CISCO, TEXAS, WEDNESDAY, JUNE 9, 1943.

NUMBER 197

BIG TAX BILL MAY NOT COME UP TILL FALL

HEART ATTACK CAUSED DEATH OF GOOD CITIZEN

A good citizen and a trusted and valuable employee of the Humble company was lost to Cisco yesterday when J. R. Slaughter, 53, passed away at 6:15 p. m. at his residence in Humboldt, after complaining of not feeling well for the past few days, but appearing at his office for duty yesterday morning, the heart attack coming suddenly.

Funeral services will be held at the residence this afternoon at 5:30 o'clock, with Rev. L. W. Seymour officiating. The body will be taken to Longview by car tomorrow where services will be held in the First Methodist church of that city, with Rev. Fred Fowell of Houston and Rev. D. L. Landrum of Longview officiating.

Mr. Slaughter was born in Mississippi, November 29, 1889. He had been an employee of the Humble company for the past 16 years, coming to Cisco as claims agent in 1928. He was transferred to Longview in 1931, returning to Cisco in 1942.

Deceased is survived by his wife, one son, R. D. Slaughter, instructor in the air forces at Cuero; one daughter, Mrs. R. L. Woodfin, Kilgore; two granddaughters, three brothers, J. W. Slaughter, Cisco; D. M. and W. P. Slaughter, DeLeon; one sister, Mrs. J. R. Roberts, Memphis, Tenn.

Thomas funeral home had charge of the body.

WOMAN'S SOCIETY MEETS AT GORMAN

The district organization of the Woman's Society of Christian Service for the Methodist church will hold its annual meeting in Gorman tomorrow, beginning at 9:45 a. m. Mrs. M. H. Hagaman of Blanger, executive secretary of the Cisco district, will be in charge and a delegation from Cisco Methodist churches will attend under the leadership of Mrs. John Shetzler, president of the society of First Methodist church.

Speakers for the day's program will include Mrs. Gid J. Bryan, conference president; Mrs. Edward Sneed, Dublin; Mrs. W. H. Cole, Cisco; Mrs. W. A. Pace, Whittier.

Each person will take lunch and all will spread together at noon for an old-fashioned dinner-on-the-ground occasion. Pastors of the district are included in program plans.

SEAMAN HUEY IN SAN FRANCISCO NOW

Mrs. B. S. Huey stated today that her son, John Peter Huey, seaman of the second class, is in San Francisco at present and hopes for a furlough that would permit him to visit his mother here and also his wife, who is making her home with her parents in Dallas. However, the coveted furlough is very doubtful.

Seaman Huey, who was in business in Olney when he joined up with the colors, was a member of the Rotary club of that city and while in an Australian city some time ago attended a Rotary luncheon and was feature speaker at the meeting.

THE BACK-STABBERS.
NEW YORK, June 9.—A Rome broadcast last night soberly reported total Italian casualties of 632,551 in the three years since Mussolini's declaration of war on England and France—an act that President Roosevelt labeled a stab in the back. Italian losses are known to be much greater than the total given in this report.

SCHOOL HOISTS FLAG

Conforming with the war efforts of Cisco Women's Training Center, an American flag—6x9 feet—is being flown from a 55-foot flag pole erected in front of the training school buildings in north-east Cisco, where about 300 women are being trained in auto mechanics by some 25 instructors.

The flag pole was made from iron pipe donated partly by Humble Oil & Refining company and partly by Cisco Gas corporation. The pole was erected by the West Texas Utilities company. The base of the flag pole was made of 10-inch pipe, tapering off to 4-inch pipe, and finally to 2 1/2-inch pipe at the top.

Supt. J. R. Crawford announces that about 90 new recruits will have arrived at the school by the last of this week to take the place of the 90 who graduated last week, and who have taken jobs in the various war camps of the country.

Recruits are from all the southeastern states, but mainly from Georgia, Alabama, Florida and South Carolina.

WRIGHT TALK ON US. FLAG IMPRESSIVE

The address by Rev. James R. Wright today on Flag Day, June 14, was pronounced by Lions to be one of the outstanding programs of the year and Lion Austin Flint was thanked for bringing the program. However, Flint disclaimed credit for the distinction, saying that Rev. L. W. Seymour had the program already scheduled, but was prevented from being present at today's luncheon. Other visitors were Maj. H. R. Garrett and Rotarian J. J. Callaway. A letter of thanks from Miss Betty Slicker relative to a gift from the club was read by President Huston.

