

THE CISCO DAILY PRESS

COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil; two railroads; Bankhead highway; huge concrete swimming pool.

VOLUME XXIII.

CISCO, TEXAS, SUNDAY, OCTOBER 25, 1942

NUMBER 37

AXIS FORCES SUFFER SETBACK ON ALL FRONTS

FIRE DEPARTMENT RELICS SCRAPPED

Two old relics of early Cisco were now joined the steel rails donated by the Langstons recently, and in the scrap drive to make munitions of war for Uncle Sam's army.

These relics are a hose cart and a fire department from the early history of the town until modern equipment of trucks pushed them aside for time.

The hose cart weighs about 200 lbs. and was probably purchased during the early eighties. It was used on many occasions over this section of the city in the fire convention years which always included the various teams. Cisco became widely known for its hose cart according to R. W. Sumners, one of the three managers of the team during those years.

A group picture of members of the fire department of those days is now hanging in the Cisco station. There are many faces which would be recalled by old Ciscoers still in Cisco. The three known to be alive are Joe Edwards and Bob Mancill, Cisco, and Ernest Patterson, who lives in Dallas.

The two odd relics were donated to the scrap drive and have been along with other scrap in a G. G. Motor company used car lot.

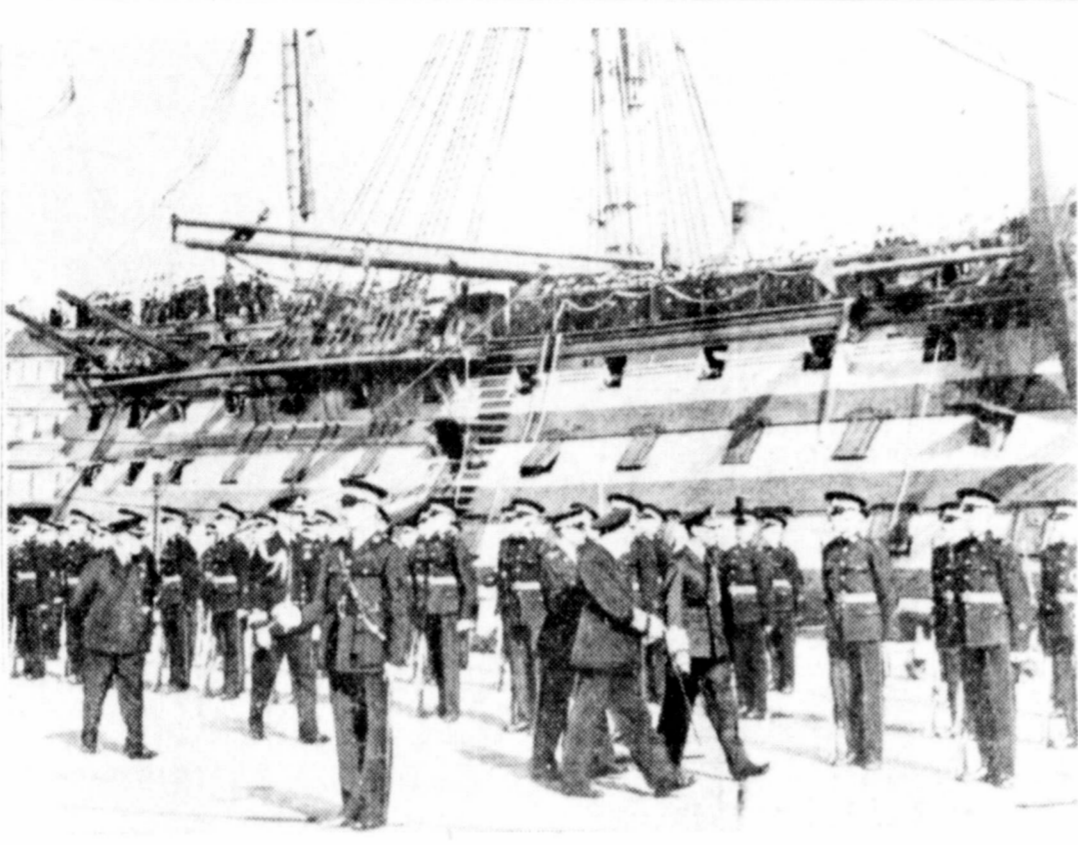

M'ARTHUR IN A HIGH TRIBUTE TO DOUGHBOYS

NEW YORK, Oct. 24.—General MacArthur, commander-in-chief of Allied forces in the Southwest Pacific, pays this tribute to the American doughboy:

