23 SHOW UP FOR FOOTBALL PRACTICE WORK

Coach Monroe Sweeney and his assistant, Bill Falls, gave the Lobos a hard workout Monday, that left coaches as well as team members in a condition of mind to rest, but Sweeney says there is no time to rest, since he is determined to build a team worthy of the traditions of the Lobos of old—if the boys will come out for practice.
Asked as to when he would begin assigning boys to positions on the team, he replied that there would be no assignment of positions. It would be up to the boys to fight for, and earn their positions from game to game. If a boy can prove that he is better than anyone else on the team, he will probably remain in that place, but if he shows a disposition to lag and loaf on the job, someone else will be certain to have his place at the next match game, and the shirkers will probably be sitting on the bench with the coach, while the fighters will be carrying on for the glory of their school.
A little scrimmage, running plays, kicking and lumbering up practice, featured Monday's practice. Coach Sweeney knows his football, and is a past master at getting work out of boys. If we do not win games this year it will not be for lack of training and hard work," said one of the team, who has been sizing up the coach for the past week.
New boys suited out Monday were Sherman and J. E. Norris, Rex Ramsower, Berrett Benskin, John McCannies and Edwin Posey. These in addition to the 17 in practice last week, make a total of 23 men.

VENABLE IN HANDS OF JAPS

The Cisco postoffice, says L. H. McCrea, postmaster, has two postcards addressed to "The Family of James C. Venable, route one, Cisco," which the office has been unable to deliver for the reason there is no one of that name on route one.
Any information that will lead to correct delivery of this mail will be appreciated by Mr. McCrea and the postoffice department.
"Alive and Well."
The cards state that a short wave radio broadcast from Tokyo—picked up by several Californians on September 8—carried the news that James C. Venable, age 20, route one, Cisco, was alive and well and a prisoner of the Japanese.
The message also said that Venable was a marine and that he had been stationed on Wake Island.

and double that number of OLD KEYS for fighting metal ... I need them NOW!
Deposit all OLD KEYS in your nearest Victory KEY-KAN NATIONAL KEY COLLECTION CAMPAIGN, SEPT. 17 TO OCT. 1
Sponsored by the PAPER & TWINE CLUB; a National Organization of Paper Men

Donald M. Nelson, serious-minded, dynamic chairman of the War Production Board, has appealed to the newspapers of America to save a critical situation in the war endeavors of this nation.

The effort to supply scrap metal essential to the production of steel has not come up to needs or expectations, Mr. Nelson stated, adding that in his opinion the newspapers could solve this Number One problem.

On behalf of the country's newspapers, the task was accepted by the American Newspaper Association after a conference of publishers in the city of Washington.

The Cisco Daily Press, as eager to be of help to the nation as it is to serve the best interests of its immediate sector, has whole-heartedly accepted its part of the big undertaking.

The first job assigned the Daily Press is that of sponsoring a Key Drive. Later this month will come renewed local efforts to bring in more scrap metal.

The Key Drive.

Uncle Sam needs metal for guns, ships and fighting machinery. He needs particularly, nicked silver; 80 per cent of the older keys are leaded nickel silver. The need for this metal is distressingly urgent.

From the standpoint of Dollar value to the U. S. A., a hundred pounds of nicked silver is worth as much as a ton of scrap metal.

Fill the Can.

A large can for collecting old, useless keys has been placed at the Cisco Daily Press office and the patriotic citizens of Cisco and surrounding territory are asked to bring and deposit them in the can.

Do this in the name of your patriotic effort to do something to aid that brother, father or son, or neighbor's boy, if you have none of your own.

He has left his job and is giving all that he has—even his life—for this war. You are urged to bring what few old keys may be going to waste in your home.

TURN YOUR OLD KEYS INTO BULLETS FOR THE ENEMY.

MORRISON OF THE MARINES COMES HOME

Corp. Thomas Morrison of the marine corps arrived today from Camp Pendleton, Oceanside, Calif., for a visit with his parents, Mr.

