### Eddy and Party Arrive Cisco to Arrange For the Big Training School

J. R. D. Eddy, state director of trades, with headquarters at Austin and head of the organizing committee whose report resulted in the selection of Cisco as the site for the first all-girls' automotive training school, and his party, were in Cisco today arranging for details looking to the establishment of the school at the earliest possible moment.

The Daniels and Laguna are to be used to house the 200 or more women between the ages of 18 and 40 who will be trainees of the school.

The roundhouse recently acquired from the C. & N. E. railroad is to be the site of the training school. The city of Cisco is to put the building in condition to house the equipment that will be furnished and installed by the government.

The staff of instructors will be composed of about 12 persons and they will have some quarters for the office. These will be under the direction of J. R. Crawford, assistant instructor of automotive mechanics at A. & M. college.

The trainees will be selected by the federal civil service commission, with which the staff of instructors will have to do.

"We train them, but do not select them," said Mr. Eddy. All expenses of the school, which includes salaries of teachers, is paid by the federal government.

Those in the party, besides Eddy and Mr. Crawford, were E. M. Bowler, special agent of the U. S. office of investigation, Washington, D. C.; George Blitch, state inspector for this area (Blitch is a nephew of J. B. Blitch, former mayor of Cisco); Miss Ruth Eddy, state director of home economics, and Miss Poindexter of Texas Tech, Lubbock.

Asked when the school would start, Mr. Eddy stated that he could not say, since it depended on how soon the building could be gotten ready for the city, so that equipment could be installed.

The students are ready and the instructors are ready. "I am sure Uncle Sam has the money ready, so there are," Eddy smilingly said.

### DR. W. R. WHITE REDS MAKING NAMED HEAD OF SMALL GAINS TEX. BAPTISTS AS NAZIS DIE

FORT WORTH, Nov. 13.—An exodus of 300 Baptists was in progress today after closing sessions of the Baptist General Convention of Texas last night marked the end of four days' convention here by three state organizations of the church.

Baptists concluded their convention by electing Dr. W. R. White, president of Harding-Simmons University, to serve as president of the convention.

Dr. White was the second president elected during the general convention. A. D. Foreman, Sr. of Houston, who had presided at three conventions but had not served three full years as president, nullified his re-election by insisting that he was ineligible because of a constitutional provision stipulating that a president may not serve more than three years.

All other officers were re-elected yesterday.

Resolutions were adopted calling for instruction in Baptist-supported Texas schools on the evils and effects of liquor, and petitioning congress to amend the recent Volstead tax law, exempting churches from serving as collecting agencies for the tax.

WASHINGTON, Nov. 13.—The tempo of the battle of the Solomons is increasing again today after a lull of nearly three weeks and there are signs that the Japanese have reorganized and reinforced to some extent the forces which were badly battered last month.

Enemy dive bombers have returned to the battle of Guadalcanal.

Crowded transports are in the vicinity of Bougainville Island, some 300 miles north of Guadalcanal.

But the dive bombers met their match and 17 out of 52 raiders were destroyed and five more probably destroyed. It was the first time in weeks the Japanese have used dive bombers, indicating that aerial reinforcements have arrived.

North of Guadalcanal, army flying fortresses under Gen. Douglas MacArthur's command tipped what may have been the beginning of another major invasion attempt. Roaring over the Buna-Faisi naval anchorage at the southern tip of Bougainville Island at dawn, the bombers scored hits on four Japanese transports loaded with troops and equipment and probably inflicted heavy losses.

### JEHOVAH MINISTER ON WAY TO FEDERAL PEN

FORT WORTH, Nov. 13.—The second Jehovah's Witness to receive a sentence in this session of federal district court from Judge T. Whitfield Davidson for violation of the Selective Service Act today was headed for federal prison at El Reno to serve three years for draft evasion.

He is Clayte Monroe Daniel, 26-year-old farmer and minister of Gustine, Comanche county, who entered a plea of not guilty yesterday in a contested case for failure to report to his draft board in Comanche for induction "into work of national importance under civilian direction."

WASHINGTON, Nov. 13.—De-mands for suspension of the 40-hour week rose to a new pitch in congress today amid charges that the nation's labor resources were not being used efficiently.

### 18 TO 19 BOYS TO BE CALLED SOON, THOUGHT

WASHINGTON, Nov. 13.—The teen age draft bill awaited President Roosevelt's signature today. Prompt approval would mean that some 18 and 19 year old youths may be called to the Army by Christmas.

About 800,000 youngsters out of a total of approximately 1,500,000 available 18 and 19 year olds are expected to be called up this winter, deferring the same number of married men and men with families. Maj. Gen. Lewis B. Hershey has estimated that his selective service organization will "lose" possibly 500,000 of the 1,500,000 to the army, navy and marine corps through voluntary enlistment.