"He plods and groans, sweats and toils, he grows and curses, and at the end dies, unknown, uncomplaining, with faith in his heart, and on his lips a prayer for victory."

At another point in a cable to the Doughboy Commemorative Committee, MacArthur wrote: "From time immemorial, the victor in war has been symbolized by the foot soldier; he, who with a steel weapon in his hand, challenges his enemy to have and to hold a square yard of mud-covered ground. He affectionately called in our army the 'doughboy.'"

Concluding, MacArthur said, "He passes on in anonymity except for those of us who know, we revere and bless the name of 'doughboy.'"

ROYAL REVIEW—King George, on visit to Naval establishments at Portsmouth, England, inspects Royal Marines lined up in front of the historic British ship H. M. S. Victory, serving in current conflict as barracks for personnel and training ship for recruits.

GASOLINE RATION BOARD

Gasoline and tire rationing according to federal edict is to begin immediately following registration for that event, which is to start November 9 and to continue through Nov. 12.

Registration will be through the public school organization, it is supposed, although Supt. R. N. Cluck said he had not received any word regarding the matter.

Mayor G. P. Mitcham said he had been asked by County Judge W. S. Adairson to recommend local citizens to dispense gasoline and tire rationing for Cisco, these to act with others from points over the county to form the county rationing board.

The mayor nominated L. A. Warren and George Fee for gasoline rationing, and C. M. Nevill to act with O. J. Russell to form the tire rationing group from Cisco.

It is presumed these men will be appointed by the county judge.

HITLER, MUSSOLINI AND HIROHITO GANGSTERS FEEL THE HAND OF ALLIED PEOPLES EVERYWHERE

BRITISH HEADQUARTERS, Egyptian Desert, Oct. 24.—Britain's Eighth Army, powerfully reinforced with American air and tank units, launched an offensive before dawn Saturday along the Alamein desert line.

Attacking under an umbrella of British, American and other Allied aircraft which had been smashing at Marshal Erwin Rommel's desert bases and sea communications for 10 days, the veteran British African army with its American tank units drove forward under cover of darkness and a bitter battle was launched.

Initial reports rushed back to this battle headquarters of the desert army did not indicate the full scope of the attack.

However, with the powerful reinforcements known to be available it seems certain that a major effort to smash Rommel's power in the eastern desert was under way.

The U. S. Army Air Force which has been flying wing-to-wing with the Royal Air Force for weeks was presumed to be in the thick of the fighting.

American desert tank crews—their extent still unrevealed—were working in similar close proximity to British formations.

The Eighth Army, it had been disclosed, had received strong reinforcements, including quantities of American-made tanks, planes and materials, and the Royal Air Force held an air superiority it had never enjoyed outside of England.

It also was apparent that the Axis was seeking to reinforce Rommel's forces. For two weeks, they had been sending swarms of planes against Malta, the British Mediterranean fortress dominating the supply routes to Africa.

RAF RAID FURIOUS

LONDON, Oct. 24.—In a powerful attack timed to coincide with the opening of the British North African offensive, the Royal Air Force has subjected northern Italy to the heaviest bombardment of the war, it was made known today.

For the second successive night the heaviest bomb-carrying planes of the RAF roared over the 1500 miles to northern Italy and back, dropping a huge load of high explosives and incendiary bombs on picked targets.

The attack was directed particularly at Genoa, the great northern supply port through which the Axis ships both men and munitions to supply Marshal Erwin Rommel's Afrika Korps, and at the industrial plants of Turin and Savona.

