Southern Democrats Kept Party Alive; Now Party Keeps Government Going

—HON. MILBURN McCARTY

Land county Democrats met yesterday afternoon at the county seat. Judge L. H. Ringer was made chairman and Miss Pearl Donaway was elected secretary.

Delegates to the state convention, to be held September 15, were instructed to vote as follows: Earl Conner, Milburn McCarty, Oscar Wilson, Oscar W. Gilbert, H. P. Pennington, B. A. Butler, Lyella Omar Burkett, Milburn McCarty, Oscar Wilson.

Inspiring Talks.

Earl Conner made a patriotic speech in which it was very clear that he is "still a Southern Democrat." He has been "an old-time Democrat" in referring to world war. Judge Conner said there is little friction as possible—that a tremendous people, but that full cooperation and all-out effort would bring victory.

Milburn McCarty was applauded when he said: "It was the Democrats who kept the burning through the years. It is the Democratic party that will keep the government. The Republican party is the party of the American citizen."

Convention Delegates.

Following men and women named as delegates to the convention, which meets in September 8:

SWEENEY ATHLETIC DIRECTOR

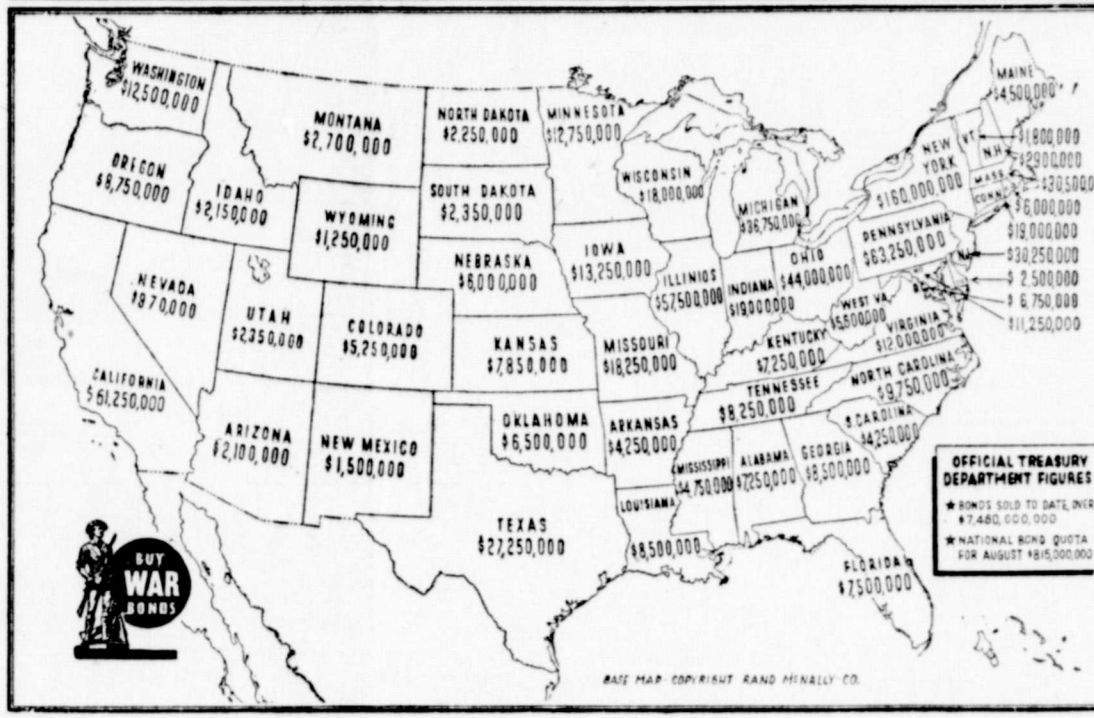

Believing that high class football, baseball and other athletics has had much to do with the steady forward march of the Cisco public schools—until now local educational institutions are rated as among the best in the state—the Cisco school board at its last regular session voted to employ Monroe Sweeney as head coach and athletic director for the coming school year.

Mr. Sweeney has accepted the offer and will arrive here within the near future, said W. J. Armstrong, president of the school board, yesterday.

