## JAPANESE TO SEEK A SHOWDOWN IN SOLOMONS

### HUNGRY REDS ADVANCE; NAZIS RETREAT

MOSCOW, Sept. 26.—Powerful tank and infantry forces west of Stalingrad crushed through reinforced German positions into a vital range today and inside Stalingrad the Russians were reported attacking and wresting blocks from the enemy.

Front line dispatches now made clear that Marshal Seydow's German left flank and to this was throwing larger and forces of tanks into a counter-offensive that steadily gained a range of hills, some of which already had been taken by the Germans.

If the Germans lose the dispatches said, they will be forced to withdraw part of their forces from the northern and western outskirts of Stalingrad.

German forces squeezed between the growing counter-offensive and the stiffening resistance of Stalingrad, were withdrawing men and tanks from their attempts to take the city.

The only results so far have been the loss of scores of tanks and thousands of men.

In a bitter battle over one of the German retreats and the loss of 17 tanks. The tanks remained in possession of the Germans.

In a thousand Germans were in attacks on another hill and 14 more tanks were knocked out.

On the 23rd day of the battle Stalingrad and front-line dispatches said the Russians, in bitter fighting, had driven German forces from a number of miles outside the city.

However, the Germans failed to break through Soviet anti-air defenses firing from behind. German armor, knocking out a tank directly hit.

### CONNALLY AND DANIEL FOR THOMAS PLAN

WASHINGTON, Sept. 26.—Texas senators—Tom Connally and W. L. O'Daniel—are expected to vote for the Thomas amendment to the pending anti-union bill.

The amendment which will change the formula for setting agricultural prices by raising the costs of farm labor from farmer himself, his hired labor, and his hired labor.

It has been estimated that this will raise the cost of living by 10 per cent, and would add inflationary danger.

The amendment is identical to an amendment which the House approved.

**THREAT ALL ALIKE.**

WASHINGTON, Sept. 26.—The Conservation Wm. M. Jefferson ordered nationwide rationing to save tires.

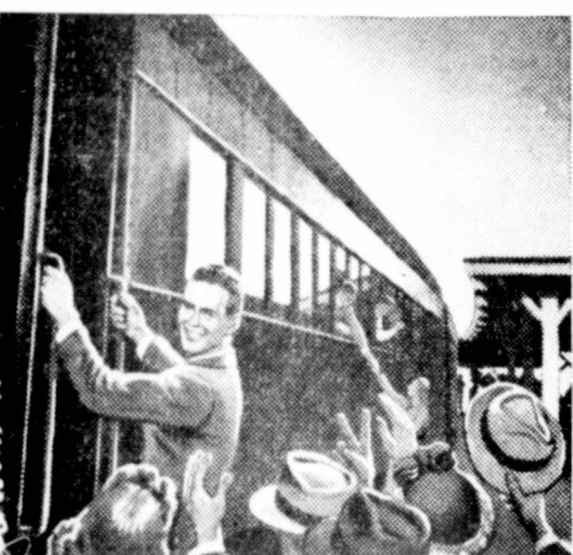

The first public order, Jefferson's Price Administrator Henderson to extend to the nation the same restrictions in effect in the east.

"It is a game," he said, "in which we can win or all lose. The date will likely be November. Henderson will determine the basic 4-gallon week ration for the country as it does in eastern seaboard states. In order, Jefferson appealed to motorists to slow down to the 35-hour limit recommended by the Baruch committee.

**WORTH, Sept. 26.**—Six fashion exhibitors today hanging up new suits and for inspection of southwesters, arriving for the opening of the mid-season fashion tomorrow at Hotel Texas.

*"What happens when I join the NAVY?"*

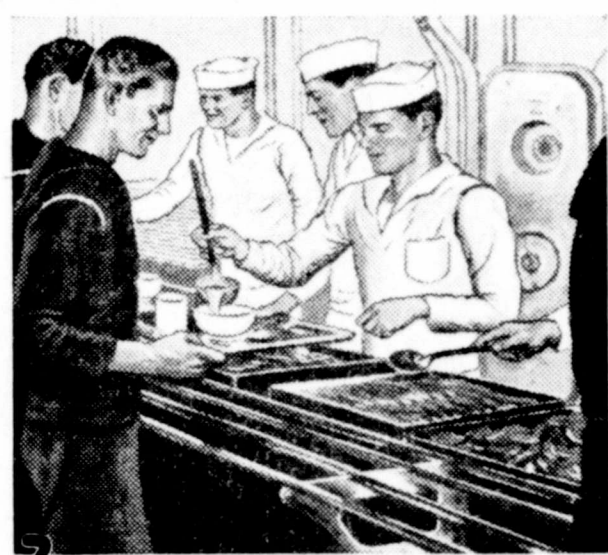

Thousands of men—17 to 50—are asking this question. They're red-blooded Americans, men who want to get in and fight for their country. "Just tell us what to do!" they ask. Okay—here's the answer. First, have a friendly chat with the Officer in Charge at any Navy Recruiting Station. Here are some of the things he'll tell you...