Never before had such large flights of bombers dropped such heavy bomb loads on the Italian targets. Three British bombers were missing.

The bomber command announcement disclosed that Britain's heaviest bombers—Wellingtons, Stirlings, Halifaxes and Lancasters—participated in the two nights' raiding.

An air officer who witnessed the RAF's devastating attacks on Rostock and the Renault Works at Paris, said the Genoa attack was "the most concentrated yet."

As the bombers streaked across Europe on their 1500-mile round-trip flight, air raid sirens shrieked along their trail. The alarm sounded for 70 minutes in Berne, Switzerland. Geneva had two alarms.

THE GERMANS THREW 6,000 men and many heavy tanks yesterday into continuous attack against a factory fortress in northwestern Stalingrad, where they hoped to reach the Volga. Their efforts

TIMOSHENKO ADVANCES.

MOSCOW, Oct. 24.—Battle front dispatches said today that Marshal

TO WORK FOR TOTALLY DRY CHURCH AREA

DALLAS, Oct. 24.—A net gain for the year of 2,500 new members was announced Friday at the annual North Texas Methodist conference.

Dallas was chosen as the 1943 meeting place, and new appointments were announced at the closing sessions.

North Texas churches agreed to help raise \$6,000 of a fund to build a church at Texas A. & M. college.

A report of the Board of Temperance was said in part:

"We respectfully ask that we as a conference carry on a system of education, that the teachers in our Sunday schools be required to teach the quarterly temperance lesson, that pastors give an aggressive leadership looking to any further educational program necessary to make our conference totally dry."

EDGAR BUTTS IS BETTER AFTER ILLNESS SIEGE

Miss Mary Jane Butts has received news from her sister-in-law, Mrs. Edgar Butts, that Mr. Butts is better following an attack of double pneumonia, but not yet out of danger.

SCHOOLGIRL KILLER DIED GAS CHAMBER

CANYON CITY, Colo., Oct. 24.—A man who said a powerful sadistic urge had cursed him since childhood was executed Friday night for the murder of a schoolgirl who was fiendishly tortured, assaulted and shot.

Donald H. Fearn, 26, Pueblo railroad worker, walked leisurely to his death in the state prison gas chamber for the April 22 slaying of pretty Alice Porter, 16, Pueblo Catholic high school student.

STATE BROTHERHOOD MEETS NOVEMBER 9-10

FORT WORTH, Oct. 24.—H. W. Sumners, U. S. representative from Dallas, will address the Baptist Brotherhood Convention in session here at the Methodist church, November 9-10.

Organizing the Baptist members of the state under the slogan "Faith is The Victory," the

CITY UTILITIES INCREASE IS MADE CLEARER

A slight error occurred in the water raise article in Friday's issue of the Daily Press in that the 25 cent raise in sewer rate was not mentioned and in the statement that the present total water, sewer and garbage rate is now \$2.25. The present rate is \$2.00.

This still leaves the total charge of \$3.00, and if paid by the 15th of the month will be \$2.70, which is an increase of 45 cents for water and 25 cents for sewer service.

The official notice on another page of the paper was altogether clear, but the news article was probably confusing.

AIRPORT

By CHARLES D. ROBERTS
Clearance Officer

M. M. Palmer of Coleman made a short stop here, flying a Cavalier ship, on his way to Stamford.

R. C. McGarr, flying a Porterfield plane, was in for a short stop from Abilene and cleared for Coleman.

M. P. Northcutt, flying an Aeronca, was in from Stephenville and returned on his XC training.

Edward J. Kaminski, class 43-A, Perrin Field, Sherman, flying a BT trainer, was lost and made a landing here and reported to his home base by telephone. They, in turn, held him here overnight. Mr. and Mrs. Sterling Drumwright took charge of him on his short stay. He will always remember Cisco.

O. E. McNees of Minden, La., is the new instructor, taking Joe Coulter's place. McNees is a married man and will move to Cisco at an early date.

