### GOV. PAXTON VISITED CISCO ROTARIANS

Cisco Rotarians were honored today by the presence of District Governor Charles Paxton of Sweetwater, who arrived Wednesday evening for an official visit with the district held at Hotel Laguna last night. Several visitors attended the luncheon today, including Rotarian Mrs. J. S. Keasler, guest of the day, and M. L. Keasler, guest of E. Hooks. Rotarians were Mrs. Ernest Hitton, Mrs. R. L. Ponsler, Mrs. J. W. Spangler and Mrs. E. P. Crawford.

Chas. E. Paxton

Gov. Paxton said that he had been visited by the district which was characterized by the fact that he had already visited 24 clubs, driving a distance of 5,000 miles, with 23 clubs yet to be visited. The talk with his experiences he had met in visiting these clubs and in making his training course for district governor at Toronto, Canada. Mentioning that one Gary L. Smith, who was a Lion at Sweetwater, had moved to Cisco and become a Rotarian, he said that he thought it fortunate that these clubs should have a more or less family quality over the district. Making further of the Lions Club in Sweetwater, he said that many more babies had been born to Rotarians than to Lion members in that city, they were longer hunting Rotarians with their old. In some of the experiences of his visits, there was humor, but most of them there was an earnest challenge to be more zealous at the job of serving the communities of the clubs. Governor Paxton told of meeting with Charley Williams, Lion governor of district 2-E, while he was hitchhiking to a station to get his shiny car and asked Paxton to ride. He gladly accepted the man then introduced him to the district governor of West Texas. "I am Charles Paxton, district governor of the Rotarians of West Texas," Paxton said. And he said Williams might be kidding. Paxton said there were more Rotary clubs in England today when war began, and a Rotary meeting was held in a city China soon after a fierce bombing had taken place, and a Rotary meeting was held in the jungles after the bombing of Manila. General Douglas MacArthur noted a member of that club in Coventry, the most bombed city in England, the Rotary club missed two meetings. Speaking of delinquency among the youth of the land, the speaker said that such was developing among the girls than among boys. He cited this problem as a challenge to the Rotary Annals to their husbands stop this tendency, which is found in every country. Truth is impressive and like a Rotarian should take advantage of this spirit by giving some inspiring part to do

### PROGRAM STARTS 9 FRIDAY

Much local talent will be used in the program of the sixth district federation of music clubs, which begins its sessions with a breakfast at 9 o'clock Friday morning and presided over by Mrs. J. W. Perry, district president of the district federation, whose home is in Sweetwater. She will preside at several sessions during the meeting. Following the luncheon at the Laguna at 12:30, at which Miss Billy Cole will sing, the session will be transferred to the First Presbyterian church at 3 p. m., where outstanding features will be the address of Mrs. Bart W. Paul, of Dallas, state president of the music federation and the organ concert by Halmar Bergh. At 4:30 o'clock Misses Rose Ann Woods and Gloria Graham will play violin numbers and Miss Betty Slicker will play a piano concert number. The vested choirs of the city churches will lead the vesper singing service. Mrs. Joseph Perkins of Eastland will preside at this session. Local federation officers are Mrs. Ben Krauskopf, president; Mrs. J. E. Spencer, vice president; Mrs. W. W. Fewell, recording secretary; Mrs. S. E. Hitton, corresponding secretary, and Mrs. Alex Spears, parliamentarian. Mrs. Hitton is also general convention chairman.

### ALLIES SEEM TO BE DOING WELL IN AFRICA

CAIRO, Oct. 29.—British armored forces have thrown back the vaunted desert tanks of Marshal Erwin Rommel's Afrika Korps in new engagements in the Alamein line, a communique said today. Allied air forces, with American units carrying a major part of the attack, scored new victories over the desert front, smashing at Axis troop and supply concentrations and ranging over the Mediterranean to sink a large tanker off the coast. Brisk fighting was in progress in Rommel's forward lines, where British infantrymen were picking their way through a maze of mines and fortifications, and mopping up breaches they had already created in the well-prepared Axis defense. An enemy counter-attack against British positions within the mine fields was beaten off Tuesday night, the communique said, and yesterday further tank engagements developed, resulting in new losses for the Axis forces, which had been hurled back in the first armored clash of the campaign Tuesday. CATTLE MARKET. FT. WORTH, Oct. 29.—The cattle and calf market today was generally steady with the week's declines. Most butcher hogs were 10 to 20 cents lower than Wednesday's average levels with the top \$14.25 paid by all interests. Killing classes of sheep and lambs were fully steady and feeds scarce. Estimated receipts Thursday compared with actual receipts on like day last week were: Cattle 3,400 and 4,494; calves 2,200 and 2,624; hogs 1,300 and 1,525; and sheep 6,500 and 6,211. in war activities. Use the long known pedagogical truth that give tell them what not to do, but give them something to do that will appeal to their ideas of heroics, the speaker concluded.

