EXTRA! EXTRA! March of Times "Men of the Fleet"

With factories on full war-time production gas ranges and other appliances are becoming less and less available. Therefore take good care of your present equipment. If you need new equipment, the following information will assist you to determine if you are an eligible buyer in accordance with Government orders restricting the sale of gas appliances.

#### YOU CAN BUY A NEW GAS RANGE

- IF ... (1) Your present range is completely worn out and beyond repair.
  - (2) Your premises are not equipped with a range and you do not have cooking equipment.
  - (3) You are engaged in constructing a Defense Housing project.
  - (4) You are remodeling a large home and breaking it into several small apartments, you may purchase the ranges necessary to meet the cooking requirements.

#### YOU CAN BUY A NEW GAS WATER HEATER

IF ... (1) Your present water heater is completely worn out and beyond repair.

- (2) Your premises are not equipped with usable means of heating water.
- (3) You are engaged in constructing a Defense Housing project.
- (4) You are remodeling a large home and breaking it up into smaller apartments, you may purchase the gas water heaters required to supply adequate hot water.

### YOU CAN BUY GAS HEATING EQUIPMENT

- IF . . . (1) You have rooms in which you do not have some type of heating equipment. This includes appliances such as Floor Furnaces, vented and unvented Circulators, Gasteam Radiators and Radiant Heaters.
  - (2) If your present central heating plant is in need of repair, dealers will make the necessary replacements to put it into condition for the heating season. If it is beyond repairs that would restore it to workable condition, it may be replaced from stock if available,

See your gas appliance dealer or your gas company NOW so that you will be prepared for winter. If you are eligible for new equipment you will be assisted in making out the necessary signed application for your requirements.
