## TERRIFIC FIGHT FOR SOLOMONS IS RAGING

### 25 SHIPS BE HERE TONIGHT

Lieut. Col. Root, commanding flight officer of the James J. Roddewell Field at an Angelo, announced that about 25 cross-country flight planes will come into the Cisco Airport tonight. After dark, and make landings and take-off by flare light. The local port is electrically lighted. Clearance Officer Roberts says this will be very interesting and makes the suggestion that as many Cisco pilots as possible drive out this evening and witness this unusual scene in Cisco.

### ALIA SURLS BURIED IN OAKWOOD MONDAY

Miss Dahlia Surlis died early Monday morning at the home of her parents, Mr. and Mrs. C. S. Surlis, in Waco, after an illness of several months. The family formerly resided in Waco and moved to Cisco some years ago. Before her illness the young woman had been an employee of the U. S. army engineering corps—first at Galveston then at Waco. She was born at Putnam, June 19, 1910, and was a graduate of Midland College and Cisco high school.

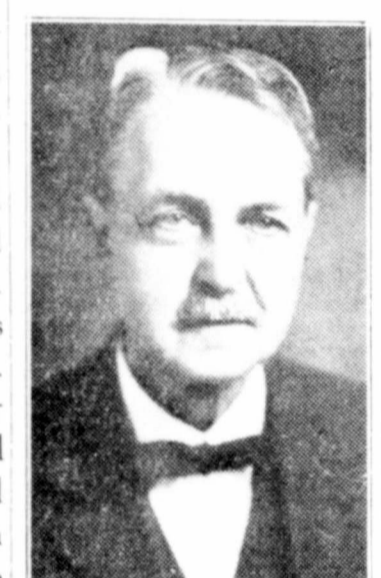

### 8-YEAR-OLD COW BROUGHT \$700 AT SHOW

FT. WORTH, Oct. 27.—An average of \$215.49 was paid for 43 Milking Shorthorn Monday at sale in the Southwest Exposition and Fat Stock show pavilion here. The sale was sponsored by the Milking Shorthorn association of Texas, of which Seth Barwise of Fort Worth is president; W. F. Eckhardt of Waltham, secretary, and P. L. Hamilton of Smithfield, treasurer. The top animal of the sale was Griffman Pansy 2nd, an 8-year-old cow consigned to Miles Milhoun & Sons, Wildorado. She sold for \$700 to R. E. Marburger of Odem. Contending bidder on this choice animal was W. B. Joiner of Arlington. Clyde L. Haggard of Plano paid \$370 for Sunbea Rocket. This bull was two years old last August. Attending the sale were Carl Tyner of Tipton, Ind., president of the Milking Shorthorn society, and W. J. Hardy, Chicago, secretary.

### E. E. KEAN, A USEFUL CITIZEN, IS LAID TO REST

E. E. Kean, Cisco citizen for 33 years, died at his home here Sunday following a fall in which his hip was broken. Earlier in the week Mr. Kean also suffered a broken rib, sustained when he fell while taking a bath. Born at Louisiana, Va. Nov. 20, 1857, he would have been 85 years old next month.

He came to Cisco early in 1889 and entered the dry goods business, which he engaged in for a number of years. Well educated, energetic and affable at all times.

E. E. KEAN

he made a success of his business ventures through the years and was regarded by all who knew him as a capable man and good citizen.

He was a member of the Christian church and was always active in Masonic work, having become a master Mason November 16, 1902, and later worshipful master. He took the chapter degrees in February, 1903, and was high priest of the chapter in 1908-09. Mr. Kean was a charter member of Cisco Commandery No. 47 and served as commander in 1916-17.

Survivors include the widow and two sons by a former marriage—Otho Kean of Cisco and Everett Kean of Amory, Miss. The funeral was held at 3 o'clock this afternoon at First Christian church. Rev. J. S. Stockard of Menard, assisted by Rev. J. R. Wright of Cisco, conducted the funeral rites, the remains being prepared by Lane funeral home. Pallbearers were Alex Spears, George Boyd, Homer Bible, Roy Wilson, C. B. Powell and H. S. Drumwright. Masons were in charge of the ceremonies at the graveside, accompanied by an escort of Knights Templar.

