AN APOLOGY

We owe Mr. Kunkel and the Dimmitt Wheat Growers, Inc., an apology. Last week, due to some reason or other, we failed to publish a story on the annual membership meeting of the organization. There is no excuse for dereliction of duty at any time but we do think we have a semblance of an excuse for some of our mistakes and shortcomings last week as we had had one Hut Hutson on our necks the week-end before giving us all kinds of advice and information on politics, fishing, clean living, athletics, etc., as well as telling us how to operate our business so that it would show a profit after everything had been taken out. We are making amends this week, a little late, by publishing a story on the membership meeting of the cooperative, and beginning right now we resolve never to leave out any other news items or news stories that should be published, at least as long as Hutson will stay out of our hair. The Dimmitt Wheat Growers meeting pointed up very forcibly a need in Dimmitt we have been clamoring about for some time and that is a municipal building that would be adequate to take care of gatherings of that type, and they are happening throughout the year. Insufficient housing and entertaining facilities, on a public scale, will penalize our town to a much larger extent than the cost of providing the facilities would ever amount to. How about representatives from the various civic and service organizations of the town getting together and formulating plans and starting the movement for the construction of a municipal building, it is needed bad.

We mentioned Hut Hutson in the above apology, that's a funny thing, when you are around the guy an apology is always in order. He is a lot like P. P. Robb and Tom Davis in that he carries on a very fluent conversation without divulging very little if any information. For the benefit of you poor readers who haven't had the privilege of meeting Hutson, or haven't even heard of him, he is a cartoonist of sorts. He draws sports cartoons, illustrative cartoons and does commercial cartoon work. The fact that he is a native of Georgia probably accounts for the fact that his cartoons are rather droll and have a Southern accent. The News is starting a page of cartoon feature this week, by Hutson, featuring several Dimmitt business firms. The page embodies several features. The large cartoon in the center gives some pertinent facts about Texas history and at the same time mentions some of the reasons why it is best to trade in your home town with the merchants that know you best and are directly interested in your welfare. Cartoons of the various business people, with facts about their business is along the line of "know your neighbor" while in a humorous vein calling your attention to the services they render and the merchandise they offer to the local trade. The B & D Service Station, Harlin Dodd manager, is featured in the first page of the series this week. In case you have trouble finding the B & D Service Station it is the shadow of Gene's Poop and Boop Drive-Inn. One of the advertisements will be featured each week.

We can't seem to stay off of agricultural production in Castro county. Picked up a few figures and estimates from County Agent, Lions Club Left Fielder, McLeRoy this week. McLeRoy tries to be honest and we don't mind quoting him on facts and figures. With just a little prompting from me McLeRoy figured it something like this: There are approximately 70,000 acres of wheat in the county conservatively estimated at 15 bushels per acre you have 1,050,000 bushel baskets of wheat at the current price per basket that amounts to well over two million dollars for people in Castro county, excluding printers. Then there is 500 acres of spuds, which is considerable spuds, especially during the spud shortage. Then further there are 7,000 acres of cotton or coming up in the county, right now it looks like it might make a bale per acre, which you will have to admit is pretty good cotton. Seven gins will be ready in the county this fall to gin the huge crop. Then

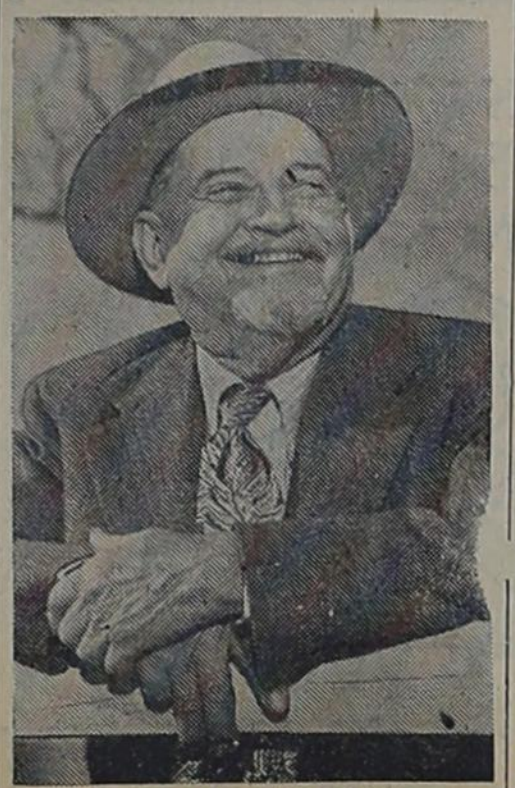

Rural Neighborhood Contest to Be Discussed at Meeting Here Monday

Rural communities in Castro County will get a run-down on how they can win cash prizes and state-wide recognition through self-improvement at a meeting in Dimmitt soon.

T. C. Richardson, co-sponsor of the Texas Rural Neighborhood Contest, has invited farmers from five Panhandle counties to meet at the district courtroom in the Castro county courthouse Monday, June 23. He will explain the purposes, methods, and rewards of the competition.

Movies featuring former winners are to be shown. These include a film about Tin Top, winning community last year.

Richardson, well-known as a state agricultural leader for many years, is Texas editor of Farmer-

T. C. RICHARDSON
Stockman magazine. He is conducting the contest in cooperation with Texas A&M College System Extension Service.

The contest covers planned and recorded progress in farm neighborhoods. Phases to be scored are management and increase of family income, improvement of health conditions and services, improvement of home and farm, and encouragement of social participation.

First prize in state competition is \$500. Second is \$400, third \$300, fourth \$200, and fifth through tenth \$100 each.

Top scorer in each extension district gets \$100. Second place brings \$75 and third \$50.

Prize money may go toward any worthy neighborhood purpose the contestants decide on, an information booklet states. Suggested uses are construction of a community house or library; improving schools, roads, or churches; and setting up scholarships.

To participate, each neighborhood names a chairman, a vice-chairman, and a secretary. Contest managers recommend setting up committees for various phases.

Neighborhood secretaries receive reports from committees. These are written on forms furnished by Farmer-Stockman.

Judges will score all entrants on the basis of reports. Contest officials are to visit high scorers in each district for personal inspection.

Deadline for completion of projects is March 1. Entrants may undertake as many improvements as desired. "They should be based on individual family and community needs and wants," the booklet adds.

County agents and home demonstration workers will help organize contest groups. They will also furnish any information neighborhood leaders request.

DIMMITT SCOUTS AT CAMP POST

Twenty-four boy scouts with their scoutmaster, Mr. R. D. Rogers, left Dimmitt Sunday for a week's outing at Camp Post. Mr. Howard Hershey and Mr. Arthur Oakley also accompanied the group to camp but returned home later.

Large Methodist Group Picnics at Ceta Canyon Sun.

