# THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO, TEXAS, SUNDAY, JUNE 28, 1942

NUMBER 213

"I therefore believe it is my duty to my Country, to love it, to uphold its Constitution, to obey its laws, to respect its Flag and to defend it against ALL enemies."

## HITLER SAYS YANKS HELPED BOMB BREMEN

### Calvin Brumley Kin From Five States are Enjoying Reunion at Lake Cisco

and Mrs. Alpha V. Clark, who are hosts of the second reunion of the descendants of the late Calvin Brumley, of Cisco, Texas, who are now gathered at one of the parks at Cisco in a three-day get-together.

The direct descendants present except two—Keith Hubertson, Kans., and Ralph McKimney, of Guss. Both were unavoidably away.

The reunion began Friday and is through today. They are having a lovely time and have to continue the annual affair at Cisco each year. Other relatives are expected to arrive.

Present said they wanted to the management of the lake for the many courtesies they. They thanked the Cisco Press for its courtesies in publicity to the event.

### James C. Rominger, Cisco Boy, Writes Interesting Letter from North Ireland

James C. Rominger, 22 years old, writes a most interesting letter from northern Ireland where he is attached to the 2nd Airborne Division, 1st Parachute Brigade, 1st Airborne Division, 1st Parachute Brigade, 1st Airborne Division, 1st Parachute Brigade.

The young man is a son of G. R. Whitney of Breckenridge and a grandson of Mrs. Robinson, 409 W. Eighth street, Cisco.

He attended Cisco public schools about 16 years of age, then he went to Breckenridge where he graduated from A. & M. in 1941.

**His Letter**

It is the most beautiful place I've ever seen. The place is so green, and there are flowers and bushes everywhere. We're right on the base of a mountain with the ocean scarcely 200 feet away. There are large trees and going up the mountain the vegetation is very thick. We live in huts in the big woods, with a rolling landscape as a parade ground.

The huts are different from what we have ever run into. They are long with oval-shaped ends of tin. Fry and I have beds with beds doubled up as one. All of our equipment is in the huts. We are getting back to training. Bob (a pal from Cisco) and I wandered back into the woods yesterday and, let me tell you, it is a treat just to be outdoors.

There is an old castle about 10 miles up among the trees, vacant, and you can imagine the fun we have had running around in it. There are underground passages of all sorts and 30 or 40 rooms underground. It was built about 1800, they say.

The weather is cool, to say the least. We wear combat jackets all day long and even with the jackets it is just a bit chilly. I imagine how hot it is at home, especially in the summer.

**Lots of Daylight**

One thing we are having a hard time becoming accustomed to is the fact that the sun does not set until about 10:15 and it is still very light at midnight. Then it begins to lighten up about 3 a.m. and there are only about three hours of darkness at the end of the year, which means you stay up later than you normally would, and you don't watch it.

The officers' mess is located in a building requisitioned by the

### SERIES OF EVENING MEETINGS TO START AT FIRST METHODIST CHURCH THE NIGHT OF JULY 5

Dr. James T. Carlyon, of the school of theology at Southern Methodist university, will be the speaker in a series of special meetings at First Methodist church the week beginning July 5, according to announcement by the pastor, Rev. Leslie Seymour.

Services will be held each evening at 8:30 on the lawn of the church, the first such worship on Sunday night, July 5, to mark the beginning of the union lawn services sponsored by the Presbyterian, Christian and Methodist churches each Sunday through the summer.

Day-time meetings will be held with special groups of church officials and workers, the time for these to be set according to the convenience of the particular groups involved.

Dr. Carlyon has been for some years an outstanding preacher for young people's summer conferences, as well as to adult assemblies and general church institutes, says Mr. Seymour and he has been successful in churches all over Texas, Oklahoma, Arkansas and Colorado in just the sort of special services to be conducted here in Cisco.

The sermons for the entire series will all be definitely Bible-centered, each one presenting an

DR. JAMES T. CARLYON.

### LAMBERT CHILD DIED AT GRAHAM HOSPITAL

Shirley Lambert, age 8 years, died at Graham Sanitarium at 6 o'clock Friday afternoon from a complication of ill that developed pneumonia. She was the daughter of Mr. and Mrs. L. P. Lambert of the Bethel community.

The funeral was held at Breckenridge at 4 o'clock Saturday afternoon, a Breckenridge minister officiating. Interment at Breckenridge.

The Neil Lane funeral home of Cisco had charge of the remains.

### JUDGE SCOTT REMOVING HIS LAW OFFICE

Judge D. K. Scott announced Saturday that he will remove his law office from the Spencer building in the 100 block on West Eighth street, to the Scott building, 109 East Sixth street. He has maintained his law office in the Spencer building for about 20 years, but said he was getting away from climbing the stairway to the second story.

He owns the building to which he is removing, and will fit up an office in the room adjoining the Dunn Produce Co., which has been made ready for his occupancy. He stated he would begin moving Monday morning. He was not decided Saturday just what improvements he expected to make in his new office.

