIX JAP AIRPLANES

CHUNGKING, June 25.—Strong Chinese counter-attacks have hurled the Japanese back to the gates of Nanchang and Fuchow (Linchuan) in Kiangsi province, but an enemy force of 20,000 men is closing in on Lishui where there is an important Allied air field, in neighboring Chekiang province, a military spokesman revealed today.

He said a developing Chinese offensive in Kiangsi had halted the western arm of a Japanese pincer which had come within 50 miles of dominating the Nanchang-Hangchow railway. After recapturing Kewiki, key rail city, Chinese forces moved 40 miles southwest and reoccupied Kinki, the spokesman said. The enemy column that was repulsed at Kewiki now has fallen back 12-12 miles to Yungting, which previously fell to the Japanese.

American volunteer group headquarters revealed that six Japanese fighter planes were shot down Monday over Yengyang, 100 miles south of Changsha.

TEXAS EGGS

AUSTIN, June 25.—Texas egg shipments continued to zoom during May, an increase of 25.7 percent being indicated over shipments during the same month last year. Forty-three carloads of dried eggs were shipped during May as compared with 24 in the same month for 1941, and 136 carloads of frozen eggs moved from Texas stations, a decline of seven from last year. Shell equivalents amounted to 631 carloads of eggs during May, compared with 502 carloads in May, 1941.

EVERY SUNDAY NIGHT

Some 20 representatives of the First Presbyterian, First Christian and First Methodist churches met at the latter church Sunday afternoon and organized for joint Sunday night services throughout the summer.

By vote it was decided to hold the meetings on the lawn of the First Methodist church and the hour was set at 8:30.

There are plenty of seats, the lighting is good and ever-present evening breezes assure comfort.

The large choir that is being planned will be made up of singers from the three denominations.

The weekly meetings will be conducted by different speakers and there will be no advance announcement of the various, time-to-time speakers.

The following committees have been named:

Executive—O. L. Duckett, general chairman; J. D. Lauderdale, secretary-treasurer; George Boyd, assistant secretary-treasurer.

Arrangements—J. E. Proctor, chairman; Troy Powell, J. G. Rupe.

Music—S. E. Hittson, chairman.

Publicity—Mrs. P. R. Warwick, chairman; Mrs. Jimmie Allen, Miss Marie Winston.

Ushers—Ed Huestis, chairman; F. E. Shockley, W. W. Donohoe.

ROTARY HEARS FROM AUSTRALIA WAR FRONT

TORONTO, June 25.—Rotary International was put in direct touch with a distant sector of this global war Thursday by the program of the organization's five-day thirty-third annual convention.

From somewhere in Australia, a Rotarian serving on the staff of Gen. Douglas MacArthur was called upon to speak by radio to more than 8,000 delegates attending the convention.

The Rotarian is Lieut. Col. Carlos P. Romulo, a former director of Rotary International and a member of the organization's 1934 convention committee. He served with General MacArthur in Bataan and on Corregidor as aide-de-camp and was the last man to leave Bataan before its fall.

The convention Thursday adopted a resolution urging Rotarians all over the world to "do their part in helping build a post-war world reconstruction program free from persecution and revenge."

MIDDIE COLOR GUARD CHAMPS—Annual color company competition for regimental flag between 20 companies of Annapolis midshipmen, was won by 12th Company, third battalion. Color girl Ruth Reed and Rear Adm. J. R. Beardall present prize.

LEE STEPS DOWN AS PRESIDENT OF ROTARY CLUB AND HITTSON TAKES OVER; NEW COMMITTEES

New officers were installed at the Rotary club today and President Edward Lee handed the gavel to his successor, S. E. Hittson, following a brief review of the past year's work. Rotarian E. P. Crawford gave a sketch of the history and purposes of Rotary, together with the things it teaches.

Miss Billye Cole accepted the office of pianist for the club for another year, and President Hittson gave out the list of his committees for 1942-43.

In speaking of activities for the past year, retiring President Lee stated that the club had lost seven members and had gained six. "The attendance has been good, singing excellent and programs have improved steadily," said Mr. Lee. He thanked all committee members for their work, saying the Rotary club membership had been drafted on numerous occasions to direct civic activities. He said the membership was a fair cross-section of the community.

Mr. Lee also stated that he had enjoyed the year's work.

Mr. Hittson said he accepted the leadership of the club realizing its responsibilities. He expected to do his best, he said.

Visitors were P. W. Campbell, Abilene; N. C. Huston, Cisco; Dr. Payne, Breckenridge.

Officers, directors and standing committees: President—S. E. Hittson. Vice-President—Lonnie Shockley.

Secretary-Treasurer—Garland Nance. Directors—J. J. Collins, R. L. Ponsler, T. J. McCarty.