Approximately 135 members of the local Methodist church enjoyed a picnic outing at Ceta Canyon Sunday. Regular church services were held in the morning and a basket lunch was served at the noon hour. In the afternoon a period of recreation was enjoyed, and a Vesper service conducted by the young people at which time a report was given on the assembly at Abilene, by those who attended last week.

Teen-Age Boys Form Ball Club

A group of teen-age boys met Wednesday at the American Legion Hut and organized a baseball club. They selected Smitty Smith as their manager and L. A. McBrayer as assistant manager. All boys of the community between the ages of 13 and 17 are eligible to have membership in the club.

The first practice session will be held at the Dimmitt Baseball park Friday afternoon at 6:00 o'clock. All boys in the specified age group are invited and urged to take part in the summer baseball program.

According to the managers games will be matched with teenage teams from neighboring towns and some keen competition is expected to develop before the end of the season.

Brother of Mrs. Joe Hastings Died Thur.

Mr. and Mrs. Joe Hastings and Joe Richard attended funeral services for Mrs. Hastings' brother, Mr. Will Dixon, at Alto, Texas, last Saturday. Mrs. Hastings and Joe Richard had left Dimmitt at 4:00 o'clock Thursday evening to visit her brother, but he passed away about 10 o'clock Thursday night. They had arrived at the home of Mr. and Mrs. E. F. Harman at Mineral Wells where they were spending the night and where Mrs. Hastings received word of her brother's death.

Mr. B. R. Dixon, a brother, from Amarillo, and Mrs. Frank Barber, a sister, from Hereford also attended the funeral.

Dimmitt Garden Club to Hold Last Meeting of Year

The Dimmitt Garden Club will hold its last meeting of the year at the home of Mrs. E. B. Wright at 8:30 a. m. Tuesday, June 24. Hostesses for this occasion are Mrs. M. E. Cleavinger, Mrs. Joe Cowen, Mrs. A. J. Kemp, and Mrs. Joe Benson. Speaker will be Mr. Edd McLeRoy on "Conservation". Each garden club member is to wear her own creation of a hat designed with flowers and/or vegetables, weeds, and birds.

All members and prospective members are urged to attend.

ROCKING CHAIR CATCHER...

One of the features of the baseball game scheduled between the Dimmitt Dimwits and the Lubbock Black Hubbers is the Hubbers catcher who relaxes in comfort in a rocking chair while doing the catching chores for the colored team. The game will be played on the Hereford baseball diamond in Hereford Sunday, June 22, at 2:30 p. m. Admission 25 cents and \$1.00.

New Feature Begins in This Issue Of The Castro County News

Something new in advertising appears on another page in this issue of the News. The new feature is unique and interesting and the publishers believe that it will be well received by our readers, as it is a product of one of the Panhandle's and Texas outstanding cartoonists, H. H. "Hut" Hutson. Hutson, who is a free lance cartoonist for the Amarillo daily newspapers and other papers of the area, cooperated with a representative of the News in working up the feature page, which will carry advertisement of thirteen business firms for thirteen consecutive weeks.

In addition to applying the caricatures and other art work in the advertisements Hutson will supply the News with a special feature, along the line of believe

Farm Employment Service Official Is Stationed Here

Mr. James Preston, Farm placement interviewer from The Texas Employment Service in Littlefield will be located in the County agent's office in Dimmitt from June 16 to July 1 to assist with wheat harvest and cotton chopping problems in Castro and adjoining counties. Those persons needing wheat harvest help, cotton choppers or other farm laborers are invited to come by the county agent's office in Dimmitt and get to know Mr. Preston.

Coles Get High Wheat Yield on Irrigated Farm

Mr. Earl Cole and son, Floyd, of the Frio community have 225 acres of Wichita Wheat that will average 45 bushels per acre if the weather doesn't take over in the next few days.

Mr. Cole started combining Monday afternoon June 16, and the plot he started the machine in was cutting a little over 50 bushels per acre.

This kind of yield just didn't happen. The Coles' moldboarded the land 9 inches deep, ran a tandem disk over it and hoemed, and floated prior to planting. At time of planting 200 lbs of 16-20-0 to the acre was applied. Mr. Cole says the fertilizer almost ruined his seed and he had to water the wheat to get it up. He is convinced that the fertilizer should have been applied prior to planting the wheat. The wheat was watered three times, October 1, March 1, and April 10. Mr. Cole stated the last watering should have been April 1.

The Coles pastured 250 head of cattle on 200 acres of this wheat from Nov. 1, to March 1. This meant \$20.00 per acre grazing prior to the 45 bushel wheat crop.

One can do a little figuring and see that for \$20 grazing and a 45 bushel average wheat crop a farmer can afford to do a lot of watering and fertilizing. This will hold true as long as the insects and weather conditions are half way favorable.

Mrs. Tom White of Weatherford is here for an extended visit with her granddaughter, Mrs. C. W. Hamilton, and little daughter, Mrs. A. O. Milburn, mother of Mrs. Hamilton, of Weatherford has also been here this week for a visit with her daughter, Mr. Hamilton is at Weatherford where he has employment with a funeral home. Mrs. Hamilton will remain in Dimmitt until they can dispose of their flower shop.

Mr. and Mrs. Will Wright, Mr. and Mrs. Clarence Smith and Mr. and Mrs. Elmer Smith and family spent several days last week at Cowles, N. M.

Mr. and Mrs. T. F. McGowan of Kellerville, Texas, parents of Mr. A. I. McGowan, are here for an extended visit in the homes of A. I. and Tommy McGowan.

OVER 700 PEOPLE ATTEND DIMMITT WHEAT GROWERS MEMBERSHIP MEET

Inspectors Enforce Truck License and Weight Regulations

Sgt. S. J. Griffin with six other members of the Department of Public Safety, License and Weights Division, arrived in Dimmitt today, Thursday for the purpose of checking farm and commercial vehicles engaged in transporting wheat to market. Griffin declared that the inspectors are charged with the duty of "checking commercial vehicles for compliance with Texas laws related to their operation during the current wheat harvest."

Sgt. Griffin declared that among regulations governing vehicles during harvest operation is the requirement that truck papers be in the truck at all times; trucks should be registered for the actual gross weight; truck should be equipped with all safety devices, such as turning signals, clearance lights, etc.; drivers of trucks weighing 6000 pounds or over should have a commercial operators license; farm trucks hauling for hire, that is some other person's wheat, should change from farm to regular truck license. He stated that every county in the state that will harvest any wheat will at one time or another have a group of License and Weight inspectors checking the trucks.

In addition to being a matter of complying with the law Sgt. Griffin pointed out that money spent for the proper registration of motor vehicles will largely remain in the county where the vehicle is registered and where it will be placed in the county road and bridge fund.

Attends Funeral of Polio Victim

Mr. and Mrs. Franklin Latimer attended funeral services for Pat Grace, 10 year old bulbar polio victim, in Pampa Saturday. The Graces are cousins of Mr. Latimer.