### DREAD RUSSIAN WINTER TAKING ITS NAZI TOLL

MOSCOW, Oct. 29.—Soviet forces advancing in a howling Caucasian blizzard, found scores of Germans frozen to death in their dugouts today, the first Nazis in Adolf Hitler's big 1942 offensive to perish in the dread Russian winter. Northwest of the Tuapse naval base in the western Caucasus, temperatures were far below zero, dispatches said. The Germans were using ski and sled detachments in frantic efforts to reach the warmer coast of the Black Sea before the blizzard froze them, or made the mountains completely impassable. Snow, often waist deep, already filled passes and deep gorges, the Communist party organ Pravda said. Avalanches periodically thundered down the mountain sides. Soviet ski troops, muffled in heavy furs, were reported counter-attacking, and dispatches said they already had thwarted a further penetration toward the Black Sea northeast of Tuapse. At one point, the Russians were reported to have split German and Rumanian forces, captured a strategic height, killed hundreds of enemy troops, and captured much booty and many prisoners. At Stalingrad, where the weather was verging on winter and just such blizzards as those sweeping the western Caucasus, the Russians threw back an attack by 1,000 Nazis and killed more than 100.

### CISCO WOMAN'S NEPHEW CITED BY ADM. NIMITZ

Lieut. Thos. B. Dabney, 29, son of Mr. and Mrs. Charles Dabney, of Muskogee, Okla., and nephew of Mrs. W. R. Simmons of Cisco, has received special commendation from Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet. Lieutenant Dabney is in the submarine service, but has served on every type of fighting ship in the American navy. One paragraph of the treasured citation says: "For material assistance during the aggressive and successful conduct of an offensive submarine patrol, of which 13 days were spent in the immediate proximity of the enemy-controlled shores and 12 days in assigned areas. Attacks were pressed home on every favorable opportunity. (Signed) C. W. NIMITZ."

### CECIL HALBERT NOW AT ARKANSAS AIR BASE

Staff Sgt. Cecil Halbert, Jr., son of Mr. and Mrs. Cecil Halbert, 401 W. Eighteenth street, Cisco, is now stationed at the army air base at Stuttgart, Ark., for a 15-hour course at the glider school there. Halbert, 22 years of age, has just concluded an 18-hour air course at Lockbourne army air base, Columbus, O. The young man, who was born at Leocray, is a graduate of Cisco high school and attended Cisco Junior college one year. He joined the army January 8 of this year. In a letter to his parents, Halbert said he hoped to secure a 14-day furlough when he finishes at Stuttgart, that he may visit home folks and his many Cisco friends.

### Half G.M.'s War Effort for Flying Forces

WITH WARFARE climbing into the air, General Motors now has more than half its vast wartime manufacturing activity devoted to aviation, and this work will increase rapidly. More and more of G.M.'s energies and facilities are going into the manufacture of products for the sky fleets of the United Nations—products that range from tiny instrument parts, through liquid-cooled and air-cooled engines, to completed airplanes. Top left: Allison liquid-cooled engines being assembled. These engines power many of the Army's planes. Top right: Mass production of powerful bomber engines in plants of the Buick and Chevrolet divisions is breaking records under steady acceleration of output. This is the final Buick "clean-up" line after test, tear-down and re-

### TEXAN CHOSEN HEAD OF HEREFORD ASSOC'N.

KANSAS CITY, Oct. 29.—The streamlined American Royal livestock show, reduced in size because of wartime transportation problems, continued in Kansas City Thursday with more cattle-judging on the schedule. Among the various farm and stock organizations holding meetings in conjunction with the show was the American Hereford Association which elected Joe Bridwell, Wichita Falls, president. Harold Gum, Arbovale, W. Va., was elected president of the future farmers of America. Top honors so far have gone to Mary Helen Bradley, 16, Calhoun, Mo., who won the grand championship of the 4-H club steer show with a 1,080-pound Angus. Dwight Winchester, 17, Waukomis, Okla., took the lamb grand championship with a 90-pound Southdown.

### HIGHWAY TO ALASKA OPEN

WASHINGTON, Oct. 29.—The entire Alaskan highway now is open to traffic, Secretary of War Stimson announced Thursday, weeks ahead of schedule. Motor trucks started this week moving supplies and equipment to the garrisons in the North Pacific outpost, using the entire 1,671 miles of the roadway, the secretary said his press conference. "Thousands of trucks will operate over the route all winter, carrying soldiers and supplies to Alaska," Stimson said. "Plans are under way to bring loads of strategic materials on their return."

