AXIS CLAIM CAPTURE OF MANY RUSSIANS

SEE-SAW BATTLE CONTINUES IN EGYPT ON DESERT FRONT THAT GUARDS NEAR EAST APPROACH

German offensives toward Stalingrad and bomb-shattered Rostov forced the Red Army to give ground again today and threatened envelopment of the entire big bend of the Don river approach to the Caucasus.

The Red Army still was counter-attacking and street-to-street battles against the enemy were in progress at blazing Voronezh on the northern flank, while in Egypt a see-saw battle raged on the desert front guarding the southern approaches to the Near East.

The main enemy operations aimed at isolating the Caucasus and stabbing eastward at the Volga still were surging slowly forward at tremendous cost. The Russians acknowledged that they had fallen back southeast of Boguchar, within about 75 miles of Stalingrad, and had abandoned Millerovo, less than 100 miles from Rostov.

The German communique claimed that rapid progress still was being made by Axis troops south of the bend of the River Don, that enemy men and material "too great to estimate" had been captured or encircled and that the airforce had marked the forward areas with battering attacks on Rostov, Novorossisk and other targets, where big fires were started.

The greatest single battle of the southern front still raged around and in Voronezh, but that blazing city on the German flank has become most important as a symbol of Russian resistance and as a measure of enemy losses.

Its military importance in the main Axis offensive toward the Caucasus was decreased as the Germans extended their grip along the Don river and pushed into the big bend, but the Nazis still must keep up the attack to protect their flank and to make good on their false claim last week that Voronezh has been taken.

Dispatches from the front made it clear that the German high command would pay with the lives of many thousand soldiers and with hundreds of tanks and airplanes in an effort to "save face" by taking the city.

Russian shock troops kept up counter attacks that slashed into the enemy flank on both sides of Voronezh and pushed the Germans back at some points in bloody fighting that raged over scores of small wooded hills, through villages that changed hands many times and from building to building in the southern outskirts of Voronezh itself.

The Germans had moved large dive bomber squadrons and troops in superior numbers across the Don to reinforce the attack on the city, but Russian Stormovik assault planes, artillery and anti-tank guns were striking at them constantly.

Stiff fighting also was in progress on the Kalinin sector, where the Germans were attacking south-west of Rzhev in an effort to protect their communications lines. On the Egyptian desert front, the Germans made some gains in a series of day and night attacks on the coastal flank west of El Alamein, but the British pushed forward to a new ridge on the central front and took many prisoners.

The enemy advance came after three attacks on the Hill of Jesus sector in the north had been repulsed. Nazi Field Marshal Erwin Rommel, using air-borne reinforcements from Crete, then attacked at night and gained new positions which had been taken by the British at the climax of last Friday's five-mile advance. Axis communique claimed that

about 1200 prisoners had been taken and Rome reported that Axis planes had scored hits on a British cruiser off the African coast.

Allied airplanes continued their intense bombardment of enemy positions, reporting increasing success in low-flying attacks that knocked out scores of Axis tanks and armored vehicles.

It was obvious, however, that neither side had gained a strong offensive position or completely seized the initiative.