### HERNDONS ARE AMONG BEST CITIZENS HERE

Mr. and Mrs. S. R. Herndon celebrated their golden wedding anniversary very quietly Sunday at their home at 601 W. Eighteenth street, Cisco. It was also Mr. Herndon's birthday, and incidentally the birthday of their daughter, Miss Mabel Herndon, who is teaching school near St. Louis, Mo.

Both Mr. and Mrs. Herndon are natives of Missouri and came to Texas and Cisco in 1920, at the time their son, Rodney, was a teacher in Cisco high school.

Mr. Herndon found plenty of work in his line of carpentering and soon built his private wood shop at his home, where he has ample tools and machinery to do the fine woodwork his skill has brought him.

When contacted today, he said he had not been idle in eight months.

The Herndons are very domestic in their tastes. They grow flowers, garden and chickens. They have a few fruit trees and some fine berries.

They have three children, Miss Mabel and Rodney, teaching near St. Louis, and Forest Herndon at Kilgore, where he is employed by the Humble company. They have five grandchildren.

### NAZIS SEEM TO HAVE HIT RUSSIAN SNAG

MOSCOW, Oct. 27.—The Germans lost a foothold in the southern industrial section of Stalingrad and fell back to the barren steppes outside the city Tuesday under Red army counter-attacks, while Nazi assaults were reported to have been futilely upon restored defense of a north side factory.

