## AFRICA CLIMAX NEAR AS ALLIES CLOSE IN

### BRITISH, U. S. AND FRENCH TROOPS ARE CONVERGING ON TUNISIA AND TRIPOLITANIA

Allied forces closed in on the Axis today from three directions in a mighty offensive designed to drive Germany and Italy permanently from Africa.

Converging in a close co-ordinated drive, British, American and French troops moved in on Tunisia and Tripolitania. Their objective was a quick defeat of Axis power in Africa to open the way for direct attacks on Nazi-held Europe.

It was indicated that by the weekend an Allied army estimated at 300,000 men would meet the Axis forces in a major battle.

Already the Royal Air Force was giving Italy a sharp taste of things to come. Another great British bombing fleet smashed heavily at Italy's northern industries, concentrating on Turin and particularly the big Fiat airplane and motor works.

The Italians admitted that heavy damage was inflicted and placed casualties at 24 killed and 52 wounded.

The British planes rocked Turin with two-ton bombs and the detonations were so heavy that persons as distant as 60 and 80 miles away were alarmed.

In Africa the Axis faced three drives. From Algeria, a force of British, American and regular French troops—estimated to number 300,000—drove into Tunisia, paced by what was described as the strongest force of paratroops ever employed and fleets of hard-hitting American Boeing Flying Fortresses.

The drive into Tunisia was moving so rapidly that some reports anticipated the climax would come by the weekend. There had been no detailed report of any heavy clash between the advancing Allies and the estimated 10,000 emergency troops thrown into the area for a desperate Axis last stand.

A force of about 30,000 French troops under the leadership of Gen. Henri Giraud was participating in the attack and it was doubted that Vichy forces in Tunisia had much heart for a fight.

Marshal Erwin Rommel was reported to have flown into Tunisia for a conference with the Nazi commander, Gen. Walther Nehring, on defense possibilities.

At least one column of the advancing Allies was reported cutting across the waist of Tunisia with a view of cutting communications with Tripolitania and making possible direct attacks from the west of Tripoli itself.

From the east the British Eighth army was closing in at breakneck speed. Its vanguard was in contact with Rommel's rear guard south of Benghazi, indicating a 70-mile advance in one day.

It was believed that Rommel may try to make a stand in the region of Alghelia, 140 miles south of Benghazi, on the Gulf of Sirte. The British now were about 475 miles from the eastern Tunisian border.

It was possible, however, that Rommel would continue his retreat to Misourata, only 200 miles from Tunisia.

British and American planes of the middle eastern command were attacking the Axis heavily, smashing in Tunisia and also at Axis transports on the Mediterranean.

From the south a column believed to be composed of Americans and Fighting French was reported making a daring 1300-mile foray straight north from Lake Chad

across the almost trackless desert, to close in on Tripoli from the south.

Diplomats in Ankara reported that sabotage and unrest was spreading by leaps and bounds in the Balkans, touched off by the Allied successes in Africa. These quarters doubted that Germany would react to the African developments by moving on Turkey—a strategic possibility which has attracted some attention due to the threat it would create to the Allied rear.

The question of the whereabouts of Gen. Maxime Weygand was beginning to attract attention. He was said to have disappeared from Vichy. Some rumors suggested the Germans had placed him in protective custody.

#### DEAN WOMEN

STEPHENVILLE, Nov. 19.—Miss Faye Floyd of Chilton, matron of girls' dormitories, has been named dean of women at John Tarleton agricultural college, effective Dec. 1. She succeeds Miss Clara Savage, who recently resigned.

#### HORSE MEAT COMING

LOS ANGELES, Nov. 19.—Horse meat soon is to make its appearance here in meat markets—for those who want it. Packer A. Gianni has announced plans for building a plant for slaughtering horses from western states and marketing the meat for human consumption.

### AUTO LICENSE IS REQUIRED

Commenting on gasoline rationing registration, now in progress at the high school gym, Supt. R. N. Cluck urged that all persons be sure to bring their current car license with them.

