CISCO, TEXAS, WEDNESDAY, OCTOBER 7, 1942

NUMBER 24

JAP FORCES ARE POURING INTO GUADALCANAL

Livestock Sales at Cattle Auction Tuesday Totaled \$5,000, Says Booth

Tuesday was just an average day at the Cisco Livestock Exchange Auction, with sales running about \$5,000, according to Paul Booth, secretary of the organization. Stock handled consisted of cattle, hogs and goats.

Sellers

- Mart Agnew, five cattle.
- Cecil Bostick, two steers.
- Joe Coats, steer.
- George Harrison, five hogs, goat.
- John Stewart, 11 cattle, 3 hogs.
- Wayne Thurman, two cattle.
- J. H. McKinney, cow.
- W. I. Agnew, two cattle.
- W. E. Morris, five hogs.
- J. R. Sneed, heifer.
- Bill Dennison, four cattle.
- W. C. Allen, two cattle.
- Paul Price, two hogs.
- L. A. Gray, two heifers.
- Jack Watkins, five cattle.
- J. E. Wood, four cattle.
- J. O. Ernest, six cattle.
- Bill Kleiner, goat.
- C. L. Clayborn, 15 cattle.
- F. D. Moore, six cattle.
- G. W. Thorpe, 19 cattle.
- D. N. Jordan, bull.
- George Ingram, steer.
- G. A. Reece, two steers.
- F. S. Scott, four cattle.
- Mrs. J. N. Wedgeworth, four cattle.
- S. F. Hittson, steer.
- H. F. Clayborn, 17 cattle.
- W. H. Baskin, seven cattle.
- R. B. Taylor, 13 cattle.
- A. B. Hutchinson, two cattle.
- T. L. Cooper, steer.
- Tom Bacon, calf.
- C. E. Morris, two steers, three hogs.
- J. W. McKinney, two hogs.

Buyers

- J. A. Trigg, 18 cattle.
- Homer Pruett, 29 cattle.
- Piggly Wiggly, three cattle.
- Cisco Livestock Exchange, 14 cattle.
- Joe Coats, 10 cattle.
- J. H. McKinney, two cattle.
- Jack Watkins, four hogs.
- J. O. Ernest, hog.
- Jasper Phelps, calf.
- Ed Huestis, two cattle.
- Curt Butler, steer.
- J. B. Downton, heifer.
- W. R. Harris, two heifers.
- Ray Agnew, hog.
- J. E. Wood, heifer.
- B. Strayhan, two cattle.
- C. Clayborn, 18 cattle.
- Gus Brandon, two cattle.
- George Harrison, eight cattle, two hogs.
- A. C. Peck, bull.
- J. A. Brandon, steer.
- R. D. Williams, three cattle.
- R. B. Taylor, four cattle.
- Curt Butler, heifer.
- T. C. Shahan, three cattle.
- Carl Graves, two cattle.
- Dr. Griffin, heifer.
- V. W. McMurry, three cattle.
- J. W. McKinney, eight cattle, three hogs.

FEAR KIDNAPING

BASTROP, Oct. 7.—A sheriff's posse and detachments of soldiers from Camp Swift searched the countryside all night and intensified their hunt Wednesday for Lucy Rivers Maynard, 8-year-old daughter of County Judge and Mrs. C. B. Maynard of Bastrop. Officers fear the child, last seen at 2:30 p. m. Tuesday walking across a street from the Bastrop school grounds, may have been kidnaped.

SCRAP

Junk. Useless, broken, discarded. As individuals we don't need it. As a nation we need it so desperately that our destiny may hang on the speed with which we get it in. On the Seven Seas and in foreign lands, men are fighting and dying to preserve our way of life. Can we let them down? You know the answer. WE WILL NOT! It is the least that we who stay at home can do.

SCHOOLS' SCRAP IS MOUNTING

A great scrap pile in front of the high school confronted passersby this morning as a result of the school scrap drive put on Tuesday by students and teachers of that group, while a pile for each room dotted the grounds at grammar and ward schools.

All entered into the work with a will and the work is not finished, yet, according to Principal O. L. Stamey, who seemed well pleased at the efforts put forth by teachers and students in the great national drive of which they are a part.

Students will continue to collect scrap until the close of their drive, October 17. If there is any scrap left anywhere in Cisco city limits, please notify Mr. Stamey, or any of the teachers or students. If it is too heavy to handle, city trucks will pick it up.

Rewards are being offered for schools or rooms bringing in the most scrap and a reward for all rooms reaching a certain quota. It was fun—along with the knowledge each child had that he or she was a part of a great national task to help win the war.

