## NAVY SAYS SOLOMONS BATTLE ENCOURAGING

### MOST GIGANTIC BATTLE IN HISTORY IS RAGING

### POWERFUL JAP NAVAL STRIKING FORCE STILL TRYING TO BREAK THROUGH U. S. AIR DEFENSES

COMMANDOS OF THE AIR—Row on row, new giant torpedo shaped Curtiss Commando military transport planes, world's largest twin-engined troop carriers, take form at an Eastern aircraft plant. All details of capacity and performance of planes are secret.

NEW YORK, Aug. 27.—The British radio today quoted Stalin as telling a meeting in Moscow that "the military situation remains very serious. History has perhaps never known so gigantic a battle."

MOSCOW, Aug. 27.—Russian shock troops have stormed into Rzehev in the Red army's big central front offensive that already has killed 45,000 Germans, and dispatches from the front said today that they were driving the Nazis back in house-to-house fighting raging in the northern part of the city.

It was believed here that Russian resistance was stiffening on the perilous Stalingrad front, but not because of the growing offensive at Rzehev, 115 miles northwest of Moscow, and around Vyazma and Gzhatsk, in the same area.

Resistance on the Stalingrad front was stiffer, it was said, because as the battle developed over a progressively smaller area, Soviet artillery fire and the power of big tanks could be concentrated, and hence was more effective. The situation was compared to that at Moscow late last November, where the German advance slowed for the same reason the closer it got, and was finally stopped.

Dispatches said the battle for Stalingrad had reached a new intensity. The Germans were apparently within 30 or 35 miles of the city and the Volga river line, and three drives converged on it, from the northwest, west and southwest.

Ignoring huge losses, the Germans threw in more and more reserves of tanks, planes and motorized infantry. Tank battles of "unbelievable ferocity" were reported northwest of Stalingrad, with the screech of tank treads, the yelling of the wounded and dying, and the roar of artillery rending the air day and night.

### 9,224,000 BBL. DECREASE OIL STOCKS IN JUNE

WASHINGTON, Aug. 27.—The Bureau of Mines has reported a 9,224,000-barrel decrease during June in total stocks of all oils.

Supplies amounted to 515,122,000 barrels on June 30 compared with 524,346,000 on May 31. The June stocks were 36,118,000 barrels less than for the same month last year.

Domestic production declined from 116,910,000 barrels in May to 115,153,000 barrels in June and was 5,243,000 barrels less than during the previous June.

The June stocks of crude petroleum refined in the United States totaled 251,421,000 barrels compared with 254,577,000 on May 31 and 259,075,000 last June 30.

The bureau reported June motor fuel stocks at 86,651,000, compared with 94,029,000 on May 31 and 86,646,000 on June 30, 1941. Domestic gasoline production in June totaled 45,887,000 barrels.

CHILD AID LESS.—AUSTIN, Aug. 27.—State beneficiaries who have been receiving checks for "aid to dependent children" may expect a \$10 decrease in next month's check, the State Welfare department warned Thursday. Starting next month grants must be limited to the funds available of \$250,000 plus federal matching. Had the money been available, \$430,500 would have been paid out, the department stated.

Our niece is right when she says her mama doesn't understand her. She is worse even than her mama thinks.

United States and Japanese aerial and naval forces are fighting it out over hundreds of miles of the South Pacific around the Solomon Islands in a battle which has now reached the decisive phase, well-informed sources at headquarters of the U. S. Fleet in New Zealand said today.

It was indicated that the battle now has developed into a series of sharp fights both on the sea and in the air, with the aerial forces predominatingly active as was the case in the Battles of the Coral Sea and Midway.

Informants said it was unlikely the present sea activity would develop into a naval test on the order of Jutland in the last war because of the immensity of the theater of operations.

Belief at the American headquarters in New Zealand was that it might be many days before the final conclusive result was apparent.

There was no doubt, these sources said, that the fate of the Solomons hung on the battle.

From "somewhere in Australia," United Press Correspondent Harold Guard cabled that Japan has landed an invasion force at the southeast tip of New Guinea in a desperate attempt to create a division from its threatened disastrous defeat in the southern Solomons.

A small enemy force effected a landing under a ferocious airplane attack, in which Gen. Douglas MacArthur's planes sank a troop transport, heavily damaged and probably sank a cruiser, damaged a destroyer, destroyed six landing barges and heavily and effectively bombed and machine gunned supplies and troops on the beach.

Fires were left blazing among the supply dumps.

