ITALIAN ARMY SURRENDERS TO THE ALLIES

GENERAL EISENHOWER NOTIFIED STATE DEPARTMENT EARLY TODAY THAT ALL HOSTILITIES END

WASHINGTON, Sept. 8.—Gen. Dwight Eisenhower notified the state department this morning of the cessation of all hostilities in Italy and the unconditional surrender of the Italian army.

The capitulation came from the government of Marshal Pietro Badoglio, who succeeded Benito Mussolini when the junior partner of Adolf Hitler was ousted July 25.

The first news reached this country at about 10 o'clock and at that time the state department declined to make any statement, hence it was not known whether the Italian navy had also passed into Allied hands, but it is probable that it has.

The commander of the Allied forces said he had granted Italy a military armistice.

Thus the minor member of the Berlin-Tokyo-Rome Axis met the stipulation that has been insisted on by President Roosevelt and Prime Minister Churchill—unconditional surrender and nothing less.

The surrender came as dispirited Italian troops by the thousands surrendered to British and Canadian troops advancing up the Calabrian peninsula, where the Allies landed last Friday on the heels of a 38-day Sicilian victory which sent the Germans fleeing to the mainland.

MANAGER WON OUT OVER THE RECALL

BEAUMONT, Sept. 8.—City Manager G. Hughes Petkovsek came out on top in a move to oust him from office.

A recall movement launched against Petkovsek when he refused to discharge Chief of Police Ross Dickey was defeated Tuesday in a special election, 776 to 177.

The manager refused to discharge Dickey after an election on June 21 at which Mayor Leslie Lowry and six members of the city council were recalled.

HUNT WAY TO RAISE 12 BILLION DOLLARS

WASHINGTON, Sept. 8.—Wanted: \$12,000,000,000.

With that staggering sum as its challenge, the House Ways and Means Committee called an executive huddle today to map plans for measuring taxpayer's ability to meet more and more of war's cost out of current income.

Most of the session probably will be devoted to setting the procedure for public hearings on a new revenue bill and on a more immediate review of the war contract renegotiation law, which permits the government to recoup "excessive" profits.

But, there were indications that the committee also might request the treasury and its tax experts to submit recommendation on how to obtain the \$12,000,000,000 in new revenue sought by President Roosevelt. Sept. 20, the day the tax hearings are due to begin, would be the deadline for their submission.

CITY GETS HELP
FT. WORTH, Sept. 8.—Urgent appeals for additional physiotherapists to aid in the treatment of infantile paralysis victims brought response today from the U. S. Public Health Service Hospital, which agreed to lend a trained technician for the duration of the epidemic in Fort Worth.

USED GAS ROUTE
NEW YORK, Sept. 8.—Morris Borden, 49, who Tuesday night in a Philadelphia morgue identified three of the victims of the wreck of the Pennsylvania Railroad Congressional Limited as his wife and two children, was found dead today at his Brooklyn home. He had opened all the gas jets.

FLOYD JONES NAMED
AUSTIN, Sept. 8.—One of the first official acts of Acting Gov. John Lee Smith was to appoint Mayor Floyd Jones of Breckenridge to be judge of the Nineteenth Judicial District, succeeding the late Judge B. H. Ateshison.

BACKS REDS—Brendan Bracken, British Minister of Information, who scoffed at talk of a separate Russian peace with Germany, in New York after attending the Quebec Conference.

JAPS HOLD 15 EAST-LAND BOYS

According to late information received by the Eastland County Red Cross, the following boys from this county are prisoners in the hands of the Japs:

Cisco — George T. Auld, USN; Sidney C. Auld, Eastland state first class; mother, Mrs. J. B. Poplin; Bobby T. Bacon, mother, Mrs. Ted Bacon; Henry W. Sullert, mother, Mrs. Frances Sullert; Joel D. Whitley, mother, Mrs. Mattie H. Whitley, route 10.

Eastland — Walter Tucker, father, E. T. Tucker.

Rising Star — Wesley T. Henderson, Amity community, all crops.

Morton Valley — Sgt. Kermit Craig; father, Jesse Craig.

Desdemona — Tech. Sgt. W. L. Nabors.

Carbon — George W. Greenwood; father, Thos. J. Greenwood; Pioneer — Coy J. Pressler.

Ranger — Woodrow D. Patterson; Corp. Fred W. Matthews; mother, Mrs. H. J. Matthews; Corp. Arturo Camacho; mother, Mrs. Petra Camacho.

Some of the above-mentioned young men have previously been reported as prisoners of the Japs. However, the late report is reassuring to loved ones in that it reveals they are still alive.

U. S. REFUSES ARMS, PLANES TO ARGENTINA

WASHINGTON, Sept. 8.—Argentina today faced the post-war prospect of having to relinquish her domination of South America to Brazil and to continue her self-imposed isolation from other Western Hemisphere nations.