### LONE STAR GAS PLAN TO REORGANIZE GOT OK

DALLAS, Oct. 29.—The plan of reorganization for Lone Star gas system submitted last February has been approved by the securities and exchange commission. This plan provides for reorganization of the system into two companies, the Lone Star Gas company and the Lone Star Producing company. When effected, it means that the names Dallas Gas company, Community Natural Gas company, Texas Cities Gas company and Lone Star Gasoline company will be eliminated, the local distribution companies all to be operated under the name Lone Star Gas company. The change will take effect on or about December 31. Lone Star Gas company will engage primarily in the purchase, transmission and distribution of natural gas in Texas and Oklahoma, but it will no longer engage in the drilling of wells or the production of natural gas. This phase of the business will be conducted by the Lone Star Producing company which will produce natural gas and natural gasoline and from which Lone Star Gas company will obtain its major supplies of gas for distribution. Under the plan approved and agreed to by the company, the distribution properties in El Paso and Galveston, Texas, and Council Bluffs, Iowa, will be disposed of within a reasonable time. President D. A. Huley explained that the reorganization will effect a number of economies, give a more compact operating organization and result in two purely Texas companies without corporate connections outside of Texas and Oklahoma. It will be a simplified corporate structure fully dedicated to meeting the exacting requirements of the times.

### RED FRONT TO CLOSE AFTER LONG SERVICE

The clearance sale at the Red Front Drug Store will continue through Saturday, said Wightman Moore today as he discussed the sale which is to continue until everything is sold. Goods have been grabbed up this week, said

### FBI DIGS UP DE-TAILS OF GER-MAN INTENTION

CHICAGO, Oct. 29.—The intended plan of destruction of United States war plants by eight German saboteurs was related by one of the surviving gang and three agents of the Federal Bureau of Investigation to a federal court jury yesterday. The Nazi saboteur, Ernest Peter Burger, in two days of testimony in the trial of three Chicago couples on charges of treason, accounted for the gang's activities. The FBI agents told of uncovering the huge amount of explosives and sabotage material hidden by the German agents in the sands along the Florida coast after they landed from two German submarines last June. Earl J. Connelley, assistant director of the FBI, testified that one of the four Nazi saboteurs who had landed near Pointe Vedra, Fla., directed him to a place where they had hidden four boxes which contained 50 large blocks of TNT, a dozen coal type bombs, incendiaries and detonators. He also testified that two shovels and four uniform caps of the German naval infantry were dug up a week later.

### STATEMENT ATTRIBUTED TO THE NAVY FLIERS BACK FROM AREA; NO LATE NEWS OF THE STRUGGLE

WASHINGTON, Oct. 29.—New Japanese attacks against American positions around the Guadalcanal airfield were anticipated today despite "very heavy losses" inflicted on enemy troops and equipment. The Japanese were believed still to have a strong force on the island. They were reported to have massed 20,000 men on Guadalcanal before undertaking their offensive last week, and reinforcements have landed since then. The navy looks upon the overall picture as a grim one. The strength of American forces is a military secret. But navy fliers in Pearl Harbor, just returned from Guadalcanal, emphasized that Marine corps and army units there are outnumbered and under-supplied. Naval officials here have admitted that the navy is outnumbered, too. The navy had nothing to add to the running battle for control of the Solomons in its communique yesterday — only that on Monday night (Sunday night, Washington time) the Americans repulsed several small-scale enemy thrusts on Guadalcanal. The navy's communiqués bring the all-out battle which started last Friday up to Monday night (island time). Thus, Tuesday, Wednesday, Thursday and the early part of Friday (island time) remain to be reported. That is not unusual, inasmuch as reports of action in the Solomons have been issued here two and three days after occurrence. A navy statement of "no report of any other action" being received does not necessarily mean a lull in the fighting. If there is a lull, it will be the first in weeks. It has been more than a month since a day has passed in which no action of any sort—land, naval or aerial—has taken place. Office of War Information Director Elmer Davis, in an address last night, said that up to noon yesterday, "when I last talked to navy representatives, all sinkings of major U. S. naval vessels have been reported." While the navy's report that enemy losses in men and equipment in troop actions on Guadalcanal since last Friday "have been very heavy as compared to our own," naval officials here continued to look upon the overall picture of the battle of the Solomons as a grim one. Meanwhile, Gen. Douglas MacArthur's airmen continued support of their comrades on Guadalcanal with heavy raids on Japan's feeder base at Rabaul and by setting fires visible for 80 miles on enemy air domes at Buka, most northern of the Solomon Islands. Mr. Moore, until the sale is likely to end most any day now, for the lack of more merchandise to sell. The Red Front Drug Store has had quite a history since its beginning in 1881. It has been remodeled, but stood the cyclone in 1893, when many other buildings near by were totally or partially destroyed. The store has been in the hands of the Moore family, with slight intervals, since 1904. The late W. W. Moore was first owner, and later his brother-in-law, Carl Lowery, was owner for a period of years finally passing into the hands of the brothers, Joe Lea and Wightman Moore, about six years ago. The store will be closed now, with Joe Lea Moore in the naval service and Wightman Moore to enter either the army or some form of defense work. RAYBURN ADVISES. WASHINGTON, Oct. 29.—Speaker Rayburn Wednesday night warned the American people that victory can only be won at "a terrible cost" as he cautioned them to weigh their votes carefully at the polls next week.