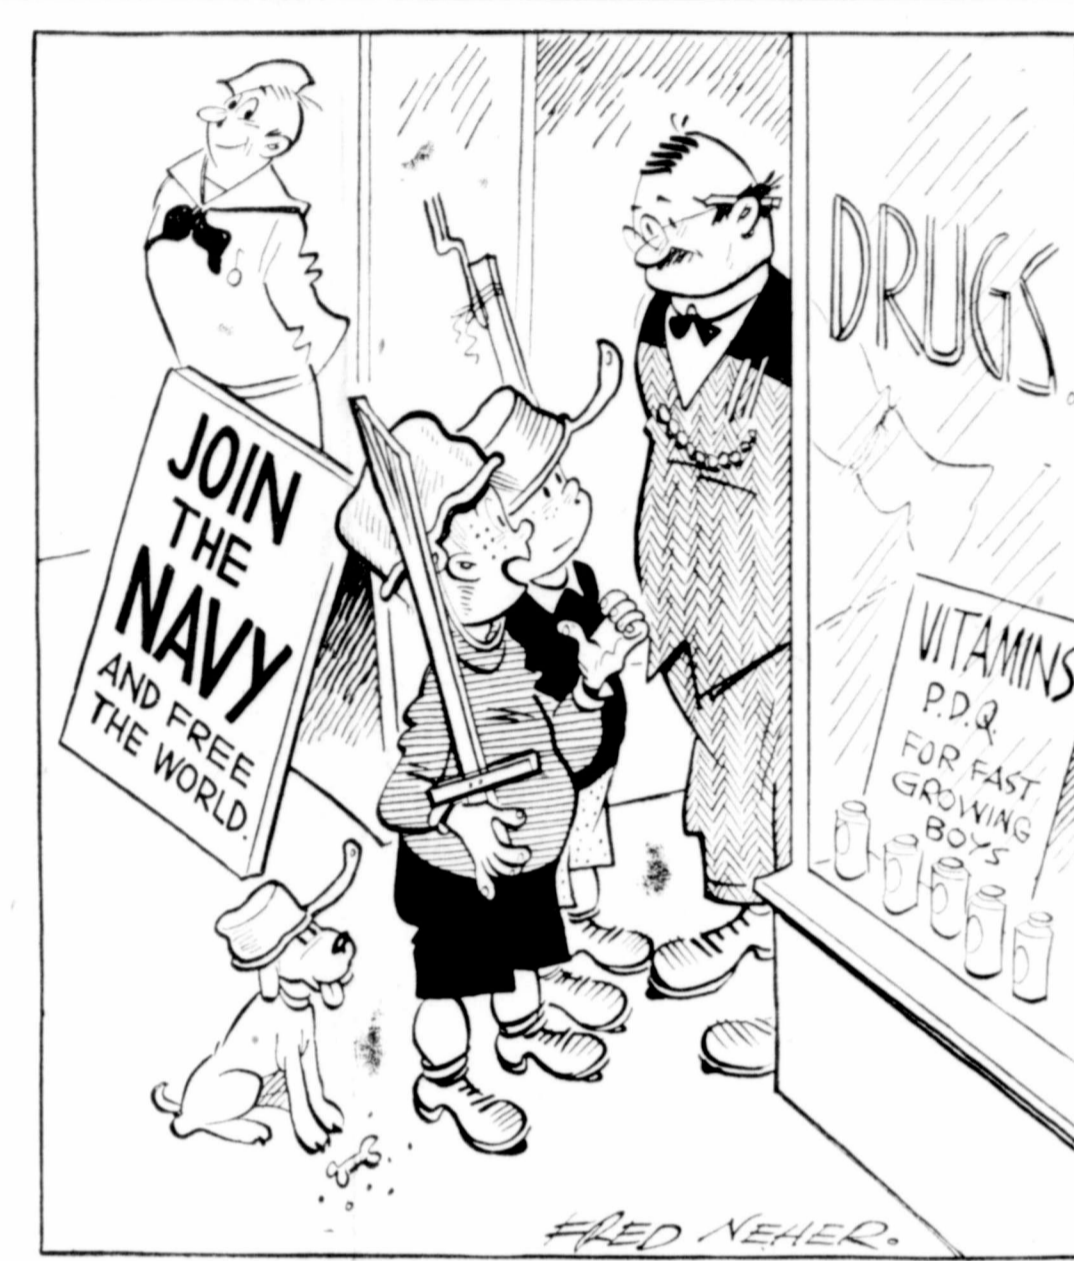

### WORLD'S BEST TRAVELERS RETURN TO RAILS

NEW YORK, Oct. 27.—Americans, the world's best travelers, have rediscovered the railroad as a means of gratifying the urge to go somewhere and transportation executives are wondering how much longer the carriers can cope with the rising travel curve. Trains are carrying full loads—and more than full loads—and the terminals are jammed with ticket buyers willing to take standing room just so they can ride. Up to now the railroads have been supplying transportation for all who have asked for it, but as railroad and government authorities have repeatedly warned, there is danger that some time in the future something may have to be done to curb non-essential travel.

### U. S. - A. P. SUIT

NEW YORK, Oct. 27.—The Associated Press, charged with monopoly by the United States government, Tuesday answered the antitrust suit against it with a denial of the charges and said that it deprived of its right to choose its members, the assurance of an impartial and unbiased news report would no longer exist.

The government rations meat, but says we can buy all the sausage we desire. Sounds like a dirty crack.

"CAN'T YOU SELL US A BUNCH OF VITAMINS THAT'LL MAKE US GROW UP FAST SO WE CAN JOIN THE NAVY?"

### MANY OF CISCO IN CORPUS FOR WAR DURATION

Mr. and Mrs. L. G. Ball arrived Sunday from Corpus Christi for a weeks visit with Cisco friends. Ball is an employee of the Corpus Christi naval base and says that city is one of the busiest places on the Texas map.

Along with the main naval base, there are four auxiliary fields and a fifth has been started. The former Ciscoan has been in Corpus since February and was formerly manager of the Western Supply company here for several years. He expects to return to Cisco after the war. Speaking of the number of Ciscoans temporarily located in the gulf city, Ball said: "I can't go to town for a few minutes without running into some one from Cisco. Many of them read the Cisco Daily Press and all say they expect to return to Cisco when the war ends."

Mr. and Mrs. L. G. Ball are members of the First Baptist church of this city and he is also a member of the local Masonic lodge. While attending a meeting of the Corpus Christi Masonic lodge recently, an officer of that lodge presented him with the key to the first Masonic lodge building in that city, with the suggestion that he deposit it in the Daily Press Key Kan, which has been done.

### ARMOUR CO. ARRANGE LOAN FOR \$50,000,000

CHICAGO, Oct. 27.—Armour & Co. of Illinois, meat packers, announced conclusion of negotiations for a \$50,000,000 revolving credit agreement with 20 banks, headed by the Continental Illinois Bank and Trust company of Chicago. The line of credit, believed to be the largest ever arranged by a meat packing company, will make available working capital to permit the purchase of greatly increased supplies of livestock this autumn, the company stated.