An article appearing in the Cisco Daily Press of October 22 under the heading, "Chamber of Commerce Pledges Aid to Cisco Junior College," was read and commented on by the local air students. All the boys said they were glad they are stationed here and are well pleased with their flying.

The BT army trainers have been coming in all week. The airport is a busy place.

The ferry command boys, with five army Cubs, made an overnight stop here. They are moving a field from Spencer, Ia., to Hamilton, Texas. These Cubs are used for advanced training on power ships for pre-gliders. The present class at Cisco airport will go to that sort of school on completing this course.

Lieut. L. J. Weber was with 10 ships that stopped over here about a month ago. He liked Cisco so well that they flew 100 miles out of their way to be with us again.

This class of 10 army students are getting the complete uniform. Uniforms are due any day and this will be the first class to receive them.

CATTLE MARKET

Only a few sales were made in the cattle yards of the Fort Worth livestock market Saturday and these carried prices about in line with those prevailing Friday.

Some cattle were held over for Monday's trading.

Hogs were strong, with the top \$14.45, paid by shippers.

DEATH OF CHILD

Cleveland Burr Starr, 3-year-old son of Mr. and Mrs. E. W. Starr of Carlsbad, N. M., was buried at Scranton Saturday morning. Rev. Mark Agnew officiated and the burial was conducted by Lane funeral home. The child is said to have choked to death at its home in New Mexico.

A LOT OF WOMEN WHO USED TO RAISE FLOWERS ARE NOW MORE INTERESTED IN WAR PLANTS.

EARTH'S GREATEST NAVY NOW BEING CREATED

WASHINGTON, Oct. 24.—The United States naval services—some 1,300,000 strong—steadily are strengthening the nation's coastal defenses at home even as they increase their striking power on the high seas.

And a "very steady and very satisfactory rate of enlistment" is providing the men to do the dual job, says Navy Secretary Knox.

The secretary disclosed at a press conference Friday that the strength of the navy proper is nearly 1,000,000, and that there are approximately 200,000 in the Marine corps and about 110,000 in the regular coast guard.

E. E. KEAN, 85, FELL SATURDAY AND BROKE HIP

E. E. Kean, one of Cisco's best known citizens, fell while taking a bath Wednesday and suffered a broken rib. He was getting along well and suffering little pain when, at about 5 o'clock Saturday morning, he fell while going to the bath room, breaking his right hip joint. Mrs. Kean says he has always been quick in his movements and was up before she could reach him. He was carried to Graham hospital, where he is being treated.

Mr. Kean will be 85 years of age November 20.

TOUGH KANGAROOS SMOTE CISCO, 27 TO 0

The power of the Weatherford Kangaroos was too much for the Cisco Lobes Friday night, at Weatherford, and the locals went down in defeat—27 to 0.

Weatherford's fast, hard-charging line kept the Ciscoans on their heels throughout the game. The affair was very rough and was marred by too many fumbles and penalties. Outstanding for the Lobes were Mosley, Tompkins, Davis and Shirley.

Starting lineup: Ends, Johnston and Posey; tackle, McPherson and Penn; guards, Philpott and Davis; center, Hayes; backs, Mosley, Tompkins, Tipton and Shirley. Substitutes, Litchfield and Ramsower.

MOVIE INDUSTRY SEEMS TO BE STIRRED UP

HOLLYWOOD, Oct. 24.—Spokesmen for the movie industry today appealed to the public to withhold judgment until a jury has a chance to review two separate statutory rape charges brought against actor Erroll Flynn by 17-year-old girls.

Fearful of a scandal which might have an adverse effect upon the industry as a whole, they suggested that the Norwegian-born Warner Brothers star might have been the victim of a frame-up and that a trial could bring him complete exoneration.

THE NAZIS ARE HAVING BETTER LUCK IN THE LITTLE CONQUERED COUNTRIES, WHERE THEY CAN SHOOT THEIR ENEMIES WITHOUT BEING SHOT AT.

The Nazis are having better luck in the little conquered countries, where they can shoot their enemies without being shot at.

