FORMER CIS-PARTY RUCUS CO BOYS IN HANDS JAPS NEW MOMENTUM

Mrs. J. R. Poplin, 295 West Thirtieth street, Cisco, has just received a letter from the navy department informing her that her son, Sidney Owen Awalt, boatswain's mate, first class, is a Jap prisoner of war in the Philippines.

Sidney Awalt, together with his brother, G. T. Awalt, also a prisoner of the Japs, were partially reared in the I. O. F. orphan home at Corsicana. At the grand lodge and Rebekah assembly at Dallas in March of this year a program was dedicated to them as former students of the institution.

Mr. and Mrs. Poplin are well-known in Cisco, having lived here for a number of years. Both young men have lived in and around Cisco and have many friends here.

FREDE ENTERS NORTHWESTERN U. AT CHICAGO

Ralph Frede, former editor of the Daily Texan at the University of Texas, where he took his bachelor of journalism degree in June, is visiting his parents, Mr. and Mrs. Elmer Frede, 710 E. Twentieth street. He leaves today for midshipman training at Northwestern University, Chicago.

Young Frede, together with his father, who is one of the head instructors at the Cisco War Ordnance Training Center, were welcome visitors at the Press office this morning. The young chap, just 21, has been on the naval reserve for the past one and one-half years, awaiting his graduation before taking the training at Northwestern. He has been on the staff of the Daily Texan for the past four years.

KENT IN FT. WORTH.

George Kent, son of Mr. and Mrs. Marvin Kent, has concluded his training as sheet metal workers at the NYA school in Ranger and is now employed at the Consolidated Aircraft plant in Fort Worth. The young man was formerly employed in the circulation department of the Cisco Daily Press.

LOCAL PEOPLE ABSENT.

Manager Mornoe Sweeney announces that the swimming pool is being cleaned again today and will be open as usual tomorrow afternoon. Sweeney says July Fourth at the lake was a fair day, but mostly patronized by soldiers. Local people were just not traveling.

TO CANADA—Former Minister to Denmark Ray Atherton, who has recently been nominated by President Roosevelt as new U. S. Minister to Canada. He now is acting chief of State Department, Division of European Affairs. He also will serve as Minister to Luxembourg.

WASHINGTON, July 6.—The administration's congressional leaders seemed determined today to avoid investigation of the Wallace-Jones verbal duel which is rapidly widening into controversy over procurement of strategic materials to questions of government spending and post-war ideologies.

Vice President Henry A. Wallace and Secretary of Commerce Jesse H. Jones specifically accuse each other of lying about the strategic materials procurement program.

But their dispute reflects other major disagreements between conservative elements and New Dealers within the Democratic party.

Symptomatic of this intra-party dissension is the proposal of Chairman Hatton W. Sumners (Democrat, Texas) of the house judiciary committee, of a constitutional amendment to permit congress to override a veto with a simple instead of a two-thirds majority. Another is the bill by Rep. Sam Hobbs (Dem., Alabama) to make it unlawful for the government—especially Mr. Roosevelt's executive branch—to employ any person who is or has been engaged in subversive activities.

MRS. TAYLOR DIED AT HOME HERE, MONDAY

Mrs. Mary F. Taylor, 74, died at 7:20 p. m., Monday, at her home, 1605 D avenue. She was the widow of W. L. Taylor, retired farmer, who died six years ago. They came to Cisco from Arkansas about 47 years ago. Three sons, four daughters, 21 grand children and five great grandchildren survive her.

The funeral will be held Wednesday afternoon at 1 o'clock, at East Cisco Baptist church, with Rev. Nugent Baldersee and Rev. Russell Dennis officiating. The body will then be taken to Stamford by Thomas funeral home for interment beside her late husband. Surviving sons are W. R. Taylor, Stamford; R. S. Taylor, Houston; J. A. Taylor, Lubbock. The daughters are Mrs. Flynn T. Reames and Mrs. W. O. Fenley, Cisco; Mrs. C. T. White, Houston; Corp. Gladys Griffith, WAAC, Ft. Oglethorpe, Ga.