Mr. Sweeney, a graduate of Bethany College, Bethany, W. Va., and a native of Kentucky, was head coach at Randolph College here, in 1927-28. Sweeney had made an unusually fine record as coach in Oklahoma before coming to Cisco and was an umpire in the National baseball league at one time. He was very popular during his stay in Cisco and many close friends will be pleased to learn of his return here. He is probably best known in the oil belt area as a football official.

L. A. Warren, member of the school board, made the following statement concerning Mr. Sweeney: "He is coming into one of the toughest districts in Texas as a competing coach, since the oil belt has always been one of the keenest competitors for the state championship. However, Monroe Sweeney will be in the thick of the fight with some kind of team, even though he and the water boy have to play the game."

Official U. S. Treasury War Bond Quotas for August

WASHINGTON, D. C., August 4. — While maintaining a tentative annual level of twelve billion dollars as its goal, the Treasury Department today fixed the August quota for the sale of War Bonds at \$815,000,000 as shown by the accompanying map by states.

In lowering the quota from a billion dollars in July to \$815,000,000 in August, the Treasury has given recognition to certain factors which may be expected to result in variations in sales over the 12-month period, such as the seasonal character of farm income.

These factors have been taken into account in determining each state's share for the national quota for August and will be given consideration in fixing quotas for subsequent months.

In addition to the state quotas as set out in the map there is a federal payroll allotment quota of \$9,750,000 and territorial quotas as follows: Alaska, \$760,000; Canal Zone, \$213,000; Hawaii, \$4,700,000; Puerto Rico, \$440,000, and the Virgin Islands, \$17,000.

FIERY COSSACKS, WITH THEIR DEADLY SABERS, PUNISH INVADERS AND HELP HOLD THE LINE

MOSCOW, Aug. 4 — The Russian army has checked the Germans on almost all sectors of the southern front and is repeatedly counter-attacking the Soviet army organ Red Star said today.

Front-line dispatches to Red Star said the counter-attacks were taking a heavy toll of German soldiers, tanks and motorized equipment.

The situation, however, remained serious in the Salsk area, 100 miles southeast of Rostov. There, Red Star said, the Russians were waging heavy defensive battles, and had stopped the Germans at some points.

The Salsk area was the only one in which the Russian noon communique admitted a withdrawal.

The communique summarized fighting as follows:

Kushchevka Area — "Soviet troops are fighting bloody battles with the enemy. German troops tried to force a river crossing several times, but were beaten back with heavy losses."

Kushchevka is 50 miles south of Rostov.

Salsk Area — "Soviet troops repulsed fierce attacks, then retreated to new positions."

Kletskeya Area — "Soviet troops fought an Italian division supported by German tanks. All attacks were repulsed, and up to 2000 Italians were killed."

The communique said there was fighting around Tsimlyanskaya, half way between Rostov and Stalingrad, during the night, and there was no change on other fronts.

The Russians have beaten off numerous attacks by heavy forces of German tanks, motorized infantry and planes. Many inhabited points have frequently changed hands, as the tide of battle surged back and forth.

"There has been practically no German advance here," Red Star said.

The famous Don and Kuban Cossacks, recently thrown into the crucial fighting below Rostov, have been especially successful in beating off tank attacks, frontline dispatches said. After stopping German tank attacks with anti-tank guns, they dashed wildly across the steppes on wiry ponies swinging their deadly sabers and heavily punishing German infantry.

Around Kletskeya, 75 miles northwest of Stalingrad, the Russians accelerated their counter-attacks, drove the Germans from a number of points and recaptured tactically important positions, front-line dispatches asserted.

Soviet units, sweeping behind the enemy, cut roads running south and southeast, over which the Germans had been bringing reinforcements to the front. Not only did the Russians cut these roads in several places, they destroyed German detachments guarding supply lines, it was reported from the front.

The fiercest battle on the front was raging in its second week for the important Salsk communications area. Salsk is on the Stalingrad-Caucasus railway. Soviet resistance was hardening steadily and there was hope that the drive could be entirely stopped.

One Soviet artillery regiment was reported to have repulsed three attacks and destroyed 12 German tanks, in addition to artillery. One Russian battery defended a village by itself for 24 hours.

"However, the situation on this sector is very difficult," Red Star said. "Our troops are waging stubborn defensive battles."