The Cisco Daily Press

Consolidated with Cisco Daily Press and Cisco American and Round-Up, November, 1937.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. B. O'FLAHERTY, Publisher and General Manager. W. H. LARQUE, Advertising Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas. Editorial and publication offices at 304-306 D Avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

Subscription rates: \$2 per year by mail (outside of Cisco) in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas, outside the above-mentioned counties, \$2.50; \$4.75 in U. S. outside of Texas.

Per year, in advance: \$5.00. Per week, by carrier boy: \$1.00.

UNDAUNTED MALTA

One place that Hitler wishes did not exist is Malta. That undaunted British island in the middle of the Mediterranean has just brought down its 1,000th Nazi plane in three years.

HARDSHIP IN GERMANY

Correspondent Leland Stone of the Chicago Daily News, writing from Moscow, recently quoted illuminating passages from letters found in the pockets of dead German soldiers, from their families at home.

TOO MUCH JUNK

All that junk turned in wasn't necessarily patriotic. A lot of it might be strategic, from the viewpoint of a housewife or house-husband.

THRIFTY DRIVING

"Sweet are the uses of adversity." When gasoline and road speed are cut down, to the annoyance of millions of motorists, it is soon discovered that the drivers get more miles per gallon and more tire conservation and traffic accidents are reduced 20 to 25

per cent. These factors together make a big saving in money and life, and in the road equipment that will have to serve much longer than usual.

While musing on these things, people may find a strange notion creeping into their heads. When motorists come to realize the substantial benefits they derive from conforming to thrifty driving rules during a time of stress, they may feel like continuing the same rational driving methods when the war is over.

NIMROD

Everybody is enjoying this sunny weather after so much rain.

REICH

Born to Mr. and Mrs. F. L. Rains Friday, Oct. 16, a girl, weight 9 1/4 pounds.

MRS. CLUCK AT HOME

Mrs. R. N. Cluck returned to her home here Friday afternoon, feeling fine after being a patient in Methodist hospital, Fort Worth, for some weeks.

UNFIT FOR BABIES?

FT. WORTH, Oct. 24.—A proposal that high standard milk ordinances be lowered here to allow sale of ungraded pasteurized milk to army and civilians today drew criticism from City Health Director H. M. Williams, who said he wanted to "keep ungraded milk away from babies."

CHARLIE A. JONES

I am a candidate in the special election to be held Nov. 3 for the unexpired term in the 24th senatorial district, said vacancy occurring by virtue of Hon. John Lee Smith becoming lieutenant-governor.

CHURCHES

Church Lutheran
Sunday school and Bible class, 10 a.m. Morning worship, 11 a.m.

Presbyterian
9:45 a.m., Sunday school; Kent Word, superintendent; 11 a. m., sermon by the pastor; subject, "And Yet There Is Room."

First Baptist
The pastor's subject for the Sunday morning 11 o'clock preaching service will be "An Unshamed Workman."

First Methodist
Sunday school at 9:45 for all ages. Morning worship at 10:50 with a sermon by the pastor.

PAT BULLOCK

Hon. Pat Bullock of Snyder is a candidate for the senatorial seat vacated by Hon. John Lee Smith, lieutenant-governor-elect.

MRS. W. D. HAZEL WAS HOSTESS TO CIRCLE

Circle one of First Baptist missionary society met Tuesday afternoon with Mrs. W. D. Hazel. After the meeting had been opened with prayer, the hostess conducted a short business session. Mention was made of the linen show to be held at the church next Tuesday afternoon, and members were asked to bring articles for the box to be sent to Hendrix Memorial hospital.

An interesting lesson from Ephesians and Galatians was brought by the teacher, Mrs. Asa Skiles, after which the meeting was closed with prayer.

Those present were Mrs. Leon Mauer, Mrs. Asa Skiles, Mrs. C. N. Clifton, Mrs. J. E. Barnam, Mrs. W. H. LaRoque, Mrs. T. E. House, Mrs. L. A. Harrison, Mrs. G. B. Langston and Mrs. Hazel.