Palbearers—Emmett Green, Roy Fenley, Kent Word, G. A. Eppler, Wyatt Jacobs and Clyde Hailley.

CAPT. M'GOWEN IS HOME FROM PANAMA ZONE

Capt. H. E. McGowen, Jr., son of Mr. and Mrs. H. E. McGowen of Humboldt, arrived in Cisco Sunday from Panama, where he was sent 18 months ago, following his graduation from A & M college. He was in the field artillery and states that he is in love with that part of the world.

At the expiration of his 20-day leave, he will report to Fort Ord, Calif.

STATE DEFICIT REDUCED.
AUSTIN, July 6.—Deficit in the state's general revenue fund had dwindled to \$23,050,416, State Treasurer Jesse James said today. This represents a reduction of \$5,080,863 in the past 12 months.

CHINA IS HOPEFUL.
CHUNKING, July 6.—Generalissimo Chiang Kai-Shek told China today on the eve of the sixth anniversary of the outbreak of the conflict with Japan that the time limit for utter defeat of the aggressor "can not exceed two years."

FOR SALE—Large fryers and Irish potatoes. Phone 171.

MOTHER GANGES USEFUL—Great Mother Ganges, holy river of India, is used for many purposes, as Yank soldiers there, who never have been away from home before, can testify. Here are Benares women praying, as they are 'half submerged.'

AWARD FOR MERIT—In colorful ceremony at Ensenada, Mexico, Lieut. General J. L. DeWitt, center, confers Legion of Merit, Degree of Commander, on General Pablo E. Macias Valenzuela, left, and General Juan Felipe Rico Islas. Awards were personally ordered by President Roosevelt for safeguarding of Western Hemisphere.

CHAIN SERVICE—Troops coming ashore at unnamed beach on Attu Island, in the Aleutians, provide a quick way to get ammunition on land from barge, by forming human chain. Yanks occupy strategic northland island, after driving out Japs.

NAVY RECRUITING PARTY BE HERE THURSDY

In order to contact all interested applicants, a navy recruiting party will be in Cisco on Thursday, 11 a. m., at the postoffice to give personal interviews.

Chief Recruiter Tom O. Gaston of the Abilene navy recruiting station says there are three particular branches open for enlistment; namely, 17 year old boys, Seabees (navy construction regiment) and Waves.

Men 17 years of age, who have not reached their eighteenth birthday, are eligible for immediate enlistment, and Chief Gaston points out that they must have a certi-

R. R. WILLIAMS BURIED SUNDY AT GUNSITE

R. R. Williams, 39, who lived on lake road near Cisco, died in the city-county hospital at Ranger, July 3, at 9:15 p. m., after an illness of four months.

Burial was in the cemetery at Gunsite, Sunday afternoon, following funeral at the Gunsite Baptist church, which was conducted by a Church of Christ minister from Breckenridge. Thomas funeral home was in charge of the remains.

Survivors include the wife and three children—Bobby Frank, 13; Wayne Charles, 10; Raymond Lee, 5, and the father and mother, Mr. and Mrs. M. F. Williams of Eastland.

PERDUE'S WAR INTEREST IS KEEN AT 96

David B. Perdue, who will be 97 years of age October 16, has two of his sons and their families visiting him. They are Mr. and Mrs. W. R. Perdue and daughter, Mrs. Josie West of Socorro, N. M., and Mr. and Mrs. J. M. Perdue of Slaton, Texas.

The elder Perdue was born in Georgia, but came to Cisco from Alabama 43 years ago. He lives at 512 East Seventh street.

When the war broke out this fine old gentleman predicted it would be a long, hard fought war. He asks about the progress of the fighting quite often, his eyes having failed to where he can't read to any degree of satisfaction, and expresses great delight when told that we are winning battles.