MENTAL, PHYSICAL ATHLETES

AUSTIN, Sept. 15.—More than 500 young Texans already have filed applications for the 70 vacancies to be filled soon in the Texas highway patrol, State Police Director Homer Garrison announces.
September 30 was set as the last day on which applications will be accepted. Highway Patrol Chief Hill Foreman hopes to begin a seven-week training school for the recruits on or about November 1.
Applicants must be between 23 and 35 years old, not less than 5 feet 8 inches in height, and in perfect physical condition. They must weigh not less than two nor more than three pounds per inch of height and have a high school education or its equivalent.
Application forms are available by mail from Colonel Garrison at Austin.

FLOURNOYS RETURN TO HOME IN AMARILLO

Mr. and Mrs. James M. Flournoy of Amarillo, accompanied by their son, James Flournoy, Jr., spent the week-end in Cisco as guests of Mrs. Flournoy's mother, Mrs. E. M. Hooks. The son will enroll at T. C. U., Ft. Worth, today, this being his second year at that institution.
Mr. Flournoy is with the Lydick-Texas-Hamilton Roofing company at Amarillo, which has roofing contracts for the aviation school and bomber plants now being constructed there by the government, with an approximate outlay of more than one million dollars. The roofing company employs between 500 and 600 men.
The guiding spirit of the company, which has several similar government contracts in Texas, is Jim Hooks of Abilene, formerly of Cisco and son of Mrs. E. M. Hooks of this city.

BRITISH STRIKE TOBRUK; WITHDRAW QUICKLY

LONDON, Sept. 15.—The Admiralty announced today that British air and naval forces landed Sunday night at the Axis-held Libyan port of Tobruk in a small-scale commando-type raid.

A communique said the landing party inflicted damage at the port, a chief supply center for Field Marshal Erwin Rommel's desert armies, before it withdrew, "not without losses," in the face of strong opposition.

It was the first time the British had taken the initiative in the North Africa battlefield since Rommel's forces raced across the desert to within 80 miles of Alexandria.

CHINESE CLOSE IN.

CHUNGKING, Sept. 15.—Chinese troops are closing in on Kihwa, the only "bomb Tokyo" air base of Chekiang Province still in Japanese hands, and have captured the town of Wuyi 23 miles south of the city, a communique said today.

WILHELMSHAVEN RAID FOLLOWED FIERCE ATTACK ON BREMEN THE PREVIOUS NIGHT; GREAT DAMAGE

LONDON, Sept. 15.—A strong force of Royal Air Force bombers, marking the second anniversary of the end of Germany's all-out daylight air attacks on Britain, raided Wilhelmshaven during the night.

The Air Ministry said many large fires were left burning, particularly in the dock area. Only two bombers were reported missing. The loss was considered unusually small in view of the size of the raiding formations.

It was the first raid in recent weeks on Wilhelmshaven, one of Germany's two most important naval bases and shipbuilding centers within the Reich.

The Wilhelmshaven raid followed a devastating attack on Bremen the previous night, in which a force estimated at 400 to 500 bombers participated. Nineteen planes were lost in the Bremen raid.

Authoritative sources, basing their estimate on the percentage of losses of the last two nights, believed that between 700 and 800 bombers hammered the two key naval ports in Germany in the two-night span. Submarine building yards were the chief attraction for the RAF at both ports.

Wilhelmshaven is one of the most heavily defended areas in Germany, and flying conditions were poor throughout Europe last night. Nevertheless, the RAF lost only two bombers, which competent observers said was "an infinitesimal percentage."

Last night's attack was the 68th raid on Wilhelmshaven, but most have been daylight raids, often by single planes.

It was noteworthy that the last two raids followed the RAF's policy, pursued almost all summer, of concentrating on submarine activities and slowing German communications at the same time by attacking railroad centers and junctions.

Radio Berlin admitted that fires were started, and claimed, as usual, that damage was inflicted mostly in residential sections. Germany claimed that four raiders were shot down.

