QUICK WORK IS EXPECTED ON BIG TAX BILL

WASHINGTON, Oct. 10.—An Administration drive to send the new tax bill to President Roosevelt before the Nov. 3 elections carried the senate into an unusual weekend session Saturday in an effort to put the finishing touches on its version of the measure.

Forecasting speedy senate approval of the bill, Democratic Leader Barkley of Kentucky told reporters he hoped no more than two weeks would be consumed in adjusting differences with the house. Adherence to such a schedule would put the biggest tax bill in history on the president's desk in the last week of October.

WHO HAS TH' KEYS-FIND 'EM!

The Key-Kan at the Cisco Daily Press has had 151 contributors, many of whom brought hundreds of keys individually, but the barrel has plenty of empty space for keys still remaining. It will require thousands of keys to fill it.

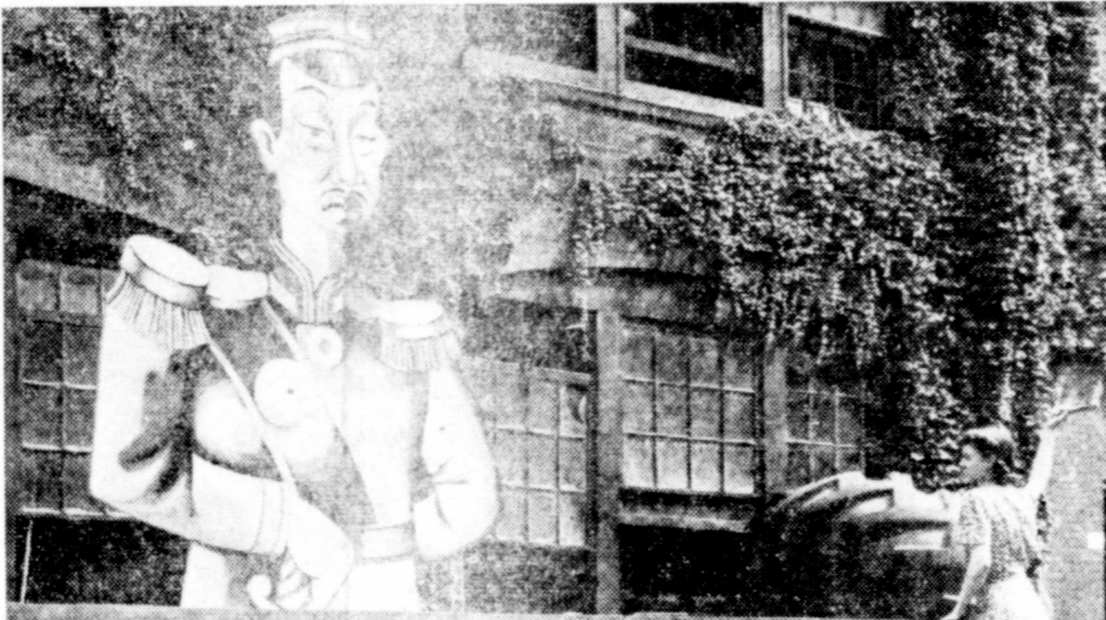

These insignificant little pieces of metal contain an alloy that is now very valuable, according to the war department—80 pounds of keys being worth a ton of scrap, they say.

So, it behooves us to rush those old keys, no longer of value to us, to Uncle Sam as soon as possible. He can keep the airplanes flying and the guns booming if he has the material!

Bring in your keys! Delay means a longer and more deadly war—in which your son and your neighbor's son are now fighting.

Those bringing in keys since the last publication are:

Buford Cozart, route two, Cisco; Miss Helen Ziehr, 20 keys; H. A. W. L. Harrell, Miss Willie Word, Oscar Eppler, Billy Joiner, 76 keys; Alice S. Johnston, 20 keys; Mrs. Smith Huestis, Charles Fleming, Mrs. W. C. McDaniel, Mrs. J. E. Caffrey, W. R. Eudy, Fort Worth, 22 keys; Harry Reynolds, 24 keys; Mrs. J. V. Heyser, 38 keys; Jack King, 21 keys; H. A. Courtney, 19 keys; A-G Motor company, 150 keys; Mrs. O. L. Mason, J. J. Livingston, route four, Cisco; D. L. Langston, T. E. House, Blair Paul, Ann Hughes, Ray Rutherford, Roza Marie Reeves, 6-year-old daughter of Mr. and Mrs. Jack Reeves, brought in 28 keys and a French .75 shell, fired at St. Mihiel, France, in World War No. 1.