### OPPORTUNITY

Now that Cisco is assured of an Automotive Training School for women mechanics — about 200 strong to begin with — success of the war project rests largely upon the shoulders of Cisco Wide-a-Wakes.

If all business enterprises, as well as all citizens, devote their best thought and energy to serving the visitors in a satisfactory way, it is not at all unlikely that agents of the federal government will soon find something else for us to do in the winning of the war.

This does not mean throwing open the homes of the city to the students for week-end dinners or parties, but it does mean that restaurants, merchants and others should perk up and clean up and be ready to give modern service when the visitors come in to spend their money with them. Like all Americans, when they plank down their money they will expect full returns.

As an example of what many of the Wide-a-Wakes have in mind, K. N. Greer of the Palace theater, at considerable expense, is already planning to remodel and reopen the Texas theater. As an evidence of Greer's progressiveness and loyalty to Cisco, he did not hesitate for a minute when the Wide-a-Wakes suggested that he would be rendering a big service, besides helping himself, in remodeling and reopening the Texas.

For many, many months the average Ciscoan has been lamenting the lack of a worthy war project. Now that we are assured of a substantial undertaking, and one that will grow if properly nursed, it remains to be seen how business men and citizens react.

After all, it is merely a plain business proposition.

FINE FELINE FORM—You'd swear that "Chin-Too" was aware that funds raised from the Brooklyn, N. Y. cat show in which she's participating were for benefit of shelter for homeless felines.

### \$12,100 CATTLE SALES

G. P. Mitcham made cattle sales at his ranch northwest of Cisco this week totaling \$12,100, it was announced today.

These cattle are out of Mitcham's prize-winning herd that has taken blue ribbons all over the United States, wherever they have been shown.

Those making the purchases were as follows: R. B. George of Dallas, one of the largest implement dealers in the state, bought 16 yearling heifers at \$350 each, and one bull yearling for \$2.50.

J. A. Mathews of Albany, 16 bull calves at \$200 each.

Mathews & Brittingham of Albany, four bull yearlings at \$200 each.

Mr. Mitcham said it pays to grow blooded stock. Although they require a little more feed and care than ordinary stock, they will repay for the extra attention, while a common stock breed would not.

### PACIFIC BATTLE CLAIMS LIFE OF COUNTY YOUTH

News has been received of the death of Joe Jones, 23, in an army hospital in California. The remains will be returned to Eastland county for burial at Gorman, his birthplace.

The young man, who joined the navy about three years ago, had been in many battles and had been wounded several times. He is said to have died from injuries received in the battle of Midway, in June.

Jones was a second-class fireman and was stationed on the USS Pennsylvania at one time, though his naval connection at Midway is unknown.

He was the son of Mrs. Lola Jones, who now lives in Fort Worth, and a nephew of Mrs. W. E. Tyler of Rising Star. Mrs. Tyler stated that the young man received a broken leg in a battle some time ago and that he was at Pearl Harbor when the Japs made their sneak attack there on December 7.

Rev. James R. Wright, popular pastor of the First Christian church, has been ill since Tuesday, when he was stricken with symptoms resembling flu.

His physician, Dr. F. E. Clark, has diagnosed his case as acute respiratory infection, which is not necessarily alarming, although he has been quite ill.

His many friends are trusting that his robust constitution will throw off the infection and he will soon be back in circulation and at his pastoral duties.

Nobody can outfight our men. Now if only the enemy couldn't outsmart our leaders.

### AMERICANS AND BRITISH MAY REACH TUNIS TODAY; NAZIS HAVE BUT SMALL FORCE THERE

Tunisian airfields are under heavy Allied aerial bombardment, with Axis reported hastily evacuating troops across Mediterranean to Italy.

Great U. S. Army forces, with British divisions on, or already across, Tunisia border.

French fleet remains question mark as Admiral Darlan, now Allied prisoner, urges it to come over to the Allies.

LONDON, Nov. 13.—Allied planes today raked Tunisia and Axis supporting bases in the Mediterranean and reports indicated the Nazis may be hastily evacuating that French colony in fear of imminent arrival of a powerful American and British invasion force.

One London press report said the Allied Expeditionary Force, racing east from bases at Algiers and Bone — only 50 miles east of the Tunisia frontier — may cross the border today in a drive for the French naval base of Bizerte and the Italian port of Tripoli which lies 340 miles to the southeast.

At the troop-jammed Allied base of Algiers, significant negotiations were moving forward with a group of high French officials, headed by Admiral Jean Francois Darlan, which may have an immediate bearing on the question of Tunisia's resistance to American-British occupation.

There were these developments:

1. The Tunis Airdrome was under continued attack by Royal Air Force planes, based on Malta, which shot down six large Italian troop-carrying planes flying Germans north from Tunisia.

