CLARKS MOVE TO FARM

Mrs. A. V. Clark, citizen since 1921 and living on Tenth street, have moved to their 240-acre farm six miles northeast of Cisco. Mr. Clark will continue to operate his station at Eighth street and Clark came to Cisco from a tool dresser and driller when he took over the station where he and his wife, Blair and Charles, made a reputation as service men of their slogan to "Little Better".

Clark and his wife are now married. He is employed at Grand Valley North American, Inc., in the auditing department at Hickok & Reynolds, and she is a housewife.

The farm, which is a combination of stock farm, is well watered. There are several tanks and a big barn, burned down, has been rebuilt and, together with the residence, is being run in the house. A nice garden is growing and preparation is being made to keep a few hens.

There is plenty of feed in the house to keep his herd of registered cattle through the winter. Several hundred bushels of grain to sell at the proper season grass and maize is raised and otherwise saved for use. Grass in the pasture.

Clark, who is now serving a term as city commissioner, has resigned at a meeting of the commission on September 1, with regret. During his first term as commissioner Clark served as a commissioner, but following his re-election last April, he was in charge of streets throughout his tenure of office and is generally regarded as a good and altogether dependable commissioner.

His successor at the first meeting in September.

REDS CRUSHED AT STALINGRAD

Marshal Semeon Timoshenko's Red armies were reported to have crushed the first great Nazi onslaught toward Stalingrad Friday, counter-attacking to drive back the Germans after they had broken through and reached the Don below Kiatskaya, 75 miles northwest of the big Volga steel city.

Soviet dispatches said the Germans opened a short-lived breach by sending huge numbers of tanks into a narrow sector.

The German-controlled Paris radio asserted that part of Stalingrad was in flames under intensive Nazi aerial attack.

In the Caucasus, the Russians acknowledged that German flying columns driving down the Rostov-Baku railway toward the Caspian Sea had advanced within 140 miles of the Grozny oil fields after a 50-mile thrust in 24 hours.

MRS. W. H. KITTRELL IS 85

Mrs. W. H. Kittrell, esteemed Cisco woman and widow of beloved W. H. Kittrell, who died in 1934, was 85 years old yesterday and spent the day quietly at her home on West Eighteenth street. Only her two daughters, Miss Laura Kittrell of Winters and Miss Lucy Kittrell of Cisco, were with her, the two sons, William H. and Frank Kittrell, finding it impossible to be present. William H. Kittrell was here for a few hours Monday, but was called to Washington, D. C., while Frank Kittrell is employed at Bastrop, Tex.

The aged woman, who was born at Kickapoo (now Frankston), Anderson county, has been a resident of Cisco since 1898, the family moving here from Alexander, Erath county. Her maiden name was Laura Henderson and her father was a captain in the Confederate army. Her great grandfather was Joseph Dixon, Georgia planter, who raised and equipped a company of soldiers to fight the British in the Revolutionary war. Her maternal grandfather, Seaborn James Robinson, as a boy of 15 fought under Gen. Andrew Jackson at the Battle of New Orleans. So, Mrs. Kittrell laughingly says, "I come of fighting stock and am proud of it."

Mrs. Kittrell enjoys very good health and appreciates visits from her many friends, though she has found it is not wise to overtax herself.

NAVAL LOSSES ARE PROBABLY HEAVY, BUT FIRM FOOTHOLD HAS BEEN SECURED IN SOLOMONS

MacARTHUR HEADQUARTERS, Australia, Aug. 14. — U. S. Marines have captured Kukum, on Guadalcanal Island, most valuable airdrome site in the Southern Solomons, and the Japanese seaplane base off Tulagi, it was believed today.

Confidence, restrained pending a definite communique by the navy department at Washington, rose steadily in Australia that the Marines now held firm and meant to keep their hold on the islands.

This confidence was increased by new fantastic Japanese claims regarding Allied naval losses, which admittedly were expected to be heavy, because it was believed the Japanese were cushioning their public opinion against news that the Marines had consolidated their positions.

Reports to Gen. Douglas MacArthur's Southwest Pacific headquarters indicated that the Marines were still driving inland in savage hand-to-hand fighting on the eighth day of the offensive.

It was indicated that the fleet was driving off probably inferior enemy surface units and fighting back against a ferocious enemy aerial attack with its hard-pressed naval planes.

United States South Pacific naval headquarters reported that the first casualties of the Solomon Islands battle had arrived at American base and field hospitals somewhere in the South Seas.

Gen. MacArthur's communique No. 123, issued at noon today at headquarters, reported a ferocious attack on a Japanese reinforcement fleet in New Guinea waters, evidently bound for the southern Solomons.

Being flying fortresses and medium bombers, believed to be Martin two-motored B-26s, fastest of their class in the world, rivaling that of some fighters, attacked the fleet three times yesterday in force and though the weather interfered with observation of results, it was hoped that a shattering if not fatal blow had been given to the enemy warships and transports steaming toward the battle zone.

It was believed that both flying fortresses and mediums were out again today off the Australian coast, trying to give the death blow to the enemy fleet.