A spokesman for General MacArthur announced Allied troops, quietly dispatched to the area in anticipation of just such an enemy move, already were in contact with the enemy.

The landing extended the battle zone off eastern Australia to a front of approximately 750 miles from the Guadalcanal area of the Solomons westward to the tip of New Guinea.

From Washington, the navy department reported a powerful Japanese naval striking force today still was trying to break through air defenses in the Solomons despite the forced withdrawal of another enemy fleet composed of transports and their warship escorts.

Although not in the habit of making optimistic statements while a battle is in progress, the navy said the results of the Japanese counter-attack to date are "encouraging." The battle has been raging since last Sunday when the Japanese began their attempt to retake positions captured by the U. S. Marines.

#### WOODS THANKS FRIENDS.

I want to thank my many friends who have supported me for office for the past several years. I shall always be grateful to them.

#### DEATH OF MR. BARR

Rev. and Mrs. Russell Dennis and two daughters, Frances and Laverne, returned Wednesday from Cross Plains, where they were called by the serious illness and death of Mrs. Dennis' father, Mr. J. A. Barr. Funeral and burial services were held in Cross Plains Tuesday. Twenty-five members of the East Cisco Baptist church went to Cross Plains to attend the final rites.

### MRS. FLINT A PINCH-HITTER AT LUNCHEON

Mrs. Austin Flint was introduced by Edward Lee, program chairman for the Rotary club today, as a pinch-hit number, and she could not have seemingly handled her subject better had she had many hours in which to prepare her subject matter.

Charles Blair and A. B. Morris, Rotarians from Abilene, were visitors at the luncheon, making up attendance.

J. W. Slaughter and A. E. McNeely were appointed by President Hittson to act with a committee from the Lions club to aid in the scrap metal drive this week and Monday.

Rotarian Lee introduced Mrs. Flint as local chairman in charge of bandage dressings for wounded soldiers, being made by the Red Cross organization over the United States. Mrs. Flint, after accepting the work, took a course at Mineral Wells, where she learned the technique of bandage-making and all the precautions necessary to avoid any kind of infection that might be carried by the dressings.

A snappy Yankee woman was in charge at Mineral Wells and shipped the group of women into slaps much as a sergeant drives his men into their work of drilling on the field. Mrs. Flint said she was very efficient, but not very complimentary to Texas women, saying they were not willing to smoke and cold drinks long enough to spend 15 hours learning how to make dressings for soldiers.

Two rooms of the fifth floor of the Reynolds building have been secured as quarters for making the bandages. Mrs. Flint stated, she threw a bouquet to Harry Reynolds for his kindness in extending the use of the rooms to the Red Cross.

The rooms must be very private, it was stated, since no one else except the workers may use them and no visitors are allowed; even jewelry and nail polish must be banned by women while on duty, so that contamination cannot be carried by the bandage dressings themselves.

### PROCLAMATION.

To the Citizens of Cisco, Texas—Greetings: Whereas, we are fighting an all-out war with the forces of dictatorship, who are seeking to break down our liberties, and

Whereas, citizens of Cisco are united in their determination to help win this war—either by labor, sacrifice, or duty in the fighting forces, and

Whereas, Monday, August 31, has been set aside and designated as Cisco's "Scrap Drive Day," during which day all of us will collect our scrap metal, to the end that we shall participate in our country's effort in this war, and

Whereas, patriotic exercises will be conducted on that day, to emphasize our unity and our determination to assist our government in its production efforts;

Now, Therefore, as Mayor of Cisco, I do proclaim Monday, August 31, 1942, as Cisco's "Scrap Drive Day," and direct that during that day the flag of the United States be displayed on all municipal buildings. Furthermore, I do urge the people of Cisco to display the Stars and Stripes at their homes, and places of business and to wholeheartedly support and contribute to the scrap iron drive, and to attend the patriotic exercises in connection therewith.

I do further urge that all places of business close their doors between the hours of 4 p. m. and 6 p. m. on that day and that merchants, professional men and all others contribute their presence and physical efforts to the furtherance of this drive, thus giving public expression of their spirit of unity and love of country.

In witness whereof I have hereunto set my hand and caused the seal of the City of Cisco to be affixed this 26th day of August in the year of our Lord nineteen hundred and forty-two.

G. P. MITCHAM, Mayor of the City of Cisco.

### 53 TEXANS IN CADET FLYING CLASS, CORPUS

CORPUS CHRISTI, Aug. 27.—Texas, with 53 men, has the distinction of contributing among the largest number of cadets to the new classes now beginning flight training at the U. S. naval air station here.

