NAZI FOX MAKES LAST STAND NEAR TUNIS

LIVESTOCK SHOW ON FRIDAY

Valley Future Farmers' Show will be held Friday this week and promises to be very interesting affair. The show will be open to all entrants and everybody is invited to attend. There will be money prizes for boys only, but ribbons will be given in all classes shown. The show will be presented by the Future Farmers, who will give a program that begins 8:30 p.m. The stock to be shown will be as follows: Five classes—cows, calves, five classes—hogs, three classes—sheep. The judging will begin in the afternoon at Morton Valley school house and M. D. Fox, county agent, will act as judge.

LOAN SHARK FORCES LOSE THEIR FIGHT

AUSTIN, April 13.—After years of battling on loan shark legislation, the Texas legislature has finally done something about it, although one last hurdle—final passage—still remains. The bill seems assured of becoming law in Texas by Aug. 9, says his 18 years' experience in the House, Rep. Emmett Morse. His last night climaxed a two-day fight pushing through the legislature the loan shark measure which he and Sen. Wayne Moore of Houston sponsored. The House vote was 79-44. Some unsuccessfully sought to amend the bill to vote in the Senate. He needed a two-thirds vote, but got only 68 yeas and 42 nays. There were more yeas—a switch of 20 votes—would have permitted immediate final passage and the bill to Gov. Coke Stevenson's approval. The bill will wait until Thursday for final passage. It has already cleared the senate, where Sen. Jesse Martin of Fort Worth filibustered 13 hours and 20 minutes against the bill.

TO ARMY—John Boettiger, son-in-law of President Roosevelt, given leave of absence as publisher of Seattle Post-Intelligencer to join U. S. Army as captain. He reports at Army School for Military Government at Charlottesville, Va.

JOHN PURSELL FOUND DEAD NEAR HIS HOME

John A. Pursell, laborer, who was born in Arizona, May 28, 1874, and came to Cisco from Hill county about twenty years ago, was found dead Monday morning in a vacant house near his home, 1208 W. Fifth street. Death, said Coroner Will Brown, was caused by chloroform, self-administered. Deceased, who had been ill for several years, left a note telling where his body could be found. Mr. Pursell is survived by his wife, a son and daughter and one grandchild. The son, John A. Pursell, Jr., is with the armed forces somewhere abroad. The daughter is Mrs. G. A. Sublett of Cisco. Funeral will be held at Thomas chapel at 2 o'clock Wednesday afternoon, with Rev. Russell Dennis of the East Cisco Baptist church officiating. Burial in Oakwood cemetery.

SENIOR PLAY OF FRIDAY IS TAKING SHAPE

Directed by M. D. Cox, senior sponsor and agriculture teacher, a committee from high school senior class is building the living room stage set for the play, "Don't Take My Penny," which will be given Friday evening at 8:30 o'clock. The stage crew, which consists of Bill Fields, Duck Bacon, Roy Lee George, J. Hays and Bob McGovern, will also have charge of the lights and sound equipment. The play requires but one setting—a living room—and the boys are building the walls of salvaged beaver board and papering it with a pattern selected by Miss Doris Joy Pyle, director. Miss Lela Latch, also a senior, is in charge of the publicity. She and her corps of announcers will visit all the schools, Junior college and the Rotary and Lions clubs, this week.

BETA UPSILON HE'RD ADDRESS BY MRS. HILL

Beta Upsilon chapter of Delta Kappa Gamma met in regular session Saturday afternoon at Laguna. It was decided that the social chapter would contribute a dollar per member to the national organization, to be added to the latter's funds for the purchase of war bonds. When these bonds mature, the proceeds will be added to the Delta Kappa Gamma scholarship funds. After passing upon several other business matters, the chapter enjoyed a talk by Mrs. Minnie Hill on federal aid for schools. The speaker had made a thorough study of her subject and presented for consideration many arguments, both for and against federal aid. Members present were Mesdames R. E. Grantham, E. L. Hazlewood, Minnie Hill, Alice Johnston, Ora Kirkin, James Moore and Misses Ella Andres, Marion Chambliss, Elizabeth Daniel, Doris Jo Pyle and Nellie Yunk.

