GOLDIER-CIVILIAN STREET DANCE 9:30 TONIGHT

DANIEL AND O'CONNOR AT CISCO JULY 11

Both men are good speakers and Senator Daniel, particularly, is very popular in Eastland county. He always visits the principal cities of the county by nice majorities in every race he has made since entering politics just a few years ago. Mr. Longabaugh is called on his arrival and later made a brief visit to the office of the Cisco Daily Press. The Caravan will be here from Breckridge. AND FOR 4TH... PRACTICE... T 7 TONIGHT

STAMEY WILL PRESENT MOVING PICTURE

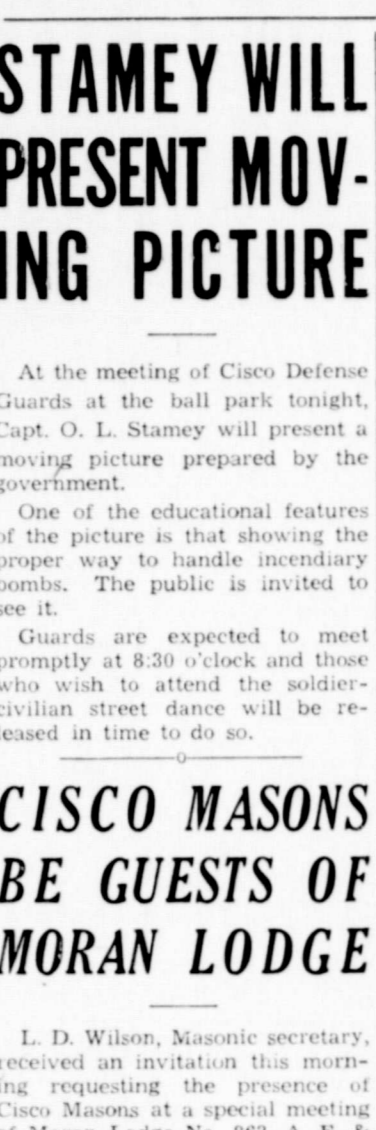

At the meeting of Cisco Defense Guards at the ball park tonight, Capt. O. L. Stamey will present a moving picture prepared by the government. One of the educational features of the picture is that showing the proper way to handle incendiary bombs. The public is invited to see it. Guards are expected to meet promptly at 8:30 o'clock and those who wish to attend the soldier-civilian street dance will be released in time to do so.

CISCO MASONS BE GUESTS OF MORAN LODGE

L. D. Wilson, Masonic secretary, received an invitation this morning requesting the presence of Cisco Masons at a special meeting of Moran Lodge No. 863, A. F. & A. M., Thursday night, July 9, at 8:30 o'clock, when the master degree will be conferred on two candidates. Preceding the meeting refreshments will be served at 7 o'clock in the American Legion hall. Please advise how many will attend from Cisco, the invitation stated, which was signed by A. T. Grace, worshipful master, and A. E. Cuno, secretary. Secretary Wilson stated it was undetermined how many will attend, but it was thought a large number would represent the Cisco lodges.

WAR EFFORT COMES AHEAD OTHER THINGS

L. H. Flewellen, Ranger attorney and candidate to succeed P. L. Crossley, resigned, as representative from the 106th legislative district, issued the following statement to the voters of Eastland county: Because of the rubber shortage and present restrictions, it is the patriotic duty of all citizens to conserve tires. Therefore, it will be almost impossible to contact each of you in person. However, as a candidate for representative of the 106th district, composed of Eastland county, I will greatly appreciate your support. I am seeking the unexpired term of Hon. P. L. Crossley, resigned, as well as the regular term beginning next January. The office which I seek is one of great importance. If elected, I shall strive at all times to promote the best interests of our country and state, and shall never be afraid to vote my convictions. Our war effort is of first importance, and all other matters must be subordinated thereto. I hold two degrees, the academic and law, from our state university, and have practiced law in Eastland county since September 1, 1919. I have had experience in the oil and gas industries, have served approximately ten years as trustee of the Ranger independent school district, and am now serving a second term on the Ranger city commission. I have also served as a director of the Ranger chamber of commerce, and have been a Democrat all my life. I earnestly solicit your support and trust that I may have the honor of representing Eastland county in the next legislature and during the unexpired term which I also seek. Respectfully yours, L. H. FLEWELLEN, Candidate for Representative of the 106th District.

