VOLUME XXIII.

CISCO, TEXAS, THURSDAY, AUGUST 19, 1943.

NUMBER 248

GERMANY IS WONDERING WHERE AND WHEN

CAPT. PARKS KILLED AUG. 4 IN ACTION

A telegram received by Spurgeon Parks yesterday afternoon, stated that his nephew, Capt. Andrew J. Parks, Jr., was killed in action August 4, somewhere in the Mediterranean war area. He was in the army division.

Capt. Parks, 39, was the son of Dr. and Mrs. A. J. Parks of Dallas, the doctor being a brother of Spurgeon Parks. The soldier formerly resided in Cisco when a child, the family having left Cisco in 1914. He was practicing law in Dallas when he entered the service of his country. He is survived by his wife and one little daughter. Also two brothers in service — J. Frank Parks and Joe Parks.

Burial will be made in the war zone for the duration.

BOBBY BACON JAP PRISONER WRITES HOME

A mail received from Bobby Bacon to his mother, Mrs. Ted Bacon, reads as follows: "I am in camp at headquarters military camp in Philippine Islands. My health is excellent. I am unharmed and not under treatment. Please see that my mounts are good for me. Take good care of yourself. Don't worry about me. I have to all the family. Give my best regards to Uncle Bill, the rest of the kind folks and friends."

Young Bacon was taken prisoner after the fall of Corrigador. Fifteen months elapsed between the time the message saying he was missing, and the message saying he was a prisoner, were received.

CISCO SOLDIER VISITS SISTER AND RELATIVES

Cpl. Henry H. Hageman, one of Cisco's young service men, is home on leave, and while in Cisco visited in the home of his sister and husband, Mr. and Mrs. Lane Gheare.

Cpl. Hageman, with the army air corps, is based with the Overseas Replacement Training Center at Seymour Johnson Field, Goldsboro, N. C. He has completed his training, and on his return he daily expects a new assignment. He left Cisco Wednesday for a short visit with relatives in Fort Worth before reporting to his base.

M. S. BURNAM ENTERS ARMY AIR TRAINING

Maurice S. Burnam, 21, of Cisco, son of Mr. and Mrs. M. Burnam, route 1, has enrolled in Oklahoma City university for courses of army air force instruction to last approximately five months, prior to his appointment as an Aviation Cadet in the army air force.

Young Burnam will take numerous academic courses as well as elementary flying training. Upon the completion of the course he will be classified as a pilot, navigator or bombardier, and go on to schools of the Flying Training Command for training in these specialties.

The new paratrooper carries a "spade." That is to dig himself out when the weight of his equipment drives him in the ground.

SCHOOLS TO OPEN SEPT. 13

Cisco public schools and Cisco Junior college will open their fall terms on September 13, according to R. N. Clark, superintendent of schools and president of the college.

A fair enrollment is expected for the college, despite the fact that so many young men who ordinarily would be attending college, are entering some branch of the armed forces.

Enrollment in the public schools will be about the same as last year, Mr. Clark said. There should be little difference, he thought. In most cases where the men have gone away to defense work, their families have remained here, or if away now, their families will probably locate here for the school term.

Cisco, like many other schools over the country, has lost a number of teachers, who have seen greener pastures just over the fence, but most of these losses have been supplied, and full faculties will probably be ready for the opening in all branches of the school system, the superintendent said.

SOLDIER IN AFRICA ASKS FOR PICTURE

First Sergeant Melvin Johnson, age 22, who graduated from Cisco high school in 1938, and who worked at the A. & P. grocery before entering the service in 1940, writes from somewhere in North Africa that the hot weather has apparently broken in his sector of the world and cool breezes have appeared during the past few days. He is in the Bomber Corps Command.

The letter to his mother, Mrs. L. L. Johnston of E. Cisco, follows:

"Dear Mother—Just a few lines to let you know that 'Old Sara' is still circulating and feeling fine. Everything is running smooth as far as my job goes. I just received a letter from Lawrence (brother). He said he really liked the school fine. He also did some tall explaining about why he joined the service before finishing school. I also received a picture of him, Gloria and Leon. They really looked good. Boy, that little bud of mine hasn't changed a bit, he really looks changed in navy blue. I am still looking for that picture of you and if I don't get it pretty soon and if I may forget a few things for I do have pictures of other girls in the U. S. A.

