Deposit all Your Old Keys in the Nearest Victory KEY-KAN * There's one wherever there's a crowd *

NATIONAL KEY COLLECTION CAMPAIGN, SEPT. 17 TO OCT. 1
Sponsored by the PAPER & TWINE CLUB, a National Organization of Paper Men

Old keys are coming in to the Cisco Daily Key-Kan, but not near fast enough.

A new citizen of Cisco, who came in this morning, deposited his keys and signed the register, remarking that if that was all the people who had responded, surely there must be something the matter with the patriotism of Cisco.

Be that as it may, the slogan on the picture at the head of this story should appeal strongly to every red-blooded American. "KEY-TOKENS FOR TO-KEY-O!"

That is what your old keys will do if sent to the factories whose output is now being handicapped for lack of this very metal.

There is no need to bemoan the fact that shipped out the cream of our metal during the past 10 years to Japan and must now depend upon the scrapings for our own use—that could be idle mourning.

The matter that faces us now is to use what we have to the best advantage—and that means to get it to the war munition factories as quickly as possible.

BRING IN ALL YOUR OLD KEYS, NOW.

FLYING, IN EL PASO 12 YEARS, TO RETURN EASTLAND AND CISCO TEAMS IN SCRIMMAGE

Charles H. Fleming, former Cisco man, who has been in charge of the U. S. army post exchange in El Paso for the past 11 years, resigned that connection and will be transferred elsewhere.

Fleming, who has been in Cisco with their aged father, Mike Fleming, left this afternoon for El Paso to join her husband and aid in their household effects, which will be shipped to Cisco for present.

Fleming went to El Paso twelve years ago as chief accountant for a large firm there, with the post exchange as a later. He was with the latter Wholesale Grocery company, for many years before flying in El Paso.

ABLE, MUST WORK

EL PASO, Texas, Sept. 17.—People are getting pretty about money going to relief who refuse to work, said Judge W. Knox Bass, coming on a step taken by Camp and jury recommendation. The commissioners announced Wednesday that no further appropriation would be made to state or relief agencies as long as relief clients prefer benefits for their farmers.

The Cisco Lobos had some nice practice yesterday afternoon with the Eastland Mavericks at Eastland in a scrimmage that showed weak points as well as some encouraging ability for the young team which is being whipped into condition by Coach Monroe Sweeney and assistant, Big Bill Falls.

The Eastland neighbors, as usual, have lots of pep and action and will always give any team anything near their size plenty to do.

Three of the Cisco boys—Garrett, Blackstock and Posey—have slight injuries which kept them on the bench.

Lobos making the trip with the coaches were: Jimmy Pollard, Lawrence Johnston, Donald Shirley, Dick McPherson, Bill Philpott, Speck Tompkins, Herby Litchfield, Elbert Tipton, John Davis, Jack Garrett, Bill Blackstock, Jimmy Gorman, Paul Mosley, Jay Hays, Delmar Childers, Medford Johnson, Billy Anderson, Sherman Norris, J. E. Norris, Rex Ramsower, Burkett Benskin, John McCaules, Edwin Posey.

STATE ADDS TO PILE

AUSTIN, Sept. 17.—George B. Butler, executive secretary of the Texas Salvage Committee, reported to Governor Stevenson Thursday that 1,129,285 pounds of scrap metal had been sold from state institutions.

EQUIP A SOLDIER KIT!

Eastland county Red Cross chapter has been asked to make 200 kit bags for soldiers serving abroad, with the added request that the bags be equipped.

The Red Cross workers will make the bags, but the organization cannot use Red Cross funds for the equipment, says Mrs. W. W. Wallace, co-chairman, hence the public is asked to contribute to the equipment fund. Donations may be sent to Mrs. Wallace or to O. L. Duckett at Cisco Gas Corporation.

Cisco is asked to make and equip 50 of the bags and \$50 will be required for equipment purposes. Twelve useful articles are placed in each bag, said articles being purchased wholesale and tax free by the Red Cross. It has been suggested, too, that a personal card of greeting from the maker of the bag be enclosed with the equipment.

