18 GERMAN TANKS DESTROYED BY U.S. GUNS

MRS. M. J. HOWARD, 97, DIED IN HOME OF DAUGHTER, MRS. J. A. JENSEN, SATURDAY MORNING

Mrs. M. J. Howard, who had reached the ripe age of 97 years, passed peacefully to the reward of a well-spent life Saturday—the day on which she had reached

MRS. M. J. HOWARD.

this near-century mark—honored and loved by a host of children, grandchildren, great grand-children

and great, great grandchildren. Mrs. Howard died at the home of her daughter, Mrs. J. A. Jensen, with whom she had made her home since 1925.

Funeral services will be held at the First Presbyterian church, where Dr. Gary L. Smith will preach the funeral at 4 o'clock this afternoon. Dr. Smith will be assisted by Rev. Cooper Waters and Rev. James R. Wright.

Mrs. Howard was born Margaret Jane Pennington, in Jackson county, Ala., April 3, 1846. She was married to Dr. Newton M. Howard, July 11, 1867, in the county in which she was born. They came to Texas in 1872, settling in Red River county. Dr. Howard died in 1914.

They were parents of five children, three of whom are still living. They are Mrs. Sarah Jane Grabbie, Garner, Tex.; J. N. Howard, Fresno, Calif.; and Mrs. J. A. Jensen, Cisco.

Other survivors are a sister, Mrs. Maek Coker, Sherman, Tex.; a host of grandchildren and more remote descendants in other parts of the country. Cisco grandchildren are Mrs. John Kleiner, Mrs. Ben Krauskopf and Mrs. Troy Powell.

Pall bearers will be Walter Clements, C. B. Powell, E. P. Crawford, Coe McLeroy, H. C. Henderson and Frank Leech.

MRS. SILLIMAN EVANS, FORMERLY MISS LUCILE M'CREA, TRAINING FOR PLANE PILOT

MIAMI, Fla., April 3. — Mrs. Silliman Evans of Nashville, Tenn., is following in the footsteps of her 13-year-old son, Silliman Evans, Jr., in learning to pilot a plane. Encouraged by him, she has been flying at the Ensign-Riddle school of aviation since the first of February.

Mrs. Evans always wanted to fly, but her husband, publisher of the Chicago Sun and the Nashville Tennessean, was not enthusiastic. Since she actually started, however, he has been proud of her ambition and on a trip here in February, was especially interested in seeing her fly. Then she became so nervous over her audience that she grounded herself.

Silliman, Jr., is anxious for her to solo, but she is in no hurry, as she wants first to learn her work thoroughly. The tiny brunette, measuring four feet eleven and weighing 86 pounds, is a tomboy and very close to her two sons. She now has about 15 hours dual flight.

The embryonic pilot thinks helicopter will be the type of plane in general use after the war. "I think it is the real thing and should be fool-proof," she emphasized. "It is especially advantageous for short hops and landing in backyards. There is no question but what practically everyone will be flying, and auto travel will be left for trips around town and short interurban driving."

She and Silliman, Jr., go to Chapman Field every day about 9 a. m. and remain there until late in the afternoon. Their time is devoted to ground school and flight instruction.

Was Cisco Girl.

Mrs. Silliman Evans was Miss Lucille McCrea, daughter of Judge and Mrs. L. H. McCrea, of Cisco, until her marriage, here, to Silliman Evans, November 22, 1924. Following the marriage they made their home in Ft. Worth for a number of years, where Mr. Evans was at that time feature writer for the Star-Telegram.

They have two sons, Silliman, Jr., 18, and Amon Carter Evans, about 10. They make their home

in Nashville, Tenn., but Mr. Evans spends much of his time in Chicago.

Judge L. H. McCrea died several years ago and Mrs. McCrea divides her time between the Evans home in Nashville and the homes of her two Cisco sons, Luther H. and Yancey McCrea.

There are two other sons—Major Marshall McCrea, with the air transport command, and Victor McCrea, with the department of justice and located in Washington, D. C.

