NUMBER 14

FARM BLOC CLAIMS VICTORY OVER PRESIDENT

VESTOCK TOTALING \$6,500 CHANGED HANDS AT THE CISCO AUCTION BARN THIS WEEK

Livestock at the Cisco Livestock auction sales Tuesday brought in quantities than usual, easing the offerings of a large number of sellers to the amount of \$6,500. Charley Davis bought head of cattle, S. Sneed, 20 while J. A. Trigg topped group with 47 head.

- Sellers.**
- Coads, 2 cattle.
 - Penning, steer.
 - Holmes, 4 steers.
 - F. Moseley, sheep.
 - C. Peck, 2 cattle.
 - L. Coart, 2 cattle.
 - L. Johnson, cow.
 - T. Booth, 3 goats.
 - L. Cooper, 4 cattle.
 - B. Ramsey, 11 cattle.
 - T. Graves, 10 cattle.
 - Harrison, bull.
 - D. Speegle, bull.
 - R. Watkins, steer.
 - R. Sneed, 2 cattle.
 - M. Oxley, heifer.
 - T. Anderson, 3 cattle.
 - W. Taylor, 7 hogs.
 - R. Cox, bull, hog.
 - C. Warren, 2 steers.
 - B. Mashburn, 13 cattle.
 - E. Thorpe, 2 cattle.
 - W. Goswin, 6 cattle.
 - Lee, 2 cattle.
 - Stewart, 8 cattle.
 - F. Woods, 6 cattle.
 - B. Hunt, bull.
 - H. Butler, steer.
 - F. Clayborn, 12 cattle.
 - E. Wood, 4 cattle, 3 hogs.
 - L. Bennett, 2 cattle.
 - M. Hearne, 13 goats.

 - W. McKinney, 8 cattle, 13

- GOODBYE, JERRY!**
- ALLAS, Sept. 23.—Jerry Sudburt for a permanent injunction to prevent Beauford Jester from filling Sadler's unexpired Texas railroad commission was dismissed by Judge W. Howell in federal court Tuesday afternoon.

NAZIS ADVANCE AT STALINGRAD IS VERY SLOW

MOSCOW, Sept. 23. — Under terrific, co-ordinated attack of massed tanks and waves of dive bombers, the Russians yielded several more streets in one section of Stalingrad Wednesday, but beat off the Germans in hand-to-hand battles elsewhere in the city where the invaders were said to have paid a toll of almost 6,000 men in three days for gains measured in yards.

Battlefront dispatches said Red army forces which crossed the Volga under cover of darkness fell upon one flank of the German penetration of the devastated city and drove them from their positions. An important road was reported recaptured in house-to-house fighting in another sector, while southwest of the city the Russians were said to have retaken a village.

Pravda said the Nazis made more than 1,000 bombing flights in a single day against reinforced Soviet fighter plane defenses. Tanks brought up to bolster Hitler's desperate bid for a September victory on the Volga were hurled at the defenders by hundreds.

In a single sector attacking infantrymen were reported led by more than 100 tanks—perhaps the greatest armored shock force ever used in street fighting. Recounting the price the Nazis paid for their limited gains, the Russian midday communique said more than 1,000 Germans were killed in fierce fighting northwest of the city; 400 more in the northern part of Stalingrad and two companies of perhaps 300 men wiped out elsewhere in the city area by Russian tanks.

The midnight communique said more than 3,000 Germans had been killed or wounded in the preceding two days northwest of the city alone, with 300 slain in another single salient and a battalion of about 600 men wiped out south of the city.

Disparities left no doubt that the street fighting exceeded anything previously of this kind in the war.

Young sheep, goats, calves and pigs, as well as chickens and turkeys, are favorite food for such animals, Witten reminds.

This string of fish which Jack Lamb holds are Alaskan grayling. In his travels through Alaska last summer, Lamb came upon streams literally glutted with grayling. It was an easy matter to catch 400 like this in one day.

JACK LAMB OF GULF OIL CORPORATION AND A WORLD TRAVELER, GUEST OF CISCO LIONS

Jack Lamb, of Pittsburgh, Pa., and Fort Worth, Texas, world traveler, fisherman and cameraman for the Gulf Oil corporation, was the guest speaker at the Lions luncheon today, when visitors from Lions clubs of Ranger and Eastland, together with local men, were guests of the club.

President Huston was the recipient of a baby shower from Lion members, honoring the birth of his little daughter, Mary Wayne, on Sept. 19.

