CISCO, TEXAS, TUESDAY, OCTOBER 13, 1942

NUMBER 28

RUSS WINTER CATCHES NAZIS FAR FROM HOME

MEETING CALLED FOR TUESDAY TO FORM COMMUNITY CHEST; SUNDAY IS NAMED BUNDLE DAY

INSTRUMENTS RECORDED BY COUNTY CLERK

In a meeting of the Cisco Welfare association at the chamber of commerce building this morning, a business program was held which included reports of officers, the election of a chairman and vice chairman and setting of the time for the fiscal drive.

The following instruments are of recent record in the county office:

E. C. McClelland to J. E. Whisenant, part of the northeast quarter of section 86, block 4, H&TC survey, warranty deed, \$300.

J. E. Whisenant et ux to Travis Manning et ux, part of northeast quarter of section 86, block 4, H&TC survey, quit claim deed, \$1.

C. E. Kambrough to R. E. Hogg, part of southeast quarter of section 44, block 4, H&TC survey, quit claim deed, \$1.

Lola J. Bull et ux to Alice Lamb, undivided interest in lot in Rising Star, warranty deed, \$10.

Rising Star First State Bank to Nick Higginbotham, subdivision of lot 4, Rising Star, release of lien, \$900.

M. C. Boone et ux to Herbert Cain, part of lot 3, block 52, Carbon, warranty deed, \$20.

City of Eastland to Mrs. Hattie Guenther, part of block B-4, Eastland, quit claim deed, \$15.

CAPABLE CUTIE—Practical Dorothy Crowder designed this suit with a drape shape. She made it with 60 cents worth of silk sheen. She proudly promenades at West Coast resort.

CARAVAN BE HERE THURSDAY

What is probably the last opportunity for Cisco men to enlist as specialists at the army air force bombardier school of San Angelo will be given them Thursday afternoon, Oct. 15. A special aircraft caravan will be in Cisco that afternoon to give local people full information, with headquarters at the USO building, corner Main and Fifth.

Preliminary medical examinations will be given on the ground, so the men will know whether they can get in right then and there.

An appropriate display of 100-pound bright blue demolition practice bombs and other aircraft equipment will be trade marks for this unusual visit by members of Uncle Sam's newest war college to Cisco, headed by Lt. B. E. Vance, recruiting interviewer.

Enlistment of aircraft specialists in this section—men who can work with tools and back up the boys in the sky—already has passed the 250 mark for initial assignment at the new school.

More than 140 have received assignments for schooling at the airfield as future mechanics, technicians, welders and metalworkers, and the others are now going through preliminaries at San Antonio. Of the 250, the vast majority will be returned to San Angelo's airfield and future volunteers will continue to be sent there.

The tour is being sent out for the convenience of men in this community who want the same opportunity, but the program is scheduled to be closed this month by the war department.

"This is almost certain to be the last chance for West Texans to enlist in the army air forces for assignment near home," Col. George M. Palmer, commanding officer of the AAF bombardier school, told members of the recruiting party prior to leaving San Angelo.

"Give all those who are eligible a fair chance to look into the facts."

Physical qualifications have been relaxed to such an extent that almost any man can qualify as aircraft specialists. The advantages include rapid promotions as members of the ground crew, as attested by 300 promotions in the last three weeks at the new war college.

The caravan will be here only between the hours of 1 and 5 p.m., and all those who want more information on this unusual and limited enlistment plan are urged to talk with officers during that time.

SECOND FRONT TALK BOTHERS NAZI LEADERS

WASHINGTON, Oct. 13.—Mr. Roosevelt carried his war of nerves against the Axis into another phase today with a pledge of new military offensives not only to give Russia second front relief but to draw Japanese fire from the Chinese.

The second front market turned bullish again.

The Axis' own war of nerves has boomeranged, Mr. Roosevelt said last night in his radio talk. His speech was broadcast throughout the world and continues today to go to many lands in many languages.

"For the first time," Mr. Roosevelt said, "the Nazi propaganda machine is on the defensive. They begin to apologize to their own people for the repulse of their vast forces at Stalingrad, and for the enormous casualties they are suffering."