Club Service Committee—Lonnie Shockley. Program—Lonnie Shockley.

Attendance and Fellowship—Edward Lee, A. C. Green, A. I. Skiles.

Classification and Membership—W. W. Fewell, O. J. Russell. Rotary Information—R. N. Cluck, Gary L. Smith.

FORMER CISCO MAN HERE AFTER 30 YEARS

Mr. and Mrs. Charles F. Morrison and son, Charles, Jr., of Kansas City, Mo., are visiting in the home of Mr. and Mrs. Gene Watson. Morrison is Watson's uncle.

Mr. Morrison was reared in Cisco and this is his first visit here in thirty years. He was a member of the once celebrated cornet band conducted by the late Capt. G. H. Judia, belonged to the Cisco volunteer fire department and held membership in the First Baptist church.

Morrison, at present an employee of the Missouri Pacific railroad, began his railroad career here, with the Katy railroad.

The visitor says the people of Texas are taking the war more seriously than people in the north and east.

HEALTH BOARD EXPECTED TO TAKE ACTION

It was announced in Wednesday's Cisco Daily Press that the Cisco Board of Health would probably have an important announcement in today's paper relative to a clean-up campaign against weeds and other disease-breeding agencies in Cisco.

At noon today Dr. W. P. Lee, president of the board, said the board had not met, but that he would try and have a statement for Sunday morning.

The board is composed of Dr. Lee, Dr. F. E. Clark, Dr. Charles Hale and Dr. D. Ball.

CALLAHAN IS READY

A highway bond issue in the amount of \$50,000 was approved by the taxpayers of Callahan county road district No. 1 by a vote of 389 to 154.

The right-of-way to be purchased is for relocating and widening U. S. highway 80 from Clyde to the Eastland county line.

Maj. Gen. Richard Donovan, Eighth corps commander, had requested the county to finance purchase of the right-of-way as quickly as possible.

Work will be furnished by the state and federal governments.

Now that Callahan county people have taken the lead with decisive action, it is hoped that Eastland county agencies will at once proceed to secure the necessary right-of-way for this end of the road and let the work begin.

The present highway between Cisco and Abilene is probably the most dangerous 50-mile stretch of so-called paved road in the state of Texas.

The new road will also shorten the distance between Cisco and Abilene considerably.

NAZI EMBASSY IN ARGENTINA STONED BY MOB

BUENOS AIRES, June 25.—Mounted police armed with sabers guarded the German embassy today and agitation for a diplomatic break with the Axis increased after the government announced it had protested the sinking of the Argentine freighter Rio Tercero by a German submarine.

The embassy was stoned last night by a mob protesting the attack on the ship last Monday.

It was the third Argentine vessel torpedoed by Axis raiders, and a navy communiqué said it had been sunk without warning by the German submarine Insubruck.

Tension is mounting throughout the country.

350 FACE FIRING SQUAD

LONDON, June 25.—The Czech community of Lesany in Bohemia has been razed by the Nazis on the accusation that the villagers hid parachutists involved in the slaying of Reinhard Heydrich, "protector" of Bohemia-Moravia, it was reported Thursday in a Budapest radio broadcast heard by a Czech government listener here. This was the second village wiped out by the Germans in vengeance for the death of Heydrich, the Germans having reported June 10 they had slain the male population of Lidice, near Prague, sent the women to concentration camps and the children to "educational" institutions. About 350 men faced the firing squads in that village.

PROTEST NEGRO TROOPS

AUSTIN, June 25.—Governor Stevenson revealed Thursday that residents of Bracketville had protested the war department's assignment of 1,500 negro troops to Fort Clark, which is near the southwest Texas town. The governor added he planned to forward the protest to the war department and in the interest of harmony ask that the assignment order be rescinded.

MAJ. GEN. DWIGHT EISENHOWER OF DENISON, TEXAS, NAMED AS COMMANDING GENERAL FORCES

WASHINGTON, June 25.—The war department announced this morning the formal establishment of a European theater of operations for United States forces with Maj. Gen. Dwight D. Eisenhower as commanding general.

British news agencies say the appointment of General Eisenhower very likely means the early invasion of the continent by American forces.

General Eisenhower, recently assistant chief of staff in charge of the operations division of the War Department general staff, will have headquarters in London.

The brief announcement was made without reference to current speculation on the possibility of a second front in Europe.

Maj. Gen. James E. Chaney has been in command of American forces in the British Isles, and officials did not disclose his new status. Maj. Gen. Russell P. Hartle remains in command of American forces in Northern Ireland.