RAP THE JAP-THROW IN YOUR SCRAP BIN THE BELL-GIVE 'EM HELL!

BARBERTON, O.—The sign around the specially constructed scrap bin at the Seiberling Rubber plant speaks for itself. Employees of the company are improving their aim these days as they try to hit "Hirohito" with all the scrap metal they can collect around their homes and the plant.

HITLER WEAKENS AT STALINGRAD; ALLIED BIRD MEN HIT HARD BLOWS ON MANY FRONTS

A Soviet communique today indicated slackening of the German land assaults at Stalingrad but reports from both Russian and Nazi sources indicated the battle still was raging fiercely in its 47th day. The Stalingrad arms plant was under Nazi attack.

The Soviet communique reported that "only small infantry attacks" occurred within Stalingrad itself. However, fighting northwest of the city and south of it appeared to be increasing.

A Nazi communique claimed that German artillery fire had sunk two Volga river gunboats and blown up a skyscraper inside the city.

The Russian relief column of Marshal Semyon Timoshenko was said to be making progress southward and had driven the Nazis out of several more strong points.

Radio Berlin claimed that heavy fighting was under way for possession of a big armaments plant outside Stalingrad proper. The Nazis, according to Russian reports, were driving a spearhead into the Kalmyk steppes, a prairie southeast of Stalingrad but there was no indication how far this column had progressed.

The combined air forces of the United Nations today carried out one of the heaviest single concentrated air attacks on Axis positions ever made in the Egyptian desert.

At least 20 Axis planes were shot down in the air and many more were blasted to bits on the ground.

The attack was centered on the desert landing grounds of the Nazi air force.

British, Australian, American, Canadian and South African pilots blasted the landing fields with heavy bomb loads and low-flying machine-gun strafing.

The Allied airmen carried out 100 sorties against two advanced Axis airbases just south of El Daba.

It was estimated that the airmen dropped several tons of high explosives on those two fields alone. Not a single bomber was lost in the operation.

A demand was arising in Britain that the Royal air force launch mass attacks on Berlin if the Germans do not drop the competition in reprisals against prisoners of war.

The Germans have shackled the British prisoners taken at Dieppe. Today the British will place an equal number of Germans in shackles. The Nazis threaten that they will continue the macabre game by putting three times as many British prisoners in irons.

In Norway there was no sign that the Nazi reprisals and the rising Norwegian anti-Nazi tide were subsiding. Maj. Vikun Quisling, Norwegian traitor, was said to be so alarmed by the course of events that he was appealing to Adolph Hitler to withdraw Nazi Commissar Josef Terboven and halt the reprisals. However, the Germans were reported to have extended the state of emergency to new Norwegian towns and to have arrested many more patriots.

Authorities threatened to extend the state of siege to Hamar, 60 miles north of Oslo, when inhabitants demonstrated before German-occupied buildings and tore down German posters in protest against executions, dispatches said.

Antoine Delfosse, Belgian minister of justice, just escaped from Belgium, asserted in London today that, despite famine and repression, Belgians were striking back at the Germans.

"For every man who dies," Del-

fosse said, "a hundred rise to take his place."

Gen. Douglas MacArthur's air force carried out one of the strongest attacks of the Pacific war on the Japanese base at Rabaul. Other formations smashed at Lae, Buna and the island of Tanimbar. Australian patrols after days of effort to catch up with the fleeing Japanese contacted some small enemy groups in the Owen Stanley mountain range.

Driving through furious anti-aircraft gun fire, Consolidated Catalina bombers hit the Rabaul area in the dead of night, showing incendiaries throughout the target area.

The biggest force of Boeing flying fortresses ever sent against a target in this zone followed up with 60 tons of demolition bombs, picking their targets by the light of fires and explosions in the incendiaries had caused.

Wendell L. Willkie left China, planning to return direct to the United States with no further visits to other countries. He had been invited by a number of Indian groups to put India on his itinerary.

The Chinese were jubilant over the announcement of the United States and Great Britain heralding the end of extra-territorial privileges in China.

Extra-territoriality is a system where a nation maintains jurisdiction over its citizens who are in another country. Thus citizens of the United States in China have been subject to the laws and courts of this country, rather than those of China.

EMPLOYERS OF LESS THAN 8 RULED EXEMPT

WASHINGTON, Oct. 10.—The War Labor board rules that employers of not more than eight are exempt from President Roosevelt's wage stabilization order.

Under the ruling, issued Friday, such employers may make wage adjustments without recourse to the WLB.