Judge Scott is a native of Jefferson, O., but moved to Dallas, Tex., in 1872 and came to Cisco in 1899. He was born August 7, 1855.

### CHESHIRE WILL STUDY RADIO TEXAS A. & M.

Franklin C. Cheshire, 17, son of Mr. and Mrs. F. C. Cheshire, 1511 Railroad avenue, who quit school in April to join the U. S. navy, is now enroute from San Diego, Cal., to Texas A. and M. college for a special course in radio work.

The young man has been in a training school at San Diego since shortly after he signed up with Uncle Sam and a wire received by the parents Saturday morning announced his transfer to A. and M.

### 300 PASTORS AT SMU SUMMER SCHOOL

Rev. Leslie Seymour, pastor of First Methodist church, returned Friday evening from Dallas, where he has spent the past week attending the summer school for pastors at Southern Methodist university.

Mr. Seymour says the principal speaker for the week's program was Dr. E. Stanley Jones, who has been for 35 years a missionary in India and who had, in his world travels, personal contacts with some of the world leaders, including Mahatma Gandhi, Toyohiko Kagawa, General Chiang Kai Chek, Lord Halifax and President Roosevelt.

Other distinguished speakers and teachers were Bishop Paul B. Kern of Nashville, Bishop Frank Smith of Houston and Bishop Ivan Lee Holt of Dallas.

Some 300 Methodist pastors were in attendance at the school.

### SANFORD AND OTHER CISCOANS HELP ERECT PLANT THAT MAKES MAGNESIUM FROM SEA WATER

C. R. (Bob) Sanford, formerly of Cisco, was superintendent of the Hughes Chevrolet company trucking division which kept a fleet of trucks running day and night to move material necessary to complete Freeport's biggest magnesium factory three months ahead of schedule—to pour the first ingot of metal made from sea water last Friday.

Other Ciscoans now working at Freeport are Bob Black, Gregg Simpson and V. B. McMurray. Two former Ciscoans are now working at the plant. They are John Smith, formerly with A. G. Motor company, and Curtis Sanders, former Cisco policeman. These men have moved their families and are making their homes in Freeport.

Sanford recently moved his equipment to Gainesville and is now working at the army camp in course of construction there.

The \$52,000,000 plant was built in seven months—three months ahead of schedule—and will be in full production by Nov. 1. It is twice as large as the Dow plant which has been making magnesium from sea water at Freeport for many months.

After the first ingot of the precious metal—vital in airplane manufacture and other war materials—was poured it was presented to Sam B. Husband, president of the defense corporation, and A. H. Bunker, chief of the aluminum and magnesium division of the WPB, by Dr. Willard H. Dow of Midland, Mich., president of the Dow Chemical company.

### BROTHER OF MRS. ROY A. LANGSTON DIES

Dr. and Mrs. Roy A. Langston and daughter, Miss Cathryn Langston will go to Gatesville today, where they will attend the funeral of Mrs. Langston's brother, F. C. Thomson, 65, who died suddenly in Temple, Saturday.

Mr. Thomson will be buried in the Gatesville cemetery beside his wife, who preceded him in death some three years ago. He is also survived by a daughter, Mrs. J. E. McClellan of Gatesville, a sister and two brothers. He was a wholesale grocer.

### SPECIAL ELECTION ORDERED BY THE STATE

County Judge W. S. Adamson received notice from the secretary of state Saturday that it would be necessary to hold a special election on July 25 to name a successor to P. L. (Lewis) Crossley, who resigned as representative from the 106th legislative district.

Judge Adamson said special ballots would be printed and that he would try to work out a plan with County Executive Chairman Lyle by which the special election could be held in the same quarter as the Democratic primary.

There are three entrants in this race—L. H. Flewellyn, June K. Hendricks and W. O. Coffey.

### LIEUT. BERRY EARL ALKIRE OF THE NAVY IN NEW YORK

Lieut. Bill Berry of the U. S. air corps left Saturday for his post at Stockton, Cal., after a week's visit here with his parents, Mr. and Mrs. P. G. Berry and his many friends.

Another son, Jim Berry, a cadet at the San Angelo flying field, was here for a brief visit with his parents and his brother.

Earl Alkire, 25, son of Mrs. W. W. Alkire of Cisco, U. S. navy radio man, is now stationed in New York City.

The young man, who graduated from Cisco high school with the class of 1935, has been stationed at Pensacola, Fla., for the past three years.

### NAZI HEAD ALSO SUGGESTS THAT GEN. DWIGHT D. EISENHOWER OF TEXAS HAD A HAND IN THE RAID

LONDON, June 27. — Germany, making dark threats of vengeance for the 1,300-plane raid on Bremen, suggested today that Maj. Gen. Dwight D. Eisenhower, of Texas, new United States army commander in the European theater of operations, "had a hand" in the attack.

It was apparent that the Germans were trying to draw a reply which would tell them just what Eisenhower was doing and whether planes of the United States army air corps were set ready to join the Royal Air Force in smashing German cities one by one.

