## NAZIS MASS 8 MILLION MEN TO STOP ALLIES

### CLIMBING CONTESTS DRAW THE PEOPLE

The cliff-climbing contests sponsored by Jim Sauls each Sunday afternoon on the Breckenridge highway, one mile from Cisco, are growing in interest. Sauls says last Sunday witnessed the largest crowd yet and the program was very interesting. The Brahmas reas wild as March hares and cooler weather will still further open them up.

The first event was won by Burl Hittson, who roped and tied in animal in 12 2-5 seconds. Leo Huff, 15 1-5 seconds.

No. 2—Burl Hittson, 32; Verne Patterson, 67 2-5. Other contestants were Leo Huff, David Whitten, Oran Warren and Paul Hodge.

No. 3—Burl Hittson, 22; Oran Warren, 27 4-5; Leo Huff, 26. Other contestants David Whitten, Silas Hill, Verne Peterson and R. L. Bland.

No. 4—Leo Huff, 14; Oran Warren, 15; Silas Hill, 17; Verne Peterson, 26 1-5; David Whitten, 45-5. Other contestants R. L. Bland and Burl Hittson.

No. 5—Leo Huff, 15 2-5; Elmer Carter, 21 2-3; Burl Hittson, 25. Other contestants David Whitten, Oran Warren, R. L. Bland.

### BARNHILL AND WILLIAMS BOYS VISIT ROTARY

Rotarians had a heavy program today, with three service men as guest speakers and three young ladies with program numbers. Other guests were Mr. and Mrs. O. L. Steutenroth of the Laguna Hotel and Rev. James R. Wright.

Rotarian A. C. Green, in charge of the program, introduced his numbers as follows:

Carroll Barnhill began the story of his adventures on the Enterprise just before the battle of Pearl Harbor, December 7, 1941, telling of their arrival without knowing anything about the Jap attack, and reiterating the story in the main as carried in the Daily Press some days ago. His story was built around stirring adventures and incident in the Gilbert and Wake Island area.

Wayne Barnhill then added to the narrative in a story which told of a funeral and burial of many men at sea. The bodies were viewed in sheets and then weighted with projectiles and sunk into the ocean, he said.

Miss Bonnie Jean Wilson was introduced in a vocal number with Betty Slicker at the piano.

Miss Dorothy Jean Anderson was very interesting as a radio announcer for Plunkett's Pink Pills.

Miss Dorothy Nell Pugh was presented by Mr. Green in a violin solo, with Miss Slicker at the piano.

J. Nelson Williams, a buddy of the Barnhill sailors, also of the Enterprise, concluded the program with other experiences during the devious travels of this ship in the South Seas, where 96,000 miles were traveled in one year.

By request the young men gave an explanation of the medals and decorations worn by them.

President Lonnie Shockley declared it an unusually good program and also announced that last week showed a perfect attendance, with probabilities that absences would make up this week.

IN TRAINING—Columnist Drew Pearson, 46, starts training in Washington to meet the challenge of 89-year-old Henry Ford to an athletic contest to determine the harder man. Ford issued his challenge after Pearson said U. S. might take over Ford Motors because of Henry's failing health.

### COUNTRY BUTTER POINTS OUT OF 60 JAP AIR FIGHTERS

WASHINGTON, Sept. 2.—Creamery butter will go up 2 red ration points a pound Sunday, and the ration value of 35 cuts of fresh meat will be reduced 1 or 2 points.

The OPA said today it is boosting creamery butter from 10 to 12 points a pound because production is 5 per cent below estimates and the "decline is steadily increasing." Country farm-churned butter will be cut from 10 to 6 points a pound in an effort to get more of it to market.

### YANKS GOT 36 OUT OF 60 JAP AIR FIGHTERS

AUSTRALIA, Sept. 2.—A heavy aerial battle in which Allied planes shot down 36 of a force of 60 Japanese fighters during a heavy bombing assault on the Kaituma airbase on Bougainville island in the Northern Solomons was announced today by MacArthur's headquarters.

The report said American and Australian jungle troops besieging the Jap base at Salamaua, New Guinea, are closing in from the coastal area. Previous reports placed Allied troops at less than a mile from the Salamaua airbase.

### STOCKHOLM REPORT SAYS THE EVACUATION OF VIENNA BY CIVILIANS IS IN PROGRESS

LONDON, Sept. 2.—Allied sources said today that Adolf Hitler has spread 8,000,000 troops along the 6,000-mile coastline of his continental domain and was about to impose martial law on all Europe in preparation for the anticipated Anglo-American invasion.

