EIGHTEEN WAR AGENCIES WITHOUT FUNDS

AMENDMENT TO CCC BILL OUTLAWING SUBSIDIES WILL HALT PRICE ROLLBACK; VETO LIKELY

WASHINGTON, July 1. — An unhappy fiscal new year for the government today found 18 war agencies and four departments without funds, congress' vacation delayed and the administration's rollback of food prices at least temporarily outlawed.

It also brought indications of another veto tussle between Congress and President Roosevelt. Both Republican and Democratic leaders predicted that the chief executive would veto the bill which kills the rollback-subsidy program, even though it carries an extension of life for the Commodity Credit Corporation.

Three times with two weeks Mr. Roosevelt has denounced critics of that program and challenged them to offer a better plan for holding prices in line. He had warned congress that 100 per cent responsibility would fall on it for an inflationary spiral if the subsidy program was killed.

But with temperatures and tempers high, congress went ahead and sent the stop order on rollback-subsidies to the White House.

As a result of its action on that program, and inaction on unfinished appropriation bills, congress decided to stay around for at least several more days and may decide to stay until the president acts on the subsidy issue.

Government agencies and departments will be able to get along without money for a while, but the effects of congress' economy ax will be felt today when the Office of War Information's regional offices—for which funds have been denied—will begin to close their doors.

Even the president was left for the first time without emergency funds—the first time since Pearl Harbor.

Abandoning efforts to clean the appropriation calendar by last midnight's deadline congress completed action on only two out of eight vital bills. Those were the \$71,500,000 Army appropriation bill and the measure extending the life of the farm-important CCC for two more years.

The tangle over appropriations will be straightened out in time, but the CCC bill augurs a legislative-presidential controversy which will outrank the recent one in which an angry congress over-rode the president on anti-strike legislation.

The amendment to the CCC bill outlawing the use of subsidies halts the rollback of butter, meat and coffee prices already announced, forbids any new rollback programs, and severely restricts even such indirect subsidy as purchase of farm commodities with the intent to sell at a loss.

The president can take until July 12 to announce his decision before the act would become law without his signature.

There already was uncertainty over the legal status of CCC beyond last midnight. In the absence of a formal opinion CCC officials said they would continue operations on the usual basis, carrying out commitments already made but making no new ones and operating on funds already available in its treasury.

The troubles of CCC were trivial, however, compared with those of the various agencies and departments left without funds because of congress' inability to complete action on their annual appropriation bills before the midnight June 30 deadline.

The departments affected were agriculture, labor, interior and the Federal Security Agency. The war agencies included: The Board of Economic Warfare, Office of Censorship, Petroleum Administration for War, Office of Price Administration, Office of Strategic Service, Office of Emergency Management, Office of Civilian Defense, Office of Defense Transportation, Office of Economic Stabilization, War Labor Board, Co-Ordinator of Inter-American Affairs, Office of Scientific Research and Development, Office of War Information, War Production Board, Small War Plants Corporation, War Relocation Authority, Office of War Mobilization, and the War Shipping Administration.

TREASURY OFFERINGS GO IN A HURRY

WASHINGTON, July 1. — A record over-subscription of the treasury's latest offerings of securities was reported today by Secretary Morgenthau, who said between \$19,000,000,000 and \$20,000,000,000 had been subscribed

in response to an offering of only \$2,500,000,000. Books on the offering of 1-1/2 per cent certificates were kept open only two days—Monday and Tuesday of the week.

Backward lands demand freedom, meaning: "Use your money and brains to develop our country, but let us take over when the work is done."

Sixteen million for "Farm Security" means that much job security for insiders whose jobs are unnecessary.

JONES-WALLACE FEUD BITTER ONE

WASHINGTON, July 1.—The quarrel between Vice President Wallace and Secretary of Commerce Jesse H. Jones flared into new fury as Jones accused Wallace of making a "dastardly" and "untrue" charge and demanded a congressional investigation.