That application was captioned in a letter to Argentina's foreign minister, Segundo Storm, in which Secretary of State Cordell Hull bluntly rejected Argentina's applications for surplus military munitions on grounds that she has refused to contribute her share to the defense of the Hemisphere, has failed to live up to her international commitments, and has in many ways given aid and comfort to the enemies of the United Nations.

Hull's note left little doubt that the United States would do everything possible in the post-war world to help Brazil, with 41,500,000 inhabitants, dominate South America—a position held until the war by Argentina, which has a population of only 13,500,000.

WILSON GRAND DAUGHT'R GETS 2ND DIVORCE

LOS ANGELES, Sept. 8.—Suit for divorce has been filed by Ellen McAdoo Hinshaw, 28, granddaughter of the late President Woodrow Wilson and daughter of the late Senator William Gibbs McAdoo, against Alfred Hinshaw, a musician.

Mrs. Hinshaw, whose mother, Eleanor Wilson McAdoo, was the daughter of President Wilson, asked that she be given custody of their child, William Gibbs Hinshaw, 2. She charged cruelty.

Her complaint said she and Hinshaw were married here Sept. 12, 1938. She was divorced the previous year from Rafael Lopez de Onate, Latin actor, by whom she has a son, Richard, 8.

War Bonds Speed This Trainload of Precious Cargo

A hospital train, being loaded with wounded men brought home from some far spot when they fell in action. Swiftly, streaking through the night, this train of mercy will take them safely to some big, modern hospital where they will receive the best attention medical science can muster—attention that your War Bonds help provide. As invasion mounts, there will be more and more trains like this—and more and more help will be needed to keep them in operation. Buy as many EXTRA \$100 Bonds as you can in the Third War Loan.

COMPANY B FROM BOWIE TO VISIT LAKE CISCO

Lieut. R. E. Hamlin, Co. B, 46th Cavalial, Camp Bowie, informs Monroe Sweeney of the Lake Cisco Amusement company that his men will bivouac at city park, Lake Cisco, tomorrow.

The soldiers will arrive at 2 o'clock Thursday and will depart noon Friday.

Lt. Ray Smith and men from the 46th medical division, Camp Bowie, spent today at Lake Cisco. This was the second visit here of Smith and his men.

Lake Cisco and the unusually large and attractive swimming of just below Williamson Dam have deeply impressed the thousands of soldiers that have been coming here weekly from Camp Bowie and Barkeley the past two years. Each succeeding group has the word on to other camps, and so the fine set-up and good name of the local pleasure resort is being circulated over the nation.

LIET. WILLIAMS HERE ON TUESDAYS

Lieut. Virginia Williams, WAC recruiting officer of Abilene, will be in Cisco each Tuesday afternoon hereafter, says Mrs. Lalla Smart, who is authorized to accept applications and furnish information relative to several branches of service for which Lieutenant Williams is acting.

The service branches for which applications will be accepted include the WACS, aviation cadets, army engineers corps and 15-year-old boys who desire special educational advantages while preparing for later service with the armed forces.

PIANO RECITAL WAS A FINE SUCCESS

A packed house heard the piano recital of Miss Betty Slicker at First Methodist church last night, when Miss Wilda Drago of Eastland presented the talented Cisco girl in a concert that was heartily appreciated by all present. Miss Slicker was escorted time and again, the large audience demanding that she return to the piano after the program had ended.

The program was divided into three divisions, during one of which Miss Slicker was presented lovely flowers by Miss Gloria Graham, one of the usher attendants, the flowers being sent by Mrs. John Shertzer and daughters, Mrs. T. G. Caudie and Miss Marilyn Shertzer. Other attendants were Misses Rose Ann Woods and Miss Dorothy Jean Anderson.

The stage was decorated by the church choir and church decorations were by the choir, board of stewards and Mrs. Martha Dietdorff.

TOM CONNALLY PAYS RANGER BRIEF VISIT

RANGER, Sept. 8.—Senator Tom Connally paid Ranger a short visit Sunday when he shopped here for an inspection of the NYA Center and shops, looking to possible establishment of a rehabilitation center for veterans here.

Arriving here about 11 o'clock Sunday in the company of Judge Rice of Waco, he was met by members of the school board and city commission. After a conference at the former business office of the NYA the party inspected the shops and residence center. Senator Connally expressed surprise at the completeness of the equipment and center and was very favorably impressed with its possibilities. Though he stated that he was not in a position to promise any definite action he did say that he felt something could be done with the project.

GUINEA JAPS FEEL FORCE U.S. BOMBS

SOUTHWEST PACIFIC, Sept. 8.—Allied troops bolstered by airborne reinforcements are forging steadily on both flanks of a two-pronged drive to invest the Japanese New Guinea coastal base at Lae, MacArthur spokesman announced today.

