AUGUSTA NAVAL BASE FALLS; CATANIA NEXT

G. A. LEAZAR DEAD; A SON OF PIONEERS

G. A. Leazar, brother of Mrs. H. A. Bible, died Saturday at 10 a. m. at Gorman hospital and was buried at Gorman Sunday afternoon at 3:30 o'clock. He would have been 63 years of age had he lived until July 20. Those attending the funeral from Cisco were Mr. and Mrs. H. A. Bible, Hal J. Wagon, Frank Bond, O. L. Duckett and Mr. and Mrs. R. L. Ponsler.

Mr. Leazar was the son of Mr. and Mrs. John C. Leazar, early pioneers of the Sipe Springs country, and was born and grew to early manhood there. The elder Leazar was in the saddle and harness business for many years and did lots of tooth pulling in the early days when there were no dentists in the more rural sections of the country. Mrs. Bible, a daughter, said she still had his forceps with which he extracted teeth, and a box of unusual teeth, which her father always brought home to her.

G. A. Leazar engaged in farming in that part of the country for a number of years and was at times in the oil business. At the time of his death he was employed by the Southwestern Peanut Growers association at Gorman. He had made his home at Gorman for the past year with a daughter, Mrs. T. C. Wylie.

He is survived by four children, two sons and two daughters. They are Mrs. Wylie of Gorman; Mrs. W. R. Pruitt, Odessa; Frank Leazar, employed at a ship yard in Houston, and Junius Leazar, employed at the North American aircraft project at Grand Prairie and living at Dallas.

T. C. McCOY BURIED MONDAY; WAS 74

T. C. McCoy, well known brick mason and a resident here for the past thirty-five years, died Sunday afternoon in the city-county hospital at Ranger where he had been for about ten days.

Mr. McCoy was born March 2, 1869, in Winchester, Tenn., and located in Cisco soon after he came to Texas. His wife died in 1919 and his body was laid to rest in Oakwood cemetery Monday afternoon, beside her. Two sons, two daughters and five grandchildren survive him.

The daughters are Mrs. A. W. Jackson and Mrs. J. C. Jackson, Cisco; the sons, J. D. McCoy, Cisco, and Reuben McCoy, who was here to visit his father recently from Portland, Ore., where he was employed in defense work. He is now in the army. Rev. C. S. Moad conducted the funeral services at Thomas funeral home.

BODY OF MRS. NOBLE TO BE BROUGHT HERE

Mrs. Druella Noble, wife of A. G. Noble, died at John Sealey Hospital, Galveston, Monday afternoon. The body is expected to arrive in Cisco Wednesday and will be at Thomas funeral home, but no arrangements have been made for the funeral.

Survivors include the husband and one child and the parents of deceased, Mr. and Mrs. A. J. Perry of Breckenridge. The husband is a son of J. W. Noble of Cisco. He is at present employed on a defense project and formerly resided at Kemah, Tex.

SHEEP AND GOAT MEN ORGANIZE

The West Cross Timbers Sheep & Goat Raisers association was formed Saturday in a meeting held at Ranger, says Floyd Lynch, county agent, when an interested group of men met and effected the organization.

The purpose is to combine the efforts of various counties in this area in the marketing of wool and mohair, promoting an animal show and sale, buying and selling of feeds and materials and the handling of labor and machinery for shearing.

Membership shall consist of all who own or manage sheep or goats. The membership fee will be \$1.

The officers will be elected annually, with two directors from each county.

The association, says Mr. Lynch, has called a meeting of the directors for July 23, 10 a. m., Ranger city hall, when plans for 1943-44 activities will be formulated.

FORMER CISCOAN NOW AT WILLOW RUN

Cisco friends have received news that Corp. James E. Gardner of the army air force, has completed a five-month course at a technical school in Amory, Miss., and has been transferred to Ypsilanti, Mich., for a two-month course at the Ford Willow Run factory.

Gardner married Miss Mary Elizabeth O'Flaherty of Cisco and will also be remembered here as an employee of the Humble company. The Gardners, who spent several years in Venezuela after he left Cisco, have resided at 6820 Lake avenue, Houston, for several years.

FINE WOMAN PASSES AT A RIPE AGE

Mrs. R. Allison, 89, was buried at Bear Springs cemetery Sunday afternoon at 4 o'clock, following funeral services at the Methodist church at Carbon.