### MAJOR LEGISLATION UP AGAIN AFTER NOV. 3

WASHINGTON, Oct. 27.—Three major legislative proposals were placed on the "don't-open-until-after-election" shelf Tuesday as congress concentrated on political campaigns back home. The measures are:

1. To lower the draft age from 20 to 18.
2. To abolish state poll taxes in federal elections.
3. To mobilize the nation's manpower in an all-out war effort.

### COFFEE RATION WILL HIT AVERAGE MAN HARD

WASHINGTON, Oct. 27.—Office of Price Administration spokesmen offered little hope Tuesday that the announced coffee ration of one pound every five weeks for adults could be liberalized in the near future. The ration, effective after midnight of Nov. 28, was fixed only after careful consideration of the imports expected from future shipments, spokesmen said.

Little margin was left between supply and anticipated demand, these officials who declined to be quoted by name, said, since it has been ascertained that about 92 per cent of all American families are coffee users. This appeared to leave little leeway for any subsequent adjustments based on failure of demand to absorb available supplies.

### DOING THEIR PART

WASHINGTON, Oct. 27.—The folks on the federal payroll are showing the rest of the nation how to buy war bonds these days. Total collections from federal employees—with the exception of the war department and the post-office department field service for which no reports were available—amounted to \$16,217,874 during September, the treasury reported Tuesday.

### WILLKIE SAYS COLONIAL SYSTEMS MUST GO

NEW YORK, Oct. 27.—President Roosevelt's conduct of the war is under fire from Wendell L. Willkie, who asserts that our "superb fighting allies" are getting boasts and promises instead of help. Willkie's complaints were largely in behalf of Soviet Russia and China. He said American diplomats should be appointed "who are big enough in their own right to dare to tell our president the truth."

An enormous radio audience last night heard the 1940 Republican presidential nominee report to the people upon his 49-day flight around the world. Four national chain broadcasts, his speech over facilities rarely matched for other than presidential utterances.

Willkie reiterated his plan for a second front in Europe and for dispatch of forces to India for all-out attack on Burma to relieve, respectively, the embattled Russians and Chinese. Then he went considerably further than that. He argued that we are fighting not merely our enemies but for a new world era, a new freedom which will see the orderly abolition of the colonial system and for a new society, world-wide in scope. That new world, he said, would be free alike of the economic injustices of the West and of the political malpractices of the East. He said the people he visited were looking to partnership with us in realizing those aspirations.

"Our western world and our presumed supremacy are now on trial," he said. "Our boasting and our big talk leave Asia cold."

Willkie disassociated himself entirely from many official connections. He said the tour was his own idea; that Mr. Roosevelt had asked him to undertake certain unspecified tasks which he had agreed to do, but that he was a free agent; that he traveled in a government airplane without charge, but paid his own personal expenses and that if he writes any articles the proceeds will go to some war relief activity.

### LITTLE INFORMATION HAS YET REACHED THIS COUNTRY, BUT FAITH IN U. S. FORCES GREAT

A great American-Japanese naval engagement has been fought in the South Pacific, it appeared today, and on the outcome may determine not only the fate of the Solomons but of the island-stepping stones leading toward Australia and flanking the vital Australasia communications route.

The full picture of the big naval battle was not yet available.

A partial report was made in a U. S. naval communique last night which revealed that two Japanese aircraft carriers had been damaged—to an extent still unrevealed—and an American carrier had suffered heavy damage.

The U. S. destroyer Porter was lost.

A presumably exaggerated Japanese account of the battle was released by Japanese Imperial headquarters today.

This claimed that four Allied aircraft carriers were sunk in the battle as well as a battleship and another unidentified warship.

The Japanese asserted that a second battleship, three cruisers, and a destroyer were damaged.

It seemed apparent that the actual outcome of the engagement lay somewhere between the partial Washington report and that grandiose Tokyo claim.

There was no indication from Washington that anything like four Allied carriers had been concentrated in the Solomons—a force which would comprise the total officially announced carrier strength of the U. S. Navy.

However, at least one American carrier in addition to that reported heavily damaged by the Navy was known to be in action in the engagement, since the communique spoke of "carriers"—using the plural form.

The Tokyo communique, in effect, provided prompt confirmation of the Washington report of damage to two Japanese carriers, admitting the exact claim made by the American communique. However, Tokyo insisted that the fighting and steaming strength of the two warships had not been impaired seriously.