There is not much news to write about at the present moment. It looks like our hot weather is just about over, for it really has been cool here the past few days. We had a rain the other day—the first since back in May. Tell the boys at the A. & P. hello for me. Love, from Melvin Johnson, somewhere in North Africa."

CISCOANS AT TSCW.

The Texas State College for Women at Denton notes the enrollment of two young ladies from Cisco — Misses Josephine Miller and Dorothy Isenhower.

Registration will begin September 20 at this school which has been in operation for the past 40 years, offering 80 groups of courses leading to degrees and master's work.

Last year the school enrolled 2,129 young women.

FLAGS FROM THE BOSS—Heroic General Bernard L. Montgomery, leader of famed British 8th Army, gets a kick out of distributing cigarettes to his men, somewhere in Sicily. Such activity gives him an excuse, he says, to see to welfare of his soldiers.

THIRSTY?—Those fighting men in Sicily are thirsty and here's what they're looking for Water—that all-important article that must keep up with an army on the move—is loaded in cans on muleback to furnish U. S. troops in the mountains near St. Stefano. Mules can traverse rugged terrain where even jeeps cannot go.

R. B. KINSEY BACK FROM TENNESSEE

R. B. Kinsey has just returned from a visit to his old home at Trenton, Tenn., where he had not visited in the past 23 years.

Kinsey visited his brother, H. C. Kinsey, who farms and is now apparently living off of the fat of the land. Plenty of hogs, cattle and sheep for meat. Has about 100 bushels of old corn still remaining from last year's crop while the new crop of corn and cotton is in fine condition and will probably make the usual production.

Mr. Kinsey said he visited his old home church—Salem—and enjoyed meeting a few of his old friends there. That section of the country doesn't change like it does here in Texas, Kinsey said. And they usually can depend on plenty of rain to insure a crop every year, he added.

But coming home on the train from Fort Worth yesterday was a trying time. Coaches full of soldiers and many women standing in the aisles and on the platforms—not able to even get into the coaches. Lots of folks were left stranded at the depot—not able to get on.

CISCO VISITORS.

Among those from out of town who were present at the Memorial service held Tuesday at the First Baptist church in honor of Otis C. Lomax, Jr., who died in the service of his country and was buried in the Panama canal zone, according to information received from the navy department, were his father and brother O. C. Lomax and Alton Lomax of Port Arthur; his aunt, Mrs. W. L. Ingram of Fort Worth; Rev. Joe I. Patterson and son Joseph Red Patterson of Fort Worth. Rev. Patterson conducted the Memorial service.

EXAMINER FOR CAR LICENSE VISITS CISCO

Cisco will be visited each First, Third and Fifth Thursday in each month by S. Harry Kelsey of Eastland, who is license examiner and patrolman for this district. His office while in Cisco will be the second floor of the city hall.

Mr. Kelsey will be in Eastland each Monday and Saturday; in Comanche, Tuesday; Albany, Wednesday; Baird, Second and Fourth Thursdays, and in Ranger each Friday.

TRAINEES TO ENTERTAIN SOLDIERS

Mrs. Eleanor Hackel Phillips of the Cisco Ordnance Training school has received a letter from Lt. Francis B. Roser of Company A, 46th Armored Medical Battalion, Camp Bowie asking permission to bring a group of 250 men to Cisco Saturday night, August 21, for a dance to be held at the Cisco Ordnance Training Center Recreational hall.

The request said that his men would furnish the orchestra and refreshments, and the event would be for the benefit of his battalion and the trainees of the Cisco school.

DAIRY SUBSIDY.

The War Food Administration is planning a \$100,000,000 dairy feed subsidy in a move to halt a greater than seasonal decline in milk production, it was learned today.

Officials said the alternative to a subsidy almost certainly would be milk shortages and rationing in critical areas. A higher price to consumers was regarded as unlikely.

FEWELL ROTARY SPEAKER

T. J. McCarty of Abilene and Norman C. Huston of Cisco, were guests at the Rotary club today when Dr. E. L. Graham had charge of the program. President Lonnie Shockey reported three absentees, but expressed the hope that they would probably make up at some other club this week.

In presenting his program, Dr. Graham joyfully announced that he had for years made it a rule to put on the best program of the year, and this would be no exception. He then introduced W. W. Fewell, whom he said would continue his talk of last week regarding bureaucratic high-handed measures of our government.