He announced that the board would be in session from 5:30 this afternoon to 10 tonight to accommodate the public.

It was also found necessary to dismiss high school tomorrow in order to have teachers available to supervise and register applicants.

There will be about 1,500 cars in the Cisco area, and it will require all the time allotted, since it has been found that this rationing requires more time than did the sugar registration, Cluck said.

Two hundred had registered here at noon today.

### FROZEN EGGS CAUSE DEATH; FORTY INSANE

SALEM, Oregon, Nov. 19.—Forty insane inmates of the Oregon State Hospital have died from an unidentified poison—possibly contained in frozen eggs—and a corps of physicians worked to save the lives of more than 400 other men and women.

The poison struck swiftly, and within 15 minutes after dinner Wednesday night, at which the eggs were served scrambled, the victims began complaining of violent cramps. Within an hour the poison had caused the first death. By 10 p. m. five hours after the meal, 10 had died. By midnight, the toll had reached 32. By 4 a. m. the total was reported to have reached 40.

Dr. J. C. Evans, hospital superintendent, said: "They had nausea, vomiting blood, and showed evidence of an acute toxic condition. Respiratory paralysis and violent cramps in the legs preceded death.

"Those who were not strong died immediately." Dr. Evans expressed belief the eggs, obtained from the Federal Surplus Commodities Corporation, contained some poison, or were toxic because of some chemical reaction.

All the deaths, 35 men and five women, occurred in four wards. Inmates of a fifth were ill, Dr. Evans said, but an attendant there tasted the eggs before they were served, and allowed only a small amount to be eaten.

#### NEGRO GETS DEATH

NEW BRUNSWICK, N. J., Nov. 19.—Death in the electric chair Jan. 4 has been ordered for John Henry Swan, 6-foot-4 negro who battered 20-year-old Gizella Mary Forepough to death with his fists in the movie house where he was a porter.

#### LET 'EM FIGHT

HOUSTON, Nov. 19.—Dr. S. M. Lister, chairman of the Texas prison board, said Thursday he is receiving from 10 to 15 letters daily from Texas convicts and from ex-convicts and parolees, all clamoring to get into a branch of the armed forces of the country.

If this is a "people's war" let's stop making it a soft snap for the "right people."

### SERIOUS THOUGHT IS URGED

One hundred percent meeting for last week was announced by President Ernest Hittson at the Rotary club today, making two perfect meetings in a row. It was also stated that there will be no Rotary meeting next week, following the custom of recess for Thanksgiving.

Roy Norton of Clovis, N. M., was a visitor to make up attendance.

Rotarian J. J. Callaway was speaker for the day and he took as his subject the "Final Peace" we must make when the war shall have ended. Mr. Callaway said that there must be much careful thinking as to the kind of government we wanted to live in ourselves, before we would be able to decide as to the peace terms we would ask for the world. And another important thing, the speaker said, was what we were going to do about impressing our ideas upon those who would sit at the peace table.

Shifting back to the kind of government we wanted, he said that officials only kept the promises they made the people who elected them in proportion as they were forced to do.

"Men love power even better than they love money, and no man vested with power will voluntarily surrender that power after he has once tasted authority," the speaker declared.

Mr. Callaway urged eternal vigilance as the price of the liberties we now enjoy, and warned that we must vote right and think right, electing the men whom we can trust with the authority we delegate to them, as our representatives in making and executing the laws under which we must live.

#### BAPTIST TRAINING UNION

The East Cisco Baptist church will close its training union course tonight, with a social hour following the exercises, said Rev. Russell Dennis, pastor of the church. It has been a very successful school, with 53 in attendance, he stated. Mr. Dennis also calls attention to the brotherhood meeting at his church Friday night, with a very interesting local program, he said.

#### MANPOWER NEED GROWS

DALLAS, Nov. 19.—James H. Bond, regional director of the war manpower commission, said military officials expected the military demands for manpower will be doubled the next 14 months and the demand by war industries probably will more than double the next year.