CASE AGAINST MRS. HOWARD FALLING FLAT

TULSA, April 3. — Mrs. Ella Howard, 44, of Fort Worth, charged with the murder of Mrs. T. K. Simmons, Tulsa socialite, Saturday was bound over to district court by Common Pleas Judge Cornett on a charge of manslaughter and bond was fixed at \$10,000.

The decision reducing the murder charge to one of manslaughter elicited this statement from County Attorney Dixie Gilmer: "Your honor, I can't draw up a complaint against this woman for manslaughter so I'll probably have to dismiss the case."

Defense attorneys produced a new witness, Ed J. Mace, gunsmith, who identified the gun as one brought to his shop by Mrs. Simmons about a week before the shooting. Mace said he had identified Mrs. Simmons from newspaper pictures, and that his employer, S. J. Murphy, had told him Mrs. Simmons owned the pistol.

"She wanted it cleaned and wanted to see that it was working all right," Mace testified.

One week they nag at Russia and make enemies, and the next they wall: "If Russia goes down, we are ruined."

MORT FORBER, GOOD CITIZEN, DIED SUDDENLY

Frederick Mortier Forber, 46, died very suddenly Saturday morning at about 4 o'clock from a heart attack in his apartments at the Laguna hotel, where he and Mrs. Forber had made their home for the past three years.

Mr. Forber, who was an oil operator in the firm of J. D. McCallum & Forber, independent operators, near Cisco, had returned from the field Friday night, and was very jolly all evening. Getting up to go to the bath room, he fell just inside the door. When Mrs. Forber reached him he was dead.

Mr. Forber was born, March 19, 1896, at Moline, Ill., and moved to Davenport, Iowa, at an early age. He was educated at Boston university and came to Texas in 1933 to enter the oil business. He served in World War I. He was well liked and highly esteemed by many Cisco friends.

Deceased is survived by his wife, Mrs. Loretta Beckman Forber; his mother, Mrs. Ella Forber, Los Angeles, Calif.; a sister, Mrs. Ed Pester, Davenport, Ia.; and a nephew, L. Rudie Bolte, also of Davenport.

The body is in charge of the Thomas funeral home, while final arrangements await the arrival of his sister from Iowa. The body will be shipped to Los Angeles, the home of his mother, probably Monday.

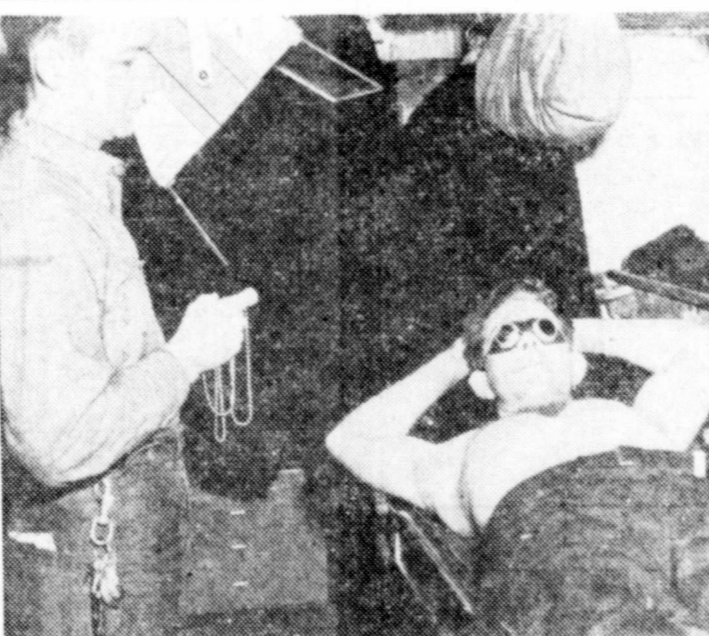

Friends are requested to not send flowers, since the body is being sent away.

