## Muleshoe Robbery Nets \$2500

Lubbock Resident Charged; Posts Bond

A badly shaken local real estate agent walked into the city police department at 12:37 Wednesday and reported to the dispatcher that he had just been robbed of \$2500.

J.A. (Allen) McGee, 72, reported to the quickly responding city and county officers that he had been robbed of the money by three Negro men a short time before he reported it to the police department.

According to the story McGee told officers he was parked at the site of a drive-in restaurant being remodeled in preparation to open when a Negro man walked up to his car. He said the man asked him to take him to town and McGee agreed to drive him to town.

McGee told investigating officers that when they got near the John Deere house on West American Blvd., the man asked him to take him over into the flats. He told the officers he drove the man to a house where another man walked out to the car.

From this point, the story gets a little vague, McGee said the men threatened him with harm. He said "they said they would hurt me if I did not get them some money. They asked me for \$5000, but I told them I did not have that much so they told me to go to the bank and get them \$2500. He added that he drove to the Muleshoe State Bank, accompanied by the men, and got a cashier's check for \$2500. The men allegedly refused to accept the cashier's check and sent him back into the bank to get cash. He received the cash while the two men waited outside.

## Lazbuddie Wins District in 1-B, Down Matador

'Horns to Meet Winner Booker-Groom Game

Victory cries rang out loud and clear over the little community of Lazbuddie Friday night, as the Longhorns hooked and blasted their way over the Matador Matadors 74-6 to take the district championship.

Throughout the huge crowd which turned out to see the vital district game were noted many Muleshoe residents. Football fans were not disappointed from the onset of the game. It was Lazbuddie's game, Lazbuddie was in control of the ball and the speedy team proved that they are Number One.

Going into the game, Matador had an 8-1 record and the Longhorn record for the year was 9-0. Matador and Hart were tied in second for the lead in district and should Lazbuddie have lost the game there would have been a three way tie for district honors. Hart handed Matador their only defeat of the season and Steve Foster scooted around on a sweep in to the end for two more points to make it an 8-0 game.

Lazbuddie won the toss and received in the opening period. For almost four minutes it was a defensive battle. Matador got a break by recovering a Lazbuddie fumble, however, were unable to move the ball downfield. Derrell Matthews was the first 'Horn to put the scoreboard in lights. He went into the end zone standing up on a 25 yard scamper with 8:28 on the clock. Steve Foster scooted around on a sweep in to the end for two more points to make it an 8-0 game.

A determined group of Matadors fought their way downfield, picking up enough yardage as they marched to make it into the end zone. Don Cox scored from five yards out with 4:37 to tick off on the clock in the first. The PAT failed.

One minute and one second later at 3:56 in the first, Troy Steinbock romped over from the nine and Derrell Matthews ran a couple of extra points to change the scoreboard to 16-0.

First points in the second were following a Foster interception on the Matador 15 yard line. Hinkson made it down to the three, dragging a couple of Con't, on Page 3, Col. 2

## Big Perryton Rangers Down Mules, 53-0

Muleshoe's Mules fell to the Perryton Rangers 53-0 in the final gridiron action of 1968. Plagued by injuries as Charlie Beamon, Ronnie Barrett and Bobby Bruce all sustained injuries in the game, the Mule offense never did get started and the Rangers proved to be too powerful for the Mules.

Bob Goum, on a pass from quarterback Dick McWhorter, put the Rangers on the scoreboard for the first TD. The conversion attempt failed and the Rangers led 6-0.

Randy Tivis followed with a 45 yard run and Larry Roberts kicked to widen the lead to 13-0. Tivis made the next two TD's, one a five yard run and the other a one yard plunge. Roberts kicked to make it 20-0.

One minute and one second later at 3:56 in the first, Troy Steinbock romped over from the nine and Derrell Matthews ran a couple of extra points to change the scoreboard to 16-0.

First points in the second were following a Foster interception on the Matador 15 yard line. Hinkson made it down to the three, dragging a couple of Con't, on Page 3, Col. 2

Showing outstanding defense, the guards for the Mulettes held the Lazbuddie team to 26 points at halftime and tightened their hold to only giving up 13 points in the second half of the game.

Gayetta Gable stretched her points out to 33 during the game, while forward Charlotte Wagon accumulated five and Janice Head put a total of 18 points through the hoop.