GAS MASK RELAXATION . . . Sgt. William L. Jackson, Cisco, left, and Sgt. Claire M. Winters, Houston, were enjoying full-page colored comics when the photographer caught them in a bivouac rest period. Gas masks men were wearing hid smiles and drowned out chuckles which may have resulted from reading the funnies. The two soldiers are with the 99th Sg. Co.

METAL RECRUITS—Three hundred soldiers join Uncle Sam's offensive in Los Angeles as "General" Larry Simms disbands his toy lead soldiers who are off for the scrap heap.

### FOG HAMPERS LOBOES DEFEAT NAZI AIRMEN, SAY RUSSIANS TO 14 POINTS

MOSCOW, Nov. 19.—While heavy fog deprived the Germans of air support in Stalingrad today and hampered their ground attacks, the Russians attacked in the southern part of the city and captured a number of strong points.

For the first time since September, the Soviet high command reported "no changes on the fronts" in the noon communique, but it was the second time in 24 hours that the Russians had gained inside Stalingrad. They retook some positions the Germans had won earlier in northern Stalingrad yesterday, and captured several strong points.

Soviet gains were reported on two Caucasian fronts—northeast of Nalchik, in the Central Caucasus, and northeast of Tuapse naval base, in the Western Caucasus.

All-American! A player who seems best because better ones attend small colleges that get no publicity.

It's a sad commentary on parents, but the dullest kids are those who meet nobody outside the family.

### TRAINING SCHOOL FUND

Today's drive to secure finances for the Cisco Automotive Training School was progressing nicely at noon, said J. D. Lauderdale, finance chairman.

The various committeemen will meet at the chamber of commerce at 7:30 o'clock tonight for a checkup.

Chairman Lauderdale stated that owing to the shortage of manpower, absence from the city and probably other causes, the committeemen will very likely be unable to see all men and women who desire to participate in this patriotic program. However, those missed for any cause, may mail contributions to the chamber of commerce or call there in person.

### HOGS AT \$14.20

The Fort Worth market today was fully steady on all classes of cattle and calves. Hogs were 5c lower on the butcher classes at a top of \$14.20, while packing sows were strong to 25c higher. Yearling sheep and aged wethers were strong to 25c higher, with other sheep and lambs steady.

Estimated receipts on the Fort Worth market Thursday compared with actual receipts on Thursday of the previous week were: Cattle, 3,200 and 3,009; calves, 2,100 and 2,828; hogs, 1,400 and 1,163; and sheep, 4,000 and 7,261.

The steers and yearlings offered were common to medium grades that sold at \$10 to \$12.75 and included one load of steers at \$12.25. Cattle yearlings and heifers sold from \$8 to \$9.50.

Good beef cows cashed at \$9.50 to \$10.50, with common to medium butcher grades at \$8 to \$9.25 and canners and cutters at \$4.50 to \$7.75.

Good heavy bulls turned at \$9.50 to \$10, common to medium kinds at \$7.50 to \$9.25.

Good to choice fat calves sold at mostly \$11.50 to \$12.50, with one outstanding package of creep-feed calves at \$13.25. Common to medium butcher calves brought to \$11.50. Cull sorts cleared at \$6.50 to \$8.25.

### KENNY METHOD EXPLAINED TO LARGE THROG

FORT WORTH, Nov. 19.—The Sister Kenny treatment of infantile paralysis was demonstrated before an audience of 900 in the Crystal Ballroom of Hotel Texas Wednesday night under the sponsorship of the Tarrant County Chapter of the National Foundation for Infantile Paralysis.

Dr. Charles F. Clayton, assisted by Miss Irene Lang, gave the demonstrations on Jerry Shrader, 2, who was struck with the affliction five weeks ago, and Anne Lydick, 15, who was a victim of infantile paralysis last June.

Dr. Clayton said Sister Kenny's treatment is valuable in the early stages of the disease—it can not help old cases.