2. American planes, according to the Vichy radio, were attacking Tunisian airdromes; British and American attacks were estimated to have damaged or destroyed upwards of 40 or 50 Axis planes in Tunisia—on the ground or in the air.

3. American and British forces, moving east from bases at Bone and Bougie, were presumed to be approaching the Tunisian frontier if they had not already crossed it.

4. Allied headquarters reported the capture of "considerable numbers" of the German Armistice Commission which had been stationed in North Africa; the Nazis were known to have had about 500 commission observers on the ground when the American offensive was launched.

5. Major negotiations were under way at Algiers with Darlan—who has already suggested to the French fleet that it come over to the Allies—as the focal point. Joining in the negotiations, according to Allied and Vichy reports, were Gen. Alphonse Pierre Juin, Yves Chatel, governor-general of Algeria, and Gen. Auguste Nogues, governor-general of Morocco.

Action of the air front in the Mediterranean held the immediate center of attention.

With the advance of the Imperial 8th army westward—and swept past Tobruk today—and the growing concentration of Allied planes operating from Algerian bases, the Axis was faced with a nutcracker air attack as well as a fast closing pincer on the ground.

German planes were countering with air attacks on Allied concentrations in Algeria and the Vichy radio said Nazi bombers at-

tacked Anglo-American shipping concentrations at Bougie during the night.

The Allies were not confining their attention strictly to Africa. The RAF also blasted at Sardinia and Sicily—Italian island bases from which any Axis counter move by land, air or sea might be launched.

The effectiveness of the Allied moves was believed attested by the apparent removal of Nazi personnel from Tunisia. It was thought in some quarters that the pace of the British and American attack was too swift for the Germans to organize an effective stand.

Nazi efforts to attack the rapidly expanding Allied force ashore in Algeria thus far were reported highly ineffective. An Allied spokesman said the Germans lost about 20 planes in one attack on Algiers, about half of the attacking force.

# MEATS—Fast Cookers and Slow Cookers Both belong in wartime meals

Dorothy Greig

Hamburgers with Savory Sauce, on snowy mounds of whipped potatoes, are fast cookers to serve on a war-working day.

"Now wouldn't you know," fretted a friend recently, "that just when I should spend more of my time on my job, I actually have less time for it."

That's the pickle most of us are in these days. We must do a better job of feeding our families—but in less time.

Short cuts—we need to know them all. We should remember how quickly we can serve nourishing soup, by simply opening a can. We should know how to make use of packaged flour mixes, know how to cook a substantial meat dish in double quick time.

For meat on busy days, we select a fast cooker—something that can be oven broiled or cooked top stove in little time.

For instance, here's a fast cooker—meat patties. But fixed this way, they're not only fast, but extra flavorful because of the mock turtle soup used as moistener in the mixture, and also in the sauce:

**Hamburgers with Savory Sauce**  
1 tablespoon butter  
2 tablespoons onion, chopped  
1 pint ground beef  
1 teaspoon salt  
1/2 teaspoon pepper  
1 slice white bread  
2 tablespoons condensed mock turtle soup

Cook the chopped onion in butter until soft, but not brown. Trim crusts from bread and make crumbs from the slices. Combine ground beef, cooked onion, seasonings, and heat to boiling. Pour the hot sauce over the pork chops in the casserole, cover and bake in a moderate oven (350° F.) for two hours. Serves 2 to 4.

each side in a little butter or fat, then reduce heat and pour the hot "Savory Sauce" over the browned hamburgers. Simmer the hamburgers in the sauce for 4 to 5 minutes. Serve on toast or on a mound of mashed potatoes.

**Savory Sauce:** Add 3 tablespoons water and 3 tablespoons milk to the remainder of the can of mock turtle soup. Heat and pour this sauce over the browned hamburgers. But not all days are rush, even in war time. On unhurried days let's trot out our long time simmered pot roasts, roast chickens, slow oven baked casseroles.

This pork chop casserole is a long timer. It demands time to cook. But what melting tenderness is ours, how rich the gravy, what appetite rousing whiffs greet us as we set it proudly on the table!

**Pork Chop and Rice Casserole**  
4 pork chops (approximately 1 1/2 lbs.)  
4 slices onion  
1 can condensed tomato soup  
1 can (14 oz.) tomato juice  
1 tablespoon sugar  
1 teaspoon vinegar  
1 teaspoon salt  
1/2 teaspoon pepper  
1 teaspoon cinnamon—ground  
1/2 teaspoon cloves—ground

Trim the fat off the pork chops leaving only about 1/4 inch of fat on the edge and put the chops in a casserole. Put a tablespoon of rice on each pork chop and a slice of onion on top of the rice. Make a sauce of the remaining ingredients and heat to boiling. Pour the hot sauce over the pork chops in the casserole, cover and bake in a moderate oven (350° F.) for two hours. Serves 2 to 4.