The speaker prefaced his talk by reading a paper written on the flag by Lion E. L. Jackson, which was read by Jackson on the occasion of the first scrap drive in Cisco. The paper went on to speak of the flag as something alive, embodying the spirit of tranquility, peace, liberties and the many blessings derived by living in America under that flag, which guarantees so much to its citizens.

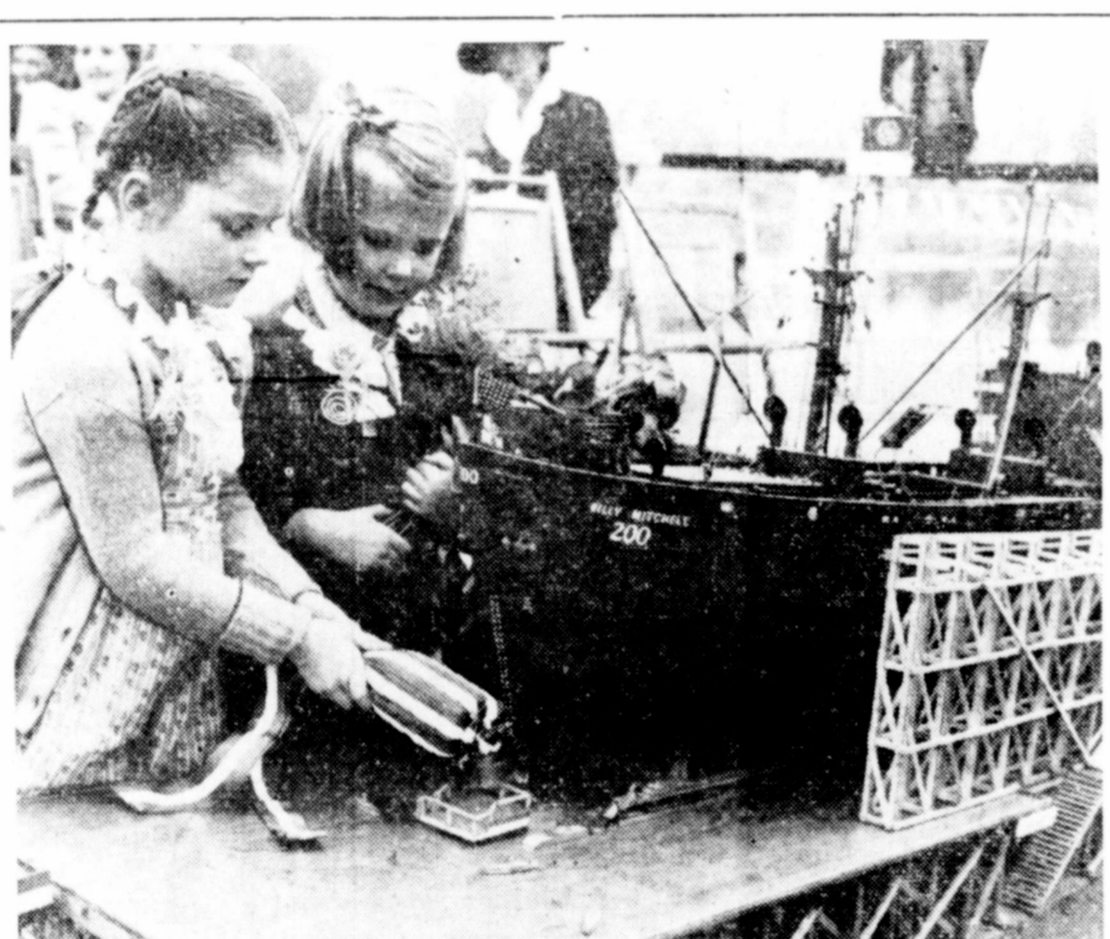

The speaker then told of what the flag means to soldiers on a foreign field of battle, such as it did to soldiers of World War I, or to those of this present war. He spoke of the pride an American felt when he gazed on its waving folds, proudly saying to those around: "This is the Flag of My Country."

Turning to the history of the flag, whose birthday we celebrate on June 14, Mr. Wright told of the first flag, which was adopted in January, 1776, but which was still partly English in symbol.

The first real American flag was designed by George Washington and made by Betty Ross in 1777, and congress adopted it on June 14. In 1818 the flag had 15 stripes, a stripe for every state, as well as a star for each state. Seeing that it would become too large, it was changed back to the original idea of a star for each state and a stripe to represent the original thirteen colonies.