Between seven and eight hundred people attended the annual membership meeting, barbecue and fish fry of the Dimmitt Wheat Growers Association, Inc., Friday evening, May 6. The meeting was held at the Castro County Fair grounds in Dimmitt with the picnic dinner being served in the main fair building. Leo Shejlbarger was in charge of the preparations for the meal.

Following the banquet the group assembled in one of the large government grain storage buildings where Sam Gilbreath, president of the association's board of directors, presided at the business meeting and entertainment program.

Mr. Edwin Merriman, C. P. A., of Lubbock gave the auditors report which among other facts revealed that the organization had retired stock and distributed dividend checks, just prior to the meeting, in the amount of \$34,000. According to the audit report the total outstanding indebtedness of the firm is listed at \$91,300 while the plant is valued at over \$500,000. The Dimmitt Wheat Growers, Inc., handled a total of 1,300,000 bushels of grain during the past year.

Following a report of the operation of the business during the past 12 months by W. M. Kunkel, business manager, a business session resulted in the re-election of Mr. H. L. Axe as a member of the board of directors and the amending of the by-laws to permit the payment of a 5% dividend on outstanding stock. On the board of directors with Gilbreath and Axe are Roy Haberer, C. W. Anthony and Leo Witkowski.

Guest speaker for the meeting was Mr. Cecil Massey, secretary of the Hereford Chamber of Commerce. Entertainment of musical and novelty numbers were furnished by the Castro County Farm Bureau Chorus under the direction of Ray Bearden.

Among the out-of-county guests, other than the ones appearing on the program, were Arthur Drake, manager of the Friona Wheat Growers, and two members of the board of directors of that association; W. W. Bridges, manager of the Producers Grain Corporation & Feed Mill of Amarillo, and D. W. Harris, salesman for the Amarillo concern.

Writers' Round-Up Scheduled June 23

The third annual Writers' Round-Up will be held at West Texas State College in Canyon June 23 through July 11. Primarily a gathering of Panhandle pen women the Writers' Round-Up is open to anyone who cares to attend. A complete program has been arranged for the meeting. Many outstanding writers will appear on the program as guest speakers.

Lions Team Subdue Firemen In 2d Game of Softball Series

The Dimmitt Lions Club softball team subdued the Firemen's team Tuesday night for the second time in as many weeks. The Lions were easy victors with a topheavy score of 16 to 7.

The starting lineup for the Lions was Harrison, Cleavinger, Latimer, Stephens, Blagg, Fields, Moran, McDermitt substitute, (and a good one), Froehner, McLeRoy.

Starting lineup for the Firemen was Gladman, Word, McMahon, Leinen, Lytle, Moore, Ziegler, McGowan, Huff and Ewing.

Umpires were Smitty Smith and Ernest Conard.

Among the highlights of the game was the catching of a fly ball over the right field fence. The fielder who was looking for a lost ball looked up just in time to catch the long fly, which otherwise would have been a home run, to retire the side. An unfortunate accident occurred when one of the batters "slung" his bat which struck the windshield of a car, occupied by several people witnessing the game. Although the occupants of the car were covered with shattered glass no one was injured.

Mr. and Mrs. A. J. Kemp, Sr. of Clovis, N. M., were here last week end for a visit in the home of their son, Carl Kemp and family. Sunday visitors in the Kemp home were Mr. and Mrs. A. J. Kemp, Jr., Mr. and Mrs. Johnnie Fullenger of Petersburg, and Mr. and

WASHINGTON NEWSLETTER

By Congressman Walter Rogers

FACTS ARE MORE REVEALING THAN WILD ACCUSATIONS: On January 17, 1952, the Comptroller General of the United States furnished a Senate committee a preliminary report concerning certain grain shortages in the warehousing operations of the Grain Branch, Production and Marketing Administration, Department of Agriculture, in Dallas, Texas. This report contained the names of grain firms and elevators that were alleged to be short in their accounts. The news releases that went out over the country contained all of the names in the reports and no effort was made to separate the guilty from the innocent. The results was that a grievous injustice was done to a number of grain dealers. Two of these grain dealers reside in the Panhandle of Texas. The stories concerning these shortages appeared in large print and were announced over the radio. Such publicity placed a definitely black mark of guilt on all of the parties named. At the time this information was released I immediately commenced a personal investigation of the matter. Almost immediately I received advice from two grain dealers in the Panhandle that they had been wrongfully condemned and unfairly publicized. Subsequent developments from my investigation concerning these two firms have revealed the following facts: I have on my desk a copy of a letter written by the Comptroller General of the United States, Mr. Lindsay Warren, concerning these two firms which reads as follows:

1. **Nelson Grain Company, Claude, Texas:** The information obtained from the Dallas Commodity Office, Department of Agriculture, as demonstrated in our report, reflected a shortage against the Nelson Grain Company of Claude, Texas, of 6,637 bushels of wheat. This information was furnished to us by a communication from the Director of the Dallas CCC Office on December 18, 1951. We have subsequently learned that loading out orders on September 12 and October 25, 1951, resulted in the shipment of 50,004.31 and 76,170.82 bushels of wheat, respectively, by November 27, 1951, and that the final under-shipment amounted to only 637.46 bushels of wheat, which CCC considers within customary tolerance.

2. **Etter Grain Company, Etter, Texas:** The statement received from the Dallas CCC Office on December 18, 1951, reflected also that the Etter Grain Company of Etter, Texas, was 5,857 bushels of wheat short as of September 21, 1951. Subsequently, information was received that as of February 19, 1952, the manager of the Etter Grain Company was authorized to ship one carload of wheat to the credit of CCC to cover the under-shipment of 1,584.67 bushels of wheat short on a previous loading out order. The CCC records now show that the Etter Grain Co. shipped 1,591 bushels of wheat on February 22, 1952, which accounted for all the grain due the CCC. The letter referred to includes other grain companies not in the Panhandle district.

I had sincerely hoped that the papers and radios of this nation would give the same publicity to this information as they gave to the original accusations, but such

has not been the case. It is not fair to associate firms that have been operating legitimately with those who have violated the law and then fail to make correction and reveal the true facts concerning the matter. The damage suffered by a business that is unjustly condemned, by association or otherwise, cannot be erased by the mere admission on the part of the accuser that his facts were not exactly correct. America has been built upon truth and factual information. The Amarillo Daily News carried an excellent editorial pointing out the dangers of these blanket accusations that are so many times made for headline hunting purposes. I hope that all of you read that editorial because the present facts in the cases in the Panhandle prove the good common sense that was contained in that editorial. As the editorial so well pointed out, there is plenty of wrongdoing to be corrected in the grain cases and other activities without making wild accusations against innocent business men.