The schools have already done a good work but, as suggested above, the work is not finished—and will not be completed until every piece of scrap metal in Cisco is gathered in those piles that children and teachers will watch with interest from day to day as they assume larger proportions.

All scrap donated will later be piled in the A-G Motor company used car lot, while that sold will be taken by the Cisco Lumber & Supply company.

WILLKIE ASKS ALL-OUT DRIVE ON ALL FRONTS

CHUNGKING, Oct. 7.—Wendell L. Willkie today urged the United Nations to open "an all-out offensive everywhere now" because "we are ready to deliver some knockout blows." Willkie, who 11 days ago in Moscow advocated a second front as soon as Allied military leaders held it feasible, emphasized that in all public statements he spoke only for himself. "I'm Wendell Willkie, and I say what I damn well please," he told correspondents at a press conference. He also urged that the United States deliver more arms to Russia and China. "In the United States we have talked a lot to the world about our production figures," he said. "But some of our Allies have seen very little of our actual arms."

GERMANS FIGHT DESPERATELY; GET NOWHERE; WINTER CLOSE

MOSCOW, Oct. 7.— Marshal Semyon Timoshenko threw strong forces of Stormovik bombers into his counter-offensive above Stalingrad today, and his columns, advancing over a wide area, drove into a town, cut off fleeing Axis forces and killed 1200.

The desperate Germans, trying to take Stalingrad before Timoshenko's relief offensive and approaching winter trapped them, steadily increased the force of their thrusts within the city.

Dispatches said several German divisions (probably 45,000 men), tanks and 1,000-plane sorties were hammering incessantly at a small industrial district in the northwestern section of Stalingrad. Scores of attacks have failed there in the last week.

But at no point, the Soviet high command said, did the Germans advance.

The Germans rushed new infantry, aircraft and tank divisions to the city. The army organ Red Star said the defenders were withstanding the heaviest attacks of the siege, and that the Russians were exacting the highest price for the Nazis had ever paid for an inch of conquered land.

Timoshenko's counter-offensive stabbed into the German left flank with greater and greater force. He not only had brought up powerful Stormovik bombers to clear the way for his advance, but also strong forces of fighters to take care of German planes.

His advance extended over a wide area between the Don and Volga rivers, and along the bank of the Don, northwest of Stalingrad.

The Germans buried hundreds of damaged tanks and used their turrets as mounts for fixed artillery, while their undamaged tanks scuttled across the steppes, counter-attacking in vain efforts to stop the Russians. The hard-pressed enemy was still firing dry rills in the hope that the Russians would be impeded.

SCOUTS' HONOR COURT EVENING OF OCTOBER 13

Angie badges are to be awarded and a number of scouts are to come up for advancement at the court of honor to be held at First Christian church, here, Tuesday evening, October 13. Scout troops from all posts in the district are expected.

Scout troop No. 101 had a one-act play at the regular meeting at the First Presbyterian church last night, according to Ernest Hittson, scoutmaster. Those taking part in the performance were Jim Ewell, Melvin Sandler, Jay Warren, Jimmy Helm, Stanley Williams, Jimmy Farnsworth, Jerry Westfall and Bob Wilson.

Scouts in attendance at the meeting were Joe Philpott, Homer Hensley, Stanley Williams, Melvin Sandler, Pat Fee, Jimmy Helm, Bobby Prater, Jimmy Christie, George Cannon, Robert Carswell, Jimmy Cummings, Jimmy Laird, Sammy Kimmell, Fred Craddock, Harvey Haynie, Karl Armstrong, Marion Paschall, Jay Warren, Jim Ewell, Jerry Westfall, Aubrey Harris, Jimmy Farnsworth and Bob Wilson.

SMOKE BEATERS—Preparing for the day if and when enemy bombers drone overhead, workers at Federal Shipyards in Kearny, N. J., try out new type hose spray which has been found effective in literally sweeping deadly fumes and smoke from path of fire fighters.

ALLIES' REFUGEE KIDDIES

The Eastland County Junior Red Cross, of which Mrs. R. B. Carswell and Mrs. Karl Armstrong of Cisco are chairman and co-chairman, respectively, is engaged in particularly fine work right now—that of encouraging Eastland county school children to pack Christmas boxes for the refugee children of the Allied Nations.

The boxes are furnished by the Junior Red Cross, measure 9x4x3 inches and can be packed at very small expense, says Mrs. Carswell, who delivers the cartons to the schools, picks them up after they have been packed and ships them to the east coast for overseas delivery.