It seemed evident from both Washington and Tokyo that the battle was one of the greatest sea engagements yet fought in the Pacific, possibly eclipsing both the Midway and Coral Sea affairs.

Events of the next few days, it was believed, would disclose quickly which side suffered the severest beating in the conflict.

The fate of the American forces of Marines and Army troops ashore on Guadalcanal and other islands of the South Solomons, was involved immediately in the battle. The Japanese, having landed upwards of 11,000 men on Guadalcanal already are engaged in an all-out attack in an attempt to wrest control of vital Henderson airfield from American hands. If the American carrier force inflicted sufficient wounds on the Japanese fleet to drive it back to the North Solomons or its base at Truk in the Carolines, the forces on Guadalcanal can be supplied, provisioned and reinforced. If the American forces, however, suffered severely it may sharply curtail the reinforcements which can be rushed in by sea at the critical hour of the battle.

Accounts of the engagement—located by Tokio as north of the Santa Cruz Islands, only a short distance from Guadalcanal—indicated that it followed the Pacific naval pattern. It was primarily a fight between the planes of opposing carrier forces, each side striking by air at the enemy's carriers as the primary target. An indication of the possible losses on both sides was afforded by Tokyo's admission that 40 planes were lost. The Japanese, presumably with customary exaggeration, estimated Allied plane losses at upwards of 200. The battle was fought simultaneously with Washington's revelation of the loss of the Aircraft Carrier Wasp in an earlier stage of the costly Solomons campaign. The Wasp was the third U. S. carrier to be lost in the Pacific. The others were the Lexington and the Yorktown. It left the U. S. Navy with four carriers in announced operation.

PEOPLE TOGETHER

You don't hear so much about "individualism" in these days. People don't throw their shoulders back and brag about what they have done, or can do, all by themselves.

But there is another side to the coin. These individuals are now merging into groups. The change is most impressive in the armed armies they make, where a million men are trained to function as one.

The same process is seen also in private life. Men and women organize. They begin to function as business and social and patriotic groups. Far more than in normal times, the people are woven together. In groups they multiply their power and give it direction and effectiveness.

Walt Whitman had a word for this in his homely chants. He said: "I sing the word democracy, the word en-masse."

BRUTALITY LOSES

Our strength consists in our speed and our brutality, said Hitler when he started the great war. His Germans would win, he thought, because they had no inhibitions. His Nazi system had reared a generation of young barbarians as fierce as their ancient warriors who dashed against degenerate Rome and destroyed it.

And so it was. The new rough-neck generation of Hitler, it followed him, and with them were also the old generals—the military aristocrats of a long tradition. All of them were men to Hitler.

There is a new feeling in the air lately—a feeling of hope and confidence. Those valiant British and America could come. The rough-necks have been bled white at Stalingrad. At last fear—which may lead to terror—has entered the Reich that was going to kick the world around. Then the irresistible power of the American people will take care of the arrogant little men of Tokyo, the Huns of the Orient.

That war in the Pacific seems to be developing into a "war of attrition," which the Chinese interpret as meaning "home-by-us-Japs."

Chile's heart is in the right place, she merely got into bad company with her Argentine neighbors across the divide.

It takes chestnuts to fill a community chest.

Care For Your Weapons. Camp Bowie Blade: "Thy sword is thy life—aye more than that—thy weapon is the life of thy comrades. See to it that thy sword rusteth not."

With these words, John of Gamala cautioned his recruits to care for their equipment. John was a guerrilla leader of Biblical times and was a thorn in the side of Titus, the Roman general. In fact, so dangerous was John's band of guerrillas that Titus offered John wealth and station as the Emperor's adopted son—if John would just call off his warriors and make peace.

John's followers were Greeks, Arabs, Samaritans, Syrians and Jews. The band was formed to fight anything that was Roman.

The weapons carried by John's men were difficult to obtain. Each man knew better than to be captured alive, so they preferred to die fighting. Better, still, they preferred to fight and live to fight again. Obviously their equipment was all important to them.

The men who followed John of Gamala carried ram's horns which they sounded just as an attack began. So well-planned and swift often the mere sight of a ram's horn threw the Roman legion into hysterical terror.