## National Farm-City Week is Proclaimed

The week of November 22-28 has been designated by President Johnson as National Farm-City Week for 1968. The week is sponsored nationally by Kiwanis International in cooperation with Soil and Water Conservation districts, these elements of our natural environment are of critical importance to all people whether they live in the city or country.

During the next 32 years, another 100 million Americans will be added to today's population. How well we plan for our countryside, and how successfully we develop town and country economies, will determine the value of our resources in the 21st century. Individual lives, too, will be shaped by whether our core cities are restored and whether suburban growth is translated into durable and desirable forms of community development.

Major tools for achieving these goals are: An agricultural capacity for abundance never before attained by any nation; a vigorous economy with a gross national product this year of around \$850 billion dollars; and our will to use our prosperity as an instru-

WANTS TO BE MARRIED. INQUIRES PLEASE

We will be closed Thursday Nov. 28, in observance of Thanksgiving.

From The Chief's Desk

The dispatchers who work at the desk in the city police department continue to be called by many local citizens when they hear a siren in the city. I would like to remind you once again, to please wait at least fifteen minutes to call to inquire about the emergency. This will give the dispatcher time to summon officers, ambulances (if necessary) and fire department officers when they are needed. Our dispatchers do not intend to be brusque or discourteous, but when there is emergency traffic in our department, it is imperative for them to send needed officers and equipment immediately. Your cooperation is requested in this. Once the emergency vehicles have all been summoned, then at that time, the dispatcher will have the time to tell you what type of emergency we have.

was parked near the drive-in. They watched the man hold a brief conversation with McGee then got into the McGee car. Other people reported seeing the car in the vicinity of the former Green Memorial Hospital where suspicious actions of the men in the car were watched. They told officers that they saw a man get out of the car, walk over to some weeds, drop something in the weeds, kick dirt over it and leave. A short time later, the same people reported they saw McGee go to the same area and search in the weeds. The reason for these actions has not been explained to investigating officers. Yet more people reported seeing the vehicle and the men downtown near the pool hall. They said they watched one man leave the car and go down the street and another man stay near the bank. As a result of investigation, a warrant for felony theft was issued Thursday morning and William Lewis Jr. was arrested in Lubbock. Sheriff Dee Clements returned Lewis from Lubbock last Thursday afternoon. He was released from Bailey County Jail Friday after posting a \$7500 bond. Lewis formerly lived in Muleshoe and was known by the sheriff's office. Late Friday afternoon, investigation was continuing in the case and at least one other warrant had been issued. reluctant Matadors with him the last five or six yards. From there, he made it on in and Foster scampered around the end to make it 24-6. Steinbock, on a keeper, made it through the line for an 18-yard TD with 4:33 in the second and the kick failed to leave 30-6 on the bright scoreboard clock. Next TD came as a direct result of Larry Hodges recovering a Matador fumble on the Matador 20. Matthews scooted across the line from the 15 and Foster again romped over for extra points. At halftime, the score stood at 38-6. Hinkson skipped and twisted and ran 60 yards with 8:12 to play in the third. Matthews booted the ball between the goal posts to make it 45-6. Almost four minutes later, at 4:29 of the third, Matthews intercepted a Matador pass on the Lazbuddie 35 line. Cutting back and forth and eluding the stunned Matadors, Matthews made it in to pay dirt standing up. Steinbock kicked the PAT. It was at that point 52-6. Steinbock intercepted early in the fourth and ran 40 yards with the pigskin before being brought down on the Matador three. Foster made it over from the three and Steinbock kicked. The score was 59-6, with 11:57 in the game. Matador moved into the shadows of the goal post as they got to the one-yard line where a determined bunch of Longhorns held them on the one. Taking the ball on the one on downs, Steinbock made it all the way on a 99-yard touchdown run. The big play of the game and of the evening. The clock stood at 4:46 when Foster added insult to injury by adding two more points on an end sweep to make a score of 67-6. Speedy little Steve Foster made an outstanding play recovery on the Matador 26 and Hinkson scored on a 26-yard run with 20 seconds in the game. Steinbock kicked the extra to end scoring at 74-6. The Longhorns again recovered a Matador punt on the 30 but ran out the clock and ran out the game. Lazbuddie attempted two passes and completed one. Matador completed nine of 37 pass attempts; the Horns intercepted five times and Matador intercepted one time; Lazbuddie logged 16 first downs to 10 for Matador. Lazbuddie punted twice and Matador five times; Lazbuddie fumbled two times and recovered three; Matador fumbled three times and recovered two. Lazbuddie was penalized five times for 45 yards and Matador had six penalties for 40 yards.