WOULD BACK-FIRE WASHINGTON, April 13.—Opposition to a proposed constitutional amendment mandating equal rights for men and women, was expressed today by senators who contended it would backfire against the very group it is intended to benefit.

TEXAS SCHOOL FUNDS. AUSTIN, April 13.—The state permanent school fund's investment in bonds of the United States has jumped to \$27,990,000 with the purchase of \$4,000,000 in 2 1/2 per cent series '64-'69's.

CISCO TO OBSERVE HOLY WEEK

At a meeting of the ministerial association Monday morning plans were completed for the community observance of Holy Week, which begins Sunday. The special union services will be based in general on the events of the last week of the life of Jesus as outlined in the last six chapters of the Gospel of Mark. The schedule for the week as given by the secretary of the association, Rev. Leslie Seymour, is as follows: Palm Sunday, each congregation worshipping in its own church. Monday, April 19, at Nazarene church, Rev. W. H. Cole preaching on the "Cleansing of the Temple." Tuesday at the Methodist church, Rev. Cooper Waters preaching on "Jesus' Controversy with the Pharisees." Wednesday at the Christian church, Rev. Gary L. Smith preaching on "The Anointing of Jesus." Thursday at the Presbyterian church, Rev. Leslie Seymour preaching on "Washing the Disciples' Feet." Friday at the Baptist church, Rev. J. R. Wright preaching on "The Crucifixion." Easter Sunday, each congregation again in its own church. The hour for the week-night services will be 8 o'clock. All choirs are asked to unite into one great choir, that the music for the week may be a notable feature of the program. The choir of each host church will be responsible for planning and directing the music on the evening the service is held with them. The ministers ask that the various civic organizations and the citizenship of Cisco generally lend their influence toward making this truly a community observance of Holy Week, according to the chairman, J. R. Wright.

CISCO MAN IS MEMBER STATE MEDICAL BODY

The Texas senate today oked the name of Dr. G. M. Stephenson of Cisco as a member of the state medical board. Gov. Coke Stevenson nominated the Cisco physician some time ago, but his name was not presented to the senate until today, or after the return to Austin of State Senator Pat Bullock, who has been seriously ill and under medical treatment at Marlin. Senator Bullock represents this senatorial district. Friends of Dr. Stephenson, both here and throughout West Texas, consider the appointment quite an honor to the local man and to this area. He was elected to a six-year term and had the endorsement of an unusually large number of physicians in West Texas and throughout the state.

JAP LOSSES HEAVY. MacARTHUR HEADQUARTERS, Australia, April 13.—Allied victories that cost the Japanese 52 planes in a single day, including 37 out of 100 that raided Port Moresby, have checked the enemy's developing air offensive, a message from Gen. Douglas MacArthur said today. "It is believed that the enemy's air offensive has been blunted and his immediate plans dislocated," the report said.

VETERAN FLIER ALREADY—Capt. J. P. Ertel bought pup in Scotland for sister in Philadelphia and pup has flown over Germany, France and Belgium. He's shown arriving at Par American airport, Miami.

WATER GIRL — Foreman Jack Sowell gets swig of water from pretty water girl, June McKay. Barrett and Hilp shipyards, San Francisco, where concrete barges are built for U. S. Maritime Commission, find it's time-saver if water is carried to workmen.

CITY WELFARE BOARD HELD TRIAL DE NOVO MONTHLY MEET TEXAS SENATE

The city welfare board met in monthly session this morning at the chamber of commerce office. The following members were present: Rev. Leslie Seymour, chairman; Mrs. Ethel Huey, executive secretary; Mrs. H. B. Hensley, Rev. Cooper Waters, R. N. Cluck, Mrs. G. B. Langston, Mrs. Chas. J. Kleiner, W. P. Warwick, Mrs. Homer Slicker, Mrs. W. D. Hazel, Mrs. H. N. Lyle, Mrs. E. Hooks. Reports were heard from the treasurer and Mrs. Huey. Several cases were cited that need attention, but due to the opening of spring and more work being available, there has been less need for aid than usual, according to the executive secretary. Garden plants and seeds have been made available to several families who are raising victory gardens. Madam Chiang has one fault as a pleader. She uses such good English that only the educated get all of it.