ALL-DAY MEET HELD BY GROT TUESDAY

All-day meeting was held Tuesday by First Christian church council group four in the home of Mrs. H. W. Schmidt. A covered-dish luncheon was served at noon. Seating for the orphan home was the main objective of the session. The regular meeting was held during the afternoon with Mrs. J. F. Benedict, chairman, presiding. Mrs. G. W. Troxell brought a splendid devotional, after which plans were perfected for serving a luncheon to a local club.

Those present were Mrs. F. E. Shockley, Mrs. G. W. Troxell, Mrs. J. F. Benedict, Mrs. W. R. Winston, Mrs. Troy Powell, Mrs. Burl Williams and Mrs. Schmidt.

CIRCLE THREE MET WITH MISS WORD

Presbyterian auxiliary circle three met in the home of Miss Willie Word, chairman, Tuesday afternoon. Mrs. Homer Slicker, auxiliary president, opened the meeting with prayer.

A short business session was held. Mrs. W. W. Wallace brought an interesting devotional. Three chapters of the mission book, "While It Is Day," were reviewed by Mrs. A. E. Jamison, Mrs. W. F. Watson and Mrs. Wallace.

Refreshments were passed to Mrs. Frank Bond, Mrs. Willie Bogan Dunn, Mrs. John Garrett, Mrs. H. C. Henderson, Mrs. A. E. Jamison, Mrs. J. G. Rupe, Mrs. Spearman, Mrs. W. R. Simmons, Mrs. Homer Slicker, Mrs. W. W. Wallace, Mrs. W. F. Watson and Miss Word.

MRS. O. G. LAWSON HOSTESS TUESDAY

Mrs. O. G. Lawson was hostess to circle two, First Baptist missionary society, Tuesday afternoon. Mrs. O. J. Russell, chairman, opened the meeting and presided during the brief business period. Members were requested to collect articles for Hendrix Memorial hospital.

The devotional, brought by Rev. George D. Griffin, uncle of the hostess was much enjoyed. The Bible lesson, from the Book of Acts was brought by the teacher, Mrs. O. G. Lawson. The meeting was closed with prayer.

Those present were Mrs. A. D. Estes, Mrs. Algie Skiles, Mrs. W. F. Walker, Mrs. F. D. Wright, Mrs. O. G. Russell and the hostess, Mrs. Lawson.

XNTH CENTURY CLUB HAS FINE PROGRAM

The Twentieth Century club met in the library club room Friday, with Mrs. Edward Lee presiding and Mrs. F. D. Wright as afternoon hostess.

The meeting was opened by group singing of "America," after which Mrs. Alex Spears led in pledging allegiance to the flag. The topic of the year's study is "America At War," and Mrs. C. Jones brought an interesting

paper on "United States Public Health and Service." Mrs. Alex Spears directed an interesting quiz on current affairs.

During the business period it was decided to meet only once a month for the duration.

The club decided to receive yearly subscriptions to the Cisco library at \$1 per year, beginning November 1. Mrs. Roy Wilson, librarian, will receive subscriptions.

The meeting was then adjourned to meet in regular session December 4.

Members responding to roll call were Mrs. J. T. Anderson, Mrs. E. P. Crawford, Mrs. T. J. Dean, Mrs. C. H. Fee, Mrs. Charles C. Jones, Mrs. Edward Lee, Mrs. S. E. Hittson, Mrs. Philip Pettit, Mrs. John Shortzer, Mrs. Alex Spears, Mrs. J. E. Spencer and Mrs. F. D. Wright.

DEMONSTRATION CLUB MET WITH MRS. BABER

Lake Cisco Home Demonstration club met Wednesday, October 21, in the home of Mrs. W. A. Baber. Mrs. D. Ball called the meeting to order in the absence of Mrs. Russell Brown, president. Mrs. Gladys Martin, county home demonstration agent, gave demonstrations of hominy and peanut butter. Floyd Lynch, county agent, gave a very interesting lesson on "Spraying Fruit Trees."