Text of Communique

The communique, No. 229, said: "The European theater: The War Department today announced the formal establishment of a European theater of operations for United States forces. Maj. Gen. Dwight D. Eisenhower, formerly assistant chief of staff in charge of operations division,

19TH DAY OF HITLER'S ALL-OUT AGAINST SEVASTOPOL FINDS SOVIETS DEALING DEATH TO ENEMY

MOSCOW, June 25.—Heavy German pressure, maintained without regard to losses, forced the Russians back on the northern sector of the Sevastopol front today.

The Communist party organ Pravda said the defenders of that sector fell back only after a day of the most violent battle, and that fighting was mounting fierce along the entire Sevastopol front, and especially on the northern and southern sectors.

Doing their utmost to widen the gap in the city's defenses, the Germans were paying a "terrific cost" of men and materials, Pravda said.

Advices to the Soviet army newspaper Red Star said, however, that because of enormous German losses, the general pressure on Sevastopol was somewhat slackened, though, in view of the enemy's numerical superiority, the intensity of the battle was undiminished.

The military Soviet of the Black Sea fleet exhorted the defenders of Sevastopol to stand firm.

"Attempts to seize the city in a three-day storm have been crushed," a message said. "Aviation tanks and psychological attacks by drunken German and Rumanian soldiers have been unavailing.

"Gallant Black Sea men have deflected the 22nd, 50th, 132nd

War Department general staff, has been designated as commanding general, European theater, with headquarters in London.

"There is nothing to report from other areas."

In a statement by General Eisenhower on his arrival in England, which the War Department released, the new commander said "the formal establishment of a European theater is a logical step in co-ordinating the efforts of Great Britain and the United States."

Closer Co-operation

"Six months ago the Prime Minister of Great Britain and the President of the United States hearkened the people of the United Nations by moving swiftly to merge the military and economic strength of Britain and the United States for a common effort," Eisenhower said.

"At the Washington conference they set a more effective pattern for unqualified partnership than has ever been envisaged by Allied Nations in pursuit of a common purpose. Only recently they have met again to bring combined action into even closer co-operation."

"The presence here in the British Isles of American soldiers and pilots in rapidly increasing numbers is evidence that we are heading to the line of that pattern."

Native of Texas

General Eisenhower, a native of Denison, Texas, is 51, and has been a key member of the War Department for four months.

Known as an expert in armored force operations, he came to the War Department in February as chief of the war plans division after having served as chief of staff in the third army at San Antonio. He was put in charge of the operations division on April 2.

General Eisenhower holds the Distinguished Service medal for his world war services as commander of the tank corps training center at Camp Colt, Gettysburg, Pa.

He was assistant military adviser to the Philippine commonwealth in 1934-40.

and 72nd German infantry divisions and the 1st and 18th Rumanian infantry divisions. The most severe losses were inflicted upon the 24th and 170th German infantry divisions and the 4th Rumanian Alpine division.

"The Germans have lost more than 150 tanks and hundreds of planes on the approaches of Sevastopol. The short path of the enemy is strewn with mountains of corpses of its officers and men."

The Black Sea fleet has been incessantly shelling the Germans, its air arm has been bombing and machine gunning them and some of its sailors may be helping Sevastopol's garrison.

This was the 19th day of Adolf Hitler's victory-at-any-price assault.

On the Kharkov front, 250 miles north of Sevastopol, the midnight communique said Soviet forces on one sector repulsed a German infantry attack supported by many tanks. One Russian detachment repulsed several attacks and the Germans left "many corpses on the battlefield," the communique said.

MASONIC MEETING

Regular stated meeting tonight of Cisco Lodge No. 556, A. F. & A. M., when newly-elected officers will be installed. Visiting brethren welcome.

LOST PARENTS

It is not the British children in this country who are lost. They are living, very happily for the most part, with pleasant foster parents. But the whereabouts of the parents of many of them are unknown. This is true to an even greater extent in the United Kingdom itself.

Miss Ellen Wilkinson, parliamentary secretary, ministry of home defense, is quite perturbed about them. She says the children are all right for the duration, but when the war is over, when foster parents think they have done their duty, and going back to normal lives themselves, think it is time to unload their charges, what then?

Some of the parents and children will get together again. Some parents will have been killed in bombing raids, some will have died from natural causes. The children in many cases will have worked their way into the hearts of their benefactors, and will have permanent homes with them. But there will be many without homes of any sort. What can be done about them? It is not too soon to look such problems in the eye. They and many others will be clamoring for solution a few years from now.

BUFFALO MYSTERY

Nine buffaloes that turned up from nowhere in the vicinity of the village of Ekalaka, Mont., have been rampaging around and doing great damage to growing crops. It was thought that all buffaloes in the area of southeastern Montana range basin had been exterminated about fifty years before. A few survivors have been kept in a protected herd at Miles City, but that herd was checked and found to have all its members present at roll call.

