Water Rate Hike Is But 45c Month If Paid By Fifteenth

Taking action to remedy the deficit in the water income — about \$5,000 last year — the Cisco city commission has voted to raise the water rate from \$1.25 to \$2 per month, effective November 1.

If paid by the 15th of the month the charge will be 30 cents less, or \$1.70.

This increase, with the 75-cent sewer charge and the 25-cent garbage collection charge, will bring the monthly bill to \$3 instead of \$2.25, as heretofore.

Subtracting the 30-cent reduction if bill is paid by the 15th of the month reduces the total amount to \$2.70.

It was brought out at the commission meeting — at which Mayor P. Mitcham and Commissioners George Boyd, A. D. Anderson, Charles J. Kleiner and H. S. Drumwright were present — that \$21,000 must be applied each year to liquidation of bonds and interest of the mortgage against the water works, as per the recent bond settlement.

For the past five years — previous to last year — this amount, above cost of maintenance, seemed easy to meet. But, owing to the fact that many people have left the city to work on nearby defense projects, water users decreased until only \$16,000 was left last year after all expenses had been paid.

The necessary increase in water rates is less than many users anticipated, and all in all, it should be gratifying to citizens that the city of Cisco now seems to be getting down to the business of paying its bonded indebtedness.

NIPPONESE NEMESIS—There are five downed Zeros and three downed Jap bombers behind that smile on the face of Maj. R. F. Galer, U. S. Marine pilot ace, one of defenders in Solomon Islands. Maj. Galer and his ship, the "Barbara Jane" are pictured at an air base in the Solomons.

SERVICE MEN'S CLUB

The Service Men's club of Cisco, Mrs. Philip Pettit, president, will open at noon tomorrow for the winter work. The president made this announcement today and stated that many articles are needed for proper equipment of both kitchen and club rooms. She mentioned cups, saucers and teaspoons as being needed for the kitchen and said a 9x12 rug could be used to advantage in the club rooms, as well as waste paper baskets and ash trays. Donations of coffee, tea and paper napkins will be gratefully received, too.

The local club rooms, situated at D avenue and Fifth street, in the Harry Reynolds building, were opened to service men on April 17 of this year. Since that date and to September 15, 980 men from the various army camps, including several from Canada and one or two from England, have been entertained here.

Numbers of these men are now across the seas and Mrs. Pettit has had letters from the families of many of the soldiers, thanking the Cisco organization for the courtesies extended their boys.

YELLOW DEVILS IN EARNEST, BUT CAUTIOUS

WASHINGTON, Oct. 23.—The Japanese today were believed looking for "soft spots" in American defense positions on Guadalcanal through which to drive a big offensive.

They already have tried one "feeler" attack on the western flank of the American lines, but the spot didn't prove to be soft. The marine and army defenders repulsed the attackers.

There was almost a complete absence of information on other aspects of the battle of the Solomons, although the navy said no report of any material change in the military situation had been received through late yesterday.

Gen. Douglas MacArthur's medium bombers continued their supporting raids, dropping 10 tons of bombs on the Japanese base and ship concentrations at Buin on the southernmost point of Bougainville Island. The raid was carried out at night and results were unknown. But it is just south of Buin and Shortland Island that a huge Japanese fleet has been poised for days, apparently waiting for an all-out assault on the Guadalcanal-Tulagi area held by the Americans.

Except for the unsuccessful Japanese thrust on Guadalcanal last Tuesday (Solomons time), the battle on that key island continues to be in the air. The navy reported no new raids in its communique late yesterday, but did say that American aircraft continued to seek out and bomb enemy troop and supply concentrations on Guadalcanal.

The battle of the Solomons has been in progress for 79 days. Except for the first few days there has been relatively little land action.

Yes, if kids of eighteen and nineteen make the best soldiers, it might be smart to test them as voters, too.

RUSSIAN DRIVE INTO GERMAN LEFT FLANK FORCES ENEMY TO GIVE WAY; 60TH DAY OF SIEGE

MOSCOW, Oct. 23.—The Red army stormed and captured another important hill on the snowy steppes above Stalingrad today, and fierce Russian counter-attacks at points within the city forced the Germans on the defensive.

