COMBINED WITH CISCO DAILY NEWS AND CISCO AMERICAN AND ROUND-UP, NOVEMBER 1, 1937

CISCO, TEXAS, FRIDAY, MARCH 5, 1943

NUMBER 129

CISCO—1,614 ft. above sea; immense lake—three miles long, 87 ft. deep at Williams hollow concrete dam; fish hatchery; 127 blocks paving; A-1 high school; Junior college; natural gas; electric and ice plants; War Industries Training School for Women.

CISCO—One of the healthiest areas in U.S.A., with a countryside devoted to blooded cattle, hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil, two railroads; Bankhead highway; huge concrete swimming pool.

VOLUME XXIII

## DOUGHTY REDS MOVE UP ON 900-MI. FRONT

### DR. POOL WILL HEAD MISSIONS SCHOOL, HERE

Dr. J. C. Pool, on furlough from the mission field in Africa, will be with the First Baptist church from Sunday through Wednesday night in a school of missions. He will fill the pulpit at both services Sunday, showing some exhibits at the evening hour.

The program will begin each evening at 8 o'clock and will consist of two classes, one of which Dr. Pool will teach for the adults and young people. Another class

### FALL CAUSED DEATH OF HUBERT H. JONES

RISING STAR, March 5.—Hubert H. Jones, prominent citizen and veteran of World War No. 1, was almost instantly killed Wednesday afternoon when he fell from a high stack of peanuts in the city market building. A doctor was called and arrived just as he was breathing his last. The physician stated that a crushed skull would have caused death and also his neck might have been broken.

Jones had gone to the warehouse with a peanut buyer to get samples of peanuts and climbed a high stack in getting into the building. It is presumed he lost his balance or the peanut bags gave way and he came tumbling down. The peanut buyer rushed out for a doctor.

Mr. Jones was a member of an old Rising Star family, prior to the war being engaged with his father in the operation of an ice plant. During the last several years he engaged in trucking and also operation of the Jones Feed Store. He was a member of the Baptist church and the American Legion, of which he was past commander.

He is survived by his widow and two sons, Mearlyn, of Fort Worth and Monty Joe, of this city, and a daughter, Miss Gloria Jean Jones, a student in Rising Star high school. Also his mother, Mrs. H. J. Jones, of Arlington; two brothers, J. Lee Jones, of Breckenridge, and H. J. Jones, Jr., of Arlington and two sisters, Mrs. C. M. Cox, of this city and Miss Flora Jones, of Arlington.

will be taught for intermediates by Mrs. W. T. Irwin. A third class for smaller children will meet at 3:30 in the afternoon and will be taught by Mrs. A. B. Cooper and Mrs. Otis Skiles.

A reel of pictures showing the mission work in progress and interesting African scenery will be shown each evening in connection with the lectures. These films will be shown about 9:15 and the public will be invited to attend this feature as well as to attend the lectures. There will be no admission charge.

### WOMAN RICH IN FRIENDS AND YEARS HONOR'D

Mrs. Amelia Wende, a most estimable woman and long-time resident of Eastland county, celebrated her 90th birthday at her home four miles south of Cisco on March 2.

