LOBOES HAVE THREE TOUGH GAMES AHEAD

A non-conference game scheduled with San Angelo on the night of October 15 at San Angelo, gives the Cisco Lobo football team one of the toughest non-conference schedules it has ever had, said Coach Monroe Sweeney Saturday, in speaking of the work confronting his football group.

San Angelo has a good team—in fact so good that it expects to be a contender for the state honors this year, Sweeney said. However, he added, tough schedules develop good teams.

Speaking of non-conference games, Sweeney said the Lobos would open with Abilene at Abilene on the night of September 17, and would play again at Big Spring with the Big Spring team the night of September 24, thus making three hard games in a row.

These three night games are to open at 8:30 o'clock.

90TH CAVALRY SPENT NIGHT AT THE LAKE

Capt. Huckabee and Lieut. Wm. Gassman of the 90th cavalry reconnaissance troop, Camp Berkeley, with 175 men, spent Thursday night at Lake Cisco. This was the troop's second visit here and, as previously, officers and men were loud in praise of the resort.

The officers assured Monroe Sweeney, Lake Cisco Amusement company manager, that they would return here again at an early date—that all members of the troop considered this pool to be the finest for swimming and general recreation they have ever seen.

P. O. EMPLOYEES HONOR RETIRING ASSOCIATE

Mrs. Lilly D. Baugh, who retired yesterday from the Cisco postoffice after 25 years of service, was honored by her fellow employees with a chicken dinner barbecue on the postoffice lawn Friday evening. The meal was prepared by postal employees and their wives.

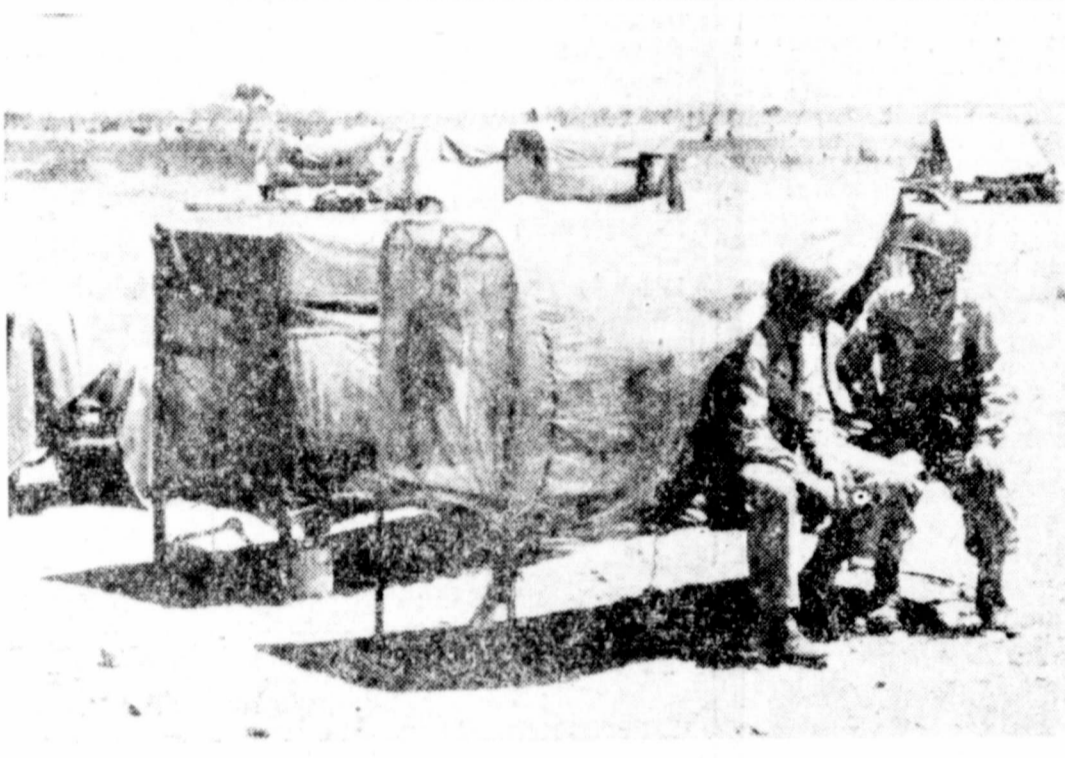

Postmaster L. H. McCrea was toastmaster and many compliments were paid by him and other employees for the fine friendship and fellowship enjoyed through the years with Mrs. Baugh.

The honoree has spent most of her life in Cisco, having come here with her parents, Mr. and Mrs. C. LeVeaux, in 1884. She was born in Brooklyn, N. Y. She will leave Monday for Dallas to make her home with her son-in-law, Robert C. Ayres, and will assume care of her little granddaughter, Sarah Frances Ayres.