German resistance above Stalingrad was fierce. But Marshal Timoshenko's drive into the German left flank picked up momentum and crushed all resistance as it rolled toward the gallant garrison of Stalingrad, fighting in the 60th day of one of the greatest battles of history.

Front line dispatches said unprecedented losses, cold, heavy rains, mud and no gains were forcing a slackening of German attacks against a northwestern section of Stalingrad city, and that the Russians were gaining the local initiative.

The Soviet noon communique, however, reported continued fierce fighting with German infantry and tanks around a factory fortress in northwestern Stalingrad. Enemy infantry split off from the tanks and two penetrated the factory, but were disabled by Soviet guns.

Suffering heavy losses, the Germans fell back to positions from which they have not advanced in three days. Five German planes were shot down.

On some streets, the Russians counter-attacked, and the Germans compelled to take the defensive, feverishly began fortifying half-ruined buildings, the foundations of houses and dugouts. The Germans tried to make sorties and capture individual houses, but dispatches said the Russians were gaining more than the Germans.

The army organ Red Star estimated that the Germans had lost upwards of 70 per cent of their effectives and 60 per cent of their materials, but had replaced them. Red Star said 22 divisions still were attacking—15 infantry (225,000 men), three motorized divisions and four tank divisions.

German drives in the Caucasus were beaten practically to a standstill. The only threat to Russian lines in the Mozdok area of the eastern Caucasus, a wedge which the Germans drove yesterday, was liquidated today and 200 Germans killed.

The Germans, trying to drive a few miles from the Terek valley near Mozdok to the Grozny oil fields, have gained little or nothing in the last month.

DALLAS WOMAN WILL ASSIST IN TRAINING UNION

Miss Nella Casement of Dallas, a devoted worker in the training department of the Baptist church of Texas, will have charge of training union emphasis week at the First Baptist church, here, next week.

Miss Casement will arrive in Cisco for the Sunday morning service and will be on the worshiping program at 11 o'clock. Beginning Monday evening at 7:30 p.m., classes will be taught for the young people's union.

There will be two 45-minute periods each evening, with 15-minute intermission between the two periods. During intermission a program will be given in the auditorium under Miss Casement's direction.

Other outside helpers for the program will include Rev. F. E. Swanson, pastor at Eastland, who will teach the adult classes; Rev. A. Palmer, Moran pastor, who will teach the intermediate classes. Local teachers will be Mrs. E. Cooper, primaries, and Rev. E. Waters, juniors.

THIRD DRESSING CLASS IS NOW FORMING

This is the last call for surgical dressing classes. All those interested or wanting to help in the effort by making surgical dressing classes. All those interested are asked to contact Mrs. E. Walters at telephone 141, the class beginning Tuesday, Oct. 27, at 2 p. m.

CECIL LOTIEF, A FORMER CITIZEN, IS VISITOR

Hon. Cecil A. Lotief and his son, Rudolph Lotief, are in Cisco for a brief stay and called at the Daily Press office this morning. Mr. Lotief, who was in business here from 1919-1926, and formerly a representative for Eastland and Callahan counties, now lives at Rotan and is a candidate for the senatorial seat of Hon. John Lee Smith, lieutenant-governor elect.

There are five other candidates in the field—two from Rotan—but Mr. Lotief thinks he has a good chance for election.

Among other things, Lotief recalled that while a member of the legislature he was the only West Texan who voted for Coke Stevenson for speaker of the house of representatives each and every time Mr. Stevenson was a candidate for that position.

His official announcement will appear in Tuesday's Daily Press.

HUGE OIL MOVEMENT

WASHINGTON, Oct. 23.—Reversing a recent downward trend, railroads moved 838,163 barrels of petroleum daily into the oil-short East during the week ended Oct. 17, or 21,753 more barrels daily than in the preceding week, Petroleum Co-ordinator Ickes announced today.

HUMBLE WILL BROADCAST 3 GAMES SAT'DAY

Three games are scheduled for broadcast Saturday afternoon, October 24.

The Rice Owls are hosts to the Texas Longhorns at Houston, with Kern Tips bringing the play-by-play report to radio fans, while Bill Newkirk describes color. This game takes the air at 2:20 p.m. over stations KPRC, Houston; WOAI, San Antonio; WFAA, Dallas-Fort Worth; KNOW, Austin.