The Cisco Daily Press

(Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937.)

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 3, 1879.

A. B. O'FLAHERTY, Publisher and General Manager. W. H. LAROQUE, Advertising Manager.

Published daily except Saturday and Monday at Cisco, Eastland county, Texas, by the Free Press Publishing Corporation, incorporated under the laws of the state of Texas. Editorial and publication offices at 204-206 D avenue, Cisco, Texas.

National advertising representative: Texas Daily Press League, Dallas, Texas.

SUBSCRIPTION RATES: \$2 per year by mail (outside of Cisco in Eastland, Stephens, Shackelford, Callahan, Brown and Comanche counties, Texas, outside the above-mentioned counties \$2.50; \$4.75 in U. S. outside of Texas.

Per year, in advance \$5.00 Per week, by carrier boy \$1.00

PATRIOTS UNAFRAID

The greatest documents of this war are not the state papers or the military plans or the orators' speeches, but the letters that boys at the front write home to their families. These boys, however young, know what it's all about. They know the job that has to be done, and why, and the cost of it, and they are ready to pay.

There is part of a letter written to his family by Henry Glorich, a soldier in the Solomon Islands, which illustrates the remarks above. He was moving into the big fight, and the letter was to be held and sent as his farewell if he did not come back. "He was ready and eager for that fight, and apparently he will not return."

"As I write this," he said, "I want you to know that I am not writing because I have any premonition of anything happening to me. I'm just writing this because in case I get me, you'll know I got it like a man, with a clear conscience, and I'm not afraid to die for my country. Believe that, and please don't grieve, for this will soon be all over. I have only one regret, and that is that I could not see you once more. I loved my mother and father and family more than I ever said."

For many thousand boys like himself (hundreds of them from Eastland county) that had must have spoken.

ROLLING ON RUBBER

The reader may grow a little weary of being told what to do about his tires. But Mr. W. M. Jeffers is the rubber boss, and he has asked all newspapers, gently but firmly, to keep on printing this message to drivers. He'd like to have all drivers read it every day, even after they know it by heart.

- 1. Drive only when necessary. It's necessary to go to church—and to bring the kids home from school in a terrific downpour. But not just to float around. After all, walking around a fine—have you tried it?
2. Keep under 25 miles per hour. (Here in Cisco, 20 miles per hour.)
3. Keep tires properly inflated.
4. Have tires inspected regularly.
5. Share your car with others.

Now will you be good? You will, if you know what's good for you!

THE RIGHT TO KILL

"If I can send the flower of the German nation into the hell of war without the smallest pity for the spilling of precious German blood, then surely I have the right to remove millions of an inferior race that breeds like vermin." Thus Hitler revealed his character and his curious logic in a conversation in 1934, with one of the original Nazis who has become horrified at the tendencies of the movement. He has of course no right to do either, but that troubles him not at all. He will continue to spread murder throughout the world until he is stopped by the United Nations.

WAR WAGES AND HOURS

A realistic and patriotic view of the American labor situation has been expressed by Senator Reynolds of North Dakota, chairman of the senate military committee. He thinks it isn't necessary to import labor from Mexico, or anywhere else, when there is so much labor power unused in this country. "We should take into considera-

tion," he says, "the availability of the manpower already here and the possibility of working longer hours. If we want to solve the manpower problem immediately, we can increase the 40-hour week to 56 or 57 hours and eliminate time-and-a-half and double-time for overtime. I say 57 hours because Great Britain is working 57, Germany is working 60 and Japan 70." There is nothing sacred about any of these working schedules, but the figures are impressive and the needs are urgent. When you look at the matter in a realistic and patriotic way, with a clear understanding of the times and their requirements, certainly a "basic" working week of only 40 hours is absurdly inadequate. And technical overtime pay for a few additional hours, in a war crisis where labor's regular wages are liberal, is equally absurd. How much overtime pay do the soldiers, sailors and marines get?

THE GYPSIES

Word comes from Meridian, Miss., of the death of the king of the gypsies, 85-year-old Emil Mitchell. Every so often a story like this appears, reminding the world that there is no shortage of gypsy kings. Every town harboring a settlement of these wanderers possesses a king, usually self-appointed and accepted only by those families of his race whom he can help. Ability to get them on relief is one quality that the gypsies value in their king. They also turn to him for help when in minor difficulties with the police. Thus the gypsy king is a good deal like the ward captain of a political machine.