Following dinner Mrs. Baugh was the recipient of many lovely gifts from her coworkers. Miss Ernie Moore, now the only woman employe at the postoffice, presented the gifts in a very gracious manner.

Guests present were Mrs. F. F. Parrish, Mrs. F. B. Clappitt, Mrs. W. P. Caldwell, Mrs. C. F. Coats, Mrs. Fred Erwin, Mrs. Walter Boyd, Mrs. J. D. Hall, Mrs. J. A. Krisell, Mrs. W. D. Hazel, Mrs. H. Hall, Mrs. Sam B. King, Harry Donica, Mrs. Sam B. King, Doris Lee Hall, Laverne Steffey, Mamie R. Steffey, Mrs. Fred Steffey, Mrs. Frank Leach, Freda Erwin, Dorothy Leshower, Loyce Coats, Darwin Krisell, Fred Steffey, Jr., Frank Steffey, Jack King, Sylvia Hazel, Billie Jean Hall, Franklin Leach.

Employees present were Fred Steffey, Miss Ernie Moore, James D. Hall, J. M. Witten, Sam B. King, Fred Erwin, Miss Gertrude King, W. P. Caldwell, J. A. Krisell, F. D. Hazel, Luther H. McCrea, C. F. Coats, Walter L. Boyd, Harry C. Donica, F. B. Clappitt, W. H. Hall, Frank R. Leach, W. W. Crain.

FRESH AIR QUARTERS—Anti-aircraft fighters at an advanced bomber base in North Africa guard against an insect blitz from the air by shrouding their cots with mosquito netting. There is plenty of fresh air here and plenty of room for beds.

LITTLE STEEL FORMULA MAY BE INTERRED

WASHINGTON, Aug. 14.—Look for the Little Steel Formula to be quietly buried this fall. Word here is that top Administration officials have agreed; that in return, labor leaders will keep John L. Lewis out of the AFL and CIO and will quiet all strike talk. Still to be decided: amounts of wage increases, and whether they'll be in cash or postdated bonds. One group in Administration favors latter plan, to keep down inflationary effects.

Southern congressmen, now home repairing political fences, are keeping one eye cocked toward the supreme court. Some time this fall court probably will decide whether "white" primaries are constitutional. Decision is due in a Texas case and will affect all southern Democratic primaries limited to white voters.

Setting here is about 50-50 that Japan will attack Russia. Few here doubt she's under heavy pressure to do so from Germany. Question is, can she? Some military men think Japan can be knocked out of the war ahead of Germany if she does.

Bill Jeffers is due for another eruption. It's on that row over rayon vs. cotton cords for new synthetic tires. Jeffers is on the side of rayon, wants full steam ahead on that basis. WPB Nelson has sided with the cotton bloc in congress.

TOTAL VICTORY IS GOAL SAYS THE PRESIDENT

WASHINGTON, Aug. 14.—President Roosevelt said today that the onward driving United Nations "stand upon the threshold of major developments in this war."

"We are determined," he added, "that we shall gain total victory over our enemies."

In a statement simultaneously commemorating the second anniversary of the signing of the Atlantic Charter and the eighth anniversary of the enactment of the United States Social Security Law, the president said the "forces of liberation" already are making "a living reality" of one principle enunciated in the charter—self-determination of peoples.

The charter was signed by Mr. Roosevelt and Mr. Churchill two years ago on a warship off the Newfoundland coast. That was the first of their historic meetings. Now they are about to hold a sixth conference, in Quebec, for a full dress military review of strategy for victory. Since 1941, the Atlantic Charter has been embodied in a United Nations declaration, signed by representatives of all the Allied Nations.

Linking the charter's objectives with the purposes of the American social security law—which he said should be extended—Mr. Roosevelt asserted that: "We recognize the fact that our enemies are not only Germany, Italy and Japan; they are all the forces of oppression, intolerance, insecurity and injustice which have impeded the forward march of civilization."

LEGISLATIVE PROBE.

AUSTIN, Aug. 14.—Legislative probe of personnel changes in the state's two largest institutions of higher education—A. and M. and the University of Texas—seemed virtually assured Saturday as it became known that two separate senate committees had the matter under consideration.

HUGE POTATO CROP.

PLAINVIEW, Aug. 14.—Out of the biggest potato crop in the history of the plains country, Plainview dealers have shipped to date approximately 16,000,000 pounds, a survey revealed. About 50 per cent of the growers in this territory have finished digging and between 80 and 95 per cent of the crop has graded high.