Baylor plays Texas Aggies at Waco, with Ves Box handling the play-by-play work and Bill Michaels doing the color work. Broadcast starts at 2:20 over stations KGKO, Dallas-Ft. Worth; KXYZ, Houston; KTTA, San Antonio; KRIS, Corpus Christi; KRGV, Weslaco; KFDM, Beaumont, and WACO, Waco.

The Corpus Christi naval air station team travels to Dallas to meet S.M.U. Charley Jordan and Dave Russell handling play-by-play and color, respectively. Broadcast starts at 2:20 over stations KRLD, Dallas; KTRH, Houston, and KEYS, Corpus Christi.

MAIL TRUCK BURNS; MANY LETTERS LOST

FT. WORTH, Oct. 23.—Thirty-five bags of first class mail were destroyed early today when a mail truck en route here from Abilene caught fire five miles west of Fort Worth on Highway 80 (to Weatherford).

Only 150 out of an estimated 75,000 letters were salvaged from the open-top truck, which was believed to have caught fire from a cigarette thrown from a passing car.

O'DANIEL ASKS BAN ON 40-HR. WARWORK WEEK

WASHINGTON, Oct. 23.—Senator O'Daniel of Texas today proposed an amendment to the 18 and 19-year-old draft bill which would scrap the 40-hour week in war work and ban overtime pay for the duration.

Having gently shoved aside the prohibition issue, administration leaders trained their guns today on other amendments that threaten to delay enactment of the lower draft age bill.

Chief among these was a demand that 18 and 19 year old men be kept out of combat troops until they had undergone six months or a year's military training.

The wet-dry issue evaporated for the time being Thursday when the senate voted to send back to its military committee an amendment by Senator Lee of Oklahoma which would ban the sale of alcoholic drinks from military areas.

Lee, 50-year-old ordained Baptist minister, once known as the "Boy Orator" from Oklahoma, was disappointed but undismayed by this parliamentary maneuver.

Of course, it will be annoying, but if the time really comes when men must do without buttons on their clothes we are going to look funny in a grass skirt.

They can make top sergeants of WAACS, but top sergeant language is going to sound queer in high soprano.

JOHN A. SMITH IS IN CHARGE OF 104 MEN

After a brief visit in Cisco, Mr. and Mrs. John A. Smith have returned to their home in Freeport, where Mr. Smith is sergeant in the military police in a defense plant protection squadron, being in charge of 104 men.

They arranged for the Cisco Daily Press to visit them regularly. The Smiths have allied themselves with a Baptist church of about 900 members in their city and both are actively engaged in church and Sunday school work.

Mr. Smith is director of the training union and teacher of a young mens Sunday school class.

Mrs. Smith is superintendent of the Young People's department in the Sunday school and is president of the Adult union.

An \$18,000 building has just been completed by this church, and there are about 450 students enrolled in the Sunday school, Smith said.

WHY NOT? GRANDPA DID

WASHINGTON, Oct. 23.—Chairman Robert R. Reynolds, Democrat, North Carolina, of the senate military affairs committee today advocated abolition of the 40-hour work week as a way of solving manpower problems. "All we have to do to solve completely the manpower shortage is lift the restriction of the 40-hour week to 56 or 57 hours weekly," he said. "That would involve, of course, elimination of overtime—time and a half and double time pay for all work over 40 hours."

SINCLAIR BUYS PIPE LINE

PONCA CITY, Okla., Oct. 23.—Sinclair Refining company on Nov. 1 will take over operation of the Continental Pipe Line company system in the Corpus Christi area as the result of a transaction announced Thursday at Continental's office. Sinclair acquired Continental's crude oil gathering system of about 300 miles of lines connecting 22 pools and about 750,000 barrels of crude in the lines—also included was Continental's deep water terminal at Corpus Christi.

Pipes and water tanks and boilers naturally rust out, but starting an epidemic now is pure perversity.

MRS. ROOSEVELT IS NOW IN ENGLAND

LONDON, Oct. 23.—Mrs. Eleanor Roosevelt has arrived in Britain as the guest of King George VI and Queen Elizabeth "in order to gain first hand knowledge of British women's war activities and to visit United States forces in Great Britain," Buckingham Palace announced today.