In these respects the gypsies have fallen in with the customs of the country. In most other they are willing to maintain a race apart. It is this failure to assimilate that makes them interesting to Americans.

To most people their origin and racial relationship are utterly obscure. To students of the tribe, however, they are no mystery. It is now generally agreed that the gypsies came originally from North India, expelled about the 14th century. Their language is related to Sanskrit, the oldest language of the Aryan world. They have become wanderers over the face of the earth, carrying with them their skill with tools, their lightning-fire and their haunting music. Probably they also gave Europe playing cards. Both cards and gypsies appeared in the West about the same time, and everyone knows the gypsy practice of telling fortunes by cards.

One of the five amendments to the Texas constitution that will be passed upon by Texas voters on November 3 is labeled No. 5, which would authorize the expenditure of \$2,000,000 for the erection of a "state office building" at Austin. The plea is made that erection of this costly structure would save large sums of rental money that COULD be diverted to the school fund; that out of 130 house members only one voted against submission of the amendment. Many sober-minded voters, realizing to some extent at least the great war task we have ahead of us, will feel it their solemn duty to vote against the amendment.

The most common industrial accident is that of having a fellow worker haul off and cough germs at you.

If you do things just because everybody else does them it is a sign there is not much to you either.

U.S. Marines - by Krab

Advertisement for U.S. Marines featuring Lt. Col. Walter J. Jordan and Francis Reagan. Text includes: "WAS THE SENIOR MARINE CORPS OFFICER DURING THE RECENT JOINT WAR GAMES HELD SOMEWHERE IN ENGLAND. PARTICIPATING IN THE SUCCESSFUL MANEUVERS WERE U.S. MARINES AND THE BRITISH MARINES." and "Francis Reagan, former All-American football star from the University of Pennsylvania, was recently commissioned a 2nd lieutenant in the Marine Corps."

MAY, 1927 (From Cisco Daily News Files)

With approximately 300 fishermen lining the shores of Lake Cisco or seeking by means of boats to find the haunts of bass and stream, and with most of them making excellent catches, the open season on fishing began at Lake Cisco Sunday with what officials declared was a great success.

Fishermen from Fort Worth, Dallas, Denton, Cleburne, Waco, Abilene and many other places came here to spend the day and the strings of fish taken home show Lake Cisco is well stocked with game fish. Many big bass were caught during the day, including one weighing six pounds, two ounces, taken by Ralph McClellan of Waco. Charles G. Gray offered a prize of a Silver King fishing rod with full ruby bearings, nickel-plated, for the largest bass caught on tackle furnished by his store. E. W. Bledsoe of Breckenridge weighed in the largest bass at the store, weighing four and three-fourths pounds, and Mrs. W. T. Malone had the second largest, weighing four and five-eighths pounds. There was some question as to Mr. Bledsoe's eligibility and the prize has not yet been awarded. L. L. Alford had a four pound bass and A. D. Anderson caught one weighing two and three-fourths pounds. In addition to 46 season fishing permits sold, a total of 214 one-day permits were sold for Sunday, a checkup revealed.

OCTOBER TRAVELER

The woods are warm, and gold, and gay. As children on a Saturday. Overhead, a maple floats, scattering yellow petticoats, The scampering of noisy leaves Along the dappled wood road. A flying carpet for my feet, Edged in fire and bittersweet. And I am drunk on golden air, For I have seven leave boots to wear. And one titanic step I take Across a blue conetti lake. And my titanic shout defies The windy reaches of the skies! -BIANCA BRADBURY.

LONG BRANCH

The scholastic population of Cisco at present time is 1730, according to figures compiled by T. C. Williams, principal of West Ward school, who took the scholastic census this year. He forwarded his final report to the state department of education Saturday. Cisco's figures compared with 1710 scholastics at Ranger and 1169 at Eastland.

Ocie Leveridge, Cisco high school boy, lies near death at Abilene today as the result of an automobile accident Saturday night, in which his skull was fractured. The youth, about 17, sophomore at Cisco high school, was said still to be unconscious Monday after the accident had happened about midnight Sunday morning.

Pure gasoline is being produced by a wildcat well in the extreme northwestern corner of Eastland county, about six miles northwest of Cisco. The well is the Dyer No. 1, of Moody and associates,

which is drilling at 3760 feet and is boiling gasoline. A million feet of wet gas has been struck.

Rev. P. T. Stanford, J. T. Elliott, George Winston and Mrs. George Winston, Mrs. F. J. Springer, Mrs. W. B. Ricks, Rev. W. L. Boyd and others are attending district conference today at Carbon.