The president of the club also announced the scrap metal drive to be directed by Lion W. H. LaRoque for the Lions, beginning next Monday, sponsored by the Newspapers of America for the nation and the Cisco Daily Press for Cisco.

The local scrap metal organization, already set up for Eastland county and Cisco, will be used in this drive, President Huston said.

M. L. Keasler, local agent for the Gulf Oil Corp., introduced Mr. Lamb as the man who had spent the last 17 years fishing in various parts of the United States, Alaska territory and Canada, and drawing a handsome salary for doing so.

Mr. Lamb said that he was glad to be with Lions of Cisco and renew the acquaintances he had made through the years during his many fishing trips to Lake Cisco. He will fish there again tomorrow.

"This is the only show in the world that is given outright to the public, through some charitable organization," Lamb said. It cost \$30,000 to produce the picture from actual scenes photographed by Lamb and his party during their several months' stay in Alaska, viewing places never before seen by white men.

SPONSOR AND FOOTBALL PEP LEADERS GIVEN

Cisco high school students held a meeting Monday afternoon and chose a sponsor and pep squad leaders for the approaching football season.

Mrs. Ora Kirkin was named sponsor and pep squad leaders are Misses Dorothy Jean Anderson, Peggy Jean Gallagher, Betty Slicker and Jeffie Jean Robertson.

The first official football game of the season will be between Big Spring and Cisco, next Friday night, at Big Spring.

FORMER CISCO WOMAN DIES AT WICHITA FALLS

Mrs. C. C. Dean, sister of Mrs. N. A. Brown and stepdaughter of Mrs. R. G. Milling, of Cisco, died at her home in Wichita Falls this morning. Mrs. Brown had been at her bedside since Sunday. The funeral will be held in Wichita Falls at 2 o'clock Thursday afternoon.

Decceased, the former Miss Revie Milling, had been ill for more than two years. She was reared in Cisco, graduated from Cisco high school and was a daughter of the late Dr. R. G. Milling. Since her marriage to Dr. C. C. Dean in 1926 she has resided in Fort Worth and Wichita Falls.

Survivors include the husband and two children, Mary and George; Dean; the stepmother, Mrs. R. G. Milling; a brother, Dr. Hugh Milling of Mineral Wells, and four sisters—Mrs. N. A. Brown, Cisco; Mrs. Myrtle Heffner, Lovington, N. M.; Mrs. Earp Young, San Jacinto, Cal.; Miss Meek Milling, Wichita Falls.

DEATH OF J. J. FOSTER. J. J. Foster, 73, died late Tuesday afternoon at his home on Tenth street and the funeral was held from the Tweed's-st. Methodist church at 4 o'clock this afternoon, with interment in Oakwood cemetery. Rev. Seba Kirkpatrick preached the funeral service and the Lane funeral parlor had charge of the burial. Few facts pertaining to the family could be learned today, but Mr. and Mrs. Foster are said to have moved into Cisco from the county only a few weeks ago. Grandsons served as pallbearers.

WOMEN TO BE PUT IN CHARGE THE WEATHER

Miss Effie Moore, secretary of the local board of civil service examiners, says Uncle Sam is looking for men and women—especially the girls—to go to work in the weather bureau. Applicants should be at least 17 years of age and have a high school education, and they'll also have to pass a "mechanical aptitude" test to qualify.

The weatherwomen will be known as junior observers in meteorology and will draw \$120 a month during a three-month course of instruction on weather observing, weather coding and the plotting of weather data on maps. Those able to make the grade will be rapidly promoted, with duty in Arkansas, Louisiana, Oklahoma, Texas and New Mexico.

Applications may be obtained from Miss Moore at the Cisco post office.

FIGHT FOR HIGHER FARM PARITY CEILINGS IS IN OPPOSITION TO STRONG STAND BY ROOSEVELT

WASHINGTON, Sept. 23. — Openly confident of victory, congressional farm bloc forces today pressed their drive to write higher farm parity ceilings into the anti-inflation bill, a move toward which President Roosevelt has expressed "unalterable opposition."

Administration leaders in the senate, apparently taken aback by Tuesday's surge of support for the parity change, made hasty overnight canvass for votes.

Farm state lawmakers want the increased cost of hired farm labor taken into account in computing parity prices. This is not done under present law and is important in the pending bill because that measure provides that farm price ceilings may not be set lower than full parity, or the highest price between Jan. 1 and Sept. 15, this year, whichever is higher.