Rotarian Fewell then reiterated some of his talk of last week, telling of further ridiculous examples of rationing and priorities. He said that some person remarked, following his talk last week regarding the \$3,000 per month salary of the electrician, that a man should have a much better salary to go 3,000 miles from home and leave his family.

Mr. Fewell replied to that by saying that soldiers went that far for much smaller salaries than they were getting at home. He then read a poem based on what he imagined Otis Lomax might have thought many times while down in the depths of the submarine in which he fought and died.

The speaker then spoke of the lightness with which many public men treated their promises after they were elected to office, mentioning the many orders that had been passed, without their having been authorized by laws—being passed merely by departments. Continuing along this line Mr. Fewell quoted a senator as saying that we might never get the opportunity of passing on any treaty that might be made after the end of strife, as it would probably be made and passed on by individuals of department heads rather than by congress or the people. Treaty-making has been taken out of the hands of congress, he said.

Continuing his talk against bureaucrats, the speaker said that millions had been added to lend-lease funds that had never been set apart for that purpose, nor intended for such use. He said that congress voted that all men of certain salaries must be oked by them but ways had been found to avoid this by paying their salaries out of other funds. Certain extravagancies were then exposed and he asked how could America hope to raise the standard of living of other nations when ours was going the other way. Again quoting from a senator, Fewell said, we are a nation of old men and women.

Fewell then went into a description of the Pentagon building at Washington, saying among other things that it was a city within itself of 35,000 people, costing \$85,000,000, in which one would be lost without the many guides. The speaker ended with a story of how a king solved his problem, which brought a hearty laugh from all.

RUSSIANS ADVANCE.

MOSCOW, Aug. 19.—Russian troops have smashed and occupied the main German defense line along the right bank of the Donets river 18 miles south of Kharkov, front dispatches said today.

The Russians, resuming their general advance on the Kharkov front after breaking Axis counterattacks in some of the fiercest fighting of the summer campaign, also swept across the Vorsklia river, a tributary of the Dnieper, captured Opshnaya and pressed on to a point only 21 miles north of the big German base of Poltava.

ALLIED WARSHIPS RAIN DEATH ON ITALIAN MAINLAND CITIES; BOMBARDING FROM AIR GOES ON

The question of when and where the Allies will strike next became an important political and military issue today as western and southern Europe felt the extreme tenseness of the pre-invasion lull.

In London, there was a feeling that opening of a second front in Europe was imminent. Italy appeared to be the most logical spot for a quick thrust onto the continent because powerful American and British armies that swept through Sicily in 39 days were looking across the Messina Straits at the Italian toe, barely three miles away.

By REYNOLDS PACKARD
United Press Correspondent

ALLIED HEADQUARTERS, North Africa, Aug. 19.—American warships joined the crescendoing air and sea bombardment of southern Italy, to touch off violent explosions at two key points on the coastal railway, a communique announced today.

The big guns of an American naval squadron sent a torrent of steel and explosives into Palmi and Gioia Tauro on the north coast of the Italian toe 15 and 20 miles northwest of Messina yesterday in their first attack on the Italian mainland.

Bridges and power installations were believed to have been wrecked.

Highways and railroads over which the enemy must either reinforce or evacuate his forces in southern Italy also were hammered by relays of bombers and fighter bombers throughout yesterday and the previous night.

Bombs were seen to rip up railroad tracks and destroy cars and trucks. Medium bombers sank a supply ship in the Gulf of Eugenia, just northeast of the Gulf of Gioia.

Fighter bombers ranged as far north as Sardina, where they attacked a small naval vessel and left it sinking.

NATION WIDE RATIONING OF STOVES NEXT

WASHINGTON, Aug. 19.—Nation-wide rationing of domestic cooking and heating stoves will become effective Aug. 24, the Office of Price Administration announced today.

Beginning that date, OPA said, stoves which burn coal, wood, oil or gas will be available for consumer purchase only upon issuance of rationing board certificates.

The program will supplant the present rationing of coal and wood heating stoves in 32 states and the District of Columbia. From the viewpoint of manufacturers, distributors and dealers in the stove trade, OPA said, the program will be fully instituted in a series of time-tabled operations ending Oct. 7.

The following types of stoves will not be rationed: electric heating and cooking equipment; cooking equipment which will burn only charcoal or alcohol; sheet-metal wood burning stoves not equipped with grates, cast iron bases and linings; water heaters; laundry stoves with built-in water jackets or coils; gas hot plates; gasoline camp stoves; central heating equipment such as furnaces, and all stoves designed specifically for commercial, industrial, agricultural and institutional purposes.