During the business period new officers were elected, as follows: President, Mrs. Joe Sykora; vice president, Mrs. Dorothy Prange; secretary, Mrs. Elbert Ezzell; council delegate, Mrs. Tom Page; reporter, Mrs. Rube Williams. Visitors were Mrs. W. L. Baum,

Mrs. Ray Juma and Floyd Lynch. Refreshments were passed to the visitors and the following members: Mrs. Joe Sykora, Mrs. Dorothy Prange, Mrs. Elbert Ezzell, Mrs. A. B. Cloud, Miss Gladys Martin, Mrs. D. Ball, Mrs. John Swandic, Mrs. Rube Williams and Mrs. Baber.

Next meeting will be held in the home of Mrs. D. Ball, November 18.

CISCO YOUNG MAN WEDS IN MIAMI, FLA.

Mr. and Mrs. Tom Page announce the marriage of their son, Sgt. Hal B. Page of Miami, Fla., to Miss Virginia Kingery of Dover, Del., which took place in the home of Mrs. Scott Davis in Miami on September 11.

The bride is a graduate of the high school of Dover, Delaware. Hal Page attended the Cisco high school before he volunteered for service on December 23, 1940. He later completed his high school work at Lowery Field, Denver, Col. He is now 20 years of age and received his sergeant rating in February.

The young couple will make their home at Miami, where he is a bombardier with the U. S. forces.

CERTIFICATE AWARDS RECEIVED BY CLASS

Announcement is made that the first standard nutrition class has just received certificates of satisfactory completion of the course under the inspection of Mrs. J.

Walton Culwell, assisted by Mrs. Jimmie Allen.

Those receiving certificates were Mrs. Ernest Schaefer, Mrs. Willie Mae Carwell, Mrs. Elizabeth Ball, Mrs. Grace Farnsworth, Mrs. Fowell, Mrs. Edward Lee, Mrs. Sam Kimmell, Mrs. Geo. Atkins, Mrs. Laurene V. Cox, Mrs. L. A. Harrison, Mrs. W. W. Wallace, Miss Dorothy Jackson and Miss Doyle.

evaluated them, nothing but heavy losses.

JAP ATTACK FAILS

WASHINGTON, Oct. 24—American forces on Guadalcanal today were on the alert for further Japanese "feeler" attacks which might be mere feints to screen start of a large-scale offensive.

They repulsed a second attack by a small enemy force against the western flank of their defense lines on Oct. 21 (island time) but the navy gave no further details.

Naval sources here believed the latest attack, like the first, was designed to test the strength of defense positions.

The enemy is believed maneuvering into position to choke off

one of the sea supply routes to the unattacked American soldiers and marines on the northern side of Guadalcanal, key island of the last-occupied American positions in the southwest Pacific area.

That belief arose from three new developments:

First, Gen. Douglas MacArthur's Australian headquarters revealed that army flying fortresses sank a cruiser, a destroyer and two other ships and "badly damaged" six others at Rabaul, some 640 miles to the northwest. The devastating raid possibly shattered an enemy invasion armada assembling to join the Solomon battle.

Second, the navy disclosed that the Japanese have occupied Russell Island, about 30 miles northwest of Guadalcanal.

Third, development was the shelling of the U. S. base on Espiritu Santo Island in the New Hebrides—the second attack in a week—by an enemy ship believed to be a submarine.

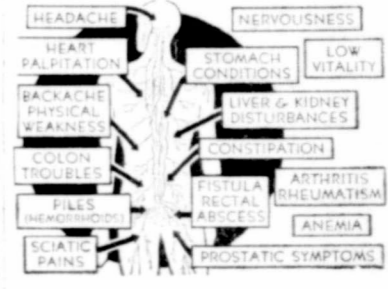

The enemy's presence on Russell Island was revealed for the first time when the navy announced that American dive bombers raided enemy positions on Oct. 21 (island time).

Since the enemy already controls the northwest tip of Guadalcanal, nearest point to Russell, it appeared that the Japanese may be seeking to block the 30-mile gap of water between the two.