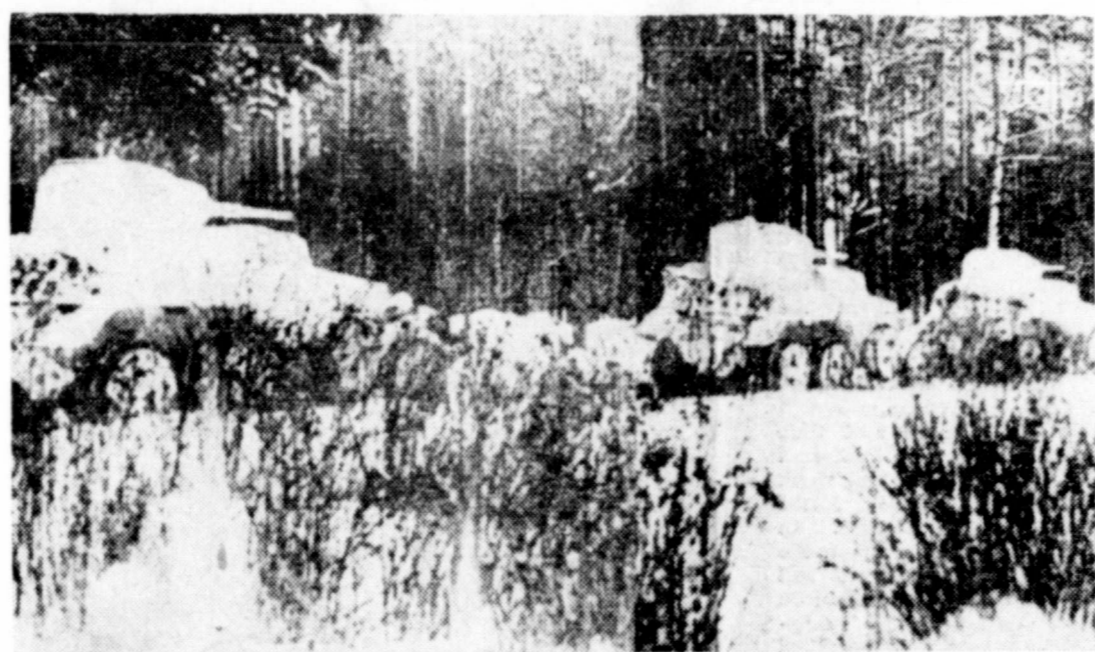

Eight children, numerous grandchildren and a large number of friends enjoyed the occasion. Among the many present was Mrs. G. G. McKinney, who has passed her 85th birthday. Mrs. Will Huber, a daughter, as well as four great grandchild, were unable to attend the unusual event.

Those present included the following: Mr. and Mrs. Charlie Wende, Misses Dora and Lubena Wende, Willie Wende, Mr. and Mrs. Otto Wende, Martin Wende, Misses Meta and Erma Wende, Mr. and Mrs. Paul Wende, Mr. and Mrs. Gus Wende, Miss Emma Lee Wende, Mr. and Mrs. E. J. Wende, Mr. and Mrs. Dan Wende, Edward Wende, Master Charles Wende, Mr. and Mrs. Charlie Weiser, Miss Martha Wende, Ben Weiser, Misses Meta and Lillian Weiser, Master Norman Weiser, Mr. and Mrs. J. R. Deen and Bobbie Jean and Buddy Deen, Mrs. A. H. Bauer, Mr. and Mrs. Martin Weiser and daughter, Beulah Mae, Mr. and Mrs. Carl Stroebel and daughters, Mary Ann and Alice Ruth, Mr. and Mrs. Ed Wende and daughter, Danelda, Rev. and Mrs. E. Steyer, Mr. and Mrs. O. P. Weiser, Mr. and Mrs. Henry Stroebel, Clarence Stroebel, Mr. and Mrs. Will Prange and daughters, Verna Mae and Norma, Mr. and Mrs. Robert Stephen, Mrs. Dorothy Prange, Mrs. Lillie Baugh, Herman Schaefer, J. C. Thurman, Misses Mittie and Matie Burson, Mr. and Mrs. J. W. McKinney and family, Charlotte and Nora Beth, Travis and Joe. Afternoon callers were Mrs. P. R. Warwick, Mrs. A. E. Jamison and Mr. and Mrs. L. Nest Schaefer.

Mr. Robertson, beginning just before noon Tuesday, did all the soliciting personally and is entitled to a lot of commendation for his fine work. However, he declined a great deal of credit, giving most of the credit to the citizenship of Rising Star, which he believes to be the best in the state when it comes to any patriotic or civic duty.

WICKARD'S PROPHECY. WASHINGTON, March 5.—Americans must tighten belts because there is not going to be enough food to satisfy all of the demands of the United States and its Allies this year, Secretary of Agriculture Wickard has told a senate committee privately.

HOUSE FAVORS CHIHROS. AUSTIN, March 5.—For the first time in Texas history, a bill recognizing chiropractic today had the approval of the Texas house. Final passage of the bill legalizing chiropractic came late Thursday afternoon after one of the fullest legislative days in this session. It must now face the senate.

GHOST TANKS—White-painted Russian tanks bear semblance of ghosts against snow-clad country. But suddenly they can belch fire and steel, as they move forward against Nazis on Don front. Tanks shown here were moving up to encirclement of Kharkov which later capitulated to Russians.

CLOUD HOPPERS DID IT—Taking advantage of cloud cover, Nazi planes made raid over south of England and left bombed buildings in their wake, in unnamed town. Baby carriages are being salvaged from debris in street.

### BROOM CORN IS FARMER'S BEST CROP, CLAIMED

"Broom corn is the farmer's best crop for this year, it appears to me," said H. H. Tompkins, local broom and mop manufacturer, today.