MADE IN GERMANY—But they probably will be put to work for the Allies from now on. Long line of Axis motorized units was gathered by Allies after victory in Tunisian campaign. That's a Yank soldier who is looking them over.

PINT-SIZE BUSINESS—Alice Elizabeth Miller, relative of late Gen. Billy Mitchell, christens model of California Shipbuilding's 200th Liberty ship, Billy Mitchell, at Los Angeles, in children's ceremony. Carrita Nobles, maid of honor.

CAMP BILLY GIBBONS TO OPEN JULY 7

Camp Billy Gibbons, camp for scouts of Comanche trail council, will open with a noon day meal July 7. The camp is located in the hill country of San Saba county, 12 miles from Richland Springs, on the San Saba river. Scouts and their leaders will attend from Stephens, Eastland, Erath, Comanche, Brown, Mills, San Saba and Lampasas counties.

The camp program this year will stress outdoor activity, water safety, first aid, hiking and camping in the open. Swimming will be taught to all scouts who do not know how to swim. Life saving methods will be given to the boys by a qualified water safety expert. Scouts will learn how to make a bed, cook, and select a camp site in the open. Tests in various phases of scouting will be given to all who need such on their advancement program.

Each troop will be required to furnish their own leader, who will be either the scoutmaster or another adult in charge of the troop. Troops will furnish their bedding and tents. Most of the meals will be at central mess hall.

The French are natural Democrats. They'd rather fight among themselves than gang up on the opposition.

Released by U. S. War Department Bureau of Public Relations
NEW EUROPEAN COMMANDER—Lieut. Gen. Jacob L. Devers, newly appointed commanding general of United States Forces in the European theater of operations, is a native of York, Pennsylvania. He was appointed to the U. S. Military Academy in 1905, and upon his graduation in 1909 was commissioned a second lieutenant of field artillery. He filled important assignments in the field artillery and on the General Staff. In July, 1941, he was assigned as Chief of the Armored Forces, Fort Knox, Kentucky, and in May of this year was assigned to his present command.

TEXANS ASKED TO WATCH FOR ESCAPED NAZIS

CAMP HOOD, Tex., June 9.—Five German military prisoners were at large in Texas today after their escape from the North Camp Hood internment area.

Military authorities enlisted the aid of the Federal Bureau of Investigation, state and local officers in the search for the men, all 21 or 22 years of age, who made their getaway by as yet undisclosed methods.

Camp officials informed the FBI that the men were missed during a routine morning check-up, and that they had escaped sometime after midnight.

AUTO STICKERS ON SALE CISCO PO. TOMORROW

The auto tax stickers—yellow this year and costing \$5—will go on sale at the Cisco postoffice tomorrow, said Postmaster Luther H. McCrea this afternoon.

The stickers must be on the windshield of your car by July 1, Mr. McCrea reminded.

FRED GRIST NEW FIRE CHIEF

At last night's session of the city commission bills to the amount of \$1,336.17 were paid and a fire chief and his assistant were elected.

Fred Grist was made chief and Arlin Agnew was named his assistant. Chief Grist has been a member of the department for many years and will be a worthy successor to W. W. Sledge, Jr., who became chief of the Cisco fire department when Noah Fowler resigned from that position in February of 1941, to enter war work in Ft. Worth. After completing Fowler's term, Sledge was elected for the usual two-term.

Those present at the councilmanic session were Mayor Edward Lee and Commissioners A. D. Anderson, Charles J. Kleiner, George Boyd, J. J. Collins, H. S. Drumwright and Secretary George W. Downie.

FRIENDS EULOGIZE BELOVED TEACHER

Miss Fannie Stevens, who was struck by a bicycle in the afternoon of June 1, sustaining a fractured hip and broken arm, is getting along as well as could be expected according to information today from Graham Sanitarium.

The injured woman, who had just completed her thirty-third year in the public schools of Cisco, is generally recognized as one of the most conscientious, effective teachers the ward schools of the city have ever had.

One citizen who phoned the Daily Press this morning seeking information relative to the condition of Miss Stevens, made this statement:

"Miss Stevens' worth to Cisco through her long, painstaking service in our schools cannot be overestimated. She has set many youngsters on the straight road to manhood and womanhood by daily stressing honesty, good manners and consideration of others in her care. I sincerely trust she may recover completely and be back on the job when the next school term begins. We cannot afford to lose her."