"They are proclaiming that a second front is impossible; but, at the same time, they are desperately rushing troops in all directions, and stringing barbed wire all the way from the coasts of Finland and Norway to the islands of the Eastern Mediterranean."

UNIONS HOLD UP WORK ON ROGERS PLANT

FT. WORTH, Oct. 13.—A possible strike situation, threatening work stoppage on the \$67,000 Will Rogers Defense Training school, was at an impasse today, although non-union carpenters continued working despite protest of the plumbers' union.

B. E. Monroe, plumbing contractor, scheduled to begin work today, said he would withhold his union men until further orders from Joe Lahey, business agent of the union.

Shotts Electric Co., also scheduled to begin work today, announced it, too, would wait. Meanwhile, Clarence Epperly, general contractor, said his men would continue work.

Lahey, who protested employment of non-union carpenters by Epperly, had no statement to make other than to make assurances there would be no picket line established.

Monrief, ordered to delay the job by Lahey, said:

"I can't do a thing until it's straightened out. The same situation exists at the quartermaster depot, with union and non-union labor getting along swell. How come?"

Lahey said the difficulty would "be ironed out by the union."

FOR ADVANCING REDS IN THE E. ARMORED TRAINS BLASTED PATH CAUCASUS; STALINGRAD HOLDS

MOSCOW, Oct. 13.—Bitter winter weather gripped the Mozdok area of the Eastern Caucasus today as armored trains blasted out a path for the advancing Red army.

The defenders of Stalingrad beat off German attacks and set themselves for a renewed grand scale assault against the ruins they now had held for 50 days.

Pravda, the Communist party organ, published pictures of Red army men fighting in the Mozdok area. They were wearing winter battle dress, with heavy great coats and fur caps.

The cold in the Mozdok area, in the foothills of the Caucasus mountains, already was becoming intense, dispatches said. Normally, heavy blizzards start in that area by the middle of next month, but ice coats the narrow trails weeks earlier and makes traveling over them almost impossible.

A big battle raged in the Modok area south of the Terek river, where the Germans, fighting time as well as the attacking Russians, were trying to drive to the nearby Grozny oil fields.

The Soviet noon communique reported both Russian and German attacks inside Stalingrad. The Germans tried to break through a factory settlement in northwest Stalingrad. They were beaten off and 250 of them killed.

Fifty German tanks and 3000 men attacked in the same area yesterday, breaking a three-day lull in the battle. They gained slightly, but at the prohibitive price of 2000 men killed and 20 tanks destroyed.

A Russian unit penetrated German positions inside Stalingrad last night, killed 60 soldiers, destroyed two guns and five machine guns and captured two trench mortars, six machine guns and 20 tommy guns.

Front-line dispatches reported that the Russians had retaken a small railway station outside Stalingrad. Black, shining Italian tanks for the first time were thrown into fierce counter-attacks. Being thinly armored, Russian shells penetrated them as if they were tin.

The battle raged with undiminished violence south of the Terek river, in the Mozdok area of the Eastern Caucasus, where Adolf Hitler had thrown big forces, hoping to drive to the nearby Grozny oil fields from which he had been held two months.

The communique reported a Russian advance on one sector, the killing of 250 Germans by one Soviet unit, and the destruction of eight German planes. The government organ Izvestia said armored trains had been thrown into the battle, and, shelling enemy positions, had killed hundreds and blown up many tanks in the last several days.

On one sector of the Mozdok front, the Germans assaulted for eight continuous days. Three thousand of them were killed and the Russians held all their positions.

Heavy fighting raged above Stalingrad, between the Don and Volga rivers, and west of the Don, on the north side of the bend, where Marshal Semyon Timoshenko's counter-offensive has been under way for weeks.

Inside Stalingrad, the Russians were reported to have put undamaged sections of a tractor factory back into production. It was building new tanks to repel the invaders, and repairing wrecks practically on the battleground itself.

SOLOMON ISLES BE HELD

WASHINGTON, Oct. 13.—The navy, having reinforced its fleet in the South Pacific to replace the loss of the heavy cruisers Quincy, Astoria and Vincennes, indicated today that it intends to hold American gains in the Solomon Islands at any cost.