The board said the action would lighten its administrative burden "tremendously."

AIRPORT

By CHARLES D. ROBERTS, Clearance Officer

H. E. Humphreys, pilot and Dr. Clifford Jones, president of Texas Tech, and his wife made a stop here flying a Fairchild plane from Waco to Lubbock.

Ralph Ashlock, who is taking private lessons, flew the blue ship with Instructor Coulter on his XC training to Coleman and back.

Sterling H. Drumwright is now the proud owner of an Aeronca C-50 plane. It was ferried from Coleman Sunday afternoon by Joe Coulter. Drumwright says that he will go into hard training this week. We will see a lot of his red ship in the air.

G. P. Mitchell, Jr., was in from Fort Worth with his brother, Fred Mitchell, as passenger. They were flying his Lipscomb ship.

R. F. Ravenstein, C. A. A. inspector, flying a Fairchild, with W. B. Phillips as passenger, made a short stop from Abilene on his way to Fort Worth.

MacDonald Goodwin of Atlanta, Ga., made an overnight stop here, flying a Fairchild ship and coming from El Paso enroute to Atlanta.

J. C. Parker, pilot, with Milton Thomas as passenger, was in for a short stop from Sweetwater to Dallas, flying a Fairchild ship, Dallas. They were flying an Aeronca C-40.

F. C. Lippitt, pilot, and Charles E. Harvell as passenger, flying a Piper J-3, made a short stop here enroute from Sweetwater to Dallas. Lippitt was born in Cisco, but moved away when quite young.

E. B. Brown, Jr., of Baird, flew his Cub J-2 to Coleman and returned on his XC training.

John D. Harvey of Eastland flew his ship to Ballinger and returned Wednesday afternoon.

E. L. Dunlap flew his Cub J-2 to Coleman and returned on his XC training, Wednesday afternoon.

Neil Roselius, instructor of the Coleman army air school, flew in a Taylorcraft Wednesday morning and was met by Mrs. R. C. Conkling of Midland. He cleared for Gainsville enroute to north-west Arkansas.

John Luton, private student of Graham, soloed Wednesday afternoon under the instructions of Joe Coulter.

Miss Reanie Haynes, a young woman instructor with many hours' flying time, flew here in an Aeronca Chief, with Mr. Northcutt, a student from Stephenville, on his XC training.

J. E. Griffith, C. P. T. flight instructor here to check out the local class, is flying a Waco UPF-7. The boys were checked in their ground school work the first of the week and all passed the flight test. This makes the first class to pass 100 per cent.

Reg Robbins flew in the big Beecher and will be glad to see his many friends at the airport Sunday.

Last Sunday saw the largest crowd the airport has had since the writer has been here.

TH ANNUAL SESSION OF THE TEXAS SYNOD

WORTH, Oct. 10.—The 155th annual session of the Synod of Texas of the Presbyterian church will be held Oct. 14 and 15 at the Broadway Presbyterian church of Fort Worth. The opening session will be held Tuesday at 8 p. m., with P. D. Miller of San Antonio in charge of the communion service and with Rev. Samuel L. ...

SLIGHT INCREASE IN FOOD PRICES LIKELY

WASHINGTON, Oct. 10.—Some of the nation's housewives may pay more at the grocer's unless an alternative pricing formula announced by the Office of Administration.

They may also get some items have been off the grocer's shelves lately because of a squeeze food wholesalers and retailers have found it difficult to do business under March ceiling prices.

The jump won't be much, Price Administrator Henderson assured housewives—"a cent or two the most part for the affected items."

GEORGE HULL THINKS ARMY LIFE IS GRAND

Mrs. Carrie Hull of the Dan Horn community is in receipt of a letter from her son, Private George B. Hull, who is now at an army camp in Oregon.

Private Hull said in part: "We had a fine train trip through five states; spent one day in Utah and attended a free picture show for the soldiers."

"Oregon, a mountainous country, has pine and redwood forests and plenty of snow, but it was not as cold as it was in Mineral Wells when I left that city."

"We soldiers have plenty of clothing, good eats, free postage, etc. Some Texas boys have ear trouble because of the high altitude, but we have our own doctor with us. I think the army life grand."

E. T. THOMAS TO OPERATE FUNERAL HOME

Neil Lane, owner of the Lane funeral home, which he established in November, 1934, will enter the armed forces of the United States within the near future and the funeral home will be operated by E. T. Thomas of San Angelo, who, with Mrs. Thomas, is now in Cisco.