PRICES GOOD AT FRIDAY'S CATTLE SALES

The Cisco Livestock Exchange held a very successful auction Friday afternoon at the sales barns north of Cisco, with prices holding high for both cattle and hogs. Sales were a little over \$4,000, with some calves bringing about \$16 per cwt.

Cisco is fast getting a reputation as a cattle and hog market, furnishing top quality in stock and paying fancy prices for deserving animals.

MRS. PERKINS RED CROSS CO. CHAIRMAN

Mrs. Joseph Perkins, of Olden, was elected to succeed E. E. Freyschlag as chairman of the Eastland county Red Cross chapter, at a meeting of local officers of the towns of the county, at Eastland Saturday morning.

Mrs. Perkins has been prominent in Red Cross work and will have most of the details of her office at her finger tips on account of her former connections.

Mr. Freyschlag becomes a field director in Red Cross work in some army camp after he has had the regular training given new executives, in Washington, D. C. and in active field duties.

Red Cross officials from Cisco who attended the executive meeting, were Edward Lee, local chairman; O. L. Dockett, treasurer; and Rev. James R. Wright, Home Service chairman.

HUESTIS AND SHEPARD CHOSEN TRUSTEES

In a very light vote cast Saturday for local school trustees, and for president and county trustees at large, F. E. Shepard was re-elected and W. R. Huestis was chosen for Cisco Independent school district trustees, while Mrs. J. R. Burnett was chosen precinct No. 4 trustee, and Dr. P. N. Kuykendall was leader in the Cisco box, which polled 215 votes.

W. R. Huestis led with 183 votes and F. E. Shepard received 127, while W. J. Armstrong, who did not announce for re-election, polled 106 in a complimentary write-in vote. Mr. Armstrong was first elected to the board about 16 years ago and had given much time and thought to the local school system.

Mrs. J. R. Burnett for precinct No. 4 received 187 votes, while T. C. Williams received 2 votes and a write-in candidate.

Dr. Kuykendall received 189 votes for county trustee at large, with W. J. Armstrong receiving 1 as a write-in candidate.

Those in charge of the polls at the city hall were Tom Stark, Mrs. H. B. Hensley and Mrs. Sam Kimmell.

JR. COLLEGE RANCH WEEK EVENT GOOD

A hectic two days of celebration of Ranch Week at Cisco Junior college had its climax Friday with programs at the college and special numbers consisting of a grand march and a melodrama at the high school auditorium Friday afternoon, with all students dressed in cowboy and cowgirl regalia.

A delicious dessert to the full menu program of joy came Friday when a college examiner made his official visit to the school and, after examining to his heart's content, gave the college his official nod of approval and again passed it to full membership in the association of colleges, with full credits as a junior college of the first class.

Ranch Week is an annual event at the college, with students and faculty enjoying the cowboy regalia, a chuck wagon lunch at noon, stage modeling and games of competition with war stamps as the prizes this year.

In the contests Friday Mayor G. P. Miteham, Mrs. Bill Childers and Mrs. Minnie Hill acted as judges.

Betty Mae Davis was adjudged as most typical cowgirl, Ed Cop-

BRITISH FIRST ARMY DRIVES CLOSER TO MATEUR, WHICH IS ONLY 18 MILES FROM BIZERTE

ALLIED HEADQUARTERS, North Africa, April 3. — The British First Army has driven closer to Mateur, only 18 miles from Bizerte, an Allied communique announced today, and field dispatches said American big guns smashed a German tank attack on the south-central front.

Despite bad weather generally, the great Anglo-American aerial armada gave the harried Axis forces no rest. Light bombers and fighter-bombers raked German positions and transport north of Gabes in relays, the enemy airfield at La Fauconnerie was bombed twice and raging fires were left burning, and fighters maintained constant patrols.

Six enemy fighters were sent crashing to the earth and four Allied planes were lost.

First Army patrols "successfully engaged and inflicted casualties on an enemy patrol," the communique said. Elsewhere, it reported only patrol activity.

