J. E. WALTERS DIED WEDNESDAY AT 4 P. M.

Funeral services for J. E. Walters, 63, were held at the Thomas Funeral chapel this afternoon at 3 o'clock, with interment in Oakwood cemetery. Rev. Russell Dennis officiated.

Mr. Walters was stricken Saturday and passed away at about 4 o'clock Wednesday afternoon at his home, 406 E. Sixth street.

Deceased was born in Coleman county, Texas, September 22, 1880. He came to Cisco about 25 years ago, and was well known as a carpenter and cabinet worker.

He is survived by his wife, two sons and two daughters. Sons are E. O. Walters, Tulsa, Texas, and M. A. Walters, Cisco. Daughters are Mrs. Carl P. Helms, Abilene, and Mrs. Christine Harrington, Cisco. There are three grandchildren.

Funeral services were held at the home of J. H. Linton, Ed Dolgenor, Yalvey, McCrea, Roy Fenley, E. L. Barnham and Shes McCaulley.

SERVICE MEN CLUB TO NAME HEADS FRIDAY

Cisco Service Men's club will meet at 7 o'clock Friday night for the election of officers and Mrs. Philip Pettit, president, is hopeful that representative citizens in large numbers will show their interest in the organization by being present. The session will be a brief one, the meeting hour being set at 7 o'clock in order that the election may be completed in time for those attending to fill other appointments if they desire to do so.

The posts of president, vice president and secretary-treasurer are to be filled. Present officers are Mrs. Pettit, president; Mrs. W. W. Walker, vice president; Mrs. Edgar Muller, secretary-treasurer.

KNIGHT IN A REVIVAL NAZ-ERENE CHURCH

A large audience heard Rev. J. L. Knight of Mineral Wells preach a most interesting sermon last night at the Church of the Nazarenes. The speaker took his text from Hosea, 10-12: "Sow to yourselves in righteousness, reap in mercy; break up your fallow ground; for it is time to seek the Lord, till He come and rain righteousness upon you."

The speaker said we must think along revival lines in order to breathe the revival spirit; that to break up the fallow ground of these souls, caused by ingratitude to God, lack of prayer, neglect of the Bible, unbelief, lack of self-denial, lack of interest and care for the heathen and our fellow-men, worldly-mindedness, pride, envy, slander, hypocrisy, robbing God and hindering the influence of others.

AIR TRANSPORT FALLS. EVANSVILLE, Ind., April 22.—The crash of an Army air transport at the Evansville Municipal Airport was reported officially today to have killed 12 men.

TARRANT WAR BONDS. FT. WORTH, April 22.—Tarrant county's war bond sales had advanced to a total of \$15,174,755.45 at the close of tabulations today at the Fort Worth Clearing House Annex, J. Lowell Lafferty, chairman of the Tarrant county war finance committee, announced.

SHOULDERS TO THE WHEEL

The Farm Security Administration announced this week that its 463,941 families in the United States are planning to surpass their outstanding 1942 production record by increases ranging from 22 to 72 percent.

A survey of their 1943 production plans show that they expect to turn out 29 percent more milk this year than last, 41 percent more eggs, 80 percent more chickens, 62 percent more pork, 36 percent more beef, 38 percent more dry beans, 62 percent more soybeans, 52 percent more flax and 72 percent more peanuts.

The 526 FSA farmers in Eastland county intend to do their part in this big war crop production effort, says George I. Lane, FSA supervisor in this county.

"Checking totals we find that Eastland county FSA families plan to produce 25 percent more milk, 50 percent more eggs, 25 percent more poultry for meat and 30 percent more peanuts over 1942, Lane says.

Thirty-two club loans have been made to boys in Eastland county in cooperation with vocational agriculture and county agent.

Registered heifers and registered sows have been purchased, thus adding to quality of livestock in the county. Others are being added to this list.