Silence at the navy department at Washington, at the Pacific Fleet headquarters of Adm. Chester W. Nimitz in Hawaii, at Vice Adm. Ghormley's headquarters in New Zealand and at Gen. MacArthur's headquarters here left the details of the Solomon Islands battle unknown.

But it was notable that each day the atmosphere became more optimistic.

Indications were that the Marines might not only be on Tulagi, Florida and Guadalcanal islands but that they might be on Malakaita across the indispensable strait from Florida.

It was believed likely furthermore that they had driven the Japanese from the valuable Atolls of Makambo and Gavutu, which are called suburbs of Florida as is Tulagi. There are small docks on both Atolls, and there are important machine shops at Gavutu, just down from the Florida coast from Tulagi.

Though the situation on Guadalcanal Island likewise remained to be clarified, there seemed good reason to believe that the Marines there might have taken the Kurum area.

Kukum, on the north side of Guadalcanal, at the corner of big, valuable Lunga Bay, was selected by the Japanese as the most valuable naval and airdrome station

TEXAS TYPHUS THREAT SHOWS AN INCREASE

AUSTIN, Aug. 14.—Typhus fever and dysentery continued above the median in Texas for the week ending Aug. 8, the State Department of Health reported Friday, and malaria, while at the median, may show an increase in cases over the last four years.

The total at this date is from 600 to 1,000 cases greater and "a wave of increased incidence is possible both on a state and national level."

Reported cases for the week included 162 of dysentery, 351 of malaria and 41 of typhus fever.

TEXAS AIRMAN KILLED

COLEMAN, Aug. 14.—Mrs. Mattie O'Hair of Coleman has received word that a nephew, Lieut. J. Franklin Mast of the army air forces, was killed in action last Friday off the coast of Ecuador. Lieutenant Mast was the son of Mr. and Mrs. Leland Mast of Lubbock. He has been located in the Caribbean area for several months.

COLEMAN MAN KILLED

COLEMAN, Aug. 14.—Louis Randall, 56, Coleman laborer, was killed Friday morning in an automobile-truck crash five miles east of Ballinger, while he, Mrs. Randall, Mrs. R. R. Hubert and Fred Paddieford, all of Coleman were returning home from San Angelo.

NAVY IN CHARGE PLANT

BAYONNE, N. J., Aug. 14.—The navy Friday seized the strike-bound Bayonne plant of the General Cable Corporation and announced it would reopen the factory at 4 p. m.

"Any interference with the operation of this plant is an offense against the United States," said the notice of seizure posted by Rear Admiral Harold G. Bowen.

A navy spokesman said, however, there were no present intentions of bringing in sailors or soldiers to enforce the order because compliance appeared a foregone conclusion.

The thousand workers whose unauthorized walkout had tied up production of cable for army and navy had welcomed a presidential order for seizure of the plant and predicted they would return after a meeting to vote the end of the strike. They had defied plant management, union executives and the War Labor Board in their demand for wage increase.

Admiral Bowen assumed management of the plant.

Admiral Bowen's announcement was made after a conference with Brig. Gen. R. K. Robertson, director of Internal Security Division, Second Service Command, Governor's Island, N. Y., and company officials.

After they had entered the plant, General Robertson's chauffeur stood guard at the gate with a sub-machine gun. No pickets were in sight.

President Roosevelt Thursday gave the order to take over after the strikers, estimated at 1,000 by their leader, voted to continue the walkout they started Monday midnight.

Admiral Bowen, former chief of the navy's bureau of engineering, took charge of the Federal Shipbuilding and Dry Dock company at Kearny when the navy seized it and operated it for 134 days last year before returning it to private management.

A strike leader Thursday hailed the presidential order and forecast it would signalize an immediate mass return to work.

"The workers will be happy to go back to work for the government," said Strike Chairman Michael Petrakian, adding that the strikers would "work like hell to make up for the time lost and get behind the president. If it's Uncle Sam, let him name the terms."

LARGE U. S. FORCE LANDS IN ENGLAND

LONDON, Aug. 14.—Another large contingent of American forces has arrived safely in the British Isles, it was announced Friday. It was one of the biggest troop convoys to reach the country.

The new arrivals were quoted as saying the trip across the Atlantic was uneventful — "like a peacetime crossing."

The units included transport, artillery and anti-aircraft battalions. As the men came ashore trains were waiting to take them to assigned areas.

British military bands welcomed the new arrivals with a medley of John Philip Sousa marches, and above the martial strains came disembarkation orders shouted through megaphones by American officers.

The unloadings went through on clock-work schedule. British observers were amazed by the formidable array of personal arms and equipment brought by the Americans.

"LONG, BIG WAR"

SOUTH BEND, Ind., Aug. 14.—Lieut. Gen. William S. Knudsen left Friday with South Bend manufacturers of war equipment the warning that there is no doubt the United States "faces a long, big war." He coupled this with a word of encouragement, saying that the war production program "in quantity, is half way in."

Mrs. Frank Bond has returned from a visit with Mr. and Mrs. John Adams of McAllister, Okla., and Mr. and Mrs. Ben Morrison in Durant, Okla.

50 MEN BE HERE SAT'DAY

Mrs. Philip Pettit, chairman of the Cisco Service Men's club, announces that 50 soldiers will arrive here Saturday night from Camp Barkeley, remaining through Sunday.