Articles made by the children as part of their daily work in class are especially desired, and any of the following articles will be appreciated: Stocking or celluloid doll, small toys, games, ball, puzzles, pocket knives, tops, memo pads, pencils, paints, crayons, hair ribbons, soap, wash cloth, tooth brush, comb, tooth paste or powder, handkerchief and sewing materials.

It is a great idea and, if carried out under the supervision of serious-minded teachers or parents, can easily be of lasting benefit to the child who packs the box, by instilling thoughtfulness and consideration of others—as well as gladdening the hearts of thousands of orphaned kiddies in war-wrecked homes across the sea.

STUDENTS MAY FIT SELVES FOR OFFICERS

Lieut. John Pierce of the naval aviation cadet selective board, and Lieut. J. T. Prowell of the U. S. marine corps, were in Cisco Friday and conferred with O. L. Stamey and H. R. Garrett of Cisco Junior college relative to installing here what is termed the V-1 naval program.

Briefly, the program will include college students between the ages of 17 and 27 who are capable, physically and mentally, of becoming naval or marine officers. Students desirous of participating in the program are first given a physical examination. If they pass, they become exempt from draft and after completing their studies here are passed on to some other college for V-7 work.

SCOTCH FOURSOME TOMORROW AT CLUB

The Cisco Ladies' club will sponsor a Scotch foursome to be played tomorrow at Cisco Country club golf course.

Defense stamps will be given as prizes and a picnic lunch will be served at the Country club. Twosomes that will play in the matches are as follows: Anna Lee Brunkenhefer and J. C. Belew; Jessie Bingham and Claud Wilson; Oma Milner and Punk Thornton; Catherine Jenkins and W. C. McDaniel; Peggy Carothers and George Van Horn; Evelyn Shaw and Buster Robertson; Margaret Bearman and Pete Nance; Melissa Thornton and Less Jenkins; Nellie Robertson and N. C. Huston; Lavena Nance and Julian Perkins; Netta Sandler and Cecil Shaw; Winnie Greer and Alex Spears; Gladys Hensley and G. C. Rosenthal; Evelyn Statham and K. N. Greer; Lucille Huffmyer and Dr. Paul Woods.

BOYD TOLD OF THE DANGERS OF INFLATION

A new Lion cub was introduced in the person of G. R. Kilpatrick at the Lions luncheon today, and George Boyd was introduced as the program chairman.

Following Mr. Boyd's talk, the club took up a discussion of the metal drive and reports were had on work that had been done by Lion members. President N. C. Huston commended the activities of Lions O. L. Stamey and H. R. Garrett in organizing and carrying out the scrap drive at schools. "The club, in a directors' meeting following the program, OK'd the prizes offered rooms in the lower grades."

R. W. McCauley, ticket chairman for the Jack Lamb Alaskan show, made a canvass of tickets sold and found that tickets are moving rapidly—one Lion, Harvey Thurman, had already sold about fifty.

These tickets are priced at 50 and 25 cents, plus the tax, making the show available to almost everyone, the committee said, and urged that Lions stress the quality of this show on account of its educational value.

Mr. Boyd took as his subject, "Ruinous Inflation," which is threatening the nation and can only be averted by lending the government money necessary to prosecute the war, instead of forcing the treasury to coin new money.

Boyd showed clearly that if we buy bonds and thus lend our money, we not only get it back with interest but we furnish the government with money that would otherwise be out of the picture for the United States treasury. This bringing of otherwise idle money into circulation is called "the invisible greenback," he said.

F. B. Altman added his urge that Lions do what they can to help keep down inflation, such as was experienced by Germany following World War, No. 1.

NO FIGURES GIVEN AS TO ENEMY NUMBERS, BUT LANDINGS ARE CONTINUING, IT IS SAID

WASHINGTON, Oct. 7.—American positions in the Solomon Islands were believed today to be more seriously menaced than at any time since the Marines landed there early in August.

That belief prevailed because of the continued landing of Japanese reinforcements on Guadalcanal and despite the fact that American fliers are maintaining air superiority in that area.

Latest word on the battle of the Solomons revealed that another Japanese attempt to bomb American installations on Guadalcanal ended in ignominious failure for enemy air forces.

Seven Navy Wildcat Gruman fighters went up to meet 30 Zero fighters which were accompanying "a small group of Japanese bombers." The bombers were sent scurrying before dropping their bombs, and 11 of the Zeros were shot down. The other 19 turned tail.

The Wildcats shot down nine of the enemy, and anti-aircraft fire accounted for the other two. One Wildcat was lost; its pilot was saved.

But intensive activity by American airmen is not preventing the Japanese from landing men on Guadalcanal, although the last enemy attempt was somewhat frustrated by an attack of American dive-bombers and torpedo planes, which left a heavy enemy cruiser smoking after one bomb hit and two torpedo hits.