She was a member of a pioneer family, having settled about three miles north of Carbon in the early days. While not wealthy, they were a thrifty family and always had plenty to live on and educate their children, one son of whom was a teacher. Another son was connected with county affairs a number of years ago.

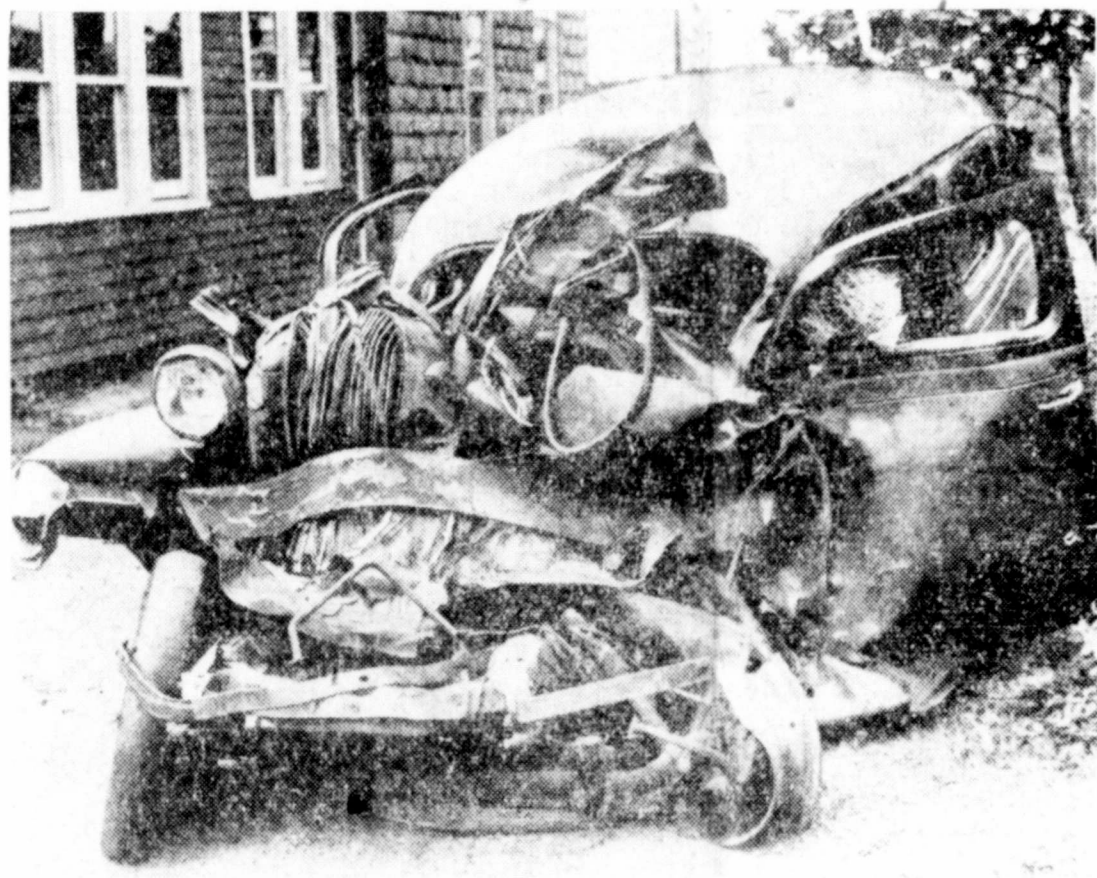

Many persons now living in and near Cisco remember this old family as a staunch bulwark to religious and moral principles. The husband died several years ago.

REACHES AMERICA

NEW YORK, July 13.—Col. Dieudonne Coste, noted French aviator and head of a French underground movement, who won fame for his 1930 trip westward across the Atlantic with Sgt. Maurice Bellonte, has escaped from France and has arrived in this country.

SEVENTEEN KILLED

PENSACOLA, Fla., July 13.—Seventeen men were reported killed and several score injured at Elgin Field, Army air base 65 miles east of Pensacola, in an explosion late Monday. The men were blowing up stumps on the edge of the field.

FIVE DIED HERE—Three soldiers and two sailors were killed at Berlin, N. J., when this automobile collided head-on with a bus. The car was hurled 100 feet and the bus traveled 500 feet before stopping. Bus driver was held.