"It is selling for \$300 per ton and good land produces from 400 to 600 pounds to the acre," he added.

Tompkins said he is using about \$25,000 worth a year, and that in some instances he had known the rent to pay for the land in one year.

Another thing that makes broom corn a good crop when labor is hard to get, is the fact that the harvest comes in July when other crops are not ready for harvest, and when there is no school, so that children may be used for that work.

Besides the market that Mr. Tompkins furnishes there are lots of other markets for the Eastland county crop, he stated.

This section of the country is ideal for growing broom corn, Tompkins asserted.

### FAIR REQUEST.

JACKSON, Tenn., March 5.—Seeking deferment for her son, Marshall, so he could help on the farm, Olivia Jones, Negro, told the local selective service board that she and her husband, Julius, already have nine sons in the army. The couple also have three sons who are civilians, and five daughters.

### NEGROES ARE HELPING.

FT. WARCH 5.—Five hundred and thirteen victory gardens, covering about 200 acres, have been planted by Tarrant county Negroes, H. R. Edwards, Negro county agent, said today. He predicted that 1,000 victory gardens would be planted under the program being conducted by the Negro victory council.

TO SING IN CUBA—Marjorie Lawrence, paralysis victim fighting back to health, boards a Pan American plane at Miami, Fla., for concert in Havana. Dr. Thomas King, husband and her physician, with her.

### DEAD OR ALIVE HITLER IS OUT AS NAZI CHIEF

LONDON, March 5.—Evidence that Hitler has been superseded as supreme commander of the German army now appears conclusive, the military expert of the Daily Express said today. It can be regarded as a certainty that the German generals have taken over complete control of military operations on the Russian front, he said.

### GERMAN THREATS.

STOCKHOLM, March 5.—Germany is preparing "a terrible sharpening of methods of warfare," a Berlin dispatch to the newspaper Svenska Dagbladet said today. According to reports it is stated in Berlin that new weapons will be used "until Britain and Russia ask mercy."

### WIPE-OUT OF JAP CONVOYS WAS COMPLETE

MacARTHUR HEADQUARTERS, Australia, March 5.—Flying Fortresses and Billy Mitchell medium bombers, complete masters of sea and skies, searched the northeast New Guinea coast today for survivors of the 15,000 Japanese troops and the thousands of seamen who had been aboard the 22 enemy warships and transports Allied planes destroyed in the battle of the Bismarck Sea.

It was doubted that there were many survivors and it was confidently predicted that not one would reach New Guinea, the destination of the convoy blasted out of the sea Tuesday, Wednesday and Thursday.

Today there was no threat of Japanese assault and no Japanese ships remained on the surface—the last two wounded destroyers were downed by the bombers Thursday morning.

Wreckage was scattered over miles, evidence of the strength of the land-based air power that sent 10 Japanese war vessels and 12 transports to the bottom.

There were bits of wreckage here and there, and sometimes Japanese hands and a Japanese head could be seen bobbing above the water, clinging to raft or debris, but the silence of the sea added strength to Australian newspaper stories calling the death of the convoy "the greatest single feat of arms wrought in the Southwest Pacific."

The Japanese garrison at Lae, believed to have been the goal of the convoy, were warned Thursday that Allied air power was dominant in this theater. Bombers and fighters, after strafing the survivors of the convoy in the water, blasted the vital base and shot down or damaged 27 planes.

### GOV. CONTROL OF RAILROADS IS POSSIBLE

FT. WORTH, March 5.—A warning that governmental control and operation of railroads will result if the private transportation system suffers a breakdown was sounded here by G. H. Shafer of St. Paul, Minn., president of the National Association of Shippers Advisory Boards.

Mr. Shafer was the speaker at a luncheon sponsored by the Fort Worth Traffic club for the 400 delegates attending the 62nd annual meeting of the Southwest Shippers Advisory Board at Hotel Texas.

"If we desire to increase the production of planes, we build additional plants. If we want greater production of tanks, new factories are constructed. Yet the WPB appears to believe that railroad facilities can be stretched indefinitely."

### WOMEN AIR PILOTS.

DALLAS, March 5.—The Flying Training Command of the Army Air Forces has announced the opening of a women's pilot training school at Sweetwater, which will be under the supervision of Miss Jacqueline Cochran, the country's No. 1 woman flier and director of the command's women's training program.