HOOVER URGES BETTER CONTROL OF FOOD

NEW YORK, June 9.—American food supplies are dwindling while the demand is increasing "dangerously," former President Herbert Hoover said in urging a widespread reform of food control policies.

Moreover, Mr. Hoover told a meeting of the American Farm Bureau Federation, there is a world food shortage that will last for at least four, and possibly six years.

Americans will not starve, he said, but "our cities will have less food supply during the next winter and spring even than they had in the last few months."

CARICATURE BANNED.
WASHINGTON, June 9.—At the request of the postoffice department, the Morris Plan Bankers association has discontinued the use of a postage meter design on its mail caricaturing Hitler, Mussolini and Hirohito.

FDR. OPPOSES SALE TAX AND SUGGESTS THAT LIQUOR AND CIGARETS COULD STAND MORE

WASHINGTON, June 9.—Early congressional consideration of the largest tax bill in history appeared unlikely today despite President Roosevelt's announcement that he will send new revenue-producing proposals to congress before the summer recess, tentatively fixed for July 4.

Members of the house ways and means committee, which will handle the program first, said there is little likelihood that the general tax bill will be taken up before early fall.

Committee members said that ways and means Chairman Robert L. Doughton of North Carolina has insisted that hearings on treasury proposals for raising more money be delayed until after the recess, which is scheduled to end Sept. 6. Doughton was not available for comment.

Mr. Roosevelt made known his intentions on future revenue proposals in announcing at his press conference yesterday that he will sign the compromise pay-as-you-go tax bill.

He reiterated his opposition to a general sales tax, as proposed by some congressional groups, and said the inflationary gap caused by increased national income could be closed through a combination of compulsory savings and taxes.

As one method of closing the gap, the president mentioned heavier taxes on cigarettes and liquor. He said the consumption of these commodities apparently hadn't dropped in the British Isles because of high taxes.

The present U. S. taxes on popular brands of cigarettes are seven cents a package, compared with a tax in Great Britain of 37 cents. The present U. S. taxes on 100 proof liquors are \$1.50 a quart, compared with taxes in Great Britain on Scotch whisky, for example, of \$3.70.

Rep. Frank Carlson of Kansas, member of the house ways and means committee, had this to say about the general tax bill:

"I doubt very much if we'll get around to the general tax bill for some time. What this committee needs is a vacation."

INVASION OF ITALIAN ISLANDS UNDERWAY

LONDON, June 9.—An Allied landing "possibility" has already been made on the Italian stepping stone island of Pantelleria, the British Press association military expert said today, but confirmation of his suggestion was lacking.

The Italian high command announced today that the Allies have sent an ultimatum to the Italian garrison on Pantelleria demanding the surrender of the stepping-stone island on the approaches to Sicily.

The ultimatum expired at 6 p. m. yesterday, and the reply of the commander of the garrison was to prepare "with all means to repulse any landing." Rome radio said.

JAPS GET THE IDEA.

SAN FRANCISCO, June 9.—Tadahiko Okada, speaker of the Japanese house of representatives, told a mass meeting in Tokio today that Japan must utterly destroy the United States and Britain or be destroyed herself, the Tokio radio reported in a broadcast recorded by the Associated Press.

FT. WORTH LIVESTOCK.

All classes of cattle and calves found a steady market at Fort Worth today. Butcher hogs were 10c below Tuesday's closing prices or 25c below the opening prices of that day. The extreme top was \$13.85 and the practical top \$13.75. Packing hogs were about steady and pigs unchanged. All sheep and lambs were active and strong.

"Germans have no choice but war or death,"—Goebbels. Isn't war awful when you run out of easy victims?

MISS NANCY SEABERRY HONORED AT LUNCHEON.

Complimenting Miss Nancy Seaberry of Eastland whose marriage to Lieut. Cyrus B. Frost was recently announced, Mrs. Emmett L. Graham and daughter, Miss Gloria Graham, entertained with a luncheon Tuesday at their home in Humboldt.

The house was gay with decorations of seasonal cut flowers and the dining table was centered with a lovely arrangement of pink carnations and white feverfew.

Soon after arrival of guests they were invited into the dining room where they were seated at the dining table while partaking of the three-course luncheon. The honoree was presented with a lovely pair of sheets and pillow cases by the hostesses. Following the meal conversation and music entertained the guests during the afternoon.