Where have the nine buffaloes been hiding all these years—they or their forebears? In some unexplored valley among the high mountains?

Lost tribes do come to light at intervals, whether buffaloes, wild horses, or people who keep living in some sequestered region. The scientists begin to learn a little about this planet as time goes on, but there are always fields untapped and regions undiscovered.

SUN GAS

Progressive cheapening of the products of modern civilization is shown interestingly in the case of helium gas, a gas named for the sun because there is so much of it there, but very scarce on this earth in a natural state. Especially in war time.

When the last war was in operation, helium was merely a rare gas worth \$2,000 per cubic foot for experimental purposes. Now it is produced in immense quantities for about a cent and a half a foot. Its great value is its inert quality. Because it will not burn, it exists plentifully in the sun, but getting it from that source would be a delicate problem. It is extracted from natural gas by a chilling process.

And what good is it? Well, it supports the balloons scouting for enemy submarines along American shores.

TAMED CANNIBALS

There is one sad revelation from the news stories that pour in nowadays from everywhere. The world is getting too civilized. Not too human, of course, as anybody can see for himself in any day's news, but in the spread of communication and knowledge. There are no more "savages."

Stanley Johnston, foreign correspondent of the Chicago Tribune, tells of the "reformed and benevolent cannibals" of the South Pacific, who speak English and cooperate cheerfully with American airmen lost in those regions. In one case flyers, forced down, landed on a notorious cannibal island, and were greeted by ferocious-looking natives wearing bone ornaments in their ears and noses and flourishing spears and stone axes. The flyers naturally expected to fight for their lives. They were flabbergasted when the

chief shouted "Hello, airmen!" and promptly produced an air chart to show them where they were. It's too bad to lose the romance, but there are obvious compensations.

ETHIOPIA COMES BACK

While the war is continuing its destruction elsewhere, one country is devoting its time to post-war rebuilding. This is Ethiopia, conquered by the Italians in 1936 in one of the first aggressive wars of the Axis, and freed in 1941. Haile Selassie, the Ethiopian emperor, in his first occupancy of the throne, had done much to modernize his country. A great deal of this was undone by the Italians, who systematically killed off many of the best Ethiopian officials. The emperor is now trying to recover the lost ground.

In their brief rule, the Italians did one thing for Ethiopia: they built a wide-ranging network of highways and airports.

Ethiopia is getting help. Great Britain has recently made a two-year agreement, by which British judges will sit on Ethiopian courts. British advisers help in the administration. British officers train the army and police force, and the British government will have sweeping rights on Ethiopian territory for war purposes. In effect, these terms merely continue conditions existing since the English took over the country last spring. In return, Ethiopia gets a grant of money and the assurance that England has no designs on her independence. The benefits are obvious. Except Liberia, Ethiopia is the one free African state.

We're afraid the British have practiced the art of self-defense so long that they have forgotten how to fight. There's a difference, you know.

RETURN.

You shall return to us, O you who lie afar.

In snowy wastes and seas and plains and islands green; You shall return to us, O hearts that we have loved, You shall return in ways mysterious and unseen.

You shall return to us when through the gathering dusk And dwindling sounds of twilight comes the evening bell. Any you shall walk among a people peaceful, free— For here, because of you who died, shall freedom dwell. —N. Y. Daily Times.

CURTIS

Hurrah for this week of beautiful sunny weather we have enjoyed. The farmers sure have made good use of it. You can hear the busy hum of tractors in all directions far into the night. Little boys and girls swinging their hoes to and fro from early 'til late trying to do their share to help whip Mr. Craggrass like our noble boys are whipping those yellow Japs.

Mr. and Mrs. O. D. Vowell and family attended business in Rising Star Saturday evening of last week.