TROY STEWART WRITES WIFE HE IS O. K.

Mrs. Troy Stewart received a letter this morning from her husband, Pvt. Troy Stewart, with the coast artillery anti-aircraft detachment somewhere in the Hawaiian Islands, in which he said he was all right and had been seeing some wonderful country.

Private Stewart, 22, was born near Baird but was raised in Cisco. He was all-district center for the Cisco Lobos in 1939 and graduated from Cisco high school that year. He went across last February. His wife, the former Miss Madeline Sargent and their 5-year-old daughter Sharon, called at the Daily Press office today and ordered the paper sent to him, care of the postmaster at San Francisco.

198 DIVISIONS HAMMER AT THE FIGHTING REDS, WITH NOTHING TO SHOW FOR IT

MOSCOW, July 6.—The Germans hurled huge reserves into battle along a 165-mile segment of the Eastern front today after losing 10,000 men, 728 tanks and 203 planes in the first 36 hours of what is probably their final effort to crush Russia before the opening of a "second front" in Europe.

More than 6600 Axis troops were slain and 152 tanks wrecked in the past 12 hours alone, but nowhere had the Germans achieved more than temporary success in their long-anticipated summer offensive, backed by the bulk of the 190 Nazi and 28 satellite divisions—3,270,000 men—in Russia.

The Russian lines everywhere were intact after fierce night battles, the mid-day communique said, and front reports asserted that a German detachment which had wedged Soviet positions to a depth of nearly a third of a mile yesterday was being annihilated in a "battle of extermination."

However, battles were continuing at frenzied pitch as the Germans threw tens of thousands of troops and hundreds of tanks against the Soviet lines all the way from the salient just north of Orel, 200 miles south southwest of Moscow, to Belgorod, 50 miles above Kharkov.

(The Berlin Radio still remained silent on the offensive, more than 24 hours after its forces attacked. A morning broadcast reported "fervid activity" on the Russian front with the Soviet attacking in the strength of a company (200 men).

One hundred German tanks blasted their way through the Soviet forward defense line between Orel and Kursk, 85 miles to the south during the night, but ran into heavy depth defense fire that wrecked 38 of them and sent the survivors scurrying back to their own lines, the Soviet mid-day communique said.

Altogether 50 enemy tanks, including 10 of the Mark VI "Tiger" class, were destroyed in this one sector alone.

German infantry units, which tried to exploit the initial tank break-through were hurled back and the forward defense line was restored.

In another sector on the Orel-Kursk front, one Soviet detachment damaged or set fire to 17 German tanks and, according to incomplete data, wiped out over 4000 German officers and men.

It was on the Orel-Kursk front that Monday's midnight communique said that a small Axis detachment broke through Soviet forward defenses to a depth of 550 yards yesterday, but finally was halted by concentrated artillery fire. The mid-day communique did not mention this breakthrough.

The Soviet High Command long had anticipated a German offensive in this sector, since reconnaissance had established that the Germans had concentrated the main bulk of the 218 Nazi and satellite divisions on the eastern front between Orel and Belgorod, cutting across the important Axis supply railroad from Kiev to Bryansk.

The fact that the Russians destroyed 588 tanks in a single day—the greatest number in a comparable period since the start of the war—indicated the magnitude of the battle.

It was from this same springboard that the Germans launched their 1942 summer offensive one month earlier than the present assault.

The German assault ended a 101-day lull in large-scale fighting on the eastern front, one of the longest periods of inactivity since the start of the war.

U. S. AND JAP SHIPS MIX IN DEATH FIGHT

WASHINGTON, July 6.—American and Japanese warships are battling furiously in the narrow Kula gulf north of New Georgia Island today as U. S. forces were reported in control of the western and southern approaches to the New Solomons fighting area and pushing toward Munda.