(Parity level is a level calculated to give farmers the same ratio between the prices of the things they sell and those they buy which prevailed in a favorable past period, in most cases 1909-14).

"We're going to pass this amendment 2 to 1," predicted Chairman Smith of the Senate Agriculture committee. He added he thought the vote would come Wednesday.

A similar amendment was being prepared on the house side by Chairman Fulmer of the House Agriculture committee.

"The prospect of the passage of this fair amendment looks extremely good," Fulmer said.

"Those who represent labor and consumers of the industrial districts are beginning to realize that short production will come more nearly to destroying wage earners and consumers than increased production at fair prices."

HIGHEST IN 22 YEARS

CHICAGO, Sept. 23.—Absence of any office of price administration action to place ceilings over the hog prices, which appeared imminent three weeks ago, has led to another broad advance in quotations, livestock men said Wednesday. Although the best price Tuesday at \$15.10 a hundred pounds was 20 cents under the 22-year high, the average price, based upon sales of all weights and classes, was at a new top since 1920. Average price was about \$14.85.

MANY SPIES

NEW YORK, Sept. 23.—A total of 6,800 aliens was arrested in the nation between the Pearl Harbor attack last December and Sept. 1 this year—and half of them have been paroled or released, according to Edward J. Ennis, director of the alien enemy control unit. Ennis told the convention of the international association of chiefs of police Tuesday that his unit, part of the FBI, started to investigate persons regarded as potential espionage agents as early as 1939.

SECOND FRONT URGENT.

MOSCOW, Sept. 23.—The same question Wendell L. Willkie has been asked virtually everywhere he has been in Russia—"what about a second front?"—was put to him Wednesday by numerous workers at a factory he visited in the Moscow district. Willkie, here on a mission as president Roosevelt's volunteer messenger, also talked with Rev. Leopold J. Brown, American Catholic priest in Moscow.

Glum but not despairing, the president's leaders in the senate were ready to present their side of the argument Wednesday. To persuade wavering voters, they were ready to cite Roosevelt's letter of last Thursday to the chairman of the senate and house banking committees, in which he wrote:

"I should like to make clear my unalterable opposition to any recomputation of parity at this time. In my message of Sept. 7 I stated, 'In computing parity, we should continue to use the computation of the bureau of agriculture economics made under the law as it stands today.' This will continue to be my policy."

The president said the parity principle had proven a good standard for peace time and was a good one for war.

The nub of the farm bloc arguments was that farmers are losing labor to the war plants, and that unless they are given higher prices for their products they will not be able to compete in the labor market and the nation may face a paralyzing food shortage.

The office of price administration estimated that under the new parity formula proposed by the farm bloc the cost of living would increase by \$3,000,000,000 to \$3,500,000,000, or a jump of 4 to 5 per cent in the index.

LIKES HIS JOB.

WASHINGTON, Sept. 23.—Retirement at 70 doesn't fit the plans of Harlan F. Stone, chief justice of the United States, his friends believe. The chief justice, who will reach retirement age on Oct. 11, is in excellent health and too fond of his duties to quit the tribunal, associates say.

The Nation's Steel Mills Are Running Out of SCRAP!

They haven't enough on hand for even 30 days more. When this is gone they may have to shut down—for all new steel is 50% scrap. Get your scrap ready to turn in NOW!

WHOSE BOY WILL DIE BECAUSE YOU FAILED?

THINK about it as revenge — a way to get back at the scum who have attacked us. Or think about it as a little more protection for our fighting men — something you, yourself, can do to bring as many as possible home alive.

But think about it now — for the scrap in

homes, farms and factories has got to be moving to stock piles within the next few weeks **OR IT MAY BE TOO LATE!**

Maybe you don't know what it means to have production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges.

Or to see the enemy rolling through your lines because you didn't have just a few more tanks.

*Or **MAYBE YOU DONT CARE!***

We think you do. We feel that our whole community is ready to rise up and bring in the scrap as soon as you get a chance. So you're going to get that chance!

Next week the Lions are starting the biggest drive you've ever seen, to get in this precious material. And you're going to pitch in, too, because this situation is serious.

Start locking around your place for scrap today. If you've got a son in the service, do it for HIM. Do it for the neighbor's boy — for those fine young chaps you just passed, out on the street.

*Above all do it for your country . . . and **DO IT NOW!***

Watch this paper for details of the big scrap drive and what you must do to help
NEWSPAPERS' UNITED METAL SCRAP DRIVE