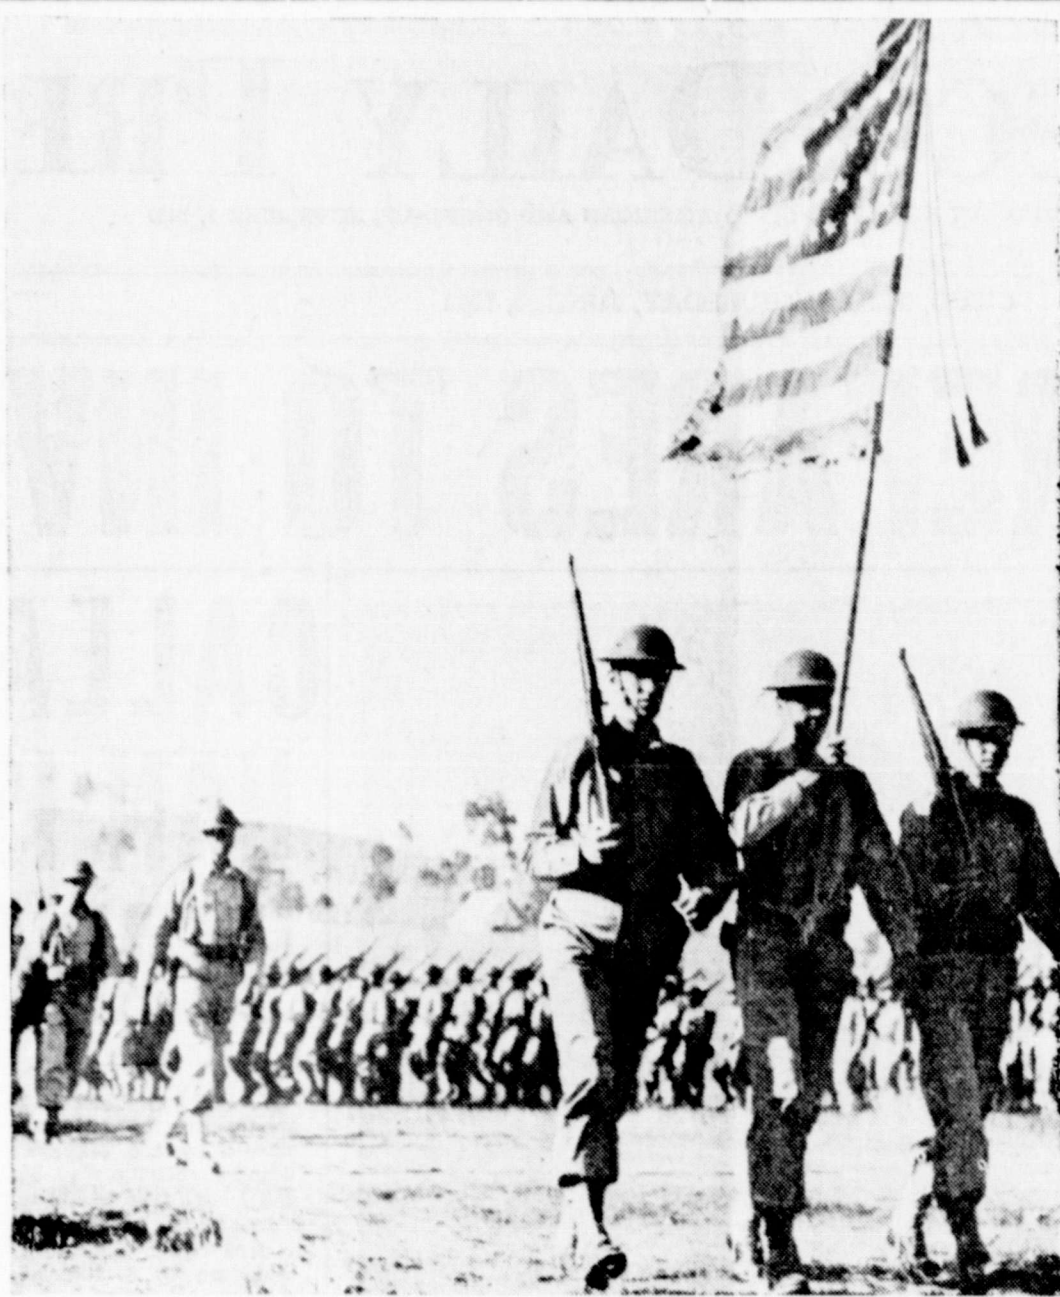

Mr. and Mrs. O. E. Pierce honored their son Kermit on his 21st birthday and little grandson Roy Lee Notgrass on his 9th birthday, Sunday with a big dinner with all his sisters present and quite a few friends. All reported a nice time.

Mrs. J. W. Brawley had a very serious accident Friday evening late while storing some bottles of berry juice. One of them burst in her hand, cutting both arms and chest very badly. There was no one with her when the accident happened. George and the little girls were in the garden and hearing the noise came running to see about his mother, and with his help she rendered first aid and soon had the blood stopped and all the wounds nicely bound up when the rest of the family came in from the field and was resting as well as could be expected under the circumstances, but was weak from the loss of blood. She was planning to economize by using those bottles and saving fruit jars for other fruits and vegetables. Her advice to anyone not try to use those imitation glass bottles for anything. It pays to economize but not with them.

Mr. and Mrs. Alvey Bible had as their Sunday visitors Mrs. Bible's father and mother of Cook community, Mr. and Mrs. Dan Curtis, and brother, Mr. and Mrs. Wilburn Curtis and son, J. B., of Romney; Mr. Bible's father and mother, Mr. and Mrs. S. W. Bible's two brothers, Mr. and Mr. Ernest Bible and family, Mr. and Mrs. Claude Bible and family of Rising Star.