Those present were Miss Nancy

Seaberry, Mrs. Virgil Seaberry, Mrs. John Turner, Mrs. Clyde Grissom, Mrs. Walter Cheney, Mrs. Jack Frost, Mrs. Cyrus Frost, Miss Dorothy Perkins of Eastland and Misses Betty and Alice Slicker, Mrs. Alex Spears, Miss Lillian Spous, Mrs. R. W. Mancill, Mrs. E. L. Graham and Miss Gloria Graham.

WILLING WORKERS IN POWELL HOME TUESDAY.

Mrs. Troy Powell was hostess to the Willing Workers class of First Baptist church which met for social and business meeting in her home Tuesday night. Mrs. Powell was assisted in entertaining by Mrs. Guy Ward.

The meeting was opened with prayer by Mrs. J. R. Wright and Mrs. H. W. Schmidt presided during the business period, in the absence of Mrs. Burl Williams, class president.

A social hour was enjoyed and at the close refreshments were passed to Mrs. H. W. Schmidt, Mrs. J. F. Benedict, Mrs. James Flournoy, Miss Ethel Mae Wilson, Mrs. Harold Farquhar, Mrs. Lonnie Shockley, Mrs. D. G. Alford, Mrs. J. R. Wright, Mrs. C. C. Greenhaw, Mrs. I. A. Brunken-

hoefer, Mrs. J. S. Mobley, Mrs. W. W. Milner, Mrs. Guy Ward and Mrs. Troy Powell.

FIRST BAPTIST WMU IN GENERAL MEETING.

The women's missionary union of First Baptist church met for a mission program at the church Tuesday afternoon. The meeting was opened with group singing of a hymn with Mrs. B. B. Hurst playing piano accompaniment. Prayer was offered by Mrs. W. I. Ghormley. Circle four was in charge of the program which was directed by Mrs. C. A. Williams. After a splendid devotional, parts bearing on the topic were given by Mrs. J. R. Burnett and Mrs. Ghormley. A resume of the program was brought by Mrs. C. A. Williams. Special prayers were offered by the group for men in uniform and for the revival meeting to begin here Wednesday night.

PRESBYTERIAN AUXILIARY PROGRAM.

First Presbyterian auxiliary met for an inspirational program at the church Tuesday afternoon, with Mrs. E. P. Crawford presiding. The meeting opened with prayer by Mrs. Gary L. Smith. A short business session pre-

ceded the program of which Mrs. A. E. Jamison was leader. The topic discussed was "Synodical

and Presbyterian Home Missions." Mrs. W. W. Wallace spoke of the relationship of the church to home missions; Mrs. J. E. Caffrey discussed Presbyterian schools and Mrs. Gary L. Smith told of the various institutions maintained by the church. The meeting closed with the Lord's prayer.

Approximately twenty members were in attendance.

INVADER—Appointment of Brig. General Daniel Noce, specialist in landing operations, to general staff of U. S. Army in European theater, is believed to indicate that zero hour for invasion of Europe is at hand. He's native of Falmouth, Mass.

and Presbyterian Home Missions." Mrs. W. W. Wallace spoke of the relationship of the church to home missions; Mrs. J. E. Caffrey discussed Presbyterian schools and Mrs. Gary L. Smith told of the various institutions maintained by the church. The meeting closed with the Lord's prayer.