MEXICAN BLOOD FOR THE BANK—Los Angeles residents of Mexican extraction line up to donate blood for the Red Cross bank. Although their ancestors were born south of the border, these youngsters are cheering for U. S. fighters.

MARY TODD HONORED—Five-ton granite statue of President Lincoln and his wife, sculptured by Frederick Hibbard, set up in East Park, Racine, Wis. Old-timers remember Mrs. Lincoln in park with son Tad, after Lincoln's death.

6 HAVE DIED FROM POLIO, FORT WORTH

FT. WORTH, July 13.—Infantile paralysis took another life in Fort Worth today and the number of cases under treatment in the city reached 47.

The latest fatality was a 17-year-old girl, Mary Kathryn Wright, 1408 May, who died at 7:05 a. m. today in city county hospital.

Here was the sixth death recorded here since the epidemic began. One victim was a Cleburne girl.

JONES WANTS 380 MILLION ACRES FARMED

WASHINGTON, July 13.—War Food Administrator Marvin Jones today announced a 1914 farm program calling for an increase of 16,000,000 acres in crops and emphasizing meat, egg and dairy production.

Jones' goal of 380,000,000 acres for next year will be the largest ever put to crops by American farmers, exceeding the previous peak of 362,000,000 acres in 1932.

PAUL MOSELEY BE EXAMINED FOR MARINES

Paul Moseley, 17, son of Mr. and Mrs. C. P. Moseley, went to Abilene this afternoon where he will be examined preparatory to joining the U. S. Marines.

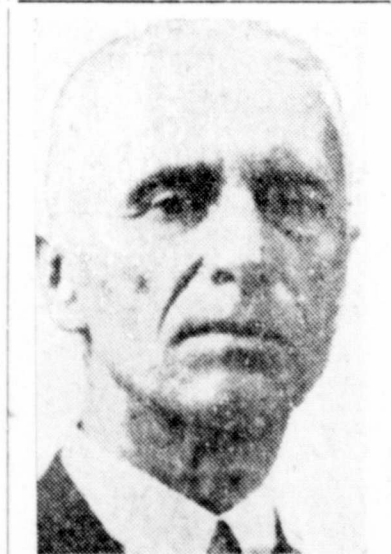

Herby Litchfield, son of Mr. and Mrs. J. J. Litchfield, who joined the Marines last week and reported to El Paso headquarters, was ordered to return to Cisco and await official call. Litchfield is nearing his 18th birthday.

RAYBURN HELPING

WASHINGTON, July 13.—Speaker Rayburn of the house advised Representative Disney of Oklahoma, to submit to War Stabilization Director Vinson additional information to support a demand for an increase in the price of crude oil.

MEAT SITUATION EASED

CHICAGO, July 13.—With the unloading here of some 80,000 head of cattle, the nation's meat situation was eased considerably for civilian consumers. Indications are said both government and packing house spokesmen, that farmers are ready to unload their stock. The 80,000 compared with 62,000 a year ago.

STRONG MAN—Death of General Wladislaw Sikorski, Premier of Polish government in exile, is expected to bring out President Wladislaw Raczkiewicz, above, as strong man in exiled government. Diplomatic observers also believe troubled Russo-Polish relations will improve.

ITALIAN GENERAL AND MANY PRISONERS CAPTURED; FIVE TRANSPORTS SENT TO BOTTOM

NORTH AFRICA, July 13.—Allied troops today surged into the Sicilian harbor of Augusta and the vital rail junction of Ragusa, which commands Comiso airport, poured ashore on the beaches near Catania, and tightened their grip on vast areas of the island.

With Sicily penetrated at one point to a distance of 30 miles and all Allied bridgeheads expanded 20 miles in the east and southeastern areas of the island, a mood of growing confidence descended upon Allied headquarters.

"The situation," a spokesman said, "can authoritatively be stated to be improving."

At the same time, Gen. Dwight D. Eisenhower returned to his base from a first-hand inspection of Allied positions in Sicily with lavish praise for the co-operation among the invading armies.

News of the capture of Augusta and Ragusa came in a sequence of rapid-fire developments that recorded Allied progress on every battle front.

Soon after Eisenhower in an official communique announced seizure of Palazzolo, 30 miles due west of Syracuse, and the 20-mile extension of all Allied bridgeheads, his headquarters made known the fall of Ragusa, where heavy fighting in the outskirts had been reported previously.