Mrs. J. W. Brawley had as her visitors Monday afternoon her niece, Mrs. Alvey Bible and daughter Ruth, little son Jerrel Don and Mrs. Owen Swinney.

Little Frank Jackson has visited for the past two weeks with his uncle and aunt, Mr. and Mrs.

ON THE PARADE FRONT—Bearing "Old Glory" in parade, "somewhere in Australia," American color guard leads Yankee troops during review before Francis M. Forde, Australian Minister for the Army. Doughboys are popular in the land "down under."

Owen Swinney on the farm. He lives in Eastland.

Mrs. O. D. Vowell had as her visitors Monday her daughter, Mrs. Liborn Tension and Miss Merle Nuton of Cross Plains.

Mrs. O. D. Vowell and baby spent Tuesday afternoon with Mrs. J. W. Brawley, who is improving nicely. Lewis Brawley came in Tuesday night from Roscoe, Tex. He says crops are pretty fair but needing rain awful bad.

Frank Marsh and little boys attended business in Nimrod Tuesday evening. Junior Vowell of Nimrod spent Sunday night in the home of his uncle, Mr. O. D. Vowell and family.

REICH

The Reich home demonstration club will meet with Mrs. V. E. Plumlee Friday evening June 26.

POLITICAL.

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to action of voters at Democratic primary of July 25, 1942:

STATE REPRESENTATIVE, 106TH LEGISLATIVE DISTRICT
L. H. Flewellen

107TH FLORIAL LEGISLATIVE DISTRICT
Omar Burkett of Eastland County (re-election)
Cleve Calloway of Callahan County

DISTRICT CLERK
John White (re-election)
Claude (Curley) Maynard

CRIMINAL DIST. ATTORNEY
Earl Conner, Jr. (re-election)
Allen D. Dabney, Jr.

COUNTY JUDGE
W. S. Adamson (re-election)

COUNTY SCHOOL SUPT.
T. C. Williams (re-election)
Homer Smith
C. S. (Clabe) Eldridge

COUNTY CLERK
R. V. (Rip) Galloway (re-election)

TAX ASSESSOR-COLLECTOR
Clyde S. Karkalits (re-election)

COUNTY TREASURER
Mrs. Ruth (Garland) Branton

SHERIFF
Loss Woods (re-election)
John S. Hart
John C. Barber

COMMISSIONER PRECINCT 4
Arch Bint (re-election)

Mr. and Mrs. F. L. Rains and children, and Pvt. Odell Rains of Camp Burkeley and Grandmother Rains were dinner guests of Mr. and Mrs. Roy Horn and family of Cisco, Sunday.

Mrs. R. N. Hazlewood visited Mrs. G. W. Horn and daughter Thursday evening. Mr. and Mrs. D. J. McGough of San Antonio visited Mrs. G. W. Horn and daughter while Monday night.

Those visiting Mrs. G. W. Horn and daughter Sunday afternoon were Mr. and Mrs. Jim Dillion and Mr. and Mrs. W. E. Morris and children of Cisco, and late Sunday evening Mrs. G. W. Horn and daughter and Mr. and Mrs. W. E. Morris and children visited Mr. and Mrs. Charlie Horn at Dan Horn.

Those visiting Mrs. G. W. Horn and daughter Monday evening were her father, Mr. I. J. Lamb of Port Lavaca, and Mrs. C. J. Stephens of Cisco; Mr. and Mrs. L. L. Lamb of Athens, and Mrs. F. L. Rains. Mrs. Stephens and Mrs. Horn and Mr. L. L. Lamb are brothers and sisters and Mr. I. J. Lamb is their father.

What You Buy With WAR BONDS

The 50-caliber Browning machine gun is one of the most efficient short range weapons used by U. S. Fighting forces. It is effective at ranges up to 2,000 yards and fires about 600 forty-five caliber bullets per minute.

One of these guns costs about \$1,500, while a thirty-caliber machine gun costs approximately \$500. Our fighting forces need thousands of these rapid-fire guns. Even a small town or community can buy many of them by uniting in the purchase of War Bonds. At least ten percent of your income in War Bonds every pay day will do the trick. U. S. Treasury Department

HIT AT HENDERSON

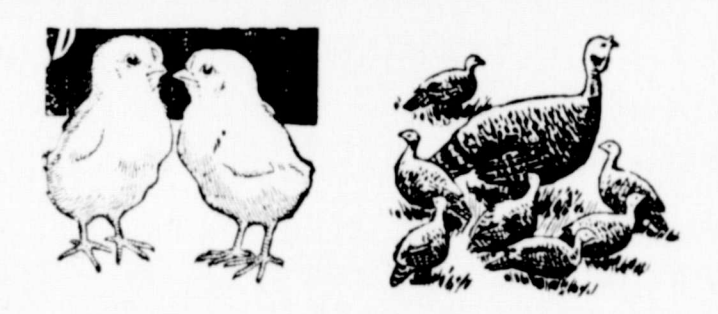

WASHINGTON, June 25.—Congressional critics of Leon Henderson squared off Thursday for a body blow at the federal price administration's pocketbook. Appraisal of a house appropriations subcommittee's action in cutting in half Henderson's money request for next year's operation of the OPA, economy bloc leaders said the cut was not enough. They promised a fight for further reductions. The subcommittee approved \$95,000,000, \$105,000,000 less than Henderson asked for the fiscal year starting July 1.