## Fireplaces Becoming Popular

COLLEGE STATION.--Fireplace equipment will be common and popular in the home furnishings market this winter, predicts a Texas A&M University housing specialist.

One reason, explains Bonny Lay, extension specialist, is that more new homes are being built with one to three fireplaces. People like the warm feeling associated with fireplaces.

Fireplaces are again becoming functional instead of decorative, says Miss Lay, who cites as evidence the decline in imitation log sales and the increased sale of screens.

Fireplace equipment is available in many styles. Mediterranean, Spanish, Early American and Colonial are the

most popular. These styles are closely related to other furnishings, says the specialist. The most popular materials will be brass and wrought iron, according to Miss Lay. Wrought iron and pewter-like materials will replace highly polished brass because brass requires more care.

Fireplace sets are available at many prices, ranging from about \$25 to \$300 for custom made, hand crafted sets.

Choose your market for cleanliness especially when buying chicken or turkey, say foods specialists with the Texas Agricultural Extension Service. A good market keeps fresh birds refrigerated and frozen birds frozen at all times.

Entries in the show were as follows: Tanya Cherry, Kelley Chah, Pamela Swin, Laticia Rogers, Kathy Pena, Pattyi Pena, Lavanna Sue Page, Ruby Nell Page, Janis St. Clair, Mrs. Dick Stafford, Cindy Stafford, Mrs. Kenneth Henry, Sharla and Sherry, Mrs. Jimmy White, Krista and Kathi White, Moni and Dale Sharon Martin, Tracy Cowan, Leslie Cowan, Kim Cowan.

### Library Lists Area Readers

At the close of the Summer Reading Club program at the Muleshoe Area Public Library there had been over 10,000 books checked out, and there were 118 boys and girls who turned in reading lists showing that they had read 12 or more books in order to receive the Texas Reading Club Certificate.

These boys and girls will be honored November 25th at Assembly programs in each of the Elementary Schools and at the Jr. High School Library.

There were over 300 boys and girls who started, and many read, but not enough to earn the certificate, and some may not have turned their reading list back in to the library before school started. If there is any questions about this, parents are asked to call the library before Friday. The highest readers are kept secret until the programs are held, and awards given, then they will have their pictures in the newspaper, and all who earned certificates will have their names on an honor roll at the library.

Boys and girls who will receive Texas Reading Club Certificates and award ribbons at programs in assemblies on Monday November 25: Richland Hills School, Cafeteria, 9 a.m.

**Ask Amy**  
BY AMY ADAMS

**MOM, JOIN THE CLUB!**

Dear Amy: I have 4 children. My oldest child is 18 years old. She has a sister who is 15 and a brother who is 13. I seem to have a heart-breaking problem with the girls! The 18 year old girl carries a grudge to the point where she doesn't talk to me at all. She bluntly answers me with a yes or no. Never any explanations offered even if I ask for them. I feel so heart-sick over this that I cry many times. To make things worse, she even talks to the 15 year old, and she, too, in loyalty to her sister, will treat me the same in her presence. I can't understand this kind of behavior and it upsets me very much. Why would an 18 year old girl dislike (hate) her mother so much? The more I try to take an interest in her, the more she resents it. I have even tried to ask her why this type of behavior and she will not give me any kind of an answer at all. You see, I don't know how to cope with her if I don't know what is bothering her. (Can you give me an insight into this problem, or explain it at all?) Mrs. B.B.

Dear Mrs. B.B.: I would venture to say that every parent goes through this experience somewhere along the line in raising their children. It is not easy to cope with and is very heart-breaking, but if you know your children well enough, you can break this barrier by handling the situation properly. Let me assure you that your daughter does not hate you. This may come as a surprise to you but she loves you very much, and although she does not show it, she will if you have patience and fortitude. It is not easy for teenagers to grow up today. There are many frustrations. They have more competition and they have a certain amount of rebellion as to property and to their parents' way of thinking. In the effort of growing up into maturity, they sometimes try to shut their parents out of their lives. Do not be offended. This is part of growing up . . . and she will change. She needs more time and you need to give her that time. Continue to be kind, loving and helpful when she needs you. If she is doing something you do not approve of, be sure to tell her. Also be sure to compliment her and praise her when she pleases you. Smile, mother, and chin up!