There was no indication of the number of men the enemy has landed, but the last two naval communiqués have mentioned specifically that landing operations were continuing.

The lack of ground fighting on Guadalcanal recently indicated that the Japanese are using the lull to strengthen their forces before undertaking another counter drive. Another all-out attack on the Guadalcanal airfield, seized by Marines from the Japanese early in August, is expected momentarily. If the enemy succeeds in recapturing the airfield, American positions in the Solomons may become untenable.

During the night of Oct. 3-4, when the heavy enemy cruiser was hit and apparently seriously damaged, the cruiser and several destroyers were, in the Navy's own words, "engaged in landing troop reinforcements on Guadalcanal."

Damage to the Japanese cruiser brought to at least 30 the number of enemy ships sunk or damaged in the Solomons.

TEXAS SHEEP MEN GATHER IN THE GRAVY

New prosperity has hit Texas sheep men in the form of fat prices for cull ewes and feeder lambs, livestock officials reported today. Large numbers of cull ewes are bringing top prices and feeder lambs are at highest prices since World War I. October will be the biggest month in the history of the Fort Worth stockyards. Tuesday, 8500

sheep were received there. In the first six days of October, a total of 44,405 sheep arrived in Fort Worth.

Fat ewes are bringing up to \$5.50 a hundred pounds, and cull, common and medium ewes are cashing in at from \$4.50 to \$5.25. Normally, old ewes bring very little and some years sell as low as 25 cents to \$1 a hundred pounds. The pelts alone are worth far more now, as they are used in making warm coats for airmen.

Lambs going to feed lots in the North bring \$9.50 per hundred, and tens of thousands from the Cisco Country and farther west will pass through Fort Worth in October. Aged rams now bring up to \$6.50.

The Cisco Daily Press

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. H. O'FLAHERTY, Publisher and General Manager. W. H. LAROCHE, Advertising Manager.

Published daily except Saturday and Monday at Cisco, Eastland County, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas. Editorial and publication offices at 304-306 11 street, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail outside of Cisco, in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas, outside the above mentioned counties \$3.50. Six months, \$1.25.

Per year, in advance. Blue per week, by matter box.

JURIES, NEW STYLE

Outside the arms and war industries a man is going to be rare and wonder if there is any where a man and men together.

Even juries are getting that way. They are getting to be on a par with the juries of the past. They are getting to be more than just a jury.

The judge will have to be a man who can handle the jury. He will have to be a man who can handle the jury.

The judge will have to be a man who can handle the jury. He will have to be a man who can handle the jury.

The judge will have to be a man who can handle the jury. He will have to be a man who can handle the jury.

LABOR AND ART

It is estimated that the government is spending \$100,000,000 on art. Art is a very important part of the government.

Art is a very important part of the government. It is a very important part of the government.

Art is a very important part of the government. It is a very important part of the government.

Art is a very important part of the government. It is a very important part of the government.

NAZI EDUCATION

Education is an appalling thing. This is not a frivolous thought, based on the experience of Hitler, who went having to go to school when there are so many more attractive occupations outdoors.

Education is an appalling thing. This is not a frivolous thought, based on the experience of Hitler, who went having to go to school when there are so many more attractive occupations outdoors.

Education is an appalling thing. This is not a frivolous thought, based on the experience of Hitler, who went having to go to school when there are so many more attractive occupations outdoors.

THIS IS IT—WORK OR FIGHT!

Some men have the idea that the government can't make them work. They say it is contrary to their constitutional rights. In effect, they say that they have the right to endanger the safety of the constitution which protects them.

If the government can compel a man to fight, it can certainly compel him to work. And it can prescribe the wages and the hours and the conditions of employment.

That is not Fascism. It is self-preservation. No man is being asked for very much sacrifice when he is asked to stay on the job and supply arms and food for the men who are doing the fighting.

The men who are making the sacrifices are the men on the fighting fronts. No civilian is making much sacrifice, no matter what his patriotism. He may walk to work, he may forego a day's wage and he may wear an old suit or cut down on his sugar and meat.

But he eats regularly and he sleeps regularly. He stays out of bad weather and warm in cold weather. The soldier on active duty eats what he can when he can get it. He sleeps only when there is nothing else to do. And he is always in some form of good health, under his own power.

None of the soldiers have protested that their constitutional rights are being invaded. They take it with their clubs up.

Fifty thousand of those men are Teamsters. They are not working about their hours or their conditions. They aren't saying—"They can't make me fight!"

And what do you think they think when they hear the man who took the job they gave up say—"They can't make me work!"