COUNTY JUDGE ASKED TO NAME NAVAL CADETS

The U. S. naval aviation selection board of Dallas wants to enlist a naval aviation cadet from each county in Texas and it is planned to have this cadet read a memorial from the courthouse steps of each county at 11 a. m. on Armistice Day, said memorial to be in memory of naval aviators who have lost their lives.
To this end County Judge W. S. Adams has been asked to designate at least three young men from Eastland county, between the ages of 18 to 27, single and high school graduates, who are interested in enlisting in the naval air corps. These men would of course be regularly enlisted and would receive the regular aviation cadet training. However, the board would retain them on inactive duty in order for them to appear at the various county seats in Texas on Armistice Day.
Applicants may apply to Judge

Adams at once, or friends of suitable young men contact the county judge and make suggestions.
CAN BE TRANSFERRED.
WASHINGTON, Sept. 15.—Power to transfer any of the nation's 2,300,000 federal workers from one agency to another whenever it would bring "a more effective contribution to the war program" will be granted the Civil Service Commission beginning Sept. 27. The directive, issued Monday by Manpower Chairman Paul V. McNutt authorizes the commission to act without the consent of an employee or his superior.
BLIMP STATION READY
MIAMI, Fla., Sept. 15.—The blimps will come later, but the navy put into commission Tuesday the new \$15,000,000 Richmond air station for lighter-than-air craft assigned to the anti-submarine warfare. "We won't waste much valuable time with a lot of ceremony," explained Comm' Charles J. Maguire, base commander, in planning brief exercises. The base is situated on a 2,500-acre tract south of Miami. Each of the three hangars will tower as high as a 16-story building.

MISS RAINBOLT JOINS WAACS IN SAN ANTONIO

Miss Joyce Rainbolt, daughter of Mrs. Edith Rainbolt of Cisco, has joined the Women's Army Auxiliary Corps. She reported to San Antonio reception center Friday for final examination and entrance.

In a letter to her mother, Miss Rainbolt said that only three out of ten who took the examinations passed. She also said that the colonel there remarked at the exceptional grades she made, with no college education, and said he was sure she would be able to become a commissioned officer within three months. Miss Rainbolt will be sent to Des Moines, Iowa, for training.

She graduated from Cisco high school with the class of 1937 and was an active member of the Lobo band for three years.

GRANDPA HART WAS A CISCO VISITOR TODAY

John Hart, sheriff-elect, was in Cisco today, telling of the birth of his first grandson on September 7.
The newcomer weighed 8 1-2 pounds and is the son of Sgt. and Mrs. Toby Hart of Hondo. The boy was born in the hospital at Gorman.

MRS. GREGORY WILL BE LAID TO REST AT 5:30

Mrs. Ella Elizabeth Howell Gregory, widow of the late Dr. J. W. Gregory, and a most estimable woman, died at 2 a. m. Monday at a hospital in Glade-water, Tex. Mrs. Gregory was visiting her son at Hawkins, near Glade-water, when taken ill.
The funeral will be held from the Gregory home on W. Seventh street at 5:30 o'clock this afternoon, with interment in Oakwood cemetery. Rev. Cooper Waters will conduct the services and the Lane funeral home will have charge of the remains.
Mrs. Gregory was born near Pittsburg, Tex., July 6, 1876, and spent her entire life in Texas and Cisco. She was converted and united with the Baptist church at Lafayette, Tex., and was married to Dr. Gregory on March 8, 1896. Dr. Gregory, popular physician and excellent citizen, died here in 1926.
One child was born to this union—Barney B. Gregory, who resides at Hawkins, Tex. Other survivors of Mrs. Gregory include a sister, Mrs. Mae Bicknell, Marshall; two grandchildren, Private Paul R. Gregory, Sheppard Field; Modell Gregory, Hawkins.
Pallbearers will be F. E. Shepard, E. P. Crawford, Dr. F. E. Clark, Dr. D. Ball, Howard D'Spain and Alex Spears.

THOMAS TO ALABAMA

Clifford Thomas, son of Mr. and Mrs. Dick Thomas, 405 W. Eighteenth street, who finished the flying course at Cisco municipal airport a few weeks ago, was sent to Nashville, Tenn., where he remained two weeks and was classified as a pilot. From Nashville he will be sent to Montgomery, Ala., where he will be in training for nine weeks, before being stationed at a permanent air base.

MORRISON OF THE MARINES COMES HOME

and Mrs. Poy Morrison. Morrison, who has been stationed in the Philippines until recently, has had some vivid experiences.
He is a native Ciscoan and graduated from Cisco high school with the 1939 class. After his graduation he joined the marines and served for a time on the USS. Lexington.
Nazi agents should be easy to detect. You never see one with the frank, friendly, kind face that is typically American.