The Russian high command dispatched special congratulations to the Cossacks for their extraordinary courage, and awarded many decorations.

One Cossack unit held off an attack by two motorized divisions, supported by 50 tanks and at least as many planes. Another regiment beat off uninterrupted assaults by two German regiments for three days.

LEGION TO FT. WORTH

FT. WORTH, Aug. 4.—The annual convention of the Texas American Legion will be held in Fort Worth Aug. 19-20, officials announced Monday. Fort Worth was chosen when Mineral Wells, the city originally selected as the convention site, announced that because of wartime conditions it would be unable to accommodate the meeting.

ELLIOTT IN BAD FALL

J. E. SPENCER

J. A. Elliott 80, who fell Sunday morning at his residence on Ninth street and broke his left hip, has been returned to his home from Graham Sanitarium and is now resting as easily as could be expected.

Mr. Elliott, father of John T. Elliott and well known here and in the Long Branch area, was endeavoring to climb a small tree at the side of his house when a foot slipped and he fell backward, sustaining the hip injury. A limb of the tree had been rubbing against the house and it was Mr. Elliott's intention to remove it.

The Ciscian was born at Rattliff, Miss., April 21, 1862. He married Miss Ollie Johnson in Mississippi in 1884 and, together with their five children, they came to Texas in 1902, first settling in Wood county. Two years later they located at Long Branch, Eastland county, where Mr. Elliott farmed until the family moved to Cisco in 1925 to join their sons, John T. and E. O., who were in the drug business here.

The couple are the parents of thirteen children, ten of whom are living. They are devout members of the Methodist church and their many friends — here and in the Long Branch community — sincerely hope the father and husband may be restored to health.

U. S. ACTIVE

LONDON, Aug. 4.—The United States army air corps will operate from 150 airdromes in Britain with a total ground personnel of 400,000, it was learned Tuesday. The American force is already operating from its own airdromes in Britain and furnishing its own ground crews.

FREE PICTURE TONIGHT

All arrangements are complete for the motion picture, "The Power of God," to be shown in city hall auditorium at 9 o'clock tonight, says Rev. W. H. Symank, pastor of Grace Lutheran church. There will be no admission charge and the public is cordially invited to see this truly great picture.

ALL RED SPEAKS HERE

J. E. Spencer, who has been chosen to direct local activities for Judge James V. Allred in his race for the United States senate, received a telegram from Hon. Claude C. Wild, Austin Allred headquarters, this afternoon, in which Mr. Wild announced that Judge Allred would speak in Cisco at 8:30 o'clock Saturday night (this week).

Mr. Spencer was asked to make arrangements for the speaking, and as soon as an appropriate place for the gathering can be secured, announcement will be made through the newspapers of the county.

It is Mr. Spencer's hope that a spacious outdoor spot may be found, because of the warm weather and for the further reason that a large crowd is expected.

Mrs. Russell Dill of Rising Star and Mrs. F. L. Brown of Denton were week-end guests of their sister, Mrs. J. S. Mobley.

JOHNSON HELPING 2 WAYS

Oscar B. Johnson, 25, son of Mr. and Mrs. Jim M. Johnson, who live three miles out the Rising Star road, has landed safely somewhere across the big pond, according to a letter received here by his parents. Johnson joined the army last February.

The young man owned some cattle when he answered his country's call and a recent letter to his father said: "Please sell my cattle and put the proceeds and all the other money I have into government bonds."

The father complied with the request and Oscar B. Johnson, U. S. soldier, now owns war bonds totaling \$2,500.

For several months Johnson has been forwarding his parents \$40 each month.

U. S. JURISDICTION

LONDON, Aug. 4.—A bill giving the United States military jurisdiction in all cases involving criminal offenses committed by American service men in Great Britain was passed in commons today.

GANGSTER METHODS

CHUNGKING, Aug. 4.—In approved gangster fashion, Japanese troops in North China are resorting to kidnaping a Chinese military spokesman declared Tuesday. Chinese girls seized by the Japanese are held for ransom paid in wheat, the spokesman said.