LARGE NUMBER MUST FILE REPORT BY 15TH

All tire sellers must file September 30 inventory reports of all serviceable tires and tubes before October 15 to comply with the revised tire rationing regulations, says Jack W. Frost, chairman of the Eastland county board.

The inventory report, which is mandatory quarterly, is to show the stocks of all new and used tires and tubes and retreads and recaps held by all persons who have any of the items for sale.

Filing of the reports is particularly important at this time since they will provide a record of persons who are engaged in the business of selling tires and hence will be eligible to receive additional stocks of tires if larger inventories become necessary by reason of any change in the rationing program undertaken to meet the Baruch committee recommendations.

Reporting forms are being sent by mail to most of those required to file the returns, but those who do not get them and have tires to report must obtain the forms from the war price and rationing board at Eastland.

The reporting requirements apply not only to recappers and dealers in new tires, but also to those who have only used tires for sale, and to automobile supply companies, motor vehicle dealers and finance companies. Tires mounted on vehicles, however, are not to be reported.

Machine shops supplying automotive repair, maintenance and rebuilding services are subject to price controls of the service trades price regulation No. 165 and should file with the Eastland county war price and rationing board statements of March prices as required by this regulation.

This regulation also covers laundries, shoe shops, dry-cleaning plants, dairies, repair shops and all persons and places of business rendering a service to the public for which a price or fee is required.

Salvance finance company holdings of retail automobile receivables will be practically non-existent by the middle of 1943, says the department of commerce.

What You Buy With WAR BONDS

The life of many an American sailor has been saved by the ingenious breeches buoy. Particularly in heavy seas where the buoy is used in taking men from sinking ships. These life-saving devices are not expensive, they cost about \$18, or the equivalent of one Series E War Bond at \$18.75.

Your purchase of War Bonds and Stamps will help save the lives of many Naval officers and men by aiding in the purchase of these breeches buoys for use in the Navy and Coast Guard. You owe it to your country. Invest at least ten percent of your income in War Bonds and Stamps every payday.

OPA OBJECTS TO INCREASED PRICE OF OIL

WASHINGTON, Oct. 7.—Price Administrator Leon Henderson expressed opposition before a senate subcommittee studying petroleum reserves, against any over-all increase in the price ceilings on crude oil.

The OPA chief gave his views during questioning of a witness before the subcommittee, A. I. Levorsen, Tulsa (Okla.) geologist and oil operator.

Representatives of the petroleum industry urged recently that there be an increase of about 25c per barrel in crude prices as a means of encouraging drilling for new wells.

Why, asked Henderson, should there be a general price increase in oil, benefitting all the industry, simply to encourage exploratory work for new fields?

He suggested, as an alternate, that the government give a bonus or subsidy of some form to those operators who actually carry on wildcatting operations in search of new oil deposits.

CLASS IN FIRST AID WORK WILL BE ORGANIZED

There continues a need for first aid work in our ever-growing war effort, said E. L. Jackson, first aid chairman, today. Everyone should know something of first aid. Knowledge of first aid has saved many lives in this country and it will be valuable in the saving of many lives, Jackson added.

In answer to this need, a call is issued for a meeting next Tuesday evening at 8 o'clock at the fire station.

This course will be a standard course as outlined by the American Red Cross and will require 20 hours of class work. If the class so desires, the course can be taught two nights each week for a period of two hours. The course will then be completed in five weeks.

Competent Red Cross teachers will be in charge of the class and those passing the course will be issued the American Red Cross standard first aid card. Men and women are both welcome. If you are junior in high school or have passed your seventeenth birthday, then boys and girls can enroll.

Those desiring to enroll should contact Edward Lee, Cisco chapter chairman, or E. L. Jackson, first aid chairman.

Income payments to individuals in the United States aggregated \$61,513,000 in the first seven months of this year, 54 per cent greater than in 1939.

RELIEVES A DOZEN DAILY DISCOMFORTS

Right on the shelf, handy, you should have cooling, soothing Mentholatum to help you care for: 1. Head-evil stiffness, 2. Chapped skin, 3. Clogged nostrils, 4. Neuralgic headache, 5. Nasal irritation due to colds, 6. Cracked lips, 7. Cuts and abrasions, 8. Minor burns, 9. Dry nostrils, 10. Sore muscles, due to exposure, 11. Insect bites, 12. Minor bruises, Jars 30c.

METHODIST W. S. C. S. IN BUSINESS MEETING.

First Methodist women's society of Christian service held the monthly business meeting in the church Tuesday afternoon, with Mrs. T. H. Dean, president, in charge.