The spokesman said the enemy garrison, staggered by steady Allied bombing and by the parachute operations that put siege lines around Lae, had been unable to mount any real opposition to American and Australian troops cutting through lightly held approaches to the base.

LONDON, Sept. 8.—Capture of fiercely-defended Stalino by the Russians was admitted by the Germans today, restoring the last of the great industrial cities of the Donets Basin to the Red Army which already has won back two-thirds of the Ukraine grain lands.

The Red army also crossed the rail line to Mariupol, 65 miles southwest of Stalino, making it almost certain that Nazi forces which have been fighting east of that town must withdraw to escape entrapment.

REDS CAPTURE STALINO, INDUSTRIAL CITY

WASHINGTON, Sept. 8.—The agriculture department reported today that the indicated cotton crop this year, based on Sept. 1 conditions, is 11,679,000 bales of 500 pounds gross weight.

AUSTIN, Sept. 8.—The general land office today received bids totaling \$247,312 in cash bonuses for mineral leases on portions of 200,000 acres of school lands.

FINED—Lt. Gen. Robert C. Richardson, commanding in Hawaii, who was fined \$5,000 by Delbert E. Metzger, Senior Federal judge, for contempt of court. The General refused to produce in court two Americans of German extraction, contrary to court order.

COMPANY B FROM BOWIE TO VISIT LAKE CISCO

The soldiers will arrive at 2 o'clock Thursday and will depart noon Friday.

Each succeeding group has the word on to other camps, and so the fine set-up and good name of the local pleasure resort is being circulated over the nation.

IONS HAD A LUNCH-ON PROGRAM

Today's Lion luncheon program was of the "he man" type, having each Monroe Sweeney as principal speaker with sailors and mates, Wayne Barnhill, Carroll Rihill, Troy Anderson, Billie and J. Nelson Williams as hosts and speakers.

The business session was held with President R. W. Meuley reading interesting excerpts of a letter from J. Walter Leach in California. The president then called for reports on the tin can drive, which were made by C. M. Nevill, Harry Smith and L. W. Seymour, ending with a motion to meet for further work next Monday evening 7 o'clock.

In behalf of the club, L. W. Seymour presented Miss Betty Slicker, Lion pianist, who leaves next week for SMU, Dallas, a gold watch chain, as a token of their appreciation of her service during the past three years. Miss Slicker replied in very fitting words.

Program Chairman Harry Smith then presented Monroe Sweeney, who reviewed briefly prospect for a football team next year, saying the team would be very light, but fast and full of fighting spirit. He said he has a one boy seventeen years of age, the others ranging from thirteen to sixteen years old. He in told of schedules that would be played away from home and that the Lions would aid in transportation problems. He his talk short so that the sailors and marines would have some to tell of their experiences.

Bill Latch, who had been shipwrecked by the sinking of the Lena, and was in the water several hours before being rescued, spoke of his pride in finding coins carrying on in the usual way—talking football and the things he loved while here. He said he wanted to come back to a kind of a home. He liked to be fighting. He added that he served 13 months, was wrecked in his 13th battle and landed home on Friday the 13th.

Troy Anderson spoke briefly, saying he was glad to be back in Cisco, where everything looks so good to him.

Wayne and Carroll Barnhill told some of their experiences following Pearl Harbor, during which their carrier ship ranged South Pacific, wreaking havoc on the Japs wherever they found them. The funeral at sea was interesting to most of the members.

Nelson Williams said he was a guest of the Lions and told some of his experiences along Midway and Santa Cruz, too, expressed himself as very anxious to be back at home, safe and sound.

SKILLS.

War has a lot of compensations. That is, they will be compensations if people can learn from them that the good war provides some of the training and technical skills that are necessary for the peacetime economy.

Some of the compensations of the war are the training and technical skills that are necessary for the peacetime economy. These skills are being developed in the war effort and will be available for use in the peacetime economy.

Equipment agencies of one sort or another are beginning to take notice of the fact that the war has developed a lot of technical skills that are necessary for the peacetime economy.

RESOURCES.

Kenneth M. Cameron of the Engineering Institute of Canada, giving his fellow-countrymen some practical advice on worrying about the future. "No matter where you turn to find opportunities for returning soldiers of the armed forces," he says, "an engineering problem arises, and only the trained professional can solve it."

Canada bases its future economic development on its natural resources. It emphasizes the forests as its principal asset in the national development program. But the

The people of Canada might as well understand plainly that they must go on burning their forests and expect engineers to invent any substitute schemes for re-planting. The forests, though, right protection and management must be given. Given a sustained forest reserve, the engineers will increase the use of the forest and will conserve and re-plant.

All these considerations apply to the United States which has a much larger natural resource base and must deal more intelligently with its resources.