SILENCE OF CONFERENCE WORRIES AXIS

QUEBEC, Que., Aug. 19.—President Roosevelt and Prime Minister Churchill, alone with British Foreign Secretary Anthony Eden and Secretary of State Cordell Hull, were parties today to a plan to confuse the Axis and accomplish their objectives behind a screen of unbridled speculation. Decisions of the greatest importance were being made in the

leavily protected Citadel. And the principals were only too happy to see the Axis squirming in uninformed discomfort over what activation of the plan being made here will mean to the German and Japanese armies and conquests.

Some tangible information on the conferences will be made available today by White House Press Secretary Stephen T. Early after he confers with Brendan Bracken, head of the British Ministry of Information.

This much was certain: The decisions of the Quebec conferences will be manifest only on the battlefields of the world, probably soon. It was generally accepted here that these manifestations would be a full scale invasion of Europe.

Eden arrived here late yesterday by Clipper plane from London. Bracken was with him. Hull, Eden's opposite number, is expected to join him at the guarded Chateau Frontenac momentarily. The presence of Hull and Eden here means one thing: Along with the plans for the next big Allied military operation, international political blueprints were being drawn.

WIPE OUT JAPS. ALLIED HEADQUARTERS, Southwest Pacific, Aug. 19.—The Japanese aerial disaster in New Guinea increased in magnitude today with announcement that 215 of the 225 planes they had gathered at Wavak had been wiped out in two days of crushing Allied blows.

Smashing of the enemy air fleet was completed as American warships ambushed a convoy in the Solomons and wide-ranging planes sank or damaged 10 cargo vessels and scores of barges.

CHECK TIRES.

G. L. Robertson, chairman of Tarrant County War Price and Rationing Board, warned motorists holding C books today that they must have their tires inspected before Sept. 1.

"The deadline is approaching, and reports from the inspectors show that only a small number of inspections have been made to date," he said. "We hope that motorists will have their tires inspected now so that a last-minute rush on inspection stations will be avoided."

"See You in Manila"

FILIPINO FIGHTING SPIRIT immortalized as Batavia, now sails the seven seas. These photos, reviewed by the U. S. Navy, show the officers and men of a Philippine merchant ship which, since Pearl Harbor, has carried war materials for the United Nations through 104,000 miles of sub-merged waters in the Atlantic and Pacific. Above, the flag of the Philippine Commonwealth flies beside the Stars and Stripes, symbolizing the cooperation between the two nations and the fighting spirit of the Filipino people, 25,000 of whom fought and fell at Batavia and other Philippine battleships. In the best United Nations tradition, Filipino officers and men share their Australian mascot (upper left) with a U. S. Navy gun crew, who sail with the ship. Filipino gunners take their turn (lower left) during the weary 24-hour vigil when Axis submarines are on the prowl for the ship and its precious war cargo. Although only three ships remain of the Philippine merchant fleet, more of the 44 officers and men of this one—SEE YOU IN MANILA.

LINKS CHAMPION—Harold (Jug) McSpoden, left, of Merion, Pa., who won \$2,000 41 American Open Golf championship in Chicago, goes into middle with "Bunk" White of Greenwood, Miss., whom he beat by one stroke in 18-hole playoff.

MRS. JOHN R. HEATH HONORED WITH SHOWER.

A bridal shower was given Wednesday evening in the home of Mrs. Clarence Moon honoring Mrs. John R. Heath, of Los Angeles, Calif., the former Miss Lela Mae Johnson, niece of Mrs. and Mrs. M. L. Perdue, of Cisco.

After guests were assembled a number of interesting games were played and at the close of the games a shower of lovely gifts were brought in and presented to the honoree.