TAMMANY LEADER DEAD

NEW YORK, Aug. 4.—Christopher D. Sullivan, 72, "The Sphinx" of Tammany Hall, who in 23 years as a congressman never was known to make a speech, died Monday night.

TEXAS MEAT ANIMALS

Texas farmers and ranchers received nearly \$169,805,000 last year from the sale of their meat animals, the American Meat Institute announced today.

DONAWAYS HAD FINE TIME AT LAKE MONDAY

Thirty-two members of the Donaway family — descendants of L. D. Donaway, 86, of Dothan, and the late J. E. Donaway, his brother, both natives of Alabama — gathered at Lake Cisco Monday for their second annual family reunion at this popular outdoor resort.

At the meeting last year 80 were present, but the war and the rationing of tires kept many away this year.

Nevertheless, those who were able to be present had a fine time and considered the day well spent, a poll of the party disclosing that all favored a return here next year for the third reunion.

Those Present.

Dallas — Mrs. Fred Zacharias and son and daughter, Ben L. and Sandra Nell; Mrs. Cinda High; Mrs. F. Drake and son Robert; Mrs. Cinda Stovall.

Putnam — Mr. and Mrs. J. E. Buford and son Paul, Mr. and Mrs. H. Culwell.

Gordon — Mr. and Mrs. L. M. Donaway and Mr. and Mrs. D. L. Donaway and son.

Dothan — Miss Pearl Donaway and Joe Donaway.

Cisco — Bryan Renner, Irving Renner, Mrs. Lucy Short and children, Marilyn, Wanda Jo, Lar-children, Emelda; Mrs. Rebecca Sublett, Christine Sublett, Mrs. Geraldine Fielder and daughter Rebecca Ann, Mr. and Mrs. J. B. Owens.

PANAMA PHONE CALL

Mrs. H. E. McGowen of Humbletown had a thrilling but thoroughly enjoyable experience Monday.

She was called to the telephone and within a few minutes was talking to her son, Lieut. H. E. McGowen, Jr., somewhere in the Canal Zone.

The call was via New York City and it is estimated the voices traveled about 5,500 miles.

The lieutenant said he was OK and that the call was merely to give his mother a thrill and to hear her voice. He also asked to be remembered to all his Cisco friends.

PICKETING PICKETS

It's an entertaining little story that comes from Pontiac, Mich., where food stores having retail clerks who had signed up with one big union were picketed by members of another. Right along with the pickets marched school boys with their own signs, picketing the pickets. But there's more in it than a laugh.

The average citizen doesn't like picketing very well. He always thinks he smells a racket. He wants his friends to get decent wages, hours and working conditions, but he just naturally thinks there's something queer going on where there is picketing—it looks phony to him. He doesn't always quote Shakespeare's words, but he thinks the thought—"A plague on both your houses!"

So when the members of one union begin to picket the other and representatives of the general public begin to picket the pickets, it's a sign, a symbol, a cloud no bigger than a man's hand.

Americans do not like the way labor disputes are being conducted. If they ever clear up their minds and decide just what is wrong, they are likely to make that dislike felt in no uncertain terms.

RUSSIA AND THE U. S.

The fall of Rostov wipes out the chief Russian gain of last winter's campaign. It makes clear that there is still a tremendous hitting force in the German army. Also it shows that the Russians will have all they can do to hold the Germans off and keep them occupied. Handicapped as Russia is by the necessity of keeping an eye on Japan in her rear, the best to be hoped for this year is a maintenance of the balance, unless the Americans tip the scales.

Unless the Americans tip the scales! As the greatest manufacturer of munitions in the world and the one untapped source of man-power, the United States can turn the war as it will.

The British, whose steadfast resistance gave the democratic cause two years and more of invaluable time, and who seem now fully occupied in North Africa and elsewhere, may contribute commander-in-chiefs to Norway and France and large-scale bombings like those of Duisburg, Hamburg and Cologne. The conquered nations will do what they can by holding down the Nazi occupying forces, if greater or less degree. Whatever the British and the subject nations contribute will be all to the good. But it may be that the bulk of the future fighting against the Axis must be done by Russia and the United States.