American artillery in hill positions east of El Guetar blazed away Saturday at Nazi tank forces charging up the Gafsa-Gabes road at the lower end of the Tunisian battle zone and knocked several out of action.

A report to Reuter's News Agency from El Guetar said 18 German tanks had been destroyed in the action and that American troops advanced a mile on the right flank to capture Djebel Berda. The battle of American guns and Nazi armor raged near the junction of the Gafsa-Gabes and Kebili roads as Allied forces maintained heavy patrol actions against the Germans and Italians over the entire front.

Meantime, the British Eighth Army was massing strength for an assault to break through German Marshal Erwin Rommel's last natural defense line above Sousse nearly 140 miles to the north. The German Afrika Korps now was entrenched along the north rim of the deep, water-filled Wadi Akarit at the northern entrance to the Gabes Gap 20 miles above Gabes.

(The Algiers Radio reported that fighting has broken out anew between Eighth Army vanguards and Rommel's rear guards 24.8 miles north of Gabes, a suggestion that advance British forces have swept across the Wadi. The main body of the Afrika Korps was said to be continuing its rapid retreat.)

(The British radio reported Saturday that Austrian mountain troops serving in Northern Tunisia are beginning to desert to the British lines, according to CBS. They are arriving with safe conduct leaflets dropped by Allied aircraft on the enemy lines, the broadcast said.)

pinger was given the nod as the most typical cowboy, while Raymond Thomas was picked as the most comical cowboy, and Freda Fern Erwin named as the cutest cowgirl.

Following the grand march at the college, Friday afternoon, the group went to the high school auditorium and staged their program, a special feature of which was the selection of Raymond Thomas as best-dressed cowboy and Wren Threast as best dressed

cowgirl by popular applause. Then back at the college with the following features and winners:

Jimmie Newberry and Durwood Jacobs in the three-legged race; Ralph Huntington in the sock race; Thomas Taylor and Bueloe Paul McGowan in horseshoe pitching, with Russell Calhoun and Snoodie Threast as winners in the stick horse relay. Ranch Week was sponsored by the College Press club.

DECISION.

There are some disquieting shadows on the American scene, as interpreted in a rather surprising editorial by Walter Lippman in the New York Tribune. He finds this nation at a turning point of history where it has not yet made up its mind so clearly as most of us have assumed. He seems to see shadows of isolationism which might wreck national unity again at a time when lack of domestic harmony and cooperation with our allies would be a great disaster. He is obviously worried by the thought that the requirement of a two-thirds majority in the United States senate for action on foreign affairs might cause another failure. Similar fear may have had something to do with Anthony Eden's visit.

POPULATION.

That Russia is a big country, even bigger than the United States, is not precisely news. That she has more people is not so well appreciated. At the start of the war she had about 190,000,000 as against the 132,000,000 for the continental United States and 80,000,000 for Germany. This explains why the Soviet armies are able to make good their vast losses. Also why the Nazis, with fewer men to draw on, have been driven to supplement their forces in every way possible, by drafting thousands of Hungarians, Rumanians, Poles, and so on. When it is considered that every year in Russia, where the average population is younger, 1,600,000 men come of draft age, as against 400,000 for Germany, it can be seen what Hitler is up against.

VENGEANCE.

"Vengeance is mine, and I will repay, saith the Lord." But apparently He works often through instruments. And the terrific bombing of Berlin lately might be regarded as punishment from heaven for the monstrous evil which that capital city of the Destroyers has poured out upon the world. There have been some righteous men there, no doubt—some people of Teutonic blood who in their souls at least have not shared in the destruction wrought by their nation in its last great tribal assault on the civilized world. And it may be assumed that the city will not be entirely destroyed. But there will be ruins enough left to remind the proud Bernburgs and their vassals for generations—that destruction breeds destruction, and the wages of sin is death.

AMERICA.

There's nothing like going abroad to discover our blessings. One of the few personal benefits told by American tourists in North Africa is the new appreciation they get of their home land, from personal contact with the natives. Those poor devils, mostly living in poverty of which our people here can have no conception, are overflowing with a great love and ad-

TWENTY-THREE WOMEN RECEIVE MERIT AWARDS.