Knights of Pythias from Eastland and DeLeon joined Cisco knights Friday night for the initiation of a class of candidates. Among those receiving the initiatory degree was Rev. B. C. Boney, pastor of the First Presbyterian church. Refreshments were served.

### SOCIAL and CLUBS

TELEPHONE 36

#### PRESBYTERIAN AUXILIARY MET AT CHURCH TUESDAY

First Presbyterian auxiliary met Tuesday afternoon in the church for a program on home missions. Mrs. Homer Slicker, auxiliary president, was in charge and directed a short business session preceding the afternoon program. Each member of the auxiliary was given the name of a boy for whom she will send a card to his army camp chaplain and endeavor to keep him in touch with church life. She will also assist in the defense service program by writing cards or letters of cheer to the enlisted.

Mrs. Abbie Daniel brought a splendid devotional on "Prayer." Miss Willie Word was leader of the Home Mission program and was assisted by Mrs. W. W. Wallace, Mrs. A. E. Jamison and Mrs. Alex Spears, who discussed "Defense on the Home Front." The meeting was dismissed with prayer.

Those present were Mrs. Homer Slicker, Mrs. Abbie C. Daniel, Mrs. C. H. Fee, Mrs. Gary L. Smith, Mrs. J. E. Walter, Mrs. S. E. Hittson, Mrs. R. L. Ponsler, Mrs. John Garrett, Mrs. E. McCracken, Mrs. J. E. Coleman, Mrs. A. E. Jamison, Mrs. W. W. Wallace, Mrs. Alex Spears and Miss Willie Word.

#### COUNCIL GROUP ONE WITH MRS. H. H. DAVIS

First Christian church council group one met in postponed meeting Wednesday afternoon in the

home of Mrs. H. H. Davis, with her mother, Mrs. Ida Painter, as co-hostess. The meeting was opened by Mrs. H. H. Tompkins, by all present joining in the Lord's prayer. A devotional was by the hostess, after which the group packed boxes of Christmas cheer for enlisted men in foreign countries.

Refreshments were passed to Mrs. H. H. Tompkins, Mrs. W. R. Huestic, Mrs. C. B. Powell, Mrs. George Swartz, Mrs. H. J. Woolridge, Mrs. Ida Painter and Mrs. Davis.

#### HIGH SCHOOL CLASS ENJOYED OUTING

The diversified occupations class of Cisco high school, with Arlin Birt as teacher, enjoyed a hayride and wicker roast Tuesday night. Members of the class and their guests met at the home of Jerry Myrick and rode in a hay-covered wagon to the Bacon farm. They built a large fire and roasted Wieners, marshmallows and apples.

Guests present were Mrs. Arlin Birt, Morris Miller, Bill Nix, Mary Frances Urban and Dick Bacon. Members of the class were Mr. Birt, LaRoy Lenz, Jo Nell Rains, Veda Ramsower, Gene Basham, Laverne Tickner, Jeffie Jean Robertson, Charles Lavoice Wilson, Franz Essl, Jerry Myrick, Lavon Huddleston, James Bryant and W. B. Britain.

#### A. W. TRIPPLITT HOSTS AT LOVELY DINNER

Mr. and Mrs. A. W. Triplitt entertained with a turkey dinner Sunday in their home, cottage 2574, Humbletown, at which seventeen local and out-of-town relatives were present.

Those enjoying the day together were Mrs. J. M. Waters of Cis-

co, grandmother of Mrs. Triplitt; Mr. and Mrs. Laird Locke, Moran; Mr. and Mrs. V. M. Housley and small son, Smithville; Mrs. Hester, Mrs. L. A. Housley and three children, Throckmorton; Mrs. C. E. Allen, Misses Patsy Allen and Jean Gardner, Mr. and Mrs. Triplitt and small son.

#### MRS. J. C. FLETCHER GROUP HOSTESS

Group three of First Christian church council met Wednesday afternoon with Mrs. J. C. Fletcher, 904 W. Twelfth street. The meeting was called to order by Mrs. J. S. Mobley, group chairman.

The devotional was brought by Mrs. C. R. West from Psalms 119; a Bible quiz followed. Prayer was offered by Mrs. J. R. Wright, after which a review of "World Call" magazine was given by Mrs. H. R. Miller. A business session was held in which matters pertaining to the work of the group were discussed. The meeting closed by all members repeating the missionary benediction.

During the social hour refreshments were passed to four guests,

Mrs. C. E. Glover, Houston; Mrs. Troy Powell, Mrs. Burl Williams and Mrs. H. W. Schmidt, and the following members: Mrs. J. S. Mobley, Mrs. C. R. West, Mrs. J. H. Wright, Mrs. D. G. Altord, Mrs. Lennie Shockley, Mrs. Jay Garrett, Mrs. H. R. Miller, Mrs. J. C. Fletcher and little Flora Jean and Robert Lynn Fletcher, Badge, Garrett, Judy Williams and Larry Schmidt.