Mr. Thomas was formerly connected with Mr. Lane in the operation of the business and is well known here. He is a member of the Baptist church, while Mrs. Thomas is a member of the Christian church.

J. H. ABBOTT OF ROMNEY AREA, BURIED HERE

J. H. Abbott, 66, well known Eastland county farmer for the past forty years, died at his home in the Romney community Friday afternoon following a long illness. He was a bachelor.

Burial was in Oakwood cemetery Saturday afternoon, the Rev. Russell Dennis, pastor of the East Cisco Baptist church, conducting the services, with the Neil Lane funeral home in charge of the remains.

Pallbearers were Erwin Clark, Gaynor Hastings, Bolivar Boles, Herman Harrelson, Aaron Courtney and Roy Horn.

BIG BOMBERS OF U. S. AMAZE STOIC BRITISH

LONDON, Oct. 10.—American Flying Fortresses and Liberator bombers—home from the greatest Allied daylight attack yet launched against Hitler's war foundry—again have surprised British air experts, who know from grim experience the hazards of daylight operations.

The return of all but four of the 100 United States bombers which stormed over Occupied France with an escort of 500 Allied fighter planes Friday and unloaded tons of bombs on factories and railroad yards apparently erased any lingering doubts concerning the Fortresses. All of the fighters returned safely, it was reported.

The British air correspondents said the weight of the American attack far exceeded the best daylight efforts of the Germans during the "blitz" of September, 1940. Fifty German bombers and 200 fighters over England in daylight then constituted a "big raid."

On the last day of the Battle of Britain, Sept. 15, 1940, the Germans sent over 500 planes in two groups of 250 each and lost at least 185 of them. The Allied fighters reported shooting down at least five German fighters Friday and the score of the bombers has not been tallied officially.

None of the German planes used against Britain could carry the loads which the four-motored United States bombers transported to Lille Friday. The Fortresses can carry three tons of bombs, the Liberators four.

The Liberators are faster than the Fortresses, but are not as formidable fighting craft as the Fortresses, which have proved themselves kings of the air in daylight operations. The Liberator crews claimed the destruction of seven Nazi fighters for the loss of one of their own planes.

Governor Hopeful

DALLAS, Oct. 10.—More persons will receive extra allowances under gasoline rationing in Texas than in other states, Governor Stevenson predicted here Friday night. "In fitting rationing to individual cases, Texas is bound to be given more gasoline than the thickly-populated Eastern states because of the longer distances to be traveled here," he said.

WHERE WAS MOTHER?

PORT ARTHUR, Oct. 10.—Edwin Stanley Hill, 3, suffered third-degree burns and escaped death by only a few seconds when a passerby broke the glass in the auto in which the child was left locked on a downtown street. Origin of the fire was undetermined.

Consumer installment debt in the United States was reduced by about \$1,500,000,000 during the first six months of this year, according to the department of commerce.

TWO ILLINOIS BAD MEN ARE BEING HUNTED

JOLIET, Ill., Oct. 10.—The full facilities of Illinois' law agencies were in operation Saturday in one of the most widely-flung man-hunts in the state's history to effect the capture of seven life-term convicts who made a daring escape from Stateville prison Friday afternoon.

Two of the convicts, leaders in the spectacular break over the prison walls, were Roger (Terrible) Touhy, 44, and Hugh Basil (The Owl) Banghart, 41, one-time nation's top-ranking public enemies, who were serving 99-years for kidnaping.

Two guards and a civilian employe were wounded in the daylight assault by the convicts, five of whom fled in a guard's automobile parked outside the prison.

"Shoot to kill" orders were issued as county and city police joined the full state police force in patrolling highways and barricading intersections, particularly leading toward Chicago, 40 miles northeast.

Consumer installment debt in the United States was reduced by about \$1,500,000,000 during the first six months of this year, according to the department of commerce.

FORMER CISCOAN WEDS ILLINOIS GIRL.

In an impressive candle light ceremony held Saturday, October 3, in the Congregational church of Winnetka, Ill., Miss Elizabeth Ann Spofford, daughter of Mr. and Mrs. Wilbert Spofford, formerly of Orange, Tex., became the bride of Ensign John Clifton Hyatt, son of Mr. and Mrs. Clifton Hyatt of Austin and grandson of J. H. Hyatt of Cisco. Dr. Sam Harkness officiated in the marriage rites and Raymond Holdsworth of Winchester, Mass., uncle of the bride, was at the organ for the wedding music.