Dear Amy: I read your column every week and I enjoy it immensely. My mother is very strict on the length of my skirts. I agree with her on it, but the rest of the girls in my class wear as practically anything they want. They tell me to rebel against my mother. If you were 13, what would you do? Skirts

Dear Skirts: I'd listen to my mother. P.S. And there are times when I still do!

Dear Amy: This is in answer to "Mr. J.A.G.'s" letter about his wife getting her ears pierced. I was lucky to get mine pierced when I was a baby. Since the age of 5 I haven't worn earrings through my pierced ears because it just wasn't a popular style. I just started to wear them again about 5 years ago, and I'll tell you one thing--it isn't vanity as much as comfort. When I wore the clip-on style earrings, I often got a headache or carache because the clip was too tight . . . or I would lose an earring. Now I can wear my earrings in complete comfort and I haven't lost an earring since. I have 4 daughters and if anyone of them wants her ears pierced, I'm all for it! I hope, "J.A.G.", you are not like my husband who also asked me not to do three things when we were married: Don't wear nail polish, don't smoke and don't use perfume. Then I noticed that he reeked from perfume when he had an affair with another woman. So now I do as I please and he loves me for it. By the way, "Mr. J.A.G.", what three things are you doing for your wife in return? Mrs. L.J.V.

Three-Way's Junior High Team also played their last football game of the season, November 14. Three-Way was defeated by Cotton Center with the score of 36-16. Their Pep Club had a party for them after the game at the school cafeteria.

Be sure and remember the Thanksgiving Supper the 25th of November. The girls are still working on it. It is sponsored by the Future Homemakers of America. It will be at Three-Way School Cafeteria at 7:30.

The Three-Way Junior High has a basketball game at Lubbock, Monday November 18, 1968. They're out to win. Lynn Kelley is being moved to Lubbock. He is doing a great deal better. He is a graduate from Three-Way last year.

The Three-Way Junior Home Economics class was privileged to have Mr. Joe Harbin, Education Service Director from Bailey County Electric Coop. of Muleshoe to speak to them Monday, November 18. He gave a demonstration on preparing small appliances which was very interesting.

### Local Sailor Visited Japan Aboard Carrier

USS CONSTELLATION at sea—Storekeeper Second Class Raul Munoz, USN, 24, son of Mrs. Ramona Munoz of Earth, visited Yokosuka, Japan aboard the attack aircraft carrier USS Constellation.

Constellation arrived in Yokosuka from conducting combat operations with the Seventh Fleet off the coast of Vietnam. In addition to sight-seeing in Yokosuka, many crewmen enjoyed tours to Tokyo, Yokohama, Kamakura, and Hakone.

The San Diego-based carrier recently spent a 26 day period in the Gulf of Tonkin where Constellation pilots continued to disrupt and impede supplies flowing into South Vietnam. While knocking out nine bridges and destroying 134 trucks and 280 supply barges, they also silenced 56 anti-aircraft gun emplacements and struck four surface-to-air missile sites.

### Kenneth Evins Finance Clerk In Vietnam

PLEIKU, VIETNAM—Army Specialist Four Kenneth J. Evins, 25, son of Mr. and Mrs. James H. Evins, Route 3, Muleshoe, was assigned November 1 to the 92d Artillery near Pleiku, Vietnam, as a finance clerk.

His wife, Carol, lives at 425 Mohawk Trail, Shreveport, La. Genuine religion is conspicuous because it lacks display.

## Baylor Med School Ties Cut by BGCT

FORT WORTH—Texas Baptists sadly but firmly severed official ties with Baylor University College of Medicine, Houston, so that the institution might, as a son come of age, make its own way in the world and compete successfully with its peers. This decision was the highlight of the 83rd annual session of the Baptist General Convention of Texas at the Tarrant County Convention Center.

The proposal met little opposition as it threatened through Baptist General Convention of Texas administrative machinery. It was generally considered as the best solution for the school, which draws only one per cent of its more than \$21 million budget from the Cooperative Program and is under strong pressure from the state of Texas to double its enrollment.

The report of the BGCT Christian Life Commission (CLC), which plunged into such issues as race, drugs, planned parenthood, war, and evangelism and ethics, passed with no opposition.

The Committee of 100, commissioned by the EGCT in 1966 to review all phases of Texas Baptist life and increase lay participation in BGCT affairs, presented its last report. All but one of its 58 recommendations passed by wide margins.