### CISCO GUARD WORTHY OF FULL SUPPORT

Weekly drill of the Cisco Defense Guard has been interrupted a number of things during the month, but a movement has started through which it is hoped to get the Guard functioning again. To that end a call has been issued for all old members to assemble at the Cisco fire station at 7:30 o'clock Friday night.

At the same time a special motion is extended to the large number of men from 16 to 65 years of age who have not been attending the meetings.

A number of letters were sent to various persons, inviting them to come out and assist in the work, but those who did not receive such notices should attend anyway.

A member of the Guard made a statement: "Let's all get together and make this Cisco organization what it should be. We meet an hour or more together and pleasantly each week, while every trying to do our part by government."

Drugs and coffee will be served tomorrow night and a good fund will be encouraged. Those who have been consistent attendants since the Guard was first organized.

### ARMY FLIERS ARE TRAPPED IN BALDY PEAK

LAGS, N. M., Nov. 19.—Rescue fliers endeavored today to reach the top of dome-shaped Baldy Peak, 12,200 feet above sea-level, where nine Army fliers, three of whom were seriously injured, have been stranded since Tuesday morning when they crashed in a B-17 bomber.

A member of the bomber crew was killed when the big plane apparently crashed at full speed into the wind-swept peak in Tuesday.

A. D. Packard, caretaker for the Baldy reservoir, who reached the fliers yesterday, identified the man only as "Lieutenant Smith" of Salina, Kas., from where the plane took off. None of the others was identified, but Packard said three were in serious condition, and in need of hospitalization. The six others suffered minor cuts, bruises and sprains, he said.

#### LIMIT HIS POWER.

WASHINGTON, Nov. 19.—The House Ways and Means Committee moved ahead today to prepare compromise legislation giving the president limited authority to suspend tariff and immigration laws, though high government officials testified in favor of a broad grant of power as requested by Roosevelt. The committee voted Wednesday to table the measure until any time during the war.

It was said that the measure would give regulations governing movement across American borders of persons, property or information, and ordered a subcommittee to draft substitute legislation.

Men of bravery and skill can win against odds; but even if they have every advantage, they lose if outsmarted.

God thinks mother should be satisfied because she has him, but a blessing doesn't satisfy, no matter how great it is.

Some people won't believe it, but we have never won a war by bragging on ourselves and ridiculing the enemy.

CISCO—1,614 ft. above sea; immense lake—three miles long, 87 ft. deep at Williamson yellow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas, electric and ice plants; churches of all denominations.

ANNOUNCEMENT OF APPROACHING MARRIAGE.

Mrs. P. L. Hoffman has received word of the approaching marriage of her nephew William F. Byrd, who is a theological student at Garrett Biblical Institute, Evanston, Ill. The bride-to-be is Miss Velma Roberts of Madison, Wis., at present a public school teacher, but especially trained in church work as a pastor's assistant. The wedding will take place Thanksgiving morning in the University church at Madison.

MRS. MILLER HOSTESS AT GROUP LUNCHEON

First Christian council group three met for a covered-dish luncheon Tuesday in the home of Mrs. H. R. Miller, 509 W. Eighteenth street. Luncheon was served buffet style from the large table in the dining room, with guests seated at smaller tables while eating. Mrs. Randolph Lee Clark gave the invocation.

Following luncheon the devotional reading from the Book of Hebrews, chapter 13, was given by Mrs. Randolph Lee Clark, and the topic discussed was "Thanksgiving." Mrs. C. R. West offered the prayer following.

The missionary lesson, "A Visit to the Christian Mission Building in Indianapolis," was presented as

a playlet by Mrs. Lonnie Shockley, Mrs. D. G. Alford, Mrs. J. C. Fletcher and Mrs. Jay Garrett.