At the same time, the Rome radio conceded the loss of Augusta and Eisenhower announced heavy Allied naval bombardment of this harbor north of Syracuse.

British and Canadian troops took Ragusa after hurling back enemy counter-attacks with tanks, obtained a firm grip on the main railway line skirting the southern extremity of Sicily and placed themselves in a position to neutralize and seize Comiso.

Florida, a western suburb of Syracuse, also was taken by the British.

Shortly before the fall of Ragusa was announced, headquarters revealed that American troops had fought their way into this area. A statement said:

"The heaviest fighting yet reported is now under way on the American front east of Gela.

"Capture of Ragusa, which is the focal point commanding communications in all directions, seems imminent.

"Americans reached the outskirts of Ragusa just before the Canadians."

Eisenhower meanwhile reported "good progress" in all battle areas and revealed that an unprecedented fleet of 3,000 ships is participating in the steadily continuing landing operations.

Several thrusts by Axis tank forces were reported and all were successfully repulsed. There was no indication that any of these comprised or even foreshadowed anything in the nature of a general counter-offensive. A number of enemy tanks were destroyed, the Allied communique said.

"During the past 24 hours," the communique said, "great activity continued on all beaches and reinforcements of vehicles and supplies were landed by the navy and sent forward.

4 MORE JAPANESE SHIPS SUNK; TOTAL, 545

SOUTHWEST PACIFIC, July 13.—American warships fought off a Japanese task force apparently trying to land re-enforcements in the central Solomons today and early reports indicated a new U. S. naval triumph with from four to six enemy vessels sunk in a battle which may be continuing.

Information on the battle—second naval engagement in eight days in the Kula Gulf area—was sketchy but it left no doubt that a heavy toll was being exacted to stop desperate Japanese attempts to save their threatened central Solomons garrisons.

In the battle of Kula Gulf a week ago today, the Japanese lost nine to 11 cruisers and destroyers of a force believed to have landed re-enforcements designed for Munda, the enemy airbase on New Georgia Island.

(A Japanese broadcast said the new sea battle took place Monday north of Kolombangara Island, above New Georgia, and that two Allied cruisers were sunk, another set afire and the rest of the

Allied fleet forced to "flee in confusion." The communique admitted "heavy" damage to one Japanese cruiser.)

If the preliminary reports are borne out, the sinkings would raise the total Japanese sea losses for all types of ships to 545 sunk, 55 probably sunk and 546 damaged.

LABOR HEAD THREAT TO CONGRESS MEN

NEW YORK, July 13.—The 6,000,000 members of the American Federation of Labor were urged today to work for the defeat of every congressman who voted for the Smith-Connally anti-strike bill.

Addressing the International Longshoremen's association, AFL Chief William Green said members should oppose the congressmen "with every political and economic power we possess."

A bossy woman isn't happy. She wants to be the boss, and also be courted and petted and it can't be done.

LAMB-ROSE MARRIAGE RITES HELD SATURDAY.

The marriage of Miss Dorothy Sue Lamb, daughter of Mr. and Mrs. Cecil Lamb of Cisco, and Sgt. Nelson Rose, son of Mr. and Mrs. M. E. Rose of Pittsburg, Tex., took place at the Presbyterian manse in Cisco, Saturday night, July 10. Dr. Gary L. Smith officiated in the single-ring ceremony, in the presence of Miss Eulalia Reames, Mrs. Leo Myers and Miss Marie Holman, close friends, who accompanied the young couple. The bride was modestly attired in a two-piece aqua blue shark-skin frock with black accessories. She carried a white Bible, topped with white feverfew. She has grown to young womanhood in Cisco and was graduated with the 1940 high school class. Sergeant

Rose is a graduate of the Pittsburg high school. The couple will be at home at Killeen, Texas, where he is attached to the medical corps at Camp Hood.

MISS LETA SIMPSON WAS COMPLEMENTED.