The exception was a proposal to set up a rudimentary referral service that would assist pastors in locating candidates for their pulpits. The motion to adopt was tabled indefinitely.

By common consent, the convention requested that the executive board make a fuller report of the recent audit of the Church Loan Dept. following a demand by Herbert Howard, pastor of Park Cities Baptist Church, Dallas, for such action. The matter will be reconsidered at the Executive Board's Dec. 6 session.

Clinard, pastor of First Baptist Church, San Angelo, was reelected by acclamation to the BGCT helm. Respective First and Second Vice Presidents are Jimmy Allen, pastor of First Baptist Church, Dallas, Cecil Goff of Dallas was reelected

recording secretary and D.B. South of San Antonio was appointed to his 43rd term as registration secretary. J. Elra Mead of Dallas was named secretary of the corporation. Pre-convention publicity and "grass-roots" preview sessions across the Lone Star State paved the way for unanimous passage of the record \$13.5 million 1969 budget with question or debate. The new financial projection exceeds last year's budget by \$700,000. The Christian Education Commission drew the largest single expenditure with \$3,554,550. This includes \$197,476, earmarked as the last cooperative program allocation for Baylor College of Medicine.

The Church Development Award, "BGCT Church of the E Year" was earned by Bethany Baptist Church, Dallas, pastored by Herbert Garrett, while Roy Bacus, General Manager for WCAP Radio-TV, Fort Worth, garnered the Public Relations Award. Bacus, immediate past president of the Texas Broadcaster's Association, served on the Southern Baptist Radio-TV Commission for six years as an advisor.

Ten routine resolutions were approved, one of which supported the strong Christian Life Commission stand on narcotic and drug control. Another directed that a telegram be sent to President-Elect Richard M. Nixon, assuring him of prayers and support.

HIGH KICKER—Jerry Don Sanders, son of Mrs. Herstal Sanders, and the late Herstal Sanders, Muleshoe, is an outstanding kicker on the Texas Tech Red Raider team. The 20-year old junior played varsity four years, two years in junior high school. During his senior year, he had 1200 yards rushing. He also played with the Picadors, Tech's freshman team and has compiled field goals of 59, 57, 53 and 55 yards.

If in doubt, do a favor for the person who refused to do one for you. Hard work never kills anyone, they say, but occasionally it wears us down.

### Nursery News

LANDSCAPING By A.L. Woodburn GARDEN CENTER NURSERY Clovis, N.M.

Some more discussion of the kind and amount of shade trees that a person needs to dress his yard might be more appropriate should the temperature rise to around 100 degrees in the shade. However, now is the time to plant trees to be established for the enjoyment when the temperature gets that warm.

Most any day that we want to, we can declare an Arbor Day. After some study on the subject of Arbor Day all that we can find is that it is a day set aside for planting of trees.

The custom started in Nebraska. Nebraska is somewhat like this area in that nature did not provide an abundance of trees. Since nature did not it behooves us to adapt to what we want.

The ash as we know it makes a very symmetrical tree of very nice shape. The leaves are not too large and are among the first to color in the fall. They are of the olive family, along with lilac and privet. The main disadvantage is that it is not too fast a growth.

The maple is a very fast growth tree and makes a very nice shade. The seed of some varieties are not the best and since roots are shallow, it is not the most desirable. The foliage colors very nice when the season is progressive to cold. That is, some light frost before a freeze.

The fruitless mulberry is a medium deep rooted tree that makes a thick shade. Probably it has the fastest growth for any except the elm. The leaves will color on light frost and stay on until a hard freeze and all turn loose at once.

The sycamore makes a big-headed tree that is of very nice shape. They are heavy feeder of iron and leaves will drop from them all during the year. To winter feed with sulfur soil or other iron mixture and the sycamore will do very well.

The willows, poplars, and elms are shallow rooted, with a vigorous root system which makes them strong competition in the yard or garden. Adv.

## Recent Activities In FHA Chapters

### Beauty Pageant Winners

Peggy Williams and John Freeman Elliott were selected most beautiful and most handsome in Muleshoe High School Saturday Night, November 16, amid the flurry and excitement of the Thespians sixth annual beauty pageant. Firstrunners-up were Trenea Bryant and John Woodard. Second, Waid Griffin and Deborah Wagon, third, Joe Pat Riley and Vicki Street, fourth, Steve Black and Kay Douglas.

The theme for the event was "deep purple." Stage decoration was planned by Sheryl Mason and Renee Dyer.