### BRITISH PLANES RANGED OVER GERMAN-OCCUPIED TERRITORY DURING THE NIGHT, BOMBING AIRDROMES AND OTHER TARGETS IN OFFENSIVE OPERATIONS OF LIMITED SCALE, AND A SMALL GERMAN PLANE FORMATION MADE A SAVAGE ATTACK ON NORWICH. MEANWHILE, THE GERMAN RADIOS BEGAN BLARING THREATS OF VENGEANCE.

British planes ranged over German-occupied territory during the night, bombing airdromes and other targets in offensive operations of limited scale, and a small German plane formation made a savage attack on Norwich. Meanwhile, the German radios began blaring threats of vengeance.

"Britain will pay heavily, in due time, for the murderous, barbarous attack on Bremen, where German women and children lost their lives," the Berlin radio said.

"These are terror attacks by barbarians against the crusaders of European culture.

"Maybe Eisenhower, the new commander of American forces in Europe, had a hand in the Bremen attack. The British will pay for all attacks Eisenhower may cause to be launched against the German civilian population.

"The fuhrer many times said he was against bombing civilians, but Churchill and Eisenhower decided to wage war on German women and children. The British population will pay with their lives for every German victim of terror raids."

### 100 MASONS AT DIST. SESSION FRIDAY NIGHT

Frank Leach of Cisco, deputy grand master of the 73d Masonic district, presided at the district meeting held Friday night with Eastland lodge No. 467, at Eastland. About 100 Masons were present, 18 of these being from Cisco.

Dr. E. M. Wood of Anson, grand master, was unable to be present.

Rev. Andrew Morgan of Breckenridge and Judge J. J. Callaway of Cisco were the principal speakers, but brief talks were made by some one from each lodge in the district. Lunch was served at 7 p.m.

The 73d district is composed of Masonic lodges at Cisco, Rising Star, Eastland, Ranger, Gorman, Wayland, Desdemona and Breckenridge.

### BILL LLOYD OF PICTURE SHOW GOES TO ARMY

William A. Lloyd, about 36 and a motion picture operator with K. N. Greer for the past 17 years, has been called for service by the government and will go to Abilene Monday for induction.

Lloyd is unmarried and made his home with his mother, who lives on the Breckenridge highway.

"Lloyd has been one of the most efficient and dependable employees we have ever had," Mr. Greer said, "and I'm betting he'll make a fine soldier. It will be almost impossible to replace him and we have decided to close our second picture house, the Texas, for the summer."

**POLES REVOLT**

LONDON, June 27.—The Polish Telegraph Agency quoted German newspapers Saturday as reporting daily fights on the frontier of Polish territories incorporated into the Reich and government general Poland, between Polish guerrillas and German police. During one skirmish with an SS motorized detachment 12 Poles were captured and shot on the spot and five German officers were killed, the agency said.

China had 4,500 trucks on Burma Road. Experts say 35 cargo planes could carry as much. Imagine a war lost for want of 35 planes.

Publisher and General Manager,  
**W. H. LAROQUE,**  
Advertising Manager

Published daily except Saturday and Monday at Cisco, Eastland County, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas. Editorial and publication offices at 204-206 D avenue, Cisco, Texas.

National advertising representatives, Texas Daily Press League, Dallas, Texas.

**SUBSCRIPTION RATES:** \$2 per year by mail (outside of Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas, outside the above-mentioned counties, \$3.50; \$4.75 in U. S. outside of Texas.

**PREPARATION AND AUDACIOUS ACTION**

"Neither optimism nor pessimism will win this war," wrote Dorothy Thompson recently, "but meticulous preparation, audacious action, taking advantage of every weakness of the enemy, and the use of every hand, brain, material and substitute material that this energetic and ingenious nation can muster. In a war like this one, we must assume at every moment, from start to finish, that its entire outcome depends upon US. In favorable moments we must not relax; in distressful moments we must pull ourselves together. At no moment must our efforts be affected by our moods."

It is undoubtedly true that many of us have given way to unjustified optimism of late. That is only natural. We exaggerate United Nations victories and minimize Axis victories. A high government official said not long ago that, judging by the headlines in some newspapers, General MacArthur's forces must be knocking at the gates of Tokyo. Even the best of editors succumb to wishful thinking at times, and their papers reflect that attitude.

The plain truth is that, unless the completely unlikely occurs, we have barely started our war effort. The maps of the world tell the whole sorry story. Japanese dominance in the South Pacific is complete. China is in extreme danger and Burma has been lost. British Asiatic forces have fought bravely, but they have constantly been overwhelmed and forced into retreat. The complete loss of the Philippines has released crack Jap divisions for service elsewhere. In Europe, Hitler is still supreme. The Russians have performed wonders in holding back the Nazi legions. But the fact remains that much of Russian territory is still in Hitler's hands, and that Nazi General Rommel is steadily advancing towards the Suez Canal.

There is no cause for pessimism in all this. The Axis was ready for war and the United Nations were not, and serious reverses were inevitable. And at the same time, we must not make the fatal mistake of thinking that all is going perfectly, and that there's nothing much to worry about. It has been observed, with great accuracy, that the United Nations won't lose the war unless they start thinking that they can't lose it.