BRIEFLY TOLD

Mr. and Mrs. Cecil Jacobs and two sons, Kenneth and Jerry, are here from near Weslaco for a few days. Mr. Jacobs is manager of Charles J. Kleiner's vegetable farm in Hidalgo county and he is here to winter with Mr. Kleiner as to future farming plans.

Mr. and Mrs. L. E. Robinson and W. H. Mayhew left this morning for Ft. Worth, called there by the serious illness of Miss Emma Dean Mayhew, who is in a hospital for an emergency operation.

Rasmussen is recovering from a recent operation in a Dallas hospital. Mrs. John Brown, of Dublin, sister of Mrs. Rasmussen, is visiting her this week.

Mr. and Mrs. L. W. Tucker, stated that Mrs. Buntie Peters had arrived in Rhode Island where she went for a visit with her husband, who is scheduled to leave an army camp there soon for foreign service.

Mrs. J. W. Walker, Plainview, president of the Texas Federation of Women's clubs, headed the Texas group in Chicago. Included were Mrs. Joseph M. Perkins, Eastland, TFWC director to the GFWC, Mrs. Nancy Ripley Armstrong, Houston, chairman, GFWC international relations, and Mrs. Volney W. Taylor, Brownsville, GFWC motion picture chairman.

Mr. and Mrs. Ira W. Robinson, Mr. and Mrs. C. B. Robinson, Grandchildren and Great grandchildren.

DEATH OF C. A. NELMS. L. R. Nelms, 404 W. Second street, has returned from Comanche, where he attended the funeral of his brother, C. A. Nelms, who died October 21, at 7 a. m. Deceased was 72 years of age and survivors include three and five children. He was a native of Burleson county, but lived at Comanche 26 years. He was a member of the Baptist church since early manhood.

People fear death but are really eager to keep on living. Name one who avoyns all that shorten life.

SERVICE MEN'S CLUB

The Service Men's club of Cisco, Mrs. Philip Pettit, president, will open at noon tomorrow for the winter's work. The president made this announcement today and stated that many articles are needed for proper equipment of both kitchen and club rooms. She mentioned cups, saucers and teaspoons as being needed for the kitchen and said a 9x12 rug could be used to advantage in the club rooms, as well as waste paper baskets and ash trays. Donations of coffee, tea and paper napkins will be gratefully received, too.

The local club rooms, situated at D avenue and Fifth street, in the Harry Reynolds building, were opened to service men on April 17 of this year. Since that date and to September 15, 980 men from the various army camps, including several from Canada and one or two from England, have been entertained here.

Numbers of these men are now across the seas and Mrs. Pettit has had letters from the families of many of the soldiers, thanking the Cisco organization for the courtesies extended their boys.

YELLOW DEVILS IN EARNEST, BUT CAUTIOUS

WASHINGTON, Oct. 23.—The Japanese today were believed looking for "soft spots" in American defense positions on Guadalcanal through which to drive a big offensive.

They already have tried one "feeler" attack on the western flank of the American lines, but the spot didn't prove to be soft. The marine and army defenders repulsed the attackers.

There was almost a complete absence of information on other aspects of the battle of the Solomons, although the navy said no report of any material change in the military situation had been received through late yesterday.

Gen. Douglas MacArthur's medium bombers continued their supporting raids, dropping 10 tons of bombs on the Japanese base and ship concentrations at Buin on the southernmost point of Bougainville Island. The raid was carried out at night and results were unknown. But it is just south of Buin and Shortland Island that a huge Japanese fleet has been poised for days, apparently waiting for an all-out assault on the Guadalcanal-Tulagi area held by the Americans.

JOHN A. SMITH IS IN CHARGE OF 104 MEN

After a brief visit in Cisco, Mr. and Mrs. John A. Smith have returned to their home in Freeport, where Mr. Smith is sergeant in the military police in a defense plant protection squadron, being in charge of 104 men.

They arranged for the Cisco Daily Press to visit them regularly. The Smiths have allied themselves with a Baptist church of about 900 members in their city and both are actively engaged in church and Sunday school work.

Mr. Smith is director of the training union and teacher of a young mens Sunday school class.

Mrs. Smith is superintendent of the Young People's department in the Sunday school and is president of the Adult union.

An \$18,000 building has just been completed by this church, and there are about 450 students enrolled in the Sunday school, Smith said.