Miss Leta Simpson, bride-elect of Jack Ledbetter of Dallas, was honored with a miscellaneous shower Friday afternoon in the home of Mrs. C. R. Myrick, with her daughter, Mrs. Jesse Bigbee and Mrs. Jack Cozart as hostesses. After arrival of guests a number of interesting games were played and refreshments of delicious punch and cookies were served. Little Nancy Lou Philley of Portland, Ore., niece of the bride elect brought in the large array of gifts in a toy wagon and presented them to the honoree. Those inspecting the gifts were Mrs. Charles Gleanor, Mrs. Kermet Pierce, Mrs. A. N. Simpson, Mrs. J. E. Noigrass, Mrs. Edwin Erwin, Mrs. L. D. Robinson, Mrs. H. C. Ledbetter, Mrs. Ed Townsend, Mrs. Buford Cozart, Mrs. J. E. Stansell, Mrs. S. W. McCorkle,

WORKERS PREPARE FOR BIBLE SCHOOL

Next Thursday is preparation day with the First Baptist church for Vacation Bible school which begins August 9. Workers will be present at 9 a. m. with covered dishes for the lunch they will serve at noon. L. L. Trott of Rotan, district organizer for these schools, will be present to direct preparations for the organization. Other churches nearby have been invited to be present. A number of the necessary workers have already been secured, but others will be needed and they are requested to volunteer their services to the pastor. The following have enlisted for the organization: Principal—Rev. Cooper Waters; choirster, Mrs. W. W. Fewell; intermediate department—Mrs. W. D. Hazel, superintendent; Mrs. W. P. Guinn, Mrs. J. C. Irwin, Mrs. Homer Hensley. Junior department—Mrs. Bob

Urged Synthetics

One of the most insistent Pearl Harbor advocates of a national synthetic rubber program as a form of "national defense insurance," was John L. Collyer, since 1939 president of the B. F. Goodrich company. A 13-year term of service in Europe and Asia with the largest British Empire rubber concern (Dunlop) has given Collyer unusual insight into the international complexities of the rubber industry. He is a native of New York state and was a star athlete at Cornell.

Walker, superintendent; Mrs. R. E. Jones, Mrs. R. T. Blackstock, Mrs. E. J. Poe, Mrs. E. L. Pugh with Rev. Cooper Waters, in charge of handwork for boys; primary department—Mrs. L. J. Leach, superintendent; Mrs. G. B. Langston, Mrs. Paul Poe, Mrs. W. F. Walker, Mrs. O. J. Russell, Mrs. F. E. Shepard, Mrs. L. A. Harrison, Mrs. A. B. Cooper; beginners department—Mrs. Lena McPherson, superintendent; Mrs. Otis Skiles, Mrs. S. B. Parks, Cathryn Shepard, Louise Morris and Jeanette Burnam.

What Does YOUR FUTURE Hold? Try as we may no one can look into the future and see just what it holds for himself. Many fathers and mothers are trying to look into the future to see if this young son, perhaps, will have to go to war to save civilization from those who through ambition for their own power are striving to wreck the balance of mental judgment that will mean dark ages for us. They are wondering if this young son will follow the course of a brother who is now somewhere in the battle front—perhaps a prisoner or perhaps has answered the call of his maker. But however it is, we all want to keep posted on the swiftly moving events—we want to read the letters from boys on the battle fronts in Africa, in the south seas, in Australia, in China, or perhaps now already bound for somewhere in Europe. We want to read all the news of the world, including the comings and goings of our own local friends. You get a short glance at all this news each day in the Cisco Daily Press. Send it to that boy wherever he is. He'll be glad to read about those he left behind him. The cost is so little. Do it today. CISCO DAILY PRESS

SKY PATTERN—Weird picture taken by British fliers over Berlin shows two searchlight beams, starting at upper right, and third at lower right. But for vibration of plane, patterns would appear in solid white. Mist made beams visible with depth for camera.

Is Your IRON ON THE SHELF?

There aren't many Electric Irons left, and there won't be any new ones until after the war, so take good care of the iron you now have. A little attention now will save you time and trouble later.

Here's How to Keep It Running!

- Keep the bottom of your electric iron clean. Wait until iron is cool, then wipe off with a damp cloth. If necessary, use supersuds or a mild scouring powder. Wipe with a clean damp cloth afterwards. Never put the iron in water.
- Avoid ironing over buttons, hooks, zippers, or other hard articles.
- Avoid dropping the iron.
- Be sure the iron is perfectly cold before putting away.
- Replace the connecting cord at the first sign of wear.
- Keep the cord away from hot iron.
- REMEMBER THIS: It's the contact of heat with the dampened garment that removes wrinkles, not the pressure or weight. So, don't wear yourself out pressing down. Use a lightweight iron and let the heat do the job.