RECESS OR ADJOURNMENT: It is my opinion that Congress cannot adjourn sine die by July 1. The Senate has much work to do on bills already passed by the House. Many of these will be amended and the amendments will not be acceptable to the House. A Senate committee at present is working exhaustively in order to get the new Korean GI bill passed before July 1. If this bill is not passed by that time, it could materially affect the rights of these boys in entering school this fall. We on the Veterans Affairs Committee of the House are working with the Senate committee and hope to have the matter finished before July 1. There will ultimately be a scrap between the Senate and the House on the Defense Production Act—extension of rent and other controls. I don't see how this can be settled before June 30, the expiration date of the present act. However, it is possible, but if this is done, other major legislation will probably be delayed.

THE RUSSIAN AMBASSADOR: The transfer of the Russian ambassador Panyushkin from the United States to Peiping may be ordinary routine, but it disturbs me greatly. I don't like the looks of it. Nor do I like the looks of the transferring of Zarubin, the Russian ambassador to Britain, to this country. His stay in Canada and in Britain was during that period of the espionage activities in the Russian embassy in Canada and the Klaus Fuchs espionage case in Great Britain. Eternal vigilance is still the price of liberty.

Boys Ranch at Old Tascosa Is Host to Jaycee Caravan

America's First Boys' Ranch, located 40 miles west of Amarillo on the banks of the Canadian River, recently played host to the Colorado Jaycees covered wagon caravan as it stopped at the Ranch on its 760 mile trip from Colorado Springs, Colorado to Dallas, Texas.

The 160 boys who live at the Ranch welcomed the members of the party and helped them set up camp in the cottonwood grove by the river. The Jaycees were making the trek to the national convention in a covered wagon pulled by four white mules and some of the men were mounted.

A tour of the Ranch was included in the visit and the Ranchers put on a rodeo for the Coloradans and the hundreds of visitors who went to the Ranch to see the boys and their special guests.

The group showed a great interest in the work being done and the sights of Tascosa, where Boys' Ranch is now located. They inspected Boot Hill Cemetery, where 27 of the inhabitants of the wild, western town were buried with their boots on, the camping ground of Billy the Kid, and the home of Frenchy McCormick, a beautiful dance hall girl who married Mickey McCormick and remained in Tascosa after he died to see the site of the ghost town turned into a home for destitute and unwanted boys.

The Ranchers' daily activities such as milking, riding, taking care of the stock and their many other jobs were witnessed by the men and they were especially impressed with the work the boys have done in the courthouse and remodeling on many of the 22

buildings which now may be found at the Ranch, including a new housing unit which will house 24 boys.

The Jaycees enjoyed being with the boys and they in turn, were proud to show the eight-man party around their home which includes not only their dormitories but a school, a chapel, a dining hall, two lakes for fishing and swimming, a zoo where all the animals they capture are kept and tamed for pets, a rodeo ground where they hold their annual rodeo and the famous Old Tascosa courthouse, formerly the county seat of 19 Texas counties.

Cal Farley, founder and President of Boys' Ranch and many of the other staff members and supervisors were on hand to officially welcome the Jaycees and to insure that their two-day stay at the Ranch was a pleasant one.

Sunnyside News

We had local showers in the community Tuesday afternoon. It was a great help to the cotton crop after the high winds and sand.

Wheat harvest is just beginning on a few farms scattered over the area. Some report a yield of about 20 to 30 bushels per acre.

Farmers are very busy cultivating and watering their row crops.

Mr. and Mrs. R. A. Ferguson were called to Abilene June 1, to attend the funeral of his aunt, Mrs. T. E. Harper. They returned home Monday. Mrs. Harper was 90 years of age, and has visited here several times with relatives.

Work on the new church auditorium under construction is progressing nicely.

Ezell Sadler accompanied his mother to Brownwood Sunday to attend the funeral of his cousin, returning home Monday.

R. A. Ferguson returned home Saturday evening after spending nearly two weeks in Hot Springs, N. M.

Mrs. Ferguson spent a week visiting her daughter, Mrs. Willard McCloy and family at Morse returning home Saturday afternoon. Rev. and Mrs. C. W. Thomas of Amarillo and Mrs. Roy Phelan were store keepers while they were away.

Miss Joyce Taylor of Amarillo, Mr. and Mrs. Cecil Bridges and family and Miss Jo Taylor of Lubbock were week end visitors in the S. M. Taylor home. The ladies were here to spend Fathers' Day with their dad.

Miss Thelma Haydon and Mrs. Orville Milburn of Weatherford are here visiting relatives, the Raymond and Buford Haydon and G. T. Abbotts of this community and Mrs. Charlie Hamilton of Dimmitt. Mrs. Milburn is the mother of Mrs. Hamilton. Mrs. Neta White, grandmother of Mrs. Hamilton is also visiting here. They have visited in several homes in the evenings.

REGULATIONS ON MARKETING OF WHEAT

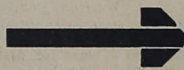

For the past few years the Food and Drug Administration has been carrying on a sanitation program in the flour mills that does not permit the use of weevil infested wheat to be used in the production of flour. The Food and Drug Administration is now applying regulations which will insure that only sanitary wheat is

sold for human consumption.

Although no definite tolerances for filth in wheat have been given, approximate tolerances have been released and any wheat showing evidence of filth in excess of these quotations will be subjected to condemnation for human consumption.

- (1) Wheat can not have more than 3 weevil exit holes in 100 grams of wheat (¼ pt. wheat or approximately 4200 kernals).
- (2) Wheat can not have more than an occasional rat or mouse excrement pellet.
- (3) Wheat can not have but an occasional bird excrement pellet.
- (4) Wheat can not have any excessive amount of any kind of filth.

The Approximate
Tolerances Are
Shown Here

THE GRAIN DEALERS OF THIS TERRITORY

urge the cooperation of the Wheat Farmers in meeting these regulations.

Remember that wheat with a high moisture content is an invitation to weevil infestation, heat damage and musty wheat.

Wheat Harvested Should
Test **13%** Moisture
Or Less For Safe Keeping

Penalties are severe if inspectors find Grain to be contaminated for then it may not be sold for human food but must be disposed of for animal feed. Discounts in price in such cases approximate 75 cents to \$1.00 per bushel.

These Regulations Apply To FARM STORED GRAIN Also

Your Grain Dealers cannot accept grain if it does not confirm to the requirements necessary to be fit for human consumption. In order to avoid severe penalties for contaminated grain, all farm storage bins must be made bird-proof and rodent-proof. Bins should be cleaned and treated for weevil infestation before grain is stored. Where grain cannot be turned it should not be stored when the moisture content is in excess of 12%.

FRIO NEWS

by MRS. OWEN ANDREWS

Mr. and Mrs. E. H. Little and Peggy and Miss Lyla Robbins enjoyed an outing at the Cimmerron Canyon in New Mexico from Friday through Sunday. They cooked and slept out, really camping out.