The call for workers at the surgical dressings room was heeded in a most responsive way during the first week in March, said Mrs. Austin Flint, Saturday. The attendance was off somewhat during the past week, though, presumably due to a halt in making stitched bandages caused by the lack of the three-eighths inch tape. Workers are in demand now to complete the 10,000 2x2 bandages which are needed at this time. Although most women have attempted a victory garden and others have a tendency to spring fever, we must remember that the boys in uniform have that tendency also, and we must keep on "keeping on" at the patriotic task. There is plenty of room for workers who have received instruction and those who have not; we want to hold our A-1 record in production quotas.

During February only five gold stars for 40 hours' work were given to workers, while 13 were earned during March. Winners were Mrs. A. D. Anderson, Mrs. Roy Fonville, Mrs. Austin Flint, Mrs. Leslie Jenkins, Mrs. Sam Kimmell, Mrs. Joe Lovelady,

Mrs. H. J. McArdle, Mrs. W. C. McDaniel, Mrs. H. E. McGovern, Mrs. A. R. Purifoy, Mrs. Charles Sandler, Mrs. Alex Spears and Mrs. J. J. Tableman. Those receiving blue stars for 30 hours' work were Mrs. Ed Aycock, Mrs. F. J. Borman, Mrs. R. C. McCarter, Mrs. E. J. Poe, Mrs. Paul Poe, Mrs. Homer Slicker, Mrs. E. H. Thomas; receiving red stars were Mrs. George Atkins, Mrs. J. E. Caffrey and Mrs. G. R. Nance. Five women have done

The 2nd War Loan Drive is Coming. GET SET FOR DOING YOUR PART! 13 Billion Dollars Worth of Bonds to Be Sold. America's war machine is growing --- growing fast. Cisco will be organized soon for the campaign to raise our local quota to enable the great war machine to put in the final punch that will lay open the way for the invasion of Europe --- and thence on to Berlin. This is easier said than done --- We do not mean that it will not come to pass, but it will take time --- lots of time --- many fatalities --- billions in money. It cannot be done quickly --- but the sooner we provide this \$1 3,000,000,000 the sooner it can come to pass. You Will Be Called On to Do Your Share. Uncle Sam is asking us to lend him these billions this month. And this is over and above any bond buying you would be doing any way. Money to buy ships and planes; money to feed and clothe and arm and train the millions of your fellow Americans who will deliver this invasion punch --- who are ready to work and sweat and die to keep the place you live in. In the next few weeks you will be visited and asked to give to this 2nd War Drive. These men who visit you will be not only buying bonds just the same as they are asking you to do, but they will also be giving their time from their business to solicit you. So do not waste their time by asking them to come back and see you later when you are not busy. They could be just as busy in their own stores and shops as you are if they were not giving this time to solicit you. Cisco Gas Corporation

MITCHAM, THE POOR MAN'S FRIEND

Only a few more days until the city election—the commissioners and a mayor to vote for—I say, we'll keep the ones we now have—no fault to find with them, if we tell the truth.

These men are doing everything for the people of Cisco and the welfare of the city that can be done now. G. P. Mitcham is giving homes and employment to from 7 to 10 families all the time on his ranch and farms, and has been in favor of keeping men on the city jobs who actually need employment for the support of their families—especially if they have no other means of supporting them. He is the poor man's friend.

I know what I am talking about. I tried to get him to get me back on the city water works.

This is what Mr. Mitcham said: "Jesse, you don't need a job. We must keep men employed as much as possible who actually need work."

So that settled it with me O. K. — Now show me a city man, rich or poor, who will not vote for Mr. Mitcham for mayor of our town.

I say, myself, give the men work on the city jobs who actually need work. I will do my best to make a living at other jobs.

Vote for George Boyd, J. J. Collins and G. P. Mitcham. Let good enough alone, has always been my policy.