The meeting opened with the hymn, "Oh, That Will Be Glory," sung by the body, after which Mrs. M. D. Posehall brought the devotional. Mrs. S. H. Nance then offered prayer. Reports were given by circle chairmen and other routine business was transacted. Plans were made and committees appointed for entertaining the state conference in November. The meeting closed with prayer by Mrs. Roy A. Langston.

Those present were Mrs. Leslie W. Seymour, Mrs. T. J. Dean, Mrs. C. A. Shockley, Mrs. B. E. Morehart, Mrs. S. H. Nance, Mrs. M. A. Northup, Mrs. M. D. Paschall, Mrs. A. R. Westfall, Mrs. J. J. Potter, Mrs. A. B. Byrd, Mrs. John

Trigg, Mrs. Crigler Paschall, Mrs. Joe Wilson, Mrs. Roy A. Langston and Mrs. J. T. Fields.

BAPTIST CIRCLE FOUR WITH MRS. GHORMLEY.

First Baptist missionary circle four met in the home of Mrs. J. R. Burnett Tuesday afternoon. The meeting opened with prayer by Mrs. H. J. McArdle and a short business meeting was held. The resignation of Mrs. McArdle as chairman was accepted and Mrs. R. R. Jones was chosen to fill the place. Mrs. Paul Poe was elected vice chairman and Mrs. D. D. Lewis, reporter.

Mrs. J. R. Burnett, Bible teacher, then conducted a round table discussion of seven chapters from the Book of Mark.

The meeting adjourned to meet in the home of Mrs. D. D. Lewis on October 20. The circle extends an invitation to all women of the church on D avenue and in Humboldt to join them in carrying on the work of the W. M. U.

Those present were Mrs. J. R. Burnett, Mrs. Paul Poe, Mrs. H. J. McArdle, Mrs. R. R. Jones, Mrs. G. A. Eppler, Mrs. H. H. Callaway, Mrs. C. A. Williams, Mrs. D. D. Lewis, Miss Miriam Ghormley and Mrs. W. I. Ghormley.

NATIVE CISCOANS WEDS DALLAS YOUNG LADY

Cisco friends of the family will be interested to know of the marriage of Frank Vernon, Jr.,

native Ciscoan, aviation cadet and now at Lubbock flying field, to Miss Betty Jean Anderson of Dallas, which took place in the home of her parents, Mr. and Mrs. Frank Vernon, Sunday.

Vernon, grandson of Mrs. Wm. Reagan, graduated from Sunset high school, Dallas, and later attended North Texas Agricultural college. He is 20 years of age and will be commissioned a lieutenant of the flying corps in November.

Mrs. Vernon is also a graduate of Sunset high school, Dallas. They are making their home in Lubbock for the present.

PRESBYTERIAN CIRCLE WITH MRS. COLEMAN

Circle two of First Presbyterian auxiliary met in the home of Mrs. J. E. Coleman Tuesday afternoon. Mrs. J. E. Moriarty, chairman, called the meeting to order at 8 o'clock, after which Mrs. P. R. Warwick offered the opening prayer. Mrs. A. J. Olson read an article from the Presbyterian Survey, "Binding America Together."

Mrs. J. E. Moriarty reviewed the first chapter of the mission study book, "While It Is Day," discussing "The New Urgency of Our Day."

During the business session a

card was read from the Tex-Mex school, thanking members for the box of useful articles they recently received from circle two. The circle voted to discontinue serving refreshments at meetings.

The meeting was dismissed by all joining in repeating the mission benediction.

Those present were Mrs. S. E. Hittson, Mrs. J. E. Moriarty, Mrs. A. J. Olson, Mrs. R. M. Pentecost, Mrs. R. L. Ponsler, Mrs. J. E. Walker, Mrs. P. R. Warwick, Mrs. J. J. Tableman, Mrs. J. E. Coleman, Mrs. Homer Slicker, auxiliary president, and a guest, Mrs. Louise Sherman.

EAST CISCO SOCIETY MET FOR BIBLE STUDY

The women's missionary society of East Cisco Baptist church met Monday afternoon for Bible study, with Mrs. Herman Barron in charge. The meeting was opened with a song, "Work for the Night Is Coming," followed with prayer by Mrs. C. R. Hightower.

The Bible study, which covered scriptures from the first epistle to Corinthians to the Book of Ephesians, was ably discussed by the teacher, Mrs. Russell Dennis.

Those present were Mrs. V. H. Bosworth, Mrs. C. R. Hightower, Mrs. Herman Barron, Mrs. J. E.

Shirley Mrs. Henry Harbin, Mrs. Don Rupe, Mrs. McGard, Mrs. Shobal Houston and Mrs. Russell Dennis.