Decorations about the altar featured palms, ferns, white gladioli and white chrysanthemums. The bride was given in marriage by her father, Miss Luetta Graham of Beaumont was maid of honor. Her dress was of white tulle with velvet and ostrich feather head dress of matching color. Bridesmaids were Mrs. Robert Hobson, Chicago, and Miss Nancy Kimball, Hinsdale, Ill. Both wore dusky blue velveteen with velvet head dresses of matching color. The bride wore a cream white tulle gown, trimmed with marquisette and Chantilly lace. Cream white illusion formed the long veil, and also the short face veil which fell from a matching head dress of lace.

Ensign Cliff Jones, Kansas City, Mo., served the groom as best man. Ushers were Ensigns Robert Hobson, Louisville, Ky.; Fred Pickens, Newport, Ark.; Pershing Wilson, Kansas City, Mo.; John Hutchinson, Pittsburg, Kan.

A reception was held in the Moraine hotel in Highland Park, Ill., for members of the wedding party and relatives. A buffet supper was served. After a short honeymoon at Edgewater Beach hotel in Chicago, Ensign and Mrs.

MAKE YOUR GAS RANGE DO A BETTER JOB FOR YOUR FAMILY!

HERE'S HOW

DO . . . Clean range frequently. Keep burners properly regulated. Cook vegetables the "waterless" way. Broil when possible. Roast at low temperatures.

DON'T . . . Tinker with the range—call a service man. Don't buy so-called gas saving devices. Don't peek in oven when cooking. Don't retard circulation by plugging up oven flue outlet. Don't wash porcelain when hot.

Magic Chef

The Red Wheel Gas Range with the Lifetime Burner Guarantee

Your present gas range will not only do a better job, but will last a lot longer if you take reasonable care of it, and use it efficiently. The simple rules above, plus more detailed instructions in the new booklet prepared by the Home Service Committee of the American Gas Association, will help you be a more scientific cook. Start now!

Henderson, 15 years of age, won the grand championship honors in the boar class at Abilene. He was awarded a registered Jersey heifer. The above announcement was

made by E. M. Gossett, Jr., assistant county agent, extension service of A. and M. college of Texas.

D'SPAIN IS A DIRECTOR IN A BIG CONCERN

The Southern Gas Association Progress, published at Fayetteville, Ark., carried an article in a recent issue concerning Glenn D'Spain, formerly of Cisco and son of Mr. and Mrs. Howard D'Spain of this city.

D'Spain came to Cisco with his parents at the age of five years and grew up here. He is a graduate of Cisco high school and will be pleasantly remembered by a large circle of friends. The Progress article is as follows:

"Howard Glenn D'Spain who was elected a director of the Southern Gas association at the Atlanta convention in February, 1941, for a period of two years, was born September 9, 1899, in De Leon, Texas. Prior to his association with the utility industry, he was affiliated with the Santa Fe Railroad company at Las Vegas, New Mexico. It was in March, 1928, that he began his affiliation with the Mississippi Public Service company as engineer in charge of the construction and installation of the Amory, Mississippi, town plant. Since that time he has worked in a number of capacities for the Mississippi Public Service company having been made president in July, 1940. In addition to being a director of the Southern Gas association Mr. D'Spain has served as chairman of the Mississippi Membership committee for the past two years. For the 1941-1942 session he was chairman of the industrial section.

"Under Mr. D'Spain's supervision the Mississippi Public Service company has increased its gross operating revenue approximately five times. The territory now served by the company includes nine northeast Mississippi towns—

Aberdeen, Amory, Brooksville, Louisville, Macon, Nettleton, Starkville, Tupelo and West Point. "Mr. D'Spain married Miss Lilian Smith of Colorado, Texas, October, 1923. They have three sons, Howard Glenn, age 9, and James Lynn, age 9, and their home in Amory, Mississippi.

How Long Has It Been—

... since you had your abstract brought to date or your title checked for possible flaws and defects? Rising prices, cheap money and inflation of the currency are sure to favorably affect the value of all classes of real properties. Real estate bids to again become the safest and most profitable of all investments. Whether buying or selling, remember this: a defective title destroys value—a good title adds to it.

NO LABOR SHORTAGE IN CISCO!

There don't seem to be any labor shortage in Cisco on account of men and boys going to war as no one has called me yet to take any vacancy.

As I said before, their job would be waiting for them when they get back home, and I truly hope they all get back safe.

Every one in Cisco who knows me, knows what I can do in Cisco water works, light plant, ice factory, laundry and any old thing.

Give me a trial, if I don't make good don't pay me.