The men are from the 610th tank destroyer battalion.

Commissioned officers will accompany the visitors and they will spend the night in local homes.

Arrangements have been made for a dance which will be held on the roof of the Laguna hotel.

The club chairman states that sufficient homes have not as yet been proffered and she requests that others who desire to furnish sleeping quarters for the soldier boys will please telephone her immediately. Her phone number is 73-W.

SCRANTON REVIVAL GROWS IN INTEREST

The revival meeting at the Baptist church at Scranton, in which Rev. Russell Dennis of the East Cisco Baptist church is doing the preaching, continues to grow in interest and numbers and Rev. Mr. Nelson, Scranton pastor, urges all residents of that community to attend.

There have been as many as 175 in the morning services. Through Thursday night, it is stated, there had been 13 conversions and nine additions to the church.

MORE SLAUGHTER.

LONDON, Aug. 14.—Nazi broadcasts Friday repeated threats of death as reprisal against Dutch hostages unless railway saboteurs in the occupied Netherlands surrendered by midnight and fear was expressed by Netherlands government sources here that a "terrible slaughter" was impending. The Germans were said to hold 1,600 hostages.

FORMER CISCO WOMAN DIES AT AUSTIN HOME

Mrs. Frank A. Blankenbecker, former Cisco resident and a frequent visitor here since the family moved to Austin several years ago, died at her home in that city on August 4, friends have been informed.

Funeral services were held at Austin the day following her death, with interment in an Austin cemetery.

The husband and two children survive, the latter being Frank A. Blankenbecker, Jr., and the former Miss Bettie Blankenbecker, who is married and lives in Washington, D. C.

3 SOLDIERS RECEIVE PART PAY FOR ACT

OLYMPIA, Wash., Aug. 14.—Three Fort Lewis soldiers Friday were under prison sentence of 35 years each after pleading guilty to charges of assault and grand larceny.

The men, all privates, are Glen Staley, 27, Waterloo, Iowa; Roy Trombley, 27, Detroit, and James Liggett, 22, Brookhaven, Miss. They were sentenced to 20 years on the assault charge and 15 years for stealing their victim's car.

The trio confessed they induced Mrs. Geneva Schwartz, mother of five small children, to drive them to a point near Olympia, then attacked her and drove away in her car.

ONE BIG UNION.

CHICAGO, Aug. 14.—Formal negotiations intended to bring about an AFL-CIO merger into "one gigantic national labor movement" will be arranged for at a meeting in Washington next week.

President William Green of the American Federation of Labor announced plans for the meeting Thursday at the close of the 10-day session of the AFL's executive council.

K. P. CHANCELLOR.

MINNEAPOLIS, Aug. 14.—Installation of John Lee Smith, Throckmorton, Texas, as supreme chancellor of the National Knights of Pythias took place here Tuesday because of emergency war conditions.

SAILOR WATKINS AT HOME

Harry Watkins, former Cisco boy scout, is in Cisco for a week's leave of absence from his training as a sailor at San Diego, Cal. He is visiting his grandmother, Mrs. W. C. Mayhew, 1500 F avenue, who reared him.

Young Watkins was visiting his former scoutmaster, Sim Ledford, of troop No. 49 this morning. Watkins says his scout training has been worth a lot to him in his studies for the navy. He showed some pictures of his buddies at the training school, in their uniforms.

Ledford says Watkins was a model scout and showed great interest in all boy scout activities while a member of his troop.

UNION HEADS NAME TICKET FOR AUGUST 22

FORT WORTH, Aug. 14.—Organized labor in Fort Worth today nailed another plank in its platform against Senator W. Lee O'Daniel, a charge that the senator's boast of saving \$10,000,000 yearly for Texas manufacturers in unemployment insurance taxes means money out of the pockets of workmen—and soldiers, when the latter come home from war.

Forms on which workmen away from home may ask for absentee ballots — presumably to vote against O'Daniel — were distributed at an open meeting of the trades assembly in Labor Temple last night.

Those who attended the meeting received handbills urging them to vote in the run-off election for Allied for senator, Beck for lieutenant governor, Brooks for railroad commissioner, and either Hatcher or Jesse James for state treasurer. The handbill was issued in the names of the State Federation of Labor and the joint railroad brotherhoods.

BASIC INDUSTRIES

In creating a tax policy, we usually seem to overlook the fact that a very large part of the wealth and property of all the nations is invested in corporations...

One of the gravest weaknesses in our present structure is the burden it imposes on businesses which have not benefited, and have in many cases suffered, from the war.

Any tax bill which undermines basic industry will prove destructive in the long run. Any tax bill which increases the difficulty of obtaining new capital for basic industry, is dangerous.

PUBLIC HEALTH AT STAKE

If present high standards of medical practice are to be maintained in this nation, and the public is protected from virtually uncontrolled quackery, it will be necessary for congress to pass new legislation.

In April, 1941, medical groups, including the principal officials of the American Medical Association, were found guilty of a federal charge of "conspiracy to restrain trade."

In the decision made by the court of appeals, it was said that it may be desirable for professional groups to be given "enlarged powers."