CHRISTIAN COUNCIL IN GENERAL MEETING

All groups of the First Christian church council met in the church Tuesday afternoon for the monthly business meeting. Mrs. Sam Kimmell, president, was in charge. A hymn, "More About Jesus," was sung by the group, and Mrs. Edward Lee brought a devotional from the Psalms.

During the business session reports were heard from the various

group chairmen; minutes of the meeting was discussed with prayer. Executive board were read and by Mrs. C. R. West approved. Other routine business. Approximately twenty members was transacted after which the were present at the meeting.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

CROWDED WITH THE CALLS OF WAR

It's true we usually can put through quickly your long distance telephone calls to towns near-by. But when you send your voice to far cities, it may travel on lines jammed to the limit with calls that help move troops, make planes, build tanks.

We can't put up more lines, because most of the metal has gone to war. So please help us in a vital job. Make as few calls as possible to war centers or cities far away, and please plan to keep such calls short. It will help clear the way for the calls of war.

SOUTHWESTERN BELL TELEPHONE CO.

GET YOUR TURKEYS READY FOR MARKET

The turkey market will open up about November 5, which leaves a very short time to get the young birds ready for market.

First quality turkeys should bring a good price, but all growers know that price depends largely on weight. The fatter they are the better price they will command, and of course, the more pounds they will weigh.

And the world needs more meat. There should be a big demand for turkeys, especially if meat is rationed, which seems to be the schedule.

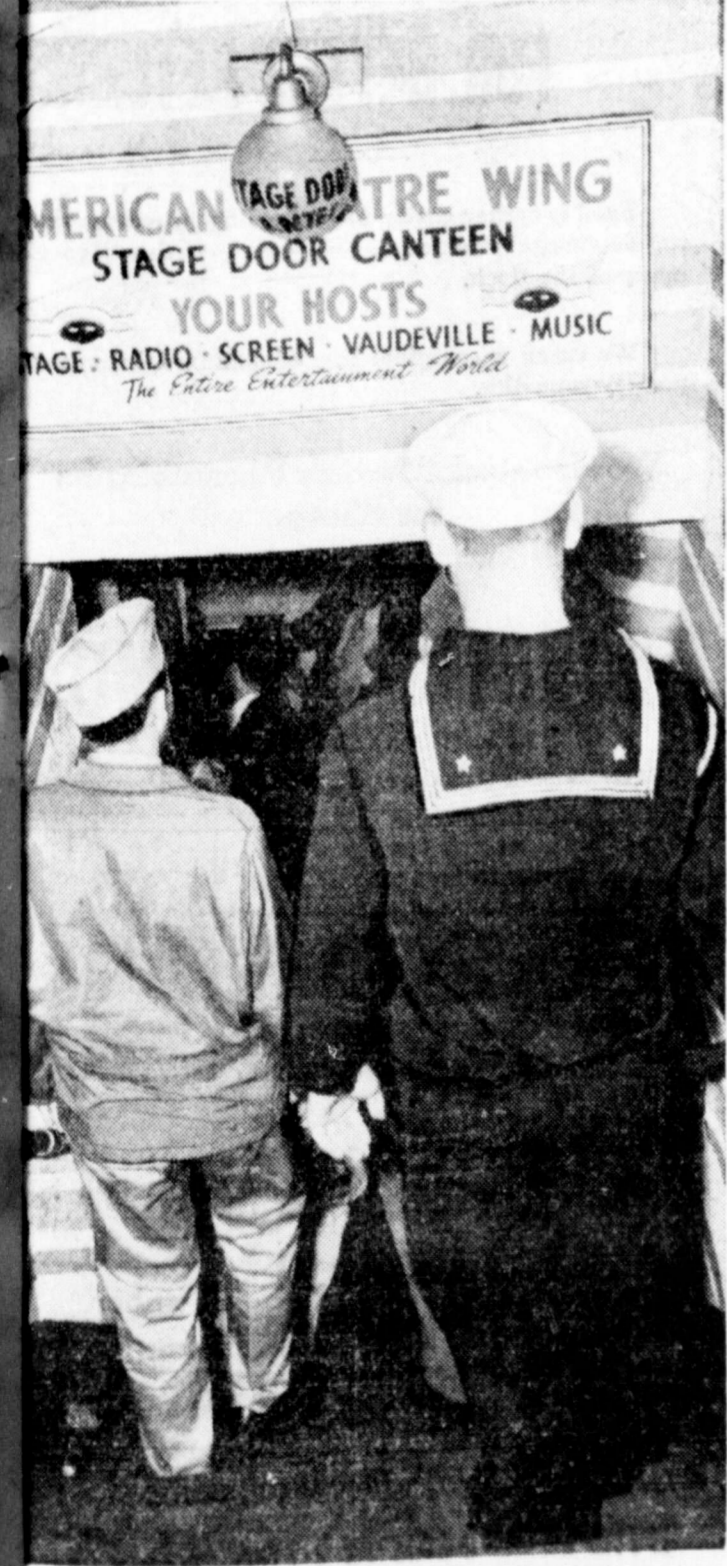

So get your turkeys ready for a good market by feeding them heavy from now until market time.