The naval battle, which may decide whether the enemy's major supply base at Munda falls quickly and easily to American forces or becomes the objective of a difficult siege, was disclosed in a special 30-word report. No details have been received, it said, and its announcement was based only on brief reports from the South Pacific. Munda is the major American objective in the central Solomons.

Frank Tremaine, United Press correspondent at Allied Headquarters of the South Pacific forces, quoted informed sources there as declaring that the Allies now control the western and southern approaches to the New Georgia area and that "United States infiltration forces are pushing toward Munda," presumably from the southeast where they have captured Viru harbor.

Tokyo was reported by the Nazi-controlled Vicky radio today to have admitted that American "ground and air" assaults against the Jap base of Munda in the Solomons have increased in the last 24 hours.

HOLIDAY RACING FANS BET TEN MILLIONS

NEW YORK, July 6.—The jungle, jungle, jungle of the mutual machines substituted for the fireworks of yesteryear in the 1943 celebration of July Fourth.

Saturday and Monday's racing programs at New York, Chicago, Boston and Detroit lured 218,851 spectators through the turnstiles and once inside, the throng wagered a two-day total of \$10,228,499.

Almost half of that dollar deluge was registered in New York, where a national seven-race record of \$2,232,285 was established Saturday as Mrs. Barclay Douglas' Chop Chop ran off with the \$225,000 Empire City Handicap.

WHITE STARRED.

ABILENE, July 6.—Leonard White of Dallas held the 1943 Abilene Country Club invitation golf tournament Tuesday after a 4 and 3 victory over Spl. Leonard Mazza. White had 19 one-putt holes in 33 played and was eight under par for the final round Monday. His tournament score was 21 under par and he made 25 birdies, including three of the last six holes played.

DANGER AHEAD.

Congressman Albert J. Engel of Michigan made a pungent report to congress regarding the huge cost of this war, stating some facts that are usually ignored. One big reason for disconcert, he says, is the excessively high wages paid to farm boys who were hauling manure last fall, and five-and-ten-cent clerks who have done into war work.

It may be unfair to single out such examples for condemnation, but the point is well made. This country is supposed to be operating in a free economic system according to the American way, but the American way in such cases is absurdly wasteful. It could lead to national bankruptcy and at best establishes false standards and encourages waste.

It is this fact, I believe, more than any other," said Engel, "that is responsible for the tremendous costs in our war program." When farm boys, grocery clerks, gas station attendants, and so on, with no special skill, can step into factories and, with no greater effort, earn \$120 to \$220 every two weeks it doesn't make sense. He tells of girls with only two or three weeks of training earning \$270 a month, more than \$3,000 a year. Machine gun assemblers, he adds, are paid \$4,700 to \$8,749 a year.

WASHINGTON.

Washington, D. C., July 6.—A comparatively quiet day here today. For some reason the other news columns made known in recent days, and not heard of in the columns of present-day adults, seem to be vegetarians. Ex-amples are the woman, a giraffe-like creature found early this century in East Africa, and the nilotic, a horned antelope from In-tervenant Wallace, seems shamed, but unnecessary, at a time when the whole political and war situation is already over-riding. The same comment might be made about various other items in progress, and the recent stream-ling of the big and small, and the little.

The fact is, however, that the world is not so good as it is with it. Most of the problems arising, military and political, and military, are probably enough to fill the pages of a history of ages. The political and personal fighting seems to be any good. A dis-aster in Byrd's would help, but the fact is, however, that the world is not so good as it is with it. FRIENDS IN INDIA — Captain Walter Lee Sheppard of Philadelphia makes friends with small son of an Indian farmer, as he stops for a drink of water near Benares, holy city of India. American soldiers are reported finding Indians friendly folk, although their customs often are strange.

What a mess! If victory seems too near, people quit trying, if they realize how far away it is, they blame Washington. A magazine article says sex isn't a factor in making marriage happy. Still, marrying probably would stop without it. How can a doctor tell by the patient's cough whether it is the sixth day of a cold or the thirtieth day of a drunk? Roosevelt and Wilkie aren't the only two capable of doing the job, but the only capable men who could be elected. ELECTION DEATHS.