REBUILDING BY FILM

There will be many times after the war when the world will be grateful for the recently developed art of precision photography.

will be one of the chief instruments in the material reconstruction. To some extent it will help to repair the ruthless damage this generation has inflicted on the visual record of the past...

Rheims Cathedral, whose original glory lives now in photographs and drawings, was beginning at the opening of World War II to look somewhat the way it did before German shells damaged it in World War I.

It is interesting to remember that Italy, the art treasury of Europe, has so far been singularly fortunate in escaping destruction.

AMERICANS ABROAD

How the world is widening for Americans! Now it is the Gold Coast on the western shores of Africa, according to an announcement from London...

Americans used to be accused of provincialism. Our home territory was so large that we had some reason for not interesting ourselves greatly in the world outside.

PASSING PLANES

Planes went over Cisco the other night, and hearers snuggled lazily in their beds.

In England and Russia, in Australia and Hawaii, people do not take passing planes so calmly. There they listen to determine if they are friends or enemies.

OPEN FORUM

Dr. Gormley Displeased. Editor Daily Press:

What was it Jesus said? "Not every one that SAYETH unto me Lord, Lord, shall enter into the kingdom of Heaven, but he that DOETH the WILL of MY FATHER."

Those are beautiful WORDS in yesterday's Ad on Liberty. They remind me of President Roosevelt's play on words of a Five-point Freedom—Freedom of Press—Freedom of Speech—Freedom of Worship—Freedom from Fear—Freedom from Want.

You, and President Roosevelt both leave off the IMPORTANT freedom. Jesus says, "Ye shall KNOW the TRUTH, and the TRUTH shall make you FREE."

As long as the citizens of the U. S. A. continue to follow "blind guides"—Continue to be "Drunkards of Ephraim"—"Stumbling in darkness and refusing the Light," they will not be FREE.

POLITICAL

The Cisco Daily Press is authorized to announce the following candidates for the offices under which their names appear, subject to the action of voters at the runoff or second Democratic primary, of August 22, 1942.

A far cry from the more or less hit-and-miss methods of yesterday in training a warrior for his role in warfare, Uncle Sam today is taking the utmost pains in preparing his armed forces so that they will be equal, if not superior, to the seasoned veterans thus far successfully waging war under the Axis banners.

Every science known to man is being employed in various training centers throughout the nation to ready the modern doughboy for his particular task of combat, the fields of which include infantry, armored forces, commandos, aerial troops, parachutists and ski combats.

WASHING, SLASHING MARINES WIN PLANE BASE

NAVAL LOSSES ARE PROBABLY HEAVY, BUT FIRM FOOTHOLD HAS BEEN SECURED IN SOLOMONS

MacARTHUR HEADQUARTERS, Australia, Aug. 14. — U. S. Marines have captured Kukum, on Guadalcanal Island, most valuable airdrome site in the Southern Solomons, and the Japanese seaplane base off Tulagi, it was believed today.

Confidence, restrained pending a definite communique by the navy department at Washington, rose steadily in Australia that the Marines now held firm and meant to keep their hold on the islands.

This confidence was increased by new fantastic Japanese claims regarding Allied naval losses, which admittedly were expected to be heavy, because it was believed the Japanese were cushioning their public opinion against news that the Marines had consolidated their positions.

Reports to Gen. Douglas MacArthur's Southwest Pacific headquarters indicated that the Marines were still driving inland in savage hand-to-hand fighting on the eighth day of the offensive.

It was indicated that the fleet was driving off probably inferior enemy surface units and fighting back against a ferocious enemy aerial attack with its hard-pressed naval planes.

United States South Pacific naval headquarters reported that the first casualties of the Solomon Islands battle had arrived at American base and field hospitals somewhere in the South Seas.

Gen. MacArthur's communique No. 123, issued at noon today at headquarters, reported a ferocious attack on a Japanese reinforcement fleet in New Guinea waters, evidently bound for the southern Solomons.

Beving flying fortresses and medium bombers, believed to be Martin two-motored B-26s, fastest of their class in the world, rivaling that of some fighters, attacked the fleet three times yesterday in force and though the weather interfered with observation of results, it was hoped that a shattering if not fatal blow had been given to the enemy warships and transports steaming toward the battle zone.

It was believed that both flying fortresses and mediums were out again today off the Australian coast, trying to give the death blow to the enemy fleet.

Silence at the navy department at Washington, at the Pacific fleet headquarters of Adm. Chester W. Nimitz in Hawaii, at Vice Adm. Ghormley's headquarters in New Zealand and at Gen. MacArthur's headquarters here left the details of the Solomon Islands battle unknown.