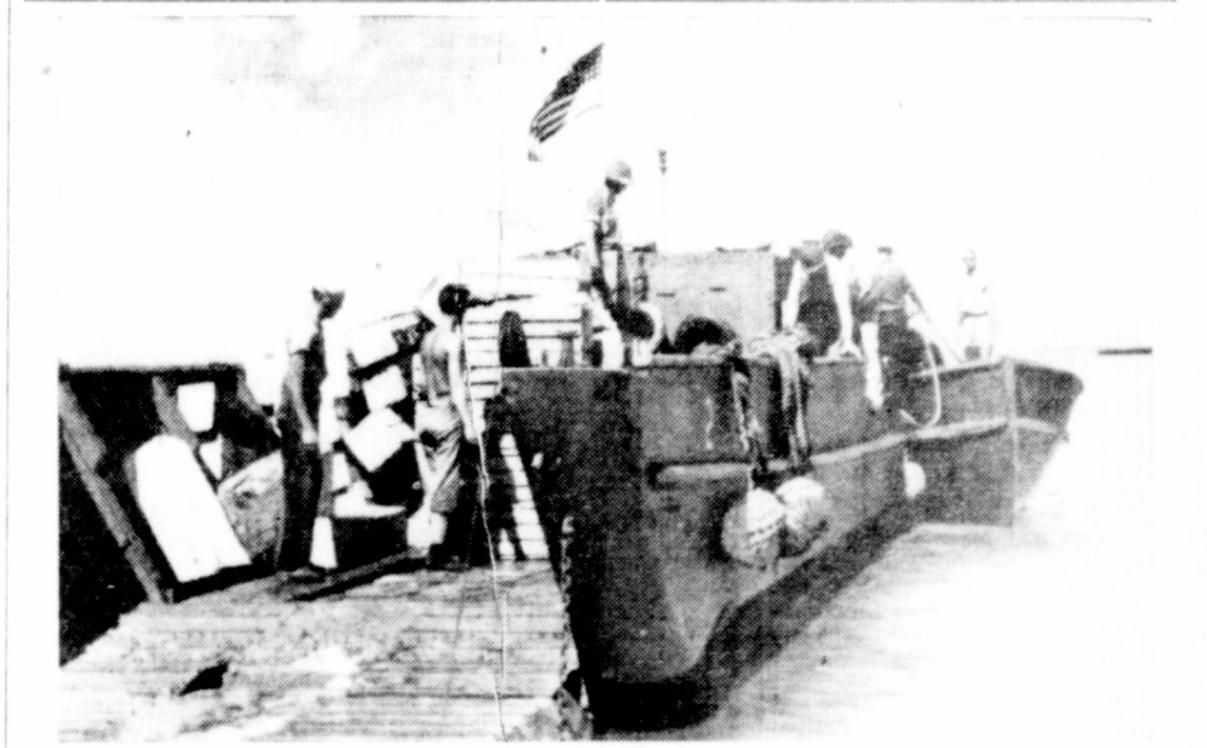

Approximately twenty members were in attendance.

LANDED BIG CATFISH.

The men are not catching all the big fish out of Lake Cisco. It would seem from evidence brought in this morning by Carlton McAfee, 11, son of Mr. and Mrs. J. C. McAfee of Fort Worth, who proudly displayed a 7 1/2 pound catfish at the Daily Press office. Mr. McAfee and his two sons, Carlton and Frank, are

spending a few days here while he looks after his outdoors advertising business in this area. Mrs. McAfee and her sister, Mrs. A. P. O'Flaherty, are visiting their parents in San Angelo.

It is true that all of Europe is in distress. And there was an impregnable fortress in Tunisia, too.

ALL GOING ASHORE—U. S. Marines defending Funafuti, new U. S. island outpost in Ellice Island group recently taken over by U. S., get supplies. Tank lighter brings supplies to shore, where they are unloaded.

LONG-TERM DOUGHBOYS—Diagonal lines on sleeves of these servicemen, known in Army as hash marks, show men have served Uncle Sam total of 127 years. They're at Laurel Army Air Field, Miss. From left: Master Sgt. Frank Humphrey, Little Rock, Ark., 29 years; Master Sgt. Robert L. Barlow, Salinas, Cal., 27 years; Master Sgt. William T. Wheeler, Medford, Ore., 26 years; Master Sgt. Henry F. Watson, Hempstead, N. Y., 23 years; Private Patrick Lyons, Sullivan, Ill., 22 years.

Alaska Highway!

for Your After-War Trip?

U. S. Army Engineers couldn't be told that it couldn't be done. Like Superman, they cut and smoothed the wilds to Alaska. The Al-Can highway leads nearer to Victory Day, when you can hope to head your car north... or to the Rio Grande—or where you choose—leaving war worries in your wake. But will you have a car?

Not a new one; not soon after Peace, experts agree. Your best bet is to preserve your present car for the future. At the same time you'll preserve it for your essential driving today, by recognizing its ruthless enemy—engine acid!

Mere normal combustion has always left acid in any engine after it has stopped. But in running often, driving long, and heating the engine well, you mostly dispersed this acid. Then along came rationing and limited driving. Plenty of time now for acid to gnaw and corrode inner parts that you cannot easily replace. But what familiar thing bars corrosion? Good metal plating!

And your engine's insides can have anti-corrosive OIL-PLATING—attached as closely as any fine plating, by Conoco Nth motor oil. It's patented. It includes the modern synthetic that behaves almost "magnet-like" to maintain OIL-PLATING—even for days—where acid could otherwise freely attack. Block it! OIL-PLATE today. Your Conoco Mileage Merchant knows your right grade of Conoco Nth oil. Continental Oil Company