The United States had paid a high price for footholds established in the Solomons, but the implication was clear that they were worth the price, and more.

The whole Allied strategy in the South Pacific is involved in the Solomons operation. To those who would discount the importance of the islands, the navy replied that this is what the Japanese could do if they controlled them:

Launch a sea-borne thrust at Port Darwin and Australia. Seriously threaten American supply lines to Australia and New Zealand.

ROANE WARING, national commander of the American Legion, was born in Memphis, Tenn., July 20, 1882, and is a graduate of the University of Virginia law school. In 1904 he enlisted in the national guard of Tennessee and served in every rank from private to major, retiring in the latter capacity in 1913. When America entered World War I he was asked to bring the national guard of Tennessee to full strength by organizing an additional regiment of infantry. The second Tennessee infantry was promptly formed and became part of the 30th division, AEF. Colonel Waring saw combat service in the St. Mihiel and Meuse-Argonne battles.

SPECIAL EXAMINATION—Supt. L. A. Woods has authorized a special examination for second class certificates to be given October 16 and 17, 1942. High school graduates and others qualified, who are at least 18 years of age, are eligible to take this test. Applications should be made to the county superintendent's office, Eastland.

T. C. WILLIAMS, County School Supt.

CATTLE MARKET

Cattle and calves were slow and on the Fort Worth market. Hogs sold mostly 15c lower than Monday's levels with a few at \$14.50. In the sheep yards lighter ewes were steady to 25c higher with other classes poorly bid. Estimated receipts Tuesday compared with actual receipts of last week were: Cattle, 4,500 and 5,130; calves 2,400 and 2,989; hogs 1,500 and 1,349; sheep 7,500 and 9,427.

Estimated receipts Tuesday compared with actual receipts of last week were: Cattle, 4,500 and 5,130; calves 2,400 and 2,989; hogs 1,500 and 1,349; sheep 7,500 and 9,427.

NEW OFFICERS CHOSEN BY SUB DEBS.
 Gene Grantham was business Saturday afternoon to members of the Sub-Deb club which met in her home for regular meeting. New officers were elected and a pledge for the new season was selected by the group.

Those present were Misses Jeanette Myrick, Dorothy Jackson, Frances Hanrahan, Gloria Henson and the hostess, Gene Grantham.

CISCO FEDERATION HAS FINE PROGRAM

Mrs. Eugene Lankford, president, was in the chair when the Cisco Federation of Women's clubs met Monday afternoon at 3 in the initial meeting of the club season. Roll call response was a current event given by each member. Minutes were read by Mrs. Yancey McCrea in the absence of the secretary, Mrs. A. P. Clayton. Reports from the various federated clubs of the city were given as follows: XXIII Century club, Mrs. C. H. Fee; First Industrial Arts club, Mrs. H. A. Bible; Delphin club, Mrs. A. J. Olson; Garden club, Mrs. Theresa Weddington; Child study club, Mrs. Roy Burnam. The treasurer's report was also given.

Mrs. A. J. Olson directed the afternoon program which began with the reading of a poem by Mrs. Rex W. Moore. Rev. Leslie W. Seymour was introduced and gave a splendid talk on "Learning the Hard Way of Life." Miss Betty Slicker played a piano number, "Valse," after which the group sang "America." Mrs. J. E. Crawford gave the concluding

number, an interesting talk on "The Bible in the Public Schools." Mrs. A. J. Olson was elected delegate to the state convention of Women's Federated clubs, which will be held in Austin, November 16-17. Mrs. Olson stated that she plans to attend the county federation which will be held Friday at 2:30 in Eastland.

Those present were Mrs. Roy Burnam, Mrs. H. A. Bible, Mrs. Paul M. Culp, Mrs. J. H. Evans, Mrs. C. H. Fee, Mrs. W. D. Hazel, Mrs. Charles J. Kleiner, Mrs. Eugene Lankford, Mrs. Rex W. Moore, Mrs. Yancey McCrea, Mrs. A. J. Olson, Mrs. Philip Pettit, Mrs. Theresa Weddington, Mrs. Andrew Watson, Mrs. Joe Wilson, Mrs. J. E. Crawford, Miss Betty Slicker and Rev. Leslie W. Seymour.