Little Pansy says that when Mamma asked Papa why he didn't try to do some sort of war work Papa said he was helping by giving advice to the army and navy.

"Our objective at Stalingrad has been attained," Berlin radio. Do you mean the idea was to expend 170,000 men?

So reasonable advertising can be deducted from taxes. Does that include the cost of daughter's coming-out party?

Maybe we're hard-headed, but we can't see why it's an outrage to draft men to work but all right to draft men to die.

#### PICKED WRONG SEAT

FT. WORTH, Oct. 29.—A 34-year-old negro was in a serious condition at city-county hospital from stab wounds after he made a bad choice on where to sit on a transit bus. The negro, police said, had taken a seat in the white section on a Hemphill bus. Another negro, sitting at the rear, protested to him. The pair engaged in an argument, and left the bus in the 2900 block, Hemphill. The first negro was later found stabbed.

#### LIQUOR ELECTION HOT

FT. WORTH, Oct. 29.—Members of the Legal Control Council's advisory committee today struck back at prohibition leaders who charged them with "loaning" their names to the campaign for retaining legal control of the sale of alcoholic beverages. Business leaders and professional men on the committee were quick to voice sentiments on prohibition. Meanwhile, the fight for and against legal control was carried on over the radio today. The vote will be taken next Tuesday.

But if we need Argentina's friendship, and she needs a market for her beef, and we are short of meat, it shouldn't take a genius to figure that out.

This is still a free country. We can freely choose whether to work where we are needed or work for Hitler.

**NIGHT COUGHS**  
YOUR CHILD'S coughing at night—caused by throat "tickles" or irritation, mouth breathing, or a cold—can often be prevented by rubbing throat and chest with Vicks VapoRub at bedtime.  
VAPORUB'S poultice-and-vapor action loosens phlegm, relieves irritation, helps clear upper air passages, thus tends to stop mouth breathing and invite restful sleep. Try it!

## GIVE TO THE COMMUNITY CHEST! . . .

CISCO has wisely concentrated all her charity drives into one organization—the Community Chest. Now there will be one drive, and one, only, in which each business man or benevolent minded citizen can place all the money he thinks it his duty to give into this one fund and not be bothered by a repetition of a drive the next few days or weeks.

According to the set-up, five institutions will participate in these funds according to their budgets placed at the disposal of the benevolent groups who formed the Community Chest organization. These are the Welfare association, the Nursery school, the Hot Lunch program, the Boy Scouts and the Men's Service organization.

## WE SHOULD GIVE FREELY . . .

Since there is to be just the one drive it will be necessary to give freely since the money we give must be shared by all of the five groups. And it will be necessary that amounts donated to these worthy causes contain the lump sum we are going to give for the year. Where one has been giving a few dollars in one instance when we know that shortly we will be called on for another like sum or larger one, it will now be necessary to give for all five at one time.

## WE CAN HELP HOLD THE HOME FRONT! . . .

Holding the home front morale is an important one. We must not only keep up our own feeling of doing something for the less fortunate, but we must see that no real want invades our community with us standing idly by. Our soldier boys, and the people of the hard pressed nations of the old world, are suffering acutely while we are blessed with more or less plenty with no bombs to be dodging at the sound of the siren of danger.

We in America are truly blest and should show our thankfulness by sharing with the underprivileged of our community.

**BRIEFLY TOLD**

Born, to Rev. and Mrs. Couper Waters, at 10:30 o'clock this morning, Graham Sanitarium, a son—Michael Waters. The infant weighed six pounds, 14 ounces.

Word from Fort Sill, Okla., is to the effect that Second Lieut. William W. Wallace of Cisco has entered a battery officer course in the field artillery school there. He is a son of Mr. and Mrs. W. W. Wallace of Humboldt.

Miss Leona Lloyd, superintendent of Hobbs general hospital, has returned to her post after a few days' visit with her mother, Mrs. Minnie Lloyd.

Mr. and Mrs. E. H. Miller will go to Austin Friday for a week-end visit with their daughter, Miss Betty Lou Miller, student of Texas university. They will be accompanied by Mrs. Miller's aunt, Mrs. J. W. Pritchard of Moran, who will visit her daughter there.

Mr. and Mrs. Ray Julia are spending today in Dallas. While there they will visit his sister, Miss Marie Julia.

Brooks Miller, of El Paso, arrived today for a visit with his mother, Mrs. Mary Abbott.

Mr. and Mrs. Mack Stephens and son Daskam Stephens of Los Angeles, went to Coleman Wednesday for a visit with Mr. and Mrs. Blake Stephens.