The Cisco Daily Press

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. B. O'FLAHERTY, Publisher and General Manager.
W. H. LAROQUE, Advertising Manager.

Published daily except Saturdays and Mondays at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas. Editorial and publication offices at 304-306 D avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside of Cisco in Eastland, Stephens, Sherman, Goliad, Johnson, Brown and Comanche counties, Texas). Outside the above mentioned counties, \$2.50 in U. S. outside of Texas.

Per year, in advance \$2.00
Per week, by carrier boy \$0.10

OVERWORKED PRESIDENTS

The demands made on our presidents are extraordinary. Some, which are now being abolished, are absurd. It appears that the busiest man in the United States has lately had to examine hundreds of orders, putting a few acres of land in the public domain or taking them out. Other hundreds of orders, which the president had to sign, authorized experienced government workers to stop in service after reaching the retirement age of 70. Many salary increases required Mr. Roosevelt's signature.

Singly none of these trifles takes up much time, but added together they become unbearable. Presidents are so busy that they cannot take time to consider how their load might be lightened, until some emergency like the present one makes it overwhelmingly necessary.

There are doubtless many other presidential functions which someone else could handle just as well. The present search for simplification had better continue at high speed, or some day the occupant of the White House may collapse from the weight of his duties.

JAP SCHEMES

"Beware of Greeks bearing gifts," was a shrewd warning in the Trojan War, nearly 3,000 years ago. It was not heeded and Troy was destroyed. The shrewd Greeks had built a wonderful wooden horse and showed it up to the city gate for the Trojans to look at and they fell for and by the trick.

Musing on the old tale, a modern American finds himself wondering about the Japanese who in this present war may be likened to the tricky old Greeks. They have been acting queerly of late, occasionally putting out a mild show, but mostly being dead as the American sentiment. They may have something up their sleeves. They are probably not satisfied. It is well to be on guard. A modern equivalent of the Trojan Horse.

DANGER ZONES

No fewer than 32 million Americans live in areas that offer targets to the enemy. So says the "Citizens Handbook for War" issued by the federal office of civilian defense. Other millions not themselves living in territory likely to be bombed, are still affected. The lights from their towns make excellent beacons, guiding enemy bombers to their targets. Add the population of these places, and you do not want many people free from the possibility of bombing.

In spite of all defense classes, many do not take this possibility very seriously. They are wrong. The figures just given show that almost half of the population of the United States is in the danger zone.

THRIFT

The Securities and Exchange Commission reports that the American people are now paying off their debts at the rate of \$250,000,000 a month, and if they keep up the good work the job will be finished in 20 months.

This is a wonderful prospect. It will probably be the first time since Capt. John Smith landed in Virginia that the American people have got out of debt and ready to pay as they go.

The above comment is to be understood as referring to Americans individually. Unfortunately a debt of \$60,000,000,000 or \$70,000,000,000 will still be hanging over their heads, and growing every minute. But that is another set of hurdles, to be taken in gigantic strides when Uncle Sam gets around to it.

Meanwhile a great titling system is getting under way. By next New Year's Day everybody with an income will be expected to go on a basis of regular 10 per cent saving in war bonds. And there will be no law against saving more than that, to keep the

VANISHING PROFITS

Kicking corporations around is a leading American sport, which has its points and is sometimes necessary. But it is always well for the kickers to know what they are talking about. Some of them lately have been arguing for higher wages on the ground that corporation profits have risen about 400 per cent, and that when they are rolling in wealth the employees also have a right to help themselves.

But such profits are, as business men express it, "before taxes." Corporation taxes are expected this year to take about 14 per cent of the so-called "net income" of corporations. Last year it was 32 per cent. Because of this and other taxes, corporation profits are declared to be actually declining, not instead of rising.

UNFORTUNATE CONFERENCE

American troubles in the Pacific are largely caused by what happened in 1921. That was the year of the Washington Conference for the Limitation of Armaments. In consideration for the ending of the British-Japanese alliance, this country agreed not to develop any naval bases in the Western Pacific. The step was taken against the advice of naval members of our delegation to the conference. Had Guam, Midway and Manila been fully fortified, the war would be going very differently. And there might have been no war.