Visiting his grandparents, Mr. and Mrs. Busse, in Hereford is Wallace White. He and Miss Lamerlas Berryman attended church at Frio Sunday morning and also attended a reunion of Miss Berryman's relatives, the Higgins family, at a park in Amarillo Sunday afternoon. Mr. White, who is in the army, has recently returned from duty in Okinawa and is now stationed at Camp Carson, Colorado Springs. His home is in Peabody, Kansas.

Mr. and Mrs. E. B. Berryman and Mrs. Edna Lowery also attended the Higgins family gathering. Little Miss Linda Jones, niece of Mrs. Berryman, returned home with them to visit a day or so.

G. W. Sparkman, of Amarillo, spent Saturday night and Sunday with his son, T. L. Sparkman, Sr., and Mrs. Sparkman and other members of the family. Mr. and Mrs. T. L. Sparkman, Jr., and children and Jackie Andrews took him home Sunday afternoon.

Mr. and Mrs. Leonard Irwin and family went to Washington, Oklahoma, Saturday to visit her mother and other relatives there. Velma and Winnie Jo Irwin stayed there to be with their grandmother this

week. The Irwins returned Saturday night.

Mr. and Mrs. Frank Robbins and children took Sunday dinner with her parents, the F. Y. Moremans.

Miss Oleta Austin of Longview is visiting this week in the home of her sister, Mrs. J. C. Simpson. Miss Betty Robbins, Wayland College, visited home folks during the week-end.

Dale Roberts of Sacramento, Calif., has been visiting his aunt, Mrs. Robert Simpson, and family. He plans to work in this vicinity this summer and is now working for his uncle, Roy Campbell, in the Summerfield community.

Visiting the Robert Simpsons Saturday night were Mrs. Simpson's brother, Mr. and Mrs. Virrel Roberts, and family of Littlefield. On Sunday the Simpsons and Roberts attended a Roberts family reunion at a park in Amarillo.

Mr. and Mrs. Frank Golder and children of near Plainview visited in the home of Mrs. Goldmen's cousin, Mrs. Billy Warrick, Sunday.

The Fathers' Day Service was dedicated Sunday by the fathers to the young men and boys of the community. Rev. Wilson's message was to encourage and strengthen faith in the younger men as Christians and citizens. The day, being Young Mens Day, and upon invitation of Sunday School officers, Billy Warrick was Sunday School superintendent for the day and Dan McLallen taught the young peoples class. Also the young men had charge of the Devotional.

Making home improvements recently are the C. N. McClures who have had their house painted, the Owen Andrews also who have their house repainted, and J. E. Andrews who have added a double garage on to their house.

A picnic, arranged by the Herb Schmidts, honoring the birthday of their brother, Leonard, was enjoyed Sunday by quite a number of folks. Mrs. Arthur Blackburn and Henry Dobbs also were birthday honorees. Those enjoying the occasion were Mr. and Mrs. Herbert Schmidt and sons, Rev. and Mrs. W. O. Wilson, Mr. and Mrs. Henry Dobbs and Larry, Mr. and Mrs. W. H. Andrews, Ronnie and Dolores, Mr. and Mrs. Billy Warrick, Mr. and Mrs. Frank Golden and children, Dan McLallen, Nora Jo McLallen, Veradelle and Frances Andrews, Clark Andrews, James Dobbs, Glenn Andrews, Clark Dobbs, Leonard Schmidt, Mr. and Mrs. Arthur Blackburn and children, Mr. and Mrs. Owen Andrews and Joe Ed, Theo Lamb, and Virginia Brock.

Rev. and Mrs. W. O. Wilson attended deacon ordination services at the Avenue Baptist Church services Sunday afternoon.

Clark Andrews was in the group reporting at the draft office in Hereford Tuesday morning to go for physicals.

Frio Home Makers Club met Wednesday in the home of Mrs. C. N. McClure, with eleven members present. The program consisted of a discussion of diets by Mrs. Joe Deavenport and a round table discussion by those present. Special diets of different kinds was the main subject. Present for the meeting were Mesdames E. H. Little, Henry Dobbs, W. A. Springer, Joe Deavenport, H. E. Lindley, Glenn Gripp, Sam Lindley, Frank Robbins, Spicer Gripp, Owen Andrews, and the hostess, Mrs. McClure.

The next meeting is to be on June 25 at the home of Mrs. Sam Lindley with a program on "Color in the Home". The demonstration on frozen foods, which was to have been last Wednesday could not be arranged as a demonstration could not be secured at this time. Plans are being made to arrange for the demonstration to be held in July at the REA kitchen.

Patricia and Michael Rowe are spending the summer with their grandparents, Mr. and Mrs. D. C. Benson while their mother is employed at Clovis.

Mr. and Mrs. W. H. Thompson, Tawana, LaVon and Wade, and Mrs. Eva Odom left Tuesday for California where they will visit their son, Milton, and his family of Vallejo, and other relatives. Another daughter, Gladys, who has been with the Milton Thompsens for a year, plans to return

home with the mfor a while. Mr. and Mrs. Raza Irwin and family from Arizona and Califor-

nia were here the first of the week visiting his brother, Leonard Irwin, and family.

Sports Afield

By Ted Kesting

Two things about casting lines are axiomatic: 1) The lighter the line, the better it will cast. 2) The lighter the lure, the lighter the line should be.

Many casters still use lines much too heavy to get the enjoyment they should out of fishing. The introduction of spinning is helping solve this. In freshwater spinning a line over eight pounds won't work and it is dawdling on many casting rod users that a light line will not only permit better casting, but will land surprisingly big fish.

Jason Lucas says that in reasonably weed- and snag-free water for any fish up to the size of large bass and pike, he nearly always uses a five-pound line. Where bass and pike run large, he will use a 10, sometimes a 15-pound line. The spots are rare where bass grow so large that a 10-pound line won't land them. If— and remember this if—the user keeps cutting off the worn front of his line, next to the plug, before it gets weaker than the rest of

line. However, in bass fishing and such, for the beginner or the man who doesn't get much practice, Lucas recommends a 12-pound line.

There are two general types of lines: the hard-braid water-proof which is very common, and the soft-braid nonwater-proof used by some advanced anglers. The soft will cast much better with fewer backlashes, but it will not wear as well. In heavier tests, the soft-braid becomes too bulky. The dividing line is a matter of taste. Personally, I prefer soft-braid up to 7½ pounds test; hard-braid from that on up.

Your tackle salesman will probably look blank when you ask for soft-braid, untreated casting line and tell you no such thing is made. But ask for spinning line of that type, and you'll get what you want.

As for choosing between silk or nylon, silk casts a shade better but it won't wear as long. And a silk line must be removed and

thoroughly dried after each day's fishing or it deteriorates. Nylon need never be removed and dried. But you must watch that it does not wear out the rod guides because rough guides will ruin the line.

Bobby Conger Serving Aboard USS Naifeh

Bobby M. Conger, radarman seaman apprentice, USN, of Dimmitt, Texas, has recently reported for duty aboard the USS Naifeh,

a destroyer escort of the U. S. Pacific Fleet.