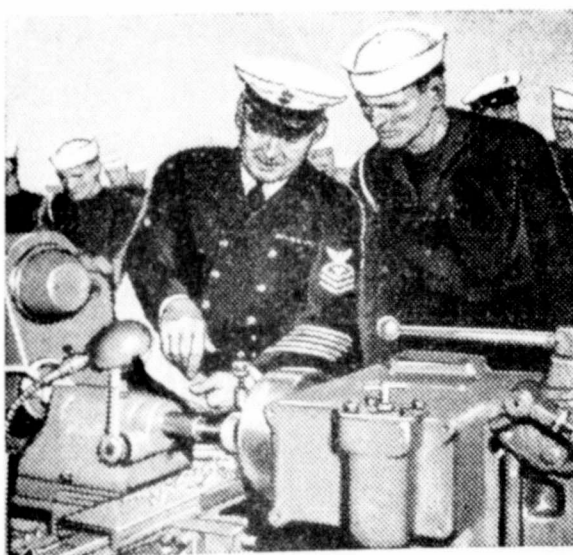

**1. You're off to training station!** And what a thrill it is! The Navy takes care of all your expenses. Meals in the dining car. A Pullman berth for overnight travel. When you arrive, you'll find comfortable quarters waiting for you. And you'll meet the swellest bunch of shipmates in the world!

**2. You get free clothing—\$133 worth!** Complete uniforms for both winter and summer. You'll be proud—and rightly so—when you step out in your smart Navy blues. From then on, you soon get into the swing of real Navy life. You learn Naval history, Naval regulations, Naval traditions.

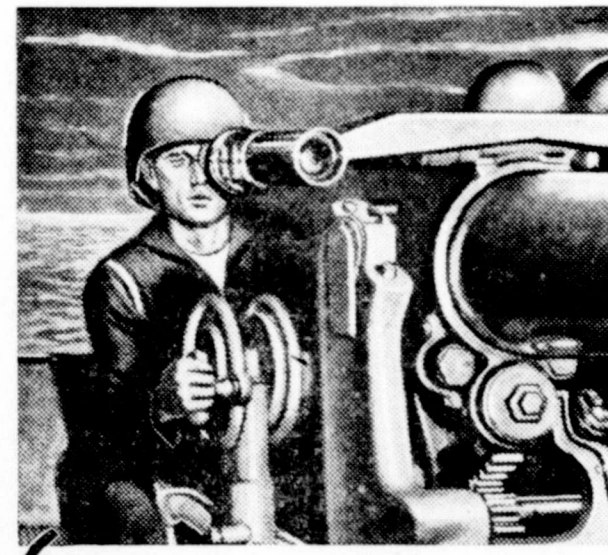

**3. You get the finest food!** Three square meals a day with all the seconds you want. Wholesome, hearty meals that stick to a fellow's ribs. And you'll have an appetite for them, for you'll be living a rugged, outdoor life—the kind of life that will put you and keep you in tip-top physical trim.

**4. You're trained for a trade!** If you qualify, you go to one of the great Navy trade schools. Here you get expert training worth \$1500 in your chosen field—radio, aviation, engineering, electricity, photography, telegraphy, welding—or any of 49 skilled trades. Whatever your specialty, Navy training fits you to do a better job now—and after the war.

**5. You get good pay, quick promotion!** After approximately two months' service, upon completion of recruit training, you get a raise in pay. By the end of your first enlistment, you can be making up to \$138 a month, plus allowances. And remember, your pay is all yours, because your meals, quarters, clothing, medical and dental care are free!

**6. You get action, travel, adventure!** You go places, meet people in the Navy. And you do big things for your country. Deeds of courage and heroism. Deeds that are writing history. The kind of deeds that are making the U.S. Navy the finest on the seas. Here's your chance for real service. Take it now while you still have time to choose!

### PATRIOTS KEPT KEY KAN RATTLING ALL DAY

Keys for Victory—more ships and fighting metal—came in rather briskly to the Daily Press Saturday, with some bringing in as many as 410 keys, which shows that once Cisco people turn their minds to a matter, they put it over. As it was remarked by a Ciscoan Saturday, before whom a

similar remark was made, "Let us hope they won't be too slow in turning their minds to the matter."

As a matter of fact, it is hard for us who live so far removed from the activities of war and munition manufacture to really become conscious of the terrible need of these items for war use. Only the fact that our sons have been taken makes it in any wise a fact to us.

But, as those sons are gradually reported lost or missing in action, it will be brought home to us that there really is a war. If we can do our little bits now and keep them flying and rolling, fewer of those tragic notices will be coming back to us.

### MEGLASSON IS NOW CORPORAL AT CAMP DAVIS

Mrs. G. M. Meglasson received a letter yesterday from her son, George Meglasson, who has just been transferred from Camp Wallace, Texas, to Camp Davis, N. C. The Cisco boy is now a corporal in battery A, 28th CATB. Corporal Meglasson writes that he is

working hard, but gaining in weight and is well satisfied.