MEXICO CITY, July 6.—While Mexico waited for an official count in Sunday's congressional election, a government bulletin stated that two persons had been killed in Oaxaca state in connection with the election. No other deaths were reported. Meanwhile, independent and opposition candidates continued to claim victory but the official Mexican Revolutionary party stood firm on its statement it had won every seat in the new legislature. An official count will be made Thursday.

DEMONSTRATION CLUBS IN JOINT MEETING.
A joint meeting of Word and Lake home demonstration clubs was held at Cisco high school Saturday afternoon. Mrs. Grace Farnsworth of the Word club opened the meeting and presided at the business period. Miss Willie Word directed the recreational period.

During the program hour Miss Gladys Martin, county demonstrator, brought a timely lesson on urining and drying vegetables.

She first gave the lesson on bringing corn and also told how to preserve corn by the dry salt method. She illustrated her talk on drying vegetables by passing some peas which had been picked green and had been dried by the new process.

The meeting was adjourned until the first Saturday in August.

Those present were Mrs. Ernest Schaefer and Miss Gladys Martin of Eastland; Mrs. Grace Farnsworth, Mrs. W. C. Clements, Mrs. Cora Plumlee, Mrs. A. C. Poe, Mrs. King, Mrs. Frank Ziehr, Mrs. Reich, Mrs. Paul Poe, Miss Willie Word, Mrs. D. Ball, Mrs. John Hart, and Mrs. W. Z. Latch.

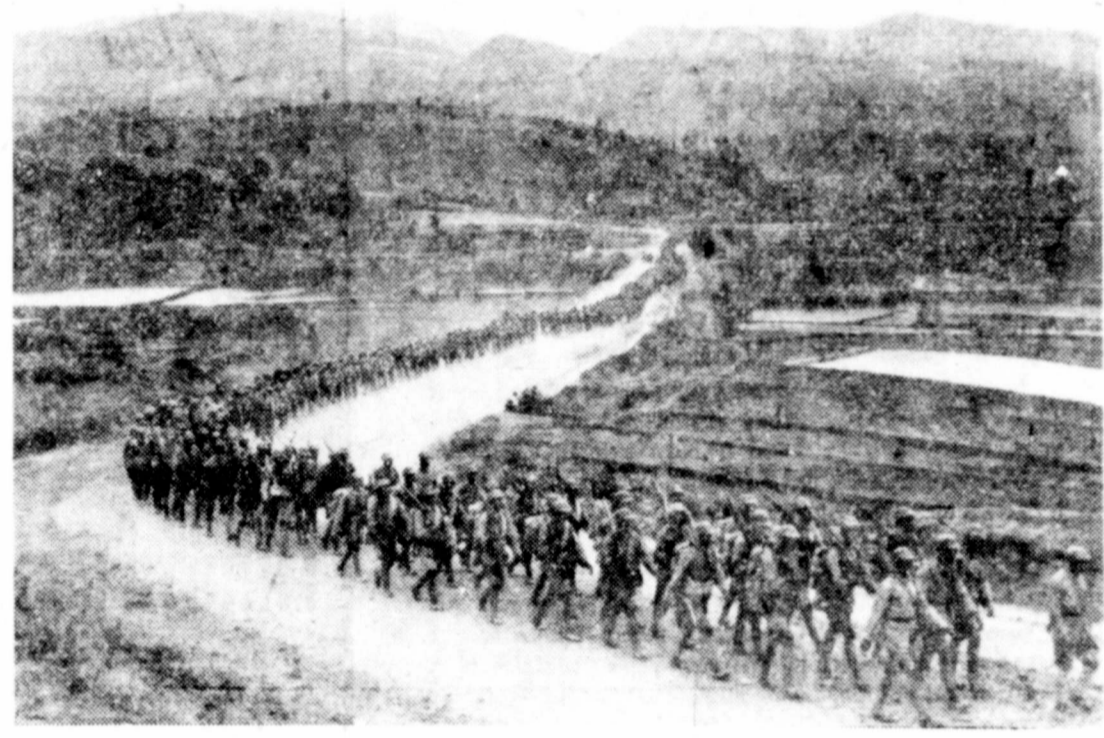

He demands two kinds of girls—one kind to play around with for a few years, and another kind to marry.