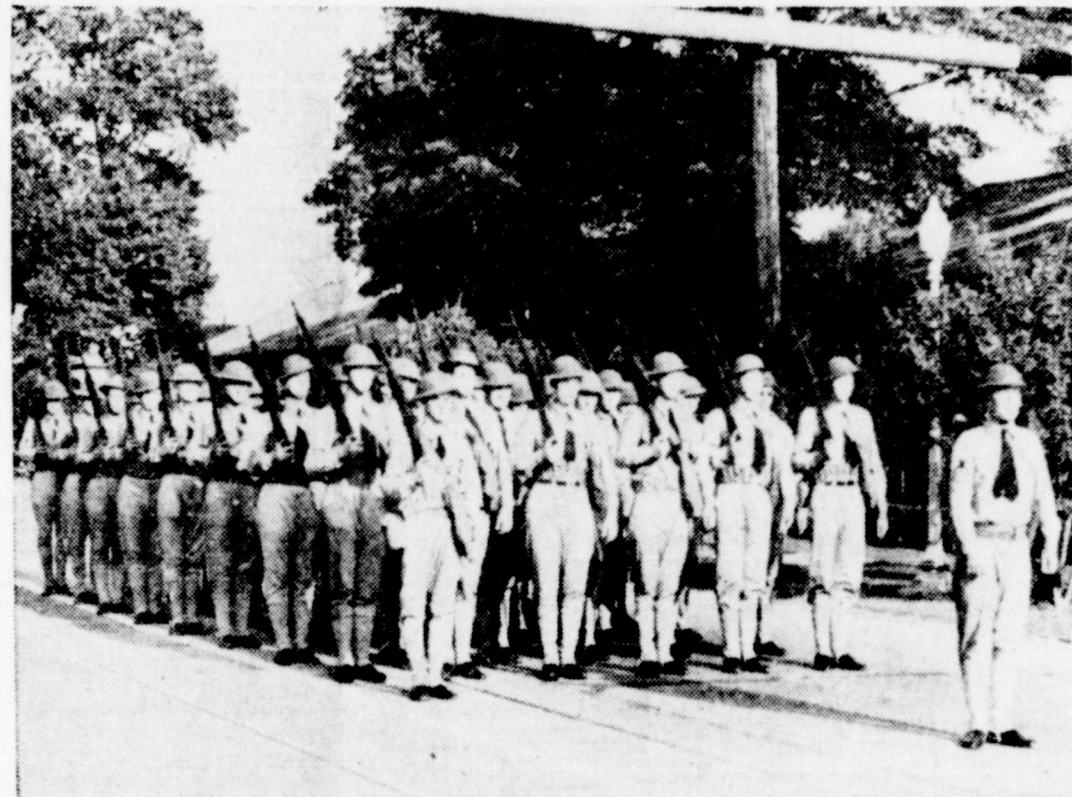

Dispatches from Cairo and Ankara said that Axis reinforcements estimated at 50,000 men were massed in Crete and that a large number had been moved to the Alamein front by air and ship despite British attacks on these supply lines.

MADE BELLY LANDING.

PHILADELPHIA, Pa., July 16.—Lieut. Richard T. Schill of Houston was back on duty unhurt Thursday after making a belly landing late Wednesday at the municipal airport in an army pursuit plane. Taking off on a routine practice flight, Lieutenant Schill lost a wheel as he left the ground. He circled the municipal airport for an hour and fifteen minutes while an ambulance, police cars and asbestos-clad firemen were being mobilized. Then the pilot landed so dexterously that the only damage was a bent propeller.

LABOR TAKEN OVER.

VICHY, July 16.—Chief of Government Laval Thursday assumed direct control of the recently-created government department of French labor in Germany and immediately delegated his powers to Jacques Benoit-Mechin, secretary of state in the foreign office. Latest estimates were that the present drive for labor would net in all about 100,000 workmen for Germany.

NAVY'S HOSPITAL IS A-1

Mrs. W. W. Moore has just received a letter from her son, Joe Lea Moore, now studying at the naval hospital in Corpus Christi, where he is enrolled as pharmacist mate, second class.

Moore writes his mother that he is studying four hours daily and is pleased with the training; he commented on the extreme cleanliness of the naval hospital.

Like most of the men in the service, Moore wants to hear from his friends. His address is Phn. 2C, U. S. Naval hospital, Corpus Christi, Tex. Moore, a native of Cisco, was a director in the Cisco Lions club and, shortly before signing up with the navy, he was made a member-at-large of Lions International and presented with a handsome traveling bag. He was also given an identification card from Lions International.

TEXANS TURN TO STEEL

DALLAS, July 16.—Sale of common stock and debentures was completed Wednesday to provide \$1,000,000 in working capital for the Lone Star Steel company as interests here sought to establish in Texas the first unit of a vast steel industry. Fred F. Florence, chairman of the company's finance committee, announced.

John W. Carpenter, president, and W. W. Lynch, secretary, left for Washington to request the Defense Plant Corporation to proceed with construction of a \$14,850,000 plant near Daingerfield. The plant is to be leased to Lone Star Steel for operation, with an option to buy at the end of the lease period.

To be installed are a blast furnace, coke ovens and facilities for mining ore and for furnishing the coal from deposits near McAlester, Okla.

Before leaving for Washington, Carpenter said, "I feel that this will mark the beginning of one of Texas' greatest industrial developments of the century."

Florence said he expected construction to begin at once and that the plant will begin delivering pig iron to the government within nine months.

SOVIETS SINK TEN SHIPS OF AXIS CONVOY

MOSCOW, July 16.—Soviet dive-bombers surprised a convoy of small Axis ships in the Baltic and sank 10 of them, the Moscow radio said Thursday. A number of other vessels in the convoy were damaged the report added. The Exchange Telegraph Company in London quoted the Moscow radio as stating that Soviet planes had sunk a German transport and blown up several ammunition dumps in an unnamed Axis harbor. Other Soviet planes, it was said, sank an enemy transport which was part of a convoy.

Mr. and Mrs. Sid Bowers and small son Mark Bowers of Abilene are expected Friday for a visit with her parents, Mr. and Mrs. T. H. Purvis.

WILFORD BOATMAN MISSING AFTER JAVA

Word has been received by Mrs. L. F. Bridges, 402 W. Second street, that her grandson, Wilford Boatman, is missing in action.

Boatman, 22, and son of Mr. and Mrs. Lawrence Boatman, who now reside in Oklahoma, was last heard from on December 27. He was a member of the 131st division, which is said to have held the Japs while American forces were being evacuated from Java.