The scrap rubber drive is just asking too much of the men folk. A husband can't keep his wife's feet warm without some kind of hot water bottle.

The Jap navy must have been commanded by Mussolini.

Mrs. J. R. Wright Was Hostess To Council Group

Group three of the First Christian church council met in the home of Mrs. J. R. Wright Tuesday afternoon. The meeting opened with the devotional period in which Mrs. J. S. Mobley presided, using appropriate scriptures. Mrs. Lonnie Shockley, group chairman, had charge of the business session. A picnic was planned for next Monday evening, with families of group three as the invited guests.

Mrs. Claire Swartz presented a gift from the group to Mrs. Shockley, retiring chairman, in appreciation of her faithful work with them. The meeting closed by repeating the missionary benediction in unison.

During the social hour refreshments were passed to three visitors, Mrs. David Duncan, Salt Lake City; Mrs. Gene Shockley, Dallas, and Mrs. A. J. Sanders, together with the following members: Mrs. C. B. Powell, Mrs. Claire Swartz, Mrs. W. L. Harrell, Mrs. John Bailey, Mrs. I. A. Brunkenhoefer, Mrs. Lonnie Shockley, Mrs. Audrey Ezzell, Mrs. J. S. Mobley, little June Hope Ezzell, Dena Kay Swartz and the hostess, Mrs. Wright.

Gifts was brought in and presented.

Refreshments were served to Mrs. Vadus Plumlee, Mrs. Jas. Dillon, Mrs. Cynda Horn, Mrs. Meda Horn, Mrs. Lizzie Horn, Mrs. C. C. Kimbrough, Mrs. A. S. Leisko, Mrs. E. L. Wisdom, Mrs. C. H. Lawrence, Mrs. D. J. Gorman, Miss Betty Jean Gorman, Miss Ulla Davenport, Mrs. John Alvey, Mrs. A. L. Clark, Mrs. O. J. Brown, Mrs. F. O. Shaefer, Mrs. W. C. Callarman, Mrs. C. B. Callarman, Mrs. O. B. Shirley, Mrs. Dave Kimbrough, Mrs. Cora Plumlee and Mrs. McMurray.

Those sending gifts who could not be present were Miss Addie Horn, Mrs. Aaron Brown, Mrs. W. E. Morris, Mrs. R. N. Hazlewood, Mrs. Chas. Livingston, Mrs. J. J. Livingston and Miss Stella Horn.

D. V. B. S. to Hold Final Session

Friday is the final day of the Daily Vacation Bible school which has been in session the past two weeks at the First Baptist church. An open program will be held and all who are interested are invited to be present. The events will open with an assembly program, following which visitors will go to the class rooms and hear and see how the classes are conducted.

The enrollment has increased daily and attendance has held up remarkably well. Mrs. W. W. Fewell and her corps of efficient teachers have been alert for the proper instruction and welfare of the pupils attending.

Don't forget to pay a visit to the school Friday morning and observe this most interesting and valuable school.

Interesting WSCS Meeting Held Tuesday

The Methodist society of Christian service met at 3 o'clock in the church Tuesday afternoon for a business meeting, with a study session following.

The meeting was in charge of Mrs. T. J. Dean, society president. After the regular business routine, plans were discussed for an all-church social to be held on the fifth Tuesday, June 30.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