TEMPERAMENT

Jean Crawford of the movies defines temperament as "the quality that makes one human being differ from another. Another name for personality, temperament encompasses those characteristics which give an actor individuality, color and appeal. Most of the top actors have been temperamental. Not that they threw things at intruders on sound stages or wouldn't rehearse because they weren't in the mood, but because they felt more deeply the emotions they were portraying."

That is all very well for the actors or grand opera singers. For them temperament may be the expression of their personalities. For most people, the word is apt to mean that they are petulant, moody, rebellious, and a nuisance generally. More poise and less petulance contribute to the general welfare.

TYPEWRITERS

The government wants typewriters. Any citizen who has a good standard-model machine made since Jan. 1, 1941, can sell it to the dealer in his town who is the official government agent. He will get for it the factory trade-in price of Feb. 1, 1941. An earlier appeal was made to business firms and large users of type-

writers, and the response was good, said Donald Nelson. But there are still not enough. Machines from private individuals will be needed.

It's been the custom in many families of late years to buy a new typewriter as a gift for the high school graduate. It is easy to foresee difficulties of decision now appearing. Shall Bob be the one to give up his typewriter and use Bill's? Can Virginia and Susie use the same machine for their college home-work?

The answer is, Yes. It will take a little reorganization of time schedules, perhaps, but it is safe to prophesy that Bob, Bill, Susie and Virginia will all make willing sacrifices for the good cause. As Father, who brings work home from the office once or twice a week, he will have to rearrange his schedules, too.

He's too busy being an air raid warden to type much at home, anyhow.

WAR PRODUCTION

How extensively is this nation as a whole participating in the war effort? One way of telling is to find how much of the industrial production is for war purposes. A year ago the war goods produced were 20 per cent of total output. Now the war production is up to 50 per cent—two and one-half times as much.

The proportion of war goods to civilian goods may continue growing until it becomes about 70 per cent of the whole, leaving 30 per cent of industrial output for civilian use. That is quite a drop.

Such figures give some idea of the extent to which American civilians will have to do without goods to which they are accustomed. This nation may never be reduced to the frugality of the English people in their present situation, but we shall come much closer to it than we have been at any time since the Civil War.

Hais Off!

New York Times: In normal times Norway had a state church, the Evangelical Lutheran. This means that it received revenue from the state and that its clergy were nominally designated by the king. To Quisling and his employers the system was ideal, and they immediately took steps to put Nazi appointees and Nazi ideas in control. The Norwegian churchmen, having to choose between the German on the Mount and Nazism, did not hesitate. Last March all seven of the bishops resigned after Quisling had placed one of his creatures in the pulpit of the Trondheim Cathedral. In April it was reported that the entire Lutheran clergy of Norway had resigned, though continuing to hold divine worship.

Now five bishops and one dean who speaks for the imprisoned Bishop Eivand Bergarav, have met in Oslo to constitute a provisional church council, independent of the Quisling "state." They say, among other things:

"It would seem that the church has suffered defeat. . . for indeed it has no temporal power; the fact is, however, that it has won a great victory in preserving an unbroken front inside as well as outside its realm. We are fighting for the right to work freely without illegal interference from the state to create a free church."

These things were said in the very presence of death. There can be no one of any religion, who acknowledges a moral law in the universe, who will not take off his hat in reverence to these brave men.

The saboteurs who cost us most are the careless workers who destroy their own productivity by innumerable accidents.

TO A BROOK

If it is knowledge you would seek, Outside the pages of a book, In language new, and yet antique, There is no tutor like a brook.

And if it's music you require, No violin or saxophone Can satisfy the heart's desire Like water rippling over stone.

Funeral services for G. W. Keathley, 88, will be held at the First Baptist church here at 2 p.m. Friday, after which he will be buried beside his wife, who died in 1924. Mr. Keathley died at 4:20 a.m. Thursday after a long illness. The second of 10 children, Mr. Keathley joined the Missionary Baptist church at Walnut Grove, Tenn., when he was about 21 years old, and was a strong church worker throughout his life. He served as a deacon for many years, until advancing age forced him out of active work. Mr. Keathley joined the Confederate army the day after he was 18 and served under Col. Bedford Forest in the Fifteenth Tennessee cavalry. After spending 18 months in the army, he returned at Greenville, Ala., May 11, 1865. He married Miss Amanda Jane O'Daniel soon after the war. She died seven years later, leaving two sons and a daughter, who are still living. About two years after her death he married Mrs. M. J. Winston, whose two sons and one daughter are still living. They had a son and a daughter, both of whom survive. All of his brothers and sisters are dead except Mrs. Belle K. Brown of Rye, Fla. The following were at the bedside of Mr. Keathley at the time of his death: Ernest Keathley, Colorado, Texas; W. F. Keathley, Olney; Mrs. C. M. Caldwell, Abilene; Mr. and Mrs. Roy R.