The Burma campaign illustrates our difficulties. Lieutenant General Stilwell and the other commanders planned brilliantly and their forces fought brilliantly. They just didn't have the equipment. General Stilwell had this to say: "I claim we got a hell of a beating. We got run out of Burma and it is humiliating as hell. . . . The Japanese are not super-men. If we go back properly proportioned and properly equipped we can throw them out."

The invader, in brief, had the material that a modern war demands. The defenders didn't.

Here at home, as the commentators have been saying, we have got over the production hump. Within a few months the production of war materials of all kinds will reach fantastic dimensions. What we still have to do is to win the battle of transportation.

The task of supplying forces which are fighting on battlefronts of every section of the world, thousands of miles from the production lines, is staggering. We have not yet solved the U-boat problem. We haven't enough naval craft to keep the convoys going with minimum losses. This is going to take time—and it is going to take stupendous, undivided effort as well.

In short, we are still fighting delaying actions for the most part. We are not yet in a position to start the gigantic counter-offensive which will recapture the many vital positions the United Nations have lost, and carry the war to the home of the enemy. But we are moving swiftly toward the day when that will be possible, and the long-pull outlook grows steadily brighter. In the meantime, it

is obviously the part of wisdom to figure on a very long, very arduous war. One thing we can't afford is overconfidence.

**GAS STATION MEN**

Any citizen who assumes that he is doing a gasoline station a favor when he pulls in and dumps a load of old rubber is precisely 100 per cent wrong. The favor runs the other way. The generous donor is only making more trouble for a brand of business that was already having plenty of grief, with the current loss of sales from less driving, and with loss of helpers through the army draft.

The gas people accepted this rubber collection job, just as they have accepted a lot of other public or semi-public services that don't pay them anything, because that's the kind of business it is and that's the kind of people who run it. Does the average American really appreciate the services rendered regularly by the vast army of men operating gasoline stations throughout this country? There is nothing like it anywhere else in the world. The institutions they have built up is maintained at a high level, although now operating under obvious difficulties.

Little kids in school have, or used to have, a song like this: "The policeman dressed in blue is a friend to me and you." Well, the gas station men are friends to all the world. And it is literally true that, as much as any other kind of people you can think of, they keep the world going.

**BLACKOUT PHILOSOPHY**

There is one very good rule in case of doubt in blackouts. If you are tempted to leave "just a little bit of light" in a spot where you hope it will not show through to the outer world, but cannot be quite sure—out with it. A little bump in the dark is better than a bomb. Even a tumble down stairs may be less dangerous than a burning factory.

Make everything in the house as fool proof as possible—put a "baby gate" at the top of the stairs if necessary, and lock the cellar door. Think of everything. Then adopt the army's slogan, and get the family to keep it always in mind: "When in doubt, put it out."

**GETTING TO WORK**

Experts say the most important part of the human transportation problem now is to get workers to their jobs. Whatever is done about automobiles and tires, nothing can be allowed to interfere with this industrial transportation.

Thus factory employes become persons to be recognized and deferred to. In case of a shortage of conveyances, they may yet take precedence over mere merchants and professional people. If ordinary forms of transportation failed, it might be necessary to provide special busses for them.

For the present, however, the automobile problem seems to be easing up somewhat, except in the eastern tier of states, and private jalopies and public busses mostly still seem to serve the purpose.

For the present year, at least, the tire problem is not very serious. Bicycles carry more and more workers, both white-collar and dinner-pail. One valuable contribution to the personal transportation problem might be a new breed of simpler and cheaper bicycles.

A 50-foot length of old garden hose will furnish rubber equivalent to that in a navy inflatable life raft.

A large crowd attended Sunday school Sunday. Next Sunday is regular preaching day. Come and bring someone with you.

The Dan Horn ladies finished the mattress and comfort making at Scranton Monday. There were 17 mattresses and 12 comforts made. The job was supervised by Mrs. M. D. Speegle.

News has been received here by relatives that Mrs. Joe Douglas was buried at Lubbock Thursday, June 18. Boose Sawyer, her brother, with whom she made her home, died the night of June 18. Both lived in this community for many years before moving to the west. Mr. and Mrs. Sawyer own a farm here. Mrs. Marvin

**POLITICAL.**

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to action of voters at Democratic primary of July 25, 1942:

- STATE REPRESENTATIVE, 106TH LEGISLATIVE DISTRICT  
L. H. Flewellen
- 107TH FLORIDAL LEGISLATIVE DISTRICT  
Omar Burkett of Eastland County (re-election)  
Cleve Calloway of Callahan County
- DISTRICT CLERK  
John White (re-election)  
Claude (Curley) Maynard
- CRIMINAL DIST. ATTORNEY  
Earl Conner, Jr. (re-election)  
Allen D. Dabney, Jr.
- COUNTY JUDGE  
W. S. Adams (re-election)
- COUNTY SCHOOL SUPT.  
T. C. Williams (re-election)  
Homer Smith  
C. S. (Clabe) Eldridge
- COUNTY CLERK  
R. V. (Rip) Galloway (re-election)
- TAX ASSESSOR-COLLECTOR  
Clyde S. Karkalits (re-election)
- COUNTY TREASURER  
Mrs. Ruth (Garland) Branton
- SHERIFF  
Loss Woods (re-election)  
John S. Harter  
John C. Barber
- COMMISSIONER PRECINCT 4  
Arch Bint (re-election)

Weed a sister, returned home Sunday. We extend our sympathy to the bereaved.