MRS. ROOSEVELT IS NOW IN ENGLAND

LONDON, Oct. 23.—Mrs. Eleanor Roosevelt has arrived in Britain as the guest of King George VI and Queen Elizabeth "in order to gain first hand knowledge of British women's war activities and to visit United States forces in Great Britain," Buckingham Palace announced today.

Yes, if kids of eighteen and nineteen make the best soldiers, it might be smart to test them as voters, too.

RUSSIAN DRIVE INTO GERMAN LEFT FLANK FORCES ENEMY TO GIVE WAY; 60TH DAY OF SIEGE

MOSCOW, Oct. 23.—The Red army stormed and captured another important hill on the snowy steppes above Stalingrad today, and fierce Russian counter-attacks at points within the city forced the Germans on the defensive.

German resistance above Stalingrad was fierce. But Marshal Timoshenko's drive into the German left flank picked up momentum and crushed all resistance as it rolled toward the gallant garrison of Stalingrad, fighting in the 60th day of one of the greatest battles of history.

Front line dispatches said unprecedented losses, cold, heavy rains, mud and no gains were forcing a slackening of German attacks against a northwestern section of Stalingrad city, and that the Russians were gaining the local initiative.

The Soviet noon communique, however, reported continued fierce fighting with German infantry and tanks around a factory fortress in northwestern Stalingrad. Enemy infantry split off from the tanks and two penetrated the factory, but were disabled by Soviet guns.

Suffering heavy losses, the Germans fell back to positions from which they have not advanced in three days. Five German planes were shot down.

On some streets, the Russians counter-attacked, and the Germans compelled to take the defensive, feverishly began fortifying half-ruined buildings, the foundations of houses and dugouts. The Germans tried to make sorties and capture individual houses, but dispatches said the Russians were gaining more than the Germans.

The army organ Red Star estimated that the Germans had lost upwards of 70 per cent of their effectives and 60 per cent of their materials, but had replaced them. Red Star said 22 divisions still were attacking—15 infantry (225,000 men), three motorized divisions and four tank divisions.

German drives in the Caucasus were beaten practically to a standstill. The only threat to Russians lines in the Mozdok area of the eastern Caucasus, a wedge which the Germans drove yesterday, was liquidated today and 200 Germans killed.

The Germans, trying to drive a few miles from the Terek valley near Mozdok to the Grozny oil fields, have gained little or nothing in the last month.

SINCLAIR BUYS PIPE LINE

PONCA CITY, Okla., Oct. 23.—Sinclair Refining company on Nov. 1 will take over operation of the Continental Pipe Line company system in the Corpus Christi area as the result of a transaction announced Thursday at Continental's office. Sinclair acquired Continental's crude oil gathering system of about 300 miles of lines connecting 22 pools and about 750,000 barrels of crude in the lines—also included was Continental's deep water terminal at Corpus Christi.

Pipes and water tanks and boilers naturally rust out, but starting an epidemic now is pure perversity.

American Victory Must Be Won in American Homes

War must be fought and won by nations as a whole. Behind the fighting forces, there must stand, strong and determined, a united home front.

The woman who learns to sew for herself and her family, who studies for a good problem, who thriftily manages the family income so there will be a surplus to invest in War Bonds, that housewife is fighting the war like any soldier.

She stands guard over the family pay envelope, buying only needfuls, of sound, durable quality. She turns instinctively to stores she can trust. . . . stores that give her full value, stores like Penney's which have always served her well.

What Happens When You JOIN THE NAVY!