(The British Radio quoted a Stockholm report today that the evacuation of Vienna is in full swing, with all non-essential residents ordered to leave at once.)

Messages from underground agents to exile governments here reported that Reich Interior Minister and Gestapo Chief Heinrich Himmler distributed orders to military commanders of all occupied countries to take over all key administration and communication centers and to arrest all reserve officers and officials suspected of Allied leanings.

As soon as Allied invasion armies land on Europe, these sources said, the Germans plan to round up all able-bodied men and other persons suspected of underground connections.

Both Norway and Denmark, where the Germans believe an Allied invasion is imminent, already are under martial law. All Danish Army and Navy officers are being arrested, while Norwegian officers some time ago were seized and sent to Germany.

The Germans arrested 2,000 Dutch officers last month and Polish, Czech, Yugoslav, Greek, Belgian and French officers who still are free must report to the Nazi police once a week.

A Norwegian spokesman said the Germans were intensifying their coastal fortifications and increasing their airfields in Norway. Nearly 1,000 German batteries have been mounted along the Norwegian coast, he estimated, while air strength totals 300 to 500 planes, including 200 bombers.

Blockhouses and street barriers were erected in Oslo, the spokesman said. The waterfront area was cordoned off and Norwegians forbidden inside. The Axis garrison in Norway was placed at 10 divisions of 200,000 men, of which two-thirds are fighting men and the rest occupation troops.

At least 50,000 troops, including several Panzer regiments, were believed concentrated in Denmark, whose west coast has been fortified with blockhouses, machine-gun posts and concrete obstructions.

High Axis military leaders recently toured Greece, Yugoslavia and Albania. Guns from the Maginot line were reported to have been rushed to the Adriatic coast. Best available information placed 15 German divisions in Greece and six in Yugoslavia with the Mediterranean air fleet totaling 1,000 planes, including 700 bombers.

### HUMBLE ON JOB AGAIN FOR THE NINTH SEASON

The Humble Oil & Refining company will sponsor the broadcasting of the Southwest Conference football games this fall for the ninth consecutive season, according to an announcement in the September issue of the Humble Lubricator, official company magazine.

The announcement also stated that pocket-size schedules will be available to fans again at Humble stations, and that placards giving game time, announcers and stations carrying each game will again be posted in all stations each week. The same seasoned announcing staff, headed by Kern Pips, Ves Box, Charlie Jordan and Bill Michaels, will bring the weekly play-by-play reports of games to travel-rattled Texas football fans.

Although the Southwest Conference schedule boasts of fewer inter-sectional games than in past years, there will be the same round robin play between conference teams and quite a number of games between conference teams and service elevens representing Texas Air Fields, Naval Training Stations and Army Camps.

Billie Faye Robinson will return home Friday from Shreveport where she has been visiting her father C. B. Robinson.

### ARVIE D. HUMPHREY

FORT KNOX, Ky., Sept. 2.—Intent upon mastering the mysteries of operating a radio set from "bumbling rolling tanks and half-tracks, a new class of enlisted men reported yesterday to the armored school communication department. Among the soldier students is Corp. Arvie D. Humphrey, son of Mr. and Mrs. Wm. W. Humphrey, 509 W. Third street, Cisco, Tex. The school trains annually the thousands of officers and enlisted technicians for the divisions and separate tank battalions that make up the mobile, powerful armored command.

### OLD-AGE PENSION CHECKS BEING MAILED

AUSTIN, Sept. 2.—Its differences with the Social Security Board settled, the Texas department of public welfare is mailing checks averaging \$20.58 to 182,618 old-age pensioners.

The average check increased 14c over August payments as a result of a net decrease of 604 in the number of recipients.

John H. Winters, new executive director, said the Social Security Board had approved a Texas plan to allow up to \$250 a year extra earnings to cover additional requirements above the so-called basic needs.

### ALASKA WILL ASK TO BE 49TH STATE

WASHINGTON, Sept. 2.—A wartime boom in the population has removed one of the principal objections to making Alaska territory—twice the size of Texas—the 49th state of the union, and a renewed drive to pass a statehood bill is expected in congress this fall.

Delegate Anthony J. Dimond of Alaska, who is now completing a tour of his territory to sound out current sentiment on statehood estimates that nearly 100,000 people are living in Alaska now, compared with 72,524 listed by the 1940 census.