Another clause in the final agreement judged that country to build only five battleships to exceed three for Japan. We kept the agreement but did the Japanese. At the end of the Washington Conference in 1921 seems to have won unopposed by the United States.

THESE LITTLE HILLS

For many years my heart has harvested the pastoral contentment of the hills.

Long I have toiled among them, their security, imperious to War's despoiling tide.

But woe! God Avaricious skies have left These blue tranquility to metal water.

And motor-drums play martial times along

The corridors of quiet evenings— And thus my heart no more presumes to learn Immunity for them. Yet I would

Remember Bethlehem and Calvary— And see these little hills Thy Holy Table.

LEOUILLE KEY THOMPSON.

INSTRUMENTS RECORDED BY COUNTY CLERK

The following instruments have been filed in the county clerk's office.

Manning Rubber Co. vs. Covington to Haley Tire Co., abstract of judgment, \$60.36.

GRAND JURY OF 88TH COURT IS NOW IN SESSION

B. W. Patterson, Judge. The September term of the 88th court was formally opened Monday, Sept. 7; grand jury sworn and empaneled Monday, Sept. 14, and is now making investigations of violation of criminal laws in Eastland county.

In the matter of the Carbon Trading Co. vs. W. E. McCall, suit on note, plaintiff was given judgment for \$1,195.37, interest, cost and attorney's fees.

Mary A. Hobbs vs. J. C. Hobbs, divorce. Judgment for plaintiff annulling her marriage with defendant and restoration of her maiden name, Mary A. Stuard.

HOLDER IS NEW OWNER HUESTIS CONOCO STAT'N

The Ed Huestis Conoco station has been purchased by Carlton Holder and it is a pleasure to welcome the new owner to the permanent roll of Cisco's business men. Mr. Huestis will give his entire attention to his farm and ranch interests and take a rest from his 17 years of service station operation in Cisco. The station has become recognized as one of the outstanding ones in Cisco and there is no good reason why Mr. Holder will not continue that high standing for this delightfully situated place of business.

HABEAS CORPUS HEARING SEPT. 16 IN 91ST COURT

Geo. L. Davenport, Judge. Karl M. Harper vs. Emma Lee Funderberg; habeas corpus proceedings pending in 91st district court. The petition alleges that respondent was the former wife of petitioner, and in a previous action in which their marital relations were dissolved, petitioner was awarded the custody of their minor child; that respondent has since contracted another marriage; that petitioner had placed his minor child, Zane Franklin Harper, in the temporary care of his mother, Mrs. G. M. Harper. While respondent was making an alleged visit to said minor she persuaded Mrs. Harper to permit her to take said minor for a brief visit in her home, promising to return him the next day, which she failed to do, and is still illegally restraining said minor over the protest of petitioner, the legal custodian. Petitioner prays the court for a writ of habeas corpus, citing the respondent to show cause why she should not restore the minor child to petitioner. It was the order of the court that the petition be granted, and that respondent be cited to produce said minor before the 91st court, Sept. 16, for final hearing.