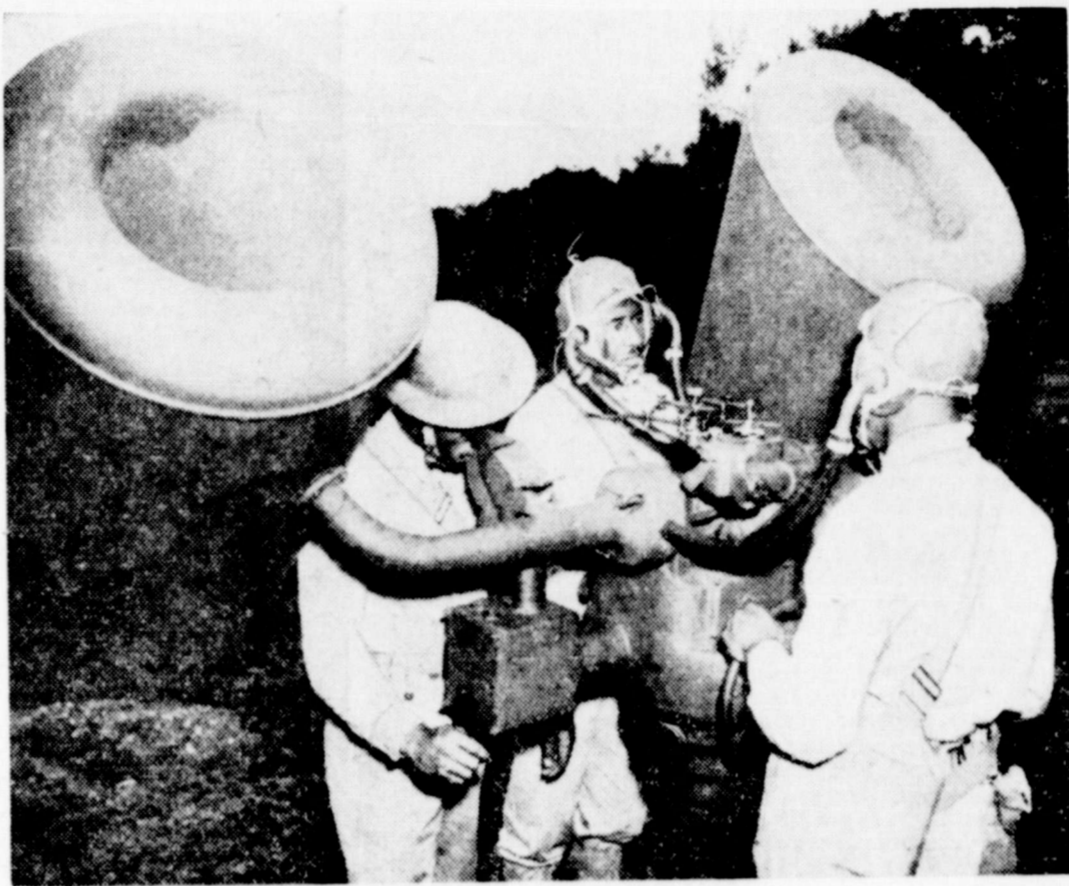

But it was notable that each day the atmosphere became more optimistic.

Indications were that the Marines might not only be on Tulagi, Florida and Guadalcanal islands but that they might be on Malakaita across the indispensable strait from Florida.

It was believed likely furthermore that they had driven the Japanese from the valuable Atolls of Makambo and Gavutu, which are called suburbs of Florida as is Tulagi. There are small docks on both Atolls, and there are important machine shops at Gavutu, just down from the Florida coast from Tulagi.

Though the situation on Guadalcanal Island likewise remained to be clarified, there seemed good reason to believe that the Marines there might have taken the Kukum area.

Kukum, on the north side of Guadalcanal, at the corner of big, valuable Lunga Bay, was selected by the Japanese as the most valuable naval and airdrome station

CLARKS MOVE TO FARM

Mrs. A. V. Clark, citizen since 1921 and living on Tenth street, have their 240-acre farm six miles northeast of Cisco. Mr. Clark continues to operate his station at Eighth street and

Clark came to Cisco from Dallas and he continued to work as a tool dresser and driller when he took over the station where he and his wife, Blair and Charles, made their home. Clark's reputation as a service man is well known by the slogan of "Little Better."

Clark and his wife are now married and are employed at Grand Valley North American, Inc., in the auditing department of Hickok & Reynolds, with no other children.

The farm, which is a combination of stock farm, is well watered and well watered. There are several and three tanks of water. A big barn, burned down, has been rebuilt and, together with the residence, is being moved to the new place. There is gas and running water in the house. A nice garden is growing and preparation is being made to keep a

plenty of feed in the barn. His herd of registered cattle is being moved through the winter several hundred bushels of grain to sell at the proper season and otherwise saved for use. Grass in the pastures is now being cut and

Clark, who is now serving his term as city commissioner, has resigned at a meeting of the committee which accepted his resignation on September 1, with regret. During his first term as commissioner Clark served as commissioner, but following the re-election last April, he was placed in charge of streets

He has been conservative throughout his tenure of office and generally regarded as a fair and altogether dependable official.

Commission will probably be held in office until the first of September.

REDS CRUSHED GERMAN DRIVE AT STALINGRAD

Marshal Semeon Timoshenko's Red armies were reported to have crushed the first great Nazi onslaught toward Stalingrad Friday, counter-attacking to drive back the Germans after they had broken through and reached the Don below Kietskaya, 75 miles northwest of the big Volga steel city.

Soviet dispatches said the Germans opened a short-lived breach by sending huge numbers of tanks into a narrow sector.

The German-controlled Paris radio asserted that part of Stalingrad was in flames under intensive Nazi aerial attack.