The kits will be given to the soldiers by Red Cross representatives as they board ships for foreign lands.

Cisco Red Cross work rooms are at 401 W. Ninth street and are open each Wednesday and Friday afternoons for cutting out garments. Those willing to cut or sew, said Mrs. Wallace, are asked to come in and work an hour or so. Children's rompers and girls' slips are being made at this time.

LIONS HELD A ZONE MEETING AT EASTLAND

Presidents and secretaries of the Lions clubs in this zone attended a meeting at Eastland last night, presided over by Karl Shock, zone chairman from Comanche, with District Governor Charles F. Williams of Fort Worth and Pat Cagle, deputy governor from Brownwood, as visitors.

Following the meal, which was declared unusually good, the program consisted of round table discussions of problems and activities for zone members.

The next meeting of this advisory council will be at Stephenville, November 16. The regular zone meeting, which is usually a kind of ladies' night and attended by all members and their wives, was indefinitely postponed on account of rubber scarcity and proposed gasoline rationing.

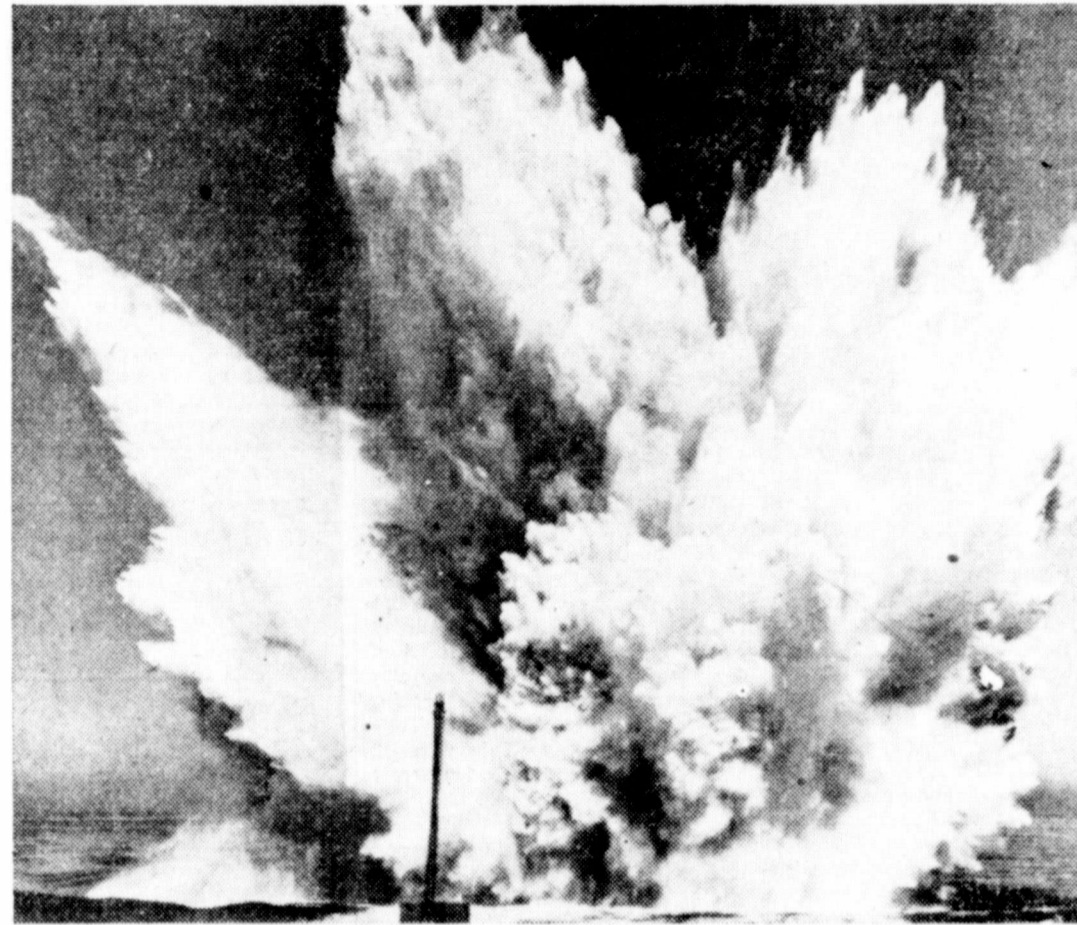

President N. C. Huston and Secretary W. H. LaRoque attended from Cisco.