### INVASION OF FRANCE NEAR SAYS RADIO

LONDON, Sept. 2.—The Nazi-controlled Paris radio today predicted that an Allied invasion of France is imminent, with the current aerial assaults only "a foretaste of things to come."

Robert Beauplan, political commentator of the station, asserted: "The moment is approaching when an Anglo-American invasion armada will cross the channel and disembark its armies on the French coast. Two gigantic armies will come to grips on French soil in the near future and Frenchmen will witness far more vicious battles than anything experienced in 1940."

### U. S. CASUAL-RED ENERGY TIES PLACED KEEPS NAZIS AT 103,932 BACKSTEPPING

WASHINGTON, Sept. 2.—Casualties in the United States military forces and the Merchant Marine since Pearl Harbor total 103,932.

The latest statistics on those killed in action, wounded, reported missing or taken prisoner brought the army casualties to 69,359 through last week. To date the navy casualties are 21,556; Marines, 7,904, and the Coast Guard, 363. The latest Merchant Marine summary showed 4,751 dead and missing.

In all services, 19,581 are listed as dead and 35,895 as missing. The army, however, reported that 8,748 of its wounded have been discharged from hospitals or have returned to duty.

### CHARLIE GRAY HERE

Mr. and Mrs. Charles G. Gray of Dallas are guests at the Laguna hotel. Mr. Gray, former hardware merchant here and one of Cisco's municipal live wires during the oil boom days, said he thought Cisco was improving in a business way, but that one or two small manufacturing concerns would further stabilize the city. The visitors are here on a business mission and will return to Dallas tomorrow. Mrs. C. A. Gray, Mr. Gray's mother, also a former Ciscoan, is not in the best of health at her home in Dallas, the son stated.

### LIBRARY BOOKS

New books at the Cisco public library include the following: "The Robe," Douglass; "One Word," Wendell Willkie; "Dr. Wassell," Hilton; "The Parking," Bromfield; "The Human Comedy," Saroyan; "We Thought We Heard the Angels Sing," Whitaker; "Chicken Every Sunday," Taylor; "Hungry Hill," Dumaurier; "The Sound of the Trumpet," Hill; "The Forest and the Fort," Allen; "Mamma's Bank Account," Forbes; "Kate Fennigate," Tarrington; "Hunter's Moon," Miller; "Report From Tokyo," Grew.

### BULLSEYE!—A stick of bombs dropped from a low-flying U. S. Liberator bomber explodes beside this doomed Jap transport, near Massau Island in the Southwest Pacific. Panicky Japs huddle against the rail at right of tent-like shelter on deck. The ship soon sank.

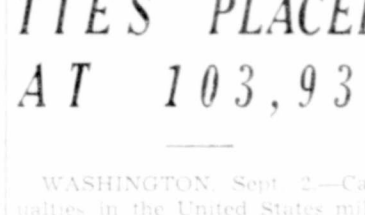

### GETS SILVER WINGS

Word from Luke Field, Ariz., says Quentin G. McCorkle, son of Mr. and Mrs. W. L. McCorkle, Nimrod, has successfully completed his flight training at the army air forces pilot school there. At graduation exercises August 30 he received the army air corps silver wings and a second lieutenant's commission in the reserve corps. A late photo of Lieutenant McCorkle has been placed in the Daily Press picture gallery.

### INJURIES NOT SERIOUS

Carl Tom Moore, 25, son of Mrs. W. W. Moore, who was injured in an airplane crash in Alaska about a month ago, writes his mother that his injuries are not serious. Moore is now in Barnes General hospital at Vancouver, Wash., and the letter received by Mrs. Moore was written August 21.

### AMG HEAD — Brig. Gen. Frank J. McSherry, above, who has been appointed head of the Allied Military Government in Sicily by Gen. Sir Harold Alexander. His agency once was called AMGOT.

### MORE MEAT LIKELY

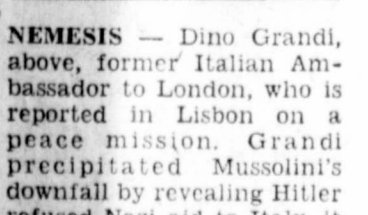

FT. WORTH, Sept. 2.—A 20 to 25 per cent increase in the slaughter of livestock by the smaller packing plants here was forecast today as a result of the WFA's 60-day suspension of slaughtering quotas. The additional quantities of beef, veal, pork, lamb and mutton will go into civilian trade channels, giving Fort Worth housewives a wider choice of cuts on which to spend their ration point allotments.

Most of the present city of Catania, Sicily, was rebuilt after an earthquake in 1693.