EXCEEDED QUOTA. Mrs. George P. Fee, Cisco chairman for the Red Cross drive, turned in her final figures today. The quota was \$4,500 and Mrs. Fee checked in \$4,825. The total included \$175 collected by the Palace theater.

WORLD'S GREATEST SALE

Preliminary to starting the largest bond selling event ever staged in any country of the world—the 13-billion dollar second war loan campaign, beginning this week—the United States government asked the newspapers of the country to sponsor the effort with the full power of the press, which had been found to succeed in the metal scrap drive when other efforts had failed. However, knowing that the space the publishers had to sell was their stock in trade, just like the furniture, the dry goods, the cruze, the groceries—just like the skill of the physician, the legal learning of the lawyer, or the service of the garage owner, and further realizing that the newspaper men would be buying the same as others of the business world, the government has asked that business men and women and public spirited citizens buy space in the newspapers to help publicize the second war loan campaign. Uncle Sam says it will require the wholehearted team work of the entire country to raise this amount. Uncle Sam also reminds us that while in this loan citizens are only lending their money to the government and will get it back with interest, soldiers are giving their lives, with no chance to return to this life with interest.

FIGHTING IN RUSSIA HAS SLOWED DOWN

MOSCOW, April 13.—Fighting along the whole length of the vast Russian front simmered down to patrol and artillery activity today following the repulse of new German attacks southeast of Leningrad and southeast of Kharkov. More than 2000 German officers and men were killed in futile enemy attacks on the Russian lines on the Volkhov sector below Leningrad yesterday. Many fell in hand-to-hand fighting with bayonets and grenades. TO ADJOURN MAY 11. AUSTIN, April 13.—Night sessions of the legislature were in prospect beginning this week to clear calendars of as much legislation as possible by May 11. On that date the general session of the forty-eighth legislature will die, by order of its members. The senate voted for sine die adjournment last week and the house sealed the order Monday with an overwhelming vote for the state-approved adjournment resolution. BILL UNCONSTITUTIONAL. AUSTIN, April 13.—Steps toward mending the faults in a law to bring unions under state regulation were awaited today after a ruling by Attorney General Mann holding the Manford labor bill unconstitutional in part. MORAN BOY. WASHINGTON, April 13.—The War Department made public Monday the names of 234 soldiers who are held as prisoners of war by the Japanese. In the list is the name of Pfc. Bruno E. Brenner of Moran, Tex. MAY LIMIT ARMY. WASHINGTON, April 13.—Announcement by War Manpower Chairman McNutt that the end of 1943 will see most able-bodied fathers under 38 in the armed forces brought threats on Capitol Hill today of legislation to limit the size of the army.

EISENHOWER SAYS ALLIES ARE PUSHING FORWARD FOR THE FINAL PHASES OF AFRICA BATTLE

ALLIED HEADQUARTERS, North Africa, April 13.—Armored spearheads from the British First and Eighth armies pressed northward from Sousse today and other forces gained new ground to the west and northwest as the battle for Tunisia neared its final phase. The bulk of Marshal Rommel's German and Italian armies were digging in for a last stand in the rocky hills, deep gorges and narrow passes of the Carthaginian Promontory guarding the approaches to Tunis and Bizerte in the coffin corner of Tunisia. Gen. Dwight D. Eisenhower's daily report said that patrols from the First and Eighth armies were pushing northward from Sousse between the coast and the hills, but gave no indication of how close they were to Enfidavill, 25 miles north of Sousse and the eastern anchor of the new Axis line. It was possible that Rommel left rear guards to fight another delaying stand in the eight-mile coastal corridor bounded on the west by the salt lakes Sebket Naik El Menzel and Sebkra Kelbia 12 to 14 miles north of Sousse. However, French forces advancing through the hills east of the Ousselta plain, west of Sousse easily can flank the lakes' position and thus the rear guard stand appeared doomed to early failure. A British column driving north from Kairouan also was threatening to flank the salt lakes from the west. At last reports, this column was 15 miles above Kairouan, which was captured Sunday. Some 80 miles northwest of Sousse, another British First Army column advanced over difficult terrain in the Medjez el Bab-Munchar sector, within 30 miles of Tunis. Another lull, during which the Allied commanders will mass strength all around the Tunis-Bizerte defense perimeter, was believed likely before the big push begins to drive the estimated 200,000 surviving Axis troops in Tunisia into the sea. Now that Lieut. Gen. Kenneth A. N. Anderson's First Army and Gen. Sir Bernard L. Montgomery's Eighth Army have joined forces for the final offensive, Eisenhower's communique today for the first time spoke of the "18th Army group"—a combination of the numerals one and eight. Even as Allied spearheads drove closer to the German strongholds, other American, British and French forces in the rear areas continued to round up groups of Italian and German prisoners cut off by the Allied advance. The total was rising hourly and was believed approaching the 25,000 mark. In the air, strong forces of bombers began around-the-clock raids on the few remaining air fields left to the Axis in the northeastern tip of Tunisia, concentrating principally on the St. Marie Du Zit landing field. Flying Fortresses, meantime, struck heavy new blows at Axis shipping at two of the principal supply ports for the Axis Tunisian bridgehead. A merchant vessel was hit and several fires started in a Bizerte raid, while a tanker was hit and concentrated on the forward area. Coupled with belated reports increasing the number of planes shot down Saturday from 58 to 63, this boosted the toll of Axis aircraft shot down in the past week to 108.