In the Caucasus, the Russians acknowledged that German flying columns driving down the Rostov-Baku railway toward the Caspian Sea had advanced within 140 miles of the Grozny oil fields after a 50-mile thrust in 24 hours.

NAVY IN CHARGE PLANT

BAYONNE, N. J., Aug. 14.—The navy Friday seized the strike-bound Bayonne plant of the General Cable Corporation and announced it would reopen the factory at 4 p. m.

"Any interference with the operation of this plant is an offense against the United States," said the notice of seizure posted by Rear Admiral Harold G. Bowen.

A navy spokesman said, however, there were no present intentions of bringing in sailors or soldiers to enforce the order because compliance appeared a foregone conclusion.

The thousand workers whose unauthorized walkout had tied up production of cable for army and navy had welcomed a presidential order for seizure of the plant and predicted they would return after a meeting to vote the end of the strike. They had defied plant management, union executives and the War Labor Board in their demand for wage increase.

Admiral Bowen assumed management of the plant.

Admiral Bowen's announcement was made after a conference with Brig. Gen. R. K. Robertson, director of Internal Security Division, Second Service Command, Governor's Island, N. Y., and company officials.

After they had entered the plant, General Robertson's chauffeur stood guard at the gate with a sub-machine gun. No pickets were in sight.

President Roosevelt Thursday gave the order to take over after the strikers, estimated at 1,000 by their leader, voted to continue the walkout they started Monday midnight.

Admiral Bowen, former chief of the navy's bureau of engineering, took charge of the Federal Shipbuilding and Dry Dock company at Kearny when the navy seized it and operated it for 134 days last year before returning it to private management.

A strike leader Thursday hailed the presidential order and forecast it would signalize an immediate mass return to work.

MRS. W. H. KITTRELL IS 85

Mrs. W. H. Kittrell, esteemed Cisco woman and widow of beloved W. H. Kittrell, who died in 1934, was 85 years old yesterday and spent the day quietly at her home on West Eighteenth street. Only her two daughters, Miss Laura Kittrell of Winters and Miss Lucy Kittrell of Cisco, were with her. The two sons, William H. and Frank Kittrell, finding it impossible to be present. William H. Kittrell was here for a few hours Monday, but was called to Washington, D. C., while Frank Kittrell is employed at Bastrop, Tex.

The aged woman, who was born at Kickapoo (now Frankston), Anderson county, has been a resident of Cisco since 1898, the family moving here from Alexander, Erath county. Her maiden name was Laura Henderson and her father was a captain in the Confederate army. Her great grandfather was Joseph Dixon, Georgia planter, who raised and equipped a company of soldiers to fight the British in the Revolutionary war. Her maternal grandfather, Seaborn James Robinson, as a boy of 15 fought under Gen. Andrew Jackson at the Battle of New Orleans. So, Mrs. Kittrell laughingly says, "I come of fighting stock and am proud of it."

Mrs. Kittrell enjoys very good health and appreciates visits from her many friends, though she has found it is not wise to overtax herself.

LARGE U. S. FORCE LANDS IN ENGLAND

LONDON, Aug. 14.—Another large contingent of American forces has arrived safely in the British Isles, it was announced Friday. It was one of the biggest troop convoys to reach the country.

The new arrivals were quoted as saying the trip across the Atlantic was uneventful — "like a peacetime crossing."

The units included transport, artillery and anti-aircraft battalions. As the men came ashore trains were waiting to take them to assigned areas.

British military bands welcomed the new arrivals with a medley of John Philip Sousa marches, and above the martial strains came disembarkation orders shouted through megaphones by American officers.

The unloadings went through on clock-work schedule. British observers were amazed by the formidable array of personal arms and equipment brought by the Americans.

"LONG, BIG WAR."
SOUTH BEND, Ind., Aug. 14.—Lieut. Gen. William S. Kirtland left Friday with South Bend manufacturers of war equipment the warning that there is no doubt the United States "faces a long, big war." He coupled this with a word of encouragement, saying that the war production program "in quantity, is half way in."

Mrs. Frank Bond has returned from a visit with Mr. and Mrs. John Adams of McAllister, Okla., and Mr. and Mrs. Ben Morrison of Durant, Okla.

50 MEN BE HERE SAT'DAY

Mrs. Philip Pettit, chairman of the Cisco Service Men's club, announces that 50 soldiers will arrive here Saturday night from Camp Barkeley, remaining through Sunday.

The men are from the 610th tank destroyer battalion. Commissioned officers will accompany the visitors and they will spend the night in local homes.

Arrangements have been made for a dance which will be held on the roof of the Laguna hotel.

The club chairman states that sufficient homes have not as yet been proffered and she requests that others who desire to furnish sleeping quarters for the soldier boys will please telephone her immediately. Her phone number is 73-W.

SCRANTON REVIVAL GROWS IN INTEREST

The revival meeting at the Baptist church at Scranton, in which Rev. Russell Dennis of the East Cisco Baptist church is doing the preaching, continues to grow in interest and numbers and Rev. Mr. Nelson, Scranton pastor, urges all residents of that community to attend.

There have been as many as 175 in the morning services. Through Thursday night, it is stated, there had been 13 conversions and nine additions to the church.