Refreshments of ice cream and cake were passed by the hostesses, Mrs. Clarence Moon and Mrs. Theoria McAdams, to Mrs. John R. Heath, of Los Angeles; Mrs. Gilbert Hines and Mrs. Maybelle Cline of Baird; Mrs. M. L. Perdue, Mrs. Fred Steffy, Mrs. J. A. Hixson, Mrs. Ben Parker, Mrs. J. T. Waddell, Sr., Mrs. Frank Bond, Miss Johanne Bess Roan, Miss Betty Steffy, Mrs. Lee Cook,

Mrs. Bell Foreman, Mrs. T. E. Liscombe, Mrs. Beulah Hardy, Mrs. D. B. Perdue, Mrs. Belle Perdue, Mrs. L. D. Steffy, Mrs. George Atkins, Mrs. G. C. Rosenthal, Mrs. N. A. Brown, Mrs. Jesse Johnson, Mrs. Emma Lovell, Mrs. O. Gustafson, Mrs. Myrtle Anderson, Miss Louise Flaherty, Mrs. J. M. Wedgeworth, Mrs. Cecil Adams, Mrs. C. E. Moore and Miss Edith Altman.

Mrs. Heath was reared in Cisco and attended Cisco high school. She was wed to John R. Heath of the Marine corps on June 30 at San Diego, Calif.

MRS. W. H. LAROQUE WAS CIRCLER HOSTESS.

Mrs. W. H. Laroque was hostess Tuesday afternoon in her home, 500 H. Avenue, to circle one of First Baptist Women's Missionary Union. Mrs. W. D. Hazel, chairman, presided and opened the meeting with prayer by Mrs. M. F. Underwood, WMU president. Minutes were read by the hostess and offering to 100,000 club was made.

Other routine business was transacted after which Mrs. J. E.

Barnum brought the Bible lesson from "A Year's Missionary tour of the Bible." The meeting was closed with prayer by Mrs. T. E. House.

Attending were Mrs. M. F. Underwood, Mrs. W. D. Hazel, Mrs. J. E. Barnum, Mrs. L. A. Harrison, Mrs. G. B. Langston, Mrs. T. E. House and Mrs. W. H. Laroque.

BAPTIST CIRCLE FOUR WITH MRS. D. D. LEWIS.

Mrs. D. D. Lewis was hostess Tuesday afternoon to circle four of First Baptist Women's Missionary Union in her home 1507 D avenue. After the meeting was opened with prayer, Mrs. Paul Poe, vice chairman, presided in the absence of Mrs. R. R. Jones. Mrs. W. I. Ghormley read minutes of previous meeting which were approved. Mrs. Poe appointed Mrs. D. D. Lewis to assist the treasurer in collecting a special donation. Report was made of eleven visits to the sick.

The meeting was then turned to Mrs. J. R. Burnett who brought an interesting Bible lesson from the Book of Genesis. Special prayer for the men in uniform

WELCH SPEAKS IN CISCO TO BROTHERHOOD

Rev. Russell Dennis, pastor of the East Cisco Baptist church announces that Judge L. H. Welch of Breckenridge will speak to the

Brotherhood of his church tomorrow night at 8:45.

Pastor Dennis' announcement follows:

"The Brotherhood of the East Cisco Baptist church will be privileged to hear Hon. Judge L. H. Welch of Breckenridge Friday evening, August 20th at 8:45 p. m. Judge Welch is known all over the state of Texas not only as an outstanding lawyer but a great Christian layman and speaker of renown. He served as president of the Bar Association in Texas for a number of years. At present he is active vice-president of the Baptist Brotherhood of Texas.

"The men of our church and the

town should count it a privilege and honor to hear this man speak and have him in our city. We are expecting a large group of men at this service. Won't you be one of this number? Come and bring a man with you."

All you need for delicious meals is the stuff that is abundant and a wife who is a swell cook.

ENVOY—Former Colombian Minister to Japan, Alfredo Michelson, arrives by Pan American clipper at Miami. He's en route from Bogota to New York and Moscow. In Moscow he will become his nation's first Minister to Soviet Russia.

CAN TAKE IT—This sturdy little pup, Marine Corps mascot, proves he is as tough as his human pals, by hiking 90 miles in six days, during recent maneuvers in Puerto Rico. He's still hard at it, in picture, beside Pfc. Harold E. Boyer of Urbana, Ohio.

SOMETHING TO WORK WITH—When Yanks get to work with this 155 mm. gun, which they are taking along a north coast road in Sicily on way to Messina, Axis troops will get a blasting. Later, it may be turned on Italian mainland targets.

ON THE FIRST AIRFIELD CAPTURED by the British in Sicily, a squadron of R.A.F. Spitfire fighters quickly landed the third morning of the invasion while the engineers were still leveling it out. Furrows two feet deep had been plowed by the Italians over the whole field to prevent its use by the Allies, whose fighter planes until then were operating from bases on the valiant island of Malta. This picture shows the first Spitfire taking off on patrol while the engineers are still at work with a steamroller.