AUGUST LIFE INS. DROPPED QUITE A BIT

NEW YORK, Sept. 17.—New life insurance written in the first eight months of 1942 amounted to \$5,252,212,000, an increase of 3.4 per cent over \$5,078,967,000 in the like months of 1941, the Association of Life Insurance Presidents announced.

The figures cover business of companies having 81 per cent of all life insurance outstanding in the United States legal reserve companies.

New business written in August dropped sharply from the total of a year ago, however, amounting to \$520,421,000 against \$645,046,000, a decline of 19.3 per cent.

18 ENTER ARMY ON SEPT. 19

The reservists named below have had their army physical examination and are on a 14-day furlough.

They are under orders to report to the Eastland county selective service board at 1 p. m., September 19, to be sent to Camp Wolters reception center for induction into the army.

SPECIAL-RATE TELEGRAMS TO BE ABOLISHED

Miss Ann Heavner, manager of the local Western Union office, announces discontinuance of a large number of special-rate services at midnight, October 18, for the duration.

The company will still keep in effect the low-rate expeditionary force message, to and from members of the American armed forces abroad and the low-rate cable money order service to these forces.

Among the special-rate services discontinued are Christmas, New Year's, Thanksgiving, Easter, Father's Day, Mother's Day and Jewish new year greetings.

Telegraphic money orders, day letters, overnight telegrams, press and other commercial services will be retained at former rates.

ENDERS HUEY A GUEST OF ROTARIANS TODAY

President Ernest Hittson of the Rotary club announced a hundred per cent attendance for the first week in September, and two more, almost but not quite perfect meetings. Two members were absent today.

Seven visitors including the guest speaker added to the group at today's luncheon program, which was in charge of E. P. Crawford. Guests beside the speaker were Mrs. B. S. Huey, Mrs. E. P. Crawford, Miss Helen Crawford, Sutton Crofts and P. R. Warwick of Cisco and Dan Parish making up his attendance from Abilene.

Mr. Crawford in introducing the speaker said that he always had good programs, and the one today had been handed him on a silver platter without any exertion on his part. He then presented Lieut. Enders Huey, a former Cisco youth, who had been awarded a scholarship at the naval academy at Annapolis, graduating in 1941 and since then in active service on the high seas.

Lieut. Huey is the son of Mrs. Huey and the late B. S. Huey, a man of great civic enthusiasm, who published the first daily paper in Cisco — The Cisco Daily News—which he and a few friends founded in 1920.

Young Huey, like his father, is of the mentally analytical type of thinker and reasoner. In his perfectly cool and easy manner, he told of many details of things of interest without telling anything that could be construed by any stretch of imagination as revealing military secrets. He was collected and logical in all his speech to the club today.

First complimenting the good meal served by the women of the First Christian church, Huey said he would be glad to answer any questions he might be asked, provided they were the right questions. He said that censorship of often looked silly to the general public, but it was better to err in favor of a good rule than to make some grave mistake in trying to evade that rule.

The talk was mostly in generalities, with some details as to good cooking and pay for naval officers, and how to determine the rank of an officer by his shoulder, sleeve or collar markings. He said a captain in the navy was equal to that of a colonel in the army, which is denoted by a silver eagle. A brigadier general corresponded to that of commodore in the navy.

I. O. O. F. OF TEXAS BOMBER

Odd Fellows of Texas are having a statewide bond-selling campaign, which will close September 18. The order has already sold over \$278,000 of bonds, which is sufficient to buy a bombing plane. The war savings staff of the treasury department has agreed that this bomber will be named "I.O.O.F. of Texas."