### WIDER PROBE.

WASHINGTON, March 5.—The house labor committee projected itself into congressional concern over absenteeism among war workers today with a request that it be authorized to investigate "all labor conditions."

### OWI IS PUZZLED.

WASHINGTON, March 5.—The office of war information which claims the exclusive right to release government information pertaining to the wartime food program, has started an investigation to determine how newspapermen obtain information from other sources.

### SOVIET TANKS AND INFANTRY RACE THROUGH 53 MORE TOWNS IN DRIVE FOR SMOLENSK CITY

MOSCOW, March 5.—Soviet tanks and infantry raced on through 53 more towns and villages south and southwest of Rzhev today, crushing all opposition in a fast-breaking drive on the big German base at Smolensk.

Other Russian armies, everywhere on the offensive, pounded forward on key sectors all along a 900-mile stretch of the Soviet from Lake Ilimen to the northwest Caucasus.

One town and 10 villages captured by the Soviets on the Rzhev front were south of Olemino, 37 miles west of Rzhev on the railroad to Velikie Luki, the Russian midday communique said. Olemino fell to the Soviets yesterday.

The other 42 inhabited places were located by the communique as merely in the general area south and southwest of Rzhev, Great quantities of war material and many prisoners were captured.

"Many counter-attacks were repulsed with heavy losses for the Germans," the bulletin said.

One unit was credited with advancing one to six miles along a broad front in 12 hours.

The latest successes followed close on the heels of the capture yesterday of Olemino, along with Manchalavo, eight miles west of Rzhev, and Chertelino, eight miles farther west, thus removing the last German toe-hold on a 300-mile stretch of the Moscow-Riga railroad.

The segment of the railroad now in Russian hands now parallels the northern flank of the German salient before Moscow for a distance of 150 miles, and its restoration to service will give the Russians a tremendous advantage in massing troops and supplies for blows at Smolensk, 140 miles southwest of Rzhev; Viazma, 70 miles south of Rzhev, and Ghzatsk, 60 miles southeast of Rzhev, as well as for thrusts toward the Latvian border beyond Velikie Luki.

The Thursday midnight communique reported the liberation of "dozens" of settlements southwest of Rzhev yesterday.

The Russians also were rapidly widening their penetration of the German lines around Lgov, 37 miles west of Kursk. The capture of additional villages was reported in both the midday and midnight communiqués.

### ALLIED PLANES GET RESULTS IN N. AFRICA

ALLIED HEADQUARTERS, NORTH AFRICA, March 5.—A heavy enemy thrust at Sed Jenane in the northern sector of Tunisia, has been checked after severe street fighting in the town, an Allied communique said today.

British Churchill tanks, supported by infantry, threw a force of about 600 Germans out of Sed Jenane in a dawn attack yesterday, front dispatches said. The Axis troops had forced their way into the town on Wednesday and seized control of an important road junction.

Sed Jenane is about 12 miles south of Cape Serrat.

Both sides increased their activity along the March 5 Line in Southern Tunisia yesterday, and patrols from Lieut-Gen Sir Bernard L. Montgomery's British eighth army probed enemy lines in search of weak spots that can be assaulted when the big push northward starts.

Allied pilots, striking hard at Axis communication lines from Sicily and the European mainland, sank four ships and damaged others. Enemy road transport in Southern Tunisia was bombed on the night of March 3-4.

YOUNGEST—Air Vice Marshal Harry Broadhurst, who succeeds Vice Marshal Coningham as Allied air commander. At 37, he's youngest RAF Vice Marshal.

Per year, in advance (Cisco) \$5.00 Per week, by carrier boy 10c

KICKING.

The general growth that this nation seems to have got into lately is probably natural enough. Babies will bolder when they're shoved around and deprived of their normal food and fun and comforts, and it must be repeatedly acknowledged that groggies are very much the same. Even when admitting the necessity of general deportations and mass placements, with the mass deportations, we still reserve the right to growl and kick about the people charged with the unpleasant duties of taking away our family and boys. Naturally most of the kicks are directed against the government, national state or local, and the individuals administering it—who probably don't like it any better than the victims do and are not enjoying it at all the discomforts they have to inflict.

There are, of course, many unnecessary annoyances in the process of shifting to a new economy and administering it. They should be weeded out. But while people have a strong right to demand the government, they also have some responsibilities and duties. Among these must be kept in mind, the great need of voluntary cooperation. The government can't do much without the people, and the people can't do much without the government, and the two have to make things easier for the other party instead of harder.