The Boatmans formerly lived in Cisco and Mrs. Boatman is a sister of Mrs. Carl Pence, 309 W. Second street.

95 PER CENT OF TRANSPORT AID IS COLLECTED

T. C. Williams, county school superintendent, has received from the state the eighth payment on transportation aid in the amount of \$2,223. This is 95 per cent of the collection. The other five per cent will be received within the next 30 days, he stated.

"The salary aid collection has been made 100 per cent. The state has been unusually prompt in paying both salary and transportation aid, which has enabled the schools of the county to function on a cash basis," the superintendent announced.

Williams says the June collections of local school taxes have been received and disbursed to the various school districts on the following basis:

TWENTY FLYERS FINISH

The spring class of 20 students at the Cisco flying school finished their course yesterday and two of them have already been called to the army. They will go to Dallas for further training and then on to higher steps as they approach the status of a finished flyer.

Every member completed his flight test and C. A. A. men are here today to start the second class of 24 students immediately.

Those already called to Dallas are C. E. McDonald and John Masburn. Charles Robert, guard at the airport, said John Coulter, one of the flying instructors at the airport, flew to Wauwette, Okla., today where he will be married. He will return with his bride the first of the week. They will make their home in Cisco.

HOGS HIGHER

Cattle and calves found a generally steady market at Fort Worth today. Hogs were steady to 10 cents lower than Wednesday's average with the Thursday top \$14.50 and packers paying up to \$14.40. All classes of sheep and lambs ruled steady.

Good and choice fed steers and yearlings brought \$12 to \$13.50, this range including two loads of steer yearlings at \$13.50, six loads of fed steers at \$12.65, two loads of fed steers at \$12.50 and two loads of fed heifers at \$12.50. Medium grade steers and yearlings with cake-on-grass finish sold at \$10 to \$11.50 with two loads at \$10.50 and four loads at \$11.25. Common grass sold mostly at \$7.50 to \$9.

Good fat cows brought \$8.50 to \$9.25 with a few higher. Common to medium butcher cows cashed at \$7.25 to \$8.25. Canners and cutters sold at \$3.50 to \$7.

Good heavy bulls ranged from \$9 to \$9.50 and common lightweights from \$7 to \$8.

Good to choice fat calves brought \$11 to \$12.50, common to medium butcher calves \$8.25 to \$10.25 and cull calves from \$7 to \$8. Stocker steer calves sold mostly at \$12.50 down and heifer calves at \$12 down. Stocker steer yearlings went out at mostly \$8 to \$11 with a few common yearlings below \$8. Stocker cows went back to the grass at \$6 to \$9.

RAISE OF 44 CENTS A DAY TO 150,000 MEN

WASHINGTON, July 16.—The War Labor Board plans to hand down today its decision in the "Little Steel" labor dispute. It is expected to grant a 44 cents a day raise instead of the \$1 demanded by the 157,000 workers in the four companies involved.

The decision is conceded to be one of the most important the board has been called upon to make. It probably will have considerable effect upon other pending cases before the board involving thousands of aviation and automobile factory workers.

JUDD WOMAN'S FATHER DEAD; 82 YEARS OLD

PHOENIX, Ariz., July 16.—Rev. Harvey J. McKinnell, who came here 11 years ago from Darlington, Ind., to assist in a prolonged legal battle for the life of his daughter, Winnie Ruth Judd, trunk slayer, died early Thursday.

Rev. Mr. McKinnell, 82, was stricken at midnight with a heart ailment and paralytic stroke, his physician said.

A retired Free Methodist minister, Rev. Mr. McKinnell and his wife, who survives him, came here in November, 1931, to stand beside Mrs. Judd who was accused of shooting to death her two best friends, hacking one body to pieces and shipping both to Los Angeles as baggage.

Smart lawyers finally saved the Judd woman from death and she is still in an insane asylum.

CITIZENS ARE PEEVED

MINERAL WELLS, July 16.—Indignation has been expressed here by leading citizens at charges voiced in the current political campaign that vice, gambling and drunkenness are rife in Texas cities adjacent to army camps. Since these charges have been uttered by Hal H. Collins, candidate for governor, who is a resident of Mineral Wells and operator of a Mineral Wells hotel, it is felt here that the charges are a direct reflection upon Mineral Wells.

EXPLOSION ROCKED CITY.

CINCINNATI, July 16.—At least five persons were dead Thursday and a dozen or more injured in a terrific explosion in a midtown auto rental garage which rocked the city and shattered hundreds of windows in a radius of many blocks. Authorities said a preliminary investigation indicated the blast was ignited by an electric switch.

TOO MUCH NOISE.