FORMER CISCO WOMAN DIES AT AUSTIN HOME

Mrs. Frank A. Blankenbecker, former Cisco resident and a frequent visitor here since the family moved to Austin several years ago, died at her home in that city on August 4, friends have been informed.

Funeral services were held at Austin the day following her death, with interment in an Austin cemetery.

The husband and two children survive, the latter being Frank A. Blankenbecker, Jr., and the former Miss Bettie Blankenbecker, who is married and lives in Washington, D. C.

3 SOLDIERS RECEIVE PART PAY FOR ACT

OLYMPIA, Wash., Aug. 14.—Three Fort Lewis soldiers Friday were under prison sentence of 35 years each after pleading guilty to charges of assault and grand larceny.

The men, all privates, are Glen Staley, 27, Waterloo, Iowa; Roy Trombley, 27, Detroit, and James Liggett, 22, Brookhaven, Miss. They were sentenced to 20 years on the assault charge and 15 years for stealing their victim's car.

The trio confessed they induced Mrs. Geneva Schwartz, mother of five small children, to drive them to a point near Olympia, then attacked her and drove away in her car.

SAILOR WATKINS AT HOME

Harry Watkins, former Cisco boy scout, is in Cisco for a week's leave of absence from his training as a sailor at San Diego, Cal. He is visiting his grandmother, Mrs. W. C. Mayhew, 1500 F avenue, who reared him.

Young Watkins was visiting his former scoutmaster, Sam Ledford, of troop No. 49 this morning. Watkins says his scout training has been worth a lot to him in his studies for the navy. He showed some pictures of his buddies at the training school, in their uniforms.

Ledford says Watkins was a model scout and showed great interest in all boy scout activities while a member of his troop.

UNION HEADS NAME TICKET FOR AUGUST 22

FORT WORTH, Aug. 14.—Organized labor in Fort Worth today nailed another plank in its platform against Senator W. Lee O'Daniel, a charge that the senator's boast of saving \$10,000,000 yearly for Texas manufacturers in unemployment insurance taxes means money out of the pockets of workmen—and soldiers, when the latter come home from war.

Forms on which workmen away from home may ask for absentee ballots — presumably to vote against O'Daniel — were distributed at an open meeting of the trades assembly in Labor Temple last night.

Those who attended the meeting received handbills urging them to vote in the run-off election for Allied for senator, Beck for lieutenant governor, Brooks for railroad commissioner, and either Hatcher or Jesse James for state treasurer. The handbill was issued in the names of the State Federation of Labor and the joint railroad brotherhoods.

in the southern Solomons. Gen. MacArthur's planes bombed it heavily July 30, soon after the enemy had consolidated positions.

It seemed almost certain that the Marines had taken all of little Tulagi, hardly more than three miles in circumference, that they had cleared much of Florida and that they had won their way more than five miles into Guadalcanal, across the grassy plain that skirts the coast and rises toward the mountains of the interior.

Reported cases for the week included 162 of dysentery, 351 of malaria and 41 of typhus fever.

TEXAS AIRMAN KILLED
COLEMAN, Aug. 14.—Mrs. Mattie O'Hair of Coleman has received word that a nephew, Lieut. J. Franklin Mast of the army air forces, was killed in action last Friday off the coast of Ecuador. Lieutenant Mast was the son of Mr. and Mrs. Leland Mast of Lubbock. He has been located in the Caribbean area for several months.

COLEMAN MAN KILLED
COLEMAN, Aug. 14.—Louis Randall, 56, Coleman laborer, was killed Friday morning in an automobile-truck crash five miles east of Ballinger, while he, Mrs. Randall, Mrs. R. R. Hubert and Fred Paddieford, all of Coleman were returning home from San Angelo.

Group Enjoyed Picnic Supper In Rustic Garden

Group three of First Christian church council met in the home of Mrs. Randolph Lee Clark on College Hill Tuesday for the regular weekly meeting. The program was given first and was directed by Mrs. A. J. Ward. "A Great Church Is Born" was presented by Mrs. J. S. Mobley and Mrs. A. J. Ward. The devotional was given by a visitor, Mrs. R. F. Holloway of Brownwood. Mrs. Holloway read verses 12-28 from the sixteenth chapter of Matthew and used a Bible which is 163 years old, the property of her father, the late Randolph Clark. Mrs. Holloway also read a letter written by Thomas Campbell, father of Alexander Campbell, to his wife relative to the work of the church. The devotional period closed with prayer by Mrs. Holloway.

The group was then invited by the hostess into the rustic garden for a picnic supper. After the meal the business session was held in which routine business matters were transacted. The meeting was closed by all repeating the missionary benediction.

Those present were Mrs. R. F. Holloway of Brownwood, Mrs. A. J. Ward, Mrs. J. S. Mobley, Mrs. J. R. Wright, Mrs. Sam Kimmell, Miss Jo Gray, Mrs. A. L. Clark and the hostess, Mrs. Randolph Lee Clark.

Mrs. Wm. Hickey Was Hostess to Group

Mrs. Wm. Hickey was hostess Tuesday to group four of the First Christian church council, which met in her home. The devotional was brought by the hostess, after

which Mrs. Troy Powell discussed the missionary topic, "A Great Church Is Born."