ROMMEL FORCES DRIVEN BACK IN TERRIFIC FIGHTING; SOVIET ARMY HOLDING TO SEVASTOPOL

The Axis twin offensives toward the Near East were beaten back by counter-attacks today by British Imperials on the El Alamein sector of the Egyptian desert front and by the Red Army on the blazing Kursk sector of the Russian front. The British Eighth Army, bolstered by reinforcements and by low-flying American and RAF fighter-bomber squadrons took everything that Nazi Marshal Erwin Rommel could throw against El Alamein, smashed the enemy back and then, speeding across the desert to the south, counter-attacked so furiously that the Axis forces fell back to the west. The battle for El Alamein, for Egypt and the gateway to the Near East was by no means decided and Cairo presumed that Rommel again was attacking, but even the Axis radio broadcasts today withdrew their claims of a major break through toward Alexandria, 60 air line miles away, and acknowledged that the British were counter-attacking. It was too early and dispatches from the front were too long delayed to indicate whether the British under Gen. Sir Claude Auchinleck had been successful in breaking the force of Rommel's offensive in the 40-mile-wide bottleneck between the Qattara salt marshes and El Alamein. The German marshal had moved up air reinforcements to meet the increasing numbers of American and British planes that were blasting his rear bases, his supply lines and flying low over his desert columns at the front to dump their deadly loads of explosives on tanks and armored vehicles. But it was evident that the Allied aerial onslaught had been effective against Benghazi, Derna, Crete, Tobruk and other rear line centers. Benghazi was reported to have been "colonized" by mass bombardment. The Rome radio, although withdrawing its claim that El Alamein was captured yesterday and that the British were being pursued toward the Nile Delta, said that "strong positions" were captured by the Axis southeast of El Alamein and that some 2,000 prisoners were taken. The German communique did not describe the

LAWYERS INVADSE SANTONE

The annual meeting of the Texas State Bar association, which met in San Antonio Tuesday and will continue through Saturday, is drawing large numbers of lawyers from over the state, notwithstanding the rubber shortage. Delegates present number 2,500 and there are many non-delegates in attendance. Three notable men are on the program today—United States Supreme Court Justice Robert H. Jackson, Representative Hutton W. Summers, chairman of the house judiciary committee and Walter P. Armstrong of Memphis, Tenn., president of the American Bar association. Jackson will speak at 7 o'clock tonight. Federal Judge Sam Bratton of New Mexico spoke Thursday and told the delegates that any plan worthy of consideration as a formula for permanent world peace must provide a reasonable opportunity for every nation to share on a fair basis in world buying and selling. Among the Eastland county attorneys in attendance are Judge O. C. Funderburk, Judge Cyrus B. Frost and Judge B. W. Patterson, Eastland; L. H. Flewellen, Ranger; and Forrest D. Wright, Cisco.

JAMES BERRY ON LAST LAP OF FLYING SCHOOL

GOODFELLOW FIELD, San Angelo, Tex., July 3.—With his graduation from this basic flying school, Aviation Cadet James Berry, son of Mr. and Mrs. P. G. Berry of Lake Cisco, this week enters the last lap of his flight training before being commissioned as a flying lieutenant in the fighting army air corps. Cadet Berry now moves on to an advanced flying school, where he will learn to handle the faster, more powerful war-ships of America's growing sky armada. After completing the advanced course he will be assigned to a combat unit or will become an instructor. At Goodfellow Field, where they "say it with flyers," he received his first instruction in aerobatics, instrument formation, cross-country and night flying. In ground school he was drilled in radio code, weather and military law. Typical of the air corps' newest war-time training centers, Goodfellow Field, operating under a greatly stepped-up pilot training program, is turning out an ever-increasing number of fighting air men. Cadet Berry attended Cisco Junior college and Texas A&M college. For a time prior to his entrance into service with the air corps, he was employed by the Hickok & Reynolds Oil corporation of Cisco.