Reporting to Corpus Christi from one of the many naval reserve aviation bases scattered throughout the country, the Lone Star state cadets are joining up with hundreds of youths from all parts of the country for the intensive training course that will lead to the award of wings at "The University of the Air."

Here, they will continue the primary training which began at the elimination bases, master the principles of "blind flying" in ground-rooted link trainers and hooded instrument ships, study radio code, aerology, navigation and numerous other subjects in ground school and learn to specialize in flying the navy's planes.

After many months of instruction, the cadets will receive their wings and commissions in either the Naval or Marine Corps Reserve. Then, after brief transitional training, they will be ready to take their places with the fleet that constitutes America's first line of offense.

Among the Texans here now are Gordon K. Sherman, Cisco; Clarence L. Loftin, Graham; Hollis W. Shiltz, May.

### PROS ARE BUSY

FORT WORTH, Aug. 27.—Local ministers, who have been quietly organizing a committee to call a countywide local option election to ban the sale of beer and possibly outlaw the sale of all intoxicating liquors, revealed Thursday that a public announcement of their progress might be made soon.

Spokesmen for the group, however, declined to make any public statement at this time on the committee's proposed plan for "drying up" Tarrant county. Members of the group appeared at the county courthouse this week to check legal phases of the move and learn what procedure would be required. A similar movement is reported under way in Dallas county.

### OIL WORKERS STOP WHEELS FOR PAY RAISE

CHICAGO, Aug. 27.—More than 2,200 striking oil workers Thursday returned to their jobs under a truce at three Chicago area refineries, which produce high octane gasoline for the army and navy, and at a loading terminal.

The walkout was to enforce a demand for a 10-cent-an-hour increase in wages, but the men went back to work on the plea of Conciliator William Murray of the Chicago office of the United States Department of Labor, pending further negotiations of their demands.

The men, members of the Oil Workers' International Union of the CIO, announced they still were insistent on the wage increase and would press for a settlement when their negotiators meet again Friday with Murray and company managements.

### NAVY NIGHT PROGRAM AT RISING STAR

The American Legion of Rising Star will sponsor a Navy Night program Friday night of this week, assisted by Legion posts of this area, according to H. N. Lyle, post commander of the Cisco unit.

The meeting will be held in the Rising Star market building, at 7:30 p. m.

Master of ceremonies—Rev. L. Stanley Jeffrey, chaplain of Brownwood post.

Music—Furnished by Cisco post.

Invocation—Chaplain of Ranger post.

Mess on deck of good ship Recruits, 7 bells, 8th watch. Introduction of visitors.

Welcome address—Cecil G. Shults, P. P. C., Rising Star post. Response—Cleve Callaway, Baird post.

Selective service—John W. Turner, Eastland post.

Introduction of department commander, Bill Wisdom, 17th district, Stephenville. Address—Charles Meisel, department commander, Austin.

### LEAGUE SKIN SEASON CLOSE

Miss Sweeney, who was employed as football coach one year ago by the school board, and who is probably the best known in this area as an outstanding football referee, will arrive in Cisco soon after September 1 and will begin to develop his team immediately.

The school board acted last year in employing Mr. Sweeney, who is well known and popular with the fans.

The schedule: Sept. 25—Big Spring at Big Spring (night). Oct. 2—Stephenville at Cisco (day). Oct. 9—Mineral Wells at Cisco (day). Oct. 16—Plainview at Cisco (night). Oct. 23—Weatherford at Weatherford (night). Oct. 30—Brownwood at Cisco (day). Nov. 11—Ranger at Ranger (day). Nov. 18—Eastland at Cisco (day). Nov. 25—Breckenridge at Breckenridge (day). Cisco has an open date.

### FULL RESPONSIBILITY ON COUNTY JUDGE

DALLAS, Aug. 27.—Out of 426 and 400 in Dallas county between the ages of 14 and 16 have been given the county judge's permission to apply for a driver's license, only forty-five failed in their state police examination.

### TEXAS CROPS PROBLEM; LABOR IS THE PROBLEM

WASHINGTON, Aug. 27.—The United States department of agriculture paints a bright picture for the crop and pasture conditions existing over the greater portion of the state in the week ending August 23.

While rainfall was excessive in the coastal and southeastern districts and harvesting operations were interfered with in the southern districts, the south low plains and some southwestern counties are the chief dry areas. Reporting jointly with the Texas agricultural extension service, the department said that a peak demand is being built up for labor in cotton picking and peanut harvesting and added, "The scarcity of help is becoming acute in some sections."