NAZIS IN RUSSIA DESPERATE

MOSCOW, April 22.—A curtain of mortar, machine-gun and rifle fire shattered a German night attack in the northwest Caucasus, killing 400 of the enemy and wrecking three of his tanks, the Soviets announced today.

(A British broadcast heard by CBS said the Germans were using eight to 10 divisions—120,000 to 150,000 men—in the Caucasus fighting.)

Some small groups of Germans who penetrated the Soviet line at the height of the fighting were wiped out in hand-to-hand fighting, the mid-day communique said.

Front dispatches said the Germans were attacking in ceaseless waves and under strong aerial support in a thus far futile attempt to enlarge their threatened bridgehead in the Kuban area, regardless of cost.

NAZIS MASS MILLIONS. LONDON, April 22.—Germany has massed between 7,000,000 and 8,000,000 troops for a new attack on the Russian front, according to the military commentator of the Ankara radio, the Daily Sketch said today. The Russians themselves were said to be bringing up Siberian troops and other reserves.

PIONEER IS DEAD. BRECKENRIDGE, April 22.—J. B. Long, 81, pioneer resident of Stephens county, is dead at his ranch home near Acker, where he had lived for over 50 years. He was an outstanding advocate of this county and sheep production in this part and was born at Kilgore, Texas.

GENERAL CHUCKLE—General Dwight D. Eisenhower, left, Allied chief in North Africa, enjoys joke with General Fezzik Menguk of Turkish military mission, which recently visited North African headquarters.

HE COULDN'T LOOK—"I couldn't look at my feet, because I couldn't believe they were gone," said Private Ralph H. Theis, wounded by Jap mortar fire in Solomons. He's shown at Oak Knoll hospital, near San Diego, where nation's greatest surgeons are aiding.

TO HELP ROMMEL—To help Rommel's forces run a little faster in Tunisia, Yank ground crewman, at advanced airfield, is preparing load of bombs. American airplane will take them over Axis territory and drop them where they'll do the most good.

NEW GAINS FOR ALLIES IN AFRICA

ALLIED HEADQUARTERS, North Africa, April 22.—The British First Army has hauled back a heavy divisionary counter-attack near Mezger El Bah, destroying 23 German tanks and capturing 500 prisoners, a message announced today, while the Eighth Army gained new ground to the southeast against bitter opposition.

The German High Command said Nazi forces had "reached objectives" in western Tunisia after inflicting heavy losses on the Allies.

Apparently seeking to ease pressure on the Eighth Army against the Enfidaville line, Gen. Judge von Arnim hurried at least five infantry battalions—5000 men—and 60 to 80 tanks against the First Army's positions some 30 miles west of Tunis Tuesday night.

Heavy fighting followed in the moonlight, but by dawn the enemy was withdrawing after having suffered "considerable casualties," Gen Dwight D. Eisenhower's message said. Two giant Mark VI tanks were among the 23 destroyed in the battle.

ALL THE DOLLARS POSSIBLE

There is no need for me to tell you the facts of this terrible war, said Edward Lee, mayor-elect, this morning. There are many homes in our community from which young men, and even young women, have gone out to wear the uniform of our country.

To perform for our country, all the deeds which may be necessary so that our form of government may survive, so that our lives may be safe.

So I will get beyond all this and begin to speak directly of the task that faces us today. This task is to make a resounding success of the Second War Loan, to raise thirteen billion dollars in securities of the United States in a few short weeks.

We—you and I—must lend every possible dollar—every dollar above the bare cost of living—by buying War Bonds and securities of the Second War Loan, so that this drive will be a success. For, you see, our government needs this money from us to provide all the weapons needed by our sons, brothers and husbands in the front lines to protect their lives, to help them to win the war—and keep our lives safe!

SOME ONE GUILTY. WASHINGTON, April 22.—Senatorial charges of navy negligence today followed publication of a report by the Truman committee revealing that 12,000,000 tons of shipping were sunk last year by Axis submarines.