The Japanese carried out at least two more bombing attacks on Henderson Field, the important air base on Guadalcanal. The raids cost the Japanese 12 more planes. Two American fighters were shot down.

"Penny equates things." But it doesn't make what the farmer gets equal what the customer has to pay.

FRANK S. ROBERTS.

and there has served as president of the Breckenridge chamber of commerce, commander of the American Legion post and president of the Breckenridge Rotary club.

In an interview at Breckenridge he said he felt he could serve effectively in the senate during the war and in the after-war reconstruction for business and the returning soldier, in which he emphasized he feels the preservation of state's rights will be of vital importance.

PROHIBITION UNLIKELY.

LONDON, Oct. 24—Little encouragement for the "bone driers" who are attempting to bring back prohibition in the United States

"WE'LL BE SEEING YOU, ADOLF"

... says Kay Trowell, an inspector in a Canadian aircraft instrument factory whose all-seeing eye is shown in the above picture peering through the magnifying glass she uses to detect flaws in the finished products of her plant.

Prior to the war, the Dominion instrument production was insignificant. Today, having created a giant war industry which is turning out large quantities of aircraft, ships, tanks, guns, and other weapons, Canada may well look with pride also to the expanding instrument industry she has developed to implement her war program. In scores of plants, from coast to coast, thousands of skilled hands are now assembling countless types of instruments for planes, naval vessels, land ships, and artillery. From shops, both large and small, flows a steady stream of devices: radiolocators, submarine detection equipment, wireless equipment, 39 types of sighting and optical instruments, 14 types of special military and naval instruments, 2 types of binoculars, thousands of precision instruments for war industries, and several types of aircraft instruments such as the airspeed indicator shown in the upper left photograph.

One of the most significant developments in Canada's wartime instrument industry has been the creation of a huge Government-owned and operated project administered by Research Enterprises Limited. Said to be the most modern plant of its kind in the world, this factory produces optical glass of the very highest quality, an industry completely foreign to Canada before the war. In addition, it manufactures a wide range of optical and electrical fire control instruments and electrical devices for the three services. The firm employs 3,599 men and women, many of them highly skilled technicians. Orders, filled or on hand, total over \$100,000,000.

Women workers play a role of paramount importance in the Dominion's war instrument program. Their dext fingers are suited for the intricate precision work required in instrument making. Pretty Alma Loggie is one of the thousands of girls engaged in this industry. In the lower right picture she is shown inspecting a machine on which she fashions parts for aircraft instruments, her eyes well protected against flying particles.

THE LAST MAGIC CHEF MADE-- TAKE GOOD CARE OF YOURS

In December, 1941, the American Stove Company, manufacturers of **MAGIC CHEF**, Announced their wholehearted cooperation with the government to help win the war. They meant it.

On account of the demand for metal to aid in this war preparation, and the need for industry to participate in war munitions manufacturing, the company made its last **MAGIC CHEF** in July of this year.

The great plant had been remodeled for war munitions manufacturing — the making of airplane flares, after more than a year of preparation for the work, and through an expenditure of many thousands of dollars.

GIVE YOUR RANGE THE BEST OF CARE-- DO NOT USE THE OVEN FOR HEATING

It behooves all housewives to give their ranges the best of care. No telling when you can buy another. Your range is the result of a cooking development gradually going on through the centuries. It is a long step in advance of the open fire or crude flat rock cooking of the savages.

Your fine range was never intended as a heating element. It was not built to radiate heat as a warming device. Conserve its fine efficiency as a cooking appliance by giving it the best of care.

WE WILL BE GLAD TO COOPERATE WITH YOU IN ANY WAY TO PROLONG THE LIFE OF YOUR RANGE. DON'T FAIL TO CALL US IF WE CAN HELP YOU.

CISCO GAS CORPORATION

Important! SCHEDULE CHANGE

Effective Sunday, October 25th

No. 6 Will leave Cisco 4:08 A. M., instead of 4:25 A. M.