Mr. and Mrs. W. G. Jessup spent Sunday with their daughter, Mrs. James Harris, and family.

Mr. and Mrs. Rex King and son of Plainview, recently visited in the Clyde King home.

Mr. and Mrs. Grover Taylor were guests of Mr. and Mrs. C. A. Livingston Sunday.

Misses Katiebeth Speegle and Betty Jo Beene spent Sunday with Miss Mary Cloma Morton.

Mr. and Mrs. Marvin Weed of Union visited in the W. H. Ervin home Sunday evening.

Mrs. W. B. Starr left Monday for College Station.

Mr. and Mrs. Weldon King of Midland spent Sunday with their parents, Mr. and Mrs. Clyde King.

**MY STOWAWAY HEART**

(To the Sweethearts and Mothers of the Lobo Flying Squadron)  
When I sang swing, swing,  
Wished for rope to touch the sky,  
I little thought  
My heart would be caught  
And carried by some one so high.  
While you're up in the clouds  
The world is yours  
And, darling, so am I.

As you ride the clouds in the twilight  
And are called to your base by its beam  
So my heart is always calling  
That you'll come to me is its dream.

They may think you are flying solo,  
They may write it up on their chart,  
But out on the wings and under the cowl  
Will be riding my stowaway heart.

It's my wish you should take it to battle,  
Do not shield it from aught of the strife,  
It will fly where you fly, My Darling,  
For it's yours for the rest of my life.

**11 IN THE RACE FOR TEXAS R. R. COMMISSION**

AUSTIN, June 27.—The state Democratic executive committee was well within its rights in extending to June 11 the time in which candidates could file for the unexpired term of Railroad Commissioner Jerry Sadler, resigned to enter the army, the supreme court held Friday in opening the ballot to ten aspirants who filed in opposition to James E. Kil-

day, who brought the injunction suit to keep their names off the ticket.

The court expressly withheld any opinion as to whether the office is or was vacant, since Sadler was not a party to the suit and his right to the office was not an issue in the case. It pointed out that Kilday will not be injured by the state committee's extension of time if the office is not vacant.

Sadler sent a letter to Governor Stevenson withdrawing, or purporting to withdraw, his resignation after two adverse decisions.

While the matter of vacancy will have to be litigated if Sadler persists, the state committee will go ahead with its primary election on the hypothesis that Sadler did resign and that too much happened immediately thereafter to permit a valid withdrawal of the resignation.

**Men don't deny** the conquered pleasure. They made the men attend Heydrich's funeral.

**are you eligible for recapped tires?**

**WE'LL HELP YOU GET A CERTIFICATE FOR GOOD YEAR RECAPPED TIRES**

Many thousands of car owners are eligible for recapped tires.

Come in and get the facts. We'll advise you if you are eligible, and will help you obtain a certificate.

The closest thing to a new tire you can buy is a tire recapped with Goodyear materials—the Goodyear way! Every step—from inspection to curing—is done by factory methods and equipment and best quality wartime tread rubber available is used. All sizes can be recapped.

See us today—for complete information.

Mrs. V. Huffman Was Honoree At Luncheon

Mrs. Viva S. Huffman of Houston, worthy grand matron of the Order of Eastern Star of Texas, was honor guest at a covered-dish luncheon held in the dining room of the First Christian church at 12:30 Saturday. Mrs. Huffman is the retiring worthy grand matron and the occasion was one of fellowship and good will. Members from Ranger, Eastland, Gorman and Desdemona were present. The luncheon was served buffet style, with guests seated at long tables attractively decorated with calla lilies in red and yellow. The invocation was given by the honoree.

Following luncheon the guests repaired to Masonic hall, where an afternoon session was held. Mrs. Ruby Huffman presided at the opening of the meeting and introduced the guest speaker, Mrs. Viva Huffman, who gave an encouraging patriotic address. Gifts were presented to Mrs. Viva S. Huffman, worthy grand matron; Mrs. Estelle Cabaness, assistant worthy grand matron; Mrs. Della Moore, district deputy grand matron; Abilene; Mrs. Winnie Wynne, district deputy, Eastland.