Marine Corps Officers Promoted Five Marine Corps officers who have been promoted to the rank of brigadier general are, left to right, LeRoy P. Hunt, Thomas E. Bourke, Harold D. Campbell, Leo D. Hermie and Claude A. Larkin. Each has been a Marine Corps officer since 1917.

BUILDING AN ISLAND—Roadways are springing up where there were none before, on Attu Island, in the Aleutians, taken from Japs. Above scene is construction work on an "operational ramp," which is one of small sections of Tokio Trail

RE-DECORATE YOUR HOME No need to live in drab, gloomy homes when they may be enlivened so easily and economically with KEM-TONE That brightens them the easy way. PAINT, WALLPAPER, WINDOWS AND DOORS BURTON-LINGO LUMBER CO. PHONE 12.

Repair or Replace Old ROOFS before bad weather sets in! DO IT NOW! WHEN bad weather meets a bad roof, the cost is high. Thrifty property owners save money by replacing bad roofs before leaks occur. And those who know roofing values select Carey Shingles or Roll Roofings—materials which are backed by 60 years of experience. Let us show you these time tested roofs and give you a free estimate on the type best suited to your needs. BURTON-LINGO LUMBER STORE Cisco, Texas. Carey ROOFINGS AND SHINGLES "A ROOF FOR EVERY BUILDING"

BRIEFLY TOLD

Mrs. Winnie Laneberger accompanied by her son and wife, Mr. and Mrs. Martin Laneberger and their small daughter, Martha Nell of Bergen, were in Astoria Friday to meet her son, Morley Laneberger, who is stationed with the Naval forces at San Diego, Cal. He has been in the Navy for the past three years and had not been to Cisco for over two years. The family was again delighted when Mrs. Laneberger's youngest son, Rufus, also with the U. S. Navy, arrived from the East Coast. He is only 18 years of age and has been with Naval forces since last October. His visit was a complete surprise to his mother and other members of the family. Mrs. R. M. Laneberger of Odessa, grand-mother of the boys, arrived early this week to visit with the family.

Friends of Mrs. F. M. Stephens will be glad to know that she is able to be present at the Monday, August 23, 1943, meeting of the Cisco Chapter of the American Legion. Mrs. Stephens has been confined to her bed for some time due to illness. She is expected to be able to attend the meeting.

Mr. and Mrs. J. C. Waters of Astoria are guests of her mother, Mrs. George D. Fee, 700 W. Sixth Street.

er, I. J. Lamb who left for Athens for a visit with his son, Lee Lamb and family, before going to his home at Seadrift.

A. C. Cameron who has been employed at Richmond, Calif., in Keizer shipyard number one for the past thirteen months, left Wednesday to resume his work. He was called to Cisco by the death of his father who was buried when he arrived. His delay was occasioned by a lay over of 19 hours. He visited in the home of his mother, Mrs. Ethel Cameron, 200 W. Eighteenth street, while in Cisco.

Mr. and Mrs. Z. O. McHarty of Gorman visited in Cisco today.

LATCH NEEDS CLOTHES.
Mrs. Edgar Johnson received a long distance telephone call Sunday afternoon from Bill Latch who is in California. Latch said he was well and would soon be home on furlough. He also said he was then waiting for an issue of uniforms because all his clothes were lost when the ship on which he was serving was sunk. He wanted Mrs. Johnson to let his parents know he was well and would soon be home.

Not many boys in uniform are yellow, but a few were taught never to fight when they were little fellows.

Desire is our chief motive and few would be martyrs if they didn't get a pleasant kick out of it.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Don's Pink, used successfully by millions for over 40 years. They give happy relief and will keep the 12 miles of kidney tubes fresh and poisonous waste from your blood. Get Don's Pink.

We're Holding the Line.

We are not only holding the line but we are advancing the ball. Sicily has been taken and the Germans are wondering where the Allies will strike next. Meanwhile we seem to be striking everywhere at the same time.

All we can do at home is to sit steady and be ready to write another check when Uncle Sam says the boys need more expensive money. That trip to Europe is going to be rather expensive but it is worth it if we can win the peace as well as win the war. Let's plan for the peace table.

Without Painful Backache
Many suffer from nagging backache quickly, when they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 quarts a day.