A business session was directed by Mrs. J. S. Mobley, group chairman, in which plans were made to fill a box for the Juliet Fowler orphan home. The session was closed by repeating the missionary benediction in unison. Those present were a visitor, Mrs. J. T. McKissick, Abilene; Mrs. Randolph Lee Clark, Mrs. Lonnie Shockley, Mrs. C. R. West, Mrs. Jay Garrett, Mrs. J. C. Fletcher, Mrs. J. W. Bailey, Mrs. A. L. Clark, Mrs. J. S. Mobley, Mrs. C. L. Tune, Mrs. Sam Kimball, Mrs. D. G. Alford and Mrs. H. R. Miller.

MRS. IVIE HOSTESS TO LOYALTY CLUB

Loyalty club of the Woodmen circle was entertained by Mrs. Marvin Ivie on November 13 in her home at 603 W. Twelfth street. In the absence of the president, the meeting was in charge of Mrs. L. B. Mayhew, who directed the business session.

The club voted to pack a Christmas box at the next meeting for disabled veterans in hospitals. It was decided to meet every second Friday afternoon and sew for the Red Cross. The remainder of the period was spent in Red Cross work, and at the close refreshments were passed.

Those present were Mrs. A. B. Cooper, Mrs. L. B. Mayhew, Mrs. L. A. Burkett, Mrs. W. C. Clements, Mrs. M. P. Farnsworth, Mrs. R. D. Jones, Mrs. Herman Lanham and the hostess, Mrs. Ivie.

WMS CIRCLE FIVE IN HENSLEY HOME

First Baptist missionary circle five met in the home of Mrs. H. B. Hensley Tuesday afternoon. Gifts were assembled for Buckner orphan home during the business period, which was in charge of the hostess. A box was filled with the gifts at the close of the meeting and taken to the church for shipment.

Mrs. M. H. Sargent taught an interesting Bible lesson and the session closed with prayer.

Those present were Mrs. F. B. Clappitt, Mrs. W. C. Clements, Mrs. G. T. LaMarr, Mrs. M. P. Farnsworth, Mrs. Ina Pyle Martin, Mrs. E. J. Poe, Mrs. C. Pittman, Mrs. S. B. Parks, Mrs. J. A. Robertson, Mrs. M. H. Sargent and Mrs. Hensley.

MRS. R. B. CARSWELL WAS CIRCLE HOSTESS.

Presbyterian auxiliary circle three met in the home of Mrs. R. B. Carswell, Humboldt, Tuesday afternoon, with Miss Willie Wood presiding.

The meeting opened with prayer by Mrs. W. F. Watson, after which the business routine was heard. An interesting Bible lesson from Luke was brought by Mrs. W. W. Wallace, teacher, who discussed the "Supreme Ministry of Jesus." The meeting closed by repeating the missionary benediction in unison.

Members attending were Mrs. W. W. Wallace, Mrs. J. E. Caffrey, Mrs. Frank Bond, Mrs. W. F.

Watson, Mrs. J. B. Spearman, Mrs. J. G. Rupe, Mrs. A. E. Jamison, Miss Willie Word and Mrs. Carswell.

MRS. L. A. HARRISON HOSTESS TO CIRCLE

Mrs. L. A. Harrison was hostess when circle one of the First Baptist missionary society met in her home Tuesday afternoon. Mrs. W. D. Hazel, chairman, presided and opened the meeting with prayer. Routine business was transacted.

Mrs. Asa Skiles, Bible teacher, brought the lesson from the two Epistles to Timothy.

Those present were a visitor, Mrs. C. R. Fox and her small son, Richard Fox, and Mrs. W. D. Hazel, Mrs. Asa Skiles, Mrs. J. E. Barnam, Mrs. G. B. Langston, Mrs. Leon Maner, Miss LeClaire Harrison and Mrs. Harrison.

18-YEAR-OLDS TO REGISTER IN DECEMBER

WASHINGTON, Nov. 19.—As one more step in a broad program to insure victory, final and complete, President Roosevelt has ordered the young men who become 18 years old in the last six months of this year to register for military service.