ENEMY THOUGHT VIENNA AREA SAFE FROM AIR ATTACK, BUT U. S. FLYERS TURNED TRICK

LONDON, Aug. 14.—A large force of American Liberator bombers from the Middle-Eastern Command smashed at one of Germany's biggest aircraft plants south of Vienna in a record 2600-mile daylight raid.

Demonstrating to a bomb-jittery Germany that virtually no corner of its domain is now beyond the range of Allied aircraft, the giant four-engined planes loosed tons of explosives and fire bombs on the Wiener Neustadt Messerschmitt works. The raid was within hours of bombing attacks in the Axis capitals—Rome and Berlin.

"Preliminary reports show that many bombs fell in the target area among hangars and factory buildings, but full details are not available," a report issued in Cairo said.

A broadcast by the Berlin Radio acknowledged that the attack caused damage to buildings in "southeastern Germany" and casualties in "one place."

The raid, the first by planes of the western Allies on Austria, coincided with the daylight attack by northwest American-based American Flying Fortresses and medium bombers on Rome.

The Liberators were drawn from the ninth U. S. Air Force with headquarters in Cairo, the same force which sent a formation sweeping across southern Europe to blast the Ploesti oil fields in Rumania last month. The Vienna flight was 150 miles longer than that to Ploesti.

Crossing the Mediterranean and the heart of the Balkans, the American pilots were believed to have dealt a shattering blow to Germany's already shattered aircraft industry.

The Wiener Neustadt works, situated about 30 miles south of Vienna, employs several thousand workers in four or five big assembly plants which have been turning out a large number of planes each week.

Weiner Neustadt also has one of the largest advanced training schools in Germany. Both plant and schools are situated on flat, open country easily identifiable from the air. The Germans always had considered the area "safe" because it was beyond the range of British-based aircraft.

The Germans were so confident that Allied bombers never would attack the Wiener Neustadt factories that they did not bother even to camouflage them. Two years ago there were no anti-aircraft guns in the vicinity. Vienna and neighboring cities have only dimouts, not blackouts.

GRISTS CELEBRATE 59TH WEDDING DAY

Mr. and Mrs. Arthur Grist celebrated their 59th wedding anniversary August 10 at their home on Twelfth street. Present for the day were their two daughters, Mrs. Nell Airhart and Mrs. J. F. Airhart and the latter's two children, from Big Spring, and Fred Grist and family, Cisco.

Mrs. Grist is a native of Arkansas and her family drove through the country to Callahan county in covered wagons when she was 10 years of age. They have been residents of Cisco some 48 years. Mr. Grist retiring from the hardware business here about three years ago.

NAZI WITHDRAWAL BEGAN AUG. 6

MOSCOW, Aug. 14.—Russian troops poured into the outskirts of Kharkov from three directions today and field reports indicated that the Germans were rapidly evacuating the city.

Some 350 miles to the north, Red Army column drove through crumbling Axis defenses half-way between Smolensk and Bryansk on the central front in the third Soviet offensive in less than a month. Front dispatches quote workers who escaped from Kharkov that the Germans have been pulling out from Kharkov in steady streams through a narrowing corridor to the southwest since Aug. 6.

MRS. L. D. WILSON DIED AT 6 P. M. SATURDAY

Mrs. Julia Gage Wilson, wife of L. D. Wilson died at her home, 812 W. Fifth street, at 6 o'clock Saturday afternoon. She had been ill for several years, and confined to her home the past two months.

Mrs. Wilson was born in Hill county, February 26, 1876, and was married to L. D. Wilson at Albany, Tex., October 17, 1904. They located in Cisco following their marriage.

CORP. STRICKLAND BACK TO TINKER FIELD

Corporal Marvin E. Strickland, native of Cisco and son of Mr. and Mrs. Edgar Strickland, left Saturday for Tinker Field, Okla., where he is attached to the signal corps of the air service command. He was Corporal Strickland's first home since he entered the service October 30, 1942.

Corporal Strickland is 38 years of age and would probably be released from service should he request it. However, he said he wishes to remain with the colors for the duration unless his superior officers ordered otherwise. He is a Cisco high school graduate and is highly esteemed by all who know him.

Walter Doggett, older brother of Glenn Doggett, is with the Marines in the South Pacific and has had considerable action. He too is a member of the Lobo football team.

Benjamin Franklin was a man of deeds and words. If we remember him for his discovery of the principles of electricity, we also remember him for his "A penny saved is a penny earned."

And now, as then, his words still ring true, and the shadow of thrift proves itself a pathway straight and sure to security and peace for those who are guided by the words of Franklin.

Have you practiced the idea of thrift by lending your money to Uncle Sam, who will pay you back with interest in 10 years—just when you may be needing it more than you do now?