### NEGLECT CHILDREN

FT. WORTH, Sept. 2.—Eleven fathers today were being cited to appear in 96th district court to show causes why they should not be punished for contempt of court through failure to support their minor children.

### NEMESIS — Dino Grandi, above, former Italian Ambassador to London, who is reported in Lisbon on a peace mission. Grandi precipitated Mussolini's downfall by revealing Hitler refused Nazi aid to Italy, it is reported, after Il Duce tried to bluff his Fascist Grand Council with false assurances.

### CAREER MAN

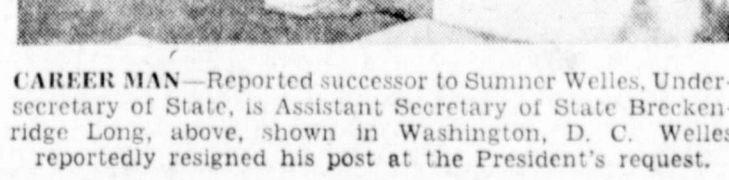

Reported successor to Sumner Welles, Undersecretary of State, is Assistant Secretary of State Breckenridge Long, above, shown in Washington, D. C. Welles reportedly resigned his post at the President's request.

### FD. SAVES HIM

LENOIR, N. C., Sept. 2.—The military death sentence imposed on Pvt. Morris L. Blizzard, 21, of Lenoir, for a murder committed near Lawton, Okla., has been commuted to life imprisonment by President Roosevelt, Hunter Martin, Lenoir attorney, was advised yesterday.

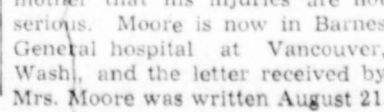

### NEWSPRINT ADVANCES

WASHINGTON, Sept. 2.—An increase of \$4 a ton in the ceiling price of standard newsprint paper, approved in July by the Office of Price Administration and the Canadian Wartime Prices and Trades Board, became effective yesterday.

### NEGLECT CHILDREN

FT. WORTH, Sept. 2.—Eleven fathers today were being cited to appear in 96th district court to show causes why they should not be punished for contempt of court through failure to support their minor children.

## AFTER-WAR RECONVERSION.

On the day the war ends, the time for stratospheric post-war planning will have run out. The time for action will have arrived. The responsibility of maintaining employment and stability will fall on the shoulders of hundreds of industries, and literally millions of individual enterprises. Between the American people and the glittering new world that has been dangled before their eyes by professional politicians, stand a lot of tough problems to be solved by the ingenuity of practical business men. Before any of the products of industry, for example, can actually reach the public, they must first be bought and distributed throughout the land by thousands of retail merchants. Until the retailers place the orders, goods cannot be produced. Upon the ability of the distribution industry to foresee and meet consumer demands, rests at least partially the fate of immediate post-war planning.

Godfrey M. Lebar, editor of Chain Store Age, observes that only by keeping the wheels of production turning on a capacity basis can employment be maintained and economic unsettlement averted. He emphasizes that: "The chains and other large-scale distributors can make a most valuable contribution to the nation-wide post-war planning effort by the relatively simple course of placing orders now for post-war delivery. . . . The placing of substantial orders now will give manufacturers a firmer basis for their post-war planning."

The dangers of forcing retailers to operate subject to regulations that threaten their existence, are becoming increasingly evident. Every retailer in this country will be directly needed to help reestablish normal civilian life after the war. Mass distribution will be the starting point of reconversion. If this fact is ever forgotten, dreams of great production will remain just that—dreams.

## ON THE RUN.

"The Allies are going to invade through Denmark." "They are going to invade through southern Italy." Bang, bang on Berlin. "They are going to invade through Norway." Bang on Hamburg. Bang on Dusseldorf. "They aren't going to invade at all, they are merely going to bomb all Germany to rubble." Bang, bang boom. Russia has called Litvinoff back. There is trouble between Stalin and the Roosevelt-Churchill bunch. That means Russia will say what's to be done in Germany. Russia will be much tougher than the others. Bang bang boom—What city was that? It's here! Ach, hell Hitler—let's run!

So they are running. The wealthy and well-placed are running into Switzerland. The lovely run into the country. When all the people are running from all the cities, where can they go? It's not pleasant in Germany. Nor in Italy. It's a nightmare. Americans ought not fall for all the letters intended for the Axis. Let them take calmly news reports that sound strange. No matter who was called where or what does or does not invade or what does and what does not constitute a second front the fact remains that the Axis is on the run and we are winning the war. Anything which worries the enemy tends to shorten it.