We shall get around to a cooperative attitude voluntarily as we throw more stones into it.

SONGS EVERYBODY SINGS

Where are the songs of yesterday? Gone but by no means always forgotten. Bennett Carr in the "Saturday Evening Post" writes that the song hits of the last 25 years are still being sung.

"Put On Your Old Gray Bonnet" and "Let Me Call Your Sweetheart" have been part of the repertoire of barbers' bow-tie quartets so long that it is hard to imagine when they first sang. But the "Old Gray Bonnet" dates only from 1909 and the other from 1910. Also 1909 was the year that we heard the need for a new kind of road song, "Carey Jones" ("How I Hate To Go Up In The Morning"). Irving Berlin's song "I'll Be Home For Christmas" out of 1918 has been revived for good purpose for this war. "What War I Produced" not only "Here There" as everyone knows, but also, surprisingly, "Someday". Who now remembers "Let It Be" a 1918 product of something but the title of 1923? Not "Yes We Have No Bananas" a title that strikes home painfully today? Or who can believe that once anything Japanese could be popular? Yet in 1920 one of the favorites was the "Japanese Sambo".

OLDEST ALLIANCE

Some people are disturbed because the Russians think differently from us on government and

ROY LITTLE OF CISCO, USS. MONSSEN HERO, WAS PROBABLY KILLED WHEN SHIP WAS HIT

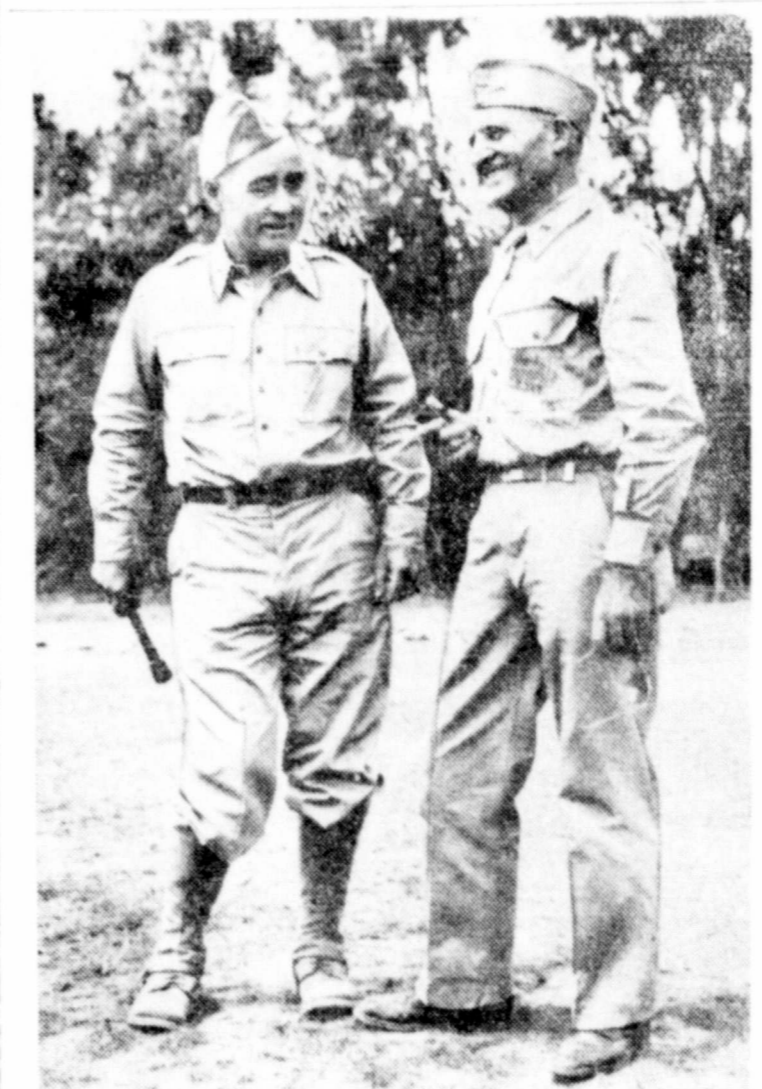

A delayed letter to Mrs. Frances Little of Eastland relative to her son, Roy Little, who was reported "missing in action" following the sinking of the USS. Monssen, November 13, will be of interest to many friends of the family.

Roy Little was born in Cisco, Texas, and was highly esteemed by all who knew him. The letter was written by Lt. Commander Charles A. McCombs, U.S.N., at San Francisco, Calif., February 26, 1943.