IMPORTANT NOTICE TO HOME CANNERS

The Glass Top Seal Fruit Jar Cap for Home Canning was developed as a Wartime product to conserve metal. It consists of a Metal Band, Glass Lid and Rubber Ring.

Because of the difference in the nature of these three materials this Cap must be used differently from any other fruit jar cap. If used properly it will give excellent results. If not used properly, results will be bad, including failure to seal and breakage of jars. Following are simple instructions for use of the Glass Top Seal Cap and must be followed carefully.

1. Do NOT use in Oven Canning.
2. If processing, (cooking in jar), leave 1 inch space in top of jar. If using open kettle, leave 1/2 inch space in top of jar.
3. Fit rubber around projection on bottom side of lid.
4. Place lid so rubber lies between lid and top edge of jar.
5. Turn bands tight, then loosen slightly (about 1/4 turn). Bands must fit loosely during processing (cooking). This is important and must be done to insure best results. If using Open Kettle, screw bands tight as soon as jar is filled.
6. After processing, screw bands tight to complete seal. Remove bands 12 hours after canning.

DO NOT TURN FILLED JARS UPSIDE DOWN

This information is published in the interest of home canning and preservation and conservation of food.

CAR OWNERS... DO YOU WANT A GOOD YEAR TIRE?

HERE'S WHAT TO DO ABOUT IT... FIRST You must have your tires recapped — if they are in recappable condition. Be sure to get GOODYEAR EXTRA-MILEAGE RECAPPING. Don't wait too long. No ration certificate is needed.

RATION DRIVERS You are now entitled to Grade I or Grade III tires. When you get your Ration Board Certificate, bring it here to get the most value for it. We may have your size in a GRADE I GOODYEAR TIRE. That means that you get new Goodyears — first in quality, first in preference. Quantity is limited — but we may still be able to fit you. Come see.

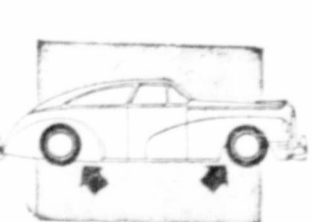

BOOK HOLDERS Your best bet right now is to get our expert advice and service to keep your present tires running as long as possible. If a tire is shot, see us for a dependable CERTIFIED USED TIRE or DEPENDABLE RECAPPED TIRE. Do it today — whatever your tire problem.

SYNTHETIC TIRES? Some synthetic tires are now being released, but most car owners will have to wait for many months before they can get them. When you get them, you'll have the finest synthetic tires — GOODYEAR'S, of course!

What Does YOUR FUTURE Hold?

Try as we may no one can look into the future and see just what it holds for himself.

Many fathers and mothers are trying to look into the future to see if this young son, perhaps, will have to go to war to save civilization from those who through ambition for their own power are striving to wreck the balance of mental judgment that will mean dark ages for us.

They are wondering if this young son will follow the course of a brother who is now somewhere in the battle front — perhaps a prisoner or perhaps has answered the call of his maker.

But however it is, we all want to keep posted on the swiftly moving events—we want to read the letters from boys on the battle fronts in Africa, in the south seas, in Australia, in China, or perhaps now already bound for somewhere in Europe.

We want to read all the news of the world, including the comings and goings of our own local friends.

You get a short glance at all this news each day in the Cisco Daily Press. Send it to that boy wherever he is. He'll be glad to read about those he left behind him. The cost is so little. Do it today.