C. A. Wheeler, past grand master and general chairman of the campaign, reports that the Odd Fellows are well on their way toward a sale of \$556,000 of bonds and the purchase of a second bomber which will be named "The Lone Star Rebekah," honoring the Rebekahs of Texas, the auxiliary lodge of the Odd Fellows.

Although the membership of Cisco Goodwill Rebekahs is small, it is doing its part in the campaign by purchasing a bond through the lodge and buying individually, the amount to be applied on the Rebekah bomber.

Cisco Rebekahs are also proud of the fact that one of their members, Miss Joyce Rainbolt, has passed all examinations for admission into the WAAACS and will soon be in Des Moines, Iowa, for training. Miss Rainbolt is a past noble grand of Cisco Rebekah lodge and was warden in the degree team.

SPANISH CLASS 2 EVENINGS A WEEK, COLLEGE

A course in beginning Spanish will be taught two evenings a week at Cisco Junior college for the benefit of business people and others who may be interested, says R. N. Cluck, college president. The course will be made practical and offers a college credit. Those who are interested may see or telephone H. R. Garrett, college registrar, Mr. Cluck said.

MANY REGIMENTS WIPED OUT, GERMAN PRISONERS SAY, BUT INVADERS RUSH IN RESERVES

MOSCOW, Sept. 17.—The Russians were locked in deadly street battles with perhaps 450,000 Germans and Rumanians in the northwestern outskirts of Stalingrad today, nine to 12 miles from the center of the city.

"The Germans are now fighting like devils," the government newspaper Izvestia said.

German losses were huge, and the Soviet noon communique acknowledged no German gains, but front-line dispatches revealed that the Germans made one dangerous penetration, and almost drove into the city, before they could be hammered back.

The Germans, after making the penetration on a northwestern sector, established themselves in the basements and garrets of buildings still standing, and tried to halt the Soviet counter-attack. The Russians took each house separately, killing the Germans or making them retreat.

"On the northwestern outskirts of Stalingrad, enemy automatic riflemen, supported by tanks, attacked positions defended by rifle units N," the noon communique said. "Our troops repulsed the attacks. Six German tanks were disabled and burned out by antitank guns, grenades and fuel bottles. A detachment of enemy automatic riflemen was encircled and wiped out."

"Southwest of Stalingrad, Soviet troops repulsed enemy infantry and tank attacks. On one sector alone, Soviet troops destroyed 11 tanks, three armored cars, 13 motor vehicles loaded with war materials, and killed up to 250 of the enemy."

The German general attack on Stalingrad was in its eighth day, and, although it was from the beginning one of the world's bloodiest battles, it was growing steadily in fury.

Perhaps 450,000 storm troopers were beating at the northwestern defenses, and probably 1,000,000 altogether were engaged in the assault.

Large numbers of planes were thrown into the battle. More and more tanks assaulted, and their blows fell, one on top of another.

They treated death as if it did not exist, and prisoners said regiments thrown into battle several days ago had been almost wiped out. Only 80 to 120 men were still alive in some regiments, they said.

Izvestia reported that the Germans, to make good these fearful losses, were rushing up reinforcements in transport planes.

The noon communique reported that the Russians, on the offensive west of Moscow, had killed 900 Germans in an attack on a fortified position. Soviet artillery destroyed seven field fortifications, 26 blockhouses, five guns, 14 machine guns, and four trench mortar batteries.

(The Exchange Telegraph Agency reported from Moscow that Lieut. Gen. Rittau, commander of the German 129th infantry division, had been killed in the Russian offensive.)

Bedford Mashburn in a ceremony held in the pretty ranch home of Mr. and Mrs. M. Allen, near Wichita Falls. Rev. E. H. Coburn, of Electra, officiated in the presence of a few close friends and relatives. Wedding music was played by Mont Allen.