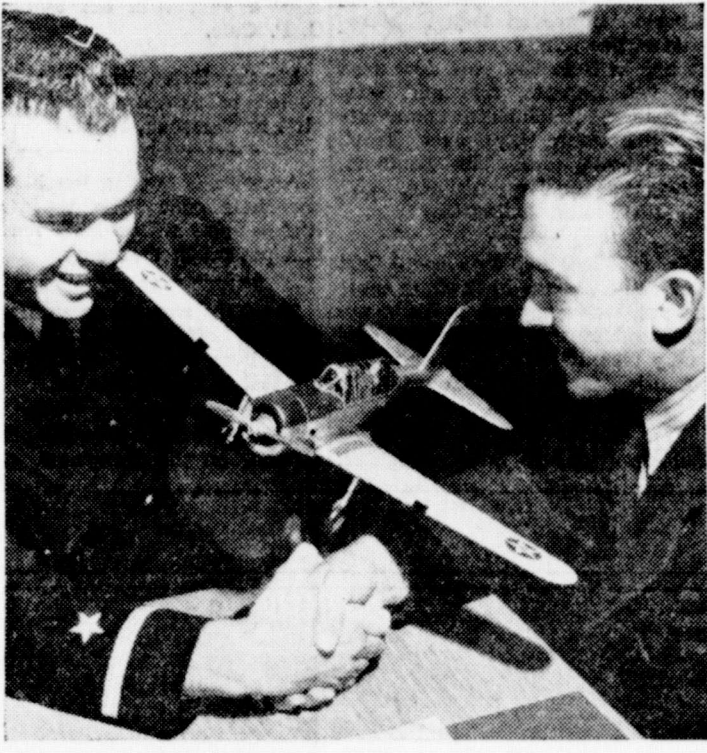

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 12 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up middle, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning—sometimes show these warning signs.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 12 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

A NEW LIFE—If New Yorkers ever wonder what happens to their old trolleys, here's one answer. Discarded New York car is fitted for service in San Diego, Calif., where it will serve for duration to meet war transportation strain.

HERO'S BROTHER JOINS—Ensign Don Wakham (left), of Anaheim, Calif., who piloted dive bomber during Coral Sea action, congratulates brother, Terry, after latter joined Navy in Los Angeles.

The meeting closed with sentence prayers by the group. Those present were Mrs. Wm. Joyner, Mrs. A. B. Westfall, Mrs. Jimmy Allen, Mrs. Charles Flaherty, Mrs. J. J. Porter, Mrs. Roy A. Langston, Mrs. Leslie W. Seymour, Mrs. S. H. Nance, Mrs. Neil Lane, Mrs. J. T. Anderson, Mrs. C. E. Paul, Mrs. W. E. Ricks, Mrs. M. D. Paschall, Mrs. John

CATTLE MARKET

The Fort Worth market on cattle and calves was generally steady today though some weakness was evident in early bids on both slaughter and stocker calves.

All hogs sold at unchanged levels here with an extreme top of \$14.10 while packers stopped at \$14.

Killing classes of sheep and lambs ruled steady but most of the stocker lambs were unsold at 10:30 o'clock.

Good to choice fed steers and yearlings ranged from \$11.50 to

\$13, sales including two loads of fed heifers at \$11.50 and one load of fed heifers at \$13. Medium grade grasser and shorted steers and yearlings brought \$9.25 to \$11 with common grassers down to \$8, these including one load of 803-pound steers at \$9.

Good beef cows cashed at \$9 to \$9.75 with a few higher. Butcher cows cashed at \$7.75 to \$8.75 and canners and cutters brought \$5 to \$7.50.

Good heavy bulls ranged from \$9 to \$9.75 with occasional choice animals higher. Common light weights ranged around \$7.25 to \$8.

Good to choice fat calves sold mostly at \$11 to \$12, few selling above that figure. Common to medium butcher calves brought

\$8.75 to \$10.50 and culls \$7.25 to \$8.50.

Stocker steer calves sold mostly at \$14 down; heifer stocker calves at \$13 down; stocker steer yearlings at \$12.50 down; and stocker cows at \$9.50 down.

CHICKENS-TURKEYS STAR SULPHUROUS COMPOUND

Given in water or feed destroys intestinal germs and worms that cause most all disease and loss of egg production as they enter fowls in feed. Keeps them free of blood-sucking insects. Appetite, health and egg production good. Costs very little. Money back if not satisfactory. DEAN DRUG CO.

LET'S CLEAN UP OUR TOWN! A Man Is Judged by His Clothes Even Though Clothes Do Not Make the Man— A City Is Judged by Its Appearance and the Cleanliness of Its Streets and Homes— AND THIS CLEANLINESS DOES MAKE THE HEALTH OF THE TOWN! Cisco has been known far and wide for the cleanliness of its streets, and its well-kept homes—streets and alleys— There are now few flies or mosquitoes to mar the comfort of sitting on the cool lawns in the evenings --- but this will not continue if we allow the weeds and grass to grow uncurbed on premises and vacant lots. Cisco city dads and our health board are concerned about our neglected weeds... How about you, Mr. Home Owner? Let's BUY WAR STAMPS AND BONDS AND CONSERVE FOR VICTORY, BUT LET'S ALSO KEEP A CLEAN CITY FOR THE HEALTH OF OUR FAMILIES THAT WE MAY BE STRONG FOR THE TASKS WE MAY BE CALLED UPON TO PERFORM. CISCO GAS CORPORATION