Per year, in advance (Cisco) \$5.00 Per week, by carrier boy 10c

WARS.

One of the great conflicts of history was the Thirty Years War. Lasting from 1618 to 1648 it involved, at different times, Germany, Austria, Denmark, Sweden, France and Spain. It ended in general exhaustion and the complete isolation of the other nations, Germany.

Though it is called the Thirty Years War, fighting did not go on continually for all that time. Every winter the armies abandoned the field to go into their winter quarters.

Now the world is engaged in a second Thirty Years War. Beginning in 1914 it has like the earlier conflict had its periods of technical cessation from battle while the economic and diplomatic fronts were being fought.

OTHER EDITORS

"Fourth-Term Opposition."

Beaumont Enterprise. Many Democrats oppose a step that may, it is believed, mean that a president may serve for life if he can win enough political and patronage support to keep himself in office.

WOMEN.

The governor of Ohio threatens to veto any bill that provides limited hours of employment for women in war industries. He insists that 10 hours a week and 34 hours in one week are enough. Most people will agree.

Certainly there is nothing in the recent tendency to unlimited working hours for women. They are playing a major role in the war effort. They are doing more than ever before. It is time to give them the same respect that men have received.

It would be interesting to know how many women, mothers and daughters, after discussing the subject, would say that as far as the men's part of the war goes, they are the backbone and the support of the family and the nation.

SORROW.

Christening is now observed Lent a season of fasting and prayer which lasts until Easter. Always a time of sadness it is probably sadder now than any other Lent within memory.

It seems as if all mankind were being chastened for its sins. For years the suffering has been growing and spreading. Europe is swept by war and starvation, and the same affliction sweeps over the other continents and the islands of the sea.

SECRETS.

That Churchill had pneumonia was a secret rigidly kept until his safe recovery. It recalled a like portentous secret in American history, when a president's near approach to death was hidden till the news could do no harm.

In June, 1893, Grover Cleveland was in the White House, trying to have Congress repeal the Sherman law providing for the purchase every month for coinage of 4,500,000 ounces of silver. Only

ley after spending two months on maneuvers in Louisiana. Misses Alma and Joie Morris visited Mrs. Alice Peavy Sunday night. Mr. and Mrs. J. D. Hawkins and daughter Herstine were business visitors in Eastland Saturday.

CORINTH

Sunday school and church attendance was good. Rev. Elbert Galloway of Abilene preached. Mrs. Della Stevens of Patroula, Texas, is visiting her brother and family, Mr. Lloyd Evans. Truman Prickett and family from Cisco have moved to Mrs. Howard Dell's place in this community. We give them a hearty welcome.

AT FIRST SIGN OF A COLD USE 666 666 TABLETS, SALVE, NOSE DROPS

After Mrs. Della Stevens transferred business in Cisco Thursday.

Mrs. Dee Searborn has not been well. We hope for a speedy recovery.

John Whisenand and family of Cisco visited Sunday afternoon in the home of Truman Prickett and family.

She may be sweet, unspoiled and unselfish in poverty. The test comes when her husband begins making big money.

THE 2ND WAR LOAN DRIVE IS ON!