Rumors of trouble in the State Department, rumors that "Pearl" is to be armed if he will be good rumors about the Axis—all can be discounted. When the news comes out—the real news, factual and dependable—it will be printed where all can read. Meanwhile, Americans should laugh at the torrents of speculation. They should fall back on their own strength and humor—Americans can take it.

## CHRISTMAS.

Christmas parcels for the Navy, Marine Corps and Coast Guard will be accepted by the Post Office up to Nov. 1. But for the Army overseas, Oct. 15 is the last possible date. September 15 is better.

Those knives, now Every fighting man, says the Superintendent of Mails, seems to want a knife to carry. They ask for good, stout hunting knives. And that's all right, if they do not exceed 15 inches in length. If longer, the P. O. cannot accept them. The best ones advertised range from eight to twelve inches in length. That's handy to carry, cut any-

thing, cleans fish and is generally useful.

Other things that cannot be mailed are intoxicating liquors, which the P. O. doesn't even return. It confiscates them. Matches or other inflammable matter, lighter-fluids, any kind of poison or composition which may kill or injure a person or damage the mails are all forbidden. Send no perishables. Keep the cake for the post-war party. Seawater does not improve it, nor being nibbled on the way.

Don't send checks. P. O. money orders are the thing for gifts of money.

Only one parcel in one week can be sent by the same person to the same person.

The length and girth of the package added together must not be more than 36 inches, nor the weight more than five pounds.

Postmaster L. H. McCrea would like to have the Press print something like this every day. But newspaper wouldn't allow, even if the editor thought people would read it every day. They wouldn't. So clip this and keep it handy.

## LABOR.

Those who labor in the earth are the chosen people of God if He ever had a chosen people whose breasts He has made the peculiar deposits for substantial and genuine virtue. It is the locus in which He keeps alive that sacred fire which otherwise might escape from the earth. — From Mural in Thomas Jefferson Room, Library of Congress.

## LONG BRANCH

Church conference was called after Sunday school and officers and teachers were elected for the church and Sunday school. Rev. Willie Hazel, who has served here as pastor for more than two years, was called by unanimous vote for another year.

Marvin Ray Reed, infant son of Mr. and Mrs. Gordon Reed, was buried at Long Branch Saturday. Rev. Lee Fields of Carbon conducted the service. The child passed away Thursday night after a short illness. Many kindnesses were shown during the illness, for which the parents expressed gratitude. Melba Ruth Reed has returned from a visit with relatives in Eastland and was accompanied by

her cousin, Elizabeth Anne Wright who spent the weekend here. Friends regret to learn of the illness of Mrs. W. M. Cawley who recently underwent an operation at Graham.

Jo Francis Redmond and Jack Collins from Gladewater have been visiting in the home of Mr. and Mrs. Henry Reed.

Mr. and Mrs. F. A. Garrett recently entertained her brother W. A. Mackey and his family from McCamey.

Mrs. Kirby Thetford and daughter of Cisco were here for the funeral of Marvin Ray Reed Saturday.

Mr. and Mrs. G. W. Stowe were guests of their brother and sister Morgan Standlee and Mrs. Lanella Miller, after the families had attended church at Long Branch and Romney, respectively.

Mr. and Mrs. Revis Gregg and son Larry Jean from Cisco visited in the home of Mr. and Mrs. E. N. Marsh Sunday.

E. V. Maples was here from Odessa last week and visited Mr. and Mrs. Buck Maples and their guests, Miss Marie Maples, Mrs. Louise Coulter and daughter Ronda Louise from San Pedro, Calif.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes—there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Algie Skiles read minutes of previous meeting. Other routine matters were transacted and assignment for the month was read.

In the absence of the Bible teacher, Miss Cora B. Harris, the lesson was directed by Mrs. Walker. The meeting closed with prayer for the men in uniform.

Those present were Mrs. Algie Skiles, Mrs. Lassiter, Mrs. A. D. Estes, Mrs. W. Frank Walker and Mrs. O. G. Lawson.

BUSINESS MEETING AND SOCIABLE.

Mrs. Richard Turknett, Mrs. Joe Britain and Mrs. C. E. Turknett were hostesses Monday night in the home of Mrs. Richard Turknett, 209 W. Eighteenth street to the Ruth class of First Baptist Sunday school in the monthly business and social meeting.