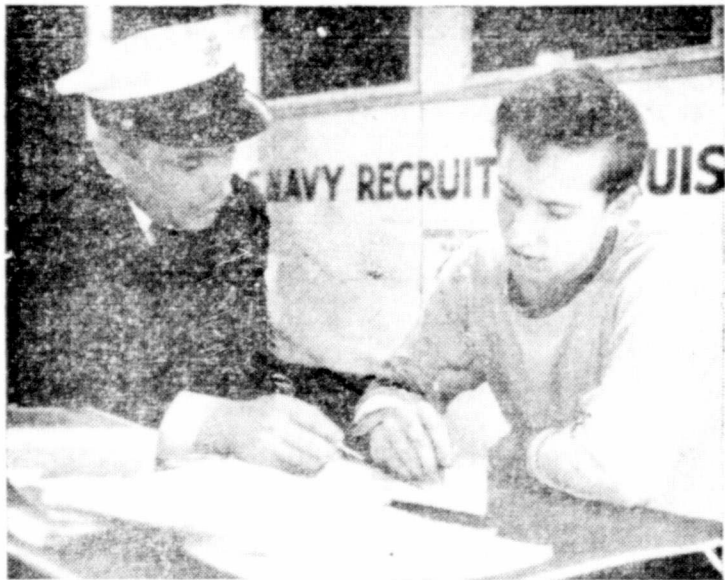

1 Smiling, curly-haired Warren Philip Otto is typical of the young Americans who are choosing the Navy as their fighting service.

3 Prospective Navy recruit talks it over with parents. He's passed his twenty-first birthday, otherwise he'd need parent's consent.

2 Young man inspects his collection of firearms. He wants to be a Navy gunner....putting his hobby to work for his country.

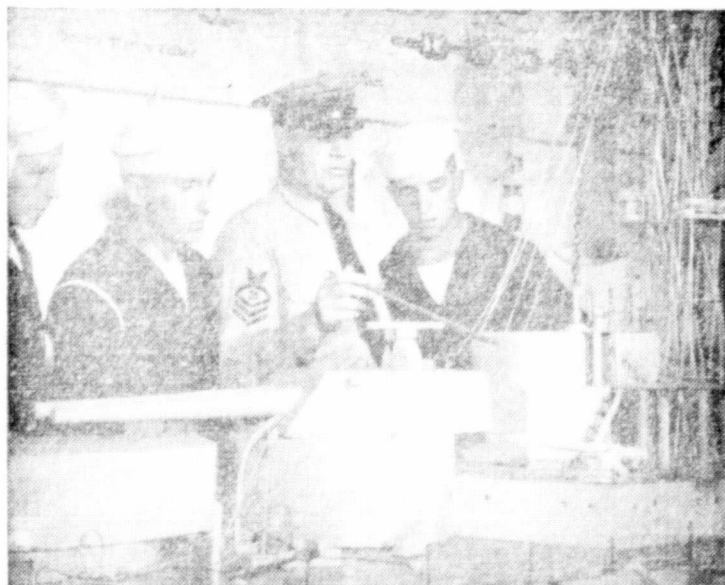

4 A friendly Chief Petty Officer at the Navy Recruiting Station answers all questions about Navy pay, trade training and promotions.

5 The Navy physical is a thorough checkup....but most young men in normal health pass with flying colors.

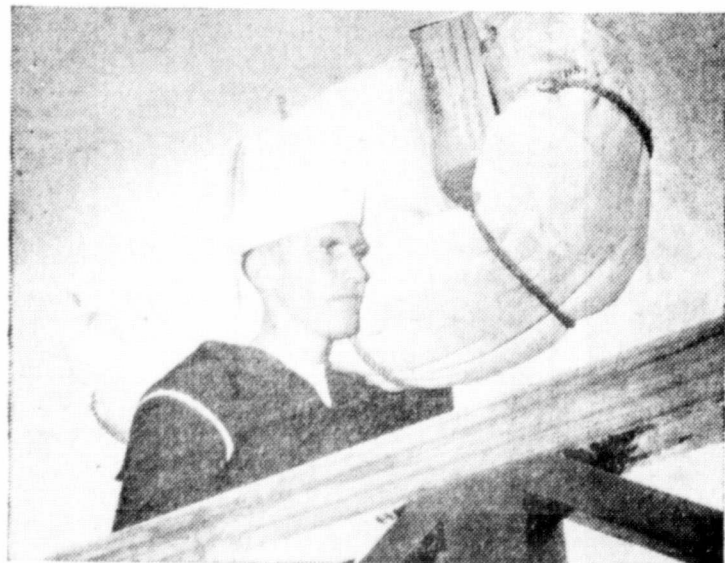

6 His first uniform! A Navy recruit is issued \$133.00 worth of clothing free....from shoes to white cap.

7 Getting into the swing of real Navy life, the recruit learns his way around on a model warship.

8 Recruits who qualify go to a Navy trade school, get expert training in their chosen field. To many, Navy training will mean top jobs later.

9 He goes to sea! The new bluejacket looks forward to action and adventure as he joins America's first line of attack, the U. S. Navy.