Your letter of January 26 has been chasing about for some time and has been forwarded to me. I find these letters to the parents of my boys harder to write than fighting sea battles. I have written about 30 and still have at least 25 more to answer.

If you have read any accounts of our battle, you know what a grim affair it was. Our casualties were quite high and the majority of the men were reported as missing because neither I nor other survivors could swear that we saw and recognized them. To report a man killed in action, unless you are definitely certain of it, might lead to complications. Roy was one of those whom none of the surviving men saw, so he was reported as "missing". His station was very hard hit. He was in the gun director compartment as a range finder operator, one of our best and most reliable. I honestly don't believe any of them got out. The gunnery officer was also killed. The bridge and directory were both hit several times, and the casualties in both stations were very high. I know that I am being brutally frank in telling you this and I know how hard it is going to hit, but I feel sure that you would rather know the truth rather than build up hopes, only

stand the close feeling between officers and crew and their ship. I do hope that you will forgive my frankness and that you will bear up; grit your teeth and be determined to fight all the harder. That is the way Roy would have done, and that is the way he would have you do.

BACK TO THE JOB—Brig. General Hanford MacNider, right, back on job at Yank camp in Australia, after recovering from wounds. Brig. General Frayne Baker left.

Uncle Sam Urges You to Paint your home inside and out right now! Uncle Sam knows very well how important to the preservation of wood and metal, really GOOD Paint is... Uncle Sam wants to keep the homes we have in the best possible condition. He urges every home owner to paint for preservation, for sanitation, to increase the livability of the homes we'll spend so much more time in, from now on. There is no priority on paint for home use, and a good painting contractor will gladly give you an estimate on any inside or outside painting your home may need. Keep up your home for Uncle Sam... keep up its value for your future security. Do it now, with good paint.

Good Paint Is an invaluable preservative... check over and protect now those things about your home and yard that need the protection of GOOD PAINT. "Protect with VALSPAR Paint!" Exterior Doors... Thresholds... Screens Porch Floors... Porch Furniture. CISCO LUMBER & SUPPLY CO. "We're Home Folks."

The Wrong Way to Save Money... is neglecting to do certain necessary things that need to be done at certain times like going to your doctor, seeing your dentist or paying the preacher or editor what you owe him. Some of us lose money by trying to save money when we buy land without an abstract. The right way is the safe way—always demand an abstract! EARL BENDER & COMPANY, INC. SCOTT-BLITCH HOME WEDDING.

The following wedding announcement was taken from the Cross Plains Review and will interest many Cisco people, the groom being a grandson of Mr. and Mrs. J. B. Blitch, former Ciscoans, and a nephew of Mrs. O. W. Kean of this city:

Miss Bessie Cleo Scott became the bride of Lt. Harold Eugene Blitch in a pretty home wedding read by Rev. A. S. Gafford, pastor of the First Methodist church in Coleman, at the home of the bride's parents, Mr. and Mrs. A. R. Scott, 116 East Ninth street recently.

For the ceremony the bride wore a dusty rose frock with which she wore accessories. Her corsage was fashioned of white gardenias. She attended Howard Payne college and has been teaching in the Abernathy public school system.

Lt. Blitch, son of Mr. and Mrs. Joe Blitch, of De Leon, formerly

of Cross Plains, who is a graduate of Cross Plains high school, also attended Howard Payne college. He was originally employed in the ferrying division as a civilian pilot. He was commissioned in October and received his promotion as first lieutenant January 14.

Attending the ceremony were the bride's parents, Mr. and Mrs. A. R. Scott, and her grandmother, all of Coleman, the groom's parents, Mr. and Mrs. Joe Blitch and his sister, Miss Billie Doris Blitch. An informal reception was held following the ceremony, after which the couple left for Dallas to make their home.

MRS. F. E. SHEPARD CIRCLE HOSTESS.

Mrs. F. E. Shepard was hostess Tuesday afternoon to circle five of First Baptist women's missionary society. The meeting opened with prayer and Mrs. H. B. Hensley presided during the business period. Minutes of the previous meeting were read and approved and a committee was appointed to purchase pajamas for boys in Buckner home.

The Bible lesson, brought by Mrs. Ina Pyle Martin, was interesting. The session closed with special prayer for the men in uniform. Those present were Mrs. E. J.