Both Wallace and Jones swapped punches anew after War Mobilization Director James F. Byrnes — to whom President Roosevelt directed officials to take their quarrels — failed to establish peace.

The intensity of the feeling of the two officials amazed even Washington observers, who have seen other quarrels break out and fade away among over-worked and over-wrought officials in a turbulent war city.

Political observers believe that repercussions may be heard in the 1944 Democratic national convention if Wallace is a candidate for renomination.

Recalling that rebellion broke out in the Texas delegation in 1940 when Roosevelt picked Wallace for vice president — and noting that Jones is a power in his home state of Texas — observers saw the possibility of Jones' partisans launching a drive to head off renomination of the vice president.

Amazing phases of the almost unprecedented quarrel include an appointive official — Byrnes — summoning a vice president to his office with a cabinet officer to explain their differences.

NIGHT AND DAY RAIDS.

ALLIED HEADQUARTERS, July 1. — The Northwest African Air Forces, continuing an offensive to soften up Italy under defenses, bombed Sicily from end to end in 24 hours of devastating night and day raids, a communique announced today.

TIME IS SHORT.

MILAN, Mich., July 1. — Although his last few hours slowly pass by, Max Stephan today is hopeful he will be saved from the gallows by presidential clemency. The convicted German-born traitor, scheduled to die on the gallows here Friday morning, expressed this hope in a letter to his wife, who is being held prisoner in a concentration camp in Texas.

ACCUSED—Carmen Beach Martin, called the "Spanish Bombshell," charged with operating a white slave ring in Washington. Testimony that most of her customers were Latin-American diplomats was given in court.

IT'S CHOW TIME—Chinese soldiers scoop bowlsfuls of rice from a "chow basket," for their mid-day meal. They're crack fighting men defending Salween River sector, on Burma Road. Note crude woven sandals and cloth leggings they wear.

REAMES WAS GUEST CISCO ROTARY TODAY

O. J. Russell introduced Raymond Reames, aviation radioman, first class, dive bomber squadron, as the guest speaker at the Rotary club today, following the usual good meal served by the ladies of the First Christian church.

As a part of unfinished business for the year just ended, Past President Ernest Hittson said that a letter from the district governor's office announced that Cisco was in the upper ten class for May with an attendance of 95 per cent. President Lonnie Shockley, who was presiding for his first time as new president of the club, said he was sure a final checkup would put Cisco in the same high rating for June.

President Shockley announced his standing committees today and gave proper literature of instructions to each chairman. Dan Parish of Abilene was a guest from Abilene, making up his attendance.

Raymond Reames came dressed in his official uniform, with his medals and citations for meritorious conduct. He said he did not like to dress up in them but that he had been requested to do so today. But he said he was wearing one medal of which he was very proud and that was the one given him by the Rotary club while he was a senior in Cisco high school. This medal was one of those given each year to the most useful boy in school.

Mr. Reames said he had not thought of making a regular talk before the group, so did not have any special speech organized, but he would just talk of some of his experiences in the southwest Pacific area, following the sinking of the Lexington in the early days of the war.

Reames said he had downed one Jap Zero that he knew of, and the fact that it was the Jap instead of himself, was due to a blunder on the part of the Jap. The plane had him at a disadvantage, being below him, but the Jap waited to get above him, a fact that allowed Reames to get him on a dead sight.

The talk was very interesting, the speaker answering many questions asked by Rotarians. He said American air pilots seemed to be much superior to those of the Japs, and our planes superior in many respects to those of the enemy.

Ernest Hittson displayed his scrap book for the year, with all the newspaper clippings of each meeting while he was president. He said he was very proud of this book and it would help him recall the pleasant days spent in being the head of so fine a group of men.

MANY COAL MINERS STILL OUT

The back-to-work movement in the nation's coal mines suffered additional setbacks in Pennsylvania and Alabama today as the number of recalcitrant miners grew to nearly 125,000.