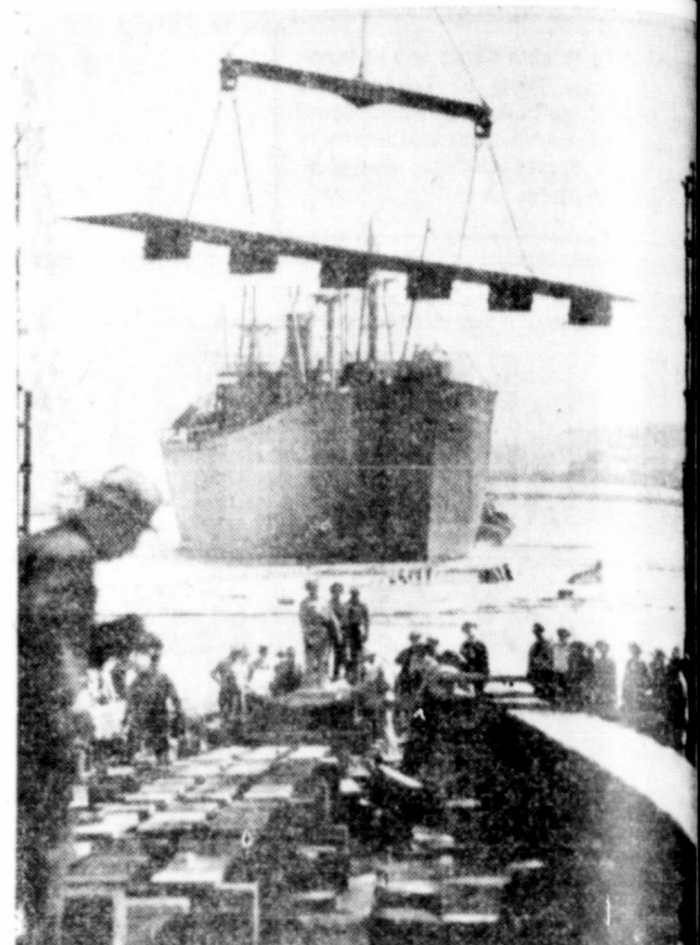

J. L. Fox vs. Homer Robinson; action for debt, settled by agreement at defendant's cost, and agreed settlement affirmed by the court.

AUGUST REPORT HAS 27 BABIES BORN IN COUNTY

The August report of vital statistics show 27 unreported births.

CATTLE MARKET

The cattle market at Fort Worth today was an uneven affair with most classes steady with Monday's levels, but around 25c below last week's closing prices. However, good to choice fed steers and yearlings ruled fully steady. The declines applied generally to cows, bulls and slaughter and stocker calves.

AID QUOTA CAMPAIGN: These two billboard designs, localizing and dramatizing county and city War Bond quotas, are being erected throughout the county as a part of a general cooperative advertising campaign involving newspapers, radio stations, and outdoor boards. Intended to bring the War Bond goal home to everyone by showing how each community helps build a tank, a torpedo, or any one of the military items needed to win the war, the advertising will be sponsored by patriotic local business houses.

Cisco Group Special Guests In Eastland

An interesting meeting of Eastland chapter, Order of Eastern Star, was held in that city Monday evening and was attended by a number of Ciscoans. Mr. and Mrs. H. T. Huffman, worthy matron and worthy patron of Cisco chapter 461, assisted in an initiatory service which was most impressive. At the conclusion of the meeting refreshments were served.

Attending from Cisco were Mr. and Mrs. H. T. Huffman, Mr. and Mrs. Joe Britain, Mr. and Mrs. L. D. Wilson, Mr. and Mrs. A. A. Hansen, Mr. and Mrs. Fred Steffey, Mrs. W. F. Watson, Mrs. W. H. Huestis, Mrs. J. J. Tableman, Mrs. C. A. Williams, Mrs. H. L. Kunkel, Mrs. G. C. Rosenthal, Mrs. Charles Clark, Mrs. J. T. Elliott, Mrs. Laila Smart and M. L. Perdue.

Mrs. D. M. Carr, Recreation chairman, Mrs. R. W. Merket; others on committee are Mrs. C. E. Hickman and Mrs. O. W. Hampton; reporter, Mrs. Smith Huestis.

THE NOTEBOOK

Tuesday
Regular meeting of Eastern Star chapter 461 will be held at 8 p.m. in Masonic hall.

Wednesday
Special prayer services will be held in First Baptist church parlor at 3 p.m. for enlisted men in defense of the United States.

Thursday
The N&T club will hold the regular meeting in the home of Mrs. A. E. McNeely on W. Fifth street, at which time election of new officers will be held.

INSURANCE IS IMPORTANT AS STATE BUSINESS

AUSTIN, Sept. 15.—The insurance business in Texas is one of major importance to the commercial life of every city and town, is the opinion of Marvin Hall, state fire insurance commissioner.

"A person writing fire, windstorm and kindred lines of insurance," he added, "is engaged in one of our leading professions. Today's requirements make it mandatory for an insurance man or woman to be licensed in order to do business.

"To secure a license from the board of insurance commissioners a person wanting to engage in the insurance business must pass a written examination. Therefore it is necessary for him to have a knowledge of insurance before he is granted a license.

"Changes during recent years in insurance matters have in practically every instance resulted to the benefit of insurance buyers. Today our insurance is handled by persons who are specialists in this line. With any of our problems requiring the services of a professional person we find it advisable to consult with them. This is applicable in matters of individual insurance problems. Insurance agents are in the best position to advise us on securing adequate protection to meet our needs."