PICNIC AT LAKE CISCO ENTERTAINS VISITORS

A picnic lunch was spread at Lake Cisco Sunday by Mrs. J. S. Mobley and daughter, Miss Mary Sue Mobley, and their guests. During the afternoon the scenery around the big lake was viewed and enjoyed by the visitors. The guests were their cousins, Major and Mrs. Keller of McAllen; Mr. and Mrs. Hadley Foster of Caddo and A. W. Genovese of Camp

Tenderize Meat

Many a homemaker and her family are finding it difficult to change from steaks and roasts to some of the lower-cost cuts—less tender in now than might be desired. Try the old method of braising meats with fruit or vegetable acids which have a tenderizing action upon meat tissues. In addition to a little vinegar, used by cooks everywhere, you will want to try tomato (canned, ripe or green), or slices of lemon.

For best results, cook the meat in a heavy heat-retaining kettle or casserole with closely fitted cover and turn the top gas burner to its steadily low flame which will simmer the meat but NOT boil it; this slow cooking with the acid will tenderize the meat in a shorter time than usual.

A. L. AUXILIARY UNIT IN BUSINESS SESSION
 American Legion auxiliary unit 123 met in American Legion Hotel Monday evening in called session. Mrs. H. N. Lyle, president, had charge of the business period and plans for entertaining the coming district convention were completed. Reports of the several committees were heard and delegates to the convention were elected.

Those chosen were Mrs. Paul Poe, Mrs. J. J. Tableman, Mrs. Charles Roberts and Mrs. Leon McPherson.

Members present were Mrs. H. N. Lyle, Mrs. D. J. Gorman, Mrs. W. R. Huestis, Mrs. Don McEachern, Mrs. Frank Bond, Mrs. Irene Hallmark, Mrs. M. H. French, Mrs. J. J. Tableman, Mrs. D. L. Langston, Mrs. Laila Smart, Mrs. Leon McPherson and Misses Letha and Mayme Estes and Betty Jean Gorman.