An informal reception followed, in which refreshments of cake and coffee were served by Mrs. H. E. Minix, sister of the bride. After a visit with Mr. and Mrs. H. E. Minix, the couple returned to Cisco Monday and will make their home at 602 E. avenue.

Mrs. Mashburn has spent most of her life in Cisco and possesses many warm friends and well-wishers. For several years she has successfully operated a dress and button-making shop here. Mr. Mashburn is also well known and popular, having lived in and near Cisco since early youth. He is in the cattle business.

Alpha-Delphian Club Luncheon Held Wednesday

The Alpha Delphian study club held a covered-dish luncheon celebrating the first meeting of the club year Wednesday in the home of Mrs. E. Hooks, 1609 D avenue. The house was attractively decorated with full-blown roses and dahlias and a boutonniere of marigolds was placed at each place, emphasizing club colors of black and gold. Luncheon was served from the dining table with members seated at quartet tables.

Following the meal Mrs. Asa Skiles, outgoing president, was presented with a lovely gift by Mrs. W. W. Fewell in behalf of the club, in appreciation of her services the past year. Mrs. James Moore, a guest, gave two readings from American writers.

A brief business session was held, with Mrs. B. B. Hurst presiding, in which a request was made in behalf of the government for discarded silk and rayon jewelry. A committee was appointed

to have charge of collecting it. Those present were Mrs. James Moore, a guest; Mrs. Asa Skiles, Mrs. E. L. Pugh, Mrs. W. D. Hazel, Mrs. Eugene Lankford, Mrs. B. B. Hurst, Mrs. Neil Lane, Mrs. W. W. Fewell, Mrs. A. J. Olson, Mrs. Paul Poe, Mrs. G. B. Langston and Mrs. E. Hooks.

Mrs. W. W. Milner Was Hostess to W.W.S.S. Class

The willing workers' class of First Christian church Sunday school entertained in the W. W. Milner home Tuesday night for the monthly social and business meeting. Mrs. Claire Swartz, class president, was in charge of the business session.

A social hour followed during which conversation was the feature. Refreshments were passed at the close to Mrs. J. F. Benedict, teacher; Mrs. Wm. Hickey, Mrs. Claire Swartz, Mrs. I. A. Brunkenhoefer, Mrs. G. Roy Heifrin, Mrs. Harry Schmidt, Mrs. Burl Williams, Mrs. J. C. Fletcher, Mrs. Guy Ward, Mrs. Jay Garrett, Mrs. Leonard Burzeski and the hostess, Mrs. Milner.

Mrs. C. A. Farquhar Was Circle Hostess

Mrs. C. A. Farquhar was hostess to circle three of First Baptist missionary society, which met in her home at 1200 F avenue Tuesday afternoon. The meeting opened with prayer by Mrs. R. D. Jones, followed by a devotional from the twelfth chapter of Romans, brought by Mrs. O. L. Mason.

The hostess presided during the election of new officers. Those chosen were: Chairman, Mrs. J. A. McLain; vice-chairman, Mrs. Joe Britain; secretary-treasurer, Mrs. L. B. Mayhew; mission chairman, Mrs. R. D. Jones; Bible teacher, Mrs. O. L. Mason; education chairman, Mrs. Fred Grist; benevolence chairman, Mrs. L. A. Burkett; personal service, Mrs. C. A. BUSINESS OPPORTUNITY For New Business or Established Merchant.

Large National Corporation has open franchise in Cisco. The business embodies a varied line of highly salable and necessary merchandise and assures you sufficient quantities and lines of goods to produce volume sales.

The company you will represent furnishes equipment, fixtures, supervision and proven sales programs that positively insure a successful business. It further provides a national radio program and engages national advertising in all leading magazines at no cost to dealer. It shares the expense of local newspaper advertising.

The company is interested in securing a dealer in Cisco with \$3,000 to \$6,000 capital or installing our lines of merchandise in reputable established mercantile store that wants to increase its profit possibilities and identify itself with one of the country's most outstanding quality merchandisers.