Hall praised the insurance agents for the hearty cooperation they have extended the board of insurance commissioners. Insurance men and women, he said, have done everything possible to aid in promoting fire prevention in Texas.

"An insurance man or woman," Hall continued, "occupies a unique position. By his familiarity with insurance coverage he can render invaluable aid to his clients."

As an example of the patriotic service being rendered by insurance agents at this time Hall said: "Those in the insurance business have accepted the responsibility of handling war risk insurance for the government's war damage corporation by writing such policies. This service is handled at a minimum cost, and in a large number of instances the expense involved exceeds the compensation received."

New Officers Nominated By Philathea Class

The nominating committee of the Philathea Sunday school class of First Methodist church school met in the class room Monday and nominated class officers for the coming term. Committee members are Mrs. Roy A. Langston, chairman; Mrs. Fred Hayes and Mrs. O. W. Hampton.

Those nominated are: Teacher, Mrs. Philip Pettit; first assistant, Mrs. W. E. Ricks; second assistant, Mrs. A. L. Osborn, Sr.; class president, Mrs. Bill Childers; first vice president, Mrs. S. H. McCannies; second vice president, Mrs. B. E. Morehart; secretary, Mrs. Ed Huestis; assistant, Mrs. W. C. McDaniel; treasurer, Mrs. A. R. Westfall. Social work chairman, Mrs. Smith Huestis; others on social committee Mrs. R. W. Merket, Mrs. O. W. Hampton and Mrs. Carlos Turner; pianist, Mrs. L. W. Mendenhall; assistant, Mrs. Charles Flaherty; song leaders, Mrs. John Penn and Mrs. Fred Hayes; room chairmen, Mrs. C. A. Shockey, Mrs. Johnnie Trigg and

What You Buy With WAR BONDS

The Navy is making a plea to civilians to turn in their binoculars for military use during the War. The Army and Navy both need binoculars for navigation and scouting purposes. Depending on the power of the lenses, they cost from \$50 to \$80 each.

If you have a set of 6 x 30 up to 7 x 50-power lens binoculars loan them to the Army or Navy. If not, your purchase of War Bonds and Stamps will help buy this equipment for our fighting forces. At least ten percent of your income in War Bonds every payday will do the job... and provide the "eyes" through which a scouting pilot may spot an enemy battleship.

"We're Home Folks"

This Is a FAMILY...

THE GRAVEST Responsibility IN THE WORLD!

YES, a family is the gravest responsibility in the world... but it is also the greatest honor, the greatest opportunity! How many parents realize this? How many are aware that in their hands, lies the future of the world? Just before school beginning is a good time to reflect on that subject, a good time to realize the full meaning of parental authority and guidance.

It's a well known fact that the average person's most enduring qualities and habits are those instilled during his formative years, the years of parental control. It is little realized, however, that the principles of ethics, morality and honor, the directional education and guidance that only parents can give to their children determines the shape of the world to come, the world where the children of today do the governing, the social work, run the factories, stores and mines.

The world's shortcomings cannot be overcome in a day, or a year or ten years. It will take time. The job can be done, though, if enough people really want to do it. Wars can be eliminated from the face of the earth... so can poverty, misery and discontent. Clear thinking, clear teaching, clear guidance to a clear objective can do it. So let's each of us dedicate ourselves to the support of our schools and education in general.

Nothing backs up the education of the American public like the newspaper, gathering all the local, state and world news as it does, keeping the youth as well as the grown-ups posted on current affairs. **SUBSCRIBE FOR THE CISCO DAILY PRESS NOW, IF YOUR SUBSCRIPTION IS OUT. JAPS HELD NAZIS
LONDON, Sept. 15.—Germany is receiving vital war materials from Japan via supply routes around the Cape of Good Hope and Cape Horn and across thousands of miles of Allied patrolled waters, it was disclosed today. Reliable informants said the traffic, which started as "a trickle" soon

after the Japanese captured Singapore last Feb. 15, now was regarded as "a serious trickle." It was understood that Japan is shipping rubber, oils, oil seeds, tungsten, manganese and tin to Germany. In return, she gets war machine tools and manufactured foods.