The attorney general's department has placed the stamp of approval on the authority of the Cisco independent school district to issue \$50,000 school bonds to rebuild the West Ward school building. F. D. Wright, president of the school board, announced today. The bonds were voted in a special election last Saturday by a majority of over two to one.

The Cisco post office is in receipt of the new 5-cent airmail stamps, for use under the new postal rates reducing air mail postage to 5 cents per ounce.

INDIANAPOLIS, Aug. 9.—William S. Taylor, 76, elected Republican governor of Kentucky in 1899 and for several years sought in connection with the death of his Democratic opponent, William S. Goebel, after the Kentucky legislature declared Taylor's election fraudulent, despite the fact that the Kentucky election board (two Democrats and one Republican, had certified his election by 3,340 votes, died here Thursday. Governor Taylor, who was vice president of a local insurance company, fled to this city after Goebel was assassinated by a rifleman hidden in the Kentucky state capitol building. He had remained here since, various Indiana governors refusing to honor requisitions for his return to his native state. Taylor was later pardoned after Augustus E. Wilson, Republican had been elected governor of the bluegrass state.

All doubt of Cisco being visited by the Democratic vice presidential nominee, Senator Joe Robinson, were dispelled today when a message was received by Judge Eugene Lankford announcing that the senator would speak in Cisco on the night of Tuesday, September 4. This message came from H. W. Ferguson, of the Joint Stock Yards Bank of Dallas, manager of

the nominee's speaking tour through Texas.

The XXth Century club, sponsors for the Cisco public library, submitted the report of that institution for the month of July. The club has recently erected a neat frame building on the lots owned in the 209 block on W. Sixth street, in which will be the permanent home of the library until substantial quarters can be erected. Practically since the library was organized it has had no permanent home, but its sponsors have never lost sight of their objective, to create a public library for Cisco, and the library has continued to grow despite the fact it had to be housed in any place that was available. The library now has assumed permanent proportions, and the membership of

the club decided to erect a small building where its location would be a fixture, so the present quarters were provided to take care of the several hundred volumes that can be found on its shelves.

**HARVESTERS HELD MONTHLY MEETING.**

Members of the Harvesters class of First Baptist Sunday school and other members in service met in the home of Mrs. C. P. Cole Monday evening in a monthly business and social meeting.

During the business session, at which Mrs. H. N. Lyle presided, groups were divided and the following group captains appointed: Mrs. L. G. McPherson, Mrs. George Westfall, Mrs. W. D. Brecheen and Mrs. Wm. Isenhower. Mrs. Sargent was welcomed as a new member. The hostess brought an interesting devotional and a hymn, "Bringing In The Sheaves," was sung. Mrs. Opal Blackstock read a poem, "Giving and Keeping." A gift was presented to the teacher, Mrs. C. P. Cole, honoring her birthday.

Refreshments were passed to Mrs. L. G. McPherson, Mrs. W. D. Brecheen, Mrs. George Boyd, Mrs. W. C. Clements, Mrs. Opal Blackstock, Mrs. Sargent, Mrs. Wm. Isenhower, Mrs. H. N. Lyle, Mrs. T. Grady Laws, Mrs. A. E. McNeely, Mrs. G. Pollard, Mrs. George Westfall, Miss Bilye Cole and the hostess.

**"PRE-THANKSGIVING" DINNER GIVEN SUNDAY.**

Mrs. Laila Smart was hostess Sunday with a pre-thanksgiving dinner honoring her brother, J. W. Harris, who is leaving this week for Camp Wolters. The house was gay with decorations of the season and a sumptuous dinner, including turkey and the garnishes, was served.

Those present were J. W. Harris, W. G. Harris, Mr. and Mrs. T. S. Stanfield and son, Billy; Mr. and Mrs. Clarence Fox and son, H. Chad Fox and the hostess, Mrs. Laila Smart.

**CEREMONY SUNDAY UNITED YOUNG COUPLE.**

Roy Solomon and Miss Bonnie Sue Swindle were married Sunday.

day afternoon, October 25, at 4 o'clock in the residence of Rev. L. H. Clegg, who officiated in the simple but impressive ceremony.

The bride wore a becoming coral blue-crepe dress with gold and black accessories. She was attended by Miss Mary Elizabeth Slatten as maid of honor and Corp. Thomas D. Black of Camp Barkeley, served as best man.