**14 PLANES BURNED**

DALLAS, Sept. 26.—Fourteen civilian planes were destroyed Friday by a blaze that raged through two large hangars at Lou Foote flying school field near here and threatened other structures at the \$300,000 training center before it was extinguished.

**JUMPED TO DEATH**

NEW YORK, Sept. 26.—Adelaide Reckford, 40, daughter of the late founder of the American Lead Pencil company, jumped or fell to her death Saturday from a room on the twenty-ninth floor of Hotel Barbizon-Plaza.

### FLYING FORTRESSES SPOT ADVANCING ENEMY FLEET 250 MI. NORTH OF MAIN AMERICAN BASE

WASHINGTON, Sept. 26.— Japanese reinforcements continue to move into the northern Solomons, apparently in preparation for the expected large-scale attempt to dislodge American Marines from their hard-won positions, latest reports from the South Pacific War Zone indicated today.

The navy disclosed in a communique last night that army Flying Fortresses located a fleet of enemy transports 250 miles north of the main American base at Guadalcanal on Friday (local time) and scored three hits on the vessels. One of 20 "Zeroes" sent up for protection was shot down.

The reports were received amid indications that a full-scale sea battle—possibly the largest of the war—is in the making.

Japan is known to have dispatched a strong force of carriers, battleships, cruisers, and lesser craft into the area and Secretary of the Navy Frank Knox recently indicated that the navy is making all possible plans to repel any attack.

He told a press conference the enemy is expected to launch strong counter-attacks; that to expect anything else would be foolish. Two major attempts to regain lost territory thus far have been repulsed.

Army airmen continue to carry the fight to the enemy in the northern Solomons, the navy reported. Heavy bombers, possibly using the captured Guadalcanal air field, combed and strafed Japanese positions in a series of raids, damaging docks, buildings and other installations. One small "Zero," equipped with floats, was shot down in a Sept. 23 attack on Rekata Bay.

Navy and Marine dive bombers continued to pound Japanese troops still fighting from the mountainous and jungle-covered interior of Guadalcanal. Marine patrols followed up to engage the enemy in ground fighting.

The navy said the attacks were directed against "enemy-held villages and other points of resistance."

There apparently has been no large scale fighting on Guadalcanal since the Japanese landed reinforcements early this month and attempted to recapture the airfield. This attempt was repulsed by Marines and Navy personnel, including "Seabees" (fighting construction battalions).

### STUDENT BODY PICK OFFICERS AT JR. COLLEGE

School activities got under way at Cisco Junior college last week with a student and parent informal reception and election of officers for the student body. Class officers will be chosen this week, it was announced.

Friday morning at the close of the chapel period general officers for the student body were chosen, as follows: Allen Nelson, president; Jimmy Newberry, vice president and Golda Warren, secretary-treasurer. These students will act with six others—three from each of the two classes—to form a student council body.

Friday evening the reception

was held at the dormitories and was well attended, H. R. Garrett stated.

There are now 32 persons in the dormitories, which have recently been refurnished. Mrs. Minnie Hill is matron and Mrs. C. C. Aiken is in charge of the dining hall.

Mr. Garrett added that the schedule of the college has been so arranged now that married women of the town or others, may take the business courses of shorthand, typing or bookkeeping from 9:30 to 11:20, each morning.

**CHURCH DISSOLVED.**

LONDON, Sept. 26.—German authorities have ordered the dissolution of the Czech Orthodox Church in the Nazi "protectorate" of Bohemia and Moravia. Five leaders of the church died recently before a firing squad, charged with having concealed the killers of Reinhard Heydrich, German secret police chieftain.

CHURCHES

Grace Lutheran.
Sunday school at 10 a. m. Morning worship at 11 o'clock. The pastor will be absent, since he is preaching at Brownwood for a mission rally held there this Sunday. However, W. J. Prange will be in charge of the service. Welcome. W. H. SYMANK, Pastor.

Christian Science.
"Reality" is the subject of the lesson-sermon which will be read in all Churches of Christ Scientist, on Sunday, September 27. The golden text is "Thou, O Lord, remainest forever; thy throne from generation to generation" (Lamentations 5:19). Among the citations which comprise the lesson-sermon is the following from the Bible: "Keep thy heart with all diligence: for out of it are the issues of life" (Proverbs 4:23). The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We must form perfect models in thought and look at them continually, or we shall never carve them

out in grand and noble lives" (page 249).
First Baptist.
Sunday morning 11 o'clock sermon will be "Mary Tearful Sings." Cheerful Reading. The evening sermon text, especially for young people will be "Looking at the Front End From the Back End." Classes will report to their Sunday school rooms at 9:45 and report to the main church auditorium at 10:15 for the annual installation and promotion day program. Preaching at 11 a. m. and at 8 p. m. B. T. U. at 7 a. m.

First Methodist.