Poe, J. A. Robertson, Mrs. H. B. Hensley, Mrs. Ina Pyle Martin, Mrs. M. W. Robbins, and the hostess, Mrs. F. E. Shepard.

QUALITY COUNTS

Now that we are getting straightened out with our point rationing, customers should more and more insist on the Best in Quality, since a can of poor quality goods uses up as many of your points as does one of the highest quality.

This store does not cater to goods because they are cheap. The quality is remembered long after the price is forgotten. We believe that.

LET US SERVE YOU DURING MARCH.

Cisco Baptist church. Fifty-four people attended the school. Sessions began Sunday night and continued through Wednesday night. The Book, "Pioneering With Christ in Chili," was taught to

adults by Rev. Palmer; "Baptist Work in Brazil" was taught to young people by Mrs. V. H. Bosworth, an intermediate group studied the book, "Wings Against the Blue" directed by Mrs. Herman Barron; "Friends Down Under" was taught to juniors by Mrs. Don Rupp. Mrs. Henry Hardin was teacher of the primary group.

At the close of the school Wednesday night, a social hour was held honoring Tom Billy Smith who left today for a nearby army camp, where he will receive training.

WOMEN'S COUNCIL MET IN CHURCH TUESDAY.

The women's council of First Christian church met Tuesday afternoon in a general business

meeting at the church, with Mrs. Joan Kennell, president, in charge. The meeting opened with group singing, followed with prayer by Mrs. J. R. Wright.

Mrs. J. E. Elliott brought the occasional, in which she discussed "The Missionary Church". She was assisted with scripture readings by Mrs. H. H. Davis, Mrs. J. R. Wright and Mrs. Rex W. Moore.

During the business period reports of group chairmen were heard and other routine business transacted. Plans were completed for a dinner which was served Wednesday. The meeting closed with the missionary benediction.

Those present were Mrs. Sam Kimmell, Mrs. J. R. Mobley, Mrs. Guy Ward, Mrs. J. R. Wright, Mrs. H. H. Davis, Mrs. J. C. Fletcher

Relief At Last For Your Cough

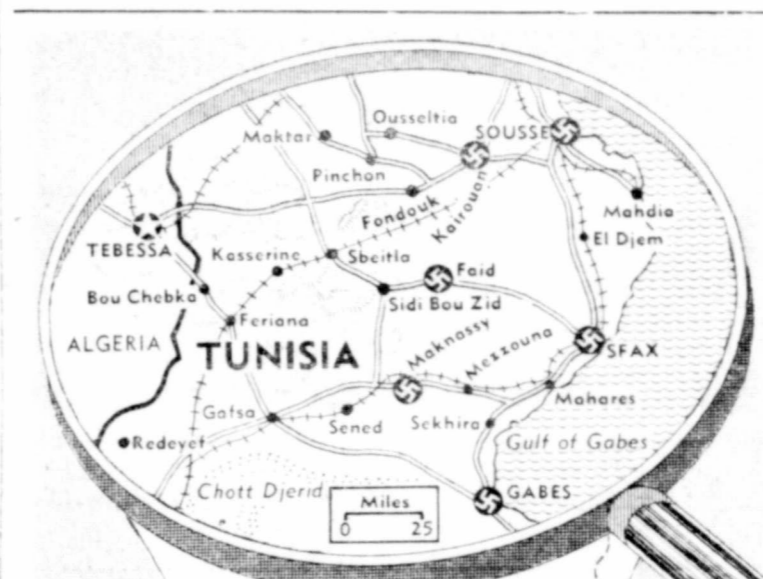

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membrane. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly slays the cough or you are to have your money back.