SAN FRANCISCO, July 16.—A 68-year-old woman was held on a murder charge Thursday in the fatal shooting of Lucien Doyen, 38, as the climax to a long-standing argument over noise the Doyen children made in the downstairs flat.

DESERTS SICK WIFE

CHICAGO, July 16.—Col. Richard B. Paddock, retired nephew of Gen. John J. Pershing, member of Pershing's staff during World War I and wearer of several decorations, was charged Thursday with leaving his ailing third wife penniless June 10.

MRS. SAM ABERNATHY DIED LOCAL HOSPIT'L

Mrs. Sam Abernathy, 38, died at Graham Sanatorium this morning at 8:30 o'clock, following a major operation. She had been at the hospital for about two days and was suffering from diabetes and other complications.

Mrs. Abernathy was a member of the Methodist church and the only sister of Mrs. L. C. Moore of the Moore Drug store. Her home was in Rotan, where she leaves a husband and father. She has several brothers in various parts of the country, but had no children.

Burial will take place at Rotan, either Friday or Saturday.

L. M'COLLUM OF OKRA AREA WAS DROWNED

Lescar McCollum, 34 years of age, who was accidentally drowned in the San Saba river Monday, was buried at Rising Star Tuesday.

McCollum and his wife and child were members of a fishing party from the Okra community and the accident occurred on the Bob Ellis ranch, west of San Saba, when a boat overturned.

Deceased was a son of Mrs. Claude McCollum.

TIRE FORMS ARRIVE.

Postmaster Luther McCrea said this morning that the local office now has a supply of forms for automobile dealers who wish to make out reports stating the number of tires and tubes they have on hand. Several have asked for these blanks recently, but could not get them because the postoffice supply had run out.

Mrs. Ted Hale is leaving today for San Antonio to visit her brother, Master Sgt. E. W. Moore and Mrs. Moore. Mrs. Hale's sister, Mrs. C. M. Partridge of Highlands, Tex., will join them.

TWO PATRIOTS

One of the most heart-warming stories reported in the national rubber hunt comes from Cleveland. Two elderly Slovenian women, both immigrants, spent two weeks delving and sifting and scraping in a big town dump on the shore of Lake Erie, and turned in 500 pounds of rubber.

The names of such benefactors should be known. They are Miss Mollie Marentic, aged 68, and Mrs. Anna Sterie, ten years younger. They have no personal worry about automobiles—they walk.

Why did they tackle this hard and unpleasant job? "We do not have much money," said Mrs. Sterie. "We have no sons in the army. But we want to help America. We hope we are doing what the president wants."

And that's all there is to it. Except that it would be appropriate if a lot of the Cleveland folk—or Cisco folk, for that matter—riding in fine cars could see and recognize Mollie and Anna, and take off their hats to them.

NAZI EDUCATION

Hitler's word is not worth much, but he is pretty good authority when he tells what the Nazis are trying to do. Addressing students at Weimar, he told them: "You will pass on, but after you will come a generation that knows nothing but National Socialism."

That is what is happening to German education. Essentially it is teaching nothing but National Socialism, and the few arts that might be directly useful to that system. How could it be otherwise when the students' official organ, the Students' Press Service, announces that "the universities are not supposed to be institutions of science, but the nation's spiritual battlefields for the future of our empire?"

THRIFTY JEEPS

Delmar G. Roos, designer of the Jeep, chief engineer of Willys-Overland Motors, says one of his jeep-babies could travel from New York to Los Angeles on the gas that could be saved in one year by one driver driving carefully instead of foolishly.

Mr. Roos says a car with the spark set only five degrees too late will use 4.76 per cent more gas than one with spark properly set. If it loses compression because of leaky valves or a too-thick cylinder gasket, it loses 5.71 per cent more gas than one with the right compression.

LOYAL FRENCH

The Nazis, who are desperately short of good workers, polled 10,000 French railway workers, offering them jobs in Germany.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about a pint a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up tight, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"HEY, POP . . . What time do we get to the Mountains?"

Junior's game shows a growing change in our lives. Needing to conserve tires, gasoline and cars, we're becoming "armchair travellers." Many people now tell us that they are spending more time at home . . . reading, studying, sewing. This means more risk of eyestrain . . . more need for measures like these suggested below.

Simple Ways to Avoid Eyestrain and Help Your Country, Too!

1. Keep lamp bulbs and bowls clean . . . free of dust. Wash or wipe them frequently and you'll get a lot more light from present lamps, make seeing easier and protect eyes from strain.
2. If lamp shades are dark or turned yellow inside, you may be losing half the light. Clean or brush shades regularly, or if they're too bad, replace with fresh ones.
3. Place lamps where they make light more useful. By arranging furniture, one lamp can often serve two or more people, giving proper light for all.
4. Don't waste but use lights when you need them. Electricity and eyesight are both vital today. To avoid injuries on dark stairways, closets, or in darkened rooms.