Among those attending were Mrs. Viva S. Huffman, Houston; Mrs. Izzetta Woods, Mrs. Lueta Cole, Mrs. Thelma Batt, Mrs. Cora Arrendale, Mrs. Katie Paschall, Mrs. Gladys Morton, Mrs. Anna

McEver, Mrs. Dolly Lador, Mrs. Stella Blackwell, Mrs. Vera Cooper, Mrs. Mamie McKinney, Mrs. Catherine Williams, Mrs. Emma Donley, Mrs. Martha Ussery, of Ranger; Mrs. Mary L. Barton, Mrs. Ida Smitham, Mrs. Clara Wingate, Mrs. Diamond Halkais, Miss Laverne Wingate, Miss Florence Jessop, Mrs. Bernice Treadwell, Mrs. Daisy Page, Mrs. Elsie Fiency, Miss Sallie Morris, Mrs. Cross, Mrs. Bessie McWilliams, Mrs. Ola White, Mrs. Eunice Burk, Mrs. Hannah Lindsey, Mrs. Winnie Wynne, Eastland; Mr. and Mrs. Tom B. Cabaness, Temple; Mr. and Mrs. Moore, Abilene; Mrs. Maggie Cook, Mrs. Kate Powell, Cross Plains.

Mrs. Laura Pendarvis, Mrs. Ila Butler, Mrs. Clara M. Smith, Gorman; Mrs. Sadie Bedford, Mrs. Altha Williams, Gid Tarpley, Irene Baker, Ethel Parks, Desdemona; Mrs. Ruby Huffman, Mrs. Mary E. Brown, Mrs. Minnie Lee Rosenthal, Mrs. Anna Lemarr, Mrs. Anna D. Watson, Mrs. Fred Steffey, Mrs. Irene Britain, Mrs. Laila Smart, Mrs. M. M. LaFever, Mrs. Leon McPherson, Mrs. Florence Williams, Mrs. Nona Dean, Mrs. Beulah M. Witten, Mrs. Selma Tableman, Mrs. Ione Fewell, Mrs. Pearl Kunkle, Mrs. Nadeene Stevens, Cleo Huestis, Mrs. Sarah Ann Parmer, Mrs. Kate Richardson, Messrs. Fred Steffey, George T. Lamarr, H. T. Huffman, J. M. Witten, Mitchell Perdue and W. W. Fewell, Cisco.

N&T Club Met Thursday In Prickett Home

Mrs. T. R. Prickett was hostess to the Needle and Thread club Thursday afternoon, with Mrs. James Huddleston presiding. Pot plants and seasonal cut flowers adorned the rooms. Roll call response was a true story of the first meal cooked for husband, with later improvements noted. New officers were elected.

Those chosen were: President, Mrs. C. E. Turknett; vice president, Mrs. R. D. Jones; secretary, Mrs. J. E. Whisenant; reporter, Mrs. T. R. Prickett; historian, Mrs. I. W. Robinson. A shower of thanks was given the retiring president, Mrs. James Huddleston and the secretary, Mrs. S. B. Parks, for faithful and efficient work the past year. The remainder of the afternoon was spent in sewing. The club wrote a letter—each member writing a line—to a former member, which was the closing feature of the afternoon.

A salad plate with tea was passed to the guests at the close of the meeting and favors of inscribed shells were presented to each. Those present were Mrs. S. B. Parks, Mrs. C. E. Turknett, Mrs. A. L. Clark, Mrs. E. C. McClelland, Mrs. J. E. Whisenant, Mrs. I. W. Robinson, Mrs. James Huddleston, Mrs. R. D. Jones, Mrs. H. R. Garrett, Dorothy Garrett, Ronny Huddleston, Larry Joe Prickett, Malla Qua Prickett and the hostess, Mrs. Prickett.

The next meeting of the club will be held on July 9th with Mrs. J. E. Whisenant hostess.

Methodists To Be Hosts At Meet Tuesday

The all-church social for the women's societies of Cisco churches will be held Tuesday afternoon at 4 o'clock at the First Methodist church. Chaplain James R. Sewell of the 155th infantry division, Camp Bowie, will be the speaker for the afternoon. Chaplain Sewell will bring with him a vocalist and a pianist to assist in the entertainment. All women are invited to attend, announced Mrs. Neil Lane.

CATTLE MARKET

Very light supplies of cattle and calves reached Fort Worth for Saturday's trading. These sold at steady prices. Hogs were about steady with Friday's average levels at a top of \$14.10 paid by packers. The market was steady to 10c higher

than prices prevailing a week earlier.

Most of the sheep receipts were stockers. Good slaughter classes were scarce. Prices were called nominally steady.

No mature steers sold early, three loads being unsold at 10:30 o'clock. Medium to good fat yearlings brought \$9.50 to \$11.50. A few common grasser yearlings sold downward to \$8.

Medium to good beef cows cashed at \$8 to \$9, butcher sorts around \$7.75 and canners and cutters at \$5 to \$7.50. Occasional bulls were weighed up at \$7.50 to \$9.25.

A few good fat calves sold at \$10.50 to \$11.75, butcher calves at \$8.50 to \$9.75 and culls downward to \$7.

No stockers were reported in the fresh supply. Demand and prices were generally reported unchanged.

Packers took the good and choice 180 to 280 pound butcher hogs at mostly \$14.10. A few 150 to 170 pound weights cashed at \$13.35 to \$14. Packing sows sold at \$12.75 or \$13. Stocker pigs were scarce.