Master of Ceremonies was Robert Garlington of Canyon and judges were Sue Frazier, Alice Canyon, and Evelyn Maxey of Olton.

After personal interviews, the candidates were observed on stage in informal, then formal attire. Five finalists were selected in boys and girls divided into two groups.

Overall, I feel like we will have a strong team this year. In order to offset their inexperience, these boys will make up for it in hustle and an all-out effort at all times.

The basketball boys will be spending a lot of their time in practice and training in order to represent their school and community to the best of their ability. Lets give these boys our support by encouraging them and telling them our appreciation for their efforts. Most of all, come out and support them in their games.

vision and they performed talents.

Kay Douglas sang "Doin' What Comes Naturally," Steve Black sang "The Flower Song", third runner-up Joe Pat Riley gave an amusing sketch from Tom Sawyer. Vicki Street gave a patriotic reading, Waid Griffin sang "Girl from Ipanema" and Deborah Wagon performed a modern dance to "Mexican Corn." Trenea Bryant played her saxophone and John Woodard gave his impressions of Huckleberry Finn.

Winner Peggy Williams gave a patriotic reading and John Elliott pantomimed an answer to "Harper Valley P.T.A."

Miss Williams and Mr. Elliott will be honored in the Muleshoe High School Annual, the Mule-Trian.

### Freshman Girls Down Swan By 37-33 Score

Monday night was the witness of a very thrilling game between the Sudan and the Muleshoe Freshman girls basketball teams. It was a close game all the way, but in the final minutes, Muleshoe's girls rallied to win 37-33.

The Freshman girls played fairly good ball, except that too many fouled, and the forwards missed their lay-up shots.

Brenda Kimbrough scored 13 points; Kay Douglas, 10 points; Peggy Carter, 8 points; Judy Calvert, 4 points; and Nanette Morris, 2 points.

The guards did a very fine job. On defensive were: Janis St. Clair, Debby Parks, Joann Dobbins, and Vanda Spurgeon.

These Freshman girls are developing into a fine team—so, come, watch, and support them during their next games.

In the Home Ec. classes last Tuesday the Freshmen girls enjoyed a demonstration (given by Mrs. Jo Anne Raper and Miss McCarty, from Southwestern Public Service at Clovis, New Mexico), in which they cooked each group of girls was responsible for preparing a dish.

After preparation everyone tasted the four dishes made. Each was found to be very delicious and the demonstration proved very successful and enjoyable.

Chosen as Rosebud F.H.A. "Girl of the Month" was Joann Dobbins. Joann sold a tremendous amount of cookbooks and Stanley Products, and she is on a standing committee for our chapter. She willingly takes part in all F.H.A. activities and projects, and we appreciate her hard work.

Congratulations Joann!

Students in Mrs. Georgia Pena's Junior High reading classes gave Puppet Shows Friday, November 22, during their regular class periods.

This activity is the culmination of a four weeks project for the students. The objective was to encourage the children to read more stories and to decide on certain ones to make into plays to be performed.

The students constructed the stage, scenery and puppets. "Jack and the Beanstalk," "The Wizard of Oz," "Baba Yaga," "The Three Golden Oranges," "Paul Bunyan" and "The Feast of the Lanterns" were the plays presented.

### Style Show Monday Night Well Attended

By Dellinda Henry.

The annual F.H.A. Style Show was held November 18 at 7:30 p.m. in the Muleshoe High School Auditorium. The style show was preceded by a F.H.A. meeting which was opened by Vina Bass, the Rose Chapter, president. Afterwards Leland Ferris played beautiful music while the Homemaking girls modeled outfits they made at school and at home.

When the style show was finished Vina thanked Leland for the music and she also thanked St. Clair's Dept. Store for the lovely decorations. She then closed the meeting. Refreshments were served by the Muleshoe Rosebud Chapter in the Homemaking Departments.

Meanest Teacher will be: "My history teacher is the meanest man I know." Father: "How is that?" will be: "He borrows my pencil to sharpen his pencil to give me bad marks."

Our thanks also goes out to the kids that worked so hard at selling advanced tickets. Over all we made a profit of over \$300. If you missed the supper you missed out on an exceptional meal!

Our thanks to the Juniors and Junior class parents!

DRINK HARTY!--So says Janine Freeman to a classmate. The sophomore class was given a coke party for winning the hall decorations. All classes participated and the sophomores won.