The Naifeh, which is now on the West Coast of the United States Escort and Blockading Forces and operated on both coasts of Korea during 1951.

Mr. and Mrs. J. W. Bell returned home recently from a visit with their daughter, Mr. and Mrs. Bill Webb and family.

Mrs. R. D. Northen of Amarillo was here last week end for a visit with her mother, Mrs. Etta Brashears.

A. Fuller, Roy Cluck, Ethel Womack, Lee Stanford, James Cox, Roy Jones of Amarillo, Edgar Ireland of Hereford.

Breakfast-Shower Honors Miss Jeri Pat Hutson Friday

A breakfast and kitchen-gadget shower was given for Miss Jeri Pat Hudson by Mrs. Jim Elder in the home of Mrs. C. G. Maples, Jr. Friday morning, June 13. After a delicious breakfast was served, each guest gave a clever demonstration of the possible uses of the kitchen gadget which she then presented to the guest of honor, Miss Hudson. The guests were Mrs. E. C. Hudson, Misses Jeri Pat Hudson, Bobby Cearly of Earth, Mesdames Edgar Ramey, Goodwin Miller, Jack R. Miller, Jack Gregory, R. S. Vestal, Orrin K. Howe, Leland Lee, Misses Carolyn Lee and Gene Winders. The hostesses were assisted by Misses Judith Maples and Darlene Cates.

Kent Hance is visiting in the homes of his aunts, Mrs. C. E. Green at Lamesa and Mrs. A. H. Smith at Ackerly.

Greathouse-Kirklen Nuptial Vows Are Read In Candlelight Service June 5th

In a candlelight service June 5, at the First Baptist Church in Dimmitt, Miss Elouise Greathouse, daughter of Mr. and Mrs. Richard Greathouse, became the bride of Thomas Joseph Kirklen, son of Mr. Kirklen and the late Mrs. Kirklen of Denver City, Texas. Rev. George E. Ray read the double ring ceremony before an improvised wedding ring altar. The center was a ring six feet tall covered with navy, one

side of which was a bouquet of roses, navy net, and ribbon, and the opposite side was tied with a huge navy bow and streamers flanked on either side by candleabra, palm and jade greenery and a smaller navy ring bearing roses and ribbon bows.

The bride, given in marriage by her father, was attired in a gown of white slipper satin made with tiny self covered buttons, long sleeves which came to a point over her hands, and the flowing skirt fell into a chapel train. Her white nylon net veil was caught to a head piece of white satin beaded with pearls. She carried a white Bible topped with a dozen rose-colored rosebuds with rose ribbon streamers.

Mrs. Gene Easley, sister of the bride, was matron of honor and wore a ballerina length rose taffeta gown with a high neckline, and short sleeves with skirt of unpressed pleats. Her picture hat was of matching rose taffeta with a short veil, rose taffeta mitts and rose colored pumps. She carried

ried rose colored roses tied to a large navy ring.

Mrs. Royce Dowell of Lockney, Miss Joyce Goodman of Panhandle, Mrs. Liburn Arnold of Dimmitt bridesmaids, and Jerri Mac Dowell junior bridesmaid, were dressed in identical navy taffeta gowns made like the one worn by the maid of honor, picture hats, mitts, and navy shoes. They carried rose colored roses tied to a large rose ring.

Little Misses Carol and Lynda Arnold, nieces of the bride, were flower girls. They were dressed in navy taffeta ballerina length dresses, picture hats, mitts and navy pumps and carried baskets of rose petals.

The bride's mother wore a mustard colored dress with blue and white accessories.

Jim Mayes of Amarillo was best man. Ushers were Lilburn Arnold of Dimmitt, Gene Easley of Dimmitt, Harry Childs of Lubbock, and Dor Cochran of Denver City.

Douglas Dennis and Bryce Dowell lighted the candles. Jesse Burch registered the guests.

Royce Dowell, soloist, sang "Wonderful One", "Because", and "The Lord's Prayer".

After a wedding trip the bride and groom will be at home in Denver City.

A reception was held in the home of Mr. and Mrs. Lester Dowell. The brides table was covered with an Irish linen cloth and appointed with crystal and silver. Centering the table was a three tiered wedding cake topped with a miniature bride and groom. Rose colored snapdragons in a crystal holder completed the decorations. About seventy guests registered.

Cleavingers Are Honored With Picnic-Supper

Mr. and Mrs. Norman Cleavinger and Miss Lois Cleavinger were honored Tuesday evening with a picnic supper and lawn party at the home of Mr. and Mrs. R. A. Axtell by a number of their friends and neighbors. Mr. and Mrs. Cleavinger will soon leave the Springlake community, as they are moving to Dimmitt.

Those enjoying the occasion besides the honorees were Mrs. J. L. Hinson, Mr. and Mrs. P. L. Cunningham and granddaughter, Linda, Mr. and Mrs. Willis White, Mr. and Mrs. A. C. Barton, Mr. and Mrs. Milt Ott, Mr. and Mrs. Edd Haley and Barta Jo, Mr. and Mrs. Goldman Dyer and Dick, Mr. and Mrs. H. F. Axtell, Cheryl, Lana Gay and Twila, Mr. and Mrs. Ed Dawson, Ken, Joan, and Marsha, Mrs. O. C. Axtell, Mrs. Ferr Murdock, Mr. C. P. Shellabarger, Mr. Ronald Cleavinger, Miss Wylene Usery, Mr. and Mrs. R. A. Axtell and Charles.

Ramey Home Scene of Tea - Bride-Elect

A tea, honoring Miss Jeri Pat Hudson of Earth, was given by Mrs. Edgar Ramey, Tuesday afternoon, June 10. The guests were greeted by the hostess, Miss Hudson, her mother, Mrs. E. C. Hudson of Earth, and Mrs. Orrin K. Howe. The tea table was centered with a nosegay of pink Delight roses and streamers of pink and aqua tulle and satin. The chosen colors of Miss Hudson, pink and aqua, were carried out in the refreshments served and the beautiful floral decorations. Members of the house party were Mrs. Marion Berton and Miss Ruth Ann Benton of Lubbock, Mrs. J. C. Gilbreath, Mrs. Jim Elder, and Mrs. Jack R. Miller. Sixty-five guests registered during the afternoon.

EASTER NEWS

Several farmers have replanted their cotton but are very much in need of moisture to bring it up to a good stand. Some have planted grain hoping to get some moisture to bring it up. Potatoes are looking very good and their hopes are to begin digging about the first week in July. Wheat harvest began in this community Monday. Fair yield is reported.

Mrs. L. D. Taylor is spending the week with her parents, Mr. and Mrs. Jim Brooks. Mr. Taylor and sons have gone to Conchos on a fishing trip. They will be gone until Thursday of this week.