USE OLD CURRENCY.

WASHINGTON, July 3.—Treasury officials said Friday they were "considering" putting back into circulation about \$4,200,000,000 of old Federal Reserve currency which was called in in 1934. A pledge to redeem the money in gold was printed on the money, but this would be meaningless, since it is illegal now for individuals to have gold, except as jewelry. The idea, officials said, was to save paper, nylon and printing.

They are for foreign use exclusively and primarily intended for those writing to members of our armed forces outside continental United States.

CAPTAIN ELAM OF THE 167TH INFANTRY HERE THIS MORNING; ALL SET FOR TONIGHT, TOMORROW

Street lights have been strung on Fifth street adjacent to the Service Men's club and a platform is being erected for the army orchestra which will be used for the street dance scheduled to start at 9:30 o'clock tonight, and to be participated in by soldiers and civilians alike—free to everybody—according to P. R. Warwick, secretary of the chamber of commerce. Capt. Walter Elam of the 167th infantry at Camp Bowie was in Cisco this morning getting all details ready for the arrival of the soldiers at about 5:30 this afternoon. After the dance they will go to the lake and bivouac for the night. Citizens are welcome to observe how Uncle Sam feeds his soldiers, said Captain Elam. The morning of the Fourth will be mostly taken up in a military way, the soldiers drawing up their heavy and light artillery and guns on the Humble lot near Union station for civilian inspection at 8:30 o'clock, which will be followed by the big parade at 10:30 down Main street to Fourteenth. In the afternoon the usual swimming, boating and other water entertainments will be in full swing, continuing from the morning. The Lobo band under the direction of Alton Roan will play at the lake at 4:30, this to be followed by political announcements by candidates, should they so desire. Most of the stores will be closed, it is understood, but some have announced they will be open for business during the entire day of the Fourth. Drug stores, service stations and eating establishments are to remain open, but dry goods stores and some grocers will be closed for the day.

HOGS AT \$14.30

Cattle were slow and weak on the Fort Worth livestock market Friday while calf trade was dull. Hogs opened 5c to 10c higher with late sales 10 to 20c up. The top was \$14.40, while packers paid up to \$14.30. The day's top was 20c below the year's top set in April which was the highest on this market since 1926.

Receipts on the sheep yards were mostly spring lambs and ewes which sold steady. A few good to choice yearling cattle sold from \$12 to \$13 including a package of mixed year-

lings at \$13. Occasional sales of medium grade grasser and short fed yearlings were reported at \$9.50 to \$11 with common yearlings down to \$8. About three loads of good fed steers were unsold, being held over for Monday's trading.

Good beef cows brought \$9 to \$9.50; plain and medium butcher cows \$7.50 to \$8.50; and canners and cutters \$4.75 to \$7.50. Odd bulls cashed at \$7.25 to \$9.75.

Good fat calves ranged from \$11 to \$12 with butcher calves at \$8.50 to \$10.50 and culls from \$7 to \$8.25.

Not enough stockers were on hand to test the market. In the hog yards good and choice 180 to 300-pound butchers turned at \$14.25 to \$14.40 and good 150 to 175-pound averages at \$13.50 to \$14.20. Packing sows were steady to 25c higher, mostly \$13 down, a few at \$13.25. Stocker pigs were strong to 25c higher at \$12.50 to \$13.25.

In the sheep department medium to good spring lambs sold at \$11 to \$12.50.

West Texas Offers Ample POWER

for Schools, Camps and War Industries!

socialistic groups in Washington, our wartime industries today are turning out the needed guns and tanks, ships and planes, with ample electric power.

- The tremendous new wartime loads have been met with the electric industry's total generating capacity working only 50 per cent of the time!
- Here in West Texas our transmission lines bring a surging, endless supply of power to 166 communities, giving all an opportunity to offer Uncle Sam abundant electric facilities for training camps, flying schools, or war industries.
- For that you can thank the trained and experienced men and women of this organization who have dedicated themselves to the future of West Texas—and the American way of living.