Mrs. J. F. Benedict presided at the business session. It was decided to meet next week in an all-day session and sew for the orphan home. Mrs. H. W. Schmidt will be house hostess at the all-day meeting. The meeting closed with prayer.

Those present were Mrs. J. F. Benedict, Mrs. J. R. Wright, Mrs. Sam Kimmell, Mrs. W. C. Hogue, Mrs. W. R. Winston, Mrs. G. W. Troxell, Mrs. H. W. Schmidt, Mrs. Louise Fletcher, Mrs. F. E. Shackley, Mrs. Joe Tullios, Mrs. Bernice Steinman, Mrs. Troy Powell and the hostess, Mrs. Hickey.

Meeting Was Held on Lawn Of Byrd Home

opened the meeting with a song by the group, after which the program, directed by Mrs. J. M. Witten, was carried out.

Mrs. L. F. Mendenhall brought the meditation, "Light in the Dark," by Bishop Martin, which was first given at the Methodist conference in Columbus, O. Mrs. A. B. Byrd gave "There Is Always a Light," which was followed by prayer. Mrs. John Shertzer made an interesting talk on "The Emergency Gift," in which she stated there must be no retreat by the Christian women in this greatest crisis in the world's history; each must be ready and do her part.

Refreshments of home-made ice cream and cake were passed at the close of the meeting to Mrs. S. C. Trigg, Mrs. D. P. King, Mrs. L. F. Mendenhall, Mrs. Garland Nance, Mrs. John Trigg, Mrs. Bill Childers, Mrs. J. M. Witten, Mrs. A. R. Westfall, Mrs. S. H. McCannies, Mrs. John Shertzer, a guest, Mrs. A. E. Rove, and the hostess.

Mrs. R. D. Jones Was Circle Hostess

Mrs. R. D. Jones was hostess to circle two of the First Baptist missionary society in her home, 405 W. Thirtieth street, Tuesday afternoon. The meeting opened with prayer, following which Mrs. W. V. Gardenhire, chairman, presided at the business session. Plans were made for a gift to be sent to Hendrix Memorial hospital and routine business matters were transacted. Mrs. O. L. Mason taught an interesting Bible lesson from the

Book of Romans. Sentence prayers were offered for U. S. servicemen.

The hostess was assisted by her daughter, Miss Norma Jean Jones, in passing refreshments to members.

Those present were Mrs. W. V. Gardenhire, Mrs. S. B. Parks, Mrs. C. A. Farquhar, Mrs. O. L. Mason, Mrs. E. L. Jackson, Mrs. W. H. LaRoque and the hostess, Mrs. Jones.

mer group are now in the service of the government and others are doing defense work. A bounteous spread of food was an interesting feature of the occasion.

The personnel of the group included Mr. and Mrs. Leon Cagle and daughters, Zovelle and Lavelle Cagle, Mrs. Belle Smith, Miss Delle Smith, Mr. and Mrs. Bud Tatom, all of Cisco; Mr. and Mrs. E. M. Wilson, Miss Geraldine Wilson and Dillon Faulk, Fort Worth; Miss Sadie Smith, Arlington; Mr. and Mrs. F. G. Boggus, Maxine and Weldon Boggus, Mr. and Mrs. L. E. Smith, El Paso; A. J. Smith, Rochester; Mrs. Nan Wil-

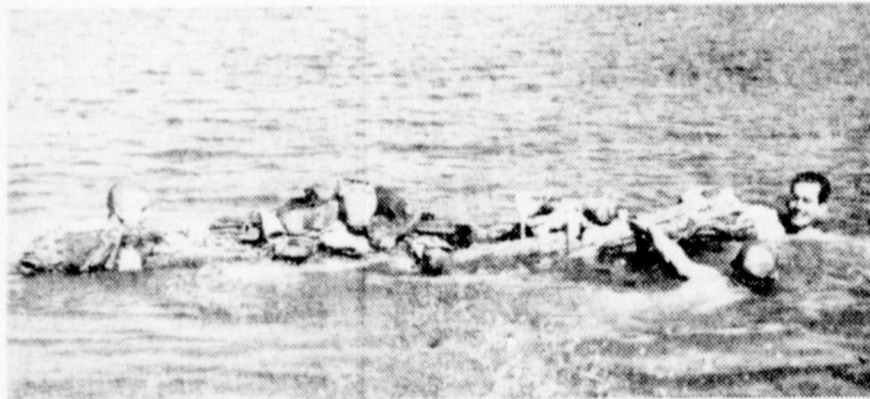

kins, Cordie Don Wilkins, C. G. Wilkins and Mr. and Mrs. Guy Wilkins, Eastland; Mr. and Mrs. M. S. Smith, Derrell, Weldon and Erma Jean Smith, L. R. Smith and Cecil Rogers, Strawn; Mrs. Elizabeth Smith, Caddo; Misses Estelle Smith and Betty Lou Price, Breckenridge; Mr. and Mrs. J. D. Faulkus, Albany.

You don't hear much of interest from a neighbor when she comes in at your front door and is dressed up, but when she comes to your back door in a house dress you may hear some really delicious gossip.