ENGAGEMENT OF EX-CISCOAN ANNOUNCED

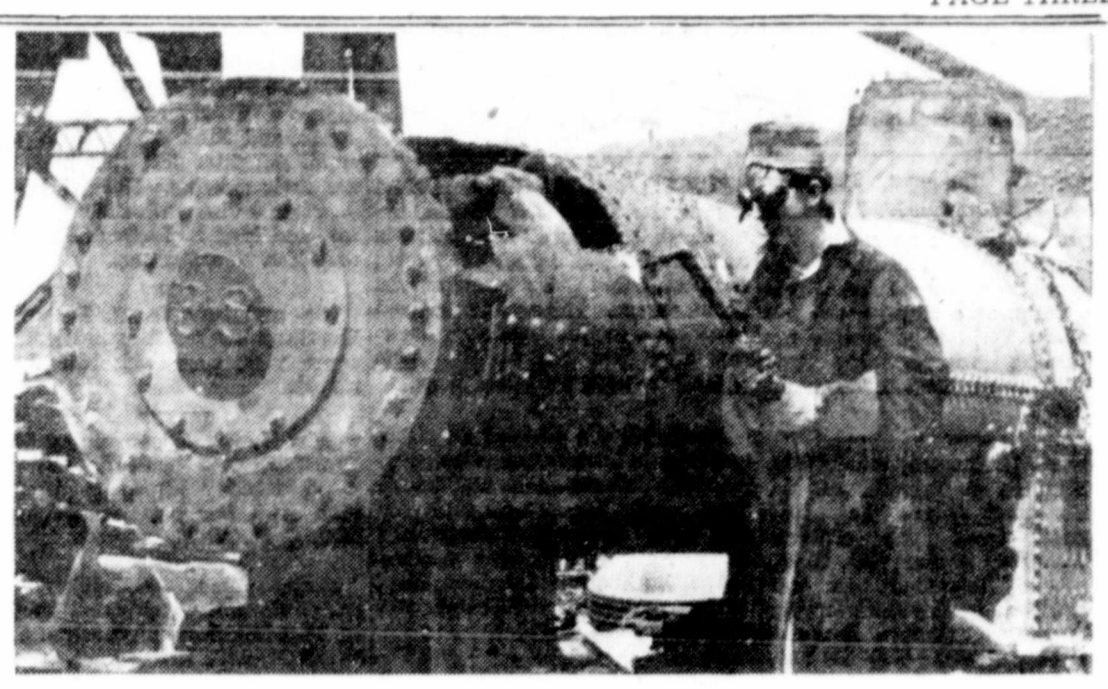

Cisco acquaintances will be interested to know that announcement was made recently of the engagement of Miss Tommie Keising of Abilene, daughter of Mr. and Mrs. A. W. Keising of Stanton, and L. P. Holder of Will Rogers Field, Oklahoma City.

Both Miss Keising and Mr. Holder are graduates of the Stanton high school. Miss Keising attended McMurry college and is now taking advanced stenographic

"We're Home Folks"

Reddy Kilowatt

REMINDS:

"You can judge a man's caliber by the way he reacts to an emergency. The same thing might be said of the way we ALL react to the necessity of conserving essential materials and foods, even time-and-labor-saving electric appliances. It might be said of the way we react to the necessity of buying war bonds and stamps and the supplying of trained men to the fighting forces. These are things that ALL people MUST DO to help our country along the ROAD TO VICTORY."

"I feel pretty good about the way the men and women in our company have reacted to the emergency and the way they've met wartime problems. Long before the war began, the folks with the utilities anticipated the need for plenty of CHEAP electric power. Far-sighted planning, you know, is a part of good business management."

"The men who manage and operate the company have constantly looked ahead and caused many millions of dollars to be invested in the future of this region. Too—these men live in the communities where they work, raise families, pay taxes. They have a definite stake in the community, just as you have."

"To protect that stake, they have WORKED and PLANNED and IMPROVED and CREATED."

"As a result, every community served by the West Texas Utilities (interconnected by high tension electric lines) can offer Uncle Sam ALL the power he needs... when it's needed, where it's needed."

"The company is an asset to the community due to the low cost of electric service."

"So I say you can judge the caliber of the West Texas Utilities, in part by the way it reacts to the present emergency—and in part by its great and lasting contribution to the development of this West Texas country."

West Texas Utilities Company

BRIEFLY TOLD

Henry H. Hageman, 37, of Cisco, was arrested by Sheriff J. C. Hageman at Cisco, Tex., on Monday night, Oct. 10, for the murder of Mrs. J. C. BOY I'VE GOT TO PAMPER THIS BABY NOW!

WITH less than a normal 3 months' supply of new trucks to be rationed for all our civilian needs for the duration—we're facing a critical situation that calls for the cooperation of every truck owner and driver.

We've got to make every existing truck last longer. In order to do this job most effectively the Office of Defense Transportation has outlined a nation-wide program of conservation in which you can join through the U. S. Truck Conservation Corps.

HUMBLE CAN HELP YOU KEEP 'EM ROLLING LONGER

Humble stations have been designated official stations for the Truck Conservation Corps—and you have only to drive into your nearest one to sign up. Your truck will be registered and its care becomes the responsibility of a capable Humble service man. He will see that it receives the important periodic check-ups that prevent trouble before it starts. His accurate detailed inspection and service report assures you that no danger spot has been overlooked.

Your truck is a vital link in America's Transportation line. Join the Truck Conservation Corps and let Humble's planned Maintenance Service help you—KEEP 'EM ROLLING LONGER.

HUMBLE OIL & REFINING COMPANY
Helping YOU keep 'em fit to keep 'em ROLLING **HUMBLE**

DISPLAY THE OFFICIAL EMBLEM ON YOUR TRUCK
When you register to become a member of the Truck Conservation Corps, the official red, white and blue emblem will be placed on the door of your truck. It designates you as a thoughtful and patriotic citizen, pledged to do your best to keep the trucks of America rolling until Victory.

YOUR CAR NEEDS HUMBLE CARE, TOO
In the days when you could replace your car every year or two, you could get by with irregular or haphazard servicing. Today—you can't take chances. Let Humble's planned systematic care help you keep your car running better and longer. Drop by your nearest Humble station for your copy of "20 Ways to Get Longer Life from Your Car." It's FREE, of course.