Gary Lee Singer of Hereford spent the week-end with his grandparents, Mr. and Mrs. A. H. Brown.

Mr. and Mrs. G. H. LaPlant visited in the home of their daughter, Mrs. W. O. Markley, and family Sunday.

Mrs. W. D. Duncan has returned home from the hospital where she underwent an operation. She is improving rapidly.

Mrs. Willie Mae Alexander visited her sister, Mrs. Dean Gillian, in Dimmitt Sunday.

Several of the men from the community met at the Easter school house Monday and built a banquet table for the club house.

Mrs. A. D. Johnson, Doyle and Karen Johnson accompanied Mrs. Johnson's brother, Mr. O. C. Kunkle, and family to Carlsbad, New Mexico, and other points of interest for a few days.

Those visiting in the home of Mr. and Mrs. A. H. Brown Sunday evening were Mr. and Mrs. Robert Ramey and son of Dimmitt, Mr. and Mrs. Jim Brooks, Mrs. L. D. Taylor of Friona, and Mrs. Jimmy Singer of Hereford.

Recreation and Community Life

The 1952 District 1 4-H Club encampment held at Canyon, Texas May 26-27-28 was attended by 141 4-H club members, extension agents and friends of the 4-H club from 20 counties.
 Those attending from Castro County were Blanche Ballard, Kay Killingsworth, Myrna Thompson, Joe Nelson, all of Dimmitt and Joe Percy Hart and John Bridges of Hart, and the county extension agents, Mrs. Robin Vann and Edd C. McLeroy.
 The theme of the encampment for 1952 was safety and recreation and the entire group attending indicated that the 1952 encampment was one of the better encampments held in District 1.
 While at the encampment the members had an opportunity to learn much about safety in driving automobiles and tractors, hazards found around the farmstead. They had an opportunity to check their eyesight and coordination in handling automobiles and judging distance.
 Other activities included swimming, hiking in Palo Duro Canyon, attending Vesper services, ceremonies, talent show, group singing and the night parties where they learned new games and how to lead them.
 The encampment was designed to develop leaders and most of the 4-H members returned to their counties better qualified to strengthen the 4-H and other programs in their communities.

Mr. and Mrs. Ray Bearden and Yvonne left Sunday for Oklahoma City where they will visit relatives and attend to business matters.
 Mr. and Mrs. Ray McEntire and family of Perryton and Mr. and Mrs. Hubert McEntire and family of Dumas were here Sunday to visit relatives and friends.

Health Talks

(Prepared by the Texas Medical Association)

To blame the feeling out of sorts on your nerves is about like a switchboard operator sitting and saying, "One of these phones is ringing" when the whole switchboard is all lit up with incoming and outgoing calls.

Any feeling is a condition of "nerves", whether it's a good feeling or a bad one. And there are heaps of nerves that come in a variety of names.

The things you feel are felt through the central nervous system, the brain and the spinal cord which includes the cranial and spinal cord which includes the cranial and spinal nerves. The things you feel ON your body are felt through the peripheral nervous system, which takes messages to and from the central nervous system. The things you feel IN your body are felt through the autonomic nervous system, which regulates your insides.

Since the autonomic nervous system is a regulator, it has to have two parts, one that speeds up and one that slows down. The two parts are called the sympathetic nervous system and the parasympathetic nervous system. The sympathetic nervous system speeds up some of your insides, such as the heart beat and the sweat glands, and slows down other parts of your insides, such as the intestinal flow and secretion of saliva. In most instances, whatever the sympathetic nervous system does, the parasympathetic nervous system does just the opposite.

The sympathetic branch of the autonomic nervous system is also known as the "flight or fight" mechanism of the body. Buck fever, stage fright and all the other

uncontrollable nervous reactions which pop out at unexpected moments seem to be the work of this sympathetic system. It makes the heart beat faster, the eyes get bigger, the breath drawn deeper, the intestines stand still, the sweat break out and the hairs stand on end. All these actions in medicine can be bracketed as a closing up of the outer surfaces of the body and most internal organs for the purpose of shifting more blood to the brain, the muscles of the body and heart.

The autonomic nervous system can't function completely by itself but it doesn't require conscious effort of the central nervous system. The spinal nerves are divided into groups starting from those in the neck known as the cervical nerves, those that form the back of the chest known as the thoracic nerves, those that form the back of the mid-back known as the lumbar nerves, and those that make up the lower back known as the sacral and coccygeal nerves. The sympathetic part of the autonomic nervous system is made up of those two middle groups of the spinal nerves, the thoracic and lumbar nerves. The parasympathetic nervous system is made up of offshoots from the cranial nerves in the head, joined with sacral nerves from the lower back.

So in a way, the head and the tail of the nervous system work together to keep the body from overdoing its labors. And on the other hand, the chest and the joints of the nervous system are the seat of the emotions, the involuntary actions of the body, the sympathetic nerves with a strong emotional response.

NEW B&D SERVICE STATION OFFERS COMPLETE AUTO SERVICE WITH A FULL LINE OF REHASHED FISH STORIES

If you want the benefits of the newest auto service equipment in town or some tall fishing stories—not so new—take time to visit Harlan Dodd at B&D Gulf Service Station.

Located at Bedford Street at Northwest Third, B&D offers everything from grease jobs to mud chains. What with the blue skies now current, Dodd sees the chains as a white elephant.

"We had a sale on the chains some time back," he relates. "After that, we restocked them and haven't had a call for them since."

Though it specializes in washing and greasing cars, B&D has all the facilities of a modern super-station. Within its 1575 square feet of indoor floor space are a pneumatic lift with an 8,000-pound capacity, electric polishing equipment, flat-fixing and lubricating tools, Gulf tires and tubes, a portable battery charger, and all types of auto accessories.

The charger can put life into a run-down battery in an hour.

In the office, arranged in neat rows for quick access, are such things as bug screens for radiators, radiator flush fluid, door lubricants, gas tank caps, friction tape, and polishing rags that put a gloss on antique furniture as easily as on a dull auto body.

When a car rolls up to the station, the motorist is greeted with the raucous clanging of an unseen alarm bell. This brings Dodd or one of his assistants—John Goodwin and J. C. (Peewee) Aus-

tin—front and center in no time flat. Within arm's reach are two tanks of Good Gulf gasoline and one of Gulf No-Nox (ethyl). Nearby are air hoses with automatic gauges and a fancy new gimmick which wrings out chamois rags.

On racks by the door of the station are a full range of weights in Gulfpride and Gulfpride HD motor oils.

The car doesn't get all the attention at B&D. Ice-cold cokes are on hand for the motorist, along with cigarettes, a dozen or so kinds of candy, peanuts, and gum.

Around the corner—the customer doesn't have to stumble over inside equipment to get there—are clean, attractive, regularly-inspected restrooms.