New strikes were reported in both states as additional workers voted to remain out of the pits in defiance of orders by John L. Lewis, United Mine Workers' chieftain, and pleas by government officials to continue production in the interest of the country's war efforts.

Steel production, already curtailed, was threatened further by spread of the walkouts in Alabama. With two blast furnaces already banked because of the coal shortage, a Republic Steel spokesman said the company faced suspension of Alabama operations unless coal mining is resumed immediately.

In the Pennsylvania anthracite fields, the situation improved when 10,000 strikers voted to return to work today and additional meetings were scheduled to ballot on the proposal. Only 1800 men voted to continue the strike. Despite the favorable voting, however, there was approximately 52,000 of the 80,000 hard coal diggers still on strike.

U.S. GETS 65 OF 110 PLANES

WASHINGTON, July 11. — The navy announced today that American invasion forces have captured Viru harbor on New Georgia Island and revealed that 65 out of 110 counter-attacking Japanese planes were shot down in a furious battle in the central Solomons.

Supported by big naval guns and planes, Allied troops are reported making progress in their sweeping five-point offensive to blast the Japanese out of the islands above Australia, and informed Washington quarters expected the drive to touch off a momentous new sea battle.

"All elements—ground, naval and air—are being employed in closest synchronization," said a bulletin from General MacArthur's headquarters.

INFANTILE PARALYSIS.

FT. WORTH, July 1.—Three new cases of infantile paralysis were diagnosed by doctors at city-county hospital as directors of the Tarrant county infantile paralysis society announced they would meet today to discuss use of funds available for those who can not pay for Kenney treatments. Total under treatment for the disease in Fort Worth hospitals now stands at 17, the greatest number since 1937.

COFFEE PLENTIFUL.

RIO DE JANEIRO, July 1.—Good news for North American coffee drinkers was disclosed today by exporters who disclosed that coffee shipments to the United States during June totaled 860,000 bags—almost equalling prewar monthly totals.

V. E. M'CHAREN A FINE CITIZEN DIED YEST'RDY

Valle E. McCharen, 45, a resident of Cisco for many years and one of the city's finest characters, died at Graham Sanitarium at 3:50 p. m., Wednesday, after a long illness. He was born in Mississippi, February 13, 1898, but located at DeLeon with his parents in 1903. He joined the Methodist church when a small boy, but later united with the First Christian church of Cisco with his wife, the former Miss Norine Ford, to whom he was married in 1919.

Mr. McCharen was an employee of the Norvell & Miller grocery when ill health forced him to retire about two years ago. He was also an employee of the Cisco Daily Press as circulation manager some years ago. He was known as a quiet but very friendly man and the soul of honor.

Survivors include the wife and three-year-old son, Bobby Edd, Mr. and Mrs. R. S. McCharen, the parents; one brother and seven sisters. All will be present at the last rites except one sister, who lives at Salem, Ill.

Funeral will be held at 4 o'clock this afternoon at the First Christian church in DeLeon, with interment in the DeLeon cemetery. Rev. E. B. Isaacks of Cleburne will conduct the services and will be assisted by Rev. J. D. Swope, pastor of the Christian church at DeLeon and Rev. J. D. Smoot, pastor of the DeLeon Methodist church. Thomas funeral home of Cisco will have charge of the remains.

Pallbearers will be brothers-in-law of deceased, as follows: E. K. Henderson and E. E. Stevens, Lubbock; Glider Chupp and Emmet Locke, DeLeon; F. M. Champion, Abilene; Howard Bart, Cleburne; Jimmie Smith, Dallas; Howard Hawkins, Morton and E. E. Wright, Lamesa.