Keathley, Abilene; Mr. and Mrs. J. T. Bryant, who lived with him; G. M. Winston and W. R. Winston of Cisco. Mrs. Ella Walker of Breckenridge was unable to come. Active pallbearers will be E. P. Crawford, L. A. Harrison, E. P. Dubney, G. B. Langston, E. J. Poe, K. H. Pittard, L. B. Norvell and Noah Fowler. The following were named as honorary pallbearers: Lee Owen, Connie Davis, J. T. Berry, S. E. Hittson, Dr. Charles Hale, Herschel Caldwell, S. P. Robertson, H. S. Drumwright, G. B. Kelly, Jonah Donovan, Tom Henderson, W. C. Veale, G. P. Mitcham, H. P. Furr, Algie Skiles, C. Frank Coats, Dr. F. E. Clark, Dr. E. L. Graham, Dr. D. Ball, Curran Caldwell, J. B. York, Dick Lauderdale, H. D'Spain, T. J. Dean, W. H. Hays, Henry Day, J. F. Parkhill, S. U. Brooks, Ed Pierce, J. G. Higginbotham, Bob Douglass, M. N. F. Cummings, F. E. Shockley, O. J. Tillinghast, J. S. Stockard, O. J. Caldwell, and all other friends.

The Cisco Garden club met Monday at the clubhouse with Mrs. C. H. Fee presiding. Mrs. D. E. Waters reported on the parks projects that the U.D.C. organization would be willing to appropriate necessary funds for the amount allotted to them. Mrs. J. Stuart Pearce represented the Industrial Arts club and said they were allotted the west end of the "Broadway of America" in the beautification program. Mrs. A. L. Foster represented the Wednesday Study club, which was given the east end of the "Broadway of America." The American Legion, represented by Mrs. Charles Yates, and the XXth Century club, represented by Mrs. C. H. Fee, were given the work of beautifying highway 23 to Lake Cisco. This plan calls for the setting of trees and flowers along the right-of-way and perhaps the building of arches or pillars as markers. Mrs. G. B. Kelley, representing the Federated clubs, advocated a clean-up week for the very near future. The garden club was given the task of beautifying the south end of highway 23. The following members were present: Mesdames F. E. Shockley, J. Stuart Pearce, Charles Kleiner, W. H. LaRoque, D. E. Waters, Sam Kimmel, John Kleiner, G. B. Kelley, F. J. Bearman, Bartley and C. H. Fee. Visitors were Mesdames Charles Yates, A. L. Foster, Leon Maner and W. J. Leach.

Rev. J. B. Curry, formerly of Waco, has arrived here to take up his new duties as presiding elder of the Cisco district of the Methodist church. He was accompanied by his family and will make his home at the district parsonage at 509 W. Seventh street. Rev. Mr. Curry was pastor of St. John's Methodist church at Waco until sent here by the Central Texas conference. He takes the place of Rev. O. F. Sensabaugh. Rev. Frank L. Turner, pastor of the First Methodist church here, was following for another year. Rev. Preston Broxton comes here to replace Rev. B. W. Kramer as pastor of the Twelfth Street Methodist church.

National Book Week will be observed by the Cisco public library November 19-24, it has been announced by Mrs. N. A. Brown, head of the library publicity. One evening during that week, Mrs. Brown said, the library will have open house from 3 to 5 and from 7 to 9 p.m. At that time Cisco readers will be invited to become better acquainted with the read-

ing facilities in the library. The city commission recently appropriated \$50 for the founding of a Texas Book Shelf. The library committee, consisting of Mrs. Will Reagan, Mrs. H. Seale and Mrs. Brown, has decided to use the money for rare first editions concerning Texas.