#### Douglass - Moore Marriage Rites Held August 12

Cisco friends will be interested to learn of a marriage which took place recently when Miss Jeanne Douglass of Dallas became the bride of Dale Moore, son of Mr. and Mrs. H. A. Moore of Humbletown. The wedding was at Rockwall, August 12 at 10 p. m. in the home of the Methodist pastor, Rev. Foy Thomas, who officiated with the double ring ceremony. Robert S. Anderson, formerly of Cisco, was the couple's only attendant. The bride wore a white silk jersey dress with navy blue accessories, and corsage of gardenias.

Dale Moore was reared in Cisco and graduated from Cisco high school with the 1936 class; he then attended Cisco Junior college and graduated with the class of 1941. He was employed at The Mart's Store when he volunteered his services to his country. Mr. and Mrs. Moore will make their home at 1103, Duncan Field, Dallas.

#### Mrs. Paul Poe Was Hostess to Happy Thimblers

Mrs. Paul Poe was hostess to the Happy Thimble Sewing club, which held its weekly meeting in her home Wednesday at 3 p. m. The afternoon was taken up with work of various kinds. Some of the members were engaged in knitting for the Red Cross, while others were busy with sewing. The hostess passed refreshments to the members at the close of the work period.

Those present were Mrs. C. E. Hickman, Mrs. Grady Laws, Mrs. Jimmy Allen, Mrs. Rudolph Schaefer, Mrs. R. W. Merket, Mrs. T. E. Lisenbee, Mrs. Poe, and an out-of-town member, Mrs. Leo Clinton of Scranton. Children present were Carlos Hickman, Norma Sue and Gloria Schaefer.

#### Miss Spencer Was Honoree at Bridge Party

A bridge party given by Mrs. E. P. Crawford in her home Wednesday evening complimented Miss Alice Estel Spencer, bride-elect of Bill Frost of Dallas, whose engagement and approaching marriage have been announced. Seasonal flowers were used as decorations and the bride-elect's chosen colors of blue and white were observed in the appointments. The honoree and Miss Wynema Bond were recipients of lovely gifts at the conclusion of the games. Miss Bond then presented her gift to Miss Spencer, the party honoree.

The guest list included Miss Alice Estel Spencer, Mrs. J. E. Spencer; Mrs. Cyrus Frost, Mrs. Jack Frost and Miss Nancy Seaberry, of Eastland; Mrs. Jack Lauderdale, Miss Ruth McKissick, Abilene; Mrs. O. O. Odom, Mrs. Alex Spears, Misses Mary Louise

Refreshments of iced watermelon were served to the following members and visitors: Mrs. W. M. Evans, Mrs. Dan McCrary, Mrs. Hugh McCrary, Mrs. S. L. Cook, Mrs. J. E. Hamilton, Mrs. D. W. Rains, Mrs. Macie Johnson, Mrs. Lee Busby, Mrs. Bill Kleiner, Mrs. L. L. Smith, Mrs. Melvin Travis, Mrs. Eugene Watson, Mrs. R. H. Horn, Mrs. Elbert Rains, Mrs. Wray Cearley, Mrs. A. L. Jensen, Mrs. Mollie Greer, Mrs. Robert Jones, and a visitor, Mrs. Olin English of Rowden.

A lovely shower was presented a class member in conclusion.

## Throw your scrap into the fight!

Half of every tank, gun and ship is made from scrap iron and steel

Put your scrap out—to be picked up August 31

### LET'S PUT CISCO OVER THE TOP IN THE SCRAP METAL DRIVE

Let's every citizen of Cisco — men, women and children — clean up the back alleys, in the chicken yard, around the garage and in all the neglected corners about the premises, and pile up all the scrap metal for Uncle Sam's use in making guns and war material for the battles that are just now beginning for us.

If you live in the country and have been saving those old pieces of plows and machinery because it was too much trouble to throw them away, now is the time to bring them in and perhaps sell them to the scrap dealer, or if you prefer, donate them to the Red Cross.

But at any rate, whether you sell or give them away, make the pieces of scrap metal available for war material by getting them away from your premises and on the way to industrial plants that will convert them into war ordnance to help win the war. Do it now—this week.

## Tired Kidneys Often Bring Sleepless Nights

When the trouble of tired kidneys prevents peaceful sleep, the result is a nervous, irritable, and often ailing person. The kidneys are the body's filters, and when they become clogged with acid, the result is a condition known as kidney trouble. This condition is often the cause of sleepless nights, and it is a condition that can be cured by the use of a certain medicine.