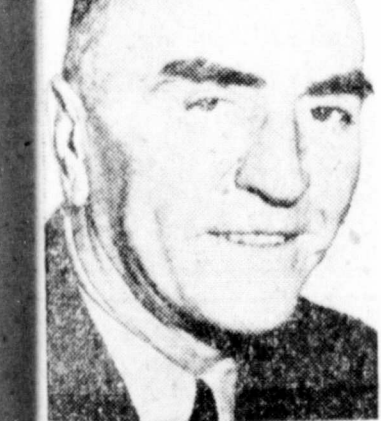

FORMER CISCO WOMAN MEMBR OF THE WAACS

"Mrs. W. E. Tierman, 32, daughter of Mr. and Mrs. W. D. Jenkins, route two, Cisco, has passed all qualifying examinations and has been sworn in as a member of the Women's Army Auxiliary Corps."

The above information came to the Daily Press from the district recruiting and induction office of the U. S. army, Dallas.

After being sworn in Mrs. Tierman, who lives at 2900 Galvez, Ft. Worth, was placed in the reserve and sent home to await calling to active duty.

The new WAAC is the wife of William Tierman and a cousin of Marvin E. Strickland, both of whom are in the service. She completed high school in Cisco.

TO MOSCOW — Captain Eddie Rickenbacker, who is on mission to Moscow as representative of War Secretary Henry L. Stimson. He is making world tour of United Nations battlefronts.

GREEK TRAGEDY—Hardships and suffering experienced by this Greek refugee boy are written on his face. He's being cared for in Camp Moses Well, near Suez Canal, where Greeks are given temporary shelter before moving on to new homes in Belgian Congo.

CANNING HINT—Mrs. J. B. Muecke and Mrs. Leota Stanton of Ottawa, Kan., grew tired of shelling peas by hand, for their canning operations. So they got out the family washing machine and put the wringer to work. Peas soaked in ice water first.

METHODIST WSCS HOSTESS TO COUNCIL.

Methodist society of Christian service was hostess Tuesday afternoon to other church societies of the city for the regular fifth Tuesday council meeting. After members had assembled in the church auditorium, organ numbers were played by Miss Betty Slicker. Mrs. John Saertzer WSCS president, directed the afternoon program. Group singing of familiar hymns opened the meeting, followed by the devotional period. Selected scripture, the thirty-fourth Psalm, was read alternately. Miss Ella Andres was

presented in a vocal number, "Prayer," by David Guion.

Rev. Leslie W. Seymour, guest speaker of the afternoon, gave a splendid talk in which he discussed "Where There Is No Vision, the People Perish." Mrs. Abbie Daniel spoke words of gratitude for association with Christian groups of the city.

Mrs. W. W. Fewell presided during the business period in which new officers were elected for the coming year. Those elected were: President, Mrs. John Shertzer; vice-president, Mrs. Homer Slicker; secretary, Mrs. Roy Morrison. A letter from the national women's church council was read in which the local group was thanked for a generous offering of more than \$23. The offering was taken on the special day of prayer.

The meeting adjourned until the fifth Tuesday in August.

MISS LETHA ESTES CLASS HOSTESS.

Miss Letha Estes was hostess at the family residence, 409 W. Ninth street, when Harvesters class of First Baptist Sunday school met Monday night in a monthly social and business meeting.

The meeting was opened with prayer and minutes of previous meeting were read by Mrs. W. C. Clements and approved by the group. Reports and other business was transacted and at the close a social hour was enjoyed. Refreshments were passed to Mrs. C. P. Cole, Mrs. W. C. Clements, Mrs. H. B. Hensley, Mrs. Wm. Isenhower, Miss Mayme Es-

tes and the hostess, Miss Letha Estes.

MCCOY SERIOUSLY ILL.

T. E. McCoy, 74, retired brick and stone mason, who lives with his son, J. D. McCoy, at 1309 F Avenue, is seriously ill with a complication of troubles. Mr. McCoy came to Cisco from Tennessee about thirty years ago and worked on many of the brick and native stone buildings here. Mr. McCoy has two daughters and two sons—Mrs. Carroll Jackson, Mrs. A. W. Jackson and J. D. McCoy, Cisco, and Reuben McCoy, who lives in Portland, Ore.