Almost simultaneously, selective service headquarters took action to safeguard the supply of farm labor. Men deferred because engaged in essential farm work may not quit the farm for their local draft boards. If they do, they become liable to immediate induction.

Selective service also disclosed that local boards had been instructed to reclassify all registrants heretofore deferred because of conviction of crimes. No more deferments are to be made on this ground unless the registrants are completely disqualified morally and are not eligible for a waiver under the new army standards, the boards were told.

Waivers have been authorized by the army in meritorious cases for men who have criminal records, even including treason,

murder, rape, kidnaping and other heinous crimes, if their conduct has been fitting for at least six months after their release from confinement. The boards were told to ask waivers for these men and others with less serious records, if they are otherwise available for military service.

President Roosevelt's action was necessitated by the recently enacted legislation lowering the minimum draft age to include 18 and 19-year-olds. Those who became 18 up to the end of last June had already registered.

The president provided three registration dates. Those who became 18 in July and August are to register during the week of Dec. 11. Those whose birthdays were in September and October are to register during the week of Dec. 18. And those becoming 18 in November and December are to register between Dec. 26 and 31, inclusive. After Jan. 1, men becoming 18 will register on their birthdays.

GAS PRODUCTION UP

WASHINGTON, Nov. 19.—Daily average production of natural gasoline and allied products increased during September, the bureau of mines reports. The gain is the fifth month in succession to show an increase and brings the daily average to 9,797,000 gallons. Increased production in the Texas Panhandle, Oklahoma and Illinois figured prominently in the enlarged production. The Panhandle stepped its September output up to 33,690,000 gallons, compared with 32,553,000 gallons in August. The Texas gulf coast also reported increased production, its total being 32,351,000 gallons, compared

RUPTURE SHIELD EXPERT HERE

H. M. SHEVYAN, widely known expert of Chicago, will personally be at Connettee Hotel, Eastland, Friday only, November 20, from 9 a. m. to 5 p. m.

Mr. Shevyan says: The Zentic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthening the weakened parts, thereby closing the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size or location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevyan will be glad to demonstrate without charge. Add. 6509 N. Artesian Ave. Chicago. Large incisional hernia or rupture following surgical operation especially solicited.

with 31,375,000 gallons for August. East Texas showed a slight drop, the total being 28,163,000 gallons, compared with 29,959,000 gallons for August.

RULES REVERSED.

DALLAS, Nov. 19.—The most radical revision the Army has ever made in its rules for military nurses was announced Wednesday

with notification from Washington to the Dallas County Red Cross nursing committee to begin accepting married nurses into the Army Nursing Corps. Married women have never before been accepted, said Miss Angela McKay, chairman of the local committee for the Army and Navy. She was notified that the present need for nurses is so great that the rules have been relaxed.

Dick made his money in a shady transaction, so the rest of the family wouldn't have anything to do with him if he hadn't made so much.

To get better prices, the farmer might use the manufacturer's scheme. A quart of milk brings twice as much if you add a quart of water.

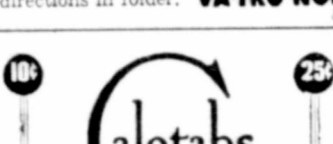

The Girl Behind the Man Behind the Gun

Women workers in an Army Ordnance Department Arsenal rebuild rifles for shipment to field troops and contribute their share toward winning of the war by not only joining the production front but also participating in the War Savings payroll campaign. They are representative of women who will be enlisted during Women At War Week, Nov. 22 to 26, by the Women's Section of the War Savings Staff of Treasury Department.

To Help COLDS Prevent from developing

Put a few drops of Vicks Vapo-rinol up each nostril at the very first sniff, sneeze or sign of nasal irritation. Its quick action aids Nature's defenses against colds. Follow directions in folder. VICKS VAPORINOL

Next time you need calomel take Calotabs. The improved calomel compound tablets that make calomel-taking pleasant. Sugar-coated, agreeable, prompt and effective. Not necessary to follow with salts or castor oil. Use only as directed on label.