Before taking over management of the new station last September, Dodd operated his own gasoline transport for five years. During World War II he was an infantry staff sergeant. This carried him to Ireland, England, Belgium, Germany, France and Czechoslovakia. A high point in his rifle-toting career was his part in the D-Day invasion of France.

Dodd lived in Putnam, near Abilene, until he moved to Dimmitt in 1938. He graduated from high school there.

Married to the former Bobbie Birdwell, who was reared here, Dodd has two daughters—Jerry Kay, 5, and Darlene, 2. Buddy Birdwell, his father-in-law and "silent partner" in the business" is the "B" part of the station's name.

Mr. and Mrs. Vern Lust were in Amarillo Tuesday on business. Mrs. Leland Smith and son, Wesley visited their daughter and sister, Elzada in Northwest Texas Hospital in Amarillo Wednesday. We expect Elzada home in a few days.

A large crowd gathered at

Bethel community center Thursday night from Bethel and Dimmitt and enjoyed the evening eating ice cream and cake. Afterward the Castro County Chorus entertained the group for an hour or more which everyone thoroughly enjoyed. We think Dimmitt and Castro county have a fine group of singers.

Mr. and Mrs. Walter Cox, Mary Ann and Patricia of Greer, N. M. were visitors of Mr. and Mrs. Harry Rothwell Sunday afternoon.

Mrs. Ivor Bagwell called on Elzada Smith in Northwest Texas Hospital in Amarillo Tuesday.

A-3c Bobby Joe and Marenle Warren of Walker Air Base, Roswell, N. M. spent the week end with their parents, Mr. and Mrs. Harry Rothwell and Mr. and Mrs. R. M. Warren.

There has been several in the community on the sick list the past few days. Seems to be some kind of flu.

Mr. and Mrs. Walter Cox and

girls of Greer, N. M. were callers of Mr. and Mrs. Fate Shannon and boys Sunday evening.

Mrs. Harry Rothwell and Mrs. E. R. Rothwell were in Hereford Monday morning on business.

Mr. and Mrs. J. N. McErtire of Chatsworth, Calif., left Sunday after a two weeks visit here with relatives and friends. Enroute home they will visit their sons, Ray and family at Perryton and Hubert and family at Dumas.

Mrs. George Webb who recently received major surgery in a Dallas hospital has returned home and her condition is reported as good. Before returning to Dim-

mitt she visited relatives at Seymour.

THE LAW AND YOU

by Robt. (Bob) Kirk

DO YOU KNOW what the second and third Amendments to the Constitution of the United States, being a part of the Bill of Rights, are?

Amendment No. Two states, "A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed."

Amendment No. Three states, "No soldier shall, in time of peace be quartered in any home, without the consent of the owner, nor in time of war, but in a manner prescribed by law."

Both of these amendments were brought about by abuses by the English government against the colonials. To keep the people from being able to demand any rights, or to defend themselves, James II of England had tried to take their weapons away from the people of the colonies. With this fresh in their minds, those who made the second amendment to the Constitution wisely provided that at no time should the government be allowed to take away the weapons belonging to the individuals. Should the government be able to take over all weapons belonging to the individual, if the government then became abusive and oppressive of the individual's rights and liberties, we would become a servile people. Also by being allowed to keep his individual weapons, the individual is in a position to defend himself and his home against individual aggressors.

The amendments against quartering soldiers in the homes of individuals, without their consent, grew out of abuses which arose in colonial days, when British troops were quartered in the home of the colonials, but it is still a wise provision, and is further protection for the individual guaranteeing to him the sanctity of his home.

MY FAMILY IS SAFER BECAUSE WE HAVE AN ELECTRIC Water Heater

Father knows best. He knows that only the completely-insulated electric water heater—the water heater with the enclosed heating elements—is the completely safe water heater. An electric water heater—conventional or table-top model—fits into your home. Place it where it fits your home—plan best, you don't have to hide it.

There's a style, a size and a place for an electric water heater in your home.

**about dimmitt
 and
 castro county**

(Continued from page 1)

still further there are 10,000 acres of Yellow Dent and white corn in the county for cornbread and mush purposes. The county's old standby, grain sorghums, is taking up 170,000 of Castro county's fertile acres. Being a wheat and cotton forecaster I'm not too good on grain sorghum this early but prospects are good. These are the major crops. There will be hundreds of thousands of dollars worth of agricultural products not mentioned, and in addition the cattle business which is probably the county's greatest source of income. Castro county is rapidly making its place as a leader in the agricultural industry in Texas.

We should have one of the finest county fairs this fall ever staged

in this state or any of the larger states. One of the commodities to be judged at the fair will be wheat, bundled wheat. Now is the time to make preparations for the bundle wheat exhibit.

The wheat harvest is on. Next week it will be in full swing, and by the following week it will be practically over. Yield is far above expectations, that is a few weeks back, everybody's expectations but mine. Some time ago I mentioned in this space that there would be an above the average wheat crop and the cynics hooted at the idea, but it is here, it is a reality, it is a fact. Lots or reports of 25 and 30 bushels wheat, even on dry land. Some irrigated and fertilized wheat, that has been harvested, produced as much as 50 bushels per acre, while there is still some that is still to be harvested that is estimated at 70 bushels. Lots and lots of the dry land wheat that barely escaped

the plow in the spring is producing 12, 15 and up to 20 bushels per acre and some of it is going as high as 25 bushels per acre. No shortage of harvest labor or equipment has been reported.

Haven't written much about politics lately in this column. Seems like the subject is being overworked by many commentators and columnist and editorialists of various types. Many of the big political guns seems to have been fired early and we have reached a stage of wait and see. The Republicans are fighting among themselves so ferociously that they seem to have forgotten that they will have to beat the Democrats to elect a candidate. The Democrats are setting back and enjoying the Republican squabble before they start their own fracas on a large scale. Local politics have hardly created a ripple of interest in the overcast of the state and national struggle. Governor Shivers has been very quiet lately but according to a recent news item he has selected his campaign manager and perfected his organization for a state-wide drive for votes. At present he has a very unique position in the world of politics. He is cast in a role that no other candidate for governor has occupied. He has the unenviable position of representing the people of Texas at the national democratic convention. In effect the people of the state, at the county and state conventions, placed the political destiny of Texas, on the national level, in his hands and charged him with the frightful task of exercising their right of franchise when the Texas delegation speaks at the national convention. He got what he asked for and now it may be just a little hard for him to decide what to do with something that has suddenly become a hot potato. His decisions and conduct at the Chicago convention could well determine his political destiny and whether or not he will be again elected to the governor's office. If he accepts a candidate and platform that he has asked for the authority to fight and revoke, he will suffer a loss of confidence by his most ardent supporters. If he refuses to participate in the convention and takes a walk, it might be that his fellow Texans will decide that they placed too much confidence in and delegated too much authority to one man. Meanwhile Judge Ralph Yarborough is pounding away in his race for the office of governor. Election time is not far off.