CAMP MEETING.

Samuel Cooksey, 1609 F avenue, Cisco, extends an invitation to the public to attend the Dry Creek camp meeting, three miles west of Putnam, on the fourth. Meals will be served on the ground and a 35-cent bus fare from Cisco to the grounds has been arranged. A Bible school will start Monday, July 5, Mr. Cooksey says, and will extend through Friday the 9th. Bible students will be provided with meals for \$2.50.

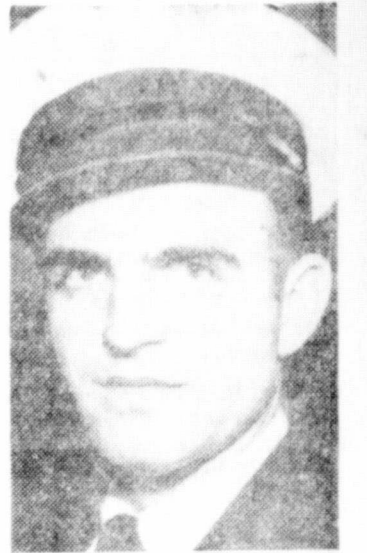

One section will eat well and another go hungry till we have one over-all boss with a nationwide organization geared up as one machine.

Tired Kidneys Often Bring Sleepless Nights

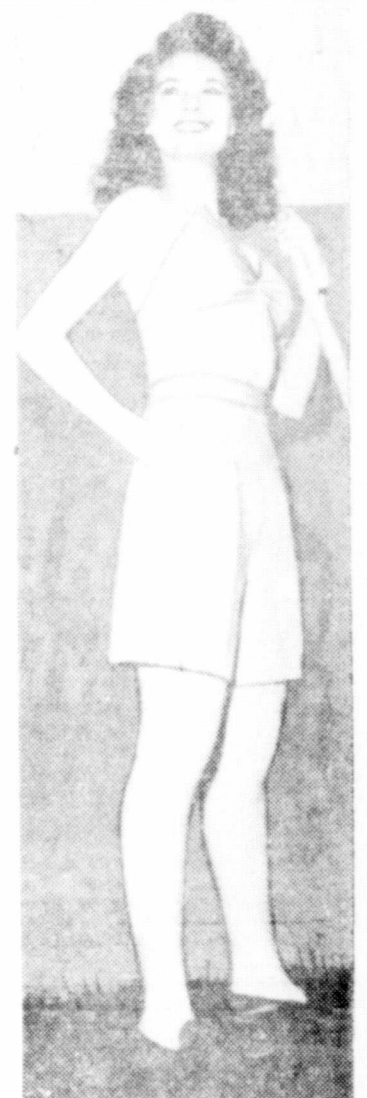

Distress your kidneys cause 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent urinary passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect the condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 42 years. They give happy relief and will help the 15,000,000 of arteries tubes flush out poisonous waste from your blood. Get Doan's Pills.

JULY--- The Month of Harvest

In addition to being the month of the Declaration of Independence which we all celebrate as the foundation of our freedom for which we are still fighting — this time in foreign lands, July is the month when food is being harvested.

We are told that lack of food may stare us in the face before another year has rolled around — not because there is no food but because distribution may be more or less disrupted on account of war confusion.

Lack of manpower to carry on in every usual manner is disrupting many services that we have been in the habit of taking as a matter of course. Things we have always thought of as a part of our very existence are beginning to be strangers to us. Citizens must do many things for themselves that they have been accustomed to hiring others to do.

Grocers are finding it hard to provide food items that customers are demanding. Many housewives must put away canned foods for use in case their grocers can not provide it for them.

It is a time when all must be busy, patiently awaiting service that must be delayed for lack of manpower.