DOCTORS WILL DEVOTE STUDY COMMON COLD

SAN FRANCISCO, June 27.—A two-year all-out study of the common cold was started recently by a research team of 10 doctors in the University of California Medical school.

The doctors will attempt to bring together for the first time all the facts concerning the conditions which make a person susceptible to a cold and to other respiratory diseases. Heretofore, studies of the cold have not been comprehensive, but have been concerned with phases of problem.

The study, under the direction of Dr. William J. Kerr, professor of medicine, will include respiratory diseases caused by bacteria, viruses and allergies.

One of the most important aspects of the work will be study of the physical influences caused

by changes in the weather and over cooling. To study this, the scientists have built a special room large enough for six persons, in which the temperature and humidity of the air can be changed to any conditions quickly and at will.

This phase of the study involves particular emphasis on the functions of the nose, the air-conditioning mechanism of the body. The human nose warms, filters and humidifies all the air that passes through it into the lungs.

ENEMY SUB SUNK

A FLORIDA PORT, June 27.—The alert navy gun crew of an American sugar boat hit and almost certainly sank an Axis submarine off the coast of Cuba, the master of the vessel said Saturday. Capt. John E. Ellison of Upper Darby, Pa., said the raider was taken by surprise and did not have time to fire torpedoes or get its

deck into action and about 30 bullets struck the ship without doing any damage.

THREATENED PRESIDENT

ATLANTA, June 27.—Howard Lancaster of Rome, Ga., Saturday faced possible five years imprisonment and a \$1,000 fine, after in-

dictment by a federal grand jury on charges that he threatened the life of President Roosevelt. The indictment charges that he "unlawfully, knowingly and willfully" called the president uncomplimentary names and spoke of "a band to draw lots" to kill the chief executive.

**We Are Happy to Announce . . .**

. . . that our prices for abstracting will not advance even though the cost of abstract materials has greatly increased since Pearl Harbor. Furthermore, there will be no change in the high standard of service maintained by this company for 20 years.

Send in your order today, and continue to depend on us for dependable abstract work!

**P. L. (LEWIS) CROSSLEY**  
CANDIDATE FOR  
COUNTY JUDGE, EASTLAND COUNTY

**LET'S CELEBRATE**

**UNCLE SAM'S BIRTHDAY!**

*With His Army Officials This Year At*  
**LAKE CISCO!**

Uncle Sam's 166 years have been spent mostly in fields of constructive peace activities . . . It's true he has had to grab his gun and fight to maintain the PRINCIPLES OF LIBERTY FOR WHICH OUR FOREFATHERS FOUGHT, but during the 166 years much advance has been made in civilization.

But this year finds this great man with his gun and armaments of ships, airplanes, great bombers and other weapons, fighting in remote parts of the world to help others find the path of peace for which he is ready to fight, while defending his own home.

**UNCLE SAM IS GOING TO SEND AN ARMY CONTINGENT TO CISCO JULY 3 TO AID CISCOANS TO CELEBRATE HIS BIRTHDAY IN A MILITARY MANNER**

Soldiers, large and small guns, and a military band, will be here Friday, July 3, afternoon and night, and then the armament of guns will be on display July 4 at the north end of Main street, from which point a real parade will form to march the length of that street.

**Citizens May Inspect These Guns at 8:30 on the Morning of July 4**  
**THE PARADE WILL FORM AT 10 O'CLOCK SATURDAY MORNING**  
*Let Every Cisco Citizen Give Uncle Sam a Birthday Gift... Let It Be*  
*A Resolution to Give of Our Means for War Stamps and Bonds and in Whatever Other Way We Can!*

**CITY OF CISCO**

**LET'S CLEAN UP OUR TOWN!**

**A Man Is Judged by His Clothes Even Though Clothes Do Not Make the Man—**

**A City Is Judged by Its Appearance and the Cleanliness of Its Streets and Homes—**

**AND THIS CLEANLINESS DOES MAKE THE HEALTH OF THE TOWN!**

Cisco has been known far and wide for the cleanliness of its streets, and its well-kept homes—streets and alleys—

There are now few flies or mosquitoes to mar the comfort of sitting on the cool lawns in the evenings— but this will not continue if we allow the weeds and grass to grow uncurbed on premises and vacant lots. Cisco city dads and our health board are concerned about our neglected weeds . . . How about you, Mr. Home Owner?

Let's BUY WAR STAMPS AND BONDS AND CONSERVE FOR VICTORY, BUT LET'S ALSO KEEP A CLEAN CITY FOR THE HEALTH OF OUR FAMILIES THAT WE MAY BE STRONG FOR THE TASKS WE MAY BE CALLED UPON TO PERFORM.

**CISCO GAS CORPORATION**

### BRIEFLY TOLD

Jimmy Barrows who has been visiting relatives here has returned to his home in Breckenridge.

Miss Dorothy Jean Watson has returned to Kansas City with her uncle and aunt, Mr. and Mrs. Charles F. Morrison, to spend the summer vacation.