Mr. and Mrs. C. A. Gross, recently of Topeka, Kan., arrived today to make Cisco their home. They will be located at 609 west Ninth street. Mrs. Gross will be remembered as the former Miss Dee Bacon, sister of Mrs. George Atkins and Miss Alice Bacon, of Cisco and Messrs. Dick and Billy Bacon who live south of the city.

H. L. Mobley, who has been a guest of his mother, Mrs. C. Mobley, 509 W. Third street, left this week for a visit with his wife and sister at Marshall. He was accompanied to Marshall by his niece, Miss Winifred Tichenor.

Mrs. W. J. Gardenhire and daughter, Miss Eva, Gardenhire of Frankell, spent Wednesday in the home of her son and daughter-in-law, Mr. and Mrs. W. V. Gardenhire.

Miss Zona Maud Surles has returned to Waco where she is employed, after spending a few days in Cisco with her sister and husband, Mr. and Mrs. Charles Clark.

Mrs. Howard Rogan of Los Angeles is in Cisco visiting her sister and husband, Mr. and Mrs. C. J. Kleiner and her husband's mother, Mrs. C. Moon.

Joe H. Payne of Waco spent Wednesday with his brother-in-law, Arthur Lyte, and other relatives at the Mobley hotel.

Mrs. V. M. Housley and small

son have returned to their home in Smithville after a visit with her mother, Mrs. C. E. Allen and other relatives in Cisco.

Mrs. O'Connor arrived this week from Pennsylvania for a visit with her brother, J. H. Welch at Mobley Hotel, and will probably spend the winter in Cisco.

Mrs. D. A. Davidson of Moran was the guest of friends in Cisco today while enroute to California.

Billy Kilborn of Ft. Worth is recovering from a recent appendix operation. He is at the home of his parents, Mr. and Mrs. Zed Kilborn, Breckenridge.

Bud Tatom was called to San Angelo today by the death of his sister-in-law, Mrs. J. W. Tatom.

**A Snack Between Meals**

PHILADELPHIA, PA.—When Richard Spencer, a shipfitter at the Philadelphia Navy Yard, offered lovely Hedy Lamarr a bite of his two-inch thick meat sandwich, filmland's glamour girl didn't need a second invitation. Hedy recently made a lunch-hour tour of the yard during her month-long swing around the country with other motion picture stars to boost the sales of War Savings Bonds.

**PAT BULLOCK A CISCO VISITOR THIS MORNING**

Hon. Pat Bullock, of Snyder, candidate for the senatorial seat formerly held by Hon. John Lee Smith, now candidate for lieutenant-governor, was in Cisco today and called at the Daily Press office. His official statement appeared in the Press of October 25.

Mr. Bullock, who was accompanied by John T. Elliott, long-time friend, recalled that he graduated from Britton Training School, Cisco, in 1913. Other students at Britton that year, Mr. Bullock stated, were J. T. Elliott, Nick Miller, Chapman Williamson, George Fee, Mary Riddle, Velma St. John and Lena Mae Williamson, all residents of this city.

The candidate has served two terms in the Texas legislature and is well equipped for the senate job. He has already visited each of the twelve counties in the senatorial district and is receiving fine encouragement, he stated.

**2 U. S. TRUCKS GATHER METAL IN THE COUNTY**

John H. Kleiner, county scrap metal chairman, says two PWA trucks are now gathering up scrap metal in the rural areas of Eastland county.

So far, the trucks have worked the Morton Valley area and had secured an estimated total of 25 tons late Tuesday.

The trucks are now in the Scranton and Romney sector, south of Cisco.

The county chairman estimates the scrap already assembled on the A-G Motor lot, Cisco, at about 35 tons.

Scrap picked up by the PWA trucks is being piled near the Wichita Falls railway tracks, Eastland.

**MANY NEVER SUSPECT CAUSE OF BACKACHES**

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tissue flush out poisonous waste from your blood. Get Doan's Pills.

**COLD DRINKS 10 CENTS.**

The west ward PTA will have charge of concessions at the Cisco-Brownwood football game, here, tomorrow afternoon. Members of the organization say that they will be forced to charge 10 cents for cold drinks in order to meet the expense of hauling ice and drinks to the field and employing some one to conduct the sales. Complaints have been made that the charge is excessive, but members insist that is the best they can do and come out whole. Chili buns will be available for 10 cents and candy bars at five cents.

STARS AND STRIPES IN INDIA—Another "Shangri-La" for those who don't want to worry about this American encampment in India. Water boy in foreground serves as modern Gunga River.

**WHY GO... ELSEWHERE?**

To buy your monuments or grave stones . . . away from home . . . when you can get just as good workmanship, and just as cheap prices in Cisco as you can by patronizing some one who cares not a rap for your town.

We have spent our life and all the money we have ever earned right here in Cisco. The quality of our work speaks for itself. Look them over in our home burying ground and be convinced.