CREOMULSION For Coughs, Chest Colds, Bronchitis

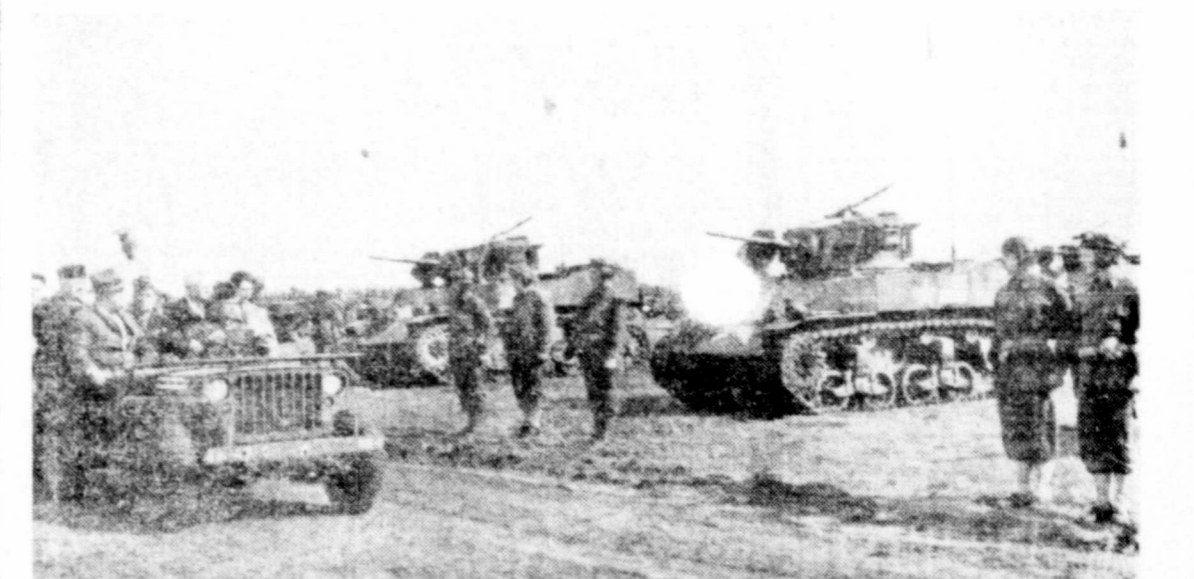

er and daughter, Flora Jenn Fletcher, Mrs. Roy Fonville, Mrs. Fred Steffey, Mrs. Rex W. Moore and Miss Alice Bacon.

JAPS GAVE IT UP—Jap howitzer, right, about to be dismantled by Yank and Australian soldiers, where Japs left it at Buna, New Guinea. It will be loaded on Jap landing barge, background, also contributed by Nips.

NO MAN'S LAND IN TUNISIA TELEPHOTO—Big German drive against American forces has turned the war spotlight on this mountainous area in central Tunisia. U. S. troops and tanks based at Telemess, Algeria, had as their main objectives the Nazi-held ports of Sousse, Sfax and Gabes, but the German counter attack threw back allied advances on the Faid-Maknassy front.

PRESIDENT REVIEWING OUR ARMORED MIGHT IN MOROCCO

CASABLANCA, MOROCCO—In an army jeep driven by Sergeant Oran Lass of Kansas City, Missouri, President Roosevelt is shown passing along a line of our light tanks in a surprise review in North Africa. These tanks are the new M-5's, the model now produced for quite some months by the Massey-Harris Farm Implement Company. Their lightning-like speed and hitting power are being used in battling the Nazi forces in North Africa.

U. S.-Built Staff Car First in Benghazi

With the capture of Benghazi, after the whirlwind drive across the deserts of Egypt into Libya, the United Nations' troops quickly established military control. Here the vanguard hands over the city to officers who arrived in a Chevrolet staff car. Note camo: flange netting rolled up on top of car. Military insigni on the car, kangaroo and boomerang on front fender would indicate that the officers were of the Australian force...

**Now, fifteen times on the other foot, Mr. Allen**

CHARLEY ALLEN is a business man... and a good one. But such gymnastics aren't exactly his line. Hopping, he finds, is hard work... and detracts from his business. However, it's an excellent test of his sense of balance although it doesn't make much sense:  
Charley Allen is proving that he is qualified to do business with the bureaucrats.

Many West Texans in all walks of life are being introduced to a new variation of the old "hop, skip and jump" remembered from school days. It never became popular with top athletes who considered it "silly"... even "crazy".

Revival of this form of gymnastic in conducting the Nation's domestic affairs in time of emergency, and while fighting for survival, likewise is believed ridiculous by more and more thousands of people.

The hop-skip-jumpers, long bent on pet socialistic experimentation, are waging a fierce fight to "save face". But West Texans and all Americans are asking:

Why haven't brains and know-how come to the top in domestic affairs as they have in military affairs?

Our country needs men and women with training and experience in production and distribution problems to fill the vital posts just as the war has proved it needs trained and experienced men to lead our armies on the field of battle.

Of course we're proud that our industry has met every test and that it is filling Uncle Sam's wartime requirements ahead of schedule in addition to your normal peacetime needs... all without rationing and without increase in cost.

It is the accomplishment of experienced, trained men and women under well-balanced business management—the system that made America great.