PARTY FIGHT RENEWED. WASHINGTON, April 22.—Their truce attempt abandoned in failure, Democrats and Republicans filed back to opposing trenches today to resume firing in another "do or die" House floor battle on pay-as-you-go, with the issue again whirling around the Auml plan and other proposals to abate varied portions of 1942 income taxes.

REPRISALS NOT CONSIDERED, BUT COURT TRIAL AND DEATH WILL BE THE FINAL ANSWER

WASHINGTON, April 22.—The United States, aroused from the cross-roads to the halls of congress, vowed today to avenge the execution of American airmen by smashing at Japan's military might with renewed vigor and ultimately punishing the officials who ordered the executions.

A few, but only a few, members of congress called for immediate reprisals—execution of some Japanese prisoners now in American hands.

But authoritative sources said this country intends to exact a sterner and more just retribution, by prosecuting the war within the international standards the United Nations are fighting to preserve, and then bringing to book those Japanese actually responsible. When that day comes, their fate undoubtedly will be execution.

Disclosure of the execution of some of the American fliers who fell into Japanese hands after last April's raid on Tokyo prompted renewed demands in congress that more planes and men be sent to the Pacific.

The Army Air Forces are going to start getting their revenge now. Their chief, Gen. Henry H. Arnold, sent this message to every air force unit at home and abroad:

"Remember those comrades when you get a Zero in your sights—have their sacrifice before you when you line up your bombsight on a Japanese base."

Some day Arnold's men are going to line up their sights on Tokyo, again and again. That has been promised by President Roosevelt and the war department. If the Japanese hoped to prevent future raids by the executions, they are in for a surprise.

The bitterness of American military personnel was virtually unlimited. Typical of the feeling around both the war and navy departments was the remark that "they'll pay for that."

Sens. Joseph C. O'Mahoney, D., Wyo.; Edwin C. Johnson, D., Colo., and Harlan Bushfield, R., N. D., were among legislators who thought an increase in shipment of men and supplies to the Pacific should result.

President Roosevelt, in his statement yesterday disclosing the executions, said Japan had been told that this government "will hold personally and officially responsible for these diabolical crimes all of those officers of the Japanese government who have participated therein and will in due course bring those officers to justice."

Neither in his statement nor in the state department's note to Japan protesting the outrage was there any indication of reprisals. The note categorically branded as "false the charge that American aviators intentionally have attacked non-combatants anywhere."

Of purported confessions, the state department's note to Japan said: "There are numerous known instances in which Japanese official agencies have employed brutal and bestial methods in extorting alleged confessions from persons in their power. It is customary for these agencies to use statements obtained under torture, or alleged statements, in proceedings against the victims."

DOUGLAS.

Abraham Lincoln never far from American thoughts, as thought came again on April 22 approaches. That was the birthday of his great rival, Stephen A. Douglas. The rivalry between Lincoln and Douglas ranks with that between Jefferson and Hamilton, and Jackson and Clay as one of the great contentions that have shaped American history.

In the early days of the struggle for a free press was with Douglas. He was a champion of the Liberty of the press, and his only rival in the state legislature. At 38 Lincoln was in congress, but Douglas had gone on to the senate. At 39 Douglas had won the presidency, while Lincoln was still in the ranks of a struggling lawyer.

STABILIZING.

The president's freeing of wages and prices came a little late, but not too late to avoid catastrophe. It seems like stopping a runaway automobile on the edge of a precipice. Or it may be compared to stopping the on-rushing Niagara at the Marie in the last days.

It should not be forgotten that wages are bought and patents are sold to men with money, as well as with men. Both must be sold, and there must be enough of both to buy the job.

CRITICISM.

There seems to be a wave of criticism against the new constitution. It is not only the people who are criticizing it, but the press, the courts, the legislature, and the executive.

PEACE.