If you are interested in going into business or increasing the profit in your present business from 10 per cent to 20 per cent net profit attainment, write for further details at once.

A complete model store is currently set up in Dallas for your inspection and full investigation.

Write today without delay as this franchise together with a limited number in other cities will be available for a short time only. Address your inquiry to: P. O. Box 2111, Dallas, Texas.

You Can Buy New GAS EQUIPMENT For Your Home IF YOU REALLY NEED IT. Gas ranges and other appliances are becoming less and less available since factories are on full-time war production programs. Therefore it is well to take good care of your present cooking and heating equipment. But if you really need new equipment, the following information will aid you in determining if you are an eligible purchaser in accordance with government restrictions concerning gas appliances. PROVISIONS FOR GAS RANGE PURCHASE: (1) Your present range is completely worn out and beyond repair. (2) Your premises are not equipped with a range and you do not have cooking equipment. (3) You are engaged in constructing a Defense Housing project. (4) You are remodeling a large home and breaking it into several small apartments, you may purchase the ranges necessary to meet the cooking requirements. AND A GAS WATER HEATER IF-- (1) Your present water heater is completely worn out and beyond repair. (2) Your premises are not equipped with usable means of heating water. (3) You are engaged in constructing a Defense Housing project. (4) You are remodeling a large home and breaking it up into smaller apartments, you may purchase the gas water heaters required to supply adequate hot water. HEATING EQUIPMENT IF-- (1) You have rooms in which you do not have some type of heating equipment. This includes appliances such as Floor Furnaces, vented and unvented Circulators, Gasteam Radiators and Radiant Heaters. (2) If your present central heating plant is in need of repair, dealers will make the necessary replacements to put it into condition for the heating season. If it is beyond repairs that would restore it to workable condition, it may be replaced from stock if available. Your gas appliance dealer can help you to apply for these items and discover if you are eligible for purchases of the above items. CISCO GAS CORPORATION

VOLUNTARY ENLISTMENTS HIT WAR PLANTS

WASHINGTON, Sept. 17.—A government attempt to determine the future manpower needs of both the armed forces and industry was disclosed to congress Thursday amid indications the administration soon would seek a national service to combat labor shortages.

Wendell Lund, director of the War Production Board's labor division, reported government agencies were preparing a decision "on the largest and most efficient possible army which can be fully serviced by those who are left outside the armed forces."

"Until that decision is made, twin daggers face the nation's war effort," he said in a statement submitted to the house committee on defense migration. War Production Chief Donald Nelson also was scheduled to appear before the committee.

"On the one hand," Lund said, "workers may be taken out of jobs in the army in such a way as to cripple production the armed forces need for their maximum efficiency. On the other hand, there is danger that the armed forces may be denied the men they need to operate the war machine."

SETBACKS FOR JAPS IN ALL THE PACIFIC AREAS

WASHINGTON, Sept. 17.—The American forces have delivered new setbacks to the Japanese at both ends of the far-flung Pacific battle line, slowing the enemy drive to recapture the Solomon Islands and inflicting shattering blows on ships, planes, shore facilities and men in the Aleutian Islands.

Eight enemy ships were blasted by American planes at Kiska Island in the Aleutians, two of them being sunk. At Guadalcanal, navy and marine corps dive-bombers have damaged two Japanese cruisers, while marine land forces not only are holding their positions, but have diminished the initial ferocity of Japanese counter-attacks.

NEW LEGION CAMPAIGN
KANSAS CITY, Sept. 17.—The American Legion is opening a new front—a campaign against child neglect in time of war. Its child welfare association is ready to tell the organization's national convention, opening Saturday, that the mistake of forgetting the child in the last war must not be repeated.

SEES GERMANY'S END.
LONDON, Sept. 17.—Joseph Padway, American Federation of

Labor general counsel, predicted today after a month's tour of the war production centers. "The hell will be knocked out of Germany within a year," he said, "and the war will be over by no post-war settlement, but by allowing Germany to mobilize an army of maintenance and marine force."