John Smith of Cisco, salesman for the A. G. Motor company here, is the winner of a free trip to Detroit, it was announced. Smith won the trip in competition with other salesmen for the Chevrolet Motor company in the Dallas branch territory recently, it was announced. The Dallas branch comprises 240 dealers and 2,000 salesmen. Eight trips and one Chevrolet car were awarded for the best records in the territory. Some of the best salesmen in the entire Chevrolet organization competed in the contest against Smith, it was said. He said he intends to leave for Detroit some time in the latter part of December.

H. J. R. No. 1 A Joint Resolution

proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

Be It Resolved by the Legislature of the State of Texas: Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows: "Section 49a. It shall be the

duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring the proposed amendment shall vote or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas requiring appropriation bills passed by the Legislature to be sent to and certified by the Comptroller of Public Accounts to available funds for payment thereof, limiting appropriation of the total of such available funds providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature, Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or print on their ballots, the words: "Against the Amendment to the Constitution of the State of Texas requiring appropriation bills passed by the Legislature to be sent to and certified by the Comptroller of Public Accounts to available funds for payment thereof, limiting appropriation of the total of such available funds providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature, Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and the same published as required by Constitution for amendment thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), of which amount \$2,500.00 is hereby appropriated out of the funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of said publication and election. —4-11-18-25

91ST DISTRICT COURT RETURNS SIX TRUE BILLS

The grand jury for the June term of the 91st district court made its final report to Judge George Davenport Thursday afternoon and was discharged.

The alleged kidnapers, held in jail for several weeks to answer the charge of forcibly abducting a young woman of Eastland county, were not included in the six indictments returned. The sheriff's department reported the pair had been released.

Two of those indicted have been arrested and were in jail Monday, according to officers of the sheriff's department. The two arrested are Kenneth Bramble, assault to murder, Glenn Whitley, felony theft.

Following is the report of the grand jury as made to Judge Davenport.

We, the grand jury for the June term of the 91st court, desire to submit our final report. We have been in session four days, examined 30 witnesses and returned six true bills of indictment.

A thorough investigation has been made of all matters brought to our attention, which have been disposed of according to the law and facts.

Having investigated all matters

before us, we respectfully request that we be discharged.

U. S. BOMBERS BLAST JAPS AT CHUNGKING

CHUNGKING Aug. 4.—United States air raiders dropped a 550-pound bomb squarely on a Japanese headquarters in the Kiangsi Province center of Linchwan Monday, Lieut. Gen. Joseph W. Stilwell's headquarters announced Tuesday.

The communique said American fighter pilots also had machine-gunned two Japanese transports on the Fu river.

Both demolition and incendiary bombs were used by the bombers.

The waterfront also was blasted and direct hits on two docks left several large fires burning, the communique said.

As the fighter-escorted American bombers made their run over the enemy base, returning pilots reported, they saw Chinese ground forces attacking the invaders.

Quarter-ton bombs struck Japanese barracks and 12 hits were counted on Japanese positions, the war bulletin reported. One of

these was the direct hit on the headquarters.

"I Learned about LIGHT in a BLACKOUT!"

That's what a man wrote in a very human letter.

- "We had our first practice blackout here recently," he added. "For twenty minutes, my family and I sat in total darkness. The seriousness of war hit us all harder than ever before."
- "Then, when the all-clear sounded and we turned the lights back on, warmth and reassurance came into the room. That made me realize that whatever I spend for electricity, it's still about the cheapest thing I buy."

- Here in West Texas, where blackouts have been few and far between and the war seems far away, a lot of folks take electricity for granted until something reminds them how dependable and cheap it really is. If yours is an average family, you're getting about twice or three times as much electricity for your money as ten to fifteen years ago.
- The reasons why this service is so cheap and so dependable go back to the way America works—a way we're all fighting for now. A way of life in which free men have an opportunity to create and produce and succeed in proportion to their individual contribution.
- Your Electric Servant grew up that way—steadily making more jobs, serving more homes and people and lowering rates—under efficient business management. Because it has done its part of the job well, West Texas has the electric power to attract military training camps, flying schools and war plants. West Texas today is helping produce the men and material that promises a permanent blackout for the Axis dictators!