Mrs. Soloman is the daughter of Mr. and Mrs. H. T. Swindle, 311 E. Nineteenth street, and a graduate of Cisco high school. Mr. Soloman, son of Mr. and Mrs. A. A. Soloman, is employed here by the Cisco Lumber and Supply company.

The couple will make their residence in Cisco.

Mrs. Hal B. Page, the former Miss Virginia Kingery of Dover, Del. Set Hal B. Page, son of Mr. and Mrs. Tom Page of Cisco, was married to Miss Kingery in Miami, Fla., on September 11. They are making their home in Miami, where Sergeant Page is stationed with the bombardier forces.

**HALLOWEEN PARTY IN SANDLER HOME.**

Melvin and Zella Lynn Sandler entertained a number of their friends Saturday night from 8 to 10:30 with a Halloween party in

the home of their parents, Mr. and Mrs. Charles S. Sandler, 404 W. Ninth street.

After guests arrived they were taken to the spook house for a thrill. Games of post office, knock in and knock out, chewing the string, truth or consequences and others were played by the group, after which they sang patriotic songs, accompanied by Melvin Sandler at the piano.

Refreshments of butterseotch pudding and cookies were served by Mrs. Sandler to the following: Bob Wilson, Jack King, Eddie Jackson, Pat Fee, Jimmy Farnsworth, Jimmy Exell, Jerry Westfall, Billy Swofford, Earl Lee Butler, Frank Stralen, Fred Craddock, Bobby Gardner, Ike Skiles, Jay Warren, Bobby Crofts, Ray Gene Rawleigh, Paul Harlan Woods, Carlton McAfee, Jimmy Helms, Stanley Williams, Jimmy Lassiter, Jacky Milner, Melvin Sandler, Miss Olga Fay Ford, Mrs. Bernice Hays, Sally Gallagher, Janet Hanrahan, Mary Philpott, Lovell Paul, Mary Harris, Betty Rowe Wilcox, Jo Ann Scott, Jean Gardner, Mary Nell Butler, Patsy Davis, Jo Ann Bearman, Barbara Grist, Patsy Allen, Catherine Reynolds, Margie Warren and Zella Lynn Sandler.

**ANNIVERSARY CLUB MET IN COLE HOME.**

The D. O. Anniversary club celebrated birthdays of three members on October 22 with a covered dish luncheon in the home of Mrs. C. P. Cole. Mrs. Mack Stephens, Mrs. W. D. Hazel and Mrs. C. P. Cole were honorees of the occasion.

The invocation was offered by Mrs. L. J. Leech, a guest. The meal was served buffet style from the large dining table, with guests seated at quartet tables while eating.

Following luncheon the members sang the birthday song to the honorees. The afternoon was spent in conversation, while the hands were busy with needlework of various kinds.

Enjoying the day together were Mrs. Mary Abbott, Mrs. W. D. Brecheen, Mrs. J. R. Burnett, Mrs. C. P. Cole, Mrs. W. D. Hazel, Mrs. L. J. Leech, Mrs. Leon McPherson, Mrs. Barton Philpott, Mrs. Mack Stephens, Mrs. F. E. Shepard, Mrs. W. F. Walker, Mrs. L. A. White and Miss Willie Frank Walker.

Both the 91st and 88th district was at ease Monday. Judge Davenport having returned last weekend from Fort Worth, will handle the business of both courts for the next two weeks. He has assigned Judge B. W. Patterson to preside over the 17th court, of Tarrant county.

The November term of 88th court will convene Monday, November 2. Anticipating the need of the services of a petty jury during the term, Judge Patterson named a jury commission and in-

**COMMUNITY CHEST MEETING**

Representatives of all the benevolent agencies of Cisco will meet at the chamber of commerce tomorrow morning at 9:30 o'clock to decide whether or not to establish the proposed community chest organization, and in case of a favorable decision, to perfect plans for a drive. The public generally, and business men particularly, are invited to be present for the decision, states Rev. Leslie Seymour, who is serving as temporary chairman.

**88th Court.**

S. H. Hitton vs. Weldon R. Lancaster, trespass to try title and damages.  
 J. R. Shang vs. Texas Employers' Inc association, personal injury. Appealed from the state industrial accident board.  
 Martha Jo Hall vs. Dolpha Newton Hall, divorce.