Proposals for a "negotiated peace" appeal again. Frederick J. Liberty of Washington, D. C., representing a so-called "National Council for the Prevention of War" is urging an immediate peace based on "concessions in the cause of international justice."

It seems unlikely that such an appeal now could be taken seriously by Americans. But such efforts, however sincere they may be, are dangerous at a time when the free powers are marshaling all their strength to suppress the destroyers.

THE 2nd WAR LOAN DRIVE IS ON!

How to invest in "fighting dollars!"

"Lend more money to help carry on the fight!" That's what our Government is asking you and all the rest of us... asking us to lend it 13 billion fighting dollars in the next few weeks! 13 billion extra dollars—over and above all regular War Bond buying!

We can do it... we must do it... we owe it to our boys who are fighting overseas. For their sake...

We've got to build more ships! We broke all records last year when we built 8 million tons of shipping. This year, we're building 18 million tons... but still it is not enough!

We've got to do more fighting! More and more of our soldiers and sailors are going into actual combat... requiring more equipment, and more supplies. We cannot let them down!

We've got to buy more War Bonds! To help pay for the things our fighting men need... we've got to buy War Bonds as we never bought them before!

In the next few weeks you may be visited by one of the thousands of men and women who are giving their time and effort to the 2nd War Loan Drive. Welcome these patriotic workers if they call... buy from them all the War Bonds you can!

Better still, don't wait for them. Go to your nearest bank, post office, or War Bond booth, and invest more fighting dollars now! It's the least you can do to help those who are fighting and dying overseas!

Among the 7 different kinds of U. S. Government securities is one that exactly fits your own particular purse and requirements. These securities are the finest investment in the world... a bar none! For your Country's sake... for your own sake... invest all you can!

THEY GIVE THEIR LIVES... YOU LEND YOUR MONEY!

Our pet abomination is the person who can always remind you of something to kill your joy when you are feeling cheery.

The criminal's pals may never betray him, but soon or late he will mistreat some women he trusts.

To the town loafer, "necessary work" means work that became necessary as a way out of the draft.

The final proof of chivalry is stay fit and flat-waisted for years.

"Pride goeth before a fall" like all proverbs. A bath goes before a fall, but it isn't bath's fault.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. You may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start causing backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning are signs that there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for **Flon's Pills**, used successfully by millions for over 40 years. They give you happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

THE 2ND WAR LOAN DRIVE IS ON!

Come on, Let's WIN this war!

IF we should lose the war, life would not be worth living. "But we won't lose it," you may say. Listen, brother—in this world nothing's sure, unless you make it so.

This month it's up to us here at home to do our part, and then some, to make Victory surer—and quicker! To do it, we've got to lend Uncle Sam 13 billion extra dollars.

It isn't easy—but war isn't easy and Victory isn't cheap. It takes money—and more money—to buy planes, ships, tanks, guns and a million other things our boys must have to deliver that final, paralyzing knockout punch.

And it's a whole of a lot easier for us at home to lend our money than for our boys to fight through the hardships and dangers of deserts, swamps, jungles, ice-helds and sub-infested seas! Just think! Every extra bond you buy will help provide the weapons to save the lives of many American boys! Isn't that alone worth every effort, every economy you can make? You bet it is!

There are 7 types of U. S. Government securities to meet the needs of every purse. They offer the finest investment in the world—liberal interest, plus security guaranteed by Uncle Sam himself.

A volunteer worker for the 2nd War Loan Drive may visit you soon. Welcome this unselfish patriot—and buy all the bonds you can. But don't wait for that call. Go—today—to your bank, investment dealer, broker, post office or bond booth and invest to your uttermost limit. Even if it hurts, it's nothing compared to the agonizing impact of a bayonet thrust, a flesh-tearing torpedo fragment or a bone-crushing bullet.

So dig deep, brother, and do it NOW!

There are 7 different types of U. S. Government securities—choose the ones best suited for you!

THEY GIVE THEIR LIVES... YOU LEND YOUR MONEY!