Winner Take All!

There is one stark and simple fact about war which you had better get straight . . . *and quickly, too*
THERE IS NO SECOND PLACE IN A WAR—IT'S EITHER WIN OR LOSE!

This war is being fought for tremendous stakes . . .

...for your life and your liberty.

...for your church and your children.

...for your freedom and your future.

And it's **WINNER TAKE ALL**. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate . . . because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now . . . today . . . this very minute . . . on battlefields all over the world. Will you stand idly by . . . or throw all your weight on *our* side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars . . . 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there . . . fighting your fight. Surely it is no sacrifice to *lend your dollars* while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you . . . greet him with open pocket-book. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember, it's an *investment* you're making—an investment that pays a good return and insures a happier future for you and your loved ones.

So *lend* up to the limit.

You'll sleep better for it.

There are 7 different types of U. S. Government securities—choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000 and \$1,000,000. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; 7 1/2% Certificates of Indebtedness; 2 1/2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

THEY GIVE THEIR LIVES . . . YOU LEND YOUR MONEY!

BRIEFLY TOLD

Privates Benjamin Vinger and Robert Bennett of the 21st Medical Regiment, Camp Buckner, were recent guests of Mr. and Mrs. Herman Bennett. The former is from Massachusetts and the latter from Rhode Island; they have been married at Abilene for the past two months and, though only two weeks into their wedded life, they are already acquainted with West Texas conditions. They are especially interested in the area.

Private Robert D. Russell, son of Mr. and Mrs. Ira D. Russell of 1408 A avenue, has graduated from an officers course at Fort Worth Saturday after spending a few days in Cisco.

"We're Home Folks."

IN WHICH WE COMMENT ON EGGS

- 1. EASTER EGGS—**
Bring joy to the kids—a good old American custom.
- 2. EGGS THAT GO BOOM!**
Plenty will be laid on the Axis this year.
- 3. BAD EGGS—**
Excellent examples are Hitler, Hirohito and Mussolini.
- 4. A GOOD "EGG"—**
He takes occasional war-time travel inconveniences with a smile—always plans his trips for mid-week—takes just one bag. He has an essential trip to make this Easter Time, so he plans to go early—to leave room for men in service and war workers over the crowded Easter week.

Terminal: HOTEL LAGUNA Telephone 85.

P. S.—Put plenty of War Bonds away for that "Nest Egg"

A Father Is Fighting...

So his boy may tinker with electricity

Over 160 of our men (and one woman) are in the U. S. armed forces. Last week one of these men, a good electrician who had been with the company for many years and who is a veteran of World War I, came home on leave. He's a volunteer in the Navy.

With him when he dropped around to say "hello" and talk shop with the fellows was his 13-year-old son... wearing his Boy Scout uniform.

All the guys were darn glad to see him and know he has a swell Navy rating as an electrical technician. Naturally they asked a lot of questions and learned that Uncle Sam's Navy thinks mighty high of its men who come from America's electric companies where they got their training and experience. They learned, too, that electric power is behind most of the Navy's great punch... building ships, guns,

WEST TEXAS UTILITIES CO.

bombs, torpedoes and the like with which to win the victory.

Finally someone asked: "Well, Don, have you decided—just what are YOU fighting for?" He answered right off, pointing to his son.

"Me—I'm fighting for this kid. He's a Boy Scout, see, and it teaches 'em to be independent and self-reliant. Well, dictators and bureaucrats don't like that—they want regimentation. So I'm fighting so he—and millions like him—will be free."

"Too, the kid's kinda like me. He has a knack for tinkering with electricity... likes it, see. Well, the kid may not be another Edison. But I want him to have the same opportunities that Edison had—and a lot of other guys who helped make this country great."

"I want him to be free to tinker all he likes. And if anything comes of it, if his

tinkering creates something useful to the world, like Edison's tinkering, I want him to share in the profits."

Out of this freedom of individual opportunity grew America's great industries that today are pouring out the weapons of war... as in peacetime they pour out the comforts and conveniences of everyday home life to give us the highest of all standards of living.

This freedom is worth fighting for. Free men and women, working out their own destinies with their own hands and minds... building, inventing, improving... taking the risks and enjoying the rewards. And bettering the world as they better themselves!