There is no known feed that will produce meat faster and of better quality than Purina Feeds. We have a complete line of these well-known feeds.

FUN GALORE AT THE STAGE DOOR CANTEEN

DOWN THE STEPS TO LEISURE AND LAUGHTER.

HOSTESSES ARE FORMALLY INTRODUCED.

A SNACK AND A SMOKE IN PLEASANT COMPANY.

New York's Great White Way may be dimmed out, but fun and merriment go on unabated in the Stage Door Canteen, where members of Uncle Sam's armed forces are entertained in gala atmosphere. Everything is "on the house" in the subterranean setting beneath a mid-town theater. Here the boys in uniform forget war for the moment with stars of the entertainment world performing gratis each day and night, debs serving as hostesses and dancing partners and actuals aplenty to take care of the inner man. Joining in the spirit of things, the warrior guests sometimes entertain the entertainers with their own fun, put on by talented members of the services. The camera herewith records the goings-on at the Canteen on a routine night.

RUG CUTTING RIGHT IN ORDER.

CUTIES OF THE FLOOR SHOW PUT ON THEIR ACT.

GUEST TURNS THE TABLES AND HIMSELF TOO.

BRIEFLY TOLD

Norman Robert Ball, son of Dr. and Mrs. D. Ball, 608 W. Seventh street, Cisco, is enrolled at Kemper Military School, Boonville, Mo., for the 1942-43 school year. This is Kemper's 99th year of preparing boys for the armed services.

Don't let the Army get ahead of you

Eat Right

- Do you muster in the Vitamins every day, and make them toe the mark on your table?
- Is it strictly against the rules to let your vegetables cook overtime?
- Do you set up the Yardstick Diet for the family's pep and good looks?

Based on the U.S. Government's Guide to Good Nutrition

MEAT, POULTRY OR FISH —one or more servings daily	EGGS —at least 3 or 4 a week, cooked any way you choose from made dishes
VEGETABLES —Green, leafy and yellow—use in cooking or more a day—some raw, some cooked or canned	MILK —at least one a day from the standard milk change or evaporated or dried milk
POTATOES, APPLES, BANANAS —or other vegetables or fruits every day.	BREAD AND CEREAL —enriched bread, enriched flour, whole grain flours, macaroni, spaghetti
FATS, SWEETS —and nuts—use sparingly as you like them	BUTTER

TAKE A TIP from the U. S. Army Camps, and have the best meals in the country. (Thrifty, too). They follow nutrition guides, and thrive. You can do the same thing, using your simmer burners, thermostat control, and smokeless broiler, for good-tasting meals packed with nourishment. Why not keep your family as tough as the Army?

Community Natural Gas Co.

Why your own car's Zero Hour comes at 00 miles an hour

ON THE OFFENSIVE you've got to be on the instant. Eager fighters, frisky jeeps, and all that's going along, must get going together—exactly at Zero Hour. But on the home front these brisk mornings, will your own precious car and its engine lubrication get going together—without deadly oiling delay? You can be as sure as shootin', with your engine OIL-PLATED for Winter by patented Conoco Nth motor oil...oil that OIL-PLATES!

Even while the speedometer snoozes at 00 miles an hour—and you're still snug in your "kivers"—the chilly insides of your OIL-PLATED engine will already be coated by lubricant. Protective OIL-PLATING is really sort of "magnetized" to piston rings, bearings, and straight up the cylinders, by Conoco Nth oil's strong "power of attraction"—created by an added modern synthetic. This keeps the OIL-PLATING from all draining down to the crankcase overnight—over week-ends—and longer.

No complete lack of lubrication then, at 00 miles an hour—starting up cold. No long needless risk till cold oil comes inching along through passages as slim as spaghetti.

You're off safely, because OIL-PLATING safely stays on—ready to lubricate before any oil can circulate. This season don't merely change oil. It's fully as simple and inexpensive to change to an OIL-PLATED engine. Just change to patented Conoco Nth oil at Your Mileage Merchant's Conoco station, Continental Oil Company

JOIN FREE

Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything that he finds you need for the duration of your car.