**91st Court Filings.**

Parifis Gutierrez vs. Orora Gutierrez, divorce.  
 Jacob Lyvela vs. Gaston Broek, trespass to try title and damages.

**ROAD TO VICTORY**—Girls of England's Land Army seem to be enjoying the prospect of a day in the fields as they ride to work from a farmhouse where they are quartered for duration of harvest activities. Girls on bikes are giving tractor the "go-by," but it'll get there too.

**HOWDY, OLD FRIENDS and NEIGHBORS!**

CECIL A. LOTIEF.

I am a candidate for state senator and respectfully solicit your support at the election November 3.

As a member of the oil, gas and mines committee while a member of the legislature, I worked hard to protect the legitimate interests of the independent oil men.

Lotief stands for:

1. Unity and cooperation.
2. For full support of the Armed Forces.
3. For 24-hour production in war plants.
4. No strike—no slow-downs. No one should be forced to pay for a job in a defense plant.
5. No war profiteering.
6. Economical security for aged people.
7. For Rural Electrification at fair rates. The farm people are entitled to cheap electricity.
8. For 60-day session instead of 175 days.
9. For reducing the cost of government at least 25 per cent.
10. For better schools and good teachers.

Texas does not need any additional taxes. What Texas needs is an economical-minded legislature. In 1933, when Coke Stevenson was speaker of the house and appointed me on five committees, we reduced the cost of government 25 per cent—13 million dollars, and I now pledge myself not to vote for any new additional taxes for any purpose.

I am well acquainted with every member of the senate. There are 12 present senators I served with while a member of the house. This is alone worth your consideration, Mr. and Mrs. Voter.

The people of Cisco and Eastland county know me personally and will take no chances in voting for me. I shall do my best and will not betray your confidence. Thanks.

**CECIL A. LOTIEF**

Roasting of the little victories may be smart. It makes Hitler laugh at us, and that makes people fighting mad.

**How To Relieve Bronchitis**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION for Coughs, Chest Colds, Bronchitis**

**NOW SHE SHOPS "CASH AND CARRY"**

Without Painful Backache  
 Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.  
 When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eye, headache and dizziness. Frequent or heavy passages with stinging and burning sometimes shows there is something wrong with your kidneys or bladder.  
 Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 13 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**MART AGNEW SELLS STATION**

Having sold my Service Station to W. W. Ross, I want to express my sincere thanks to all my patrons and friends for the patronage they have given me during the 4 years I have been in this business.

Hoping that you will accord this same patronage to my successor, I am most sincerely

**WHY GO... ELSEWHERE?**

To buy your monuments or grave stones . . . away from home . . . when you can get just as good workmanship, and just as cheap prices in Cisco as you can by patronizing some one who cares not a rap for your town.

We have spent our life and all the money we have ever earned right here in Cisco. The quality of our work speaks for itself. Look them over in our home burying ground and be convinced.

**West Texas Utilities Company**

You: And, pray tell, what is it we have that the Japanazis have nothing like—and is censored?  
**Reddy:** It WAS a road map of Uncle Sam's electric power. It DID show how high voltage transmission lines criss-cross the country—carrying power to busy war plants and to 27 million homes. It's censored as to location of cities and plants because we're glad to cooperate in concealing information that might aid the enemy.  
**You:** What else can you tell me about it?  
**Reddy:** This: It's the greatest electric system in the world. No other nation has anything like it. The famous British "grid system" could be dropped into one small section. It carries more power than all the Axis countries combined.  
**You:** And how did we obtain it?  
**Reddy:** This nation-wide transmission net work was put together in peacetime to serve you and all Americans. It was built with the savings of the people it serves... individual citizens, churches, colleges, savings banks, insurance companies, all of whom invested their savings in sound electric securities. It is operated under the American system of free enterprise by men and women trained and experienced in good business management. Their success depends on bringing the greatest service to the greatest number of homes at the lowest possible cost.  
**You:** H-u-u-m-m. Quite different from the Nazi system. Under the Japanazis, and their system of political management and state slavery, the individual, or his institutions, is nothing. Only bureaucrats and political favorites have anything to hope for.  
**Reddy:** Yes. And in the long run, that won't win wars! Here in West Texas... in this whole country... everybody has a personal stake in Victory—and in preserving the American way of living which has made us the strongest nation on earth!