NAMES.

Hardly the designation of things by their nature gone far enough. The public has been very patient about that and has even tolerated rather cheerfully its own misbehavior in the handling of the English language as would hardly be expected anywhere but in an orthographer's nightmare. But still the hideous disemboweling of words goes on.

The Germans seem to have started this sort of thing with their "Nazi" and "Gestapo" and so on, but our own country has gone beyond all limits. It started with seemingly cute and harmless tricks like NRA and PWA, and then proceeded gradually to CIO and AFL and WLB and OPA and WFA and RAF and WAC and SPAR and FSA and WMC and ODT and BBC and RCAF and DSO and DFC and HPE and RCR (some of these American and some British). So finally we come to what seems, at present, to represent the grand final climax, on the front page of the sedate New York Times. It soberly announces that Tammany Hall is bought by something named "ILGWU." And that will be about all for today.

WATCHWORDS.

"Pick out the biggest and commence firing!" This stirring order from Captain Edward J.

Iron Mike Moran of the cruiser Boise began the action in the Solomons on Oct. 11, 1942. In 27 minutes the Boise had sunk six Japanese ships, two of them bigger than she was.

Moran's order would make an ideal motto for the American navy. It will go down in history with Doolittle's order at Manila, "You may live when you are ready," M. Gridley's and Farragut's command at Mobile Bay, "Down the torpedoes!" Full speed ahead!

The war will provide other watchwords for future American history. It is also furnishing plenty of names to reverse.

DR. PEPPER CO. NAMES NEW OFFICERS

The Pepper company, Dallas, announces the election of J. B. O'Hara, as chairman of the board, and Don C. Bryan to succeed him as president.

Mr. O'Hara has been president since 1933, and as executive vice-president and general manager. Mr. Bryan has been executive vice-president since September, 1941. The move is in keeping with the growth of the business and the multiplied executive responsibilities.

The business was founded at Waco in 1883 by the late R. S. Lutzer, who perfected the Dr.

J. B. O'HARA, New Board Chairman

Pepper formula. It had achieved national fame in 1924, when O'Hara succeeded to the management. He was the first to extensively exploit a soft drink in the food category, securing a prominent place in the drug and a national chain of stores. The advertising slogan, "Bring a side to eat at 10, 2 and 4 o'clock," was inspired by him.

Today Dr. Pepper is available in 12 bottles and in the soda fountain in 38 states. The company has approximately 410 franchises.

DON C. BRYAN, New President

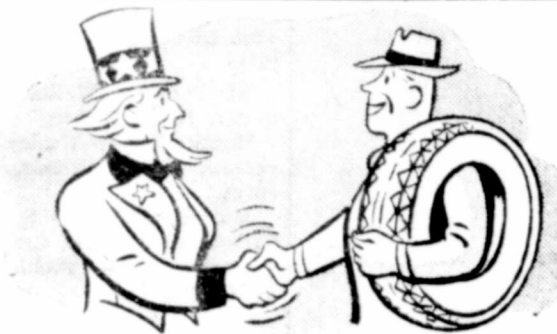

chased bottlers and twelve hundred jobbers supplying Dr. Pepper syrup to the fountain trade. Distribution will be extended to national coverage as soon as present supply restrictions are lifted.

Mr. O'Hara, a major in the last world war, takes an active part in local and national civic and financial affairs. He is a director

in the National Association of Manufacturers, Texas State Manufacturers and of the Dallas chamber of the Red Cross. He is also a director in the Fidelity Union Life Insurance company and of the

CHICKEN DINNER ENJOYED BY GROUP.

Dick McPherson entertained a group of his friends Tuesday evening with a chicken dinner in the home of his parents, Mr. and Mrs. Leon McPherson. A pastel theme was observed in the decorations and appointments. The meal was served buffet style with guests seated at quartet tables on the front veranda.

Following dinner the group went to the First Methodist church and attended the organ recital of Miss Betty Slicker.

Those present were Misses Mary Martha Mitcham, Rose Ann Woods, Vida Fayo Ramsower, Peggy Jean Gallagher and Bob McGowan, John Ed Davis, Jimmy Gorman and Dick McPherson.

MISS ELIZABETH DANIEL HONORED FRIDAY.

Miss Elizabeth Daniel, who left Sunday for Port Arthur where she

has been employed as English teacher in the high school, was honored Friday morning at a party given by Misses Marie Winston and Marion Chumbley in Miss Winston's home. Fall flowers were used as decorations in the living and dining rooms. The dining table held a huge crystal punch bowl filled with snow-covered soft drink bottles as a centerpiece.

After an hour of conversation, guests were invited into the dining room where Mrs. James Moore and Mrs. Edward Lee presided at the lace-covered dining table. Refreshments of soft drinks, cookies and candy were served.