H. N. Lyle spent Saturday and today in Abilene attending a celebration in which the new Ninetieth Division of Camp Barkeley entertained members of the former

Ninetyth division of world war number one. Mrs. Lyle went to Abilene Saturday night to join her husband in a weekend visit there.

Bob Grantham and Wilbur Ghormley have gone to Lubbock, where they are employed by the Hansen Airport Construction company.

Lieut. Jerry Norwood of Camp Wolters is spending the weekend with his mother, Mrs. O. J. Norwood, of Hobbs, N. M., who is a guest of her sister and husband, Mr. and Mrs. Baby Miller.

Mrs. C. R. Cogswell and son George of Dallas are guests of her parents, Mr. and Mrs. G. B. Langston.

Mrs. H. G. Self of Port Sullivan and Mrs. Richard Stovall and sons, Franklin and Robert, of Floydada, are visiting in the home of Mr. and Mrs. C. P. Cole.

Miss Jennie Carrothers of Sylvester, who has been visiting her sister and husband Mr. and Mrs. Haywood Cabaness, left Friday accompanied by Mrs. Cabaness for a visit with relatives in Idaho.

the inner life without which our days will be hectic and meaningless. Let all who will "come and drink of the water of life freely."

—LESLIE SEYMOUR, Minister.

#### First Baptist.

Rev. Cooper Waters of Merkel will preach at both morning and evening hours. Sunday school at 9:45, F. E. Shepard, superintendent. Preaching service at 11 a. m. and at 8 p. m. Training service at 7 p. m., under the leadership of Paul M. Culp.

#### Christian Science.

"Christian Science" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 28. The golden text is: "Laying aside all malice, and all guile, and hypocrisies, and envies, and all evil speakings, as newborn babes, desire the sincere milk of the word, that ye may grow thereby" (1 Peter 2: 1, 2). Among the citations which comprise the lesson-sermon is the following from the

Bible: "For whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope" (Romans 15: 4). The lesson-sermon also includes the following

passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science, understood, coincides with the Scriptures, and sustains logically and demonstratively

every point it presents . . . It presents the calm and clear verdict of Truth against error, uttered and illustrated by the prophets, Jesus, by his apostles, as is recorded throughout the Scriptures (page 358).

Reddy Kilowatt Says:

'I'll Work for You While You Work for Uncle Sam'

YES, Reddy is happy to help you with your war work—and your home work.

While West Texas womenfolk are busily engaged in civilian defense work, with the USO, the Red Cross, even helping in the campaigns to collect scrap metal and rubber, there remains the homework . . . which also must be done.

It's an important and patriotic job—that job out in the kitchen.

The nation's great production army must be kept healthy and fit.

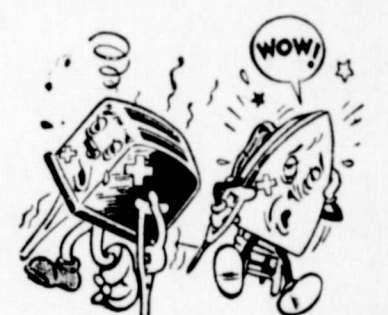

Boys and girls, men and women—all need substantial, fresh, well-cooked vitamin-full foods.

Reddy, now serving army training camps and wartime industries, also is prepared to go right on serving YOU . . . electric refrigeration which keeps foods safe and healthful . . . electric cookery which retains vitamins and other valuable food elements essential to good health.

The sweeper, washer, iron and many other electric appliances all help to save you time and labor.

They are some of the ways Reddy is working for you while you work for Uncle Sam!

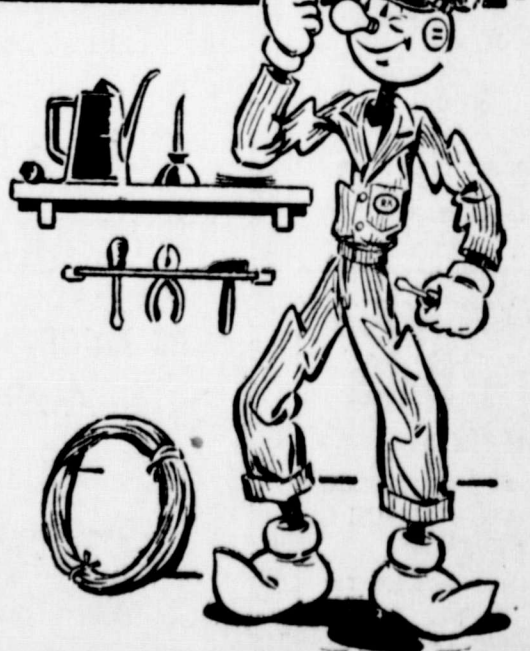

West Texas Utilities Company

### Keep 'Em Working

A plan has been worked out whereby we can offer assistance in helping to keep your electric appliances in useful working condition for the duration, regardless of make or where originally purchased, insofar as new parts are obtainable. Ask about repairs at our nearest local office. This new service is offered only as a convenience to you in communities where it is not elsewhere available or the dealer from whom the appliance was originally purchased has discontinued business.