Mrs. Charles Clark, class president, was in charge and opened meeting with prayer by Mr. Haywood Cabaness. Mrs. Joe Britain, historian, presented the class with a scrap book in which activities of the class were recorded. Res-

ports were made by group captains, after which a social hour was enjoyed and a number of interesting games were played.

A lovely sandwich plate was passed by the hostesses to Mr. Haywood Cabaness. Mr. Cecil Adams, Mrs. Paul Culp, Mrs. B. B. Hurst, Mrs. Lamineek, Mrs. T. E. Lisenbee, Mrs. Harold Sledge and Mrs. Charles Clark.

MRS. W. H. LAROUQUE CIRCLE HOSTESS.

Circle one of First Baptist women's missionary union met in the home of Mrs. W. H. LaRoque Tuesday afternoon for business and Bible study. The meeting opened with prayer by Mrs. W. D. Hazel. Routine business was heard and pledges to the 100,000 club were collected. Minutes were read by Mrs. W. H. LaRoque and a note with donation enclosed

The Bible lesson from Leviticus was taught by Mrs. J. E. Burnam. Those present were Mrs. T. E. House, Mrs. J. E. Burnam, Mrs. W. D. Hazel and Mrs. LaRoque.

MEDALS FOR MARKSMANSHIP

The public relations office at

Camp Santa Anita, Arcadia, Calif., informs the Daily Press that Corp. Delbert O. Naylor, son of Mrs. Venie Naylor, route one, Nimrod, has been presented with a medal for prowess in rifle shooting.

In compiling the score that earned the medal Naylor's record shooting was from four positions—standing, sitting, kneeling and prone. Half the record shooting

was done at slow fire, half at rapid fire.

The school bells of Axis Europe are steadily ringing for the youth of those lands, training them under the German standards that have only one thing in mind... the making of soldiers to perpetuate their ideas of military conquest, and are in session throughout the year. They are wards of the government. These soldiers when they have reached their manhood will only have their minds trained for one thought. If they are robbed of that military career they are unfitted for citizenship in a free state with democratic principles of liberty and freedom of thought and utterance. We are glad of the fact that with all our swing to military training, we are still training our boys to be free, liberty loving men who can become American citizens when they have won their battles against despotism. ## BRING YOUR TIN CANS

TIN IS AN ESSENTIAL AGENT IN THE PROCESSING OF COPPER.  
1,000 POUNDS OF SHREDDED TIN WILL RECOVER 1,500 POUNDS OF COPPER IN THE PROCESS.

Copper Is One of the Most Essential Metals in Our War Program.

SO, The Cisco Lions club, cooperating with a national salvage program, is sponsoring the collection of all tin cans in and around Cisco.

WHEN? The campaign opens today and continues for the duration of the war. Begin now to save your cans.

WHAT? All tin cans up to five quart size. Those larger than that cannot be used in the shredding machines. Rusty cans are out. Few or many, bring what cans you have as fast as they accumulate.

HOW? Mash together the open end, or better still mash the whole can flat.

WHERE? Bring the cans and dump them on the pile at the corner of D avenue and Tenth street. The Lions club has secured from the Cisco Lumber company space for the pile.

Keep Bringing Your Tin Cans.

### This Was The South Pasture

War sure changes things, but I can remember this was the best pasture—and now look! Almost all of our cattle, windmills and barns are gone, there are roads and barns and houses as far as you can see.

All over Texas thousands of acres of quiet grass-lands have been converted into military camps. Under the expert direction of Army engineers, civilian contractors have rushed to complete the flying fields, army training ranges, the ranges and navy bases where thousands of our fighting men are being trained.

Essential to the very existence of these military establishments are the streets and highways that form the transportation system within and between them. Petroleum asphalt supplied by Humble has been used for constructing many miles of these strategic roads. Economical, serviceable, and easy to apply, Humble Asphalt is serving in war, as well as in peace, to make all-weather highways, streets, and air field landing strips a reality in quick time.

Good asphalt is but one of the long list of Humble petroleum products that are in the front on the battle front and the home front. High-octane aviation gasolines, Toluene for TNT, special fuels and lubricants for the machines of war and industry—all come from the same refineries, which for years have supplied you with Esso and Humble gasoline, Esso, 197, and Velvet Motor Oil for your car, your truck, and your farm and industrial machinery.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuel, Engine Oils, Utility Instrument Oils, Marine Paints, Navy Greases, Waxes, Waterproof Lubricants, and more. Synthetic Rubber for military uses. FOR THE MACHINES OF INDUSTRY: Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasoline Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes, FOR YOUR CAR: Products and service to help you care for your car for your country.