WHY NOT SHOOT THEM?
GALVESTON, Sept. 15.—Concern over garbage accumulation, resulting from a 13-day strike of city health and street department employees was expressed Monday by the commanding officer at Fort

Crockett in a letter to the city council. Col. Franklin Kemble, the commander, declared in the letter that such a condition may have a decided effect upon the health of all members of this command.

When Davy's first wife divorced him the court said he could keep their child one month each year, but his second wife says he can't.

Almost every pleasure has some city health and street department employee who is young and single, but she awakes to see dead.

INSIDE STUFF—Nurses make up double-tiered bunks which can accommodate 40 patients in one of Australia's underground hospital shelters. Timber used in supports is of toughest kind.

HERO AT HOME—Harvey K. Greenlaw, second in command of the Flying Tigers, home from China on official business, takes time out with his wife and pet dog at Hotel Commodore in New York. He's on his way to Washington to confer with Lieut. Gen. H. H. Arnold, commander of U. S. Army Air Force.

Whenever I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins' had thirteen children.

They weren't a had bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally did get a little time for himself.

I mention this story about Dad Hoskins because it's something like what I understand the beer industry is doing to regulate itself.

As I see it, most of the beer industry behaves itself perfectly all right... but every now and then, I guess, a retailer comes along who runs a place that isn't up to scratch... sort of like a wayward kid.

So like Dad Hoskins' family, the brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "clean up or close up" offending retail places.

The brewers, who want to protect beer's good name, cooperate wisely with the authorities who enforce the laws.

From where I sit, that's a fine thing for the brewers to do... particularly when you realize that after all they're really not responsible for retailing conditions.

Joe Marsh

SLAVERY UNLESS WE WIN

BRIDGEPORT, Conn., Sept. 15.—The American people had another solemn warning today from Joseph C. Grew, former ambassador to Japan, that they were in danger of being enslaved unless they came quickly to a realization that the war "is the real thing, played for keeps."

The ambassador, who returned from Tokyo on the exchange ship Grapshelm, addressing employes of the Remington Arms company Monday night, said the war would be "doubly long and hard and bloody" unless Japan's military might was "correctly assessed," but said the Allies would win if everyone gave "his utmost support."

"This," he declared, "is our task—the task of our own great country and of the United Nations. Let us stop groping. It is a task in which you, employers and workers of America, have an immense part, a vital part to play. Play it well. If you fail—please mark my words—you pass into slavery and

all America passes into slavery with you." Grew charged that some Americans "are not yet fully aware of the realities of the situation" and that others "are quite simply asleep."

STOLE HIS HEART

TEHRAN, Iran, Sept. 15.—well L. Wilkie was in Iran today to resume his conference with rulers and political leaders of the middle eastern nations following his arrival by plane Monday from Baghdad, Iraq, where he declared that so far on his journey through the middle east he found "unanimous faith in cause of the Allied nations." Wilkie said the party said he left Baghdad in high spirits and reception there. "You are modern thieves of Baghdad," he declared to those who came to meet him off.

EASE KIDNEY PAIN THIS WAY TO AVOID GETTING UP NIGHT

Take famous Doctor's herbal tea to wash away pain-causing acid build-up. Feed better fast!

C. of Aid i Grou

with nine direct members present at a meeting at the home of Mrs. E. J. Miller, Tuesday evening, Sept. 12.

The meeting was held in the light of the fact that the group which had been organized to help the needy in the city.

The group reported that they had been working on the highway and had been successful in their efforts.

The meeting was presided over by Mrs. E. J. Miller, who was tentatively scheduled for the next meeting to be held on the 19th.

The group also discussed the need for more help and the importance of continuing their efforts.

Resolved: That the committee be authorized to call on all members of the group to help in the work.

Dr. J. J. Collins, Dr. J. R. Deen, T. J. Miller, A. B. J. Fisher, Wm. Reed and Charles R. R. Warwick.

DE LEA ASSIGN ORFOLK

Mr. Len Moore, Sr. Moore, who has 1 U. S. naval hospital at Norfolk, Va., had to be hospitalized. The Norfolk hospital has not been completely equipped with his new location. He has been assigned to duty at the Norfolk hospital and throat matter of fact, there is as yet.

Then completed the staff will be a full equipment, it is second to none.
